MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Stacy Delaney, Community Enhancement Analyst II

SUBJECT: FISCAL YEAR 2018/2019 COMMUNITY ENHANCEMENT FUND GRANT SELECTION

RECOMMENDATION

Receive presentation and provide direction on the Fiscal Year 2018/2019 Community Enhancement Fund.

RESULT OF RECOMMENDED ACTION

Council will receive a comprehensive summary of the programs and projects recommended for Measure H/Community Enhancement Funds which includes the review committee's recommendation on funding level. Input and direction received from the City Council at the May 21, 2018 special meeting and regular meeting will be incorporated into the resolution for adoption at a future meeting.

BACKGROUND

The application period for the fiscal year 2018/2019 Community Enhancement Fund opened on February 15, 2018 and closed on March 15, 2018. We received 77 grant applications.

On April 2, 2018, Council received a summary update of all the grant applications received for the fiscal year 2018/2019 Community Enhancement Fund. Council also received the complete set of grant applications. The initial summary did not include any staff recommendations.

On April 24, 2018 and May 7, 2018, Council received and discussed the summary of grant applications with staff recommendations. Council Members were also asked to provide input on any initiatives or programs that they would like to consider under the fiscal year 2018/2019 Community Enhancement Fund that were not submitted by an applicant or City department. Items were shared and discussed on Monday, May 7, 2018.

Some of the applications recommended for Council consideration are recommended by the review committee but at an amount less than what was requested by the applicant. Amounts may change if Council requests any continued or new initiatives or programs not already identified within the summary document. Additionally, some projects and programs may also be eliminated entirely or the amount recommended at the project level may change in order to stay within the overall budget of the Community Enhancement Fund. At Council's request, staff will present information regarding several legacy projects including the community pool replacement project, Girls Softball, and Rancho Cordova Little League.

Final decisions, including project selection and funding amount, are expected to be made on Monday, May 21, 2018. On Monday, June 4, 2018, it is anticipated that Council will approve the resolution establishing the fiscal year 2018/2019 budget amounts for community grants as well as City Council and department led projects to be funded from the Community Enhancement Fund.

- 13.10 **Subject:** Transition of Collection of Sacramento Regional Transit District Development Impact Fee.

Recommendation: Waive the second reading and adopt Ordinance No. 5-2018.

Result of Recommended Action: Adoption of Ordinance No. 5-2018 will establish the administrative method for the collection of an existing transit fee by the City on behalf of

Sacramento Regional Transit (SacRT). This is not a new fee, rather it is an existing development impact fee that is currently collected on new development by the County on behalf of SacRT and will transition to be collected by the City on behalf of SacRT instead. There is no financial impact to existing residents.

Staff Report: Elizabeth Sparkman, Interim Community Development Director.

Advances Goal: 5.

- 16.2 **Subject:** Discussion and Direction on The Ranch Plan.
Recommendation: Receive a report and direct staff on the proposed plan for The Ranch project.
Result of Recommended Action: No formal action is requested of Council at this time. Council feedback and/or direction to City staff on the proposed land use plan, gated community, park redesign and pedestrian connectivity is requested to ensure that the Council's previous feedback has been included in the latest submittal.
Staff Report: Darcy Goulart, Principal Planner.
Advances Goals: 1, 2 and 6.

ACTION: Council received demonstration for item 16.3.

- 16.3 **Subject:** Demonstration of the Community Enhancement Fund Socrata Open Data Tool.
Recommendation: Receive demonstration on the new Community Enhancement Fund Open Data Tool.
Result of Recommended Action: This demonstration provides Council and the public with information about the City's Community Enhancement Fund. It introduces the web-based application, Socrata Open Data, which has been implemented to transform the way we share information about the Community Enhancement Fund. This tool will provide easy access to learn about the projects and programs funded by the Community Enhancement Fund including the amount requested, amount approved by Council, and amount spent to date (updated quarterly). This tool also includes a clickable map as well as photos of the projects. In addition, the open budget tool is integrated to easily access graphical representation of the budget details.

TO: Honorable Mayor and Council Members

FROM: Elizabeth Sparkman, Interim Community Development Director and Jeanette Cervantes, Management Technician

SUBJECT: **ORDINANCE ESTABLISHING A SPECIAL TAX ZONE 21 FOR TRANSIT-RELATED SERVICES FOR HOMEWOOD SUITES PROJECT**

RECOMMENDATION

Waive the second reading and adopt Ordinance No. 6-2018.

RESULT OF RECOMMENDED ACTION

Adoption of Ordinance No. 6-2018 will assist the City in meeting the costs of providing transit-related services by creating a Special Tax Area Zone No. 21 and establishing a Special Tax for transit-related services for the Homewood Suite project.

BACKGROUND

On May 7, 2018, the City Council waived the first reading and passed to a second reading Ordinance No. 6-2018. On the same date, the City Council also approved Resolution No. 41-2018 that established Special Tax Zone No. 21, the boundaries of which will be contiguous to the boundaries of the Homewood Suite project.

FISCAL IMPACT

There is no impact to the general fund.

ATTACHMENTS

2. Exhibit A to Ordinance 6-2018 – Boundary Map.
3. Exhibit B to Ordinance 6-2018 – Land Use Category.

ATTACHMENT 1**CITY OF RANCHO CORDOVA****ORDINANCE NO. 6-2018****AN ORDINANCE OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA,
ESTABLISHING A SPECIAL TAX FOR TRANSIT-RELATED SERVICES FOR THE
HOMWOOD SUITES PROJECT SUBJECT TO VOTER APPROVAL****THE CITY COUNCIL OF THE CITY OF THE RANCHO CORDOVA DOES ORDAIN AS
FOLLOWS:**Section 1. Purpose, Intent and Authority.

It is of critical importance to the City Council of the City of Rancho Cordova that residents of and employees working in the City receive high quality transit-related services. In carefully reviewing the City's budget and revenue projections, it is clear to City staff that the City budget does not contain adequate funding to ensure the continued delivery of adequate high quality transit-related services unless additional revenues are obtained.

It is the purpose and intent of this Ordinance to generate additional funds to pay for transit-related services by authorizing the levy of a tax on improved parcels of real property on the secured property tax roll of Sacramento County that are within Zone 21 of the Rancho Cordova Transit-Related Services Special Tax Area (the "Zone").

This tax is a special tax within the meaning of Section 4 of the Article XIII A of the California Constitution. Because the burden of this tax falls upon property, this tax also is a property tax, but this tax is not determined according to nor in any manner based upon the value of property; this tax is levied on a parcel and use of property basis. Insofar as not inconsistent with this Ordinance or with legislation authorizing special taxes and insofar as applicable to a property tax that is not based on value, such provisions of the California Revenue and Taxation Code and of Article XIII of the California Constitution as relate to ad valorem property taxes are intended to apply to the collection and administration of this tax (Section 4 of this Ordinance), as authorized by law. This tax is not an ad valorem property tax; it is an excise tax on the use of property. Because the revenue from the tax may be used only to fund transit-related services, it is also a special tax.

The revenues raised by this tax are to be used solely for the purpose of providing transit-related services as are deemed necessary by the City Council for the benefit of the residents and/or employees of Zone 21.

At the time that the Council adopted this Ordinance, there were zero (0) registered voters residing in Zone 21 and one (1) property owner. Because the Transit-Related Services Special Tax will be imposed on property in Zone 21 and paid by the owners of the property, the Council finds that restricting the vote on the Transit-Related Services Special Tax to property owners in Zone 21 is appropriate and consistent with the principles and requirements of California Constitution Article XIII C (Proposition 218).

Section 2. Definitions.

The following definitions shall apply throughout this Ordinance.

- A. "Constant first year dollars" shall mean an actual dollar amount which, in

ATTACHMENT 1

years subsequent to the first fiscal year the tax is levied, shall have the same purchasing price as the base amount in first fiscal year dollars as measured by the Consumer Price Index. The base amount shall be the amount of tax per parcel as specified in Section 3(A) herein. The adjustments from actual to constant dollars shall be made by use of the Consumer Price Index, as specified in Section 3(B) herein.

B. "Consumer Price Index" means the Consumer Price Index for all Urban Consumers (CPI-U) for the San Francisco-Oakland-San Jose Area as published by the U.S. Department of Labor, Bureau of Labor Statistics. If the Consumer Price Index is discontinued or revised, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Consumer Price Index had not been discontinued or revised.

C. "Fiscal year" means the period of July 1 through the following June 30.

D. "Parcel" means the land and any improvements thereon, designated by an assessor's parcel map and parcel number and carried on the secured property tax roll of Sacramento County. For the purposes of this Ordinance, parcel does not include any land or improvements outside the boundaries of Zone 21 nor any land or improvements owned by any governmental entity.

E. "Rancho Cordova Transit-Related Services Special Tax Area" means all the properties within the jurisdictional limits of the City of Rancho Cordova.

F. "Rancho Cordova Transit-Related Services Special Tax Area Zone 21 (the "Zone")" means that portion of the incorporated area of the City of Rancho Cordova located within the boundaries as shown on the map **Exhibit A**.

G. "Transit-Related Services" means providing, operating, maintaining and subsidizing transit services and all supporting facilities, infrastructure, programs and incentives that benefit the residents of the Rancho Cordova Transit-Related Services Special Tax Area, and shall be calculated and set according to the methodology described in Engineer's Report County Service Area No. 10 and Benefit Zone No. 2 County of Sacramento, September 7, 2004, which established the methodology for the original service charge for Benefit Zone No. 2.

H. "Voter" means a person who owns real property within Zone 21, as shown on the last equalized assessment role prepared by the Sacramento County Assessor's Office, at the time that the City Council adopts an ordinance authorizing the imposition of a transit-related services tax to the voters of Zone 21.

Section 3. Amount and Level of Taxes.

The tax per year on each parcel in the Zone shall not exceed the amount applicable to the parcel, as specified below.

A. For First Fiscal Year:

The tax per year for the first fiscal year (July 1, 2018 through June 30, 2019) shall be the amount of Tax per Parcel for a Land Use Code Category as set forth on **Exhibit B** hereto. The use code assigned to each parcel shall be reviewed and updated periodically. Rates in **Exhibit B** shall be calculated and set according to the methodology described in

ATTACHMENT 1

Engineer's Report County Service Area No. 10 and Benefit Zone No. 2 County of Sacramento, September 7, 2004, which established the methodology for the original service charge for Benefit Zone No. 2.

B. For Subsequent Fiscal Years:

In order to keep the tax on each parcel in constant first year dollars for each fiscal year subsequent to the first fiscal year, the tax per year shall be adjusted as set forth below to reflect any increase in the Consumer Price Index beyond the first fiscal year the tax is levied.

In June or July of each year, City Council shall determine the amount of taxes to be levied upon the parcels in Zone 21 for the then current fiscal year, as set forth below.

For each Land Use Category on **Exhibit B**, the tax per year on each parcel for each fiscal year subsequent to the first fiscal year shall be an amount determined as follows:

Tax Per Parcel For then Current Fiscal Year	=	Tax Per Parcel For Immediately Preceding X Fiscal Year	Consumer Price Index from April of immediately Preceding Fiscal Year to April of then Current Fiscal Year OR 6 percent, whichever is less
---	---	---	--

Provided, however, that in no event shall the tax per parcel for any fiscal year be less than the amount established for the first fiscal year.

C. Nature of Tax Levy.

The taxes levied on each parcel pursuant to this Article shall be a charge upon the parcel and shall be due and collectible as set forth in Section 4, below.

Section 4. Collection and Administration.

A. Taxes as Liens Against the Property.

The amount of taxes for each parcel each year shall constitute a lien on such property, in accordance with Revenue and Taxation Code Section 2187, and shall have the same effect as an ad valorem real property tax lien until fully paid.

B. Collection.

The taxes on each parcel shall be billed on the secured roll tax bills for ad valorem property taxes and are to be collected in the same manner in which Sacramento County collects secured roll ad valorem property taxes. Insofar as feasible and insofar as not inconsistent with this Ordinance, the times and procedures regarding exceptions, due dates, installment payments, corrections, cancellations, refunds, late payments, penalties, liens, and collections for secured roll ad valorem property taxes (as established by Sacramento County) shall be applicable to the collection of this tax. Notwithstanding anything to the contrary in the foregoing, as to this tax:

1. The secured roll tax bills shall be the only notices required for this tax, and

2. The homeowners and veterans exemptions shall not be applicable because such exemptions are determined by dollar amount of value.

C. Costs of Administration by County.

The reasonable costs incurred by the County officers collecting and administering this tax shall be deducted from the collected taxes.

D. Use of Tax Revenue.

The revenue collected from the tax imposed by this ordinance shall be placed into a separate account and may be used only to fund transit-related services, including the costs of administering and collecting the tax and enforcing the provisions of this ordinance. Revenue from the tax may be used for transit-related services citywide.

E. Refunds.

1. Whenever the amount of any tax, interest or penalty has been overpaid or paid more than once, or has been erroneously or illegally collected or received by the City pursuant to this ordinance, it may be refunded as provided in this Section.
2. No refund may be made except upon a written claim verified by the person who paid the tax or by his or her guardian or conservator or the executor or administrator of his or her will or estate and stating the grounds upon which the claim is made. All claims filed pursuant to this subsection must be presented within one year after payment of the amount for which the claimant is seeking a refund.
3. No order of a refund may be made until a written claim therefor has been presented in accordance with this subsection. No suit for money, damages or a refund may be brought against the City until a written claim therefor has been presented to the City and has been acted upon or has been deemed rejected by the City, in accordance with this subsection. Only the person who filed the claim may bring such a suit, and if another person should do so, judgment shall not be rendered for the plaintiff.

F. Initiatives to Affect Tax.

Consistent with the California Constitution (art. XIII C, § 3) the tax imposed by this ordinance may be affected by initiative. The procedures for qualification of such an initiative and the election on a qualified initiative shall be consistent with the California Constitution (art. 2, sec. 8), the California Elections Code (Chapter 3 of Division 9), and the Municipal Code. The minimum number of signatures necessary to qualify an initiative to affect the tax approved by this ordinance shall be equal to 5 percent of the votes in the City for all candidates for Governor at the last gubernatorial election. The election on a qualified initiative to affect the tax shall be a regular citywide election. An initiative affecting the tax shall be approved only if at least two-thirds of the votes cast on the measure are in favor of its approval.

Section 5. Severability Clause.

ATTACHMENT 1

If any article, section, subsection, sentence, phrase or clause of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portion of this Ordinance. The voters of Zone 21 hereby declare that they would have adopted the remainder of this Ordinance, including each article, section, subsection, sentence, phrase or clause, irrespective of the invalidity of any other article, section, subsection, sentence, phrase or clause.

Section 6. Effective Date and Posting.

This Ordinance shall take effect immediately upon its approval by two-thirds of the voters voting within the Zone in an election to be held on June 18, 2018 so that taxes shall first be collected hereunder for the tax year beginning July 1, 2018.

SUBJECT: **ORDINANCE ESTABLISHING A SPECIAL TAX ZONE NO. 22 FOR TRANSIT-RELATED SERVICES FOR SUPERIOR SELF- STORAGE PROJECT**

RECOMMENDATION

Waive the second reading and adopt Ordinance No. 8-2018.

RESULT OF RECOMMENDED ACTION

Adoption of Ordinance No. 8-2018 will assist the City in meeting the costs of providing transit-related services by creating a Special Tax Area Zone No. 22 and establishing a Special Tax for transit-related services for the Superior Self- Storage project.

BACKGROUND

On May 7, 2018, the City Council waived the first reading and passed to a second reading Ordinance No. 8-2018. On the same date, the City Council also approved Resolution No. 47-2018 that established Special Tax Zone No. 22, the boundaries of which will be contiguous to the boundaries of the Superior Self Storage project.

It is of critical importance to the City Council of the City of Rancho Cordova that residents of and employees working in the City receive high quality transit-related services. In carefully reviewing the City's budget and revenue projections, it is clear to City staff that the City budget does not contain adequate funding to ensure the continued delivery of adequate high quality transit-related services unless additional revenues are obtained.

It is the purpose and intent of this Ordinance to generate additional funds to pay for transit-related services by authorizing the levy of a tax on improved parcels of real property on the secured property tax roll of Sacramento County that are within Zone 22 of the Rancho Cordova Transit-Related Services Special Tax Area (the "Zone").

Section 2. Definitions.

The following definitions shall apply throughout this Ordinance.

- A. "Constant first year dollars" shall mean an actual dollar amount which, in

ATTACHMENT 1

years subsequent to the first fiscal year the tax is levied, shall have the same purchasing price as the base amount in first fiscal year dollars as measured by the Consumer Price Index. The base amount shall be the amount of tax per parcel as specified in Section 3(A) herein. The adjustments from actual to constant dollars shall be made by use of the Consumer Price Index, as specified in Section 3(B) herein.

B. "Consumer Price Index" means the Consumer Price Index for all Urban Consumers (CPI-U) for the San Francisco-Oakland-San Jose Area as published by the U.S. Department of Labor, Bureau of Labor Statistics. If the Consumer Price Index is discontinued or revised, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Consumer Price Index had not been discontinued or revised.

C. "Fiscal year" means the period of July 1 through the following June 30.

D. "Parcel" means the land and any improvements thereon, designated by an assessor's parcel map and parcel number and carried on the secured property tax roll of Sacramento County. For the purposes of this Ordinance, parcel does not include any land or improvements outside the boundaries of Zone 22 nor any land or improvements owned by any governmental entity.

E. "Rancho Cordova Transit-Related Services Special Tax Area" means all the properties within the jurisdictional limits of the City of Rancho Cordova.

F. "Rancho Cordova Transit-Related Services Special Tax Area Zone 22 (the "Zone")" means that portion of the incorporated area of the City of Rancho Cordova located within the boundaries as shown on the map **Exhibit A**.

G. "Transit-Related Services" means providing, operating, maintaining and subsidizing transit services and all supporting facilities, infrastructure, programs and incentives that benefit the residents of the Rancho Cordova Transit-Related Services Special Tax Area, and shall be calculated and set according to the methodology described in Engineer's Report County Service Area No. 10 and Benefit Zone No. 2 County of Sacramento, September 7, 2004, which established the methodology for the original service charge for Benefit Zone No. 2.

H. "Voter" means a person who owns real property within Zone 22, as shown on the last equalized assessment role prepared by the Sacramento County Assessor's Office, at the time that the City Council adopts an ordinance authorizing the imposition of a transit-related services tax to the voters of Zone 22.

Section 3. Amount and Level of Taxes.

The tax per year on each parcel in the Zone shall not exceed the amount applicable to the parcel, as specified below.

A. For First Fiscal Year:

The tax per year for the first fiscal year (July 1, 2018 through June 30, 2019) shall be the amount of Tax per Parcel for a Land Use Code Category as set forth on **Exhibit B** hereto. The use code assigned to each parcel shall be reviewed and updated periodically. Rates in **Exhibit B** shall be calculated and set according to the methodology described in

ATTACHMENT 1

Engineer's Report County Service Area No. 10 and Benefit Zone No. 2 County of Sacramento, September 7, 2004, which established the methodology for the original service charge for Benefit Zone No. 2.

B. For Subsequent Fiscal Years:

In order to keep the tax on each parcel in constant first year dollars for each fiscal year subsequent to the first fiscal year, the tax per year shall be adjusted as set forth below to reflect any increase in the Consumer Price Index beyond the first fiscal year the tax is levied.

In June or July of each year, City Council shall determine the amount of taxes to be levied upon the parcels in Zone 22 for the then current fiscal year, as set forth below.

For each Land Use Category on **Exhibit B**, the tax per year on each parcel for each fiscal year subsequent to the first fiscal year shall be an amount determined as follows:

Tax Per Parcel For the Current Fiscal Year	=	Tax Per Parcel For Immediately Preceding X Fiscal Year	Consumer Price Index from April of immediately Preceding Fiscal Year to April of then Current Fiscal Year OR 6 percent, whichever is less
--	---	---	--

Provided, however, that in no event shall the tax per parcel for any fiscal year be less than the amount established for the first fiscal year.

C. Nature of Tax Levy.

The taxes levied on each parcel pursuant to this Article shall be a charge upon the parcel and shall be due and collectible as set forth in Section 4, below.

Section 4. Collection and Administration.

A. Taxes as Liens Against the Property.

The amount of taxes for each parcel each year shall constitute a lien on such property, in accordance with Revenue and Taxation Code Section 2187, and shall have the same effect as an ad valorem real property tax lien until fully paid.

B. Collection.

The taxes on each parcel shall be billed on the secured roll tax bills for ad valorem property taxes and are to be collected in the same manner in which Sacramento County collects secured roll ad valorem property taxes. Insofar as feasible and insofar as not inconsistent with this Ordinance, the times and procedures regarding exceptions, due dates, installment payments, corrections, cancellations, refunds, late payments, penalties, liens, and collections for secured roll ad valorem property taxes (as established by Sacramento County) shall be applicable to the collection of this tax. Notwithstanding anything to the contrary in the foregoing, as to this tax:

1. The secured roll tax bills shall be the only notices required for this tax, and

2. The homeowners and veterans exemptions shall not be applicable because such exemptions are determined by dollar amount of value.

C. Costs of Administration by County.

The reasonable costs incurred by the County officers collecting and administering this tax shall be deducted from the collected taxes.

D. Use of Tax Revenue.

The revenue collected from the tax imposed by this ordinance shall be placed into a separate account and may be used only to fund transit-related services, including the costs of administering and collecting the tax and enforcing the provisions of this ordinance. Revenue from the tax may be used for transit-related services citywide.

E. Refunds.

1. Whenever the amount of any tax, interest or penalty has been overpaid or paid more than once, or has been erroneously or illegally collected or received by the City pursuant to this ordinance, it may be refunded as provided in this Section.
2. No refund may be made except upon a written claim verified by the person who paid the tax or by his or her guardian or conservator or the executor or administrator of his or her will or estate and stating the grounds upon which the claim is made. All claims filed pursuant to this subsection must be presented within one year after payment of the amount for which the claimant is seeking a refund.
3. No order of a refund may be made until a written claim therefor has been presented in accordance with this subsection. No suit for money, damages or a refund may be brought against the City until a written claim therefor has been presented to the City and has been acted upon or has been deemed rejected by the City, in accordance with this subsection. Only the person who filed the claim may bring such a suit, and if another person should do so, judgment shall not be rendered for the plaintiff.

F. Initiatives to Affect Tax.

Consistent with the California Constitution (art. XIII C, § 3) the tax imposed by this ordinance may be affected by initiative. The procedures for qualification of such an initiative and the election on a qualified initiative shall be consistent with the California Constitution (art. 2, sec. 8), the California Elections Code (Chapter 3 of Division 9), and the Municipal Code. The minimum number of signatures necessary to qualify an initiative to affect the tax approved by this ordinance shall be equal to 5 percent of the votes in the City for all candidates for Governor at the last gubernatorial election. The election on a qualified initiative to affect the tax shall be a regular citywide election. An initiative affecting the tax shall be approved only if at least two-thirds of the votes cast on the measure are in favor of its approval.

Section 5. Severability Clause.

ATTACHMENT 1

If any article, section, subsection, sentence, phrase or clause of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portion of this Ordinance. The voters of Zone 22 hereby declare that they would have adopted the remainder of this Ordinance, including each article, section, subsection, sentence, phrase or clause, irrespective of the invalidity of any other article, section, subsection, sentence, phrase or clause.

Section 6. Effective Date and Posting.

This Ordinance shall take effect immediately upon its approval by two-thirds of the voters voting within the Zone in an election to be held on June 18, 2018 so that taxes shall first be collected hereunder for the tax year beginning July 1, 2018.

Amount of Tax per Parcel by Land Use Category

A. Residential Dwelling Units

As adjusted for inflation from the original base year, the amount of Tax per Parcel for fiscal year 2017/2018 for Residential Land Use Categories shall be \$68.89 per low density residential dwelling unit or low density residential dwelling unit equivalent, \$55.11 per medium density residential dwelling unit or medium density residential dwelling unit equivalent, or \$41.33 per high density residential dwelling unit or high density residential dwelling unit equivalent (Multi-family residential units on a single parcel shall be assessed on a proportionately equivalent basis (e.g., a two-unit attached housing structure, such as a duplex, would be deemed to consist of two residential parcels for purposes of the Transit-Related Services Special Tax).

B. Non-Residential

As adjusted for inflation from the original base year, the amount of Tax per Parcel for fiscal year 2017/2018 for Non-Residential Land Use Categories (except Recreational and Agricultural) shall be \$1766.34 per retail and service commercial acre, \$1,518.34 per commercial mixed use or office commercial acre, and \$633.79 per light industrial acre.

C. Inflator Formula

The tax is subject to an annual inflator formula based on the Consumer Price Index for all Urban Consumers (CPI-U) for the San Francisco-Oakland-San Jose Area, or six percent, whichever is less.

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Stacy Leitner, City Clerk

SUBJECT: RECORDS AND INFORMATION MANAGEMENT PROGRAM POLICY AND RETENTION SCHEDULE

RECOMMENDATION

Adopt Resolution 68-2018 approving the City of Rancho Cordova City-Wide Records Retention Schedule and Program Policy Manual.

RESULT OF RECOMMENDED ACTION

Adoption of a new Retention Schedule and Records Information Management Program and Policy Manual will enable City Staff to facilitate the appropriate and efficient management and retention of City records in accordance with government regulations.

BACKGROUND

A records retention schedule provides for the well-planned and orderly storage and/or destruction of city records. The retention period provided in the Records Retention Schedule will promote the efficient and cost effective conduct of the city's business by reducing the number of records that the city retains, eliminating the unnecessary retention of duplicate or obsolete records, reducing the need for filing equipment and storage space, facilitating the retrieval of records, and establishing an expectation of good records management.

The Citywide Retention Schedule represents the categories of information created and maintained by the City of Rancho Cordova, regardless of media type. Retention Schedules are necessary in the public and private sector to ensure records are appropriately identified and managed in a systematic, controlled, and legally compliant manner.

The City of Rancho Cordova adopted a Records Retention Schedule by Resolution No. 2-2005 on January 18, 2005 and performed an update in 2014. In 2016 staff identified that another revision was needed to reflect the administrative, functional, historical, and legal needs of the city. As a result, the Office of the City Clerk began working with Kaizen InfoSource LLC (Kaizen), an Information Management Consultant, to develop a new Retention Schedule. Kaizen and City Clerk worked with city departments to identify record classifications, descriptions, record types, office of record, and retention periods.

The new Retention Schedule provides a classification system that is broad enough to be used interdepartmentally and is based on business-processes rather than by department. It contains

98 record categories and allows the City to create a structure that can be used to assign accurate classifications in the electronic environment.

Upon approval of the City Council, the Office of the City Clerk and City Attorney will oversee training to employees who will be using the updated Schedule, which if used electronically, can be searched by keyword, sorted by category, and filtered to find information with corresponding values. City Clerk and City Attorney approval is required prior to the destruction of any records, even when such destruction fully complies with the approved schedule. Certain records, particularly those related to real property, are never eligible for destruction.

Adoption of a Citywide Records Retention Schedule will enable city staff to operate a Records Management Program and process routine records destruction adhering to federal, state, and local guidelines with the following reviews: Department Director, City Clerk, and City Attorney.

The Records and Information Management Program Manual is a tool for staff to better understand why proper records management is vital for the city. The manual covers definitions, roles and responsibilities, classifying information, destruction procedures, and sample forms. The attached Resolution would also approve this manual.

FISCAL IMPACT

None.

WHEREAS, the City has an obligation to protect and consistently manage the records and information assets of the City in accordance with government regulations; and

WHEREAS, the maintenance of records is currently expensive and slow for document retrieval, and is not necessary after a certain period of time for the effective and efficient operations of the City; and

WHEREAS, a Records and Information Management Policy as well as a Retention Schedule have been developed that standardize the rules for managing all information in both paper and electronic form and define the length of time records are kept according to all applicable legal, fiscal, administrative and historic requirements; and

WHEREAS, Government Code Section 34090, other state laws, federal laws and regulations all provide rules for the minimum retention of any City record that has served its purpose and is no longer required; these laws and regulations also establish alternative minimum retention periods depending on the type of record; and

WHEREAS, this Resolution is intended to adopt a Records and Information Management Program Policy and a Retention Schedule that work together to facilitate the appropriate and efficient management and retention of City records in accordance with all laws and regulations including, Government Code Section 34090; and

WHEREAS, the Records and Information Management Program Policy has been reviewed by the City Attorney and the City Clerk; and

WHEREAS, the Retention Schedule has been reviewed by Department Heads, the City Attorney, and the City Clerk.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA THAT:

1. The Retention Schedule attached hereto as Attachment 2 is hereby approved and adopted.
2. The Records and Information Management Program Policy that is attached hereto as Attachment 3 and incorporated herein by this reference is hereby approved and adopted.
3. The Records and Information Management Policy setting forth the rules for governing the City's information assets and the Retention Schedule shall go into effect immediately for the management of City records and information.
4. The records of the City of Rancho Cordova, as set forth in the Retention Schedule and incorporated here as reference, are hereby authorized to be destroyed at the end of their retention period as provided by applicable laws and regulations and in accordance with

Records and Information Management Program Manual

Introduction

The purpose of the Records and Information Management (RIM) Program is to define the rules for managing the City's information and to provide the required steps or activities that enable employees to comply.

This RIM Program Manual provides the requirements and the instructions for managing your department's records and information. The elements and criteria of the RIM Program have been divided into individual chapters for ease of reading. For example, if you want to find out about the Program Policy, go to the chapter on the RIM Policy; for information about what is expected of each employee, go to the chapter on roles and responsibilities.

The ultimate goal of the Manual is to ensure that City information is:

- Filed efficiently using appropriate equipment and preservation methods,
- Retained, stored, and destroyed in compliance with the law and City direction, and
- Public records are available to the citizens, as appropriate

If you have any questions about this manual or any of the RIM Program requirements, please contact the City Clerk.

Definitions

1. Records

Records include any document in any format/media that orally or in writing captures the business of the City of Rancho Cordova. Records and Information include:

- a) Paper documents, forms, reports, manuals, maps, drawings, correspondence and files;
- b) Computer-received and generated records and information in structured or unstructured format, electronic communication, and metadata; and
- c) Records and information in other formats such as microfilm, videos, audiotape, photographs, etc., regardless of the location or device upon which the information is stored.

2. Public Records

A public record is deemed to be any record or information about the business decisions and transactions of the City that is required to be made available to the public. *See*

C A Gov. §§ 6250 – 6276.48.

Not all information created or used by the City is deemed a record nor is all the information of the City deemed to be public. Contact the City Clerk for clarification or help in deciding what information may be public for your department.

