 RANCHO CORDOVA, CA 95670

Dear CHEVRON STATIONS INC,

This letter is coming to you on behalf of the Saving Lives Drug and Alcohol Coalition and the Rancho Cordova Children, Youth and Families Collaborative. The goal is to reduce substance abuse among youth through Education, Media Advocacy, Increased Enforcement and Changes in Policies. **Saving Lives has the full support of the Department of Alcoholic Beverage Control (see attached letter).** In addition, we work in conjunction with numerous federal governmental agencies and local law enforcement, as well as various media outlets, numerous businesses, educators and schools in the San Fernando Valley.

In partnership with the Department of Alcoholic Beverage Control, we have created high-quality poster signage, which states, **"BUYING, SELLING, AND/OR PROVIDING ALCOHOL TO YOUTH UNDER AGE 21 IS AGAINST THE LAW."** The sign is translated into eight languages, reflecting our diverse community. We are providing the sign and the hooks to your business free of charge. Just as you have signs prohibiting tobacco sales to youth under 18, this sign will address prohibiting alcohol sales to underage youth.

We sincerely request that you **please notify your clerks that a representative from the Rancho Cordova Children, Youth and Families Collaborative will hand-deliver a sign for posting in the front window of your store.** The sign will make it clear to your customers that you are a responsible seller of alcoholic beverages and **remind your employees not to sell to any youth under age 21.**

**Please realize *YOU ARE THE FIRST LINE OF DEFENSE AGAINST UNDERAGE DRINKING.* Our goal is to help you maintain a good reputation as a responsible alcoholic beverage provider in the community, and we hope that your business will pass all compliance checks to keep your liquor license in good standing!**

**Thank you for being a responsible vendor and assisting your community in reducing youth access to alcohol.**

If you have any questions, please do not hesitate to contact me at (323) 702-3166 or the Rancho Cordova Children, Youth and Families Collaborative at (916) 361-8684.

Thank you for helping us Save Lives!

## MEMORANDUM

**DATE:** July 15, 2013

**TO:** Honorable Mayor and Council Members

**FROM:** Donna Silva, Finance Director  
Michelle Mingay, Sr. Finance Analyst

**SUBJECT:** A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DETERMINING THE SPECIAL TAX LEVY AND AUTHORIZING THE LEVY OF SPECIAL TAXES FOR POLICE PROTECTION SERVICES WITHIN THE RANCHO CORDOVA SPECIAL POLICE TAX AREA FOR FISCAL YEAR 2013-14

### **RECOMMENDATION**

Adopt Resolution No. 83-2013.

### **RESULT OF RECOMMENDED ACTION**

This action authorizes and directs the Finance Director to determine, or cause to be determined, the Rancho Cordova Special Police Tax Area's (the "District") Fiscal Year 2013-14 Maximum Special Tax Rates, to establish the Special Taxes to be levied against developed parcels within the District and to cause such charges to be applied to the County Tax Roll.

### **BACKGROUND**

In 2003, the City recognized the need for increased police protection services in new developments, and the difficulty of funding the increased level of services with existing municipal revenues. On July 1, 2003, the City Council adopted Resolution No. 30-2003, providing for a special tax to be imposed on newly developed parcels within the District for the purpose of funding police protection services and such related costs, as provided by Government Code Section 53978.

In order to implement this funding mechanism, the City negotiated provisions of development agreements by which property owners agreed to support the levy of a police services special tax on the properties within their developments. The City also included this provision as a condition of approval for developments without development agreements.

The annual levy of special taxes was approved and authorized by a vote of 2/3 of each Zone's property owners and through Ordinance. Each Zone's Ordinance established a base year special tax rate and an annual special tax rate escalation formula. Each year, the Special Tax Rate for the developed parcels within the District shall increase by the annual percentage increase in the April Consumer Price Index (San Francisco-Oakland-San Jose, CA) as reported by the Bureau of Labor Statistics. The Ordinances also direct the City Council to determine the amount of the annual special tax levy.

Resolution No. 83-2013 approves the District's Escalation Factors to be used to calculate the District's Fiscal Year 2013-14 Maximum Special Tax Rates, authorizes and directs the Finance Director to use the tables within Exhibit A to determine, or cause to be determined, the District's Fiscal Year 2013-14 Maximum Special Tax Rates, to establish the Special Taxes to be levied to the District parcels for the fiscal year and to cause such charges to be applied to the County Tax Roll. The special tax, which is to be levied annually following the issuance of a building permit, shall be billed as a separate line item on the respective parcel's property tax bill. The District's FY 2013-14 Special Tax Levy is projected to be \$937,013. The District's FY 2012-13 Special Tax Levy was \$891,061.

The revenues from the special taxes shall be used solely for the purposes of obtaining, operating and maintaining police protection equipment and apparatus, paying salaries and benefits of police protection personnel and for such other police protection service expenses, excepting the charges imposed by the County to place the special taxes onto the County tax roll in pursuant to Government Code Section 53978.

The District is currently comprised of forty (40) Special Police Tax Zones. Of those Zones, there are ten (10) Zones within the District where police services are being funded through the Sunridge Park Community Facilities District (CFD) and one (1) Zone which is being funded through the new Citywide Police Services CFD which was formed in February 2013. Therefore, the parcels within Zone Nos. 10, 11, 12, 13, 14, 30, 32, 33, 34, 35 and 36, which are funded through CFD's, shall not be levied by the District.

In order to proceed with this year's levy, it is recommended that the City Council approve Resolution No. 83-2013 which authorized the Finance Director to determine the Fiscal Year 2013-14 special tax rates and to levy the special taxes against the taxable parcels within the Special Police Tax Area for Fiscal Year 2013-14 in order to provide funding for police protection services and such related costs.

The City Council of the City of Rancho Cordova, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, on July 1, 2003, the City Council adopted Resolution 30-2003, establishing all of the City of Rancho Cordova as the Rancho Cordova Special Police Tax Area (hereinafter referred to as the "Special Police Tax Area" or "District"); and,

**WHEREAS**, the City Council has previously adopted Resolutions and Ordinances creating several Zones within the Special Police Tax Area and establishing proposed Special Taxes for each Zone pursuant to Government Code Section 53978; and,

**WHEREAS**, The City Council desires to authorize the Finance Director to determine the special taxes and to apply the special taxes against the taxable parcels of land lying within the Zones of the Special Police Tax Area for the fiscal year commencing July 1, 2013 and ending June 30, 2014 in order to generate funding for police protection services and such related costs as provided by Government Code Section 53978; and,

**WHEREAS**, City Council and its legal counsel have reviewed Proposition 218 and found that these Special Taxes comply with applicable provisions of Article XIIC and Article XIID of the California State Constitution; and,

**WHEREAS**, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these Special Taxes onto the County roll and tax bills for the City of Rancho Cordova.

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT, AS FOLLOWS:**

**Section 1** The City Council hereby approves the District's Base Maximum Special Tax Rates together with the fiscal year 2013-14 Escalation Factors, both of which are attached hereto as Exhibit "A", that shall be used to determine the District's fiscal year 2013-14 Special Tax Rates. Furthermore, each taxable parcel shall be taxed at 100% of the Maximum Special Tax Rate.

**Section 3** The Special Tax rates shall not exceed the Maximum Special Tax Rates authorized and approved by the qualified electors.

**Section 4** The Special Tax rates shall not exceed the Maximum Special Tax Rates established through the Ordinances adopted by the City Council.

**Section 5** The revenues from such special taxes shall be used for the services for which it was imposed, and for no other purpose, excepting the amount of collection costs imposed by the County to place the special taxes onto the County tax roll pursuant to Government Code Section 53978.

**Section 6** The County Auditor of the County of Sacramento shall enter on the County Tax Roll opposite each eligible parcel of land the amount of such levy amounts submitted by Willdan Financial Services, the Finance Director's designate. Such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to Government Code Section 53978.

**Section 7** After collection by the County, the net amount of the levy shall be paid to the City Treasurer. The City Treasurer shall deposit all money representing special taxes collected by the County for the District to the credit of an account for the Rancho Cordova Special Police Tax.

**Section 8** The adoption of this Resolution authorizes the District levy for the fiscal year commencing July 1, 2013, and ending June 30, 2014.

Parcels within Zones 10, 11, 12, 13, 14, 30, 32, 33, 34, 35 and 36 are no longer levied through the Special Police Tax Area as these services are being funded through other districts.

## FISCAL YEAR 2013/14 ESCALATION FACTORS

The Maximum Special Tax Rate of each taxable parcel shall be increased using the annual change in the San Francisco-Oakland-San Jose, CA Consumer Price Index (the “CPI”). The annual increase in the CPI from the previous year was 2.3809026%.

The following table lists the FY 2013/14 Escalation Factors to be applied to the above Base Year Maximum Special Tax Rates in order to determine the FY 2013/14 Maximum Special Tax Rates. The Escalation Factors are calculated each year using the annual changes in the April CPI. The date of a parcel’s building permit establishes the base CPI. The base CPI and the most recent April CPI are used to determine the Escalation Factor to be applied to each taxable parcel. For example, the escalation factor for a parcel receiving a building permit on July 1, 2004, would be 1.2082716 (244.675 divided by 202.500).

To determine the Maximum Special Tax Rates, each taxable parcel’s Base Year Maximum Special Tax Rate shall be multiplied by the applicable Escalation Factor. For example, a residential parcel in Zone 1 would have a base tax rate of \$250.00 per unit; had this parcel received a building permit on July 1, 2004, its escalation factor would be 1.2082716. Therefore, its Maximum Special Tax Rate would be \$250.00 x 1.2082716 or \$302.07.

## MEMORANDUM

**DATE:** July 15, 2013  
**TO:** Honorable Mayor and Council Members  
**FROM:** Cyrus Abhar, Chief Building Official

**SUBJECT: ADOPT ORDINANCE NO. 22-2013 TO AMEND CHAPTER 16.02 OF THE RANCHO CORDOVA MUNICIPAL CODE, "UNIFORM ADMINISTRATIVE CODE," TO REFLECT CHANGES PERTAINING TO BUILDING PERMIT EXPIRATION AND VIOLATIONS**

### **RECOMMENDATION**

Waive first reading and introduce Ordinance No. 22-2013.

### **RESULT OF RECOMMENDED ACTION**

Adopting Ordinance No. 22-2013 will modify Sections 105.5 / R105.5 "Permit Expiration" and 114.4 "Violation Fees" of the Uniform Administrative Code, found in Chapter 16.02 of the Municipal Code. The amendments to Section 105.5 "Permit Expiration" will clarify building permit timelines and renewal fees.

