- B. The Ordinance would require a Conditional Use Permit (CUP) for outdoor storage yards in the OIMU zoning district, which is a predominantly office mixed-use zone.

WHEREAS, Chapter 23.731 Fences, Walls, and Screening of the Municipal Code, regulates the height and location of fences, walls, and screening:

- A. The Ordinance would delete the word “lattice” in footnote 1 of Table 23.731-1 to indicate that other types of transparent fence material is allowed.

WHEREAS, Chapter 23.1104 General Definitions of the Municipal Code provides all definitions used throughout the Zoning Code:

- A. The Ordinance would revise the definition of “earth tones” to a more updated definition that is more inclusive of available color variations.

WHEREAS, the Folsom Boulevard Specific Plan provides the goals, policies, development standards, and design guidelines of future development in the Folsom Boulevard Specific Plan area:

- A. The Ordinance would revise Chapter 3 Project Review to delete references to “City Council” as the decision-making body and replace it with “Planning Commission,” where appropriate and applicable.
- B. The Ordinance would revise Chapter 8 Glossary to change the definition of “personal services” in the Folsom Boulevard Specific Plan to be consistent with the definition in the Zoning Code.

WHEREAS, on DATE XX, 2024, the City Council held a properly noticed public hearing for this Ordinance and considered all oral and written testimony.

Section 2: Findings. This Ordinance is adopted pursuant to the following findings:

- A. **CEQA Compliance.** CEQA requires analysis of agency approvals of discretionary “projects.” A “project,” under CEQA, is defined as “the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.” (CEQA Guidelines, § 15378.) As reflected in State CEQA Guideline 15061 (b) (3), an activity is not subject to CEQA, “[w]here it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment...” The proposed amendments are not a “project” within the meaning of CEQA because the amendments seek to provide clarification of uses, standards and/or enforcement procedures, address inconsistencies between definitions, delete text that is no longer necessary. Because no expansion of uses or activities is reasonably anticipated, no possibility exists that the ordinance will result in a significant effect on the environment. Thus, the proposed ordinance is not subject to the requirements of CEQA. However, in the event that adoption of the ordinance is considered a CEQA project, it would nonetheless qualify for categorical exemptions as set forth below.

CEQA Guidelines Section 15061(b)(3) states that a project is exempt from CEQA “where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” The approval of the code amendments set forth in the proposed ordinance does not approve any physical development and it would not result in a direct or indirect physical changes in the environment. Any specific development projects that may result from these changes will be subject to environmental review. The proposed amendments are consistent with the City’s General Plan. For these reasons, the proposed amendments would not have the potential to result in individually or cumulatively significant effects on the environment and these Municipal Code amendments are exempt from review under CEQA and no further environmental review is necessary.

- B. **The proposed amendment is consistent with the General Plan.** The attached Municipal Code Amendments and Folsom Boulevard Specific Plan Amendments (“Amendments”) are consistent with the General Plan. The amendments would address inconsistencies, delete text and graphics that are no longer necessary, and provide clarifying language for implementation.
- C. **The proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City.** The amendments would address inconsistencies, delete text and graphics that are no longer necessary, and provide clarifying language for implementation. None of these proposed amendments will be detrimental to the public interest, health, safety, convenience, or welfare of the City.

- D. The proposed amendments are internally consistent with other applicable provisions in this Zoning Code.** The Amendments have been reviewed for consistency with the entirety of the Municipal Code and are consistent with other applicable provisions of the Municipal Code.

The City Council hereby adopts the amendments to Title 23 Zoning Code of the Rancho Cordova Municipal Code, as shown and incorporated in Exhibit A to this Ordinance.

Section 4. Amendments to the Folsom Boulevard Specific Plan

Section 5. Severability

If any provision of this Ordinance or the application thereof to any person or circumstance, is held invalid, the remainder of the Ordinance, including the application of such part or provision to other persons or circumstances shall not be affected thereby and shall continue in full force and effect. To this end, provisions of this Ordinance are severable. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase hereof irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses, or phrases be held unconstitutional, invalid or unenforceable.

Section 6. Effective Date

Within fifteen (15) days after adoption, a Summary of this Ordinance shall be published once in the Grapevine Independent, or the Sacramento Bee, a newspaper of general circulation printed and published in Sacramento County and circulated in the City of Rancho Cordova, in accordance with Government Code Section 36933. This Ordinance shall take effect and be enforced thirty (30) days after its adoption.

CHAPTER 23.113 ZONING CERTIFICATION

23.113.010 Purpose.

Zoning certification is an administrative procedure to certify that a proposed structure or land use is allowed in the applicable zoning district and that the project complies with all applicable requirements of the zoning code. This includes building permit plan check, business license review, home occupations, sign permits, and similar activities that require a compliance check with regard to zoning code provisions. [Ord. 4-2017 § 3 (Exh. B); Ord. 12-2011 § 3 (Exh. A); Ord. 27-2008 § 1 (Exh. A § 1.5.010)].

CHAPTER 23.313 MIXED-USE ZONING DISTRICTS

23.313.030 Allowed land uses and permit requirements.

Table 23.313-1 identifies allowed uses and corresponding permit requirements for the mixed-use districts subject to compliance with Chapter 23.304 RCMC (Land Use Classification) and all other provisions of this title.

Descriptions/definitions of the land uses can be found in Article 11 of this title (Definitions). The specific use regulations column in the table identifies the specific chapter or section where additional regulations for that use type are located within this title.

Use regulations in the table are shown with a representative symbol by use classification listing: “P” symbolizes uses allowed by right, “AUP” symbolizes uses that require approval of an administrative use permit, “C” symbolizes uses that require approval of a conditional use permit, and “N” symbolizes uses that are not permitted.