City of Rancho Cordova

Records and Information Management Program Manual

Examples of Non-Public Information include:

- Employee Personnel Files
- Work in Process, preliminary or draft documents
- Meeting notes
- Police investigation documents
- Contract negotiations
- Attorney Client Communications

3. Convenience Information

Not all information held by the City is a record. Information not required to be retained and that only has reference value is defined as convenience information. Convenience information should be retained only while active and useful, then disposed. Under no circumstances should convenience information be kept longer than the retention period for the official record.

Examples of Convenience Information include:

- Catalogs and Trade Journals
- Duplicate Copies or extra copies
- Personal Documents
- Personal Working Files
- Reference Materials
- Research Materials
- Templates
- Transitory Correspondence

4. Retention Schedule

A comprehensive list of the categories of information and corresponding examples, that is created, received, managed and retained by the City in the course of doing business that indicates the length of time each category must be retained.

For a complete list of the terms, acronyms and their definitions, see Appendix A at the end of this Manual.

Chapter 1 – Records and Information Management Policy

Overview

A Records and Information Management (RIM) Policy is the highest level of governance for records and information. The RIM Policy identifies and clearly states what rules the City will follow in managing its paper and electronic information. The rules within the Policy apply to the content of the information, not the tools used to create it or media on which it resides.

The Policy does not dictate how a department must meet the requirements and allows for the department management to determine the best approach in complying with the requirements.

RECORDS AND INFORMATION MANAGEMENT POLICY

The Purpose of this Records and Information Management (RIM) Program Policy (the “Policy”) is to define the requirements that staff will follow for managing the records and information assets of the City of Rancho Cordova (the “City”) in compliance with federal, state, and local requirements.

SCOPE

This Policy applies to employees, elected and appointed officials, temporary workers, volunteers, and contractors of the City who are acting on behalf of City and who have access to, use of, or are involved in the creation, maintenance or storage of the City’s records and information, including electronic communication.

For purposes of this Policy and compliance with the Retention Schedule a “Record” is defined as something that:

- Constitutes an objective, lasting indication of a writing, event, or other information, including but not limited to any record, document, instrument, book or paper
- Is in the custody of an employee, public officer or contractor acting on behalf of the City and is kept because either:
 - a. The law requires it to be kept; or
 - b. It is necessary or convenient to the discharge of the employees, public officers, or contractor’s duties, and was made or retained for the purpose of preserving its informational content for future reference.

This Policy governs all formats of records and information created or received by the City in the course of its business, including, but not limited to: (a) paper documents, forms, reports, manuals, correspondence and files; (b) computer received and generated records and information in structured or unstructured format, electronic communication, and metadata; and (c) records and information in other formats such as microfilm, videos, audio recordings, photographs, maps, etc., regardless of the location or device upon which the information is stored.

City of Rancho Cordova

Records and Information Management Program Manual

POLICY STATEMENT

A. Ownership

Records and information created or received in the course or conduct of the City's business are the exclusive property of the City. City records and information are subject to compliance with this Policy, the associated Retention Schedule and any other City governance requirements.

B. Authenticity

The City is committed to creating and maintaining complete, accurate, and trustworthy records and information that documents its business activities. Deliberately creating false or misleading records or information regarding the City's activities is strictly prohibited. Records and information should not contain language that is misleading, incomplete, inaccurate, or fraudulent.

C. Classification

Records and information will be created, stored and managed with the appropriate classification that enables the efficient access and secure protection of the information.

D. Retention

Records and information are to be retained in accordance with the approved Retention Schedule. When records or information complete their retention period, regardless of format, they shall be deleted or disposed of in compliance with City procedures.

E. Storage

Records and information no longer considered active may be transferred to designated inactive or offsite storage to fulfill retention requirements.

F. Availability

Records and information must be available for future business, litigation, and investigations as needed, regardless of media type and storage location.

Records and information that are deemed "public" are to be made available for the public to obtain in accordance with the California Public Records Act, Government Code § 6250-6276.48.

G. Exiting Officials, Employees, Contractors and Volunteers

When an employee, contractor or volunteer separates from the City, the supervisor or manager of that employee, contractor or volunteer is responsible for complying with the requirements of this Policy and any supporting procedures for retaining and managing the records and information of the exiting employee, contractor or volunteer.

When an elected or appointed official separates from the City, the City Clerk is responsible for complying with the requirements of this Policy and any supporting procedures for retaining and managing the records and information of the exiting official.

City of Rancho Cordova

Records and Information Management Program Manual

H. Suspending Retention Requirements

Records and information relevant to litigation, an investigation, or an audit and subject to a Legal Hold are to be retained and preserved until further notice from the City Attorney, regardless of the retention period set forth in the Retention Schedule.

Records and information subject to a Legal Hold that are no longer required for business purposes may be transferred to offsite storage for preservation in coordination with the City Clerk.

I. Electronic Communication

Electronic communications created or received by City employees and officials as part of conducting the City's business are City records and subject to this policy, including retention in accordance with the Retention Schedule and the Electronic Communication Policy.

J. Information Protection

Disaster recovery backup media are exact copies of the original. They may be copies of an operating system, software applications, and electronic information created for the sole purpose of recovering data in the event of a disaster. Backups serve as a level of protection for electronic systems and the data that is stored on those systems, and are not subject to the requirements of the Retention Schedule.

K. Vital Information

Records and information designated as "vital" are to be protected in a manner that establishes the priority of recovery of the data in a timely manner following a disaster or system disruption. Vital Records are those records or information that is needed to recover from a disaster or resume business operations. Vital Records should be protected in accordance with City procedures and standards.

L. Historical Information

Historical artifacts, documents, events, memorabilia and collections, as defined on the Retention Schedule, are valuable in documenting the City's history and providing information for researchers. Historical Records are to be permanently preserved so as to assure their ongoing availability and access.

POLICY REVIEW

To account for changes in legal, regulatory or operational requirements for information management this Policy and the Retention Schedule may be amended or modified from time to time as deemed necessary by the City Clerk, with the concurrence of the City Manager.

Chapter 2 – Roles and Responsibilities

Overview

Each City official, employee, contractor and volunteer has a responsibility to be a good steward of the City's information asset and to comply with all laws and regulations regarding its management.

RECORDS AND INFORMATION MANAGEMENT PROGRAM RESPONSIBILITIES

Leadership Team: The City's Leadership Team establishes the priority of services and options available to the employees and has a working understanding of the legal requirements the City is obligated to comply with in managing information.

City Clerk's Office: The City Clerk's Office manages the Records and Information Program. The City Clerk is responsible for development of the appropriate level of rules and providing departments with the training and tools in order for employees to comply. This role may include assisting departments with compliance and annual audits; establishing effective procedures for accessing, maintaining, protecting, storing and destroying records and information; reviewing and revising the Retention Schedule; overseeing the filing system and the implementation of file plans and trusted system to allow for the storage of electronic records as the official record, and other Program specific tasks.

City Attorney: The City Attorney is consulted and expected to provide legal advice in the development and execution of the rules that are developed to manage information.

Information Technology Department: The Information Technology Department works closely with the City Clerk to implement the requirements in electronic systems and applications.

Department/Division Heads: The Department/Division Heads are responsible for the records and information in the Department/Division's custody. They are to maintain active and efficient systems in order to efficiently and effectively store and locate needed documents. Department/Division Heads are responsible for ensuring their employees understand the governance rules, attend training, and compliance is met for their department.

Elected or Appointed City Officials: All City Officials, whether elected or appointed, are required to comply with Records and Information Management policies and procedures.

All Employees, Contractors, and Volunteers: All City Employees, Contractors, and Volunteers are required to comply with Records and Information Management policies and procedures, ensure economical and efficient creation and maintenance of records, promote security of records and information, and create and store records in the most effective media format, appropriate for preservation.

Chapter 3 – Information Ownership

Records and Information created or received in the course of or conduct of the City's business are the exclusive property of the City. Therefore, records and information are subject to the compliance requirements under the Records and Information Management Policy, the associated Retention Schedule and City procedures.

RESPONSIBILITIES

To assure the appropriate responsibility the following requirements are to be met:

1. Because records and information are the property of the City, employees are to have no expectation of privacy for any record or information created in the course of performance of City business or while accessing and using City systems.
2. Records available to the public are to be provided through the appropriate request process under the California Public Records Act and as described below.

City of Rancho Cordova

Records and Information Management Program Manual

Chapter 4 – Classifying and Indexing Information

Records and information should be filed in a system consistently and indexed in a manner that anyone who has access to that information may find it timely. Consistency and standardization in filing systems are critical to efficient City operations and government. Filing systems are a means of classifying records and information and these classifications, when done in a standardized approach across and entire department allow for the automation of rules and requirements.

Both paper and electronic records should be filed in a system within a department with the following criteria:

1. Use one filing system for the entire department or division who does similar work and generate or use the same information.
2. A single filing system for all individuals who use the same information allows for the application of standardizing naming rules and conventions.
3. Folders, both paper and electronic, should have access requirements assigned. Confidential information and non-public information is to be protected from unauthorized access and disclosure.
4. Assign retention requirements at the highest level or primary folder and enable subfolders to inherit these requirements.

Adopting the criteria above when developing a filing structure, will allow easy access by staff, consistency throughout the City, and close monitoring of items filed to ensure proper and timely disposition. Contact the City Clerk for any advice or assistance in developing a filing system for your department or division.

CHOOSING FILES TO MAINTAIN

Maintaining paper filing systems can be very costly as they require the purchase of filing supplies, space, and staff time to establish, manage and retrieve/file materials. When determining which files to maintain consider the following:

- Is this record listed on the City's Retention Schedule (either the category or example record)? All records maintained at the department level should be listed on the retention schedule.
- Does this record exist electronically? Records that exist electronically should not be printed for the sole purpose of maintaining a paper copy.
- Is my department the office of record? If another department is responsible, as Office of Record, for maintaining a record your department may choose to keep it for a short time as a working file, but there is no need to retain duplicate files. For example, the Office of the City Clerk is the office of record for city council staff reports, resolutions,

City of Rancho Cordova

Records and Information Management Program Manual

and ordinances. Departments do not need to keep copies of these documents; departments can destroy these duplicates as convenience information.

- Please do not box up for storage any duplicate files where your department is not the Office of Record.

USING A FILE PLAN

A File Plan is a folder structure, either paper or electronic folders, with associated metadata that provides one way for the entire department/division to file records and information in a consistent manner. The rules for categories, file names and what goes where should be consistent across the department/division.

The first level of the file plan matches the Record Categories from the Retention Schedule. Filing records based on these categories will make the disposition of records easier and more consistent. It will also decrease the number of duplicate folders located within the file area. When setting up a file plan, the department need only select the categories that apply to the department.

The next step is to create folders based on the work activity within the department/division. These Level 2 folders are based on the activity conducted within each department. This is to help maintain the consistency so anyone within the department knows what goes in each folder. Within each Level 2 Folder, departments can set up sub-folders based on need. It is important that the name and use of sub-folders be consistent across a department and across multiple departments where applicable.

The goal of this type of file plan is so that all departments know:

- What to call it
- Where to file it
- How to find it

Adhering to the recommended filing procedures will ensure that filing areas are self-maintaining and most records are systematically scheduled for destruction or transferred to inactive storage areas at the appropriate time. Use of this system will provide for consistency across physical and electronic records.

For more information about File Plans and how to establish a File Plan for your department/division, please contact the City Clerk.

Chapter 5 – Retention of Information

The City has developed rules for how long records and information shall be retained by the City. These rules are in compliance with state and federal requirements and captured in a single document called a Retention Schedule.

The Retention Schedule is a list of all the types of records and information received or created by the City. It consists of broad categories of information that represent a single function that may be done by any or one department.

The Retention Schedule is a rule governing how long information is to be retained.

You can access the latest version of the Retention Schedule on the City's intranet.

HOW TO READ THE RETENTION SCHEDULE

The Retention Schedule has six columns:

- A. A record number
- B. The record category name and a brief description
- C. A list of typical record examples that are included in that category
- D. The department or office of record responsible for the official City record
- E. The length of time each category should be retained
- F. The applicable legal citations for each category, along with any additional comments

A category may apply to more than one department. Look for key words or document names that describe the records you work with. You can use the FILTER and SEARCH tools available in Excel to help.

If you are unsure about which category applies to your records, contact the City Clerk.

REQUESTING CHANGES TO THE RETENTION SCHEDULE

The Retention Schedule, while being a governance document, must remain relevant in its requirements. Over time laws and/or business processes may change and these changes impact the retention requirements or needs for that information. Through a documented process, changes to the Retention Schedule can be requested and be made.

There are two types of changes:

- a. Administrative changes – changing the wording, adding examples, adding a newly found citation with no retention impact, or reassigning Office of Records, and
- b. Legal changes – changing any retention period.

City of Rancho Cordova

Records and Information Management Program Manual

To Request a Change:

1. Identify the Retention Category to be changed.
2. Detail the changed needed and the justification.
3. Submit to the City Clerk
4. City Clerk will confirm change and determine if the change affects any other department.
5. City Clerk will review with the City Attorney and approve change.

DISPOSING OF OBSOLETE RECORDS AND INFORMATION

On a regular basis – at least annually – review documents and information against the Retention Schedule.

1. Apply retention consistently, routinely and repeatably.
2. Apply retention rules to all media, including email, electronic documents and database data:
 - a. It is NOT okay to destroy the paper but hold onto an electronic version “just in case”.
 - b. Remember to apply retention to shared drives, personal drives, and external storage devices such as thumb drives.
3. Use appropriate methods to destroy records.
 - a. For hard copies containing sensitive or confidential information, use a cross-cut shredder or an approved, NAID-certified shredding vendor; NEVER dispose of sensitive documents in open trash bins.
 - b. For storage media such as CDs, DVDs, magnetic tape, thumb drives, etc., use the services of a NAID-certified vendor; do NOT dispose of storage media in open trash bins.

Chapter 6 – Legal Holds and Litigation Support

LEGAL HOLDS SUSPEND DOCUMENT DESTRUCTION

A Legal Hold is a request by the City Clerk's office on behalf of Legal Counsel to preserve records, including documents and electronically stored information, that may relate to a pending or anticipated legal action involving the City. A Legal Hold attempts to ensure that the records in question will be available for the discovery process prior to litigation. A Legal Hold may be issued in electronic or paper-based format. The City must take reasonable steps to preserve records and information when it learns of pending or imminent litigation, or when litigation is reasonably anticipated. Legal Holds seek to prevent *spoliation of evidence*: the failure to produce relevant documents and information that pertain to the legal action, regardless of the reason. Spoliation can have negative impacts on the defense of legal actions.

NOTIFICATION OF LITIGATION OR POTENTIAL LITIGATION

When informed of litigation or upon identifying that the reasonable potential for litigation exists, the City employee will notify the City Clerk's Office.

The City Clerk will contact the City Attorney determine the relevant information to be preserved. The City Clerk, with support from the City Attorney will draft and issue a Legal Hold to all Department Heads and key individuals. The Department Head will communicate the Legal Hold to appropriate City personnel.

The list below provides an example of procedures and tasks which should be considered based upon the scope and impact of the litigation. Depending on the nature of the litigation, not all of the tasks will be required to be performed.

Litigation Support Checklist

- Identify the specific Department(s), Division, and/or individual that are the subject of the litigation or pending litigation.
- Determine the format(s) that relevant electronic records will be held in. Preference should be given to retaining records in the native format whenever possible.
- Identify who will maintain the required media format(s) for relevant electronic records
- In the case of hard copy records, determine whether the original or a copy is needed to satisfy the hold requirements. Keep information on the origin of any original records so that they can be returned to the correct file after copying or the hold is released.
- Identify who will be responsible for locating and reviewing records to determine relevance, who will be responsible for holding relevant records and information and who will be responsible for communicating updates or changes to held

City of Rancho Cordova

Records and Information Management Program Manual

records and maintaining a distribution list of employees involved or impacted by the litigation.

- Determine the date range for affected records and information
- Document and retain the steps taken as appropriate

City staff will suspend destruction of relevant materials until the Legal Hold is released.

REMOVAL OF LEGAL HOLD

When the litigation has been concluded, or the threat of litigation has been resolved, the City Clerk with the support of the City Attorney will create a memo to notify affected personnel that the Legal Hold has been removed. Released records will resume normal retention requirements.

City of Rancho Cordova

Records and Information Management Program Manual

Chapter 7 – Boxing Inactive Records for Storage

Hard copy records no longer required to support ongoing City activities, but which must be retained in accordance with the Retention Schedule, may be boxed for storage.

1. Use approved storage boxes with handles, lids and storage labels.
2. Pack one record category per box; pack the same types of files or documents together.
3. Pack records for one budget year per box, if possible, but no more than two years in one box.
4. Make sure all files are facing the same direction.
5. Do not pack more than 30 lbs. in each box and make sure the box lid fits securely.
6. Create an index of the contents for each box:
 - a. Use a standard box index form, and
 - b. If files are all of the same type/category, you may summarize a range, such as *2015 Invoices, Jan. thru Mar., or Zoning Request, 2016-01-0001 thru 2016-02-0025.*
7. Place a copy of the index for each box inside the box, laying it flat on top (so that it is clearly visible when the box is opened).
8. Write box number and department ID on the narrow end of the box. Nothing else.

Chapter 8 – Protecting Information When Employees, Contractors, Volunteers, and Officials Leave

RECORDS OF EXITING EMPLOYEES, CONTRACTORS AND VOLUNTEERS

When an employee, contractor, or volunteer leaves the employment of the City, their immediate supervisor or manager is responsible for complying with the requirements of the Records and Information Management Program Policy and assuring that any information that the exiting employee, contractor, or volunteer had responsibility for is reassigned to active personnel and retained by the City in compliance with the Program Policy and the City's Retention Schedule.

Records managed by employees, contractors, or volunteers who are leaving the City should be transitioned before the individual leaves. When an employee, contractor, or volunteer leaves the City their supervisor should:

1. Work with HR/IT to ensure ongoing access to messages in the person's email Inbox. This will enable the supervisor to monitor and transition any ongoing communications.
2. Transfer active information, whether electronic or hard copy, to another individual.
3. Properly index and retain inactive information in accordance with the Retention Schedule.

RECORDS OF EXITING OFFICIALS

When an official of the City, whether elected or appointed, leaves the City, the City Clerk is responsible for coordinating with the official and their staff to comply with the requirements of the Records and Information Management Program Policy and assure that official information that the exiting official had responsibility for is retained by the City in compliance with the Program Policy and the City's Retention Schedule.

Records of officials, whether elected or appointed, who are leaving the City should be transitioned before the official leaves. When an official leaves the City:

1. Their records should be transferred to the City Clerk.
2. The City Clerk will take further action to review the records and either transition to another official or properly index and retain in accordance with the Retention Schedule.

City of Rancho Cordova

Records and Information Management Program Manual

Chapter 9 – Electronic Information

Using File Plans to Organize Information

City information created, retained or maintained in any digitized configuration or using any type of electronic technology, may be an electronic record that must be retained to meet the requirements of the City's Retention Schedule. Electronic records must be retained based on the Retention Schedule, just as if they were physical records. Access, protection, and management of electronic information are easier when documents and folders are organized within a group/department file plan, and the group or department has applied naming conventions to the folders and documents.

File Plans allow for documents that should be shared to be in a single foldering structure that is usable and understood by everyone in the group or department. Each department has a basic File Plan that should be used in their shared drives, PST folders, and in any electronic system that serves as a repository for electronic documents.

For a copy of your group/department's File Plan structure, contact the City Clerk. IT can assist you in creating the structure in the various systems.

Below are tips when moving documents and folders into the new structure:

- a. Move entire folders and subfolders
- b. Review folder names for relevance/understanding
- c. Use Year folders (i.e. 2013) to minimize number of folders in a view—when opening a folder try to avoid more than 10-12 folders
- d. Identify linked folders and databases -Linked folders cannot be moved without breaking the links

Electronic File Naming Conventions

Standardizing the naming of documents and files improves overall findability and access. It also minimizes the time employees take to locate a document and will reduce the duplication of documents because employees can find what they need.

- Allowable special symbols – in folder and document names are: Period '.', Underscore '_', Dash '-'
- Only use personal names on Personnel files or Street Names

Electronic Communication

Employees and officials of the City use electronic communication every day to send and receive documents some of which are records and may be very important to the City. The City will govern, manage and retain Electronic Communication created, sent, or posted by the City, as well as any attachments thereto, and includes email, blogs, and social media postings in accordance with City rules and laws and regulations. The City reserves the right to monitor

City of Rancho Cordova

Records and Information Management Program Manual

electronic communications for appropriateness, retention compliance and electronic litigation discovery preservation purposes.

Authenticity and Integrity

1. Electronic communications cannot be misleading – an issuer must ensure that material information posed in their communication is not misleading. Material information may be misleading if it is incomplete, incorrect or omits a fact so as to make another statement misleading. Information may also be misleading if it is out-of-date.
2. Transitory electronic communications are classified as convenience information not affecting the position, business, or legal obligations of the City. Transitory communications include convenience copies of records, drafts, junk mail, or conversational email (lunch arrangements, meeting notifications, etc.). Such transitory communications should not be stored for the user nor be retained in official records repositories.

Ownership and Privacy

3. Electronic message systems and tools are owned by the City of Rancho Cordova and are provided as communications tools for the convenience of employees, and as such, all electronic messages are subject to review. There should be no expectation of privacy. The City reserves the right to monitor electronic communication use and content.
4. Users are prohibited from utilizing private email accounts or other non-City sponsored electronic message systems for conducting Company business.

Security and Retention

5. Employees shall preserve any electronic communications that are records, as identified on the Retention Schedule, for the appropriate length of time and dispose of those records at the end of that retention period.
6. Electronic communication classified as a record shall be moved to an environment/system where appropriate governance can be applied.
7. Employees are prohibited from saving electronic communications at any location other than the location defined by City procedures.

Acceptable Use

8. Electronic message systems may not be used to communicate the following:
 - Illegal activities
 - Personal financial gain
 - Personal messaging, other than incidental use
 - Messages that may be construed as a conflict of interest or ethical violation

City of Rancho Cordova

Records and Information Management Program Manual

- Sending copies of documents in violation of copyright, trademark, or defamation laws
- “Spoofing,” i.e., creating an electronic mail communication appearing to be from someone else
- Commercial purposes not directly related to City business
- Promotion of political activities, philosophies, or positions
- Uses that violate other City policies or guidelines, such as policies regarding harassment, intellectual property, obscenity, pornography, threats, theft, etc.
- Attempts to breach security mechanisms or intercept electronic communication transmissions
- Messages that could adversely affect the City’s image

Chapter 10 – Access to Public Records and Information

The City understands and supports the public's need, and more importantly their **right**, to access the records that are public whether they are created or received by the City. The City shall accept, review and respond to public records requests received, regardless of how they were submitted, by whom they are received from or the reason the request was submitted in accordance with the California Public Record Request Act (CPRA, California Government Code 6250). The City's policy is to facilitate an efficient and timely response to all requests for access to, or copies of, public information within reasonable limitations imposed by workload and pursuant to the CPRA.

The City is obligated to respond to all requests within ten (10) calendar days of receipt of the request; although most requests can and should be fulfilled in less time. There is nothing in the CPRA that permits the City to hold a response for ten (10) days when a record is readily accessible. It is important to note that "response" does not necessarily mean the production of records. For the purpose of a public record request a response may be a letter advising the requestor that responsive records are available for review, the City does not have any records responsive to the request, or that the City is invoking its right for a 14-day extension should unusual circumstances exist.

WHAT IS A PUBLIC RECORD?

A Public Record is any writing containing information relating to the conduct of the public's business prepared, owned, used or retained by any state or local agency regardless of physical form or characteristics. (California Government Code 6252(e)). Records are not just printed or hand written documents, they may be video recordings or information in a database. "Writing" means handwriting, typewriting, printing, photo stating, photocopying, photographing, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing, any form of communication or representation, including letters, words, pictures, sounds or symbols or any combination thereof, and any record thereby created, regardless of the manner in which the record has been stored.

DISCLOSABLE DOCUMENTS

Examples:

- Agendas (Available on the City's Website)
- Minutes
- Contracts/Agreements
- Reports to Council and Attachments (Available on the City's Website)
- Resolutions
- Ordinances
- Correspondence

City of Rancho Cordova

Records and Information Management Program Manual

- Salary Schedules
- Surveys
- Maps
- Audio and Video Recordings of Meetings

NON-DISCLOSABLE DOCUMENTS

Examples (may not be exhaustive):

- Generally, drafts and notes not retained in the ordinary course of business
- Reports to Council that have not yet been released and distributed to the City Council; they will be disclosed following distribution to Councilmembers
- Personal financial statements
- Privileged communication pertaining to claims
- Records relating to pending litigation to which the City is a party
- City Attorney correspondence which is subject to the attorney-client privilege or the attorney work-product doctrine
- Personnel and/or medical files which would constitute an unwarranted invasion of personal privacy
- Real estate appraisals, engineering or feasibility estimates made for or by the City relative to the acquisition of property, until the property has been acquired
- Inactive, referendum and recall petitions
- Computer software
- Names and addresses of individuals filing complaints with City

PROCEDURE

Any Department receiving a public records request for routine, easily accessible documents (i.e. resolutions, ordinances, contracts, minutes, building permits, etc.) may fulfill the request. Requests may be in person, via email, in writing, by fax, or by phone. If the request is for more than one or two items, then it is wise to ask the requester to put the request in writing or fill out the Request for Public Records in Appendix C. Routine public records requests are defined as those that require fewer than four hours of staff time and do not have any legal or policy concerns. Department Heads are ultimately responsible for ensuring that routine records requests are fulfilled within the required timeframe. Generally, one person in each department will be the lead for public records requests.

City of Rancho Cordova

Records and Information Management Program Manual

If the request is other than routine records, or involves more than one department, the request should be forwarded to the City Clerk immediately. The City Clerk will request documents from the department(s), and determine whether the City Attorney should be contacted. The request will be forwarded to the department lead for follow-up, and the City Clerk will ensure compliance. The City Clerk is responsible for notifying the respective department regarding the ten-calendar day response requirement.

Upon receipt of the request, the City Clerk may refer the request to the City Attorney to recommend an appropriate response. The City Attorney will provide advice on whether or not documents are exempt from public disclosure. The types of exempt documents include, but are not limited to, personnel records, medical records that constitute an unwarranted invasion of personal privacy, records pertaining to litigation, preliminary drafts, notes or inter-agency advisory opinions, recommendations and deliberations, records of complaints to or investigations conducted by any State or local policy agency, privileged attorney-client communications, initiative, referendum and recall petitions, or documents where the public interest in non-disclosure significantly outweighs the public interest in disclosing.

Any public records request that is related to active, pending, threatened or potential litigation against the City will be handled by the City Attorney's Office.

The City Clerk will respond to the requestor and retain the original copy of the request, and a copy of the response letter, along with a complete record of what has been produced or a list of what was copied. The City Clerk will keep a master file of the non-routine records requests, in accordance with the guidelines set by the Records Retention Schedule.

DETERMINATION OF DISCLOSABLE vs. NON-DISCLOSABLE DOCUMENTS

If there is any question as to whether the record is a non-disclosable document, contact either the City Clerk's office or the City Attorney's office.

If the requested records contain **both disclosable and non-disclosable** information, the law requires that the City provide "any reasonably segregated portion" after deletion of the portions which are exempt by law. The non-disclosable information must be "redacted," which usually entails blacking out, whiting out, covering, or otherwise removing the non-disclosable information from the document.

If the request is for records which are **not disclosable**, based upon specific exemptions in Government Code Section 6254 et seq., or on the facts of the particular case, the public interest served by not releasing the record must clearly outweigh the public interest served by releasing it (the "balancing test"). The City Clerk will notify the requester in writing.

Chapter 11 – Vital Information

Vital Definition

Vital Records are those records in any form or format, containing information essential to the City in order to continue with its business-critical functions both during and after a disaster or emergency. Vital Records contain the necessary information during a disaster for emergency operations and to recreate the City's legal and financial position, to preserve the decisions of the City Council, and to protect the rights of the City's employees.

Disasters include any sudden, calamitous events, whether natural or man-made, that result in the temporary inaccessibility, damage to or destruction of information whose loss would impact the City's ability to provide critical business functions for a period of time.

Vital Criteria

Criteria used to determine if a record or information meets the definition or is critical to the City's operations includes:

- Records or information is needed for immediate emergency operations or to notify employees and the public
- Records or information necessary to recreate the City's legal and financial position
- Records or information that demonstrate and preserve the City's claims and rights
- Records or information that protects the City's employee payroll status
- Information important to the City's operations and cannot be recreated, or where the cost to recreate the information would be prohibitive
- Records or information needed to provide public safety during the recovery or after the disaster
- Records or information that, if lost, would cause the City irrecoverable financial loss

Backup and Protection of Electronic Information

Electronic records and information should be protected so that in the event of a disaster or business disruption, records and information can be recovered and found. Information Technology (IT) is responsible for establishing and maintaining the technology and processes to create daily backups of City electronic data repositories. These disaster recovery backups are exact copies of an operating system, including associated application and data, created for the sole purpose of recovering data in the event of a disaster and are not subject to the requirements of the Retention Schedule. Backups serve solely as a level of protection for electronic systems and the data that is stored on those systems.

Chapter 12 – Protection of Sensitive Information

Information created and/or received by the City has a sensitivity class. Each document can be classified as either Restricted/Confidential – meaning only designated employees have the right to access and use the information – or Public/Disclosable. Each sensitivity class has requirements for protection and restrictions for access and distribution. The table below, “City Sensitivity Information Protection Guidelines”, defines the requirements for protecting and managing these sensitivity classes of information.

City Sensitivity Information Protection Guidelines		
Label	Restricted/Confidential	Public/Disclosable
Definition	Misuse of this Information could result in damage or compromise the City. Information Should Be Secured.	Information has been approved and published or may be disclosed publicly.
Impact of Inappropriate Disclosure	Inappropriate disclosure could harm the City. Disclosure of personal information would violate Privacy regulations.	None, this information has already been disclosed to the public or is available upon request.
General Guidelines	◆ Always label whenever possible ◆ Distribute on a “Need To Know” basis only ◆ Use ids and passwords to control access to electronic files ◆ Protect information from disclosure ✓ Store in locked files ✓ Encrypt if transmitting electronically ✓ Don't leave in public places ✓ Use caution when discussing in public places ✓ Be discreet when using cell phones	◆ Optional but recommended: identify City information that has been explicitly disclosed in a public forum. ◆ Remember, information published in journals, magazines, and newspapers may be subject to the publisher's copyright.
Disposal	◆ Paper: Use locked waste bins to dispose, or shred with cross-cut shredder ◆ Non-Paper media: Physically destroy ◆ Electronic records: Delete; additional action may be required	No additional requirements.
Examples	◆ Employee medical or health records ◆ Employees' personal data ◆ Internal audit reports ◆ Settlement Agreements	◆ Legislative decision information such as Council agendas, minutes and meeting packets ◆ Information posted to the City's website or social media sites ◆ Annual Reports ◆ Press releases (after publication) ◆ City department schedules and events
Transmitting		
Fax	Send using encrypted line	No restrictions
Mail (internal)	Distribute on a “Need To Know” basis only	No restrictions
Mail (external)	Send via courier, so the package can be tracked	No restrictions
Email (internal)	Distribute on a “Need To Know” basis only	No restrictions
Email (external)	Encrypt before sending	No restrictions
Social Media	Do not share on social media	Yes, in accordance with City policies

Chapter 13 - Historical Information

Historical Definition

Historical artifacts, documents, events, memorabilia and collections, as defined on the Retention Schedule, are valuable in documenting the City's history and providing information for researchers. Historical Records are to be permanently preserved so as to assure their ongoing availability and access.