The amendments to Section 114.4 "Violation Fees" will be based on cost recovery to help ensure the maximum violation fee will not exceed the amount equal to the total permit fee.

### **BACKGROUND**

In Section 105.5 / R105.5, the updated language will clarify the timeframe and renewal fees for expired permits. Specifically, the updated language will emphasize that permits eligible for renewal will be charged on a cost recovery basis and therefore the maximum renewal fee will not exceed the full cost of the permit. It also establishes a maximum amount that can be charged to renew an expired permit.

In Section 114.4 / R113.4, the amount of the fee charged has been modified to allow for cost recovery of staff time, instead of basing it on the original permit fee. It also sets a minimum and a maximum charged amount that will not exceed the fee charged for the original permit.

### **FISCAL IMPACT**

There will be a minimal fiscal impact, if any. With the permit renewal fee and violation fee being based on cost recovery, it becomes more financially manageable for property owners.

6. When the building permit, or a copy, and any previous correction notice(s) are not readily available.
7. For deviating from plans requiring the approval of the Building Official.

## ATTACHMENT 1

This section is not to be interpreted as requiring re-inspection fees the first time a job is rejected for failure to comply with the requirements of this Code, but as controlling the practice of calling for inspections before the job is completely ready for such inspection.

To obtain a re-inspection, the applicant shall pay any re-inspection fee as prescribed by ordinance or resolution of the City of Rancho Cordova.

Exception: Certificates of Occupancy are not required for R-3 occupancies.

N. Section 112.1 / R111.1 "Connection of service utilities" is amended to read as follows:

**ATTACHMENT 1**

A violation fee is separate and independent from other fees, shall be collected whether or not a permit is then or subsequently issued, provided, however, that this provision shall not apply to emergency work when it is proved to the satisfaction of the Administrative Authority that such work was urgently necessary and that it was not practical to obtain a permit before commencement of the work. In all such cases, a permit must be obtained as soon as it is practical to do so; and, if there is an unreasonable delay in obtaining such permit, the violation fee as herein provided shall be charged.

The violation fee shall be based on cost recovery time of division staff time to complete the necessary permit(s).

The minimum violation fee will be based on one hour of inspection time, plus ½ hour of administrative work time, multiplied by the current labor rate for the appropriate position, plus the Total Permit Fee of any permits necessary to mitigate the violation.

The maximum violation fee will not exceed the amount equal to the Total Permit Fee, plus the Total Permit Fee of any permits necessary to mitigate the violation. The payment of such violation fee shall not exempt any person from compliance with other provisions of this Code, the Technical Codes, or from any penalty prescribed by law.

The Building Official shall have the right to withhold clearing building service utilities or equipment for hookup by the service agency if the owner or contractor refuses to comply with other ordinances affecting the structure as a whole.

**ATTACHMENT 1****Section 2.** Severability

G. Section 105.7 / R105.7, “Placement of Permit,” is amended to read as follows:

**105.7 / R105.7 Placement of permit.** Work requiring a permit shall not be commenced until the permit holder or an agent of the permit holder shall have posted the building permit in a highly visible location on the job site so as to allow the Building Official to conveniently make the required entries thereon regarding inspection of the work. The permit application, or a copy, and all correction notices must be kept with the building permit. This permit shall be maintained available by the permit holder until completion of the work and final approval has been granted by the Building Official.

H. Section 109.2 / R108.2, “Schedule of permit fees,” is amended to read as follows:

**109.2 / R108.2 Schedule of permit fees.** On buildings, structures, electrical, gas, mechanical and plumbing systems or alterations requiring a permit, a fee for each permit shall be paid as

required, in accordance with the schedule as prescribed by ordinance or resolution of the City of Rancho Cordova.

When submittal documents are required by Section 107 or Section R106, a plan review fee shall be paid at the time of submitting the documents for plan review. Said plan review fee shall be prescribed by ordinance or resolution of the City of Rancho Cordova.

The plan review fees specified in this Section are separate fees from the permit fees specified in this Section and are in addition to the permit fees.

When submittal documents are incomplete or changed so as to require additional plan review, or when the project involves a deferred submittal item as defined in Section 107.3.4.2 or R106.3.4, an additional plan review fee shall be charged as prescribed by ordinance or resolution of the City of Rancho Cordova.

I. Section R108.3, "Building permit valuations," is amended to read as follows:

**R108.3 Building permit valuations.** The applicant for a permit shall provide an estimated permit value at time of application. Permit valuations shall include total value of work, including materials and labor, for which the permit is being issued, such as structures, electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the Building Official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the Building Official. Final building permit valuation shall be set by the Building Official.

J. Section R106.3.4, "Deferred Submittals," is added to read as follows:

**R106.3.4 Deferred submittals.** For the purposes of this section, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the Building Official within a specified period. Deferral of any submittal items shall have the prior approval of the Building Official. The registered design professional in responsible charge shall list the deferred submittals on the construction documents for review by the Building Official. Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the Building Official with a notation indicating that the deferred submittal documents have been reviewed and been found to be in general conformance to the design of the building. The deferred submittal items shall not be installed until the design and submittal documents have been approved by the Building Official.

K. Section 109.6 / R108.5, "Refunds," is amended to read as follows:

**109.6 / R108.5 Refunds.** The Building Official may authorize the refunding of any fee paid hereunder that was erroneously paid or collected.

The Building Official may authorize the refunding of not more than 40 percent of the total permit fee paid when no work has been done under a permit issued in accordance with this Code. Where no plan review fee was required, the Building Official may authorize the refunding of not more than 80 percent of the total permit fee paid when no work has been done under a permit issued in accordance with this Code.

The Building Official may authorize the refunding of not more than 80 percent of the plan review

fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or canceled before any plan reviewing is done.

The Building Official shall not authorize the refunding of any fee paid except upon written application filed by the original applicant no later than 180 days after the date of fee payment.

L. Section 109.7 / R108.7, "Re-inspection fee," is added to read as follows:

**109.7 / R108.7 Re-inspection fee.** A re-inspection fee may be assessed for any of the following reasons:

1. When such portion of work for which inspection is called is not completely ready or when previous corrections called for are not made.
2. When the job address is not clearly posted and visible from the street or the front of the building.
3. When there is a lack of access to the work to be inspected.
4. When the building permit is not posted on the job site.
5. When the approved plans are not readily available to the inspector.
6. When the building permit, or a copy, and any previous correction notice(s) are not readily available.
7. For deviating from plans requiring the approval of the Building Official.

This section is not to be interpreted as requiring re-inspection fees the first time a job is rejected for failure to comply with the requirements of this Code, but as controlling the practice of calling for inspections before the job is completely ready for such inspection.

To obtain a re-inspection, the applicant shall pay any re-inspection fee as prescribed by ordinance or resolution of the City of Rancho Cordova.

In instances where re-inspection fees have been assessed, no additional inspection of the work will be performed until the required fees have been paid.

M. Section 111.1 / R110.1, "Use and occupancy," is amended to read as follows:

**111.1 / R110.1 Use and occupancy.** No building or structure shall be used or occupied, and no change in the existing occupancy classification of a building or structure or portion thereof shall be made, until the Building Official has issued a certificate of occupancy therefor as provided herein. Issuance of a certificate of occupancy shall not be construed as an approval of a violation of this code or other ordinances of the City of Rancho Cordova.  
Exception: Certificates of Occupancy are not required for R-3 occupancies.

N. Section 112.1 / R111.1 "Connection of service utilities" is amended to read as follows:

**112.1 / R111.1 Connection of service utilities.** No person shall make connections from a utility, source of energy, fuel, or power to any building service equipment that is regulated by the

Technical Codes and for which a permit is required by this Code until approved by the Building Official.

O. Section 112.2 / R111.2 "Temporary connections" is amended to read as follows:

**112.2 / R111.2 Temporary connections.** The Building Official may authorize the temporary connection of the building service equipment to the source of energy, fuel, or power for the purpose of testing building service equipment or for use under a temporary Certificate of Occupancy.

P. Section 112.3 / R111.3 "Authority to disconnect service utilities" is amended to read as follows:

**112.3 / R111.3 Authority to disconnect service utilities.** The Building Official or an authorized representative shall have the authority to disconnect any utility service or energy supplied to the building, structure, or building service equipment therein regulated by this Code or the Technical Codes when the building owner or occupant knowingly fails to comply with a notice or order, or in case of emergency where necessary to eliminate an immediate hazard to life or property.

The Building Official shall, whenever possible, notify the serving utility, and the owner and occupant of the building, structure, or building service equipment of the decision to disconnect prior to taking such action and shall notify such serving utility, owner, and occupant of the building, structure, or building service equipment, in writing, of such disconnection immediately thereafter.

**112.4 / R111.4 Authority to condemn building service equipment.** Whenever the Building Official ascertains that any building service equipment regulated in the Technical Codes has become hazardous to life, health, or property or becomes unsanitary, the Building Official shall order, in writing, that such equipment either be removed or restored to a safe or sanitary condition, whichever is appropriate. The written notice shall fix a time limit for compliance with such order. No person shall use or maintain defective building service equipment after receiving such notice.

When such equipment or installation is to be disconnected, a written notice of such disconnection and causes therefore shall be given within 24 hours to the serving utility, the owner, and occupant of such building, structure, or premises.

When any building service equipment is maintained in violation of the Technical Codes and in violation of any notice issued pursuant to the provisions of this section, the Building Official shall institute any appropriate action to prevent, restrain, correct, or abate the violation.

R. Section 113.3.2 / R112.3.2, "Terms," is added to read as follows:

**113.3.2 / R112.3.2 Terms.** Terms for members other than ex officio or advisory of the board of appeals shall be for two years. Terms shall expire in alternate years. At initial formation, terms may be set for one or three years by the Building Official to create a staggering of terms expirations.

S. Section 113.3.3 / R112.3.3, "Vacancies," is added to read as follows:

**113.3.3 / R112.3.3 Vacancies.** Vacancies shall be filled by appointment for the unexpired portion of the term.

T. Section 113.3.4 / R112.3.4, "Attendance," is added to read as follows:

**113.3.4 / R112.3.4 Attendance.** Any appointee member of the board of appeals who fails to attend three consecutive meetings of the board of appeals without notifying the secretary shall automatically lose membership thereon. It shall be the duty of the chairperson of the board of appeals to report to the city council any appointee member who has failed to attend three consecutive meetings without such notification.