PROJECT REVIEW

A. Plan Administration

The City's designated planning agencies (Planning Department staff and Planning Commission) will have primary responsibility for ensuring implementation of the Folsom Boulevard Specific Plan. As with all development in the city, any entitlement process requires review to ensure consistency with the land use plan and zoning for the area. All properties within the FBSP area are subject to the land use and development standards in this document. This chapter establishes the requirements for review of projects within the FBSP area and the procedures for completing project reviews. The City is committed both to the long-term enhancement of the character and quality of development on the boulevard and to the near-term attraction of private investment to the corridor. Recognizing that many near-term development opportunities will involve small-scale projects, the City has established project review procedures that address three tiers of development—Exempt, Minor, and Major Projects—as described herein.

Chapter 3

Project Review

B. Development Review

New development and redevelopment (reuse and building modification) within the plan area is generally subject to City approval. Approvals may include, but are not limited to, lot mergers and maps, Temporary Use Permits, Conditional Use Permits, and Design Review (minor and major). Individual project applications will be reviewed to determine consistency with the FBSP and other associated regulatory documents. Unless otherwise noted in this Plan, project reviews within the Plan area shall be conducted consistent with the procedures and requirements established in the City of Rancho Cordova Zoning Code. While review procedures in the plan area are typically dictated by the Zoning Code, the allowed uses and the development standards applicable in the plan area are set forth within this FBSP.

C. Project Type and Review Process

Generally, three categories of project types require subsequent review by the City for property located within the plan area, as follows:

- **Lot Changes.** This category of project includes lot mergers, lot splits, parcel and subdivision maps, as well as integrated developments. City rules and processes for these types of projects are the same everywhere within the city limits and are outlined in various locations of the Municipal Code. In other words, no special provisions or processes apply within the FBSP.
- **Land Use Changes.** This category of project includes any change of use within an existing building or site, any new use in a new building or site, and temporary and transitional uses. The FBSP does include allowed use provisions for permanent, temporary, and transitional uses as outlined in Chapter 2 (Land Use Plan and Allowed Uses). This Plan also identifies permit requirements associated with allowed uses (Conditional Use Permit, Limited Use Permit, Administrative Use Permit, and Temporary Use Permit) and refers to the citywide permit process for review of any required use permits consistent with the provisions in this Plan.
- **Structural/Physical Changes.** This category of project includes any structural or physical change to an existing building, any new structure, and temporary structures. The FBSP includes development standards for structural or physical changes, which vary depending on the scale or magnitude of change as outlined in Chapter 4 (Development Standards). Generally, the City requires Design Review for structural/physical changes that are not otherwise exempt. The City defines two levels of Design Review: Minor Design Review is acted upon by the Planning Director and Major Design Review is acted upon by the Planning Commission. The process for Design Review entitlements is consistent with the citywide permit process outlined in the Zoning Code.

To simplify project type and review requirements for subsequent development within the plan area, this chapter of the FBSP defines projects as Exempt, Minor, or Major in subsection 1 below with reference to applicable provisions in subsequent chapters of the Plan. However, the City recognizes that not all projects match the City's regulations perfectly. In some cases, applicants will bring forward projects with demonstrated community benefits that are not consistent with some portion of the City's regulations. In these cases, the City may consider granting an Exception subject to the provisions of subsection D of this chapter. Finally, some uses that were established legally in the past may no longer be consistent with current City regulations. Such uses are referred to as legal non-conforming uses, and subsection E of this chapter explains how these uses are addressed by the City.

1. Exempt Projects, Minor Projects, and Major Projects

Prior to processing a development application, staff will consult with potential applicants to determine what level of review is required and the process for completing that review.

a) Exempt Projects

The following uses, structures, and improvements are considered exempt projects and are not generally subject to review under this FBSP. However, such uses and structures may still require additional permits, such as a City business license or building permit, to ensure compliance with adopted Building Code standards and Zoning Code provisions.

- 1) Uses in an existing structure that are permitted by right (P) as identified in Chapter 2 (Land Use Plan and Allowed Uses) of this Plan with little or no changes to the exterior, except in conformance with all other limitations below.
- 2) A single-family custom home on a lot that is consistent with existing zoning.
- 3) An addition to a single-family residential home that is consistent with existing zoning.
- 4) Additions to nonresidential structures less than 1,000 square feet in size.
- 5) Accessory structures consistent with provisions of Zoning Code Chapter 23.734 (Residential Accessory Structures).
- 6) Repairs, maintenance, and restoration of buildings, site improvements, or structures that do not substantially alter the appearance of the site or structures.
- 7) Painting, restoration to original condition, windows and window treatments, door installations, and minor façade improvements that involve less than 100 linear feet of building face.
- 8) Changes to site plan elements that are not specifically required by the citywide Zoning Code (e.g., decorative elements and landscaping that are not specifically required in the citywide landscape requirements).

ITEM 9.2.

Project Review

- 9) Interior alterations that do not increase the gross floor area within the structure or change/expand the permitted use of the structure.
- 10) Second dwelling units subject to California Government Code Section 65583.1.
- 11) Construction, alteration, or maintenance by a public utility or public agency of underground or overhead utilities intended to service existing or nearby approved developments (e.g., water, gas, electric, or telecommunication supply or disposal systems, including wires, mains, drains, sewers, pipes, conduits, cables, fire-alarm boxes, police call boxes, traffic signals, hydrants, and similar facilities and equipment).

b) Minor Projects

The following uses, structures, and improvements are considered Minor Projects, are subject to review under this FBSP, and will require one or more permits or entitlements that are acted upon by the Planning Director consistent with this Plan.