The City's historical documents are to be sent to the City Clerk for preservation and safekeeping. Historical records have permanent research, legal, or social value. They document the history and the development of Rancho Cordova and provide information and research value. Only an estimated 5-10 percent of City records usually qualify as "historical."

Do not use scotch tape, metal paper clips, rubber bands or place papers near newsprint on historical documents (newsprint is very acidic and will discolor and eventually destroy any paper it touches). Whenever possible, use acid-free papers (pH between 7.0 and 9.5), folders and boxes. Lay archival boxes flat on shelves.

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director and Allen Quynn, Associate Civil Engineer

SUBJECT: INTRODUCTION AND FIRST READING OF ORDINANCE 9-2018 TO AMEND SECTION 20.04.060 (I) AND SECTION 23.325.040 (F)(1) OF THE RANCHO CORDOVA MUNICIPAL CODE TO REFLECT THE NEW EFFECTIVE DATE OF THE SACRAMENTO COUNTY FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP

RECOMMENDATION

Introduce and waive first reading of Ordinance 9-2018.

RESULT OF RECOMMENDED ACTION

Approval of Ordinance 9-2018 will amend the following:

- Section 20.04.060 (I) of the Municipal Code related to surface mining and reclamation within the 100-year floodplain. Specifically, the proposed amendment will add the effective date of July 19, 2018 to the Flood Insurance Rate Maps as referenced in this section.
- Section 23.325.040 (F)(1) of the Municipal Code related to flood overlay zoning districts. Specifically, the proposed amendment will add the effective date of July 19, 2018 to the National Flood Insurance Program flood insurance rate map as referenced in this section.

If approved, the Ordinance would come back to Council for a second reading and adoption at its next regular meeting.

BACKGROUND

The Federal Emergency Management Agency (FEMA) recently completed an update of its countywide Flood Insurance Study (FIS) report and Flood Insurance Rate Map (FIRM) for Sacramento County. The map update resulted in a change to the floodplain for two FIRM map panels within the City of Rancho Cordova. Subsequent to receiving the updated FIS and FIRM, the City received a letter from FEMA dated January 19, 2018, directing the City to update its floodplain management ordinance to reflect the new FIRM effective date of July 19, 2018. The letter stipulates that in order for the City to retain its continued eligibility in the National Flood Insurance Program, the City must update its floodplain ordinance to reflect a new FIRM effective date of July 18, 2018.

The Municipal Code amendments implemented by this ordinance are exempt from review under the California Environmental Quality Act (CEQA), as the addition of the effective date of the FIRM does not qualify as a “project” under CEQA.

PROPOSED ZONING CODE ORDINANCE AMENDMENTS

Proposed changes to Rancho Cordova Municipal Code Section 20.04.060(I) are as follows:

“I. Within 10 days of acceptance of an application as complete for a site approval for surface mining operations and/or a reclamation plan, the planning department shall notify the State Department of Conservation of the filing of the application(s). Whenever mining operations are proposed in the 100-year floodplain of any stream, as shown in Zone A of the Flood Insurance Rate Maps effective July 19, 2018, issued by the Federal Emergency Management Agency, and within one mile, upstream or downstream, of any state highway bridge, the planning department shall also notify the State Department of Transportation that the application has been received.”

Proposed changes to Rancho Cordova Municipal Code Section 23.325.040(F)(1) are as follows:

“F. Determination of Zoning Boundaries. For purposes of the flood overlay zoning district, the following rules shall apply when determining the boundaries of the zone:

1. Zoning boundaries of the flood overlay district are intended to represent the 100-year floodplain and protected 200-year floodplain as determined by public works. The 100-year floodplain will be based on the best available information, which may include the National Flood Insurance Program flood insurance rate map effective July 19, 2018, County Drainage Master Plan, historic flooding events, or other available information. The protected 200-year floodplain shall be based on the 200-year floodplain map shown in General Plan Safety Element.”

FISCAL IMPACT

There is no impact to the City's General Fund.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, TO AMEND SECTION 20.04.060 (I) AND SECTION 23.325.040 (F)(1) OF THE RANCHO CORDOVA MUNICIPAL CODE TO REFLECT THE NEW EFFECTIVE DATE OF THE SACRAMENTO COUNTY FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP

THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DOES ORDAIN AS FOLLOWS:

Section 1. Purpose and Declarations.

WHEREAS, the Federal Emergency Management Agency (FEMA) recently completed a revision to the county-wide Flood Insurance Study report and Flood Insurance Rate Map (FIRM); and

WHEREAS, the map update resulted in a change to the floodplain for two FIRM map panels within the City of Rancho Cordova; and

WHEREAS, in order for the City to maintain eligibility in the National Flood Insurance Program, FEMA has requested that the City update its floodplain management ordinances to reflect the new effective date of the FIRM; and

WHEREAS, the Municipal Code amendments implemented by this ordinance are exempt from review under the California Environmental Quality Act (CEQA), as the addition of the effective date of the FIRM does not qualify as a "project" under CEQA; and

WHEREAS, the City Council desires to make these required amendments.

Section 2. Amendment of Municipal Code. Rancho Cordova Municipal Code Section 20.04.060(I) is hereby amended to read as follows:

"I. Within 10 days of acceptance of an application as complete for a site approval for surface mining operations and/or a reclamation plan, the planning department shall notify the State Department of Conservation of the filing of the application(s). Whenever mining operations are proposed in the 100-year floodplain of any stream, as shown in Zone A of the Flood Insurance Rate Maps effective July 19, 2018, issued by the Federal Emergency Management Agency, and within one mile, upstream or downstream, of any state highway bridge, the planning department shall also notify the State Department of Transportation that the application has been received."

Section 3. Amendment of Municipal Code. Rancho Cordova Municipal Code Section 23.325.040(F)(1) is hereby amended to read as follows:

"F. Determination of Zoning Boundaries. For purposes of the flood overlay zoning district, the following rules shall apply when determining the boundaries of the zone:

1. Zoning boundaries of the flood overlay district are intended to represent the 100-year floodplain and protected 200-year floodplain as determined by public works. The 100-year floodplain will be based on the best available information, which may include the National Flood

Rancho Cordova, California 95670

Community: City of Rancho Cordova,
Sacramento County, California
Community No.: 060772
Map Panels Affected: See FIRM Index

Dear Mayor Terry:

The Federal Emergency Management Agency (FEMA) recently completed a revision to the countywide Flood Insurance Study (FIS) report and Flood Insurance Rate Map (FIRM) for Sacramento County, California and Incorporated Areas. Although your community is unaffected by the updated flood hazard information presented in the FIS report and FIRM, your community does lie on one or more of the revised map panels. Therefore, it will be necessary for your community to update your floodplain management ordinances to reflect the new FIRM effective date of July 19, 2018, as a condition of continued eligibility in the National Flood Insurance Program. This update to your community's floodplain management ordinance should be submitted to the state coordinating agency and your Consultation Coordination Officer (CCO) at our Regional Office within 6 months of the date of this letter. For information about your CCO, please contact:

Mr. Eric Simmons, Project Engineer
Federal Emergency Management Agency, Region IX
1111 Broadway, Suite 1200
Oakland, California 94607-4052
(510) 627-7100

Communities that fail to amend their ordinance and submit it to our Regional Office for review and approval will be suspended from participation in the National Flood Insurance Program (NFIP) and subject to the prohibitions contained in Section 202(a) of the 1973 Flood Disaster Protection Act, as amended.

To assist your community in maintaining the FIRM, we reviewed our records to determine if any previous Letters of Map Change (LOMCs) (i.e., Letters of Map Amendment, Letters of Map Revision) will be superseded when the revised FIRM becomes effective. According to our records, no LOMCs were issued previously.

Shortly before the FIS report and FIRM effective date, we will send you copies of the revised FIRM panels. Additional information and resources your community may find helpful regarding the NFIP and floodplain management, such as *The National Flood Insurance Program Code of Federal Regulations*, *Answers to Questions About the National Flood Insurance Program*, *Use of Flood Insurance Study (FIS) Data as Available Data*, *Frequently Asked Questions Regarding the Effect that Revised Flood Hazards have on Existing Structures*, and *National Flood Insurance Program Elevation Certificate and*

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Michelle Mingay, Sr. Finance Analyst

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DECLARING ITS INTENTION TO TRANSFER DELINQUENT REFUSE SERVICE CHARGES TO THE PROPERTY TAX ROLLS AND TO SET A PUBLIC HEARING FOR THE SAME

RECOMMENDATION

Adopt Resolution 69-2018.

RESULT OF RECOMMENDED ACTION

Adoption of this Resolution will begin the process to allow delinquent refuse service charges to be collected on the property tax roll and sets a Public Hearing for July 2, 2018 at 5:30 pm in the City Council Chambers.

BACKGROUND

The Collection Services Contract ("Contract"), between the City of Rancho Cordova and Republic Services, formerly Allied Waste Services, ("Republic"), for residential garbage collection and recycling, allows Republic to take any action legally available to collect past due amounts. Pursuant to Government Code sections 38790.1 and 25831, one such action is for the City to assist Republic by placing the delinquent accounts on the property tax roll.

The City's Municipal Code allows for the property tax rolls to be utilized for collecting delinquent charges but in order for the City to assist Republic, the City Council must approve two separate Resolutions prior to recording a tax levy for delinquent residential solid waste accounts. The first resolution, which is the subject of tonight's meeting, establishes the intent of the City Council to transfer delinquent residential solid waste accounts to the tax rolls, as well as sets a Public Hearing for July 2, 2018 at 5:30 p.m. to take comments and objections from the public regarding the transfer of delinquent residential solid waste accounts to the tax roll. At the conclusion of the Public Hearing on July 2nd, the Council will be asked to adopt the second resolution titled "A Resolution of the City Council of the City of Rancho Cordova Authorizing Delinquent Residential Solid Waste Service Charges to be collected on the Property Tax Roll."

As of May 2, 2018, there are a total of 1,072 accounts eligible to be transferred to the tax roll, with a total balance due \$393,471.51. This amount includes a ten percent (10%) penalty which will be added to the tax roll to cover the cost for the City to administer the program.

In order to proceed with the levy of assessments, it is requested that Council adopt **Resolution No. 69-2018** a Resolution of Intention of the City Council of the City of Rancho Cordova to Transfer Delinquent Refuse Service Charges to the Tax Roll. Approval of this Resolution also sets July 2, 2018 at 5:30 p.m. as the date and time for a public hearing on the issue. Notice of the public hearing will be given by publication at least 10 days prior.

FISCAL IMPACT

The City will receive a 10% administrative fee, based on the final balance transferred to the property tax roll, to cover the cost of administering the program.

**A RESOLUTION OF INTENTION OF THE CITY COUNCIL
OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, TO TRANSFER
DELINQUENT REFUSE SERVICE CHARGES TO THE PROPERTY TAX ROLL**

WHEREAS, in 2004 the City of Rancho Cordova executed the Collection Services Contract with Republic Services, formerly Republic Waste Services, ("Republic") for the provision of residential solid waste collection and recycling services; and

WHEREAS, in 2011 the City of Rancho Cordova executed a five year contract extension with Republic for the provision of residential solid waste collection and recycling services; and

WHEREAS, the Collection Services Contract requires Republic to bill residential solid waste accounts for garbage and recycling services; and

WHEREAS, pursuant to Government Code sections 38790.1 and 25831, the City may assist Republic Services in collection of past due accounts; and

WHEREAS, the property tax collection process has been used for many years, by both the City of Rancho Cordova AND County of Sacramento, to collect delinquent utility charges.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF RANCHO CORDOVA that it is the opinion of the Council that the public interest and convenience require and that it is the intention of this Council to order delinquent refuse charges and late penalties collected on the tax roll at the time and in the manner as the general tax levy for County purposes; and

BE IT FURTHER RESOLVED that this Council hereby gives notice that it sets July 2, 2018 at the hour of 5:30 PM in the Council Chambers located at 2729 Prospect Park Drive in the City of Rancho Cordova, California as the time and place for any and all persons having objections to the proposed collection of delinquent refuse charges and late penalty on the tax roll to appear before the Council and show cause as to why the proposed action herein described should not be carried out in accordance with this Resolution; and

BE IT FURTHER RESOLVED that this Council hereby gives notice that any owner of property liable to be assessed for a delinquent refuse charge may, at any time not later than the hour set for hearing objections to the proposed collection of such delinquent charges on the tax roll, make and file with the City Clerk a written protest against the proposed action herein described and/or against the amount of such charges; and

BE IT FURTHER RESOLVED that the City Clerk shall cause this Resolution to be published in the Grapevine Independent, a newspaper published and circulated in the City of Rancho Cordova, which said newspaper is hereby designated for that purpose.

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Elizabeth Sparkman, Interim Community Development Director, and
Jeanette Cervantes, Management Technician

**SUBJECT: RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND
COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING
DISTRICT NO. 2005-1 FOR FISCAL YEAR 2018-2019**

RECOMMENDATION

Adopt Resolution No. 20-2018.

RESULT OF RECOMMENDED ACTION

Adoption of this Resolution will authorize the continuance of the annual levy and collection of assessments in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

BACKGROUND

On May 7, 2018, the City Council approved Resolutions ordering the preparation of the Engineer's Annual Levy Report, and set the public hearing to be held prior to approving and ordering the levy of assessments for Fiscal Year 2018-2019. The assessments fund the ongoing landscape maintenance services in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

State law requires the City Council to direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On May 7, 2018 the City initiated the proceedings for the annual levy and collection of assessments through adoption of Resolution No. 16-2018 ordering the preparation of the Engineer's Report and Resolution No. 19-2018 preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for Fiscal Year 2018-2019, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report includes a diagram of the assessment area, a description of the maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by LLD 2005-1 include ongoing maintenance, operation and servicing of landscaping and streetscape improvements within the right-of-ways and other public areas within the District at the locations described in the Engineer's Report.

The proposed Fiscal Year 2018-2019 assessment rates do not exceed the rates previously levied by the County since 1994 and are equal to the rates levied by the City in Fiscal Year

2017-2018. The boundaries of each Zone are shown in the district diagram in Part IV of the Engineer's Report and the details for each Zone are listed below:

- Zone 1 of the District is comprised of 96 residential parcels in the Ellenwood subdivision. These parcels are assessed on per a Parcel basis at the maximum rate of \$42.50 per parcel for the median landscape and parkway landscape improvements associated with these parcels.
- Zone 2 of the District is comprised of 154 residential parcels known as California Jazz Unit No. 1 and Unit No. 2. These parcels are assessed on an acreage basis at the maximum rate of \$30.48 per acre for the median landscape and parkway landscape improvements associated with these parcels.
- Zone 3 of the District is comprised of 18 parcels along Zinfandel Drive between Data Drive and south of International Drive. These parcels are assessed on an acreage basis at the rate of \$1,413.24 per acre for the median landscape improvements within the District.
- Zone 4 is comprised of 52 parcels, including a portion of Capital Village, generally bounded by White Rock Road to the west, White Rock Road and Disk Drive to the north, fronting Kilgore Drive to the East, and fronting International Drive to the south. These parcels are assessed at the maximum rate of \$30.48 per gross acre for the median landscape and parkway landscape improvements associated with these parcels.
- Zone 4A is comprised of six hundred 783 parcels which are a part of the development known as Capital Village. Zone 4A was created to account for overlapping boundaries with a Landscape Maintenance CFD (LMCFD) formed by the City. The CFD will provide supplemental funding for landscape improvements within and adjacent to the development, including some median landscaping identified herein. Zone 4A shall be assessed at the maximum rate of \$30.48 per gross acre. Any supplemental funds generated by LMCFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

The Fiscal Year 2018-2019 total assessment is estimated at \$89,061. The District has an established Operating Reserve which provides funding for the operations and maintenance of the District, as well as providing financing for emergency expenditures. A second reserve fund finances special projects such as a central irrigation system, revegetation projects, and other rehabilitation projects or replacements of District improvements.

In July 2006, the County transferred funds previously collected in the County's Zone 4 and 5 to the City, which was deposited to the LLD 2005-1. The City had previously deemed that these transferred funds are to be used exclusively by the District and shall be considered as undesignated reserves within the Zones of the District. Funds from the undesignated reserve can be used to fund costs of any zone(s) that are unable to be funded by the annual assessments.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt Resolution No. 20-2018 which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2018-2019.

FISCAL IMPACT

There is no fiscal impact to the City's General Fund.

ATTACHMENT 1**RESOLUTION NO. 20-2018**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA,
STATE OF CALIFORNIA, APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND
COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING DISTRICT
2005-1 FOR FISCAL YEAR 2018-2019**

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Report for Fiscal Year 2018-2019 for Landscaping and Lighting District 2005-1, (pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereafter referred to as the "Act"); and

WHEREAS, the Engineer's Annual Report (**Attachment 2**) has been presented to City Council as required by Chapter 3, Section 22623 of said Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, the City and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Rancho Cordova.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA AS FOLLOWS:

1. Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.
2. Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection, the City Council hereby finds and determines that:

ATTACHMENT 1

- a. The land within the District will be benefited by the operation, maintenance and servicing of improvements, located within the boundaries of the District, and
- b. District includes all of the lands so benefited, and
- c. The net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2018, and ending June 30, 2019, is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

3. The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of and the furnishing of services and materials for turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, street lighting improvements, equipment, utilities, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public right-of-ways.

4. The County Auditor of the County of Sacramento shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to Chapter 4, Article 2, Section 22646 of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

5. The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the City of Rancho Cordova Landscaping and Lighting District 2005-1 and such money shall be expended only for the maintenance, operation and servicing of the improvements together with all other costs of the District as described in Section 3.

6. The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2018, and ending June 30, 2019.

7. The City Clerk, or their designate, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act.

8. Francisco and Associates, Inc. is hereby designated to file the levy with the County Auditor/Controller on behalf of the City. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Francisco and Associates, Inc. within two weeks of adoption via either e-mail joef@franciscandassociates.com or US Mail to: Francisco and Associates, Inc., 130 Market Place, Suite 160, San Ramon, CA 94583 Attn: Joseph Francisco.

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the “1972 Act”), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIII D (hereafter referred to as the “California Constitution”), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as “City”), has by resolution initiated proceedings in connection with the ongoing maintenance of the special assessment district designated as:

Landscaping and Lighting District No. 2005-1

(hereafter referred to as “District”), for the purpose of continuing and providing for the ongoing maintenance and operation of landscaping and lighting improvements within the District.

In Fiscal Year 2005/06, as part of the District formation to continue the assessments previously levied by the County as part of the SLMD Zone 4 and Zone 5 for properties within the boundary of the City, the City conducted a Property Owner Protest Ballot proceeding for the District assessments pursuant to the provisions of the *California Constitution, Article XIII D Section 4*. In conjunction with this ballot proceeding, the City Council also conducted a noticed public hearing to consider public testimonies, comments and written protests regarding the formation of the District and levy of maximum assessments. Upon conclusion of the public hearing, property owner protest ballots received were opened and tabulated to determine whether a majority protest existed (ballots were weighted based upon the assessment amounts), and by resolution the City Council confirmed the results of the ballot tabulation. Tabulation of the ballots indicated that a majority protest did not exist for the continuation and transfer of assessments as presented and described in the Fiscal Year 2005/06 Engineer’s Report. The City Council approved the report, ordered the formation of the District, and approved the levy and collection of Fiscal Year 2005/2006 assessments. The Fiscal Year 2005/06 assessments were then submitted to the Sacramento County Auditor/Controller for inclusion on the property tax roll for each parcel.

The improvements and assessments described in this Report are based on the improvements and assessments previously established by the County for SLMD Zone 4 and Zone 5, and represent an estimate of the direct expenditures, incidental expenses, and fund balances associated with the maintenance and servicing of those improvements. The structure of the District (organization), the improvements, the method of apportionment, and assessments described herein have been established to continue the maintenance of the existing improvements and assessments previously established by the County as outlined in the District’s Fiscal Year 2005/06 Engineer’s Report.

For Fiscal Year 2018/19, this Report has been prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed budget and assessments for this fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments. Should the proposed annual assessments for the District or portion thereof, exceed the maximum assessments described herein (as approved by the property owners), the new or increased assessment must be confirmed through another property owner protest ballot proceeding before the new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (APN) by the County Assessor’s Office. The County Auditor/Controller uses Assessor’s Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

CITY OF RANCHO CORDOVA

LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 2005-1 FISCAL YEAR 2018-19

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, being Resolution No. 18-____ adopted by the City Council of the City of Rancho Cordova on May 7, 2018, I, Joseph A. Francisco, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Landscape and Lighting Assessment District No. 2005-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District was formed with four (4) benefit zones encompassing all lots and parcels of land within the boundaries of the City. The territory within the District had previously been assessed through Zone 4 and Zone 5 of the SLMD in Fiscal Year 2004/2005. The District was first assessed in Fiscal Year 2005/2006. Plans and specifications for the improvements are on file at the City of Rancho Cordova, and are incorporated herein by reference.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's landscaping and lighting improvements and facilities. The estimate included herein, is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E –ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
 PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of the lots and parcels of land that in Fiscal Year 2004/2005 were both within the City and within a portion of Zone 4 and all of Zone 5 of the Sacramento Landscape Maintenance District ("SLMD"). Said territory encompasses an area of land totaling approximately five hundred twelve acres (512 acres) that is centrally located within the City, generally south of Highway 50 and north of the City limits.

Zone 1: That portion of the previous SLMD Zone 4, which at the time of the formation of the District included a total of ninety-seven (97) assessable parcels within the residential subdivision known as Ellenwood Court located south of Ellenwood Avenue. Upon formation of the District, this area was designated as Zone 1 to reflect the special benefit these parcels receive from the District improvements associated with the development located on the south side of Ellenwood Avenue.

Zones 2, 3 and 4: The parcels within previous SLMD Zone 5, which at the time of the formation of the District included a total of six hundred eighty-six (686) assessable parcels generally located south of the American River, east of Mather Field Road, and near Zinfandel Drive and International Drive. Upon formation of the District, this area was designated as Zones 2, 3, and 4 and are further described as follows:

Zone 2 included the one hundred fifty-four (154) assessable parcels within the residential subdivision known as California Jazz Units 1 & 2, generally located east of Data Drive, north of Reserve Drive, south of Capital Center Drive and west of International Drive.

Zone 3 included the eight (8) assessable parcels located on either side of Zinfandel Drive from Data Drive to the southern boundary of the District (approximately 700 feet south of International Drive).

Zone 4 included the remaining parcels that were previously included in SLMD Zone 5 that were not designated as either Zone 2 or Zone 3 of the District. This Zone includes parcels along Data Drive, International Drive, Capital Center Drive, White Rock Road, Quality Drive, Disk Drive, Prospect Park Drive and Kilgore Road.

Zone 4A is the portion of Zone 4 that also lies within the City's Community Facilities District No. 2005-2 ("CFD 2005-2"). Tax Zone 1 of CFD 2005-2 was established to fund, to the extent that funds from CFD 2005-2 are available, maintenance of landscape improvements of the residential subdivision development known as Capital Village. These landscape improvements were installed along the subdivision's rights-of-way and within the median(s) adjacent to the development. The funds from Tax Zone 1 of CFD 2005-2, to the extent available, shall offset all or a portion of the costs within Zone 4A.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation and servicing of local landscaping and street lighting improvements within the District (improvements that had been previously funded through annual assessments from the SLMD). The improvements may consist of all or a portion of the public landscaped areas, street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities and expenses necessary for the ongoing maintenance and operation of public street lighting and landscape improvements, including, but not limited to parkways, medians and other designated easements, rights-of-way or public areas within the District. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Improvements and Services Permitted Pursuant to the 1972 Act

As generally defined by the 1972 Act, the improvements and associated assessments for this District may include now or in the future one or more of the following:

- 1) The installation or planting of landscaping;
- 2) The installation or construction of statuary, fountains, and other ornamental structures and facilities;
- 3) The installation or construction of public lighting facilities including, but not limited to street lights and traffic signals;
- 4) The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof;
- 5) The installation of park or recreational improvements, including, but not limited to, all the following:
 - a) Land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage.
 - b) Lights, playground equipment, play courts, and public restrooms.
- 6) The acquisition of land for park, recreational, or open-space purposes or any existing improvement otherwise authorized pursuant to this section.
- 7) The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - a) Repair, removal, or replacement of all or any part of any improvements;

- b) Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - c) Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
 - d) The removal of trimmings, rubbish, debris, and other solid waste;
 - e) The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti;
 - f) Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;
 - g) Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
- 8) Incidental expenses associated with the improvements including, but not limited to:
- a) The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
 - b) The costs of printing, advertising, and the publishing, posting and mailing of notices;
 - c) Compensation payable to the County for collection of assessments;
 - d) Compensation of any engineer or attorney employed to render services;
 - e) Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
 - f) Costs associated with any elections held for the approval of a new or increased assessment.

Landscape Improvements

The landscape improvements for the District may include, but are not limited to turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public rights-of-way. Zone specific landscape improvements are described generally as follows:

Zone 1: Streetscape (parkway) landscaping along the South side of Ellenwood Avenue east of Routier Road that is within the public rights-of-way or easements dedicated to the City for maintenance. The costs and special benefits of these improvements are shared equally by only the assessable properties within Zone 1 of the District.

Zone 2: Streetscape (parkway) landscaping surrounding and adjacent to the California Jazz subdivision on the north side of Reserve Drive from Data Drive to International Drive; the east side of Data Drive from Reserve Drive north to the end of the subdivision; the west side of Capital Center Drive from International Drive north to the end of the subdivision; and the north side of International Drive from Reserve Drive to Capital Center Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 2 of the District.

Zone 3: Streetscape (parkway) landscaping on both sides of Zinfandel Drive between International Drive and Data Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 3 of the District.

Zones 2, 3, 4 and 4A: All median landscape improvements within the District located on International Drive from approximately 570 feet westerly of Data Drive to Kilgore Road and on Zinfandel Drive from Data Drive to International Drive. The costs and special benefits of these improvements are proportionately shared by all the properties within Zone 2, 3, 4 and 4A of the District.

Specifically, the landscape improvement areas for this District generally consist of the following:

- Approximately 9,600 square feet of streetscape (parkway) landscaping and 34 trees within the public rights-of-way located on the south side of Ellenwood Avenue.
- Approximately 11,000 square feet of turf, 28,455 square feet of streetscape (parkway) landscaping including 110 trees, located on the north side of Reserve Drive from Data Drive to International Drive; east side of Data Drive, from Reserve Drive north to end of California Jazz tract Unit No. 1; west side of Capital Center Drive, from International Drive north to the end of California Jazz Tract Unit No. 2; and north side of International Drive, from Reserve Drive to Capital Center Drive.
- Approximately 19,400 square feet of turf, 11,500 square feet of streetscape (parkway) landscaping including 57 trees, located on the west side of Zinfandel Drive, south of International Drive.
- Approximately 152,340 square feet of turf, 55,600 square feet of streetscape and median landscaping including 392 trees along International Drive; and medians on International Drive, west of Data Drive to Kilgore Road.

Specifically, not included as District improvements, are those improvements located on private property, improvements and facilities that may be provided or maintained by an agency other than the City; improvements and facilities that may be provided by another assessment or tax levied by the City or County and any improvement provided and maintained by a Homeowner's Association or similar entity.

Detailed descriptions of the location and extent of the specific improvements to be maintained by the District are on file with the City and by reference are made part of this Report. The net annual cost to provide and maintain the improvements determined to be of special benefit shall be allocated to each property in proportion to the special benefits received.

Public Lighting Improvements

Lighting facilities that may be located within the landscaped areas including safety lights, security lights or ornamental lights installed as part of the landscape improvements are budgeted as part of the landscape maintenance costs.

The lighting improvements may include but shall not be limited to the cost of providing electrical energy and servicing of lighting fixtures, poles, meters, conduits, electrical cable and associated appurtenant facilities associated with the street lighting, safety lighting and/or traffic signals within the District including public lighting facilities on designated arterial and collector streets as well as lighting facilities within residential subdivisions or public areas such as parks. The cost of such improvements shall be allocated based on the proportional special benefits properties receive from these improvements.

Part B
ESTIMATE OF COSTS

The Maximum Assessment per Parcel or Acre shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified Zone of the District.

Each zone within the District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Special Projects Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve for each zone is limited by Streets and Highways Code 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County. The City has determined that all budgeted costs as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code 22569.

The Special Projects Reserve can be used to finance the Central Irrigation System (CIS) project and re-vegetation projects, as well as other rehabilitation projects, repairs or replacements of District improvements. The District also holds an undesignated reserve, which represents the balance of the funds transferred from Sacramento County to the City when the authority for the District passed from County control to that of the City. At that time, the City deemed that these transferred funds are to be used exclusively by the District and shall be considered as undesignated reserves within the Zones of the District. Accordingly, funds from the Undesignated Reserve shall be transferred to fund the costs of any Zone, to the extent that the Zone is unable to fund such costs through the annual assessments and available reserves of the Zone.

The Cost Estimate for the District prepared by the City for Fiscal Year 2018/19 follows on the next page.

A description of the terms used in the preceding Cost Estimate table are listed below:

Direct Costs (Maintenance and Operation)

Contract Maintenance - Landscaping – Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

Utilities (Water/Electricity) – Landscaping - The furnishing of water and electricity required for the operation and maintenance of the landscaping related improvements.

Utilities (Electricity) – Lighting - The furnishing of electricity required for the operation of the lighting improvements.

Periodic Repair/Rehabilitation – Landscaping – Expected costs for repair, replacement, installation or planned upgrades of District landscaping improvements.

Periodic Repair/Rehabilitation – Lighting – Expected costs for repair, replacement, installation or planned upgrades of District lighting improvements. If zero, this line item may not be shown in the cost estimate.

Special Project Expenditures – Expected costs for installation, replacement or planned upgrades of District landscaping or lighting improvements for the current year that were previously funded or accumulated in the Special Projects Reserve. The Special Projects Reserve is used to accumulate funds for costs associated with the future rehabilitation, repair or replacement of these District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the cost estimate.

Administration Costs

District Administration – Estimated costs incurred by the City in preparation of the annual budget and the preparation, review, posting and/or publishing of documents and notices required for City Council action to approve the annual assessments. These costs also include contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer’s Report.