W. Section 113.3.7 / R112.3.7, "Rules and Regulations," is added to read as follows:

**113.3.7 / R112.3.7 Rules and Regulations.** The board of appeals shall adopt reasonable rules and regulations for conducting its investigations and shall render all decisions and findings in writing to the Building Official, with a copy to the applicant, and may recommend to the City Council such new legislation as is consistent therewith. Decisions and findings shall be filed in the office of the Building Official, for public inspection.

X. Section 113.3.8 / R112.3.8, "Granting Modifications," is added to read as follows:

**113.3.8 / R112.3.8 Granting Modifications.** Whenever there are practical difficulties involved with carrying out the provisions of the Building, Electrical, Mechanical, Plumbing, and/or Swimming Pool codes of the City of Rancho Cordova, the board of appeals may grant modifications for individual cases, provided it is found that special circumstances make strict adherence to the code(s) impractical and that the modification is in conformity with the intent and purpose of the code(s) and that such modification does not reduce any fire protection requirements or any degree of structural integrity.

Y. Section 114.4 / R113.4, "Violation penalties," is amended to read as follows:

**114.4 / R113.4 Violation Fee.** Any person who violates a provision of this code or fails to comply with any of the requirements thereof or who erects, constructs, alters or repairs a building or structure in violation of the approved construction documents or directive of the Building Official, or of a permit or certificate issued under the provisions of this code, shall be subject to penalties as prescribed by law.

A violation fee is separate and independent from other fees, shall be collected whether or not a permit is then or subsequently issued, provided, however, that this provision shall not apply to emergency work when it is proved to the satisfaction of the Administrative Authority that such work was urgently necessary and that it was not practical to obtain a permit before commencement of the work. In all such cases, a permit must be obtained as soon as it is practical to do so; and, if there is an unreasonable delay in obtaining such permit, the violation fee as herein provided shall be charged.

The violation fee shall be based on cost recovery time of division staff time to complete the necessary permit(s).

The minimum violation fee will be based on one hour of inspection time, plus ½ hour of administrative work time, multiplied by the current labor rate for the appropriate position, plus the Total Permit Fee of any permits necessary to mitigate the violation.

The maximum violation fee will not exceed the amount equal to the Total Permit Fee, plus the Total Permit Fee of any permits necessary to mitigate the violation. ~~The violation fee shall be equal to the total permit fee, in addition to the total permit fee as prescribed in Chapter 16, Section 16.90 of the City of Rancho Cordova Municipal Code.~~ The payment of such violation fee shall not exempt any person from compliance with other provisions of this Code, the Technical Codes, or from any penalty prescribed by law.

Any person who violates the provisions of this code may also become subject to an Administrative Citation as described in RCMC Chapter 16.18.205(F).

Z. Section 114.3.1 / R113.3.1, "Connection after order to disconnect," is added to read as follows:

**114.3.1 / R113.3.1 Connection after order to disconnect.** No person shall make connections from any energy, fuel, or power supply nor supply energy or fuel to any building service utilities or equipment that has been disconnected or ordered to be disconnected by the Building Official or the use of which has been ordered to be discontinued by the Building Official until the Building Official authorizes the reconnection and use of such equipment.

The Building Official shall have the right to withhold clearing building service utilities or equipment for hookup by the service agency if the owner or contractor refuses to comply with other ordinances affecting the structure as a whole.

## **Section 2.** Severability

If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are severable. This City Council hereby declares that it would have adopted this ordinance irrespective of the invalidity of any particular portion thereof and intends that the invalid portions should be severed and the balance of the ordinance be enforced.

## **Section 3.** Effective Date and Publication

Within fifteen (15) days from and after adoption, this Ordinance shall be published once in the Grapevine Independent, a newspaper of general circulation printed and published in Sacramento County and circulated in the City of Rancho Cordova, in accordance with California Government Code Section 36933. **105.2.2.1 / R105.2.2.1 Limits on repair for R-3 and U occupancies.** When the scope of work for R-3 and U Occupancies involves the removal or replacement of 50 percent or greater of the linear length of the walls of the building (exterior plus interior) within a one-year period, the project shall be considered new construction; and the entire building shall comply with all current codes.

C. Section 105.3.2 / R105.3.2, "Time limitation of application," is amended to read as follows:

**105.3.2 / R105.3.2 Time limitation of application.** An application for a permit for any proposed work shall be deemed to have been abandoned based on the time frames shown in Table 105, calculated after the date of filing, unless such application has been pursued in good faith or a permit has been issued. The Building Official may extend the time for action for a period not exceeding 180 days upon written request by the applicant showing that circumstances beyond the control of the applicant have prevented action from being taken.

Any inactive application not issued prior to the effective date of any new law, statute, provision, ordinance, or any revision or update to the same, that directly or indirectly applies to code regulation and enforcement, will be deemed void, and a new application shall be made, and new fees shall be calculated and collected at the rates currently in effect at the time of the new application.

D. Section 105.4.1 / R105.4.1, "Certificate of Construction," is added to read as follows:

**105.4.1 / R105.4.1 Certificate of Construction.** The Building Official may issue a Certificate of Construction for projects where a building permit is not appropriate. Typical examples of such projects are structures constructed for Rancho Cordova where a building permit would not be issued but a plan review would be performed or a project not under Rancho Cordova's jurisdiction but where inspection is to be conducted by the City on a contract.

2. Any new dwelling, covered porch/patio, and attached garage 3,600 square feet or greater.
3. Any new dwelling with a private access road.
4. Where the furthest point of the habitable structure is more than 150 feet from the public road.
5. All commercial projects and multi-family dwellings.

## MEMORANDUM

**DATE:** July 15, 2013

**TO:** Honorable Mayor and Council Members

**FROM:** Cyrus Abhar, Chief Building Official

**SUBJECT:** **ADOPT ORDINANCE NO. 20-2013 ADDING RANCHO CORDOVA MUNICIPAL CODE 16.03 "SAFETY ASSESSMENT PLACARDS" TO DENOTE CONDITIONS RELATING TO CONTINUED OCCUPANCY OF BUILDINGS**

### **RECOMMENDATION**

Waive first reading and introduce Ordinance No. 20-2013.

### **RESULT OF RECOMMENDED ACTION**

Adoption of Ordinance No. 20-2013 will establish standard safety assessment placards to be used to indicate the condition of a structure for continued occupancy. This chapter will further authorize the Building Official, or his or her designee, to post the appropriate placards at each entry point upon the completion of a safety assessment. The safety assessment is a visual, non-destructive examination that will determine if a structure is safe, restricted use, or unsafe.

### **BACKGROUND**

Currently, we do not have a program in place for safety assessment placards. With the absence of an official ordinance, the assessment placards are merely a recommendation; they do not carry the weight of the law and therefore cannot be enforced. By adopting a placarding ordinance, safety placards can be posted and enforced. The placards cannot be removed, altered or covered until done so by an authorized representative of the Building Official.

### **FISCAL IMPACT**

The fiscal impact for the application of this ordinance is minimal and is only associated with the printing cost of the safety assessment placards.

## MEMORANDUM

**DATE:** July 15, 2013

**TO:** Honorable Mayor and Council Members

**FROM:** Cyrus Abhar, Public Works Director  
Elizabeth Sparkman, Senior Engineer

**SUBJECT: RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING DISTRICT NO. 2005-1**

### **RECOMMENDATION**

Adopt Resolution No. 84-2013.

### **RESULT OF RECOMMENDED ACTION**

Adoption of this resolution will authorize the continuance of the annual levy and collection of assessments in the District. On June 3, 2013, the City Council approved resolutions ordering the preparation of the Engineer's Annual Levy Report, and set the public hearing to be held prior to approving and ordering the levy of assessments for Fiscal Year 2013-2014. The assessments fund the ongoing landscape maintenance services in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

### **BACKGROUND**

The Landscaping and Lighting District No. 2005-1 (LLD 2005-1) was formed in June 2005 by the City Council to continue a financial mechanism to provide landscape maintenance services previously funded since 1994 in Zone 4 and Zone 5 of the Sacramento County Landscape Maintenance District (SLMD). The maximum assessment rates authorized under LLC 2005-1 are equal to the maximum rates previously authorized in Zones 4 and 5 of the County's District.

State law requires the City Council direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On June 3, 2013, the City initiated the proceedings for the annual levy and collection of assessments through adoption of Resolution No. 67-2013 ordering the preparation of the Engineer's Report and Resolution No. 68-2013 preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for Fiscal Year 2013-2014, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report includes a diagram of the assessment area, a description of the maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by LLD 2005-1 include ongoing maintenance, operation and servicing of landscaping and streetscape improvements within the right-of-ways and other public areas within the District at the locations described in the Engineer's Report.

The proposed Fiscal Year 2013-2014 assessment rates per Zone are as follows:

- Zone 1 of the District is comprised of parcels that were previously part of the SLMD Zone 4. The ninety-seven (97) residential parcels in the Ellenwood subdivision shall be assessed on per Parcel basis at the maximum rate of \$42.50 per parcel.
- Zone 2 of the District is comprised of parcels that were previously part of SLMD Unit No. 1 and No. 2. The one hundred fifty-four (154) residential parcels shall be assessed on an acreage basis at the maximum rate of \$30.48 per acre for the median landscape and parkway landscape improvements associated with these parcels.
- Zone 3 of the District is comprised of eighteen (18) parcels that were previously part of the SLMD Zone 5. These parcels are assessed on an acreage basis at the rate of \$610.58 per acre for the median landscape improvements within the District.
- Zones 4 and 4A are comprised of seven hundred sixteen (716) assessable parcels which are a part of the development known as Capital Village. The fifty-two (52) assessable parcels within Zone 4 shall be assessed at the maximum rate of \$30.48 per gross acre. Zone 4A was created to account for overlapping boundaries with a Landscape Maintenance CFD (LMCFD) formed by the City. The CFD will provide supplemental funding for landscape improvements within and adjacent to the development, including some median landscaping identified herein. The six hundred sixty-four (664) assessable parcels within Zone 4A shall be assessed at the maximum rate of \$30.48 per gross acre. Any supplemental funds generated by LMCFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

The Fiscal Year 2013-2014 total assessment is estimated at \$91,595. The District has an established Operating Reserve which provides funding for the operations and maintenance of the District, as well as providing financing for emergency expenditures. A second reserve fund finances special projects such as a central irrigation system, revegetation projects, and other rehabilitation projects or replacements of District improvements.