- 1) Uses allowed subject to an Administrative Use Permit (AUP) or Limited Use Permit (LUP) as identified in FBSP Chapter 2 (Land Use Plan and Allowed Uses) which also conform to the other minor structural modifications below.
- 2) New construction of a nonresidential building or structure or expansion of an existing nonresidential structure that results in less than 5,000 square feet additional building area in all zoning districts unless exempt in Zoning Code Section 23.140.030 are subject to Minor Design Review.
- 3) Nonresidential façade renovations that involve less than 200 linear feet of façade frontage of an existing building, unless exempt in Zoning Code Section 23.140.030, are subject to Minor Design Review.
- 4) Significant changes to multi-family and all nonresidential site plans that impact required site plan elements (e.g., required parking, shade canopy, lighting, landscaping) are subject to Minor Design Review.
- 5) The exterior remodel of multi-family residential buildings or structures are subject to Minor Design Review.

c) Major Projects

The following uses, structures, and improvements are considered Major Projects, are subject to review under this FBSP, and will require one or more permits or entitlements that are acted upon by the Planning Commission consistent with this Plan.

- 1) Uses subject to a Conditional Use Permit (CUP) as identified in FBSP Chapter 2 (Land Use Plan and Allowed Uses).
- 2) Single-family residential subdivision maps are subject to the Major Design Review and Tentative Subdivision Map entitlement processes.

- 3) Master home plans for single-family residential subdivisions are subject to Major Design Review.
- 4) Multi-family residential development is subject to Major Design Review.
- 5) Commercial development equal to or greater than 5,000 square feet in building area (including new construction and expansion to existing structures) is subject to Major Design Review.
- 6) Office development equal to or greater than 5,000 square feet in building area (including new construction and expansion to existing structures) is subject to Major Design Review.
- 7) Industrial development equal to or greater than 5,000 square feet in building area (including new construction and expansion to existing structures) is subject to Major Design Review.
- 8) Public/quasi-public developments (e.g., public safety facilities, library, city facilities) equal to or greater than 5,000 square feet in building area (including new construction and expansion to existing structures) are subject to Major Design Review.
- 9) Exceptions to Development Standards.

2. Project Review Process and Timeline

As previously identified, the project review process for projects located within FBSP shall comply with the permit processing requirements in the Citywide Zoning Code. However, in order to provide some degree of certainty or predictability, the City has identified the following range of project review timelines for projects located within the plan area. These project review timelines commence with the determination of a complete application for the various entitlements listed below. The range of time takes into consideration varying degrees of project complexity.

Permit or Entitlement Type	Estimated Timeline to Decision/Action
Administrative Use Permit	4 to 6 weeks
Limited Use Permit	4 to 6 weeks
Conditional Use Permit	6 to 10 weeks
Minor Design Review	6 to 10 weeks
Major Design Review	8 to 12 weeks

D. Exceptions

The City Council supports the vision and development standards established in the Folsom Boulevard Specific Plan and encourages all developers to review and adhere to the strict application of these standards when designing future projects. The City Council also recognizes

ITEM 9.2.

Chapter 3

Project Review

the real-world challenges that the vision and development standards present in a depressed economy and as such, desires to provide additional flexibility for projects that will benefit the community in specific, identified ways. In conjunction with Major Design Review, project-level CEQA review, and any other required entitlements, an applicant may request that the Planning Commission approve an exception to allow a development project that does not strictly adhere to the Specific Plan or to other City development standards.

The Planning Commission may grant an Exception for any development standard in the FBSP if the use is permitted as outlined in this Plan and the project meets at least four of the following six conditions:

- 1) Will fulfill a compelling community need, as indicated by an existing City goal, General Plan policy, budget priority, or other Council-adopted policy document.
- 2) Will improve an existing blighted situation by removing 100 percent of the blight located on the subject property.
- 3) Will provide unmet services to a currently underserved community.
- 4) Will create at least 15 new permanent full-time jobs (or new jobs equivalent to at least 15 full-time equivalents) or a minimum of 1 job per 500 square feet.
- 5) Will generate annual sales tax contributions to the City in excess of \$25,000.
- 6) Investments in the property will increase the property tax revenue for the subject parcel(s) by at least 250 percent.

To the extent practical, development projects should comply with FBSP development standards. All projects remain subject to Design Review as established in Sections 23.140 and 23.141 of the Zoning Code. An Exception request must be included and will be reviewed in conjunction with the project's Design Review application. It is the applicant's responsibility to request relief from specific provisions of the FBSP development standards and provide justification for why standards cannot be met. It is also the applicant's responsibility to provide evidence of compliance with at least four of the conditions listed above to support the Exception request. The Planning Commission is the approving authority for all Exception requests.

Under no circumstance shall an Exception result in any of the following:

- Allow a land use not otherwise permitted or conditionally permitted in the zone
- Allow a detrimental environmental impact not adequately analyzed
- Waive payment of applicable impact fees
- Waive a specific prohibition
- Waive or modify a procedural requirement

The procedure for granting Exceptions allowed under this provision is provided in Section 23.110.150(D) of the City's Zoning Code. In granting the Exception, the Planning Commission shall make the following findings:

- 1) The proposed project qualifies for an Exception by meeting at least four of the six conditions required for granting of an Exception as defined above.
- 2) The Planning Commission has determined that the proposed project has adhered to the vision of the Folsom Boulevard Specific Plan to the fullest extent practicable.
- 3) The applicant has provided substantial evidence that the conditions for the Exception will be met following construction and operation of the project. Further, the applicant has agreed to conditions of approval guaranteeing these requirements will be met or exceeded throughout the life of the project.
- 4) Granting the Exception will not adversely affect the interests of the public or the interests of the residents and property owners in the vicinity of the premises in question, and shall not establish a precedent for other project requests.
- 5) Granting the Exception will not endanger the public health and safety.

E. Nonconforming Uses and Structures

The FBSP assumes changes in land use and development patterns from existing conditions over time. This section establishes special considerations and exceptions to the FBSP regulations for nonconforming land uses and structures that were legal uses or structures when first established. If the same uses or development patterns came forward today, they would be prohibited, regulated, or restricted differently under the terms of the FBSP. It is the intent of these regulations to allow the continuation of nonconforming uses and structures, with some limitations as described below.