Contract Administration – Estimated costs to coordinate and oversee the maintenance contracts and overall repair, maintenance and replacements of the District Improvements.

County Collection Fees – The fee charged to the District by the County for placing assessments on property tax bills.

Other Administration Expenses – Administration expenses not included above, including the cost to publish public notices required for City Council action relating to the District. If zero, this line item may not be shown in the budget.

Total Direct and Administration Costs – The total expected costs of the District.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution to/(use of) Special Projects Reserve — A “Contribution” increases the levy in order to generate funding for the Special Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a “Use of” the Special Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Special Projects Reserve. If the expenditure of a current year special project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Undesignated Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the budget. Further information regarding the function of the Special Projects Reserve is provided in the following pages of this section.

Undesignated Reserve Fund Transfer - A transfer of Undesignated Reserve funds provides current year funding for one or more Zones that are unable to be adequately funded by a Zone’s annual assessments. Further information regarding the Undesignated Reserve can be found in the first page of this section.

Revenues from Other Sources – These amounts represent contributions from CFD No. 2005-2; which only affects Zone 4A. This relationship is more fully described in the previous sections of this report.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Number of Assessable Parcels - The total number of parcels within each Zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements, due possibly to development restrictions.

Assessable Acreage - The total assessable acreage within each Zone that are expected to be assessed on an acreage basis for the current fiscal year.

Maximum Rate per Parcel - The maximum assessment rate that can be assessed to each non-exempt parcel within the respective Zone for the current fiscal year.

Maximum Rate per Acre - The maximum assessment rate per acre that can be assessed to each non-exempt parcel within the respective Zone for the current fiscal year.

Estimated Maximum Assessment Revenue - The total amount that can be assessed to all parcels within each Zone for the current fiscal year based upon the expected number of assessable units and acres using the maximum assessment rates.

Undesignated Reserve Fund Balance

Beginning Undesignated Reserve Fund Balance 7-1-2018 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations, of the Undesignated Reserve. This reserve is undesignated; therefore, funds from the Undesignated Reserve may be used to fund costs of any Zone, to the extent that the Zone is unable to fund such costs through the annual assessments and available reserves of the Zone. Further information regarding the Undesignated Reserve can be found in the first page of this section.

Funding of Expenses in Excess of Assessments (est.) - The amounts expected to be transferred from the Undesignated Reserve to fund Fiscal Year 2018/19 expenses. Funds from the Undesignated Reserve may be transferred to fund the costs of any Zone, to the extent that the Zone is unable to fund such costs through the annual assessments and available reserves of the Zone.

Ending Undesignated Reserve Fund Balance 6-30-2019 (est.) - The anticipated ending balance of cash and receivables, net of any unpaid prior year obligations, of the Undesignated Reserve.

Operating Reserve Fund Balances

Beginning Reserve Fund Balance 7-1-2018 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2018 to December 31, 2018, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Add: Collect from FY 18/19 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If zero, this line item may not be shown in the budget.

Less: Use for FY 18/19 Expenses – The amount of the Operating Reserve to be used to fund Fiscal Year 2018/19 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Fund Balance to an amount no greater than the expected District costs for the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Special Projects Reserve - The amount of Operating Reserve monies to be transferred to or from the Special Projects Reserve. Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Fund Balance 6-30-2019 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2019. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. Any deficit fund balances will be contributed or loaned to the District from a source outside of the District. All Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Special Projects Reserve Fund Balance

Beginning Special Projects Reserve Fund Balance 7-1-2018 (est.) — The projected balance of funds in the Special Projects Reserve as of July 1, 2018. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Add: Collect from FY 18/19 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, repairs, restorations or upgrades of District improvements. This line may show a portion of funds transferred from the Undesignated Reserve to fund a current year special project. If zero, this line item may not be shown in the budget.

Less: Use for FY 18/19 Special Projects – The amount of Special Project Reserve monies expected to be expended for special projects to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Special Projects Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Special Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Project Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Special Projects Reserve Fund Balance 6-30-2019 (est.) - The projected balance of funds in the Special Projects Reserve as of June 30, 2018. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Special Project Reserve or related activity, the Special Project Reserve information may not be presented in the Report.

Special Projects Reserve – Capital Improvement Plan

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment. Therefore, a multi-year Capital Improvement Plan is shown below for the rehabilitation, restoration, repair and/or replacement of District improvements and other allowable costs for each Zone projecting an ending Special Project Reserve balance:

Zone 3:

- Upgrades to irrigation system; replacement and/or enhancement of landscape improvements: \$5,000 in Fiscal Years 2018/19, 2019/20, and 2020/21, and \$25,000 in each of Fiscal Years 2021/2022 and 2022/23.
- Upgrades related to drought resistant landscaping: \$5,000 in Fiscal Year 2018/19, \$10,000 in each of Fiscal Years 2019/20 and 2020/21, and \$15,500 in Fiscal Years 2021/22 and 2022/23.
- Projected costs to reorganize district, including costs of re-engineering and balloting: \$25,330 in Fiscal Year 2022/23 for Zone 3's share of costs.

ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as "Assessment Diagram of Landscaping and Lighting District No. 2005-1." The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this Report was prepared and are incorporated herein and made part of this Report.

A reduced copy of the Assessment Diagram is attached on the following page.

Part D

METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping and appurtenant facilities.

The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIII D addresses several key criteria for the levy of assessments, notably:

Article XIII D Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIII D Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIII D Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the 1972 Act and the provisions of the California Constitution. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

Benefit Analysis

Each of the proposed improvements and the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the California Constitution and 1972 Act.

The improvements provided by the District and for which properties will be assessed have been identified as necessary, required and/or desired for the development of properties within the District and as such, the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of the parcels within the District. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are a distinct and special benefit to the properties within the District. Any improvement or portion thereof that is considered to be of general benefit shall be funded by other revenue sources and not included as part of the special benefit assessments allocated to properties within the District.

Special Benefit

The method of apportionment (method of assessment) established herein is based on the premise that each assessed parcel within the District receives special benefits from specific improvements and the desirability and security of those properties is enhanced by the presence of well-maintained improvements in close proximity to those properties. The special benefits associated with landscape improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green space and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting and other public lighting facilities are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads, streets and public areas.

- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal act and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.

All of the preceding factors contribute to a specific enhancement and desirability of each of the assessed parcels within the District and thereby provide special benefits to the properties. Furthermore, it has been determined that the lack of funding to properly service and maintain the District improvements could have a negative impact on the properties within the District.

General Benefit

In reviewing each of the District improvements, the proximity of those improvements to both properties within the District and those outside the District as well as the reasons for installing and constructing such improvements, it is evident that the improvements are solely for the benefit of properties within the District and the ongoing maintenance and operation of the improvements will directly affect the properties within the District. Although the improvements include public areas, easements, rights-of-way and other amenities available or visible to the public at large, the construction and installation of these improvements were only a direct benefit to the properties within the District and were not required nor necessarily desired by any properties or developments outside the District boundary and any public access or use of the improvements by others is incidental. Therefore, it has been determined that the improvements and the ongoing maintenance, servicing and operation of those improvements provide no measurable general benefit to properties outside the District or to the public at large, but clearly provide distinct and special benefits to properties within the District.

Assessment Methodology

The method of apportionment for the District calculates the receipt of special benefit from the respective improvements based on the actual or proposed land use of the parcels within the District. The special benefit received by each lot or parcel is equated to the overall land use of parcels within the District based on the parcel's actual land use or proposed development.

All costs associated with the improvements shall be fairly distributed among the parcels based upon the special benefit received by each parcel. Additionally, in compliance with the California Constitution, each parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred to that parcel. The benefit formula used to determine the assessment obligation is therefore based upon both the improvements that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific improvements.

At the time that the District was being formed and to identify and determine the special benefit to be received by each parcel and their proportionate share of the improvement costs, it was necessary to consider the entire scope of improvements to be maintained by the District, as well as individual property development within the District. Upon review of the improvements to be

maintained, it was determined that four (4) distinct areas benefit differently from the improvements within the District and therefore the landscape maintenance and assessments were established as four (4) benefit zones for the allocation of the assessments and proportional special benefit, as described below. Although a portion of Zone 4 was designated as Zone 4A in Fiscal Year 2007/08, as discussed below, Zones 4 and 4A remain as one benefit zone and are assessed at the same maximum rate.

Zones and Assessments:

Zone 1 is comprised of ninety-six (96) assessable residential properties, each of which were assessed on a per parcel basis at the pre-existing rate of \$42.50 per parcel.

Zone 2 is comprised of one hundred fifty-four (154) assessable residential properties within the developments known as California Jazz Unit No.1 and Unit No. 2. Each of the one hundred fifty-four (154) assessable parcels were assessed as residential properties on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements and parkway landscape improvements associated with these parcels.

Zone 3 is comprised of eighteen (18) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscaping and \$1,382.76 per acre for the landscaping along the parkways of Zinfandel Drive, totaling \$1,413.24 per acre.

Zone 4 is comprised of fifty-two (52) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements within the District.

Zone 4A is comprised of a portion of Zone 4. Properties within Zone 4A were re-designated as Zone 4A commencing with the Fiscal Year 2007/08 to account for the Zone 4A parcels lying within a portion of CFD 2005-2, while the remaining Zone 4 parcels are outside of the CFD 2005-2 boundaries. Since the CFD 2005-2 Zone 1, special taxes are to be levied upon Zone 4A parcels, these special taxes are contributed in part to the District for the benefit of Zone 4A. Zone 1 of the CFD provides funding for landscape improvements within and adjacent to the development, including the median landscaping identified herein. Although the CFD may fund median landscaping, the special taxes levied within Capital Village may not provide sufficient funds to maintain both the landscape improvements within the Capital Village development and the median landscape improvements within the District that specially benefit the parcels within Zone 4A. Therefore, Zone 4A is comprised of seven hundred eighty-three (783) assessable properties, each of which were assessed \$30.48 per gross acre until such time that the CFD generates sufficient revenue to fund the median landscape improvements. Any funds generated by the CFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

Exempt Parcels — Properties within the District that are not assessed for special benefit include but are not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts, parkways, parks or other publicly owned properties that are part of the District improvements or may provide other benefits to private properties within the District;
- Private properties that cannot be developed independently from an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very restrictive development use;

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment, but shall be reviewed annually by the assessment engineer to confirm the parcels current development status. Government owned properties or public properties are not necessarily exempt properties and shall be subject to special benefit assessment unless it qualifies for an exempt classification.

Special Cases — In many districts where multiple land uses, and zones exist, the typical property classification and assessment methodology does not accurately identify the special benefits received from the improvements for each and every parcel. For example, in some cases, only a small percentage of the parcel's total acreage can actually be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. These special circumstances will be reviewed annually by the assessment engineer.

**Part E
ASSESSMENT ROLL**

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

Non-assessable lots or parcels may include, but are not limited to public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, rights-of-way, common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has little or no value. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this Report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Elizabeth Sparkman, Interim Community Development Director, and Jeanette Cervantes, Management Technician

SUBJECT: **RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 1 FOR FISCAL YEAR 2018-2019**

RECOMMENDATION

Adopt Resolution No. 21-2018 Initiating Proceedings for the Annual Levy and Collection of Charges, Preliminarily Approving the Engineer's Report and Declaring its Intention to Levy the Annual Charges for Fiscal Year 2018-2019 for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1; and

Adopt Resolution No. 22-2018 Amending and/or Confirming the Engineer's Report and establishing the Fiscal Year 2018-2019 Service Charge for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1.

RESULT OF RECOMMENDED ACTION

Adoption of Resolutions 21-2018 and 22-2018 will authorize the continuance of the annual levy and collection of service charges in the Transit Related Services Benefit District, Zone No. 1 to provide for a broad range of transportation services within the District identified in the engineer's report.

BACKGROUND

The purpose of the District is to provide an ongoing financial mechanism to fund a broad range of transportation services intended to benefit property within the District.

In May 2003, the Board of Supervisors of the County of Sacramento formed Benefit Zone No. 1 of County Services Area (CSA) No. 10. to collect annual charges for extended transportation-related services within Benefit Zone No. 1 for the Villages of Zinfandel.

Following the City's incorporation, procedures to detach the district from the County were initiated. On February 15, 2008, LAFCO issued a Certificate of Completion to the City for the detachment from the CSA No. 10 formally detaching the district from the County and transferring responsibility to serve the CSA to the City.

The City redesignated the name of County Services Area No. 10 Benefit Zone No. 1 to “**Transit Related Services Benefit District, Zone No. 1**” (hereafter referred to as the “Transit Benefit Zone No. 1 or the “District”). Services include transit shuttle services, transportation planning, educational programs at Navigator Elementary School, a Guaranteed Ride Home Program, vanpools and infrastructure support.

Transit shuttle services commenced on June 15, 2009 with the implementation of a 3-year demonstration route called the “Rancho CordoVan” which was primarily funded through a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from Transit Zone 1. The CMAQ funding and demonstration period ended on June 30, 2012. The City has been able to continue to operate the shuttle serving Zone 1 by modifying the previous CordoVan route to focus service to the benefit areas, increase the contribution from the special benefit areas, and expanding service to include Zone 2. The Rancho CordoVan service was rerouted in StoneCreek and Capital Village and in September 2012 was expanded to the Anatolia neighborhood. As part of the service upgrade, the pickup point along RT’s Gold Line was changed to the Zinfandel Station in the Zinfandel Plaza parking field. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The City added a CordoVan vehicle to the service fleet in the October 2015. This resulted in the route serving Zone 1 being improved through a concept called “interlining” which takes advantage of switching vehicles among the three. The result added one loop at the end of the morning period and at the end of the evening period. In April 2016, two of the morning routes were adjusted earlier by 25 minutes to better accommodate work arrival times in the business park and the riders heading to Light Rail.

State law requires that the City Council hold a public hearing prior to approval and levy of the proposed charges. An Engineer’s Report showing the proposed rates has been prepared, placed on file with the City Clerk, a copy of which is attached as Exhibit A to the second resolution.

Through adoption of **Resolution No. 21-2018, Attachment 1**, the City is initiating proceedings for the annual levy and collection of charges for certain miscellaneous extended services and preliminarily approves such written report, and declares its intention to levy the annual charges for Fiscal Year 2018-2019. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer’s Report prepared by Francisco & Associates, Inc. includes a description of the District boundaries, a description and cost estimates of the services to be provided, the method and apportionment of charges, a District budget, a description of the property to be benefited, and the amount of the charge to each individual property. The proposed Fiscal Year 2018-2019 charge for each land use category is shown in Table 1.

Table 1 - Transit Zone No. 1

Land Use Category	Parcels Levied	Residential Units/Acres	Equivalent Dwelling Units	Proposed Rate	Per Unit/Acre	Fiscal Year 2018/19 Charge*
Low Density Cluster Residential	196	196 units	196.00	\$71.34	per unit	\$13,982.64
Low Density Residential	1,298	1,298 units	1,298.00	\$71.34	per unit	\$92,599.32
Business Park	4	12.183 acres	268.51	\$1,572.33	per acre	\$19,155.74
Total	1,498					\$125,737.70
*Totals may not foot to the assessment roll due to rounding						

In order to proceed with the levy of charges, it is appropriate for the Council to conduct the public hearing and adopt **Resolution No. 21-2018, Attachment 1**, which initiates the proceedings for the District, preliminarily approves the Engineer's Report, and declares its intention to levy and collect service charges for Fiscal Year 2018-2019 and adopt **Resolution No. 22-2018, Attachment 2**, which amends and/or confirms the Engineer's Report and authorizes the levy and collection of service charges for Fiscal Year 2018-2019.

ENGINEER'S REPORT
CITY OF RANCHO CORDOVA
TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 1
FISCAL YEAR 2018-19

The undersigned, acting on behalf of Francisco & Associates, Inc. respectfully submits the enclosed Engineer's Report pursuant to the provisions of Article XIID, Section 4 of the California Constitution, and provisions of the County Service Area law of California Government Code (§25210 et seq.). The undersigned certifies that he is a Professional Engineer, registered in the State of California.

SECTION I

INTRODUCTION

In May of 2003, the Board of Supervisors of the County of Sacramento, State of California (hereafter referred to as the “County”), pursuant to the provisions of the County Service Area law of California Government Code (§25210 et seq.) (hereafter referred to as “County Service Area Law”), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIIIID (hereafter referred to as the “Constitution”) formed a County Service Area designated as: County Service Area No. 10 (hereafter referred to as “the CSA” or “CSA 10”), to provide miscellaneous extended transportation services for trip reduction in the following areas: *Villages of Zinfandel, Sunridge Specific Plan, and Mather Field*. On May 21, 2003, the County formed a benefit zone within a portion of the CSA to be known as: *Benefit Zone No. 1*, to impose an annual charge, commencing Fiscal Year 2003/04, upon all the parcels of land within the subdivision known as: *The Villages of Zinfandel*.

An Engineer’s Report, dated February 27, 2003, (hereafter referred to as the “CSA Formation Report”) was prepared in connection with the formation proceedings of the CSA and the concurrent proceedings to form and levy annual charges in Benefit Zone No. 1. Reference is hereby made to the CSA Formation Report concerning the formation of CSA 10 Benefit Zone No. 1, including its structure (organization), proposed services, initial rates, escalation formula, and method of apportionment, as well as the projections of development activity and costs associated with the extended services, all of which have been presented in the CSA Formation Report, and approved by the County of Sacramento. (For reference purposes, the CSA Formation Report was incorporated into the District’s Fiscal Year 2008/09 Engineer’s Report, which was approved through City Council Resolution 81-2008.)

Upon the Incorporation of the City of Rancho Cordova on July 1, 2003, a portion of the territory within CSA No. 10, including all parcels within Benefit Zone Nos. 1 and 2, were then located within the new City limits. Pursuant to County Service Area Law and after meeting all requirements to detach these portions of the CSA from County control and transfer control to the City of Rancho Cordova (hereafter referred to as the “City”), LAFCO issued a Certificate of Completion to the City for the Detachment from County Service Area No. 10, subject to the conditions within LAFCO Resolution 1342. The detaching territory was comprised of the areas known as Benefit Zone No. 1, Benefit Zone No. 2 and a portion of Mather Field.

Upon the recordation of the Certificate of Completion on February 15, 2008, the detachment of those portions of CSA No. 10 lying within the City limits was approved, resulting in the transfer of service responsibility and funding of the CSA to the City, pursuant to Government Code section 56886(m) and 56886(t).

In connection with the above-described detachment proceedings and the resulting transfer and reorganization of CSA 10 Benefit Zone No. 1, the City approved the District's Fiscal Year 2008/09 Engineer's Report to continue the annual levy of charges previously authorized for CSA No. 10 and to re-designate the name of CSA 10 Benefit Zone No. 1 as the:

Transit Related Services Benefit District, Zone No. 1

(hereafter referred to as the "Transit Zone No. 1" or the "District"). It is the City's intention to hold a public hearing and consider an annual resolution to levy annual charges for Fiscal Year 2018/19 in order to provide certain miscellaneous extended transportation services within the District.

Purpose of Transit Zone No. 1

The purpose of Transit Zone No. 1 is to enable the extension of a broad range of miscellaneous transportation services to developing areas within the District boundaries. These extended services are funded by an assessment validated pursuant to the Constitution Article XIIID, Section 4. The formation of the former CSA 10 Benefit Zone No. 1, fulfilled certain conditions of development required by the Zinfandel Special Planning Area and related planning documents.

Annual charges through Transit Zone No. 1 for residential and nonresidential development will fund transit shuttle services and/or other supplemental transportation services as determined appropriate by the City Council.

Adoption Proceedings of CSA No. 10, Benefit Zone No. 1

Pursuant to California Constitution Article XIIID, Section 4, the County conducted a mailed ballot election for the territory known as CSA 10 Benefit Zone No. 1. Each ballot, which was weighted by the amount of the charge for each parcel, was mailed to each owner of record.

The results of the returned ballots determined that a majority protest of the charge and inflator formula did not exist. The County then approved the CSA Zone 1 Formation Report, imposed the maximum allowable charge in Benefit Zone No. 1 for Fiscal Year 2003/04, authorized annual increases in the charge for all subsequent fiscal years up to the amount allowed by the inflator formula and ordered the charge to be placed onto the property tax roll.

Authority for the City to Continue the Charges of CSA 10 Benefit Zone No. 1

According to Government Code section 56886, "Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions: (m) the designation of a city, county, or district, as the successor to any local agency that is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance or other contracts and obligations of the extinguished local agency; and (t) the extension or continuation of any previously authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory."

Pursuant to the foregoing, the City is duly authorized to continue to levy the charges previously authorized for detached Zones within CSA 10, utilizing the procedures prescribed for Counties under County Service Area Law to fix and collect charges for particular extended services. For the remainder of this report, any references to County Service Area Law and the City's authorized capacity to apply the same, the term "City" shall be used in the place of "County".

The word "parcel," for the purposes of this report, refers to an individual property assigned its own number by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses these numbers to identify properties to be charged on the tax roll for district charges, including the charges described in this report.

Compliance with Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment is one of a series of initiatives altering the revenue-raising discretion of California local agencies. The provisions of the Proposition are set forth in the California Constitution Articles XIIC and XIID.

As relevant to the District, California Constitution Article XIII D, Sections 1 through 5, provide for additional substantive and procedural requirements, as outlined below.

In Proposition 218, "Assessments" are defined as:

"... any levy or charge upon real property by an agency for a special benefit conferred upon the real property. 'Assessment' includes, but is not limited to, 'special assessment,' 'benefit assessment,' 'maintenance assessment' and 'special assessment tax.'" Article XIII D Section 2b.

Although the District's annual service charges are generally collected on the property tax rolls, the District's service charges are not "taxes." Service charges are distinct from the regular one percent (1%) property tax and property tax debt overrides in that assessment rates are not levied on an ad valorem basis. The service charges contained in this report are considered assessments under Proposition 218.

Proposition 218 requires that beginning July 1, 1997, all new and existing assessments (with some exceptions) conform to new substantive and procedural requirements. However, certain assessments are exempted from the conformity requirement until they are increased. Generally, these exemptions include:

- Assessments used exclusively to fund sidewalks, streets, sewers, water, flood control, drainage systems, or vector control.
- Assessments used exclusively for bond repayments, the cessation of which would violate the Contract Impairment Clause of the U.S. Constitution.
- Assessments previously approved by a majority of voters.
- Assessments approved by the persons owning all the property at the time the assessment was initially imposed.

Transit Zone No. 1 was formed after the passage of Proposition 218. As such, Transit Zone No. 1 was formed in accordance with the substantive and procedural requirements and the property owners were balloted for the annual service charges and this successful balloting included an annual Consumer Price Index inflator.

SECTION II

CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE No. 1 FISCAL YEAR 2018-19 ENGINEER'S REPORT

Pursuant to the County Service Area Law, I, Joseph A. Francisco, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Transit Related Services Benefit District, Zone No. 1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District includes those lots and parcels of land within the District that are associated and benefit from the transit related services and associated improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's transit related services and associated improvements. The estimate included herein, is also on file at the City of Rancho Cordova.

Part C – TRANSIT ZONE NO. 1 BOUNDARIES

This part incorporates a diagram of the District showing the exterior boundaries of the District, and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment used to calculate each property's proportional special benefit and annual assessment.

Part E –CHARGE ROLL

This part contains a listing of the proposed levy amount for each parcel within the District. The proposed amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment. The Charge Roll is filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A

PLANS AND SPECIFICATIONS

This part of the report describes the properties included in the boundaries of the District and the proposed extended services to be provided by Transit Zone No. 1 to properties within the boundaries of the District.

Transit Zone No. 1 Boundaries

The boundaries of Transit Zone No. 1 and the former CSA 10 Benefit Zone No. 1 are congruent. Transit Zone No. 1 is an irregular shape that covers the Villages of Zinfandel. The Villages of Zinfandel is generally located:

- ♦ South of International Boulevard;
- ♦ North of Mather Boulevard;
- ♦ East of Femoyer Street; and
- ♦ West of the Folsom South Canal.

Reference is made to the diagram shown in Part C of the report.

General Description of Services

Transit Zone No. 1 provides the funding mechanism (annual charges) for transit shuttles and other supplemental transportation services as described in the CSA Formation Report. Transit Zone No. 1 will provide transportation services to both residential and non-residential development within the Zinfandel Special Planning Area. The formation of CSA 10 Benefit Zone No. 1 fulfilled certain conditions of development included in County Ordinance No SCZ 2000-018 for the Zinfandel Special Planning Area and related planning documents, as well as the related Transportation System Management Plan and AQ-15 Plan, for funding shuttle services and provisions of supplemental transportation services.

The charges for residential and non-residential development will fund these specified transportation services as determined appropriate on an annual basis by the City Council. The City Council, in its sole discretion, may discontinue the portion of the service charge used for shuttle service once the City Council determines that Sacramento Regional Transit has provided appropriate service. Alternately, the City Council may maintain such service charge and increase other supplemental transportation services. Supplemental transportation services may include, but are not limited to, the following:

- ♦ Transit Shuttle – shuttle for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations and/or other public transit options;
- ♦ Guaranteed Ride Home – free taxi rides and rental cars for ride sharers in case of an emergency;

- ♦ Transit Subsidies – financial assistance to encourage residents and employees to use transit or other alternative transportation measures;
- ♦ Transportation Planning for Employers and/or Resident Groups – plans which guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs;
- ♦ Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities;
- ♦ Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities;
- ♦ Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and work site coordinators;
- ♦ Bicycle and Alternative Fuel Vehicle Incentives – incentives for purchasing new bicycles or alternative fuel vehicles.

Part B
 ESTIMATE OF COSTS

The Maximum Rate per Equivalent Dwelling Unit (“EDU”) shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within Transit Zone No. 1.

The District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Capital Outlay/Contingency Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all budgeted costs as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof. In addition, Government Code Section 25210.6 allows the City to levy and collect charges to fund capital outlays in the current year or to levy and collect charges to accumulate funds for capital outlay purposes, and Government Code Section 25210.7 allows the City to levy and collect charges for any appropriation for contingencies to be used for expenses for maintenance and operation of any services within the Transit Zone. The Capital Outlay/Contingency Reserve is used to fund capital outlay and any contingency purposes that may be necessary to properly provide services to properties within District.

The Cost Estimate for the District prepared by the City for Fiscal Year 2018/19 follows on the next page, along with details about additional funding requirements and a brief description of each line item included in the cost estimate.

Additional Funding Requirements

The City of Rancho Cordova and Sacramento Regional Transit conducted a joint planning effort in 2008 to identify the operational characteristics of a pilot neighborhood shuttle service. The planning effort resulted in the implementation of a demonstration route (called the “Rancho CordoVan”) on June 15, 2009. A primary benefit of and for the demonstration shuttle service is mitigating the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and providing better connectivity with Regional Transit’s light rail system. The Rancho CordoVan demonstration shuttle was limited to the area between the Cordova Town Center Light Rail station and the businesses and residents just south of Highway 50, along Zinfandel Boulevard.

The primary funding source for the planning effort and the pilot shuttle service was a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from Transit Zone 1. The CMAQ funding and demonstration period ended on June 30, 2012.

The City has continued to operate the shuttle serving the District by modifying the previous CordoVan route to focus service to the benefit areas, increase the contribution from the special benefit areas, and expanding service to include Zone 2. The Rancho CordoVan service was rerouted in Stone Creek and Capital Village in September 2012 and was expanded to the Anatolia neighborhood. As part of the service upgrade, the pickup point along RT’s Gold Line was changed to the Zinfandel Station in the Zinfandel parking field. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback, a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The City added a CordoVan vehicle to the service fleet in October 2015. This resulted in the route serving Zone 1 being improved through a concept called “interlining”, which takes advantage of switching vehicles. The result added one loop at the end of the morning period and at the end of the evening period. In April 2016, two of the morning routes were adjusted earlier by 25 minutes to better accommodate work arrival times in the business park and the riders heading to light rail.

The Fiscal Year 2018/19 expenditures for Transit Zone No. 1 includes:

- ♦ Shuttle Services Operations & Planning – \$122,200 towards the operations and maintenance of the CordoVan shuttle service
- ♦ Transportation Planning and Coordination –\$6,000 is allocated for the 50 Corridor TMA to provide outreach and coordination services to continue ridesharing, van pool, and shuttle programs.
- ♦ Outreach and Educational Programs –\$4,000 is allocated to continue safe routes to school education at Navigator Elementary School on alternative mode transportation and encourage students and parents to walk or bicycle to school.
- ♦ Guaranteed Ride Home –\$1,000 is allocated for free taxi rides and rental cars for ride sharers or shuttle riders in the case of an emergency.

- ♦ Infrastructure Support – transit facilities (bus stop signs, shelters, etc.). An allocation of at least \$10,000 is needed for new infrastructure and on-going maintenance of bus stops, shelters, and signs.
- ♦ Transit Subsidies and Incentives –\$15,000 of financial assistance in the form of subsidies is provided to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Descriptions of Budget Items

A description of the terms associated with the services funded through Transit Zone No. 1 in the preceding Cost Estimate table are listed below:

Direct Costs (Services and Operating Costs)

Shuttle Services Operations & Planning - Includes costs to provide transit shuttle services for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations, as well as other public transit options.

Transportation Planning and Coordination - Includes the cost of transportation plans for employers and/or resident groups, which can guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs, as well as instruction in mobility (transportation alternatives) for residential groups and work site coordinators. If zero, this line item may not be shown in the cost estimate.

Outreach and Educational Programs - Includes the cost of various programs, such as education of elementary students at Navigator Elementary School on the alternative modes of transportation available and encourages students and parents to walk or bicycle to school. If zero, this line item may not be shown in the cost estimate.

Guaranteed Ride Home - Includes the cost to provide free taxi rides and rental cars for ride sharers in case of an emergency.

Infrastructure Support - Includes the cost of facilities, such as additional bike racks and lockers, transportation alternatives and ride share informational boards and kiosks, and transit facilities.

Transit Subsidies, Incentives, and Staff Costs - includes the cost for financial assistance in the form of subsidies to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Administration Costs

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the service charges and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the service charges, preparation of the annual report, and placing the service charges on the property tax bills.

Transit Shuttle Administration - Includes all or a portion of the administrative costs associated with overseeing the operation of the Transit Shuttle, developing an annual service budget and coordination of the annual approval of the charges.

County Collection Fees - Includes the cost that the County charges to place the service charges onto the Sacramento County Secured Tax Roll.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve - A “replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate.

Contribution for/ (Use of) Capital Outlay/Contingency Reserve - A “contribution” increases the levy in order to generate funding for capital outlay contingency purposes. On the other hand, a “use of” of this reserve provides current year funding for capital outlays or contingency purposes from available funds within the Capital Outlay / Contingency Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Capital Outlay / Contingency Reserve is provided under “Reserve Balance Information” below.