In July 2006, the County transferred funds previously collected in the County's Zone 4 and 5 to the City, which were deposited to the LLD 2005-1. The City had previously deemed that these transferred funds are to be used exclusively by the District and shall be considered as undesignated reserves within the Zones of the District. Funds from the undesignated reserve can be used to fund costs of any zone(s) that are unable to be funded by the annual assessments.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt Resolution No. 84-2013 which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2013-2014.

**WHEREAS**, this City and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

**WHEREAS**, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Rancho Cordova.

**Section 4** The County Auditor of the County of Sacramento shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

## INTRODUCTION

---

Pursuant to the provisions of the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the "1972 Act"), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIII D (hereafter referred to as the "California Constitution"), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as "City"), has by resolution initiated proceedings in connection with the ongoing maintenance of the special assessment district designated as:

### **Landscaping and Lighting District No. 2005-1**

(hereafter referred to as "District"), for the purpose of continuing and providing for the ongoing maintenance and operation of landscaping and lighting improvements within the District.

These improvements have previously been provided and administered by the County of Sacramento (the "County") as part of the Sacramento Landscape Maintenance District (hereafter referred to as "SLMD"). Commencing with fiscal year 2005/2006, the City conducted property owner protest ballot proceedings and confirmed the assessments described herein at which time the maintenance and operation of the improvements became the responsibility of the City with the City Council acting as the legislative body of the District. The City Council proposes to continue the levy and collection of annual assessments through the County tax rolls to provide ongoing funding for the costs and expenses required to service and maintain the District improvements.

This Engineer's Report (hereafter referred to as "Report") has been prepared in connection with the annual administration of said District and the levy and collection of annual assessments related thereto for fiscal year 2013/14, as required pursuant to Chapter 1, Article 4 of the 1972 Act. This Report describes the District, the improvements, and the proposed assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements. The annual assessments will provide a continued funding source for the ongoing operation and maintenance of public landscaping and lighting improvements associated with the properties within the District.

The improvements and assessments described in this Report are based on the improvements and assessments previously established by the County for SLMD Zone 4 and Zone 5 and represent an estimate of the direct expenditures, incidental expenses, and fund balances associated with the maintenance and servicing of those improvements. The structure of the District (organization), the

improvements, the method of apportionment, and assessments described herein have been established to continue the maintenance of the existing improvements and assessments previously established by the County as outlined in the District's Fiscal Year 2005/2006 Engineer's Report.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the County Assessor's Office. The County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

In fiscal year 2005/2006, as part of the District formation to continue the assessments previously levied by the County as part of the SLMD Zone 4 and Zone 5 for properties within the boundary of the City, the City conducted a Property Owner Protest Ballot proceeding for the District assessments pursuant to the provisions of the *California Constitution, Article XIID Section 4*. In conjunction with this ballot proceeding, the City Council also conducted a noticed public hearing to consider public testimonies, comments and written protests regarding the formation of the District and levy of maximum assessments. Upon conclusion of the public hearing, property owner protest ballots received were opened and tabulated to determine whether majority protest existed (ballots were weighted based upon the assessment amounts), and by resolution the City Council confirmed the results of the ballot tabulation. Tabulation of the ballots indicated that a majority protest did not exist for the continuation and transfer of assessments as presented and described in the fiscal year 2005/2006 Engineer's Report. The City Council approved the report, ordered the formation of the District, and approved the levy and collection of FY 2005/2006 assessments. The FY 2005/2006 assessments were then submitted to the Sacramento County Auditor/Controller for inclusion on the property tax roll for each parcel.

For fiscal year 2013/14, this Report has been prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed budget and assessments for this fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments. Should the proposed annual assessments for the District or portion thereof, exceed the maximum assessments described herein (as approved by the property owners), the new or increased assessment must be confirmed through another property owner protest ballot proceeding before the new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

This Report consists of five (5) parts:

## **Part I**

**Plans and Specifications:** A description of the District boundaries and the proposed improvements associated with the District. The District was formed with four (4) benefit zones encompassing all lots and parcels of land within the boundaries of the City. The territory within the District had previously been assessed through Zone 4 and Zone 5 of the SLMD in fiscal year 2004/2005. The District was first assessed in fiscal year 2005/2006.

## **Part II**

**The Method of Apportionment:** A discussion of benefits the improvements and services provide to properties within the District and the method of calculating each property's proportional special benefit and annual assessment.

## **Part III**

**The District Budget:** An estimate of the annual costs to operate, maintain and service the District's landscaping and lighting improvements and facilities. The special benefit assessments are based on the overall operation costs minus any costs that are considered general benefit. The proposed budget includes the anticipated costs for operating, maintaining and servicing the District improvements for fiscal year 2013/14, including any funds necessary to perform maintenance activities that cannot be reasonably collected in a single fiscal year to establish the proposed assessments for that year. Should the proposed assessments exceed the assessments described herein, property owner ballot proceedings shall be conducted to approve such an increase before the increase may be imposed.

## **Part IV**

**District Diagram:** A Diagram showing the exterior boundaries of the District and the Zones therein is provided in this Report and includes the parcels that receive special benefits from the improvements. Parcel identification, the lines and dimensions of each lot, parcel and subdivision of land within the District, are inclusive of all parcels as shown on the County Assessor's Parcel Maps as they existed at the time of the passage of the Resolution of Intention, and shall include all subsequent subdivisions, lot line adjustments or parcel changes therein. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District.

## Part V

**Assessment Roll:** A listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment.

## Part I — PLANS AND SPECIFICATIONS

---

### A. Description of the District

The territory within the District consists of the lots and parcels of land that in fiscal year 2004/2005 were both within the City and within a portion of Zone 4 and all of Zone 5 of the Sacramento Landscape Maintenance District ("SLMD"). Said territory encompasses an area of land totaling approximately five hundred twelve acres (512 acres) that is centrally located within the City, generally south of Highway 50 and north of the City limits. Refer to the Budget Section for the current number of parcels within each Zone.

- **Zone 1:** That portion of the previous SLMD Zone 4, which at the time of the formation of the District included a total of ninety-seven (97) assessable parcels within the residential subdivision known as Ellenwood Court located south of Ellenwood Avenue. Upon formation of the District, this area was designated as Zone 1 to reflect the special benefit these parcels receive from the District improvements associated with the development located on the south side of Ellenwood Avenue.
- **Zones 2, 3 and 4:** The parcels within previous SLMD Zone 5, which at the time of the formation of the District included a total of six hundred eighty-six (686) assessable parcels generally located south of the American River, east of Mather Field Road and in close proximity to Zinfandel Drive and International Drive. Upon formation of the District, this area was designated as Zones 2, 3, and 4 and are described as follows:

**Zone 2** included the one hundred fifty-four (154) assessable parcels within the residential subdivision known as California Jazz Units 1 & 2 generally located east of Data Drive, north of Reserve Drive, south of Capital Center Drive and west of International Drive.

**Zone 3** included the eight (8) assessable parcels located on either side of Zinfandel Drive from Data Drive to the southern boundary of the District (approximately 700 feet south of International Drive).

**Zone 4** included the remaining parcels that were previously included in SLMD Zone 5 that were not designated as either Zone 2 or Zone 3 of the District. This Zone includes parcels along Data Drive, International Drive, Capital Center Drive, White Rock Road, Quality Drive, Disk Drive, Prospect Park

Drive and Kilgore Road.

**Zone 4A** is the portion of Zone 4 that also lies within the City's Community Facilities District No. 2005-2 ("CFD 2005-2"). Zone 1 of CFD 2005-2 was established to fund, to the extent that funds from CFD 2005-2 are available, maintenance of landscape improvements of the residential subdivision development known as Capital Village. These landscape improvements were installed along the subdivision's rights-of-way and within the median(s) adjacent to the development. The funds from Zone 1 of CFD 2005-2, to the extent available, shall offset all or a portion of the costs within Zone 4A.

## **B. Description of Improvements and Services**

### ***Landscape Improvements***

The purpose of this District is to ensure the ongoing maintenance, operation and servicing of local landscaping and street lighting improvements within the District (improvements that had been previously funded through annual assessments from the SLMD). The improvements may consist of all or a portion of the public landscaped areas, street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities and expenses necessary for the ongoing maintenance and operation of public street lighting and landscape improvements including but not limited to parkways, medians and other designated easements, right-of-ways or public areas within the District. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

- **Zone 1:** Streetscape (parkway) landscaping along the South side of Ellenwood Avenue east of Routier Road that is within the public right-of-ways or easements dedicated to the City for maintenance. The costs and special benefits of these improvements are shared equally by only the assessable properties within Zone 1 of the District.
- **Zone 2:** Streetscape (parkway) landscaping surrounding and adjacent to the California Jazz subdivision on the north side of Reserve Drive from Data Drive to International Drive; the east side of Data Drive from Reserve Drive north to the end of the subdivision; the west side of Capital Center Drive from International Drive north to the end of the subdivision; and the north side of International Drive from Reserve Drive to Capital Center Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 2 of the District.

- **Zone 3:** Streetscape (parkway) landscaping on both sides of Zinfandel Drive between International Drive and Data Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 3 of the District.
- **Zones 2, 3, 4 and 4A:** All median landscape improvements within the District located on International Drive from approximately 570 feet westerly of Data Drive to Kilgore Road and on Zinfandel Drive from Data Drive to International Drive. The costs and special benefits of these improvements are proportionately shared by all the properties within Zone 2, 3, 4 and 4A of the District.

Specifically not included as District improvements are those improvements located on private property, improvements and facilities that may be provided or maintained by an agency other than the City; improvements and facilities that may be provided by another assessment or tax levied by the City or County and any improvement provided and maintained by a Homeowner's Association or similar entity.

Detailed descriptions of the location and extent of the specific improvements to be maintained by the District are on file with the City and by reference are made part of this Report. The net annual cost to provide and maintain the improvements determined to be of special benefit shall be allocated to each property in proportion to the special benefits received.

The landscape improvements for the District may include, but are not limited to turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public right-of-ways. Specifically the landscape improvement areas for this District generally consist of the following:

- Approximately 9,600 square feet of streetscape (parkway) landscaping and 34 trees within the public right-of-ways located on the south side of Ellenwood Avenue.
- Approximately 11,000 square feet of turf, 28,455 square feet of streetscape (parkway) landscaping including 110 trees, located on the north side of Reserve Drive from Data Drive to International Drive; east side of Data Drive, from Reserve Drive north to end of California Jazz tract Unit No. 1; west side of Capital Center Drive, from International Drive north to the end of California Jazz Tract Unit No. 2; and north side of International Drive, from Reserve Drive to Capital Center Drive.