1. Continuation, Re-Occupancy, and Maintenance of Nonconforming Uses and Structures

- a) A nonconforming use may continue to operate in perpetuity, be transferred, or be sold, provided that the use shall not be enlarged or intensified nor be expanded to occupy a greater area than it lawfully occupied before becoming nonconforming (except as provided in the Nonconforming Use Permit Procedures subsection below). Any use approved as of the date this chapter becomes effective may be carried out as approved. Any extension of such approval, for which the applicant was entitled to apply as of the effective date, may be granted according to the regulations in effect prior to the effective date; if granted, such extension will be considered the same as an approval granted before the effective date.
- b) A nonconforming structure may be maintained or improved as follows:

- **Maintenance and repair.** A nonconforming structure may be maintained and repaired.
- **Seismic retrofitting and Building Code compliance.** Repairs, alterations, or reconstruction to reinforce unreinforced masonry structures or to comply with Building Code requirements shall be allowed, provided that the work is exclusively to comply with applicable earthquake safety standards and the Building Code.
- **Structural alteration** of a nonconforming structure to improve safety or to reduce fire hazard.

2. Modification and Expansion of Nonconforming Uses and Structures

A nonconforming use or structure may be modified or expanded, subject to the provisions of the Nonconforming Use Permit Procedures subsection as follows:

- a) **Structural modification.** Addition, enlargement, extension, or relocation of a nonconforming structure may be allowed if the changes to the structure conform to applicable provisions of this Specific Plan. Such modifications may not expand the extent of the nonconforming aspect of the structure or result in any new nonconforming conditions for the subject property.
- b) **Expansion of use.** Expansion or **modification** of a nonconforming use may be allowed subject to the Nonconforming Use Permit Procedures subsection.
- c) **Exterior improvements** or expansion of structures may also require Design Review approval in keeping with the City's Zoning Code.

3. Destruction and Replacement of Nonconforming Uses and Structures

If a nonconforming structure, or a conforming structure occupied by a nonconforming use, is involuntarily damaged or destroyed, the structure may be repaired or rebuilt and reoccupied in the same manner in which it originally existed, if the restoration is started within one year of the date of the damage and is diligently pursued to completion.

4. Loss of Nonconforming Status

If a nonconforming use is discontinued for a continuous period of 18 months or more, rights to nonconforming status shall terminate. The Planning Director shall base determination of discontinuance on evidence including the removal of equipment, furniture, machinery, structures, or other components of the nonconforming use, disconnected or discontinued utilities, or no business records to document continued operation. Maintenance of a valid business license shall in and of itself not be considered a continuation of the use. Without further action by the City, any subsequent use of the site or structure shall comply with all of the

regulations of the applicable district and all other applicable provisions of this Specific Plan and relevant sections of the Zoning Code.

5. Extension of Nonconforming Use Status

A property owner may request of the Planning Director an additional 6 months' extension to the 18-month nonconforming use time period. Such a request must be supported by any of the following:

- a) Evidence of active marketing of the tenant space accompanied with regular maintenance of the property in a manner that supports such marketing efforts.
- b) A signed lease agreement and anticipated occupancy within the extension period.
- c) Issuance of a valid Building Permit for interior or exterior remodel and anticipated occupancy within the extension period.

6. Nonconforming Use Permit Procedures

- a) **Permit requirements.** A Nonconforming Use Permit is required for the expansion or modification of existing nonconforming structures or uses. The intent of this permit is to allow for individual review of requests to expand or modify a nonconforming use in a manner that ensures compatibility with surrounding areas and uses.
- b) **Approving authority.** The Planning Commission shall be the final decision-making body for all Nonconforming Use Permits.
- c) **Required findings.** A Nonconforming Use Permit shall be granted only when the designated approving authority determines that the proposed use or activity complies with all of the following findings.
 - i. The establishment, maintenance, or operation of the use expansion applied for will not, under the circumstances of the particular case (location, size, design, and operating characteristics), be detrimental to the health, safety, peace, morals, comfort, or general welfare of persons residing or working in the neighborhood of such use or to the general welfare of the city.
 - ii. The benefit to the public health, safety, or welfare exceeds the detriment inherent in the expansion of nonconformity.
 - iii. The modified or expanded nonconforming structure or use would not be incompatible with reasonably foreseeable uses as allowed under the applicable zoning regulations.
 - iv. The modified or expanded nonconforming structure or use would be consistent with the General Plan.

- d) **Conditions/guarantees.** The designated approving authority may impose conditions and/or require guarantees for the Nonconforming Use Permit to ensure compliance with this section and other applicable provisions of the citywide Zoning Code and to prevent adverse or detrimental impact to surrounding neighborhoods.

GLOSSARY

A. Terms

Floor area ratio (FAR) is defined as the gross floor area permitted on a site divided by the total gross area of the site. For example, on a site with 10,000 net square feet of land, a floor area ratio of 1.0 will allow a maximum of 10,000 gross square feet of building floor area (which may be distributed in one or more buildings and single or multiple stories). On the same site, a FAR of 1.5 would allow 15,000 square feet of floor area, a FAR of 2.0 would allow 20,000 square feet, and a FAR of 0.5 would allow only 5,000 square feet. The following illustration is provided to communicate this concept at a FAR of 0.5.

Figure 8-1. Example FAR at 0.5

MEMORANDUM

ITEM 9.3.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Russell Ducharme, Neighborhood Services Manager
SUBJECT: **SECOND READING OF AN ORDINANCE AMENDING TITLE 4, CHAPTER 4.54 REGULATIONS AND PROHIBITIONS, AND TITLE 9, CHAPTER 9.36 PARK REGULATIONS OF THE RANCHO CORDOVA MUNICIPAL CODE REGARDING THE REGULATION OF SOCIAL HOST FIREWORKS AND THE REGULATION OF ILLEGAL FIREWORKS IN PARKS**

RECOMMENDATION

Waive the second reading and adopt the Ordinance.

