5:30 p.m. to 7:30 p.m. - Special Meeting

WORK SESSION

1. Crisis Communications and Disaster Preparedness: A Workshop for California's Public Officials.

The Crisis Communications and Disaster Preparedness Workshop is based on the need for leaders to prepare for the management of the aftermath of both man-made and natural disasters in California.

The customized training focuses on elected officials' roles and responsibilities, lessons learned from previous disasters, and crisis communications during an "Incident of National Significance", defined by the U.S. Department of Homeland Security as one of more than a dozen scenarios which includes terrorist attacks using weapons of mass destruction as well as catastrophic natural disasters.

The program provides public officials with an introduction to the tools needed to engage in elective risk and crisis communication during times of disaster. All interested public officials are welcome to attend, but space is limited.