### ***Public Lighting Improvements***

Lighting facilities that may be located within the landscaped areas including safety lights, security lights or ornamental lights installed as part of the landscape improvements are budgeted as part of the landscape maintenance costs.

The lighting improvements may include but shall not be limited to the cost of providing electrical energy and servicing of lighting fixtures, poles, meters, conduits, electrical cable and associated appurtenant facilities associated with the street lighting, safety lighting and/or traffic signals within the District including public lighting facilities on designated arterial and collector streets as well as lighting facilities within residential subdivisions or public areas such as parks. The cost of such improvements shall be allocated based on the proportional special benefits properties receive from these improvements.

## Part II — METHOD OF APPORTIONMENT

---

### A. General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the 1972 Act and the provisions of the California Constitution. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

### B. Benefit Analysis

Each of the proposed improvements, the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the California Constitution and 1972 Act. The improvements provided by the District and for which properties will be assessed have been identified as necessary, required and/or desired for the development of properties within the District and as such, the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of the parcels within the District. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are a distinct and special benefit to the properties within the District. Any improvement or portion thereof that is considered to be of general benefit shall be funded by other revenue sources and not included as part of the special benefit assessments allocated to properties within the District.

### ***Special Benefit***

The method of apportionment (method of assessment) established herein is based on the premise that each assessed parcel within the District receives special benefits from specific improvements and the desirability and security of those properties is enhanced by the presence of well-maintained improvements in close proximity to those properties.

The special benefits associated with landscape improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green space and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting and other public lighting facilities are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads, streets and public areas.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal act and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.

All of the preceding factors contribute to a specific enhancement and desirability of each of the assessed parcels within the District and thereby provide special benefits to the properties. Furthermore, it has been determined that the lack of funding to properly service and maintain the District improvements could have a negative impact on the properties within the District.

### ***General Benefit***

In reviewing each of the District improvements, the proximity of those improvements to both properties within the District and those outside the District as well as the reasons for installing and constructing such improvements, it is evident that the improvements are solely for the benefit of properties within the District and the ongoing maintenance and operation of the improvements will directly affect the properties within the District. Although the improvements include public areas, easements, right-of-ways and other amenities available or visible to the public at large, the construction and installation of these improvements were only in direct benefit to the properties within the District and were not required nor necessarily desired by any properties or developments outside the District boundary and any public access or use of the improvements by others is incidental. Therefore, it has been determined that the improvements and the ongoing maintenance, servicing and operation of those improvements provide no measurable general benefit to properties outside the District or to the public at large, but clearly provide distinct and special benefits to properties within the District.

## **C. Assessment Methodology**

The method of apportionment for the District calculates the receipt of special benefit from the respective improvements based on the actual or proposed land use of the parcels within the District. The special benefit received by each lot or parcel is equated to the overall land use of parcels within the District based on the parcel's actual land use or proposed development.

All costs associated with the improvements shall be fairly distributed among the parcels based upon the special benefit received by each parcel. Additionally, in compliance with the California Constitution, each parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred to that parcel. The benefit formula used to determine the assessment obligation is therefore based upon both the improvements that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific improvements.

At the time that the District was being formed and to identify and

determine the special benefit to be received by each parcel and their proportionate share of the improvement costs, it was necessary to consider the entire scope of improvements to be maintained by the District, as well as individual property development within the District. Upon review of the improvements to be maintained, it was determined that four (4) distinct areas benefit differently from the improvements within the District and therefore the landscape maintenance and assessments were established as four (4) benefit zones for the allocation of the assessments and proportional special benefit, as described below. Although a portion of Zone 4 was designated as Zone 4A in fiscal year 2007/08, as discussed below, Zones 4 and 4A remain as one benefit zone and are assessed at the same maximum rate.

### ***Zones and Assessments:***

Zone 1, upon formation of the District, was comprised of one hundred five (105) parcels that were previously part of the SLMD Zone 4. At that time, ninety-seven (97) of these parcels were residential properties and were assessed on a per parcel basis at the pre-existing rate of \$42.50 per parcel. Ninety-seven (97) parcels are currently being assessed within Zone 1.

Zone 2, upon formation of the District, was comprised of one hundred fifty-nine (159) parcels that were previously part of SLMD Zone 5 and are part of the residential developments known as California Jazz Unit No.1 and Unit No. 2. At that time, one hundred fifty four (154) of these parcels were assessed as residential properties on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements and parkway landscape improvements associated with these parcels. One hundred fifty four (154) parcels are currently being assessed within Zone 2.

Zone 3, upon formation of the District, was comprised of eight (8) parcels, all of which were assessable, that were previously part of SLMD Zone 5. These parcels were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscaping and \$1,382.76 per acre for the landscaping along the parkways of Zinfandel Drive, totaling \$1,413.24 per acre. Eighteen (18) parcels are currently being assessed within Zone 3.

Zone 4, upon formation of the District, was comprised of seventy (70) parcels that were previously part of the SLMD Zone 5 that were not included as part of this District's Zone 2 or 3. At that time, sixty three (63) of these parcels were non-exempt and were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements within the District. Fifty-two (52) parcels are currently being assessed within Zone 4.

Zone 4A, a portion of Zone 4 was redesignated as Zone 4A commencing with the fiscal year 2007/08 levy to account for the Zone 4A parcels lying within with a portion of CFD 2005-2; the Zone 4 parcels are outside of the CFD 2005-2 boundaries. At that time, Zone 4A consisted of five hundred seven (507) parcels, four hundred sixty two (462) of which were assessable. Since the CFD 2005-2 Zone 1, special taxes are to be levied upon Zone 4A parcels, these special taxes are contributed in part to the District for the benefit of Zone 4A. Zone 1 of the CFD provides funding for landscape improvements within and adjacent to the development, including the median landscaping identified herein. Although the CFD may fund median landscaping, the special taxes levied within Capital Village may not provide sufficient funds to maintain both the landscape improvements within the Capital Village development and the median landscape improvements within the District that specially benefit the parcels within Zone 4A. Therefore, the six hundred sixty four (664) non-exempt parcels currently within Zone 4A will continue to be assessed up to \$30.48 per gross acre until such time that the CFD generates sufficient revenue to fund the median landscape improvements. Any funds generated by the CFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

**Exempt Parcels** — Properties within the District that are not assessed for special benefit include but is not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts, parkways, parks or other publicly owned properties that are part of the District improvements or may provide other benefits to private properties within the District;
- Private properties that cannot be developed independently from an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very restrictive development use;

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment, but shall be reviewed annually by the assessment engineer to confirm the parcels current development status. Government owned properties or public properties are not necessarily exempt properties and shall be subject to special benefit assessment unless it qualifies for an exempt status.

**Special Cases** — In many districts where multiple land uses and zones exist, the typical property classification and assessment methodology does not accurately identify the special benefits received from the improvements for each and every parcel. For example, in some cases, only a small percentage of the parcel's total acreage can actually be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. These special circumstances will be reviewed annually by the assessment engineer.

## **Part III — DISTRICT BUDGET**

---

### **A. Budget**

The Maximum Assessment per Parcel or Acre shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The budget within this report identifies the cost to maintain the improvements within each specified Zone of the District.

Each zone within the District maintains two separate reserves, one is utilized for Working Capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Special Projects Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve for each zone is limited by Streets and Highways Code 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County. The City has determined that all budgeted costs as presented in this Report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the of Streets and Highways Code 22569.

The Special Projects Reserve can be used to finance the Central Irrigation System (CIS) project and re-vegetation projects, as well as other rehabilitation projects, repairs or replacements of District improvements. The District also holds an undesignated reserve, which represents the balance of the funds transferred from Sacramento County to the City when the authority for the District passed from County control to that of the City. At that time, the City deemed that these transferred funds are to be used exclusively by the District and shall be considered as undesignated reserves within the Zones of the District. Accordingly, funds from the Undesignated Reserve shall be transferred to fund the costs of any Zone, to the extent that the Zone is unable to fund such costs through the annual assessments and available reserves of the Zone.

## **B. Description of Budget Items**

Description of the terms used in the preceding Budget, Assessment Rates and Reserve Balance tables are listed below:

### **MAINTENANCE AND OPERATION (DIRECT COSTS)**

**Contract Maintenance - Landscaping** – Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

**Utilities (Water/Electricity) – Landscaping** - The furnishing of water and electricity required for the operation and maintenance of the landscaping related improvements.

**Utilities (Electricity) – Lighting** - The furnishing electricity required for the operation of the lighting improvements.

**Periodic Repair/Rehabilitation – Landscaping** – Expected costs for repair, replacement, installation or planned upgrades of District landscaping improvements.

**Periodic Repair/Rehabilitation – Lighting** – Expected costs for repair, replacement, installation or planned upgrades of District lighting improvements. If zero, this line item may not be shown in the budget.

**Special Project Expenditures** – Expected costs for installation, replacement or planned upgrades of District landscaping or lighting improvements for the current year that were previously funded or accumulated in the Special Projects Reserve. The Special Projects Reserve is used to accumulate funds for costs associated with the future rehabilitation, repair or replacement of these District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

### **ADMINISTRATION COSTS**

**District Administration** – Estimated costs incurred by the City in preparation of the annual budget and the preparation, review, posting and / or publishing of documents and notices required for City Council

action to approve the annual assessments. These costs also include contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

**Contract Administration** – Estimated costs to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District.

**County Collection Fees** – The fee charged to the District by the County for placing assessments on property tax bills.

**Other Administration Expenses** – Administration expenses not included above, including the cost to publish public notices required for City Council action relating to the District. If zero, this line item may not be shown in the budget.

**TOTAL COSTS** – The total expected costs of the District.

## **ADJUSTMENTS AFFECTING LEVY AMOUNT**

**Replenishment/(Use) of Operating Reserve** – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided in the following pages of this Section.

**Contribution to/(Use of) Special Projects Reserve** — A “Contribution” increases the levy in order to generate funding for the Special Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Special Projects Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Special Projects Reserve. In the event that the expenditure of a current year special project is funded entirely by a collection from the current fiscal year levy and / or a transfer from the Undesignated Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the budget. Further information regarding the function of the Special Projects Reserve is provided in the following pages of this Section.