RESULT OF RECOMMENDED ACTION

Adoption of the Ordinance would amend Title 4, Chapter 4.54 Regulations and Prohibitions, and Title 9, Chapter 9.36 Park Regulations of the Rancho Cordova Municipal Code regarding the regulation of social host fireworks and the regulation of illegal fireworks in parks.

BACKGROUND

On May 6, 2024, the City Council waived the first reading and passed to a second reading of the Ordinance amending Title 4, Chapter 4.54 Regulations and Prohibitions, and Title 9, Chapter 9.36 Park Regulations of the Rancho Cordova Municipal Code Regarding the Regulation of Social Host Fireworks and the Regulation of Illegal Fireworks in Parks.

California-approved "Safe and Sane" fireworks are currently allowed in nearly 300 communities across the State, including all communities in Sacramento County. "Safe and Sane" fireworks emit noise, smoke, sparks, and flames, but they are not explosive, not aerially launched and are tested and approved by the Office of the State Fire Marshall. Fireworks sales and usage is currently limited to June 28 through July 4.

State law generally requires that a law enforcement officer personally observe the actual person discharging illegal fireworks prior to issuing a citation. Host liability shifts and broadens the focus of enforcement from the person actually engaging in a prohibited activity to include the person providing them with a place to commit the crime. Under the City's host liability ordinance, "host" or "social host" means a person who permits or allows a gathering or person at their place of residence or other private property or any place under their control, specifically:

1. Is in charge of private property, including but not limited to, an owner, tenant, landlord, or

property manager of the property; or

2. Organizes, supervises, officiates, conducts, controls, or is otherwise in charge of the activity on the property.

The rationale behind the City's social host ordinance is as follows. Typically, it is not difficult for enforcement officers to identify the specific location an aerial firework originates. The challenge lies in identifying the specific individual user or possessor of the firework. The "Social Host Liability" ordinance concept greatly simplifies this difficulty and allows an officer to focus on a particular person (or multiple persons) responsible for the property or event. In the City's first two years after adoption, we had a significant increase in enforcing the use of illegal fireworks. In addition, the City will continue to use non-enforcement methods to reduce illegal fireworks, including social media outreach to inform the public of its existence and potential penalties.

Host Liability:

The City of Rancho Cordova (the "City") adopted Section 4.54.305 of the Rancho Cordova Municipal Code in 2021. Section 4.54.305 made it a misdemeanor for a person to host unlawful ignitions, explosions, discharges, uses, or displays, such as fireworks, on their property or at their social gathering. The County of Sacramento adopted Ordinance No. 1692 § 2 in 2022, which amended the Sacramento County Code to create social host liability for persons whose property or gathering involves the unlawful use of fireworks.

Staff periodically recommends to the City Council updates to the City's fireworks regulations to ensure greater consistency between penalties within the City of Rancho Cordova and those adopted by other jurisdictions in the greater Sacramento area, to enhance fire safety, and to ensure the use of fireworks in the City is regulated appropriately.

Parks:

Section 9.36.059 of the Rancho Cordova Municipal Code prohibits the possession or ignition of any firecracker or fireworks in a park located within the City. Section 9.36.059 was last amended by Ordinance No. 38-2007 in 2007.

Staff recommends that the City update this section to provide for an administrative penalty for violation of this section.

The proposed amendments to the City's Municipal Code would achieve the following:

- Limits the time that "Safe and Sane" "fireworks" can be possessed, used, or displayed within the hours of 12:00 noon on June 28, and ending at 9:00 p.m. on July 4.
- Limits the time that "Safe and Sane" "fireworks" can be sold to 12:00 noon on June 28 and ending at 10:00 p.m. on July 4 of the same year.
- Allows a licensee's spouse, parents, or adult children to operate a "Safe and Sane" fireworks stand to ensure consistency with the County's Ordinance.
- The City will be responsible for approving information on the safe use and disposal of state-approved "Safe and Sane" fireworks that licensees are required to hand out after purchases.
- Establish penalties for a second or third violation of the City's host liability fireworks Ordinance of \$2,500 for the second violation within one year of the first violation; and \$5,000 for each additional violation within one year of the first violation.
- Create an administrative penalty for violations of Section 9.36.059 of \$10,000.

FISCAL IMPACT AND FUNDING SOURCE

The fiscal impact of this Ordinance would be revenue for the City due to increased fines. The City would receive \$10,000 for each violation occurring in any park located within the City; fines for second and third violations would increase by \$1,500 and \$4,000, respectively. This money would go into the City's General Fund.

CITY OF RANCHO CORDOVA

ORDINANCE NO. XX-2024

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA AMENDING TITLE 4 (BUSINESS REGULATION), CHAPTER 4.54 REGULATIONS AND PROHIBITIONS AND TITLE 9 (PUBLIC PEACE, MORALS AND SAFETY), CHAPTER 9.36 PARK REGULATIONS

THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DOES ORDAIN AS FOLLOWS:

Section 1. Purpose and Declarations.

WHEREAS, the City Council finds that California Health and Safety Code Section 12500 et seq. accords local governments an important role in regulating the sale and use of fireworks in the state; and

WHEREAS, “Safe and Sane” fireworks, as defined by Health and Safety Code Section 12529, are currently allowed in nearly 300 communities across the state, including all communities in Sacramento County; and

WHEREAS, fireworks sales and usage in the City of Rancho Cordova is currently limited to June 28th through July 4th; and

WHEREAS, state law generally requires that a law enforcement officer personally observe the actual person discharging illegal fireworks prior to issuing a citation; and

WHEREAS, the City of Rancho Cordova has adopted a “Host Liability” ordinance which shifts and broadens the focus of fireworks enforcement from the person actually engaging in a prohibited activity to include the person providing them a place to commit the crime; and

WHEREAS, the Rancho Cordova Municipal Code defines a “host” or “social host” as a person who is in charge of private property, including but not limited to, an owner, tenant, landlord, or property manager of the property, or a person who organizes, supervises, officiates, conducts, controls, or is otherwise in charge of the activity on the property; and

WHEREAS, under the Rancho Cordova Municipal Code’s “Host Liability” ordinance such a host can be held strictly liable for any unlawful ignition, explosion, discharge, use, or display of any fireworks in violation of this section on their property or at their gathering; and

WHEREAS, a violation of the “Host Liability” ordinance is punishable by a fine not exceeding \$1,000 or imprisonment in the county jail for not more than six months, or both; and

WHEREAS, the County of Sacramento has enhanced scope of host liability to discharges of fireworks in a public right of way adjacent to a property the host owns or controls, is enhancing penalties for second and third violations of its Host Liability Ordinance and has set additional administrative fines for discharges of fireworks in parks located in unincorporated areas of the County.