Balance to Levy - This is the total amount to be levied and collected through charges for the current fiscal year. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

Zone 1 Statistics and Assessment Rates

Parcels to be Levied - The total number of parcels that are expected to be charged for the current fiscal year.

Developed Equivalent Dwelling Units (EDU's) – The total number of developed Equivalent Dwelling Units (EDU's) that are expected to be charged for the current fiscal year.

Maximum Rate per EDU – The maximum rate to be charged to each EDU for the current fiscal year.

Estimated Maximum Revenue – The total amount that can be charged against all parcels

within the Transit Zone for the current fiscal year based upon the expected number of EDU's to be charged.

Operating Reserve Fund Balance

Beginning Operating Reserve Fund Balance 7-1-2018 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances are expected to be used to fund expenditures from July 1, 2018 to December 31, 2018, as the Operating Reserve is used to compensate for the approximate six-month delay between the start of the Transit Zone's fiscal year and the receipt of the collections from the County. All Capital Outlay / Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately.

Collect from FY 2018/19 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the Transit Zone's receipt of charge collections, the Operating Reserve balance should be sufficiently funded to provide for expenditures from the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If zero, this line item may not be shown in the cost estimate.

Use for FY 2018/19 Expenses - The amount of the Operating Reserve to be used to fund Fiscal Year 2018/19 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected Transit Zone costs for the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Outlay/Contingency Reserve - The amount of Operating Reserve monies to be transferred to or from the Capital Outlay/Contingency Reserve. Periodically, funds held in a Capital Outlay / Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2019 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2019. This balance should be sufficiently funded to provide for the first six- months of budgeted expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Outlay / Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Capital Outlay/Contingency Reserve Fund Balance

Beginning Capital Outlay / Contingency Reserve Fund Balance 7-1-2018 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of July 1, 2018. Community Service Area Law allows the levy and accumulation of funds in excess of the Transit Zone's operating reserve to fund capital outlays within the current year or to accumulate funds for these purposes. In addition, these funds may be used for any appropriation for contingencies to fund the services or other expenses of the Transit Zone.

Collect from FY 2018/19 Levy - This amount is added to the levy to accumulate funding for future year Capital Outlay / Contingency purposes. If zero, this line item may not be shown in the cost estimate.

Use for FY 2018/19 Capital Outlay/Contingency Purposes - The amount of Capital Outlay/Contingency Reserve monies expected to be transferred out of the Capital Outlay/Contingency Reserve to be used in the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve - The amount of Capital Outlay/Contingency Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the budget.

Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2019 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of June 30, 2019. These funds shall be used for future year Capital Outlay/Contingency purposes.

Part C

TRANSIT ZONE NO. 1 BOUNDARIES

The parcels to be charged consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Boundary Map of Transit Related Services Benefit District, Zone No. 1.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this Report was prepared and are incorporated herein and made part of this report.

A reduced copy of the Boundary Map is attached on the following page.

Part D
METHOD OF APPORTIONMENT

County Service Area Law (Government Code Section 25210 et seq), together with Local Agency Formation law (Government Code Sections 56886(m) and 56886(t)), permit a county, or a successor city, in the case of a detached CSA, to levy or collect a tax or charge in any CSA, or zone within a CSA, to fund any one or more of the services mentioned in Part A. A county or successor city may also levy and collect taxes or charges for capital outlay purposes within the respective CSA or detached CSA, for the accumulation of a reserve fund for capital outlay purposes, and for any appropriation for contingencies to be used for expenses for maintenance and operation of any services.

The method of apportionment utilized commonly accepted engineering practices that have been established pursuant to the County Service Area Law and the Constitution.

The remainder of this part describes the methodology, estimated annual revenue, and annual escalation formula for the charge to be levied in Transit Zone No. 1.

Benefit Analysis

The methodology established through CSA 10 Benefit Zone No. 1 and authorized for Transit Zone No. 1 is summarized below.

The Transit Zone No. 1 charges are levied to fund property-related services. These charges comply with County Service Area Law and Article XIIIID Section 4 of the California Constitution, as the charges are to fund property-related services.

The initial rates of CSA 10 Benefit Zone No. 1 were based on the estimated costs to fund supplemental transportation services in Fiscal Year 2003/04 for the Villages of Zinfandel Special Planning Area at build out. The costs of the District are apportioned by a formula or method which fairly distributes the net amount to be assessed among the assessable parcels in proportion to the special benefits received by each such parcel from the services provided by the District and a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIIIID requires that only special benefits are assessable, and that the City shall separate the general benefit from special benefit. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the district. The general enhancement of property value does not constitute a special benefit. Each parcel within the District receives special benefits from the services provided due to the distinct nature and proximity of these services.

Specific Benefit

The method of apportionment is based on the premise that each charged parcel receives special benefit from the District services funded by the annual service charges as these services are to be provided to individuals using, visiting or occupying the parcels within the District.

The annual service charges outlined in this report are based on the estimated costs to provide necessary services, improvements, operation and administration required to ensure the satisfactory condition of each improvement and quality of the services provided.

The special benefits associated with the District services, include but are not limited to:

- ♦ Transit Shuttle – shuttle for District residents and/or employees of District businesses;
- ♦ Guaranteed Ride Home – free taxi rides and rental cars for ride sharers, in case of an emergency, for those residing and/or employed within the District;
- ♦ Transit Subsidies – financial assistance to encourage residents and employees working within the District to use transit or other alternative transportation measures;
- ♦ Transportation Planning for employers and/or resident groups working or residing within the District;
- ♦ Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities for employers and/or resident groups working or residing within the District;
- ♦ Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities within the District;
- ♦ Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and employers located in the District;
- ♦ Bicycle and Alternative Fuel Vehicle Incentives – incentives for District residents and/or employees of businesses within the District to purchase new bicycles or alternative fuel vehicles;
- ♦ A reduction of close-proximity car and diesel truck emissions, at ground level, onto District properties.

The preceding special benefits contribute to a special enhancement and desirability of each of the assessed parcels within the District.

General Benefit

In addition to the special benefits received by the parcels within the District, there are incidental general benefits conferred by the District services and improvements. These incidental general benefits conferred by the District improvements include:

- ♦ A general reduction in vehicle traffic in portions of the City.
- ♦ A possible general reduction in the traffic accidents in portions of the City.

Apportionment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the service related costs, it is necessary to consider not only the services to be provided, but the relationship each parcel has to those services as compared to other parcels in the District. The benefit formula used to determine the assessment obligation is therefore based upon both the services that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific services.

Equivalent Dwelling Unit Factors

The unit of demand used for the charge is an equivalent dwelling unit (“EDU”). One EDU is the amount of demand for services associated with one (1) low-density residential unit in a single year. The demand for all other land use types reflects a comparison of the demand for service relative to one EDU for a low-density residential unit.

Demand is assumed to be generated by developed residential and non-residential land uses. No demand is associated with undeveloped land and no charge is levied on this land use. Table 1 provides the number of EDUs assigned to each land use type for calculating the maximum charge.

Table 1: Transit Zone No. 1 - EDU's by Land Use	
Land Use	EDU Factor ⁽¹⁾
Developed Acreage	
Residential (per dwelling unit)	
Low Density	1
Medium Density	0.8
High Density	0.6
Nonresidential (per acre)	
Low Density	25.64
Medium Density	22.04
High Density	9.2
Undeveloped Acreage	
All Land Uses	-

⁽¹⁾ EDU Factors as approved for Sacramento County CSA 10, Benefit Zone No. 1, FY 2003-04.

These EDU Factors were determined based upon average daily vehicle trips (“ADT”) per land use type. ADT was used to determine the charge by land use type because vehicle trips are a reasonable measure of demand for the supplemental transportation services immediately available to property owners paying the charge. Demand for services was measured by using average vehicle trip generation rates that vary by type of land use.

Each parcel's charge was calculated by multiplying the cost per EDU by the amount of EDU's assigned to each property according their land use type. This methodology fairly distributes the total cost for services among all parcels based on each parcel's proportional demand for the services immediately available to that parcel. In this manner, each parcel's charge does not exceed the reasonable cost of services to that parcel.

Land Use Definitions

Definition of the land use definitions are as follows:

Developed Parcels -	All single-family detached residential parcels for which a final map has been recorded, and all other parcels for which a building permit has been issued, on or prior to June 30 of the fiscal year preceding the year in which the charge is levied.
Undeveloped Parcels -	All parcels that are not Developed Parcels or Exempt Parcels.
Low Density -	This category includes densities of up to five (5.0) dwelling units per residential acre. Permitted uses in the LD Area as shown in Section 512-215 of the Zoning Code include those uses allowed in the RD-5, RD-4, and RD-3 Land Use Zones.
Low Density Cluster -	This category includes densities of more than five (5.1 and greater) dwelling units per acre and up to 15.0 units per acre. Permitted uses in the Low-Density Cluster area are as shown in Section 512-215, which includes those uses allowed in the RD-7, RD-10, and RD-15 Land Use Zones.
Medium Density -	This category includes densities of more than 15.0 (15.1 and greater) and no more than 20.0 dwelling units per acre. Permitted uses in the Medium Density area are as shown in Section 512-215 of the Zoning Code and include those uses allowed in the RD-15 and RD-20 Land Use Zones.
High Density -	The category includes densities of more than 20.0 (20.1 and greater) units per net residential acre. The uses permitted in a high-density area are as shown and include those uses allowed in the RD-25, RD-30, and RD-40 Land Use Zones.
Retail Commercial -	Permitted uses within the retail commercial areas are as shown in Section 512-215 of the Zoning Code, and are those uses permitted in the Shopping Center, Business and Professional Office Zone, and Residential (RD-10, RD-15, and RD-20) or any other retail category. This land use designation further includes all other uses that would generate a high number of average daily trips.

Business Park -

Permitted uses within the Business Park areas as shown in Section 512-215 of the Zoning Code and are those permitted in Business and Professional Office (BP), as listed in Zoning Code Section 225, and Industrial – Office Park (MP) Zone, as listed in Zoning Code Section 230 or any other business park-related land use category.

This land use designation further includes all other uses that would generate a medium number of average daily trips.

Light Industrial -

Permitted uses within the Light Industrial areas as shown in Section 512-215 of the Zoning Code and are those uses permitted in the Light Industrial (M-1) Land Use Zone and the Industrial – Office Park (MP) Zone, as listed in Zoning Code Section 230 or any other industrial-related land use category.

This land use designation further includes all other uses that would generate a low number of average daily trips.

Exempt -

Public parcels including parks, schools, utility parcels, and designated open space parcels are exempt from the service charge because no services funded by Transit Zone No. 1 are provided to these parcels.

Formula for Inflating the Annual Maximum Charge

The formula for inflating the annual maximum charge established through CSA 10 Benefit Zone No. 1, and to be used for Transit Zone No. 1, is summarized as follows.

The property owner balloting that established the maximum charges to CSA 10 Benefit Zone No. 1 included an annual inflator formula. The purpose of establishing an inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add administrative costs to Transit Zone No. 1. The law implementing Article XIIID (Senate Bill 919) of the Constitution, clarifies that an increase in a maximum charge to implement a voter-approved inflator formula is not an increase subject to additional property owner consideration.

This inflator formula allows for annual increases to the maximum allowable charges by the increase in the Consumer Price Index published for the Sacramento Region by the U.S. Department of Labor (CPI), or six percent (6%), whichever is less. The CPI increase to be used in the inflator formula will be the change in the CPI index from the January two years before the adjustment of the charge to the January in the year preceding adjustment of the charge; beginning in the second fiscal year (Fiscal Year 2004/05), and each fiscal year thereafter, the maximum allowable charge will be recalculated, and a new maximum charge established.

The City may choose to impose less than the maximum allowable charge in any year if service costs warrant the reduction. If the City, or previously the County, has imposed an amount less than the maximum charge, the City may also choose to increase the charge in any year to fully fund services up to the level of the maximum allowable charge for that fiscal year. In this way, the maximum allowable charge is adjusted annually and is calculated independent of the Transit Zone's annual budget.

The U.S. Department of Labor's Bureau of Labor Statistics no longer provides CPI factors for January for the San Francisco-Oakland-San Jose area. The CPI factors are now published bi-monthly on even months only (February, April, June, etc.). Since the February CPI factors include, in part, the data that would have been used to determine the January CPI factors, the City has determined that Transit Zone No. 1 shall now use the CPI data for the month of February.

The percentage increase from the February 2017 CPI to the February 2018 CPI was 3.5644%.

Table 2 provides the Fiscal Year 2018/19 maximum charge per EDU together with the maximum charge by land use.

⁽²⁾ The FY 2018/19 maximum charge per EDU is calculated by increasing the FY 2017/18 maximum charge per EDU of \$68.89 by 3.5644%, the percentage increase in the CPI from February 2017 to February 2018. Rates and percentages in the Report have been rounded for presentation purposes.

Part E
CHARGE ROLL

Parcel identification for each lot or parcel within the District is based on the diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be charged within this District along with the amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and rate rather than a proportionate share of the original amount.

The following is a list of the parcels and proposed amounts for each of the parcels within the District as determined by the rates and method of apportionment described herein:

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Elizabeth Sparkman, Interim Community Development Director and Jeanette Cervantes, Management Technician

SUBJECT: **RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 2 FOR FISCAL YEAR 2018-2019**

RECOMMENDATION

Adopt Resolution No. 23-2018 Initiating Proceedings for the Annual Levy and Collection of Charges, Preliminarily Approving the Engineer's Report, and Declaring its Intention to Levy the Annual Charges for Fiscal Year 2018-2019 for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2; and

Adopt Resolution No. 24-2018 Amending and/or Confirming the Engineer's Report and establishing the Fiscal Year 2018-2019 Service Charges for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2.

RESULT OF RECOMMENDED ACTION

Adoption of Resolutions 23-2018 and 24-2018 will authorize the continuance of the annual levy and collection of service charges in the Transit Related Services Benefit District, Zone No. 2 to provide for a broad range of miscellaneous transportation services within the District as identified in the Engineer's Report.

BACKGROUND

The purpose of the District is to provide an ongoing financial mechanism to fund a broad range of miscellaneous transportation services intended to benefit the property within the District.

In January 2004, the Board of Supervisors of the County of Sacramento formed Benefit Zone No. 2 of County Services Area (CSA) No. 10. to collect annual charges for extended transportation-related services within Benefit Zone No. 2 for the Sunridge Specific Plan Area.

Following the City's incorporation, procedures to detach the district from the County were initiated. On February 15, 2008, LAFCO issued a Certificate of Completion to the City for the detachment from the County Service Area No. 10 formally detaching the district from the County and transferring services responsibility and funding of the CSA to the City.

The City redesignated the name of County Services Area No. 10 Benefit Zone No. 2 to “Transit Related Services Benefit District, Zone No. 2” (hereafter referred to as the “Transit Benefit Zone No. 2” or the “District”). Services include transit shuttle services, transportation planning, educational programs at Sunrise and Robert J. McGarvey Elementary schools, a guaranteed ride home program, vanpools, and infrastructure support.

The construction of the International Drive extension to Sunrise Boulevard and the completion of the extension of Zinfandel Drive to Douglas Road provided the opportunity to effectively service the area with shuttle service. The CordoVan shuttle commenced new routing in September 2012 with a service between the Anatolia Club House and the Zinfandel Light Rail Station. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The City added a CordoVan vehicle to the service fleet in the October of 2015. The new vehicle connects to the Anatolia Clubhouse and proceeds on to Sunridge Park. The CordoVan that is serving the Anatolia Clubhouse was extended to serve Kavala Ranch. The resulting service to the Anatolia Clubhouse has improved services by reducing headways (intervals between busses) from 45 to 30 minutes. In April 2016, the morning routes were adjusted earlier by 25 minutes to better accommodate work times in the business park and the riders heading to Light Rail. Unused funds of the FY 2018-2019 levy will be retained in reserves for future additional service to the area.

State law requires that the City Council hold a public hearing prior to approval and levy of the proposed charges. An Engineer’s Report showing the proposed rates has been prepared, placed on file with the City Clerk, a copy of which is attached as Exhibit A to the second resolution.

Through adoption of **Resolution No. 23-2018, Attachment 1**, the City is initiating proceedings for the annual levy and collection of charges for certain miscellaneous extended services and preliminarily approves such written report, and declares its intention to levy the annual charges for Fiscal Year 2018-2019. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer’s Report prepared by Francisco & Associates, Inc., includes a description of the District boundaries, a description and cost estimates of the services to be provided, the method and apportionment of charges, a District budget, a description of the property to be benefited, and the amount of the charge to each individual property.

The proposed Fiscal Year 2018-2019 charges for each land use category are shown in Table 1.

Table 1 - Transit Zone No. 2

Land Use Category	Parcels Levied	Residential Units / Acres	Equivalent Dwelling Units	Proposed Rate	Per Unit / Acre	FY 2017/2018 Charges
Low Density Residential	3,437	3,437 units	3,437.00	\$110.84	per unit	\$380,972.55
Medium Density Residential	999	999	799.20	\$88.68	per unit	\$88,586.92
Mixed Commercial	1	4.34	95.65	\$2,443.01	per acre	\$10,602.66
Retail	9	14.806 acres	379.63	\$2,842.05	per acre	\$42,079.44
TOTAL LEVY						\$522,241.58
*Totals may not foot to the assessment roll due to rounding.						

In order to proceed with the levy of charges, it is appropriate for the Council to conduct the public hearing and adopt Resolution No. **23-2018, Attachment 1**, which initiates the proceedings for the District, preliminary approves the Engineer's Report, and declares its intention to levy and collect service charges for Fiscal Year 2018-2019. **Resolution No. 24-2018, Attachment 2**, amends and/or confirms the Engineer's Report and authorizes the levy and collection of service charges for Fiscal Year 2018-2019.

FISCAL IMPACT

There is no fiscal impact to the City's General Fund.

ENGINEER'S REPORT
CITY OF RANCHO CORDOVA
TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 2
FISCAL YEAR 2018-19

The undersigned, acting on behalf of Francisco & Associates, Inc. respectfully submits the enclosed Engineer's Report pursuant to the provisions of Article XIID, Section 4 of the California Constitution, and provisions of the County Service Area law of California Government Code (§25210 et seq.). The undersigned certifies that he is a Professional Engineer, registered in the State of California.

SECTION I

INTRODUCTION

In May of 2003, the Board of Supervisors of the County of Sacramento, State of California (hereafter referred to as the “County”), pursuant to the provisions of the County Service Area law of California Government Code (§25210 et seq.) (hereafter referred to as “County Service Area Law”), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIIIID (hereafter referred to as the “Constitution”) formed a County Service Area designated as: County Service Area No. 10 (hereafter referred to as “the CSA” or “CSA 10”) to provide miscellaneous extended transportation services for trip reduction in the following areas: *Villages of Zinfandel*, *Sunridge Specific Plan*, and *Mather Field*. On January 11, 2005, the County, in coordination with the City of Rancho Cordova (hereafter referred to as the “City”), formed a benefit zone within a portion of the CSA to be known as: *Benefit Zone No. 2*, to impose an annual charge, commencing Fiscal Year 2005/06, upon all of the parcels of land within the subdivision known as the: *Sunridge Specific Plan*.

An Engineer’s Report dated November 18, 2004 and noted as “Final (Revised)”, together with the one-page memorandum, dated January 10, 2005, regarding an amendment thereto (hereafter referred to as the “CSA Zone 2 Formation Report”) was prepared in connection with the proceedings to form and levy annual charges in Benefit Zone No. 2. Reference is hereby made to the CSA Formation Report concerning the formation of CSA 10 Benefit Zone No. 2, including its structure (organization), proposed services, initial rates, inflator formula, and method of apportionment and charges, as well as the projections of development activity and cost associated with the extended services, all of which have been presented in the CSA Formation Report, and approved by the County of Sacramento. (For reference purposes, the CSA Formation Report was incorporated into the District’s Fiscal Year 2008/09 Engineer’s Report, which was approved through City Council Resolution 82-2008.)

Upon the Incorporation of the City of Rancho Cordova on July 1, 2003, a portion of the territory within CSA No. 10, including all parcels within the *Sunridge Specific Plan*, was then located within the new City limits. Pursuant to County Service Area Law and after all requirements to detach the portion of CSA 10 from County control and transfer to the City, LAFCO issued a Certificate of Completion to the City for the Detachment from County Service Area No. 10, subject to the conditions within LAFCO Resolution 1342. The detaching territory was comprised of the areas known as Benefit Zone No. 1, Benefit Zone No. 2 and a portion of *Mather Field*.

Upon the recordation of the Certificate of Completion on February 15, 2008, the detachment of these portions of CSA No. 10 within the City’s boundary was approved, resulting in the transfer of service responsibility and funding of the CSA to the City, pursuant to Government Code Sections 56886(m) and 56886(t).

In connection with the above-described detachment proceedings and the resulting transfer and reorganization of CSA 10 Benefit Zone No. 2, the City approved the District's Fiscal Year 2008/09 Engineer's Report to continue the annual levy of charges previously authorized for CSA No. 10 and to re-designate the name of CSA 10 Benefit Zone No. 2 as the:

Transit Related Services Benefit District, Zone No. 2

(hereafter referred to as the "Transit Zone No. 2" or the "District"). It is the City's intention to hold a public hearing and consider an annual resolution to levy annual charges for Fiscal Year 2018/19 in order to provide certain miscellaneous extended transportation services within the District.

Purpose of Transit Zone No. 2

The purpose of Benefit Zone No. 2 is to extend certain transportation-related services to developing areas, as described below. These extended services are funded by an assessment validated pursuant to the Constitution Article XIIIID, Section 4. The formation of Benefit Zone No. 2 fulfills certain conditions of development for the Sunridge Specific Plan and related planning documents.

Annual charges through Transit Zone No. 2 for residential and non-residential development will fund transit shuttle services and/or other supplemental transportation services as determined appropriate by the City Council.

Adoption Proceedings of CSA No. 10, Benefit Zone No. 2

Pursuant to California Constitution Article XIIIID, Section 4, the County conducted a mailed ballot election for the territory known as CSA 10 Benefit Zone No. 2. Each ballot, which was weighted by the amount of the charge for each parcel, was mailed to each owner of record.

The results of the returned ballots determined that a majority protest of the charge and inflator formula did not exist. The County then approved the CSA Zone 2 Formation Report, imposed the maximum allowable charge in Benefit Zone No. 2 for Fiscal Year 2005/06, authorized annual increases in the charge for all subsequent fiscal years up to the amount allowed by the inflator formula and ordered the charge to be placed onto the property tax roll.

Authority for the City to Continue the Charges of CSA 10 Benefit Zone No. 2

According to Government Code section 56886, "Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions: (m) the designation of a city, county, or district, as the successor to any local agency that is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance or other contracts and obligations of the extinguished local agency; and (t) the extension or continuation of any previously authorized charge, fee,

assessment, or tax by the local agency or a successor local agency in the affected territory.”

Pursuant to the foregoing, the City is duly authorized to continue to levy the charges previously authorized for the detached Zones within CSA 10, utilizing the procedures prescribed for Counties under County Service Area Law to fix and collect charges for particular extended services. For the remainder of this report, any references to County Service Area Law and the City’s authorized capacity to apply same, the term “City” shall be used in the place of “County”.

The word “parcel,” for the purposes of this report, refers to an individual property assigned its own number by the Sacramento County Assessor’s Office. The Sacramento County Auditor/Controller uses these numbers to identify properties to be charged on the tax roll for district charges, including the charges described in this report.

Compliance with Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment was the latest in a series of initiatives altering the revenue-raising discretion of California local agencies. The provisions of the Proposition are set forth in the California Constitution Articles XIIC and XIID.

As relevant to the District, California Constitution Article XIII D, Sections 1 through 5, provide for additional substantive and procedural requirements, as outlined below.

In Proposition 218, “Assessments” are defined as:

“... any levy or charge upon real property by an agency for a special benefit conferred upon the real property. ‘Assessment’ includes, but is not limited to, ‘special assessment,’ ‘benefit assessment,’ ‘maintenance assessment’ and ‘special assessment tax.’” Article XIII D Section 2b.

Although the District’s annual service charges are generally collected on the property tax rolls, the District’s service charges are not “taxes.” Service charges are distinct from the regular one percent (1%) property tax and property tax debt overrides in that assessment rates are not levied on an ad valorem basis. The service charges contained in this report are considered assessments under Proposition 218.

Proposition 218 requires that beginning July 1, 1997, all new and existing assessments (with some exceptions) conform to new substantive and procedural requirements. However, certain assessments are exempted from the conformity requirement until they are increased. Generally, these exemptions include:

- Assessments used exclusively to fund sidewalks, streets, sewers, water, flood control, drainage systems, or vector control.
- Assessments used exclusively for bond repayments, the cessation of which would violate the Contract Impairment Clause of the U.S. Constitution.
- Assessments previously approved by a majority of voters.

- Assessments approved by the persons owning all of the property at the time the assessment was initially imposed.

Transit Zone No. 2 was formed after the passage of Proposition 218. As such, Transit Zone No. 2 was formed in accordance with the substantive and procedural requirements and the property owners were balloted for the annual service charges and this successful balloting included an annual Consumer Price Index inflator.

SECTION II

CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE No. 2 FISCAL YEAR 2018-19 ENGINEER'S REPORT

Pursuant to the County Service Area Law, I, Joseph A. Francisco, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Transit Related Services Benefit District, Zone No. 2 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District includes those lots and parcels of land within the District that are associated and benefit from the transit related services and associated improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's transit related services and associated improvements. The estimate included herein, is also on file at the City of Rancho Cordova

Part C – TRANSIT ZONE NO. 2 BOUNDARIES

This part incorporates a diagram of the District showing the exterior boundaries of the District, and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment used to calculate each property's proportional special benefit and annual assessment.

Part E –CHARGE ROLL

This part contains a listing of the proposed levy amount for each parcel within the District. The proposed amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment. The Charge Roll is filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
 PLANS AND SPECIFICATIONS

This part of the report describes the properties included in the boundaries of the District and the proposed extended services to be provided by Transit Zone No. 2 to properties within the boundaries of the District.

Transit Zone No. 2 Boundaries

The boundaries of Transit Zone No. 2 and the former CSA 10 Benefit Zone No. 2 are congruent. Benefit Zone No. 2 is an irregular shape that covers the Sunridge Specific Plan. The Sunridge Specific Plan is generally located:

- ◆ South of Douglas Boulevard (plus a small triangular section adjoining to the north);
- ◆ North of Kiefer Boulevard;
- ◆ East of Sunrise Boulevard; and
- ◆ West of Grant Line Road.

Reference is made to the diagrams shown in Part C of the report.

General Description of Services

Transit Zone No. 2 provides the funding mechanism (annual charges) for transit shuttles and other supplemental transportation services as described in the CSA Zone 2 Formation Report. Transit Zone No. 2 will provide transportation services to both residential and non-residential development within the Sunridge Specific Plan. The formation of CSA 10 Benefit Zone No. 2 fulfilled certain conditions of development included in County Ordinance No SCZ 2002-0014 for the Sunridge Specific Plan and related planning documents as well as the related Transportation System Management Plan and AQ-15 Plan, for funding shuttle services and provisions of supplemental transportation services.

In particular, Benefit Zone No. 2 is designed to support implementation of the following zoning condition:

The Sunridge Specific Plan shall have a targeted goal of a 30% reduction in daily vehicle trips. In support of that goal, the Sunridge Specific Plan shall participate in a County Service Area (CSA), or an equivalent funding mechanism to the satisfaction of the Board of Supervisors, or successor city, for the purpose of funding a variety of transportation demand management strategies, including but not limited to a transit shuttle service, which will contribute to Sunridge's targeted 30% reduction in daily vehicle trips.

The charges for residential and non-residential development will fund these transportation services as determined appropriate by the City Council. Supplemental transportation services may include, but are not limited to, the following:

- ♦ Transit Shuttle – shuttle for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations and/or other public transit options;
- ♦ Guaranteed Ride Home – free taxi rides and rental cars for ride sharers in case of an emergency;
- ♦ Transit Subsidies – financial assistance to encourage residents and employees to use transit or other alternative transportation measures;
- ♦ Transportation Planning for Employers and/or Resident Groups – plans which guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs;
- ♦ Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities;
- ♦ Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities;
- ♦ Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and work site coordinators;
- ♦ Bicycle and Alternative Fuel Vehicle Incentives – incentives for purchasing new bicycles or alternative fuel vehicles.

Part B
ESTIMATE OF COSTS

The Maximum Rate per Equivalent Dwelling Unit (“EDU”) shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within Transit Zone No. 2.

The District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Capital Outlay/Contingency Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all budgeted costs as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof. In addition, Government Code Section 25210.6 allows the City to levy and collect charges to fund capital outlays in the current year or to levy and collect charges to accumulate funds for capital outlay purposes, and Government Code Section 25210.7 allows the City to levy and collect charges for any appropriation for contingencies to be used for expenses for maintenance and operation of any services within the Transit Zone. The Capital Outlay/Contingency Reserve is used to fund capital outlay and any contingency purposes that may be necessary to properly provide services to properties within District.

The Cost Estimate for the District prepared by the City for Fiscal Year 2018/19 follows on the next page, along with details about additional funding requirements and a brief description of each line item included in the cost estimate.

Additional Funding Requirements

The City of Rancho Cordova and Sacramento Regional Transit conducted a joint planning effort in 2008 to identify the operational characteristics of a pilot neighborhood shuttle service. The planning effort resulted in the implementation of a demonstration route (called the “Rancho CordoVan”) on June 15, 2009. A primary benefit of the demonstration shuttle service was mitigating the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and providing better connectivity with Regional Transit’s light rail system. The Rancho CordoVan demonstration shuttle was limited to the area between the Cordova Town Center Light Rail station and the businesses and residents just south of Highway 50, along Zinfandel Boulevard.

The primary funding source for the planning effort and the pilot shuttle service was a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from each benefit zone proportional to directly related services in that Zone. No funds from CSA 10 Benefit Zone 2 were used to operate this service. The Grant funding and the demonstration period ended on June 30, 2012.

The construction of the International Drive extension to Sunrise Boulevard and the completion of the extension of Zinfandel Drive to Douglas Road provided the opportunity to effectively serve the Sunridge area with shuttle service. The CordoVan shuttle commenced new routing in September 2012 with a service between the Anatolia Club House and the Zinfandel Light Rail Station. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five- minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. New route changes commenced in September 2015 to extend service to Kavala Ranch. In addition, a third vehicle was added to connect the Anatolia Clubhouse shuttle stop and proceed onto Sunridge Park. In April 2016, the morning routes were adjusted earlier by 25 minutes to better accommodate work times in the business park and the riders heading to the light rail. Any unused funds from the annual levies will be retained in reserves for future additional services to the area.