**Undesignated Reserve Fund Transfer** - A transfer of undesignated reserve funds provides current year funding for one or more Zones that are unable to be adequately funded by a Zone's annual assessments. Further information regarding the undesignated reserve can be found in the first page of the Budget Section.

**Revenues from Other Sources** – These amounts represent contributions from CFD No. 2005-2; only affects Zone 4A. This relationship is more fully described in the previous sections of this report.

**Rounding Adjustment** – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

**BALANCE TO LEVY** - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

## **DISTRICT STATISTICS & ASSESSMENT RATES**

**Number of Assessable Parcels** - The total number of parcels within each Zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-ways or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements, due possibly to development restrictions.

**Assessable Acreage** - The total assessable acreage within each Zones at are expected to be assessed on an acreage basis for the current fiscal year.

**Applied Rate per Parcel** - The assessment rates to be applied each non-exempt parcel within the Zone for the current fiscal year.

**Applied Rate per Acre** - The assessment rate per acre to be applied each non-exempt parcel within the respective Zone for the current fiscal year.

**Maximum Rate per Parcel** - The maximum assessment rate that can be assessed to each non-exempt parcel within the respective Zone for

the current fiscal year.

**Maximum Rate per Acre** - The maximum assessment rate per acre that can be assessed to each non-exempt parcel within the respective Zone for the current fiscal year.

**Potential Maximum Assessment** – The total amount that can be assessed to all parcels within each Zone for the current fiscal year based upon the expected number of assessable units and acres using the maximum assessment rates.

## **UNDESIGNATED RESERVE FUND BALANCE**

**Beginning Undesignated Reserve Balance 7-1-2013 (est.)** - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations, of the Undesignated Reserve. This reserve is undesignated; therefore, funds from the Undesignated Reserve may be used to fund costs of any Zone, to the extent that the Zone is unable to fund such costs through the annual assessments and available reserves of the Zone. Further information regarding the Undesignated Reserve can be found in the first page of the Budget Section.

**Funding of Expenses in Excess of Assessments (est.)** – The amounts expected to be transferred from the Undesignated Reserve to fund FY 2013/14 expenses. Funds from the Undesignated Reserve may be transferred to fund the costs of any Zone, to the extent that the Zone is unable to fund such costs through the annual assessments and available reserves of the Zone.

**Ending Undesignated Reserve Balance 6-30-2014 (est.)** - The anticipated ending balance of cash and receivables, net of any unpaid prior year obligations, of the Undesignated Reserve.

## **OPERATING RESERVE BALANCES**

**Beginning Reserve Balance 7-1-2013 (est.)** - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2013 to December 31, 2013, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Special

Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Add: Collect from FY 13/14 Levy** – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2013 (the beginning of the Fiscal Year) through December 31, 2013. If zero, this line item may not be shown in the budget.

**Less: Use for FY 13/14 Expenses** – The amount of the Operating Reserve to be used to fund FY 13/14 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2013 (the beginning of the Fiscal Year) through December 31, 2013. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Special Projects Reserve** — The amount of Operating Reserve monies to be transferred to or from the Special Projects Reserve. Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Reserve Balance 6-30-2014 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2014. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

## **SPECIAL PROJECTS RESERVE BALANCES**

**Beginning Reserve Balance 7-1-2013 (est.)** — The projected balance of funds in the Special Projects Reserve as of July 1, 2013. Streets and Highways Code 22660 allows the District generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Add: Collect from FY 13/14 Levy** — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, repairs, restorations or upgrades of District improvements. This line may show a portion of funds transferred from the Undesignated Reserve to fund a current year special project. If zero, this line item may not be shown in the budget.

**Less: Use for FY 13/14 Special Projects** — The amount of Special Projects Reserve monies expected to be expended for Special Projects to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Operating Reserve** — The amount of Special Projects Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Reserve Balance 6-30-2014 (est.)** - The projected balance of funds in the Special Projects Reserve as of June 30, 2014. These funds shall be use to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Special Projects Reserve or related activity, the Special Projects Reserve information may not be presented in the Report.

### **C. Special Projects Reserve – Capital Improvement Plan**

Streets and Highways Code 22660 allows the District generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment. Therefore, a five year Capital Improvement Plan is shown below for the rehabilitation, restoration, repair and/or replacement of District improvements and other allowable costs for each Zone projecting an ending Special Projects Reserve balance:

#### **Zone 3:**

- Upgrades to irrigation system; replacement and/or enhancement of landscape improvements: \$40,000 each in FYs 2014/15, 2015/16, 2016/17 and 2017/18.
- Upgrades to Controller software for irrigation system: \$15,000 in FY 2014/15.
- Projected costs to reorganize district, including costs of re-engineering and balloting: \$22,139 in FY 2014/15 for Zone 3's share of costs.

Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements.

## Part IV — DISTRICT DIAGRAM

---

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Boundary Map of Landscaping and Lighting District No. 2005-1.”

The following District Diagram, which was based upon both the County Assessor's Maps and County Assessor's information, identifies all the parcels of land within the District at the time of formation.

## **Part V — ASSESSMENT ROLL**

---

Parcel identification for each lot or parcel within the District is based on the Assessment Diagrams presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

Non-assessable lots or parcels may include, but are not limited to public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, right-of-ways, common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has little or no value. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this Report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein:

## MEMORANDUM

**DATE:** July 15, 2013

**TO:** Honorable Mayor and Council Members

**FROM:** Cyrus Abhar, Public Works Director  
Elizabeth Sparkman, Senior Engineer

**SUBJECT: RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA LIGHTING DISTRICT NO. 2012-1**

### **RECOMMENDATION**

Adopt Resolution No. 85-2013.

### **RESULT OF RECOMMENDED ACTION**

Adoption of this resolution will authorize the continuance of the annual levy and collection of assessments in the District. On June 3, 2013, the City Council approved resolutions ordering the preparation of the Engineer's Annual Levy Report, and set the public hearing to be held prior to approving and ordering the levy of assessments for Fiscal Year 2013-2014. The assessments fund the ongoing maintenance, servicing and operation of public lighting improvements (safety lights and street lights) in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

### **BACKGROUND**

County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing street light maintenance districts. CSA 1 was established to provide street light services to those unincorporated portions of Sacramento County. Since that time, the Board of Supervisors approved the creation of separate zones within CSA 1 for the Cities of Citrus Heights, Elk Grove and Rancho Cordova allowing the cities and the County to supplement CSA 1 revenues specific to those areas; Zone 2 of CSA 1 encompassed all of the City of Rancho Cordova. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005), Citrus Heights (June 2006) from CSA 1 and Rancho Cordova (June 2012).

From 1987 to 1996, the Board adjusted the annual assessment rates to account for fluctuations in operating and maintenance costs, which generally allowed for higher levels of service. The passage of Proposition 218 in 1996 capped the assessment rates and removed the Board's discretion to approve future rate increases.

Under the County's operating structure, the costs of operating the street light system typically exceeded the Zone's revenues. In an effort to control costs, the service levels had been reduced which created long delays in response time for repairs of broken or damaged street lights. The City is able to provide a more streamlined process for operation and maintenance of the system and improved response times. On May 2, 2011, the City Council adopted

Resolution No. 43-2011 initiating an application to detach Rancho Cordova from CSA 1. Staff prepared the necessary application and supporting documentation which was submitted to Sacramento Local Agency Formation Commission (LAFCO) and on June 6, 2012, LAFCO approved the detachment of the City of Rancho Cordova from CSA 1. The terms and conditions of the detachment provide that the City is to impose assessment rates equal to the rates authorized by CSA 1 to continue to provide, at a minimum, the same level of services. On April 16, 2012, the City initiated the proceedings for formation of the Rancho Cordova Lighting District No. 2012-1. On June 18, 2012, the formation was completed and the City Council authorized the levy of assessments for FY 2012-2013.

State law requires the City Council direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On June 3, 2013, the City initiated the proceedings for the annual levy and collection of assessments through adoption of Resolution No. 65-2013 ordering the preparation of the Engineer's Report and Resolution No. 66-2013 preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for Fiscal Year 2013-2014, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report includes a diagram of the assessment area, a description of the improvements and maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by RCLD 2012-1 include ongoing maintenance, operation and servicing of street lights and safety lights within the right-of-ways and other public areas within the District as described in the Engineer's Report.

The proposed Fiscal Year 2013-2014 assessment rates are equal to the rates previously levied by the City in Fiscal Year 2012-2013.

The Fiscal Year 2013-2014 total assessment is estimated at \$357,415. The District has established an Operating Reserve which provides funding for the operations and maintenance of the District Improvements, as well as providing financing for emergency expenditures. A Capital Projects Reserve has been established to fund replacements and upgrades of the District Improvements.

In July 2012, the County transferred the remaining CSA 1 Zone 2 funds to the City which were then deposited into the District's Fund.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt Resolution No. 85-2013 which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2013-2014.

**WHEREAS**, this City and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

**WHEREAS**, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Rancho Cordova.

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT, AS FOLLOWS:**

## INTRODUCTION

---

Pursuant to the provisions of the Landscape and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the "1972 Act"), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as "City"), has by resolution initiated proceedings in connection with the ongoing maintenance and operation of a special benefit assessment district designated as:

### **Rancho Cordova Lighting District No. 2012-1**

(hereafter referred to as "District"), for the purpose of continuing and providing for the ongoing maintenance, servicing and operation of public lighting improvements (safety lights and street lights) within the City that had been administered by the County of Sacramento as Zone 2 of County Service Area 1 (CSA 1) until the FY 2012/2013 levy.

Prior to the formation of the District, the detachment of those portions of CSA 1 lying within the City limits was approved, resulting in the transfer of the responsibility of the servicing of CSA 1 improvements and related administration to the City. Commencing with the FY 2012/2013 levy, the City Council formed the District in order to provide ongoing funding for the costs and expenses required to service and maintain the safety light and street light improvements for the benefiting lots and parcels of land within the boundaries of the District.

County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing street light maintenance districts. CSA 1 was established to provide street light services to those unincorporated portions of Sacramento County. Since the establishment of CSA 1, the cities of Citrus Heights, Elk Grove and Rancho Cordova have been incorporated and in July 2005, the Board of Supervisors approved the creation of zones within CSA 1. The creation of these zones allowed the incorporated cities and the County to supplement CSA 1 revenues specific to those areas. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005) and Citrus Heights (June 2006) from CSA 1 and Rancho Cordova (June 2012).