Section 2. Findings. This Ordinance is adopted pursuant to the following findings:

- A. **CEQA Compliance.** CEQA requires analysis of agency approvals of discretionary “projects.” A “project,” under CEQA, is defined as “the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.” (CEQA Guidelines, § 15378.) As reflected in State CEQA Guideline 15061 (b) (3), an activity is not subject to CEQA, “[where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment...” The proposed amendments are not a “project” within the meaning of CEQA because the amendments seek to provide clarification of uses, standards and/or enforcement procedures, address inconsistencies or delete text that is no longer necessary. Because no expansion of uses or activities is reasonably anticipated, no possibility exists that the ordinance will result in a significant effect on the environment. Thus, the proposed ordinance is not subject to the requirements of CEQA. However, in the event that adoption of the ordinance is considered a CEQA project, it would nonetheless qualify for categorical exemptions as set forth below.

CEQA Guidelines Section 15061(b)(3) states that a project is exempt from CEQA “where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” The approval of the code amendments set forth in the proposed ordinance does not approve any physical development and it would not result in a direct or indirect physical changes in the environment. For these reasons, the proposed amendments would not have the potential to result in individually or cumulatively significant effects on the environment and these Municipal Code amendments are exempt from review under CEQA and no further environmental review is necessary.

**GENERAL SERVICES AGREEMENT BETWEEN
THE CITY OF RANCHO CORDOVA AND COASTLINE WATER RESOURCES (Contractor)**

THIS AGREEMENT (hereinafter referred to as "Agreement") is made by and between the City of Rancho Cordova, a California municipal corporation, (herein "City") and Coastline Water Resources, (herein "Contractor"), as of July 1, 2024.

Section 1. SERVICES. Subject to the terms and conditions set forth in this Agreement, Contractor shall provide to City the services described in the Scope of Work attached as Exhibit A ("Services") at the time and place and in the manner as specified therein. In the event of a conflict or inconsistency between the terms of this Agreement and Exhibit A, the Agreement shall prevail.

Section 2. TERM. The term of this Agreement shall begin on the date first noted above and shall end on June 30, 2029, unless the term of this Agreement is otherwise terminated as provided for in Section 10. The time provided to Contractor to complete the services required by this Agreement shall not affect the City's right to terminate the Agreement, as provided for in Section 10.

Section 3. CONTRACT ADMINISTRATOR. This Agreement shall be administered by Dalia Fadl ("Contract Administrator"). All correspondence shall be directed to or through the Contract Administrator or his or her designee.

Section 4. COMPENSATION OF CONTRACTOR. The Contractor shall be paid TWO MILLION TWO HUNDRED FIFTY THOUSAND DOLLARS (\$2,250,000) for performance of the Services pursuant to this Agreement. The Contractor shall submit invoices to the City Finance Director on a monthly basis detailing the Services performed. In the event of a conflict between this Agreement and Contractor's Exhibit A regarding the amount of compensation, the Agreement shall prevail. Upon receipt and approval of the Contractor's invoices, the City shall remit payment to the Contractor for Services provided within thirty (30) days. Payment to Contractor shall be considered as full compensation for performing the Services.

City's failure to discover or object to any unsatisfactory work or billing prior to payment will not constitute a waiver of City's right to request Contractor to correct such work or billings or seek any other legal remedy.

Section 5. PERFORMANCE STANDARDS.

A. Contractor shall comply with all applicable laws now in force or which may hereafter be in force with regard to the provision of Services and this Agreement.

B. Contractor represents that it has the skills, expertise, licenses and permits necessary to perform the Services. Contractor shall perform all such Services in the manner and according to the standards observed by a competent practitioner of the same profession in which Contractor is engaged and in accordance with applicable industry standards. Permits and/or licenses shall be obtained and maintained by Contractor without additional compensation throughout the term of this Agreement.

Section 6. STATUS OF CONTRACTOR

6.1 INDEPENDENT CONTRACTOR. At all times during the term of this Agreement, Contractor shall be an independent contractor as defined in Labor Code Section 3353, and shall not be an employee of City. Nothing contained in this Agreement shall be construed

to be inconsistent with the foregoing relationship or status. City shall have the right to control Contractor only insofar as the results of Contractor's services rendered pursuant to this Agreement and assignment of personnel; however, otherwise City shall not have the right to control the means and methods by which Contractor accomplishes services rendered pursuant to this Agreement. Contractor shall have no power or authority by this Agreement to bind the City in any respect. All employees and agents hired or retained by Contractor are employees and agents of Contractor and not of the City. The City shall not be obligated in any way to pay any wage claims or other claims made against Contractor by any such employees or agents, or any other person resulting from performance of this Agreement.

Notwithstanding any other City, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Contractor and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in PERS as an employee of City and entitlement to any contribution to be paid by City for employer contributions and/or employee contributions for PERS benefits. Contractor shall not allow any employee, agent or subcontractor to become eligible for a claim for PERS benefits.

- 6.2 Contractor Not an Agent.** Except as City may specify in writing, Contractor shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Contractor shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.

Section 7. INSURANCE REQUIREMENTS. Prior to beginning any Service under this Agreement, Contractor, at its own cost and expense, shall procure insurance coverage at such levels of coverage, scope, limits, and/or forms as set forth in Exhibit B ("Insurance Requirements") hereto. Contractor shall provide proof satisfactory to City of such insurance and maintain the insurance throughout the term of this Agreement.