The Fiscal Year 2018/19 expenditures for Transit Zone No. 2 includes:

- ♦ Shuttle Services Operations - \$478,667 towards the operations and maintenance of the CordoVan shuttle service.
- ♦ Transportation Planning and Coordination –\$15,000 is allocated for the 50 Corridor TMA to provide outreach and coordination services to continue ride sharing, van pool and shuttle programs.
- ♦ Outreach and Educational Programs –\$33,500 is allocated to continue safe routes to school education at Sunrise Elementary School and Robert J. McGarvey in the Anatolia community on alternative mode transportation and encourage students and parents to walk or bicycle to school.

- ♦ Guaranteed Ride Home –\$10,000 is allocated for free taxi rides and rental cars for ride sharers or shuttle riders in the case of an emergency.
- ♦ Infrastructure Support – transit facilities (bus stop signs, shelters, etc.). An allocation of \$20,000 is needed for new infrastructure and on-going maintenance of bus stops, shelters, and signs.
- ♦ Transit Subsidies and Incentives –\$20,000 of financial assistance in the form of subsidies is provided to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Descriptions of Budget Items

A description of the terms associated with the services funded through Transit Zone No. 2 in the preceding Cost Estimate table are listed below:

Direct Costs (Services and Operating Costs)

Shuttle Services Operations & Planning - Includes costs to provide transit shuttle services for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations, as well as other public transit options.

Transportation Planning and Coordination - Includes the cost of transportation plans for employers and/or resident groups, which can guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs, as well as instruction in mobility (transportation alternatives) for residential groups and work site coordinators. If zero, this line item may not be shown in the cost estimate.

Outreach and Educational Programs - Includes the cost of various programs, such as education of elementary students at Sunrise Elementary and Robert J. McGarvey Schools on the alternative modes of transportation available and encourages students and parents to walk or bicycle to school. If zero, this line item may not be shown in the cost estimate.

Guaranteed Ride Home - Includes the cost to provide free taxi rides and rental cars for ride sharers in case of an emergency.

Infrastructure Support - Includes the cost of facilities, such as additional bike racks and lockers, transportation alternatives and ride share informational boards and kiosks, and transit facilities.

Transit Subsidies, Incentives, and Staff Costs - includes the cost for financial assistance in the form of subsidies to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Administration Costs

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the service charges and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the service charges, preparation of the annual report, and placing the service charges on the property tax bills.

Transit Shuttle Administration - Includes all or a portion of the administrative costs associated with overseeing the operation of the Transit Shuttle, developing an annual service budget and coordination of the annual approval of the charges.

County Collection Fees - Includes the cost that the County charges to place the service charges onto the Sacramento County Secured Tax Roll.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve - A “replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate.

Contribution for/ (Use of) Capital Outlay/Contingency Reserve - A “contribution” increases the levy in order to generate funding for capital outlay contingency purposes. On the other hand, a “use of” of this reserve provides current year funding for capital outlays or contingency purposes from available funds within the Capital Outlay/Contingency Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Capital Outlay/Contingency Reserve is provided under “Reserve Balance Information” below.

Balance to Levy - This is the total amount to be levied and collected through charges for the current fiscal year. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

Zone 2 Statistics and Assessment Rates

Parcels to be Levied – The total number of parcels that are expected to be charged for the current fiscal year.

Developed Equivalent Dwelling Units (EDU's) – The total number of developed Equivalent Dwelling Units (EDU's) that are expected to be charged for the current fiscal year.

Maximum Rate per EDU – The maximum rate to be charged to each EDU for the current fiscal year.

Estimated Maximum Revenue – The total amount that can be charged against all parcels within the Transit Zone for the current fiscal year based upon the expected number of EDU's to be charged.

Operating Reserve Fund Balance

Beginning Operating Reserve Fund Balance 7-1-2018 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances are expected to be used to fund expenditures from July 1, 2018 to December 31, 2018, as the Operating Reserve is used to compensate for the approximate six-month delay between the start of the Transit Zone's fiscal year and the receipt of the collections from the County. All Capital Outlay/Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately.

Collect from FY 2018/19 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the Transit Zone's receipt of charge collections, the Operating Reserve balance should be sufficiently funded to provide for expenditures from the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If zero, this line item may not be shown in the cost estimate.

Use for FY 2018/19 Expenses - The amount of the Operating Reserve to be used to fund Fiscal Year 2018/19 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected Transit Zone costs for the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Outlay/Contingency Reserve - The amount of Operating Reserve monies to be transferred to or from the Capital Outlay/Contingency Reserve. Periodically, funds held in a Capital Outlay / Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2019 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2019. This balance should be sufficiently funded to provide for the first six-months of budgeted expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Outlay/Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Capital Outlay/Contingency Reserve Fund Balance

Beginning Capital Outlay / Contingency Reserve Fund Balance 7-1-2018 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of July 1, 2018. Community Service Area Law allows the levy and accumulation of funds in excess of the Transit Zone's operating reserve to fund capital outlays within the current year or to accumulate funds for these purposes. In addition, these funds may be used for any appropriation for contingencies to fund the services or other expenses of the Transit Zone.

Collect from FY 2018/19 Levy - This amount is added to the levy to accumulate funding for future year Capital Outlay / Contingency purposes. If zero, this line item may not be shown in the cost estimate.

Use for FY 2018/19 Capital Outlay/Contingency Purposes - The amount of Capital Outlay/Contingency Reserve monies expected to be transferred out of the Capital Outlay/Contingency Reserve to be used in the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve - The amount of Capital Outlay/Contingency Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the budget.

Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2019 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of June 30, 2019. These funds shall be used for future year Capital Outlay/Contingency purposes.

Part C

TRANSIT ZONE NO. 2 BOUNDARIES

The parcels to be charged consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Boundary Map of Transit Related Services Benefit District, Zone No. 2.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this Report was prepared and are incorporated herein and made part of this report.

A reduced copy of the Boundary Map is attached on the following page.

Part D
METHOD OF APPORTIONMENT

County Service Area Law (Government Code Section 25210 et seq), together with Local Agency Formation law (Government Code Sections 56886(m) and 56886(t)), permit a county, or a successor city, in the case of a detached CSA, to levy or collect a tax or charge in any CSA, or zone within a CSA, to fund any one or more of the services mentioned in Part A. A county or successor city may also levy and collect taxes or charges for capital outlay purposes within the respective CSA or detached CSA, for the accumulation of a reserve fund for capital outlay purposes, and for any appropriation for contingencies to be used for expenses for maintenance and operation of any services.

The method of apportionment utilized commonly accepted engineering practices that have been established pursuant to the County Service Area Law and the Constitution.

The remainder of this part describes the methodology, estimated annual revenue, and annual escalation formula for the charge to be levied in Transit Zone No. 2.

Apportionment Methodology

The methodology established through CSA 10 Benefit Zone No. 2 and authorized for Transit Zone No. 2 is summarized below.

The Transit Zone No. 2 charges are levied to fund property-related services. These charges comply with County Service Area Law and Article XIID Section 4 of the California Constitution, as the charges are to fund property-related services.

The initial rates of CSA 10 Benefit Zone No. 2 were based on the estimated costs to fund supplemental transportation services in Fiscal Year 2005/06 for the Sunridge Specific Plan at build out.

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the service related costs, it is necessary to consider not only the services to be provided, but the relationship each parcel has to those services as compared to other parcels in the District. The benefit formula used to determine the assessment obligation is therefore based upon both the services that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific services.

Equivalent Dwelling Unit Factors

The unit of demand used for the charge is an equivalent dwelling unit (“EDU”). One EDU is the amount of demand for services associated with one (1) low-density residential unit in a single year. The demand for all other land use types reflects a comparison of the demand for service relative to one EDU for a low-density residential unit.

The level of service identified for Benefit Zone No. 2 was based on the level of service identified in user surveys conducted by the North Natomas Transportation Management Authority (“NNTMA”). Demand for services was measured using vehicle trip generation rates adjusted for trip length and trip purpose (diverted and pass-by trips versus primary trips) by type of land use.

Demand is assumed to be generated by developed residential and non-residential land uses. No demand is associated with undeveloped land and no charge is levied on this land use. Table 1 provides the number of EDU’s assigned to each land use type for calculating the maximum charge.

Table 1: Transit Zone No. 2 - EDU's by Land Use	
Land Use	EDU Factor ⁽¹⁾
Developed Acreage	
Residential (per dwelling unit)	
LowDensity	1.00
Medium Density	0.80
High Density	0.60
Nonresidential (per acre)	
Retail and Service Commercial	25.64
Commercial Mixed Use	22.04
Undeveloped Acreage	
All Land Uses	-

⁽¹⁾ EDU Factors as approved for Sacramento County CSA 10, Benefit Zone No. 2, FY 2005-06.

The EDU factor for each land use is based upon average daily vehicle trips (ADT) per land use type. ADT is used to determine the charge by land use type because vehicle trips are a reasonable measure of demand for the supplemental transportation services immediately available to property owners paying the charge.

Each parcel’s charge is calculated by multiplying the cost per EDU by the amount of EDU’s assigned to each property according to their land use type. This methodology fairly distributes the total cost for services among all parcels based on each parcel’s proportional demand for the services immediately available to that parcel. Each parcel’s charge does not exceed the reasonable cost of services to that parcel.

Land Use Definitions

Definition of the land use definitions are as follows:

- Developed Parcels -** All single-family detached residential parcels for which a final map has been recorded, and all other parcels for which a building permit has been issued, on or prior to June 30 of the fiscal year preceding the year in which the charge is levied.
- Undeveloped Parcels -** All parcels that are not Developed Parcels or Exempt Parcels.
- Low Density Residential -** This category includes densities of up to five (5.0) dwelling units per acre. Uses consistent with the Low Density Residential category include those allowed by in the RD-5 land use zone and other residential zones of lesser maximum density as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.
- Medium Density Residential -** This category includes densities of more than five (5.1 or greater) dwelling units per acre and up to fifteen (15.0) dwelling units per acre. Uses consistent with the Medium Density Residential category include those allowed by in the RD-7, RD-10, and RD-15 land use zones as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.
- High Density Residential -** This category includes densities of more than fifteen (15.1 or greater) dwelling units per acre. Uses consistent with the High Density Residential category include those allowed by in the RD-20, RD-25, RD-30, and RD-40 land use zones as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

Retail & Service Commercial - This category as designated in the Sunridge Specific Plan includes those non-residential land uses allowed by a use permit in the SC Shopping Center land use zone as specified in Title II Chapter 25 of the Rancho Cordova Zoning Code. This land use category further includes all other non-residential uses that would generate a high number (500 or more) of average daily trips. For purposes of levying the charge in Benefit Zone 2, residential uses allowed in the SC Shopping Center land use zone by development plan review or by conditional use permit are considered to be Low Density, Medium Density, or High Density Residential according to their density as determined by the Planning Director of Rancho Cordova and these definitions.

Commercial Mixed Use - This category as designated in the Sunridge Specific Plan includes those non-residential land uses allowed by a use permit in the LC Limited Commercial land use zone as specified in Title II Chapter 25 of the Rancho Cordova Zoning Code. This land use category further includes all other non-residential uses that would generate a low to medium number (less than 500) of average daily trips. For purposes of levying the charge in Benefit Zone 2, residential uses allowed in the LC Limited Commercial land use zone by development plan review or by conditional use permit are considered to be either Low Density, Medium Density, or High Density Residential according to their actual density in dwelling units per acre as determined by the Planning Director of Rancho Cordova and these definitions.

Exempt - Public parcels including parks, schools, utility parcels, and designated open space parcels are exempt from the service charge because no services funded by Transit Zone No. 2 are provided to these parcels.

Formula for Inflating the Annual Maximum Charge

The formula for inflating the maximum annual charge established through CSA 10 Benefit Zone No. 2, and to be used for Transit Zone No. 2, is summarized as follows.

The property owner balloting that established the maximum charges to CSA 10 Benefit Zone No. 2 included an annual inflator formula. The purpose of establishing an inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add administrative costs to Benefit Zone No. 2. The law implementing Article XIID (Senate Bill 919) of the Constitution clarifies that an increase in a maximum charge to implement a voter-approved inflator formula is not an increase subject to additional property owner consideration.

CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE No. 2 FY 2018-19

PART D

This inflator formula allows for annual increases to the maximum allowable charges by the increase in the Consumer Price Index published for the Sacramento Region by the U.S. Department of Labor (CPI), or six percent (6%), whichever is less. The CPI increase to be used in the inflator formula will be the change in the CPI index from the January two years before adjustment of the charge to the January in the year preceding adjustment of the charge; beginning in the second fiscal year (Fiscal Year 2006/07), and each fiscal year thereafter, the maximum allowable charge will be recalculated, and a new maximum charge established.

The City may choose to impose less than the maximum allowable charge in any year if service costs warrant the reduction. If the City, or previously the County, has imposed an amount less than the maximum charge, the City may also choose to increase the charge in any year to fully fund services up to the level of the maximum allowable charge for that fiscal year. In this way, the maximum allowable charge is adjusted annually and is calculated independent of the Transit Zone's annual budget.

The U.S. Department of Labor's Bureau of Labor Statistics no longer provides CPI factors for January for the San Francisco-Oakland-San Jose area. The CPI factors are now published bi-monthly on even months only (February, April, June, etc.). Since the February CPI factors include, in part, the data that would have been used to determine the January CPI factors, the City has determined that Transit Zone No. 2 shall now use the CPI data for the month of February.

The percentage increase from the February 2017 CPI to the February 2018 CPI was 3.5644%.

Table 2 provides the Fiscal Year 2018/19 maximum charge per EDU together with the maximum charge by land use.

⁽²⁾ The FY 2018/19 maximum charge per EDU is calculated by increasing the FY 2017/18 maximum charge per EDU of \$107.02 by 3.5644%, the percentage increase in the CPI from February 2017 to February 2018. Rates and percentages in the Report have been rounded for presentation purposes.

Part E
CHARGE ROLL

Parcel identification for each lot or parcel within the District is based on the diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be charged within this District along with the amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and rate rather than a proportionate share of the original amount.

The following is a list of the parcels and proposed amounts for each of the parcels within the District as determined by the rates and method of apportionment described herein:

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Elizabeth Sparkman, Interim Community Development Director, and
Jeanette Cervantes, Management Technician

**SUBJECT: A RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY
AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA
LIGHTING DISTRICT NO. 2012-1 FOR FISCAL YEAR 2018-2019**

RECOMMENDATION

Adopt Resolution No. 28-2018.

RESULT OF RECOMMENDED ACTION

Adoption of this Resolution will authorize the continuance of the annual levy and collection of assessments in the District. There are no new impacts to existing or new residents.

BACKGROUND

On May 7, 2018, the City Council approved resolutions ordering the preparation of the Engineer's Annual Levy Report for Rancho Cordova Lighting District No. 2012-1, and set the public hearing to be held prior to approving and ordering the levy of assessments for Fiscal Year 2018-2019. The assessments fund the ongoing maintenance, servicing and operation of public lighting improvements (safety lights and street lights) in the District.

County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing street light maintenance districts. CSA 1 was established to provide street light services to those unincorporated portions of Sacramento County. Since that time, the Board of Supervisors approved the creation of separate zones within CSA 1 for the Cities of Citrus Heights, Elk Grove and Rancho Cordova allowing the cities and the County to supplement CSA 1 revenues specific to those areas; Zone 2 of CSA 1 encompassed all of the City of Rancho Cordova. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005), Citrus Heights (June 2006) and Rancho Cordova (June 2012) from CSA 1. The City of Rancho Cordova has been administering the District since the FY 2012-2013 annual levy. In July 2012, the County transferred the remaining CSA 1 Zone 2 funds to the City which was then deposited into the District's Fund.

State law requires that the City Council direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On May 7, 2018, the City initiated the proceedings for the annual levy and collection of assessments through adoption of Resolution No. 17-2018 ordering the preparation of the Engineer's Report and Resolution No. 18-2018 preliminarily approving the Engineer's Report, declaring its

intention to levy and collect annual assessments for Fiscal Year 2018-2019, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report includes a diagram of the assessment area, a description of the improvements and maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by RCLD 2012-1 include ongoing maintenance, operation and servicing of street lights and safety lights within the right-of-ways and other public areas within the District as described in the Engineer's Report.

The Fiscal Year 2018-2019 total assessment is estimated at \$354,923. These assessment rates are the same rates applied to the district under CSA-1 and have not increased since the passage of Proposition 218 in 1996. The District has established an Operating Reserve which provides funding for the operations and maintenance of the District Improvements, as well as providing financing for emergency expenditures. A Capital Projects Reserve has been established to fund replacements and upgrades of the District Improvements.

In September 2014, the City of Rancho Cordova completed the retrofit of all existing street lights located within the RCLD 2012-1 with new LED street lights. The project was funded from a 1% interest loan from the California Energy Commission (CEC). This project significantly reduced electricity usage and maintenance costs. The electrical and maintenance savings will be used to pay back the loan from the energy commission. The RCLD 2012-1 has historically been underfunded and has been supplemented by Measure A Maintenance funds. Once the CEC loan is paid off in Fiscal Year 2028, the District is projected to generate sufficient revenues to build a reserve to cover the costs of the replacement of the LED street light heads when they need to be replaced in 20 years.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt Resolution No. 28-2018 which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2018-2019.

FISCAL IMPACT

There is no fiscal impact to the City's General Fund.

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA,
STATE OF CALIFORNIA, APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND
COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA LIGHTING
DISTRICT NO. 2012-1 FOR FISCAL YEAR 2018-2019**

WHEREAS, the City Council has, by previous Resolution, ordered the preparation of the Engineer's Report for Fiscal Year 2018-2019 (hereafter referred to as the "Report" or "Engineer's Report") for said district known and designated as: The Rancho Cordova Lighting District 2012-1 (hereafter referred to as the "District"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereafter referred to as the "Act"); and

WHEREAS, there has been presented to this City Council the Engineer's Annual Report (**Attachment 2**) as required by Chapter 3, Section 22623 of said Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, this City and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Rancho Cordova.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA AS FOLLOWS:

1. Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.
2. Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection, the City Council hereby finds and determines that:

ATTACHMENT 1

- a. The land within the District will be benefited by the operation, maintenance and servicing of improvements, located within the boundaries of the District, and
- b. District includes all of the lands so benefited, and
- c. The net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2018 and ending June 30, 2019, is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

3. The maintenance, operation and servicing of the lighting improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance, operation and servicing of highway safety lights and local street lights located within the public right-of-ways that were previously serviced through CSA-1, Zone 2. Of the District improvements, highway safety lights are those lights located at intersections, on major streets, and along the rear of properties that abut major streets; and street lights are all lights not designated as highway safety lights, primarily consisting of local street lighting.

4. The County Auditor of the County of Sacramento shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to Chapter 4, Article 2, Section 22646 of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

5. The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the City of Rancho Cordova Lighting District 2012-1 and such money shall be expended only for the maintenance, operation and servicing of the improvements together with all other costs of the District as described in Section 3.

6. The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2018, and ending June 30, 2019.

7. The City Clerk, or their designee, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act.

8. Francisco & Associates, Inc. is hereby designated to file the levy with the County Auditor/Controller on behalf of the City. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Francisco & Associates, Inc within two weeks of adoption via either e-mail to joef@franciscoandassociates.com or US Mail to: Francisco & Associates, Inc., 130 Market Place, Suite 160, San Ramon, CA 94583 Attn: Joe Francisco.

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscape and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the “1972 Act”), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as “City”), has by resolution initiated proceedings in connection with the ongoing maintenance and operation of a special benefit assessment district designated as:

Rancho Cordova Lighting District No. 2012-1

(hereafter referred to as “District”), for the purpose of continuing and providing for the ongoing maintenance, servicing and operation of public lighting improvements (safety lights and street lights) within the City that had been administered by the County of Sacramento as Zone 2 of County Service Area 1 (CSA 1) until the Fiscal Year 2012/13 levy.

Prior to the formation of the District, the detachment of those portions of CSA 1 lying within the City limits was approved, resulting in the transfer of the responsibility of the servicing of CSA 1 improvements and related administration to the City. Commencing with the Fiscal Year 2012/13 levy, the City Council formed the District in order to provide ongoing funding for the costs and expenses required to service and maintain the safety light and street light improvements for the benefiting lots and parcels of land within the boundaries of the District. County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing street light maintenance districts. CSA 1 was established to provide street light services to those unincorporated portions of Sacramento County. Since the establishment of CSA 1, the cities of Citrus Heights, Elk Grove and Rancho Cordova have been incorporated and in July 2005, the Board of Supervisors approved the creation of zones within CSA 1. The creation of these zones allowed the incorporated cities and the County to supplement CSA 1 revenues specific to those areas. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005), Citrus Heights (June 2006), and Rancho Cordova (June 2012) from CSA 1.

This Engineer’s Report (hereafter referred to as “Report”) has been prepared in connection with the levy and collection of annual assessments related thereto for Fiscal Year 2018/19, as required pursuant to Chapter 1, Article 4 of the 1972 Act. This Report describes the District, the improvements, and the assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements. The formation of this District and the annual assessments will provide a continued funding source for the City to fund, in part, the ongoing maintenance, servicing and operation, of the safety lights and street lights that provide special benefits to the properties within the District.

The improvements and assessments described in the Fiscal Year 2012/13 Engineer's Report (hereafter referred to as the "Formation Report") were based on the improvements and assessments previously established by the County of Sacramento for CSA 1 Zone 2. Such assessment revenues will be used to fund, in part, the annual direct expenditures and incidental expenses associated with the maintenance and servicing of the District's improvements. The formation of the District, the structure of the District (organization), the improvements, the method of apportionment, and assessments described in the Formation Report have been established to continue the maintenance of the existing improvements and assessments previously established by the County of Sacramento for CSA 1 and as such are not considered to be new or increased assessments under the provisions of the California Constitution Article XIII D.

As part of the District formation to continue the assessments previously levied by the County of Sacramento as part of CSA 1, in addition to the proceedings conducted by LAFCO for the detachment of the City of Rancho Cordova from CSA 1, the Rancho Cordova City Council conducted a noticed public hearing pursuant to the provisions of the 1972 Act to consider public testimonies, comments and written protests regarding the formation of the District and levy of assessments. At the close of the public hearing, the City Council adopted a Resolution approving the Formation Report and confirming and levying the assessments for Fiscal Year 2012/13.

Each subsequent fiscal year, an Engineer's Report shall be prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed budget and assessments for that fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments for that fiscal year. If in any year, the proposed annual assessments for the District exceed the assessments described herein, such an assessment would be considered a new or increased assessment and must be confirmed through property owner protest ballot proceeding before that new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

CITY OF RANCHO CORDOVA

LIGHTING ASSESSMENT DISTRICT NO. 2012-1 FISCAL YEAR 2018-19

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, being Resolution No. 18-_____ adopted by the City Council of the City of Rancho Cordova on May 7, 2018, I, Joseph A. Francisco, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Lighting Assessment District No. 2012-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District has two (2) designated benefit zones that collectively encompass all lots and parcels of land within the boundaries of the District. The two benefit zones are designated as "Safety Light Only" Zone, which includes those lots and parcels of land within the District that are associated and benefit from only safety light improvements; and the "Safety Light and Street Light" Zone, which includes those lots and parcels of land within the District that are associated and benefit from both safety light improvements and local street light improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's lighting improvements and facilities. The estimate included herein, is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E –ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of all lots and parcels of land within the boundaries of the City of Rancho Cordova that in Fiscal Year 2011/12, were considered to lie within CSA 1 Zone 2. Within these boundaries, parcels are identified and grouped into one of two designated benefit zones based on the special benefits properties receive from the District improvements, namely "Safety Lights Only" or "Safety Lights and Street Lights". The two Zones within the District and the benefits associated with the properties therein are described in more detail in Part D (Method of Apportionment of Assessments) of this Report. In addition, the Assessment District Diagram in Part C of the report provides a visual representation of the District showing the exterior boundaries of the District.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation and servicing of street lighting improvements within the District (improvements that had been previously funded through annual assessments from the CSA 1). The improvements may consist of all or a portion of the public street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities and expenses necessary for the ongoing maintenance and operation of public street lighting improvements. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Improvements and Services Authorized by the 1972 Act

As generally defined by the 1972 Act, the improvements and associated assessments for this District may include now or in the future one or more of the following:

- The installation or construction of public lighting facilities including, but not limited to street lights, safety lights and traffic signals;
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof;
- The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - Repair, removal, or replacement of all or any part of any improvements;
 - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;

- Incidental expenses associated with the improvements including, but not limited to:
 - The costs of the report preparation, including plans, specifications, estimates, budgets, diagrams, and assessment;
 - The costs of printing and advertising, and publishing, posting and mailing of notices;
 - Compensation payable to the County for collection of assessments;
 - Compensation of any engineer or attorney employed to render services;
 - Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
 - Costs associated with any elections held for the approval of new or increased assessments.

Public Lighting Improvements

The District's annual assessments will finance in part the maintenance, operation and servicing of the District's lighting improvements (safety lights and street lights) which generally includes the furnishing of labor, materials, equipment and electricity for the ordinary and usual maintenance, operation, and servicing of street lights within the public rights-of-way and easements dedicated to the City, incidental expenses including administrative costs as well as the performance of periodic repairs, replacement and expanded maintenance resulting from damage or vandalism. These services and activities more specifically may include, but are not limited to:

- Payment of the electrical bill for the safety lights and street lights.
- Maintenance, repair and replacement of light poles and fixtures, including changing light bulbs, painting, photoelectric cell repair or replacement, and repairing damage caused by automobile accidents, vandalism, time, and weather, including principal and interest related to funding of the replacement of the improvements.
- Electrical conduit and pull box repair and replacement due to damage by construction and weather.
- Monitoring of the Underground Service Alert (USA) network, identification of proposed excavation in the vicinity of lighting electrical conduits and marking the location of those underground conduits in the field to prevent damage by excavation.
- Services and maintenance repair and replacement including painting, replacing worn out electrical components and repairing damage due to accidents, vandalism, and weather.
- Remedial projects for major repairs or upgrading of facilities. Construction for such projects are usually performed by contract, however City maintenance workers may execute small projects.
- Street light inventory database, pole numbering and mapping to establish the number of streetlights that must be maintained, as well as the condition and location of these street lights as part of an effective maintenance program.

- Acquisition of land, easements and rights-of-way necessary to maintain the street and safety lighting system.
- Responding to citizens and Council member inquiries and complaints regarding street lighting. Resolving complaints may require an engineering study and possible project.

For the purpose of determining benefit and the proportional assessment of special benefit, the light fixtures to be maintained by the District are defined as either “Street Lights” or “Safety Lights”. Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. All other lights are designated as Street Lights. The following table provides a summary of the safety light and street light inventory within the City upon formation of the District. Detailed maps identifying the location and extent of the District’s Safety Lights and Street Lights at that time are on file in the Public Works Department of the City.

Type of Light	Number of Lights
Safety Lights	428
Street Lights	4,240
Total District Lights	4,668
Decorative Lights ⁽¹⁾	92
Total City Lights	4,760

(1) The 92 decorative lights shown above were contained within a single residential development and these lights are funded by a separate revenue source levied on those parcels. Therefore, these lights are not included as part of the District’s improvements, budget or assessments. Parcels within this residential development are included in the “Safety Light Only” zone.

Part B
ESTIMATE OF COSTS

The Maximum Assessment per Parcel or Front Foot shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified Zone of the District.

The District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Capital Projects Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve is limited by Streets and Highways Code 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all budgeted costs as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code 22569. In addition, the Capital Projects Reserve can be used to finance rehabilitation projects, repairs or replacement of District improvements.

The Cost Estimate for the District prepared by the City for Fiscal Year 2018/19 follows on the next page.

(1) The General Benefit Contribution was calculated at 25% of the annual Electrical and Maintenance costs associated with Safety Lighting.

(2) The annual levy may differ slightly from the maximum revenue shown due to rounding, because of rounding limitations imposed by the County of Sacramento.

A description of the terms used in the preceding Cost Estimate table are listed below:

Direct Costs (Maintenance and Operation)

Direct Costs includes the regular annual costs of maintaining and servicing lighting improvements. This may include, but is not limited to, the costs for labor, utilities, equipment and supplies that are required to properly maintain the items that provide a direct benefit to the properties within the District. Specific Direct Costs may include, but are not limited to:

Electrical Costs — Includes the cost of providing electricity to the lights. Additionally, some lights may be maintained by the Sacramento Municipal Utility District (“SMUD”) and the cost for maintenance of these lights is included as part of the utility bill for those lights.

Maintenance Costs — Includes the contract labor associated with the maintenance of the lights and the cost of the preparing and maintaining the light inventory.

Repairs/Replacements & Capital Expenditures — Includes but is not limited to activities needed to support the improvements that are not included or considered to be costs associated with the regular annual maintenance, servicing and operation of the District improvements. Additionally, this item may include repairs that are only required periodically, repairs and replacements resulting from damage or vandalism, capital improvement expenditures to rehabilitate or upgrade the improvements, and collection of funding (installments) for future capital improvement projects. The amount collected each fiscal year is based on an estimate of current and future needs, but may be limited by available funding (assessment revenues and City contributions).

USA Markings – includes costs associated with marking the location of underground utilities related to the above.

RCLD Loan Principal - Amounts of principal due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing street lights located within the District with new LED street lights which will reduce energy costs.

RCLD Loan Interest - Amounts of interest due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing street lights located within the District with new LED street lights which will reduce energy costs.

Special Projects - Includes costs for minor special project(s) related to annual maintenance and or operation of the improvements not described in the above categories.

Special Capital Projects - Includes costs expected to be incurred in any specific fiscal year for special capital projects shown in the District’s Capital Improvement Plan. Costs in this category do not increase the annual levy as the Capital Improvement Reserve is used to fund these costs. For this reason, these costs may not be shown in the annual cost estimate.

Administration Costs

Annual Administration Costs include incidental District costs not included above that are required on an annual basis. Specific Administration Costs may include, but are not limited to:

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the assessments and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the assessments, preparation of the annual report, and placing the assessment on the property tax bills.

Contract Administration - Estimated costs to coordinate and oversee the applicable maintenance and operation contracts and overall repair, maintenance, operation and replacements of the District Improvements.

County Collection Fees - Includes the cost that the County charges to place the assessments onto the Sacramento County Secured Tax Roll.

Miscellaneous Administration Expenses - Includes other minor administrative costs such as telephone, copying, noticing, mailing, office supplies and fees related to District Administration.

Total Direct and Administration Costs - This is the total of the Direct and Administration Costs which are considered to be the direct and incidental costs for the regular annual maintenance, servicing and operation of the District improvements.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Miscellaneous Cost and Collections/(Credits) Applied to the Levy represent the expected contributions and funding from sources other than the current year assessments to support the annual costs budgeted for the maintenance, servicing and operation of the District improvements.

Replenishment/(Use) of Operating Reserve - A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution/(Use) of Capital Projects Reserve - A “Contribution” increases the levy in order to generate funding for the Capital Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a “Use of” the Capital Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Capital Projects Reserve. If the expenditure of a current year capital project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Operating Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the budget. Further information regarding the function of the Capital Projects Reserve is provided in the following pages of this section.