This Engineer's Report (hereafter referred to as "Report") has been prepared in connection with the levy and collection of annual assessments related thereto for FY 2013/14, as required pursuant to Chapter 1, Article 4 of the 1972 Act. This Report describes the District, the improvements, and the assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements. The formation of this District and the annual assessments will provide a continued funding source for the City to fund, in part, the ongoing maintenance, servicing and operation, of the safety lights and street lights that provide special benefits to the properties within the District.

The improvements and assessments described in the FY 2012/2013 Engineer's Report (hereafter referred to as the "Formation Report") were based on the improvements and assessments previously established by the County of Sacramento for CSA 1 Zone 2 and the assessment revenues will be used to fund, in part, the annual direct expenditures and incidental expenses associated with the maintenance and servicing of the District's improvements. The formation of the District, the structure of the District (organization), the improvements, the method of apportionment, and assessments described in the Formation Report have been established to continue the maintenance of the existing improvements and assessments

previously established by the County of Sacramento for CSA 1 and as such are not considered to be new or increased assessments under the provisions of the California Constitution Article XIIID.

As part of the District formation to continue the assessments previously levied by the County of Sacramento as part of CSA 1, in addition to the proceedings conducted the Local Agency Formation Commission (LAFCO) for the detachment of the City of Rancho Cordova from CSA 1, the Rancho Cordova City Council conducted a noticed public hearing pursuant to the provisions of the 1972 Act to consider public testimonies, comments and written protests regarding the formation of the District and levy of assessments.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

Each subsequent fiscal year, an Engineer's Report shall be prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed budget and assessments for that fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments for that fiscal year. If in any year, the proposed annual assessments for the District exceed the assessments described herein, such an assessment would be considered a new or increased assessment and must be confirmed through property owner protest ballot proceeding before that new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

This Report consists of five (5) parts:

## **Part I**

**Plans and Specifications:** A description of the District boundaries and the proposed improvements associated with the District. The District has two (2) designated benefit zones that collectively encompass all lots and parcels of land within the boundaries of the District. The two benefit zones are designated as "Safety Light Only" Zone, which includes those lots and parcels of land within the District that are associated and benefit from only safety light improvements; and "Safety Light and Street Light" Zone, which includes those lots and parcels of land within the District that are associated and benefit from both safety light improvements and local street light improvements.

## **Part II**

**Method of Apportionment:** A discussion of benefits the improvements and services provide to properties within the District and the method of calculating each property's proportional special benefit and annual assessment.

### Part III

**District Budget:** An estimate of the annual costs to service, maintain and operate the safety light and street light improvements and appurtenant facilities within the District. This budget includes an estimate of direct operational costs (energy and maintenance costs), anticipated repair and replacement of the existing facilities and incidental expenses authorized by the 1972 Act such as administration expenses and collection of appropriate fund balances.

### Part IV

**District Diagram:** A diagram showing the exterior boundaries of the District, and the Zones therein at the time of the formation of the District, is provided herein and includes all parcels that receive special benefits from the improvements. Parcel identification, the lines and dimensions of each lot, parcel and subdivision of land within the District, are inclusive of all parcels as shown on the Sacramento County Assessor's Parcel Maps, as they existed at the time this Report was prepared and shall include all subsequent subdivisions, lot-line adjustments or parcel changes therein. Reference is hereby made to the Sacramento County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District.

### Part V

**Assessment Roll:** A listing of the proposed assessment amount for each parcel based on the parcel's proportional special benefit as outlined in the method of apportionment. These assessment amounts represent the assessments proposed to be levied and collected on the County Tax Rolls for fiscal year 2013/14.

## PART I — PLANS AND SPECIFICATIONS

---

### Description of the District

The territory within the District consists of all lots and parcels of land within the boundaries of the City of Rancho Cordova that in fiscal year 2011/2012, were considered to lie within CSA 1 Zone 2. Within these boundaries, parcels are identified and grouped into one of two designated benefit zones based on the special benefits properties receive from the District improvements, namely Safety Lights Only or Safety Lights and Street Lights. The two Zones within the District and the benefits associated with the properties therein are described in more detail in Part II (Method of Apportionment) of this Report. In addition, the District Diagram in Section IV of the Report provides a visual representation of the District showing the exterior boundaries of the District.

- Incidental expenses associated with the improvements including, but not limited to:
  - The costs of the report preparation, including plans, specifications, estimates, budgets, diagrams, and assessment;
  - The costs of printing and advertising, and publishing, posting and mailing of notices;
  - Compensation payable to the County for collection of assessments;
  - Compensation of any engineer or attorney employed to render services;
  - Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
  - Costs associated with any elections held for the approval of new or increased assessments.

### **Description of District Improvements**

The District's annual assessments will finance in part the maintenance, operation and servicing of the District's lighting improvements (safety lights and street lights) which generally includes the furnishing of labor, materials, equipment and electricity for the ordinary and usual maintenance, operation, and servicing of street lights within the public right-of-ways and easements dedicated to the City, incidental expenses including administrative costs as well as the performance of periodic repairs, replacement and expanded maintenance resulting from damage or vandalism. These services and activities more specifically may include, but are not limited to:

- Payment of the electrical bill for the safety lights and street lights.
- Maintenance, repair and replacement of light poles and fixtures, including changing light bulbs, painting, photoelectric cell repair or replacement, and repairing damage cause by automobile accidents, vandalism, time, and weather.
- Electrical conduit and pullbox repair and replacement due to damage by construction and weather.
- Monitoring of the Underground Service Alert (USA) network, identification of proposed excavation in the vicinity of lighting electrical conduits, and marking the location of those underground conduits in the field to prevent damage by excavation.
- Service-can maintenance, repair and replacement including painting, replacing worn out electrical components and repairing damage due to accidents, vandalism, and weather.
- Remedial projects for major repairs or upgrading of facilities. Construction for such projects are usually performed by contract, however City maintenance workers may execute small projects.
- Street light inventory database, pole numbering and mapping to establish the number of streetlights that must be maintained, as well as the condition and location of these street lights as part of an effective maintenance program.
- Acquisition of land, easements and right-of-ways necessary to maintain the street and safety lighting system.
- Responding to citizens and Council member inquiries and complaints regarding street lighting. Resolving complaints may require an engineering study and possible project.

For the purpose of determining benefit and the proportional assessment of special benefit, the light fixtures to be maintained by the District are defined as either "Street Lights" or "Safety Lights". Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. All other lights are designated as Street Lights. The following table provides a summary of the safety light and street light inventory within the City upon formation of the District. Detailed maps identifying the location and extent of the District's Safety Lights and Street Lights at that time are on file in the Public Works Department.

| Type of Light                   | Number of Lights |
|---------------------------------|------------------|
| Safety Light                    | 428              |
| Street Light                    | 4,240            |
| <b>Total District Lights</b>    | <b>4,668</b>     |
| Decorative Light <sup>(1)</sup> | 92               |
| <b>Total City Lights</b>        | <b>4,760</b>     |

- <sup>(1)</sup> The 92 decorative lights shown above were contained within a single residential development and these lights are funded by a separate revenue source levied on those parcels. Therefore these lights are not included as part of the District's improvements, budget or assessments. Parcels within this residential development are included in the "Safety Light Only" zone

## PART II — METHOD OF APPORTIONMENT

---

Based on the provisions of the 1972 Act and the California Constitution, this section of the Report summarizes the benefits associated with the District's safety and street light improvements and services to be provided by the District; the resulting District structure (zones of benefit); and the formulas used to calculate each parcel's proportional special benefit assessment obligation based on the entirety of the cost of providing the various improvements (method of assessment).

### Benefit Analysis

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include but are not limited to the construction, maintenance, operation, and servicing of public street lighting improvements and appurtenant facilities.

The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as:

*"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";*

Article XIID Section 2i defines Special Benefit as:

*"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."*

Article XIID Section 4a defines proportional special benefit assessments as:

*"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

The method of apportionment (method of assessment) established herein is based on the premise that each assessed property receives special benefits from the maintenance, serving and operation of either safety lights located throughout the District or both safety lights and local street lights and these improvements will be funded in part by such assessments, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as

compared to other properties that receive such special benefits as outlined in the preceding definitions established in the 1972 Act and the California Constitution.

To identify and determine the proportional special benefit to each parcel within the District, as well as any general benefit associated with the improvements, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The District's improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District and is consistent with the method of apportion previously established for the assessments as part of CSA 1.

While the California Constitution requires that *"The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement"*; it is reasonable to conclude that the reasons for installing local street lights are often similar, but somewhat different than the reasons for installing safety lights. Therefore, the overall benefits associated with street lights and safety lights are different which also suggests that the apportionment of the cost to provide those improvements would be different.

In reviewing the location and extent of the City's Street Light improvements to be funded by District assessments and the relationship these improvements have to properties within the District, it was determined that these lights are entirely local lighting improvements that were installed specifically in connection with the development of nearby properties or were necessary as a precursor to property development and would otherwise not have been necessary or required without the development of the properties near those improvements. As such, these Street Light improvements have a direct and particular relationship to, and provide special benefit to, the properties located in close proximity to those lighting improvements and serve as extension of those properties and developments into the public areas (streets) that serve those properties. These lights clearly provide special benefits that affect these properties in a way that is particular and distinct from its effect on other parcels, and that of real property in general and the public at large do not share. This is most evident in the fact that the District's Street Light improvements are concentrated within the City's various residential developments and developed non-residential areas and the absence of such lights within many portions of the undeveloped areas of the District. The fact that these lights are a direct result of property development and many areas of the City forgo the need of local street lighting, the maintenance and operation costs associated with the Street Light improvements are considered to be solely a special benefit to those properties and developments in close proximity to those lights and have no measurable general benefit to the public at large or to the District as a whole. However, it is also recognized that these lights are not exclusive or typically isolated to a particular parcel, but are rather shared and directly affect entire neighborhoods or groups of parcels. In this District, it has been determined that each parcel that is assessed for Street Lights is at least within two-hundred feet (200 feet) of a street light although that light may be located across the street from the parcel.

As previously noted, Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. Although the location and extent of these lights are most certainly driven by development of properties in the area (concentrated largely in developed areas of the City), unlike the Street Light improvements which are directly correlated to specific developments and parcels, the District's Safety Lights are not entirely the result of specific property development, but more the result of overall development throughout the City and in addition to directly benefiting the properties in the District, these Safety Lights provide nighttime traffic illumination to enhance traffic circulation and safety.