Section 8. INDEMNIFICATION AND CONTRACTOR'S RESPONSIBILITIES.

- 8.1 General Requirement.** Contractor shall indemnify, defend with counsel selected by the City, and hold harmless City, its officers, agents, employees and representatives from and against any and all claims, losses, liabilities or damages, demands and actions, including payment of reasonable attorney's fees, arising out of or resulting from Services performed pursuant to this Agreement caused in whole or in part by any negligent or willful act or omission of Contractor, its officers, agents, employees, or anyone directly or indirectly acting on behalf of Contractor. The foregoing obligation of Contractor shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Contractor or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Contractor to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Contractor from liability under this indemnification and hold harmless clause. This

indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Contractor acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

- 8.2 **PERS Indemnification.** In the event that Contractor or any employee, agent, or subcontractor of Contractor providing Services under this Agreement is determined by a court of competent jurisdiction of the California Public Employees Retirement System ("PERS") to be eligible for enrollment in PERS as an employee of City, Contractor shall indemnify, defend, and hold harmless City for the payment of any and all employee and/or employer contributions for PERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City, and any attorneys' fees and costs incurred by the City to enforce this Section.

Section 9. NONDISCRIMINATION AND EQUAL OPPORTUNITY. Contractor shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by Contractor under this Agreement. Contractor shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Contractor thereby. Contractor shall include the provisions of this section in any subcontract approved by the City.

Section 10. AMENDMENTS. No modification or amendment of this Agreement is effective unless made in writing and signed by both the City and Contractor.

Section 11. ASSIGNMENT AND SUBCONTRACTING. Contractor shall not assign or transfer any interest in this Agreement without the prior written consent of the City.

Section 12. TERMINATION. Either party may terminate this Agreement without cause, upon 30 days written notice to the other party. In the event of termination, Contractor shall be entitled to payment for Services then satisfactorily completed. Contractor shall not be entitled to any claim against City for any additional compensation or damages in the event of such termination.

Prospective Contractors are defined as those Contractors listed on the City's Request for Proposal list for this material/service or who have obtained this RFP document after the advertisement. If revisions and amendments require changes in quantities or prices proposed, or both, the date set for opening of proposals may be postponed as determined by the City and shall enable Contractors to revise their proposals.

1.6. SINGLE PROPOSAL RESPONSE

If only one proposal is received in response to this RFP, a detailed cost proposal may be requested of the single Contractor. A cost/price analysis and evaluation and/or audit may be performed on the cost proposal in order to determine if the price is fair and reasonable.

1.7. PROPOSAL WITHDRAWAL

After the proposals are opened, bids may not be withdrawn for ninety (90) calendar days. 1.8. CONTRACTOR INVESTIGATION

Before submitting a proposal, each Proposer shall make all investigations and examinations necessary to ascertain all site conditions and requirements affecting the full performance of the contract and to verify any representations made by the City upon which the Proposer will rely. If the Proposer enters into an agreement with the City as a result of its proposal submission, failure to have made such investigations and examinations will in no way relieve the Contractor

from its obligation to comply in every detail with all provisions and requirements of the contract, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the Contractor for additional compensation.

1.9. AWARD

The City reserves the right to accept proposals on individual items listed, on group items, or the proposal as a whole; to reject any and all proposals; to waive any informality in the proposals; and to accept the Proposal that appears to be in the best interest of the City. The City intends to award all RFP items to a single Contractor.

In determining and evaluating the most responsive and responsible proposal, the prices will not necessarily be controlling, but quality, equality, efficiency, utility, general terms, delivery, the suitability of the service offered, and the reputation of the service in general use will also be considered with any other relevant factors. The Contract Manager shall have sole discretion in the determination of these matters.

Notice of contract award, if a contract is awarded, will be made within ninety (90) days of the opening of proposals to the Contractor with the most qualified proposal, whose proposal complies with all the requirements in this RFP. The Contractor shall agree to sign, within ten (10) days of award, a contract as approved by the Rancho Cordova City Council. Reference the "Sample Contract" in [Attachments](#).

1.10. PROTEST

Upon notification of the City's notice of contract award, a Proposer shall have three (3) business days to protest the City's decision to the Public Works Director. All protests shall clearly state in writing the basis for the protest and provide the evidence on which the protest is based upon. The Public Works Director shall respond to the protest within five (5) business days of receipt of the written protest, with a written determination regarding the matter.

The Proposer shall have three (3) business days to appeal the determination of the Public Works Director to the City's Assistant City Manager, by submitting a written appeal. The Assistant City Manager shall issue written determination on the appeal within five (5) business days of receipt of a timely appeal. The Assistant City Manager's decision on the matter shall be the final determination.

1.11. COMMENCEMENT OF WORK

Proposers acknowledge that the submittal of proposals does not constitute any acceptance of work by the City. Additionally, the receipt of award of contract to any Proposer shall not constitute any authority to enter upon sites for work and begin Storm Drain Maintenance Services. Work shall commence only upon formal execution of a contract between the City and Contractor, and a written notice to proceed from Contract Manager to Contractor.

The City seeks to make the selection of a Contractor and award a contract for Storm Drain Maintenance Services by May 20, 2024. Proposers acknowledge that they are prepared to

execute a contract and begin prosecuting work on July 1, 2024. Any Proposer unable to meet this timeframe shall not be considered for award.

In the event the selected Contractor fails to adequately perform Storm Drain Maintenance Services to standards identified in this RFP, and as appended to the executed contract, the City reserves the right to adjust the scope of the contract and/or terminate the agreement. Additionally, the City reserves the right to enter into additional contracts for Storm Drain Maintenance Services should the selected Contractor not meet City standards.