General Benefit Contribution – This amount represents funding from the City or other, utilizing revenue sources other than assessment revenues to pay the proportional costs for the regular annual maintenance, servicing and operation of the District improvements that have been determined to be of General Benefit and which cannot be assessed to property owners. This funding may be from the City's General Fund or any other funding source available.

Other Revenue Contributions - Additional funds designated for use by the District that are not District assessments. Often referred to as a City Contribution, these funds may be from any source available to the City to support the District and reduce the amount to be collected by the District assessments. If the Total Direct and Administration Costs minus any Reserve Fund Transfer and General Benefit Contribution results in an amount greater than the amount that can be collected through the assessments, the City would either must reduce expenses or contribute funds to balance the budget.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Parcels Levied - The total number of parcels within each Zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements.

Front Footage - The total assessable front footage for non-residential property that are expected to be assessed on a front footage basis for the current fiscal year.

Residential Parcels – The total number of assessable residential parcels subject to the street lighting assessment.

Per Parcel Rate – Safety Lights - The maximum assessment rate that can be assessed to each assessable parcel within the respective Zone for the current fiscal year.

Per Parcel Rate – Street Lights (Residential) - The maximum assessment rate that can be assessed to each assessable residential parcel for street lights for the current fiscal year.

Per Front Foot Rate – Street Lights (Non-Residential) - The maximum assessment rate that can be assessed to each front foot of non-residential property for street lights for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each Zone for the current fiscal year based upon the expected number of assessable parcels and front footage using the maximum assessment rates.

Operating Reserve Fund Balance

Beginning Reserve Fund Balance 7-1-2018 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations. These beginning balances shall be used to fund expenditures from July 1, 2018 to December 31, 2018, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Capital Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Replenishment/(Use) of Operating Reserve - Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve is intended to fund expenditures from the period of July 1, 2018 (the beginning of the Fiscal Year) through December 31, 2018. If positive, this amount is added to the levy in order to replenish the Operating Reserve. On the other hand, if negative, this portion of the Operating Reserve is used to fund Fiscal Year 2018/19 expenses and therefore reduces the levy amount. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Capital Project Reserve — The amount of Operating Reserve monies to be transferred to or from the Capital Projects Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer to the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Fund Balance 6-30-2019 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2019. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, the District may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Project Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Capital Project Reserve Fund Balance

Beginning Capital Project Reserve Fund Balance 7-1-2018 (est.) — The projected balance of funds in the Capital Project Reserve as of July 1, 2018. Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Use for 2018/19 Capital Projects - The amount expected to be incurred for Capital Projects in Fiscal Year 2018/19 and funded from the Capital Projects Reserve rather than the Fiscal Year 2018/19 levy. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Capital Project Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2019 (est.) - The projected balance of funds in the Capital Projects Reserve as of June 30, 2019. These funds shall be used to fund the costs of installation, replacement, repair or upgrading of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Capital Projects Reserve or related activity for the current fiscal year, the Capital Projects Reserve information will not be presented in the report.

Capital Projects Reserve - Capital Improvement Plan

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment. The projected fiscal year ending Capital Project Reserve Fund balance will fund the multi-year Capital Improvement Plan, as shown below, in order to fund the installation, replacement, repair or upgrading of District improvements and other allowable costs:

The District expects expenditures for updating, verifying and/or replacing street light/pole numbers: the painting of existing street light poles: \$10,000 in Fiscal Years 2020/21 and 2021/22; the retrofit of poles for electrical outlet upgrade and installation of new sign brackets: \$5,000 in Fiscal Years 2019/20, 2020/21, 2021/22, and 2022/23.

Periodically, funds held in a Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Projects Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements.

ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Assessment Diagram of Rancho Cordova Lighting District No. 2012-1.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the Assessment Diagram is attached on the following page.

City of Rancho Cordova Landscaping and Lighting District No. 2012-1 Assessment District Diagram

Part D

METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include but are not limited to the construction, maintenance, operation, and servicing of public street lighting improvements and appurtenant facilities.

The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment established herein is based on the premise that each assessed property receives special benefits from the maintenance, servicing and operation of either safety lights located throughout the District or both safety lights and local street lights, and these improvements will be funded in part by such assessments, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive such special benefits as outlined in the preceding definitions established in the 1972 Act and the California Constitution.

Benefit Analysis

To identify and determine the proportional special benefit to each parcel within the District, as well as any general benefit associated with the improvements, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The District's improvements and the associated costs described in this report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District, and is consistent with the method of apportionment previously established for the assessments as part of CSA 1.

While the California Constitution requires that *"The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement..."*; it is reasonable to conclude that the reasons for installing local street lights are often similar, but somewhat different than the reasons for installing safety lights. Therefore, the overall benefits associated with street lights and safety lights are different, which also suggests that the apportionment of the cost to provide those improvements would be different.

In reviewing the location and extent of the City's Street Light improvements to be funded by District assessments and the relationship these improvements have to properties within the District, it was determined that these lights are entirely local lighting improvements that were installed specifically in connection with the development of nearby properties or were necessary as a precursor to property development and would otherwise not have been necessary or required without the development of the properties near those improvements. As such, these Street Light improvements have a direct and particular relationship to, and provide special benefit to, the properties located in close proximity to those lighting improvements and serve as extension of those properties and developments into the public areas (streets) that serve those properties. These lights clearly provide special benefits that affect these properties in a way that is particular and distinct from its effect on other parcels, and that of real property in general and the public at large do not share. This is most evident in the fact that the District's Street Light improvements are concentrated within the City's various residential developments and developed non-residential areas and the absence of such lights within many portions of the undeveloped areas of the District. The fact that these lights are a direct result of property development and many areas of the City forgo the need of local street lighting, the maintenance and operation costs associated with the Street Light improvements are considered to be solely a special benefit to those properties and developments in close proximity to those lights and have no measurable general benefit to the public at large or to the District as a whole. However, it is also recognized that these lights are not exclusive or typically isolated to a particular parcel, but are rather shared and directly affect entire neighborhoods or groups of parcels. In this District, it has been determined that each parcel that is assessed for Street Lights is at least within two-hundred feet (200 feet) of a street light although that light may be located across the street from the parcel.

As previously noted, Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. Although the location and extent of these lights are most certainly driven by development of properties in the area (concentrated largely in developed areas of the City), unlike the Street Light improvements which are directly correlated to specific developments and parcels, the District's Safety Lights are not entirely the result of

specific property development, but more the result of overall development throughout the City and in addition to directly benefiting the properties in the District, these Safety Lights provide nighttime traffic illumination to enhance traffic circulation and safety.

Therefore, while the need for such lights is most often facilitated by development in the area and certainly a special benefit to properties within the District, because safety lights promote nighttime traffic illumination and circulation for the general public as well as for properties in the District, these lights obviously provide some measure of benefit to the community as a whole and to the public at large (general benefit). In order to separate general benefits from special benefits, an evaluation of the overall extent and location of the Safety Light in the City, revealed that less than half (approximately 47%) of the Safety Lights within the District are located on major streets that are considered through-traffic corridors, namely Bradshaw Road, Folsom Boulevard and Sunrise Boulevard. The remaining Safety Lights within the City were located on streets and intersections considered internal City traffic routes that provide direct access to the parcels in the District. Therefore, it would be reasonable to conclude that like the local Street Light improvements, the Safety Light improvements located on these internal City traffic routes (approximately 53% of the Safety Lights at the time of formation of the District) are entirely for the special benefit of the properties they serve, while the Safety Lights on the through-traffic corridors provide comparable (proportionately equal) special benefit to properties in the District and general benefit to real property in general and the public at large. Therefore, collectively, it has been determined that no more than 25% of the total direct costs (maintenance and operation costs) of providing Safety Lights would be considered general benefit.

Zones of Benefit

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District

Article XIIID Section 4a reads in part:

“...The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

In an effort to ensure an appropriate allocation of the estimated annual cost to provide the District improvements based on proportional special benefits, this District has established benefit zones (“Zones”) as authorized pursuant to Chapter 1 Article 4, Section 22574 of the 1972 Act:

“The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements.”

Therefore, in order to separate general benefits from special benefits and to ensure each parcel is assessed for only the special benefits received from the improvements, two benefit zones have been established and every parcel in the City is grouped into one of these two Zones:

- “Safety Lights Only” Zone: Includes all parcels that receive special benefits from the maintenance of Safety Lights only, which includes lights located at intersections on major streets and along the rear of properties that abut major streets.
- “Street Lights and Safety Lights” Zone: Includes all remaining parcels within the City that specially benefit from maintenance of Street Lighting (local lights) as well as Safety Lights.

The District Cost Estimate, incorporated herein under Part B of this report, provides a summary of the total estimated cost of providing the street light improvements and the allocation of those costs that are considered general benefit. Details regarding the location and extent of the street lighting improvements within the District and the Zones therein upon formation of the District are on file in the Public Works Department of the City. A diagram showing the exterior boundaries of the District and the location of the two Zones therein at the time of formation is attached and incorporated herein under Part C of this report.

Assessment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs, it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Safety Lights and Street Lights, like most public improvements, provides varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the improvements in relationship to the properties, the specific use of each property, and the reason or need for such improvements as it relates to individual properties. In this District, these issues were each considered in determining the proportional special benefit to each parcel by the use of benefit zones, the separation of general benefit and special benefit, and County land use designations.

Safety Lights

Safety Lights are located throughout the District and properties throughout the City are considered to benefit proportionally from Safety Lights and are therefore levied a flat rate calculated by the following formula.

$$\text{Net Safety Light Cost} / \text{Total Assessable Parcels} = \text{Levy per Parcel}$$

Street Lights

Only properties that benefit from Street Lights are charged for Street Lights. Parcels are classified based on land use into two categories: Residential and Non-Residential. Residential parcels that have street lights are levied equally. Non-Residential are levied on a front footage basis. Formulas for both Non-Residential and Residential parcels are illustrated below.

Residential Parcels

$\text{Net Residential Street Light Cost} / \text{Residential Parcels} = \text{Levy per Residential Parcel}$

Non-Residential Parcels

$\text{Net Non-Residential Street Light Cost} / \text{Non-Residential Front Footage} = \text{Levy per Non-Residential Front Foot}$

$\text{Levy per Non-Residential Front Foot} \times \text{Non-Residential Parcel Front Footage} = \text{Levy per Parcel}$

Exempt

Exempted from the assessment would be the areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways. Also exempted from assessment would be utility rights-of-ways, common areas (such as in condominium complexes), landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels do not benefit from the improvements.

The land use classification for each parcel has been determined and based on the Sacramento County Assessor's most recent secured roll.

Rates

The following Tables show the assessment rates proposed to be levied in Fiscal Year 2018/19 and an estimate of the revenue to be assessed. It is important to note that these rates are the same rates applied to the District parcels under CSA 1 and that these rates have not increased since the passage of Proposition 218 in 1996.

Proposed Fiscal Year 2018/19 Assessment Rates	
Improvement Type	Proposed Rates
Safety Lights	\$ 2.56 per Parcel
Street Lights	\$15.32 per Parcel
Street Lights (Non-Residential)*	\$0.2519 per front foot

* Non-Residential parcels include commercial and multi-family properties.

Estimated Fiscal Year 2018-19 Assessment Revenues				
Benefit Classifications	Applied Rates	Parcels	Applied Front Footage	Total Estimated Revenue
Safety Light Only	\$ 2.56 per Parcel	7,356	N/A	\$ 18,831.36
Street and Safety Light (Residential)	\$ 2.56 + \$15.32 per Parcel	10,094	N/A	\$ 180,480.72
Street and Safety Light (Non-Residential)	\$ 2.56 per Parcel + 0.2519 per front foot	3,405	583,146.00	\$ 155,611.28
Totals		20,855		\$354,923.36

Part E
ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

AGENDA ITEM 14.4

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director

SUBJECT: MONTELENA DEVELOPMENT: ADOPTION OF RESOLUTION 64-2018 TO REVISE THE TENTATIVE MAP CONVERTING STREET D FROM A VEHICULAR CONNECTION TO BICYCLE AND PEDESTRIAN ONLY AT RANCHO CORDOVA PARKWAY AND ADOPTION OF ORDINANCE 10-2018 TO INCORPORATE THE LARGE LOT TENTATIVE MAP PHASING PLAN INTO THE DEVELOPMENT AGREEMENT

RECOMMENDATION

Adopt Resolution 64-2018 and introduce and waive first reading of Ordinance 10-2018.

RESULT OF RECOMMENDED ACTION

Adoption of this Resolution will amend the approved 2006 tentative map to change the connection at the intersection of Street D and Rancho Cordova Parkway from a vehicular connection to a bicycle and pedestrian connection only. Adoption of the Ordinance will amend the Montelena development agreement to incorporate the large lot tentative map phasing plan. Following the first reading, the Ordinance would return to Council for second reading and adoption at the next regular meeting.

BACKGROUND

The Montelena development is bordered by Douglas Road to the north, existing Anatolia to the west and south, and the future alignment of Rancho Cordova Parkway to the east (see Attachment 1, site plan). The development consists of 790 residential units, a park site, and approximately 16 acres of commercial development. The tentative map was originally approved in 2006. A development agreement was entered into in 2006 and has been amended three times. The property is owned by Montelena Douglas LLC.

The approved tentative map identifies a minor vehicular connection of Street D at Rancho Cordova Parkway. Staff, in collaboration with Montelena Douglas LLC, determined that the community would be better served by converting the road connection to a bicycle and pedestrian bridge only. The modification would encourage more pedestrians and cyclists and improve safety by eliminating cut-through traffic. Impacts to drivers would be insignificant as they would simply use nearby collector roadways to the north or south for access to Rancho Cordova Parkway. Staff recommends amending the 2006 tentative map to change Street D from a vehicular connection to a bicycle and pedestrian connection only. The revised tentative map is included as Attachment 3, Exhibit A to Resolution 64-2018.

The development agreement requires the developer to prepare a large lot phasing plan to the satisfaction of the City prior to recording the first final map. The purpose of the phasing plan is to identify the sequence of roadway and utility construction necessary to serve future residents. The large lot tentative improvement phasing plan identified as Exhibit J to Ordinance 10-2018 (Attachment 6) was prepared by the developer in collaboration with City staff and is recommended for approval. Amending the development agreement to incorporate this phasing plan ensures that it will be recorded on the property and that any future purchasers of this property will have notice of its requirements.

Prior Council Actions:

The Montelena development has undergone several changes over the years. Most notably, are the following:

- ▶ In April 2012, the City Council approved a General Plan amendment, rezone, and development agreement amendment to allow for about 16 acres of medium-density residential and an open space area near the intersection of Douglas and Rancho Cordova Parkway to change to commercial zoning and allow for a fire station site. This resulted in 89 fewer residential units for the project.
- ▶ In July 2013, the City Council approved a General Plan amendment, rezone, and development agreement amendment to allow for two small open space sites to be converted to residential lots and lower the Park and Open Space Renovation Fee to \$1,000 per unit.

Attachment 3 to this report shows an accurate picture of what the project looks like today, including the proposed change to the Street D bridge.

CEQA

The City previously conducted and approved environmental review of this Project as required under the California Environmental Quality Act ("CEQA"). The Montelena Project is within the Sunrise Douglas Community Plan and the SunRidge Specific Plan ("SDCP/SRSP") area. The SDCP/SRSP was approved by the County of Sacramento ("County") in July 2002. The County also prepared and certified an Environmental Impact Report ("EIR") (State Clearinghouse Number 97022055) for the SDCP/SRSP. In July 2003, the City of Rancho Cordova incorporated an area that included the SDCP and SRSP. In response to litigation involving the SDCP/SRSP EIR, the City subsequently rescinded approval of the SDCP/SRSP. On November 7, 2011, the City certified a partially Revised EIR for the SDCP/SRSP via Resolution 106-2011, however, at that time the City, determined to carry out the projects within the SDCP/SRSP area without re-approving the SDCP/SRSP. The Court and City allowed projects with development agreements to develop consistent with the Specific Plan. Additionally, the City approved the Mitigated Negative Declaration ("Montelena MND") and Subsequent Mitigated Negative Declaration ("SMND"), addendum, and conditions thereto approved via Resolutions 26-2006 and 94-2013. The minor changes being carried out with these amendments to the tentative map and development agreement will not have any new significant impacts to the environment and therefore there is no need for additional CEQA review.

GENERAL PLAN CONSISTENCY

The Fourth Amendment to the Development Agreement is consistent with the objectives, policies, general land uses and programs specified and contained in the City's General Plan in

that: (a) The Project remains predominantly low-density residential and consistent with the General Plan and Zoning Code amendments that were prepared for the Second Amendment; (b) the Project is consistent with the fiscal policies of the General Plan with respect to provisions of infrastructure and public services; and, (c) the Fourth Amendment and Amended Development Agreement include provisions relating to financing public services, construction and maintenance of public facilities, park development fees and similar provisions to replace those set forth in the SunRidge Specific Plan. The Fourth Amendment and Amended Development Agreement are compatible with the uses authorized in, and the regulations prescribed for, the land use area in which the real property is located, including the Rancho Cordova Zoning Code Map. The Fourth Amendment to the Development Agreement is in conformity with public convenience, general welfare and good land use policies in that the Fourth Amendment and Amended Development Agreement will continue to implement land use guidelines set forth in the General Plan and help fund infrastructure and parks needed to serve new development. This Amendment will not be detrimental to the health, safety and general welfare in that the Project will proceed in accordance with the programs and policies of the General Plan, nor will it adversely affect the orderly development of property, or the preservation of property values, in that the amendment is consistent with the General Plan.

FISCAL IMPACT

There is no impact to the City's General Fund.

ATTACHMENT 2**CITY OF RANCHO CORDOVA****RESOLUTION NO. 64-2018**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, APPROVING A TENTATIVE SUBDIVISION MAP AMENDMENT FOR THE MONTELENA PROJECT ASSESSOR PARCEL NUMBERS APN 067-0030-066 THROUGH 067-0030-070, 067-1020-003 AND 067-1020-004 PROJECT NO. DD6667

WHEREAS, the City Council originally approved the Montelena Project on March 20, 2006; and

WHEREAS, the City Council approved a large and small lot tentative subdivision map on March 20, 2006 for the Montelena Project; and

WHEREAS, the City Council approved, among other things, a General Plan Amendment and a Rezone in April 2012 and on July 15, 2013 and an amendment to an existing Development Agreement on August 19, 2013 for the Montelena project; and

WHEREAS, Montelena Douglas LLC (hereinafter referred to as Applicant) filed an application with the City of Rancho Cordova for an amendment to the 2006 large and small lot tentative subdivision map; and

WHEREAS, the City Council is the appropriate authority to hear and take action on this project; and

WHEREAS, the City previously conducted and approved environmental review of this Project as required under the California Environmental Quality Act ("CEQA"); as the Montelena Project is within the Sunrise Douglas Community Plan and the SunRidge Specific Plan ("SDCP/SRSP") area. The SDCP/SRSP was approved by the County of Sacramento ("County") in July 2002. The County also prepared and certified an Environmental Impact Report ("EIR") (State Clearinghouse Number 97022055) for the SDCP/SRSP. In July 2003, the City of Rancho Cordova incorporated an area that included the SDCP and SRSP. In response to litigation involving the SDCP/SRSP EIR, the City subsequently rescinded approval of the SDCP/SRSP. On November 7, 2011, the City certified a partially Revised EIR for the SDCP/SRSP via Resolution 106-2011, however, at that time the City, determined to carry out the projects within the SDCP/SRSP area without re-approving the SDCP/SRSP. The Court and City allowed projects with development agreements to develop consistent with the Specific Plan. Additionally, the City approved the Mitigated Negative Declaration ("Montelena MND") and Subsequent Mitigated Negative Declaration ("SMND"), addendum, and conditions thereto approved via Resolutions 26-2006 and 94-2013; and

WHEREAS, the amendment to the large and small lot tentative subdivision map consists of a minor, two-lane street being replaced with a bike and pedestrian path, and this change will not have a significant impact on the environment and this action is also exempt under CEQA Regulation 15183 for projects consistent with a community plan, general plan, or zoning and therefore no additional environmental review is required; and

WHEREAS, the City Council considered this item at a properly noticed public hearing on May 21, 2018, and received a staff report and public testimony at the public hearing.

ATTACHMENT 2

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA HEREBY RESOLVES AS FOLLOWS:

1. No additional environmental review is required, based on the following findings:

A. CALIFORNIA ENVIRONMENTAL QUALITY ACT ("CEQA")

Finding: The proposal will not have any significant adverse impact on the environment that was not previously considered in the approved Revised EIR, the Mitigated Negative Declaration and Mitigation Measures contained in the conditions of approval incorporated into City Council Resolution 26-2006.

Evidence: The Subsequent Mitigated Negative Declaration was prepared for the Montelena Project and mitigation measures were approved via City Council Resolution 26-2006 that will reduce potential environmental impacts of the previously approved project to less than significant levels. The amendment requested here is to remove a two-lane minor street from a section of the project and replace it with a bike and pedestrian path of the same width. This change does not result in any possible significant environmental impacts that were not previously analyzed, as the minor street being removed serves a significantly small number of lots within the subdivision and such lots will continue to be served by two arterial connectors within a close proximity. The change will not result in a significant impact to the adjacent arterial connectors because of the small number of lots that were to be served by the minor street being removed. This change could encourage more residents to travel by foot or bike, as it adds a bike and pedestrian paseo that will be the same in place of the previously identified street connection. Additionally, the City approved the Mitigated Negative Declaration ("Montelena MND") and Subsequent Mitigated Negative Declaration ("SMND"), addendum, and conditions thereto approved via Resolutions 26-2006 and 94-2013; this amendment to the tentative map is also exempt under CEQA Regulation 15183 for projects consistent with a community plan, general plan, or zoning and therefore no additional environmental review is required. City Council directs staff to file the appropriate Notice of Determination with County Recorder, according to Section 15094 of the California Environmental Quality Act.

2. The amended tentative subdivision map, attached as Exhibit A, is approved, subject to the Conditions of Approval/MMRP contained in the 2006 approval via Resolution 26-2006 and based on the following findings:

A. SUBDIVISION MAP ACT

Finding: Section 66474 of the California Subdivision Map Act requires a City to deny approval of a tentative map if it makes any of the following findings:

- I. That the proposed map is not consistent with applicable general and specific plans as specified in Section 65451.
- II. That the design or improvement of the proposed subdivision is not consistent with applicable general and specific plans.
- III. That the site is not physically suitable for the type of development.
- IV. That the site is not physically suitable for the proposed density of development.

ATTACHMENT 2

- V. That the design of the subdivision or the proposed improvements is likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat.
- VI. That the design of the subdivision or type of improvements is likely to cause serious public health problems.
- VII. That the design of the subdivision or type of improvements will conflict with easements acquired by the public at large, for access through or use of, property within the proposed subdivision.

Evidence: The above Findings #1 through #7 do not apply to the proposed Tentative Subdivision Map.

1. The proposed map is consistent with the density limits and street requirements as specified in the Rancho Cordova Land Use Policy Plan of the General Plan and the Sunridge Specific Plan (SRSP), as amended.

2. The design or improvements of the proposed subdivision is consistent with the goals of the SRSP specification for streets and the Rancho Cordova General Plan. The amendment provides for an additional bike and pedestrian connection for the neighborhood to the Rancho Cordova Parkway. The amendment is consistent with the adopted design guidelines for subdivision design that promotes internal pedestrian connectivity using greenways and trails and providing a street system that interconnects with the other projects in the SRSP.

3. The site is physically suitable for the proposed development. The applicant's proposal has not changed; the applicant is proposing 847 single-family lots on a total of 145.2 developable acres, which conforms to the designated residential use of the Specific Plan and the General Plan, at an average density of six units per net developable acres. The plan is producing approximately 300 fewer units than anticipated in the original allocation table of the SRSP. This amendment does not affect the density of the development. The project can also be served by all necessary services, and has previously provided documentation to meet the requirements of Government Code Section 66473.7. Additionally, the site is physically suitable for the proposed pedestrian and bike path, as it will be located on the same site as the previously approved road.

4. The site is physically suitable for the proposed density of development. The SRSP, as amended, has assigned certain densities for the lands within the Specific Project area and these areas are producing fewer units than originally anticipated in the SRSP. This amendment to the tentative map does not affect the density of the project as approved in 2006.

5. The design of the subdivision or the proposed improvements is not likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat. The Subsequent Mitigated Negative Declaration prepared for the project determined that potential environmental impacts from the design of the subdivisions or the proposed improvements will be mitigated to less than significant levels with implementation of the proposed mitigation measures and conditions of approval. This minor amendment to the project results in a minor street becoming a bike and pedestrian paseo and will not result in any significant environmental

ATTACHMENT 2

impacts that have not already been analyzed and addressed in adopted mitigation measures.

6. The design of the subdivision or type of improvements is not likely to cause serious public health problems. The Subsequent Mitigated Negative Declaration prepared for the project determined that potential serious health problems were not identified for the project or will be mitigated to less than significant levels with implementation of the proposed mitigation measures and conditions of approval. This amendment to the tentative map does not alter any of this analysis and therefore will not cause any serious public health problems.

7. No conflict with easements acquired by the public at large, for access through or use of, property within the proposed subdivision, have been identified.

ATTACHMENT 4**CITY OF RANCHO CORDOVA****ORDINANCE NO. 12-2018****AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, ADOPTING A FOURTH AMENDMENT TO THE DEVELOPMENT AGREEMENT FOR THE MONTELENA PROJECT****THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DOES ORDAIN AS FOLLOWS:****Section 1. Recitals.**

A. In order to strengthen the public planning process, encourage private participation in comprehensive planning and reduce the economic risk of development, the Legislature of the State of California adopted Section 65864, *et seq.*, of the Government Code (the "Development Agreement Statute"), authorizing the City, and any person having a legal or equitable interest in the real property, to enter into a development agreement and establish certain development rights in the property, which is the subject of the development project application. Pursuant to Government Code section 65868, Development Agreements may be amended by mutual assent of the parties.

B. On April 3, 2006, the City and CP Sunridge, LLC entered into a Development Agreement for the Montelena Project, consisting of 251.9 acres of low density residential development. (Ordinance Number 10-2006). The Montelena Project is located south of Douglas Road and west of Rancho Cordova Parkway (hereinafter known as the "Property"). The Montelena Project remains undeveloped.

C. The Montelena Project is within the Sunrise Douglas Community Plan and the SunRidge Specific Plan ("SDCP/SRSP") area. The SDCP/SRSP was approved by the County of Sacramento ("County") in July 2002. The County also prepared and certified an Environmental Impact Report ("EIR") (State Clearinghouse Number 97022055) for the SDCP/SRSP. In July 2003, the City of Rancho Cordova incorporated an area that included the SDCP and SRSP. In response to litigation involving the SDCP/SRSP EIR, the City subsequently rescinded approval of the SDCP/SRSP. On November 7, 2011, the City certified a partially Revised EIR for the SDCP/SRSP via Resolution 106-2011, however, at that time the City, determined to carry out the projects within the SDCP/SRSP area without re-approving the SDCP/SRSP. The Court and City allowed projects with development agreements to develop consistent with the Specific Plan.

D. On February 21, 2006, the City approved an Initial Study and a Mitigated Negative Declaration ("MND") for the Tentative Subdivision Map of the Montelena Project, pursuant to the California Environmental Quality Act ("CEQA"). In the Initial Study and MND, the City concluded that the Project would not have a significant impact on the environment due to the mitigation measures adopted by the City in the SDCP/SRSP EIR and the MND. All environmental impacts were reviewed and addressed at the time the Project was approved. All recitals and findings of determination in Ordinance 10-2006, which adopted the Development Agreement, are still accurate and relevant to the Amendment.

ATTACHMENT 4

E. On November 19, 2007, the City approved an amendment to the Agreement ("First Amendment") identifying a fifty (50) acre wetland preserve within the Project (City Ordinance 25-2007). The 2007 amendment did not result in any direct physical change to the environment, or any reasonably foreseeable indirect physical change in the environment, thus, no additional environmental review was conducted at that time.

F. Montelena Douglas, LLC ("Landowner") was assigned all of the interest of CP Sunridge, LLC in the Agreement in 2008 by virtue of that certain "Assignment and Assumption Agreement Relative to Montelena" dated February 14, 2008, and recorded on February 15, 2008 in the Official Records of Sacramento County at Book 20080215, Page 0899.

G. On June 18, 2012, City and Landowner subsequently entered into the "Second Amendment to Development Agreement by and between the City of Rancho Cordova and Montelena Douglas LLC relative to Montelena" that was recorded on September 6, 2012, in the Official Records of Sacramento County, at Book 20120906, Page 1316 (the "Second Amendment") to memorialize a change in the Project Approvals that City had approved for the Property.

H. The Second Amendment changed the land use designations in Villages 4 and 5 of the Project, encompassing approximately 45.3 acres of the 251.9-acre Project, by removing 85 single-family homes (reducing the total from 875 to 790), and then adding 14.2 acres of commercial use, a 1.6 acre park, and a 2.4 acre fire station site.

I. In processing the Second Amendment, the City performed an Initial Study pursuant to CEQA Guidelines section 15063. The Initial Study reviewed the potential environmental impacts of the proposed changes to the Project and concluded that the changes did not result in any new significant impacts that were not analyzed in previous environmental documents. As a result of that conclusion, the City prepared a Subsequent Mitigated Negative Declaration ("SMND"). The Initial Study and SMND updated the previous environmental analysis to reflect the changes to the Project, revised previous mitigation measures where necessary, and imposed new mitigation measures to ensure the changes to the Project would not result in any new significant environmental impacts.

J. On August 19, 2013, via Ordinance 23-2013, the City Council approved the "Third Amendment to Development Agreement by and between the City of Rancho Cordova and Montelena Douglas, LLC Relative to Montelena" that was recorded on September 23, 2013, in the Official Records of Sacramento County, at Book 20130923, Page 396 (the "Third Amendment") to memorialize the changes in the Project Approvals that City had approved for the Property. The Development Agreement, as amended by the First Amendment, the Second Amendment, and the Third Amendment, are hereinafter collectively referred to as the "Amended Development Agreement."

J. Pursuant to Government Code section 65868, City and Landowner now desire to modify the Amended Development Agreement to incorporate the Phasing Plan into the Development Agreement approvals.

ATTACHMENT 4

K. The requested approvals by Landowner to the Montelena Project include the Fourth Amendment and an amendment to the 2006 large and small lot tentative map for the Montelena Project.