Therefore, while the need for such lights is most often facilitated by development in the area and certainly a special benefit to properties within the District, because safety lights promote nighttime traffic illumination and circulation for the general public as well as for properties in the District, these lights obviously provide some measure of benefit to the community as a whole and to the public at large (general benefit). In order to separate general benefits from special benefits, an evaluation of the overall extent and location of the Safety Lights in the City, revealed that less than half (approximately 47%) of the Safety Lights within the District are located on major streets that are considered through-traffic corridors, namely Bradshaw Road, Folsom Boulevard and Sunrise Boulevard. The remaining Safety Lights within the City were located on streets and intersections considered internal City traffic routes that provide direct access to the parcels in the District. Therefore it would be reasonable to conclude that like the local Street Light improvements, the Safety Light improvements located on these internal City traffic routes (approximately 53% of the Safety Lights at the time of formation of the District) are entirely for the special benefit of the properties they serve, while the Safety Lights on the through-traffic corridors provide comparable (proportionately equal) special benefit to properties in the District and general benefit to real property in general and the public at large. Therefore collectively, it has been determined that no more than 25% of the total maintenance and operation (O&M) costs of providing Safety Lights would be considered general benefit.

## Zones of Benefit

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District

Article XIID Section 4a reads in part:

*"□ The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

In an effort to ensure an appropriate allocation of the estimated annual cost to provide the District improvements based on proportional special benefits, this District has established benefit zones ("Zones") as authorized pursuant to Chapter 1 Article 4, Section 22574 of the 1972 Act:

*"The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."*

Therefore, in order to separate general benefits from special benefits and to ensure each parcel is assessed for only the special benefits received from the improvements two benefit zones have been established and every parcel in the City is grouped into one of these two Zones:

- Safety Lights Only: Includes all parcels that receive special benefits from the maintenance of Safety Lights only which includes lights located at intersections on major streets and along the rear of properties that abut major streets.

- **Street Lights and Safety Lights:** Includes all remaining parcels within the City that specially benefit from maintenance of Street Lighting (local lights) as well as Safety Lights.

The District Budget, incorporated herein under Part III of this Report, provides a summary of the total estimated cost of providing the street light improvements and the allocation of those costs that are considered general benefit. Details regarding the location and extent of the street lighting improvements within the District and the Zones therein upon formation of the District are on file in the Public Works Department. A diagram showing the exterior boundaries of the District and the location of the two Zones therein at the time of formation is attached and incorporated herein under Part IV (District Diagram) of this Report.

## Assessment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Article XIID Section 4a reads in part:

*"□ The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

Safety Lights and Street Lights, like most public improvements, provides varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the improvements in relationship to the properties, the specific use of each property, and the reason or need for such improvements as it relates to individual properties. In this District, these issues are each considered in determining the proportional special benefit to each parcel by the use of benefit zones, the separation of general benefit and special benefit, and County land use designations.

### Safety Lights

Safety Lights are located throughout the District and properties throughout the City are considered to benefit proportionally from Safety Lights and are therefore levied a flat rate calculated by the following formula.

Net Safety Light Cost / Total Assessable Parcels = Levy per Parcel

### Street Lights

Only properties that benefit from Street Lights are charged for Street Lights. Parcels are classified based on land use into two categories: Residential and Non-Residential. Residential parcels that have street lights are levied equally. Non-Residential are levied on a front footage basis. Formulas for both Non-Residential and Residential parcels are illustrated below.

#### Residential Parcels

Net Residential Street Light Cost / Residential Parcels=Levy per Residential Unit

### Non-Residential Parcels

Net Non-Residential Street Light Cost / Non-Residential Front Footage=  
 Levy per Non-Residential Front Foot

Levy per Non-Residential Front Foot x Non-Residential Parcel Front Footage=  
 Levy per Parcel

### Exempt

Excepted from the assessment would be the areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways. Also excepted from assessment would be utility rights-of-ways, common areas (such as in condominium complexes), landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels do not benefit from the improvements.

The land use classification for each parcel has been based on the Sacramento County Assessor's Roll.

### Rates

The following Table shows the assessment rates proposed to be levied in Fiscal Year 2013/14. It is important to note that these rates are the same rates applied to the District parcels under CSA 1 and that these rates have not increased since the passage of Proposition 218 in 1996.

#### Proposed Fiscal Year 2013/14 Assessment Rates

| Improvement Type                  | Proposed Rates          |
|-----------------------------------|-------------------------|
| Safety Lights                     | \$2.56 per parcel       |
| Street Lights (Residential)       | \$15.32 per parcel      |
| Street Lights (Non-Residential) * | \$0.2519 per front foot |

\* Non-Residential parcels include commercial and multi-family properties

## Description of District Budget

**Annual Maintenance & Operation (O&M)** — Includes the regular annual costs of maintaining and servicing lighting improvements. This may include, but is not limited to, the costs for labor, utilities, equipment and supplies that are required to properly maintain the items that provide a direct benefit to the District.

- **Electrical Costs** — Includes the cost of providing electricity to the lights. Additionally, some lights may be maintained by the Sacramento Municipal Utility District ("SMUD") and the cost for maintenance of these lights is included as part of the utility bill for those lights.
- **Maintenance Costs** — Includes the contract labor associated with the maintenance of the lights and the cost of the preparing and maintaining the light inventory.

**Capital Expenditures & Other Costs** — Includes funding needs to support the improvements that are not included or considered to be costs associated with the regular annual maintenance, servicing and operation of the District improvements.

- **Repairs/Replacements & Capital Expenditures** — Includes, but is not limited to repairs that are only required periodically, repairs and replacements resulting from damage or vandalism, capital improvement expenditures to rehabilitate or upgrade the improvements, and collection of funding (installments) for future capital improvement projects. The amount collected each fiscal year is based on an estimate of current and future needs, but may be limited by available funding (assessment revenues and City contributions).
- **USA Markings** — includes costs associated with marking the location of underground utilities related to the above.

**Annual Administrative Expenses** — Incidental district costs not included above that are required on an annual basis.

- **District Administration** — Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the assessments and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the assessments, preparation of the annual Report, and placing the assessment on the property tax bills.
- **County Fees** — Includes the cost that the County charges to place the assessments onto the Sacramento County Secured Tax Roll.
- **Miscellaneous Administration Expenses** — Includes other minor administrative costs such as telephone, copying, noticing, mailing, office supplies and fees related to District Administration.

**Total District Expenses** — This is the total of the Annual Maintenance & Operation (O&M), Capital Expenditures, Annual Administrative Expenses and other costs which are considered to be the direct and incidental costs for the regular annual maintenance, servicing and operation of the District improvements.

**Contributions/Adjustments** — Represents the expected funding from sources other than the current year assessments to support the annual costs budgeted for the maintenance, servicing and operation of the District improvements.

- Replenishment/(Use) of Reserve – Funding transferred from or to the District's Reserve to either offset a portion of the Total Expense or to replenish the Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided in the following pages of this Section.
- General Benefit Contribution — Funding from the City utilizing revenue sources other than assessment revenues to pay the proportional costs for the regular annual maintenance, servicing and operation of the District improvements that have been determined to be of General Benefit and which cannot be included as part of the annual assessments. This City funding may be from the City's General Fund or any other funding source available to the City.
- Other Revenue Contributions – Additional funds designated for use by the District that are not District assessments. Often referred to as a City Contribution, these funds may be from any source available to the City to support the District and reduce the amount to be collected by the District assessments (the "Net Assessment Budget"). If the Total District Expenses minus any Reserve Fund Transfer and General Benefit Contribution results in an amount greater than the amount that can be collected through the assessments, the City would either have to reduce expenses or contribute funds to balance the budget.

**Net Assessment Budget (Balances to Levy)** — Represents the total amount proposed to be levied and collected as assessments on the County Tax Rolls for the fiscal year.

## OPERATING RESERVE

**Beginning Reserve Balance 7-1-2013 (est.)** - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations. These beginning balances shall be used to fund expenditures from July 1, 2013 to December 31, 2013, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Capital Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Replenishment/(Use) of Operating Reserve** – Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve is intended to fund expenditures from the period of July 1, 2013 (the beginning of the Fiscal Year) through December 31, 2013. If positive, this amount is added to the levy in order to replenish the Operating Reserve. On the other hand, if negative, this portion of the Operating Reserve is used to fund FY 13/14 expenses and therefore reduces the levy amount. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Capital Projects Reserve** — The amount of Operating Reserve monies to be transferred to or from the Capital Projects Reserve. Periodically, funds held in a Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Projects Reserve are subject to transfer the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Reserve Balance 6-30-2014 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2014. The size of the Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is

estimated to be December 31. Therefore, the District may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

## **CAPITAL PROJECTS RESERVE**

**Beginning Reserve Balance 7-1-2013 (est.)** — The projected balance of funds in the Capital Projects Reserve as of July 1, 2013. Streets and Highways Code 22660 allows the District generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Transfer from/(to) the Operating Reserve** — The amount of Capital Projects Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Projects Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Reserve Balance 6-30-2014 (est.)** - The projected balance of funds in the Capital Projects Reserve as of June 30, 2014. These funds shall be use to fund the costs of installation, replacement, repair or upgrading of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Capital Projects Reserve or related activity for the current fiscal year, the Capital Projects Reserve information will not be presented in the Report.

## **Capital Projects Reserve – Capital Improvement Plan**

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment. Should an ending Capital Projects Reserve balance be projected, a five year Capital Improvement Plan is shown below in order to fund the installation, replacement, repair or upgrading of District improvements and other allowable costs:

The District expects expenditures for LED retrofits of \$28,000 each in FYs 2014/15 and 2015/16.

Periodically, funds held in a Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Projects Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements.

## PART IV — DISTRICT DIAGRAM

The parcels within the District consist of all lots and parcels of land within the City of Rancho Cordova. The following page provides a boundary map that displays exterior boundaries of the District, as well as the two zones of benefit within the District as the same existed at the time that the District was formed. The combination of this map and the Assessment Roll contained in this Report constitute the Assessment Diagram for this District.

## PART V — ASSESSMENT ROLL

---

Parcel identification for each lot or parcel within the District is based on available parcel maps and property data from the Sacramento County Assessor's Office. A listing of the Assessor's Parcel Numbers (APNs) to be assessed within this District, along with the corresponding Assessment Amount to be levied for fiscal year 2013/14 is provided in the following pages. If any APN submitted for collection of the assessments is identified by the County Auditor/Controller of the County of Sacramento to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the City Council.