M. The proposed Fourth Amendment will not have a significant adverse impact on the environment that has not previously been analyzed and addressed in prior Project approvals, specifically the Mitigated Negative Declaration ("Montelena MND") and Subsequent Mitigated Negative Declaration ("SMND"), addendum, and conditions thereto approved via Resolutions 26-2006 and 94-2013, as the Fourth Amendment only adds more detailed language to the Development Agreement regarding approval of the Phasing Plan for the Montelena tentative maps and does not affect or amend any densities, public improvements, or land uses previously studied and improved for the project. The proposed Fourth Amendment is therefore exempt from further environmental review under California Environmental Quality Act Regulation 15183 for projects consistent with a community plan, general plan, or zoning. This conclusion reflects the City Council's independent judgment and analysis.

N. On _____, the City Council, as the legislative body for purposes of Development Agreement approval, held a properly noticed public hearing pursuant to Government Code section 65867 and considered all comments received in writing and all testimony received at the public hearing.

Section 2: Findings.

Therefore, on the basis of: (a) the foregoing recitals, which are hereby incorporated herein; (b) the City of Rancho Cordova's General Plan and General Plan EIR; (c) the SDCP/SRSP EIR; (d) the Montelena MND; and, (e) the SMND prepared for the Second Amendment to the Development Agreement, the City Council finds and determines that:

A. The Fourth Amendment to the Development Agreement is consistent with the objectives, policies, general land uses and programs specified and contained in the City's General Plan in that: (a) The Project remains predominantly low-density residential and consistent with the General Plan and Zoning Code amendments that were prepared for the Second Amendment; (b) the Project is consistent with the fiscal policies of the General Plan with respect to provisions of infrastructure and public services; and, (c) the Fourth Amendment and Amended Development Agreement include provisions relating to financing public services, construction and maintenance of public facilities, park development fees and similar provisions to replace those set forth in the SunRidge Specific Plan.

B. The Fourth Amendment and Amended Development Agreement are compatible with the uses authorized in, and the regulations prescribed for, the land use area in which the real property is located, including the Rancho Cordova Zoning Code Map.

C. The Fourth Amendment to the Development Agreement is in conformity with public convenience, general welfare and good land use policies in that the Fourth Amendment and Amended Development Agreement will continue to implement land use guidelines set forth in the General Plan and help fund infrastructure and parks needed to serve new development.

ATTACHMENT 4

D. The Fourth Amendment will not be detrimental to the health, safety and general welfare in that the Project will proceed in accordance with the programs and policies of the General Plan.

E. The Fourth Amendment will not adversely affect the orderly development of property, or the preservation of property values, in that the amendment is consistent with the General Plan.

F. The Fourth Amendment is consistent with and includes the substantive elements of Government Code sections 65864 through 65869.5, and has been processed consistent with all the procedural requirements thereof.

Section 3: Approval of Fourth Amendment to Development Agreement.

The City Council hereby approves the Fourth Amendment to the Development Agreement, attached to this Ordinance and incorporated herein by reference as **Exhibit A**, and authorizes the City Manager to sign the amended Development Agreement after the effective date of this Ordinance.

Section 4: Recordation

Within ten (10) days after the Fourth Amendment to the Development Agreement is executed by the City Manager, the City Clerk shall submit the amendment to the County Recorder for recordation.

Section 5: Severability.

If any section, subsection, clause or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, it shall not affect the remaining portions of this Ordinance that can be given effect without the invalid provision and, to this end; the provisions of this Ordinance are severable. This City Council hereby declares that it would have adopted this Ordinance irrespective of the invalidity of any particular portion thereof and intends that the invalid portions should be severed and the balance of the Ordinance be enforced.

Section 6: Publication and Effective Date.

Within fifteen (15) days after adoption, a summary of this Ordinance shall be published once in the Grapevine Independent or the Sacramento Bee, a newspaper of general circulation printed and published in Sacramento County and circulated in the City of Rancho Cordova, in accordance with Government Code section 36933. This Ordinance shall take effect and be enforced thirty (30) days after its adoption.

RELATIVE TO MONTELENA**

This Fourth Amendment (the "Fourth Amendment") to Development Agreement is dated May 21st, 2018, **for references purposes only**, and is made by and between the **CITY OF RANCHO CORDOVA**, a California municipal corporation ("City"); and **MONTELENA DOUGLAS, LLC**, a California limited liability company (the "Landowner"). City and Landowner are hereinafter collectively referred to as the "Parties" and singularly as a "Party."

RECITALS

A. The City and the Landowner's predecessor in interest, CP Sunridge, LLC, a Delaware limited liability company, are parties to a Development Agreement that is dated April 3, 2006 and was recorded on July 18, 2006 in the Official Records of Sacramento County at Book 20060718, Page 0966 (the "Agreement") establishing certain development rights for real property located in the City of Rancho Cordova, California, as more particularly described in Exhibit A-1 and Exhibit A-2 of the Agreement (the "Property").

B. The Agreement was subsequently amended by the City and CP Sunridge, LLC on November 19, 2007 by an instrument entitled "First Amendment to Development Agreement By and Between the City of Rancho Cordova and CP Sunridge, LLC relative to Montelena" and was recorded on January 31, 2008, in the Official Records of Sacramento County at Book 20080131, Page 1582 (the "First Amendment") to clarify that the terms and provisions of the Agreement were not applicable to the wetland preserve area established within the Property.

C. Landowner was assigned all of the interest of CP Sunridge, LLC in the Agreement in 2008 by virtue of that certain "Assignment and Assumption Agreement Relative to Montelena" dated February 14, 2008, and recorded on February 15, 2008 in the Official Records of Sacramento County at Book 20080215, Page 0899 (the "Assignment").

D. On June 18, 2012, City and Landowner subsequently entered into the "Second Amendment to Development Agreement by and between the City of Rancho Cordova and Montelena Douglas LLC relative to Montelena" that was recorded on September 6, 2012, in the Official Records of Sacramento County at Book 20120906 at Page 1316 (the "Second Amendment") to memorialize a change in the Project Approvals that City had approved for the Property. The Development Agreement, as amended by the First Amendment and by the Second Amendment, are hereinafter collectively referred to as the "Amended Development Agreement."

E. On August 19, 2013, via Ordinance 23-2013, the City Council approved the "Third Amendment to Development Agreement by and between the City of Rancho Cordova and

Montelena Douglas, LLC Relative to Montelena” that was recorded on 9-23-2013, in the Official Records of Sacramento County, at Book 20130923, Page 396 (the “Third Amendment”) to memorialize the changes in the Project Approvals that City had approved for the Property. The Development Agreement, as amended by the First Amendment, the Second Amendment, and the Third Amendment, are hereinafter collectively referred to as the “Amended Development Agreement.”

F. Pursuant to Government Code section 65868, City and Landowner now desire to revise the Amended Development Agreement to reflect certain further changes and modifications to the obligations of the Landowner and City related to the Large Lot Tentative Map as more fully set forth below in this Third Amendment.

G. This Fourth Amendment that amends certain provisions of the Amended Development Agreement applicable to the entire Property was adopted by City Ordinance No. 10-2018 on

AGREEMENT

1. Incorporation of Recitals. Recitals A through G are hereby incorporated herein, including all documents referred to in said Recitals.

2. Amendment of Section 6.4.8 Phasing Plan. City and Landowner agree to amend Section 6.4.8 of the Amended Development Agreement as shown below, with additions shown in underline and deletions shown with strikeouts:

“6.4.8 Phasing Plan. City and Landowner agree that the Large Lot Tentative Map Phasing Plan shown in **Exhibit “J”** attached hereto and incorporated herein is the large lot master phasing plan for the Project and will be recorded with this Agreement. The Large Lot Tentative Map Phasing Plan is subject to revision by mutual agreement between Landowner and City, and current versions are kept on file with the City of Rancho Cordova’s Public Works Department. The purpose of the Large Lot Tentative Map Phasing Plan is to establish how development of the Tentative Map will be phased and how required infrastructure will be provided through the processing and approval of final subdivision maps consistent therewith.

~~Prior to approval of any final map, Developer shall provide a large lot phasing plan addressing sequencing and full build out of major public infrastructure throughout the Montelena Project limits. The large lot phasing plan shall show all public facilities including, but not limited to, major roadways, bike trails, sewer, water, drainage, facilities, parks and other utilities, and the large lot phasing plan will be based on the City’s Guiding Principles for Phasing of Transportation, Infrastructure and Utility~~

~~Services to the satisfaction of the City's Public Works Department. The large lot phasing plan may be revised as needed during the development of the Project.~~

Prior to approval of any small lot final map for an individual phase, the Landowners shall prepare and submit to City a "small lot phasing plan" that addresses full build-out of all secondary streets and utility infrastructure. The small lot phasing plan will show the blocks of the small lot tentative map to be constructed and all roads, bike trails and other infrastructure required to serve the use of the proposed units within each block to the satisfaction of the City's Public Works Department. The small lot phasing plan will also be defined by the City's Guiding Principles for Phasing and should be consistent with the Large Lot Tentative Map Phasing Plan attached as Exhibit J.

Prior to issuance of building permits (except permits for model homes) within an individual map phase, all streets and improvements shown on the large lot and small lot phasing plan, all streets necessary for access to the proposed homes, associated improvements included in the approved improvement plans, landscaping and other infrastructure as necessary for adequate public access and use shall be fully constructed and accepted to the satisfaction of the City's Public Works Department.

At the discretion of the City's Public Works Department, the final lift of asphalt only (e.g. upper approximately 1.5 inches of asphalt) may be deferred to prior to the first occupancy in a phase. The structural street section shall be designed to accommodate construction traffic and loads until such time that the finish lift of asphalt concrete is installed. All other improvements shall be fully completed and accepted for maintenance prior to issuance of the first building permit in the applicable phase."

3. Definition of Terms. All capitalized terms used in this Fourth Amendment shall have the same definition as provided in the Amended Development Agreement, except where a different definition has been supplied in this Fourth Amendment.

4. All Other Terms Remain in Force. Except as amended by Sections 1 through 2 above, all terms and conditions of the Amended Development Agreement remain in full force and effect.

5. Effective Date. This Fourth Amendment takes effect on the effective date of the ordinance that approves it (the "Effective Date") (Gov. Code, § 65868).

6. Recording. Within ten (10) days after the Effective Date, City shall record this Fourth Amendment with the Sacramento County Recorder's Office.

7. Counterparts. The Parties may execute this Fourth Amendment in counterparts, each of which will be considered an original, but all of which will constitute the same instrument.

8. Entire Agreement. This Fourth Amendment sets forth the Parties' entire understanding regarding the matters set forth above. It supersedes all prior or contemporaneous agreements, representations, and negotiations regarding those matters (whether written, oral, express, or implied) and may be modified only by another written agreement signed by all Parties. This Fourth Amendment will control if any conflict arises between it and the Amended Development Agreement.

IN WITNESS WHEREOF, the City of Rancho Cordova, a California municipal corporation, has authorized the execution of this Fourth Amendment in duplicate by its City Manager and attested to by its City Clerk under the authority of Ordinance No. 10-2018, adopted by the Council of the City on this ____day of _____, and Landowner has caused this Third Amendment to be executed.

GENERAL NOTES:

1. CONSTRUCTION OF ALL ONSITE ROADS SHALL BE COMPLETE CROSS SECTIONS, INCLUDING, BUT NOT LIMITED TO PUBLIC LANDSCAPING, SIDEWALK, CURB & GUTTER, MEDIANS, AND UTILITIES (EXCEPT FOR COBBLE BROOK DRIVE AS NOTED BELOW).
2. CONSTRUCTION COMPLETION OF EACH PHASE SHALL BE PER THE CONDITIONS OF APPROVAL AND DEVELOPMENT AGREEMENT.
3. DOUGLAS ROAD FRONTAGE LANDSCAPING BETWEEN MONTELENA'S WESTERN BOUNDARY AND THE WESTERN EDGE OF THE COMMERCIAL SITE AND MEDIAN LANDSCAPING BETWEEN MONTELENA'S WESTERN BOUNDARY AND RANCHO CORDOVA PARKWAY SHALL BE CONSTRUCTED CONCURRENTLY WITH MONTELENA VILLAGES 3 AND 4 AND SHALL BE SUBSTANTIALLY COMPLETED PRIOR TO THE ISSUANCE OF ANY OCCUPANCY PERMITS FOR ANY RESIDENTIAL DWELLING UNITS NORTH OF COBBLE BROOK DRIVE. COMMERCIAL FRONTAGE LANDSCAPING TO BE INSTALLED WITH DEVELOPMENT OF THE COMMERCIAL SITE.
4. SHOULD MONTELENA VILLAGES 1 & 2, 5, 6, OR 7 BE PROPOSED FOR CONSTRUCTION FIRST (AHEAD OF MONTELENA VILLAGE 3, 4, OR 9 & 10), A NEW PHASING PLAN SHALL BE SUBMITTED TO THE CITY OF RANCHO CORDOVA FOR REVIEW AND APPROVAL PRIOR TO ISSUANCE OF ANY BUILDING PERMITS WITHIN THESE VILLAGES TO ALLOW ASSESSMENT OF APPROPRIATE INFRASTRUCTURE AND ACCESS PHASING.
5. PEDESTRIAN CROSSING OF CHRYSANTHY BOULEVARD AT PROPOSED PEDESTRIAN BRIDGE SHALL BE STRIPED AND THE ADDA WAY INTERSECTION ALL-WAY STOP CONTROLLED TO THE CITY'S SATISFACTION AT THE EARLIER OF CONSTRUCTION OF THE PEDESTRIAN BRIDGE WITH CONSTRUCTION OF PARK "A", OR CONNECTION OF CHRYSANTHY BLVD. TO RANCHO CORDOVA PARKWAY.
6. UPON EXTENSION OF COBBLE BROOK DRIVE TO RANCHO CORDOVA PARKWAY AS PART OF MONTELENA VILLAGE 5 CONSTRUCTION, CONNECT COBBLE BROOK DRIVE TO RANCHO CORDOVA PARKWAY IMPROVEMENTS AT THE INTERSECTION (IF EXIST.) TO THE SATISFACTION OF THE CITY.
7. THE PROJECT'S FRONTAGE ON RANCHO CORDOVA PARKWAY BETWEEN DOUGLAS ROAD AND CHRYSANTHY BOULEVARD SHALL BE CONSTRUCTED CONCURRENTLY WITH THE EARLIER OF MONTELENA VILLAGE 6, VILLAGE 7, OR THE COMMERCIAL SITE CONSTRUCTION. AT THAT TIME, CONSTRUCTION SHALL INCLUDE A SIGNAL AT THE INTERSECTION OF RANCHO CORDOVA PARKWAY AND COBBLE BROOK DRIVE. IF AT THAT TIME NO RANCHO CORDOVA PARKWAY IMPROVEMENTS ALONG THIS SEGMENT EXIST, IN ADDITION TO COMPLETE FRONTAGE IMPROVEMENTS, CONSTRUCTION SHALL INCLUDE TWO SOUTHBOUND TRAVEL LANES, MEDIAN, ONE NORTHBOUND TRAVEL LANE, AND FULL SIGNAL IMPROVEMENTS AT THE INTERSECTION WITH DOUGLAS ROAD. THE SIGNAL AT THE INTERSECTION OF RANCHO CORDOVA PARKWAY AND COBBLE BROOK DRIVE SHALL THEN BE CONSTRUCTED BY OTHERS AT A FUTURE DATE (TO BE INCLUDED IN THE PROJECT THAT COMPLETES THE EAST SIDE FRONTAGE IMPROVEMENTS OF THIS SEGMENT).
8. A SIGNAL SHALL BE CONSTRUCTED ON CHRYSANTHY BLVD. AT A LOCATION TO THE SATISFACTION OF THE CITY PRIOR TO EXCEEDING 80% OF THE BUILDING PERMITS WITHIN MONTELENA AND THE CONSTRUCTION OF CHRYSANTHY BLVD. TO RANCHO CORDOVA PARKWAY. THIS SIGNAL IS IN ADDITION TO THE FUTURE SIGNAL AT THE RANCHO CORDOVA PARKWAY INTERSECTION.

MEMORANDUM

DATE: May 21, 2018
TO: Honorable Mayor and Council Members
FROM: Darcy Goulart, Planning Manager

SUBJECT: INTRODUCTION AND FIRST READING OF ORDINANCE 10-2018, AN ORDINANCE AMENDING TITLE 23 (ZONING CODE) OF THE RANCHO CORDOVA MUNICIPAL CODE REGARDING CHAPTER 23.901 RESIDENTIAL USES

RECOMMENDATION

Introduce and waive first reading of Ordinance 10-2018.

RESULT OF RECOMMENDED ACTION

The Ordinance would come back for a second reading and adoption at the next regular City Council meeting. Approval of Ordinance 10-2018 would amend Title 23 (Zoning Code) of the Rancho Cordova Municipal Code regarding Chapter 23.901 Residential Uses. Specifically the amendment would delete the 300 foot separation requirement between a large family daycare and a small family daycare.

BACKGROUND

It was recently brought to City staff's attention that the existing family day care requirements regarding a 300 foot separation between a small family day care and a large family day care is more restrictive than other agencies in the region. Additionally, it was also noted that the California Department of Social Services, which issues child care licenses, does not have a separation requirement between a small and large family day care.

For reference purposes, a small family day care has a maximum of 6 children and is licensed by the State. A large family day care is up to 14 children and requires an Administrative Use Permit (AUP). Once an AUP is issued, a day care operator would go to the State to obtain the necessary child care license.

ANALYSIS

Upon researching how other cities handle these uses we found that Folsom, Roseville, Elk Grove, Citrus Heights and Sacramento do not have any separation requirements between large and small family day care facilities. They either rely on the State requirements for permitting or have basic development/performance standards to address issues such as noise, traffic, signage, etc. that tend to arise with home occupations.

In looking at the current code standards, the real concern arises when you have multiple large family daycare facilities located near each other. That is typically when there is visible change in the amount of traffic into and out of residential neighborhood during peak times. The 300 foot separation requirement between large facilities would not be changed. Based upon the research of surrounding agencies and the fact that the development standards would still be in place to ensure compatibility with surrounding residences, staff is proposing the amendment below.

Draft amendments are shown below with new draft language shown in bold and language proposed for removal with strike through.

Article 9 (Specific Use Provision), Chapter 23.901 Residential Uses

23.901.080 Family day care (large).

A. Plans shall be approved by the fire department prior to any approval and additional fire protection measures may be required.

B. City business license is required.

C. Any required play area cannot be contained within any front or side setbacks.

D. Use of converted garages for day care use is not permitted.

E. Minimum lot size of 5,000 square feet is required.

F. A **large** family day care ~~(large)~~ is not permitted within 300 feet of another **large** family day care facility ~~(large or small)~~.

G. One additional off-street parking space is required for each employee. These spaces can be provided in a driveway and can have a tandem orientation. [Ord. 4-2017 § 3 (Exh. B); Ord. 12-2011 § 3 (Exh. A)].

ENVIRONMENTAL ANALYSIS

The Rancho Cordova General Plan Final Environmental Impact Report (EIR) was certified in June 2006 by the Rancho Cordova City Council. The General Plan EIR is a Program EIR (CEQA Guidelines section 15168). The amendments to the City-Wide Zoning Code are activities within the scope of the General Plan Program EIR and no further environmental review is required. Further environmental review is not required because the proposed amendments do not meet the criteria for preparing a subsequent EIR under State CEQA Guidelines Section 15162, as detailed below.

First, the proposed amendments do not constitute substantial changes to the existing policies and actions in the General Plan. The proposed amendments are limited in nature and are not substantial changes to existing policies and actions contained in the General Plan. Overall, the project would not cause any new significant environmental impacts or substantially increase the severity of a previously identified significant impacts from the General Plan Final EIR (State CEQA Guidelines Section 15162[a][1]) that would require major revisions to the General Plan Final EIR. As these amendments merely eliminate a separation requirement between large and small family day cares, all impacts would be nearly equivalent to or less than the impacts previously analyzed in the General Plan Final EIR.

Second, the City is not aware of any substantial changes in the circumstances that would cause any new significant impacts or substantially increase the severity of a previously identified significant impacts requiring major revisions to the General Plan EIR (State CEQA Guidelines Section 15162[a][2]). There have been no changes in the environmental conditions contemplated and analyzed in the General Plan EIR that would result in new or substantially more severe environmental impacts.

Third, there is no new information of substantial importance (which was not known or could not have been known at the time of the General Plan adoption in June 2006) that identifies: a new significant impact (condition “A” under State CEQA Guidelines Section 15162[a][3]); a substantial increase in the severity of a previously identified significant impact (condition “B” State CEQA Guidelines Section 15162[a][3]); mitigation measures or alternatives previously found infeasible that would now be feasible and would substantially reduce one or more significant effects of the General Plan; or mitigation measures or alternatives which are considerably different from those analyzed in the General Plan EIR which would substantially reduce one or more significant effects on the environment (conditions “C” and “D” State CEQA Guidelines Section 15162[a][3]). None of the “new information” conditions listed in the State CEQA Guidelines Section 15162[a][3] are present here to trigger the need for a subsequent EIR.

Further environmental review is not required because the proposed amendments do not meet the criteria for preparing a subsequent EIR or Negative Declaration under State CEQA Guidelines Section 15162.

FISCAL IMPACT

There is no anticipated fiscal impact of the proposed action on City finances.

ATTACHMENT 1**CITY OF RANCHO CORDOVA****ORDINANCE NO. 10-2018****AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, AMENDING TITLE 23 (ZONING CODE) OF THE RANCHO CORDOVA MUNICIPAL CODE REGARDING CHAPTER 23.901 RESIDENTIAL USES****THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DOES ORDAIN AS FOLLOWS:****Section 1. Purpose and Declarations.**

WHEREAS, the City conducts periodic updates of the provisions of the Municipal Code to ensure compliance with current laws, changes in local policy, consistency with adopted plans and programs, clarify ambiguities, address changing market conditions, reflect best practices, and to address issues or concerns with current regulations; and

WHEREAS, certain amendments to the Title 23 (Zoning), Article 9 (Specific Use Provisions) are necessary to create new development standards to ensure neighborhood compatibility; and

WHEREAS, the certified Environmental Impact Report prepared for and adopted by City Council for the previously adopted General Plan, via City Council Resolution 116-2006, was found to adequately address all potential environmental impacts associated with the adoption of the proposed Zoning Code amendments; and

WHEREAS, these amendments were analyzed and determined to be within the scope of the General Plan EIR and require no further environmental review under State CEQA Guidelines Section 15162 as established in the staff report associated with this Ordinance; and

WHEREAS, on May 21, 2018 the City Council held a properly noticed public hearing for this Ordinance and considered all oral and written testimony.

Section 2: Findings. The City Council hereby finds:

A. **CEQA Compliance.** The Rancho Cordova General Plan Final Environmental Impact Report (EIR) was certified in June 2006 by the Rancho Cordova City Council City Council Resolution 116-2006. The General Plan EIR is a Program EIR (CEQA Guidelines section 15168). The amendments to the City-wide Zoning Code are activities within the scope of the General Plan Program EIR and no further environmental review is required. Further environmental review is not required because the proposed amendments do not meet the criteria for preparing a subsequent EIR under State CEQA Guidelines Section 15162.

B. **The proposed amendment is consistent with the General Plan.** The attached Municipal Code Amendment ("Amendment") is consistent with the General Plan, as required by Government Code Section 65454. The amendment would provide for additional family day care opportunities within residential neighborhoods and would continue to support working families that need this type of convenient day care opportunity within their neighborhoods. The amendment would not have any conflicts with existing General Plan goals and policies.

ATTACHMENT 1

C. **The proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City.** The amendment focuses on reflecting best practices, while ensuring land use compatibility. The State entity that regulates small and large family day care facilities in residential neighborhoods does not have any separation requirements between the two facilities. Standards would still remain in place to prevent multiple large family day care facilities from locating next to each other, which could result in various traffic and noise related impacts to residential neighborhoods.

D. **The proposed amendments are internally consistent with other applicable provisions of this zoning code.** The Amendments have been reviewed for consistency with the entirety of the Municipal Code and is consistent with other applicable provisions of the Municipal Code.

Section 3. Amendments to Title 23 of the Rancho Cordova Municipal Code.

The City Council hereby adopts the amended Section 23.901.080, "Family day care (large)," of Title 23 of the Rancho Cordova Municipal Code (Zoning), as shown below:

23.901.080 Family day care (large).

- A. Plans shall be approved by the fire department prior to any approval and additional fire protection measures may be required.
- B. City business license is required.
- C. Any required play area cannot be contained within any front or side setbacks.
- D. Use of converted garages for day care use is not permitted.
- E. Minimum lot size of 5,000 square feet is required.
- F. A large family day care is not permitted within 300 feet of another large family day care facility.
- G. One additional off-street parking space is required for each employee. These spaces can be provided in a driveway and can have a tandem orientation.

Section 4. Severability

If any provision of this Ordinance or the application thereof to any person or circumstance, is held invalid, the remainder of the Ordinance, including the application of such part or provision to other persons or circumstances shall not be affected thereby and shall continue in full force and effect. To this end, provisions of this Ordinance are severable. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase hereof irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses, or phrases be held unconstitutional, invalid or unenforceable.

Section 5. Effective Date

ATTACHMENT 1

Within fifteen (15) days after adoption, a Summary of this Ordinance shall be published once in the Grapevine Independent, or the Sacramento Bee, a newspaper of general circulation printed and published in Sacramento County and circulated in the City of Rancho Cordova, in accordance with Government Code Section 36933. This Ordinance shall take effect and be enforced thirty (30) days after its inception.

SUBJECT: **A Resolution of Intention to Establish the Rancho Cordova Property and Business Improvement District; Continued from the May 7, 2018 Regular Meeting**

RECOMMENDATION

Staff recommends that Council discuss the matter and consider tabling the item indefinitely, and then close the public hearing.

RESULT OF RECOMMENDED ACTION

The item would be tabled indefinitely.

BACKGROUND

The City of Rancho Cordova contracted with Civitas Advisors to help create Rancho Cordova's first Property and Business Improvement District (RCPBID), located along Folsom Blvd. between Sunrise Blvd. and Aramon Drive.

The proposed RCPBID would be a benefit assessment district to provide improvements and activities, which would convey a special benefit to the assessed parcels within the District. This approach has been used successfully in other cities throughout the country to provide special benefits to property owners in business districts, namely increased sales, attraction of new tenants, increased occupancies, and specifically increased property values.

RCPBID property owners pursued the establishment of the RCPBID to create a revenue source devoted to providing special benefits to the assessed property owners. If established, the RCPBID would generate approximately \$468,000 on an annual basis for clean and safe services, marketing and advocacy, improvement programs, and related administration that are above and beyond those services provided by the City and other government agencies.

Currently a Steering Committee comprised of Property Owners, the Rancho Cordova Chamber of Commerce and a small business advocate has been reaching out to property owners within the proposed RCPBID to sign a petition supporting RCPBID formation. In order for the City Council to adopt the Resolution of Intention to form the RCPBID, the group needed to obtain petitions signed by property owners in the proposed RCPBID who will pay more than 50% of the assessments proposed to be levied. While the group has gained momentum, it did not receive required number of signed petitions prior to the City Council meeting scheduled for the Resolution of Intention to be adopted.

As this process moved forward, there was new interest and the group is looking into different scenarios to meet the needs of the property owners.

TIMELINE

- City partners with Civitas to explore PBID interest – August 2017
- Outreach meeting to property owners completed – October 2017
- PBID Steering Committee Formed – January 2018
- Petition Drive Began – March 2018

FISCAL IMPACT

If the RCPID were established, the City would receive a fee to cover its costs of administration of the RCPID. The Steering Committee is considering adding/removing properties and looking at different rate scenarios which would require a new Management District Plan and Engineer's Report. The creation of new documents would require extending the contract with Civitas and will require additional funds.

Dear Mayor Budge,

For the past several months, the Rancho Cordova Chamber of Commerce has worked with City staff, CIVTAS and the PBID steering committee to introduce, solicit support and seek approval for a PBID representing an area within city limits.

According to the consulting team, we worked under a very ambitious timeframe. With limited data and a presumption of the issues motivating property owners to engage, we were unable to secure the required percentage of signatures on the petition to continue. As such, rather than waste resources, the steering committee determined that we should halt the pursuit of signatures and thoroughly evaluate our efforts.

Until now, we relied on public documents, anecdotal information and the dogged pursuit of individuals by knocking on doors and sending general emails. However, that scenario has dramatically changed. The work done by a number of committed parties was quite fruitful. Our records have been updated with new contacts, the "right" person with whom to speak and the best means to connect. Additionally, we identified a number of motivating messages with which to gain the support of the property owners.

Finally, we identified those property owners adamantly opposed to the PBID. This information will may allow us to reconfigure the boundaries to include those willing to participate.

In summary, the steering committee is optimistic about the eventual success of the PBID. With the data collected and first time missteps behind us, we hope to have the opportunity to seek approval from the property owners in the near future.

Sincerely,

A handwritten signature in black ink, appearing to read "Diann H. Rogers".

MEMORANDUM

DATE: May 21, 2018

TO: Honorable Mayor and Council Members

FROM: Stacy Delaney, Community Enhancement Analyst II

SUBJECT: FISCAL YEAR 2018/2019 COMMUNITY ENHANCEMENT FUND GRANT SELECTION

RECOMMENDATION

Receive presentation and provide direction on the Fiscal Year 2018/2019 Community Enhancement Fund.

RESULT OF RECOMMENDED ACTION

Council will receive a comprehensive summary of the programs and projects recommended for Measure H/Community Enhancement Funds which includes the review committee's recommendation on funding level. Input and direction received from the City Council at the May 21, 2018 special meeting and regular meeting will be incorporated into the resolution for adoption at a future meeting.

BACKGROUND

The application period for the fiscal year 2018/2019 Community Enhancement Fund opened on February 15, 2018 and closed on March 15, 2018. We received 77 grant applications.

On April 2, 2018, Council received a summary update of all the grant applications received for the fiscal year 2018/2019 Community Enhancement Fund. Council also received the complete set of grant applications. The initial summary did not include any staff recommendations.

On April 24, 2018 and May 7, 2018, Council received and discussed the summary of grant applications with staff recommendations. Council Members were also asked to provide input on any initiatives or programs that they would like to consider under the fiscal year 2018/2019 Community Enhancement Fund that were not submitted by an applicant or City department. Items were shared and discussed on Monday, May 7, 2018.

Some of the applications recommended for Council consideration are recommended by the review committee but at an amount less than what was requested by the applicant. Amounts may change if Council requests any continued or new initiatives or programs not already identified within the summary document. Additionally, some projects and programs may also be eliminated entirely or the amount recommended at the project level may change in order to stay within the overall budget of the Community Enhancement Fund. At Council's request, staff will present information regarding several legacy projects including the community pool replacement project, Girls Softball, and Rancho Cordova Little League.

Final decisions, including project selection and funding amount, are expected to be made on Monday, May 21, 2018. On Monday, June 4, 2018, it is anticipated that Council will approve the resolution establishing the fiscal year 2018/2019 budget amounts for community grants as well as City Council and department led projects to be funded from the Community Enhancement Fund.