1.12. TERM OF AGREEMENT

Any contract resulting from a selected Proposal shall have a five (5) year contract term starting July 1, 2024. The Contract may be extended by one contract term amendment of two (2) additional years.

Failure to provide an adequate workforce to execute the scope of the contract shall be considered as grounds for termination of the contract.

The contract may be terminated by the City upon thirty (30) calendar days prior to written notice addressed to the last known address of the Contractor. In the event of such termination, the Contractor shall be paid for all work successfully completed up to the effective date of such termination.

1.13. PUBLIC RECORDS

All proposals and other materials submitted in response to this RFP become the property of the City. Selection or rejection of a proposal does not affect this right. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process. Upon the completion of the evaluation of proposals, the proposals and associated materials will be open for review by the public to the extent allowed by the California Public Records Act, (California Government Code Section 6250 et. seq.).

By submitting a proposal, the Proposer acknowledges and accepts that the contents of the proposal and associated documents will become open to public inspection. If a vendor submits an entire proposal marked confidential, it will be considered non-responsive. Each Proposer should be aware that, although the California Public Records Act recognizes that certain confidential trade secret information may be protected from disclosure, the City might not be in a position to establish which submitted information constitutes a trade secret. If a request is made for information marked "confidential", the City will provide the Proposer who submitted such information with reasonable notice to allow the Proposer to seek protection from disclosure by a court of competent jurisdiction.

Section 2 - Basis for Evaluation of Proposals

In order to receive consideration of selection, all proposals received must address all aspects of this RFP. Each item identified in **Proposal Submittal** shall be included in the proposal submittal. The proposal submission implies the proposer's acceptance of the evaluation criteria.

Before the award of a contract, the City may require proposers to provide an oral presentation of their proposal to a review panel for evaluation.

The City reserves the right to reject any and all bids, to waive any irregularities in any proposal, to sit and act as the sole judge of the merit and qualifications of services offered, and to accept the proposal which is deemed to be in the best interest of the City of Rancho Cordova. The City will award any agreement based on the most responsive proposal, which includes the most advantageous pricing, quality, and suitability of services for the City's particular needs.

Additionally, the City may, for any reason, determine not to award a contract as a result of this RFP.

Minor deviations from the requirements of this section concerning hours of work which do not significantly change the cost of the work may be permitted upon the written request of the Contractor if in the opinion of the City, public traffic will be better served and the work will be expedited. These deviations shall not be adopted by the Contractor until the City has approved them in writing. All other modifications will be made by contract change order.

Any means of propelling the camera through the storm drain line that would exceed this rate of speed or produce non-uniform or jerky movements shall not be considered acceptable. CCTV inspection is performed from the upstream catch basin/manhole to the downstream catch basin/manhole when the conditions

allow it. If conditions do not allow an upstream to downstream inspection, the inspection will be performed in reverse (from the downstream to the upstream catch basin/manhole).

A header screen showing tape number, segment number, and catch basin/manhole number shall be taped for 10 seconds at the beginning of each televised line segment. All header information shall be recorded on the appropriate electronic PACP or LACP inspection forms.

At the Contractor's discretion, the camera shall be stopped or backed up to view and analyze conditions that appear to be unusual or uncommon for a sound storm drain line. At all times, the operating technician shall be able to move the camera through the line in either direction without loss of quality in the video presentation on the monitor. The picture shall be free of electrical interference and provide a clear, stable image of the specified resolutions at all times. The camera lens shall be cleaned, as required, to provide a clear image within the storm drain lines.

4.11. CCTV SUBMITTAL

All line pictures will be digital .mpeg video, clear, legible, and free of "snow" or haze.

All inspections shall be made by Pipe Assessment Certification Program (PACP) certified operators, and data shall be documented following the National Association of Sewer Service Companies (NASSCO)'s Pipeline Assessment and Condition Program guidelines. Electronic copies of inspection reports (data files) shall be submitted through upload to GraniteNet or other methods pre-approved by the City.

The Contractor shall upload a complete GraniteNet file type that contains both data files and video files to the WebOffice using GraniteNet WebSync.

EXHIBIT B
INSURANCE REQUIREMENTS

Before beginning any work under this Agreement, Contractor, at its own cost and expense, shall procure "occurrence coverage" insurance against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Professional and its agents, representatives, employees, and subcontractors. Contractor shall provide proof satisfactory to City of such insurance that meets the requirements of this section and under forms of insurance satisfactory in all respects to the City. Professional shall maintain the insurance policies required by this section throughout the term of this Agreement. The cost of such insurance shall be included in the Contractor's bid. Contractor shall not allow any subcontractor to commence work on any subcontract until Contractor has obtained all insurance required herein for the subcontractor(s) and provided evidence thereof to City. Verification of the required insurance shall be submitted and made part of this Agreement prior to execution. Contractor shall maintain all required insurance listed herein for the duration of this Agreement.

1. **Workers' Compensation.** Contractor shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Contractor. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than ONE MILLION DOLLARS (\$1,000,000.00) per accident. In the alternative, Contractor may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the Labor Code shall be solely in the discretion of the Contract Administrator. The insurer, if insurance is provided, or the Contractor, if a program of self-insurance is provided, shall waive all rights of subrogation against the City and its officers, officials, employees, and volunteers for loss arising from work performed under this Agreement.

An endorsement shall state that coverage shall not be canceled except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. Contractor shall notify City within fourteen (14) days of notification from Contractor's insurer if such coverage is suspended, voided or reduced in coverage or in limits.

The requirement to maintain Statutory Worker's Compensation and Employer's Liability Insurance insurance may be waived by the City upon written verification that Contractor does not have any employees.

2. **Commercial General and Automobile Liability Insurance.**

- 2.1 **General requirements.** Contractor, at its own cost and expense, shall maintain commercial general liability insurance for the term of this Agreement in an amount not less than TWO MILLION DOLLARS (\$2,000,000.00) and automobile liability insurance for the term of this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000.00). The commercial general liability and automobile liability insurance shall be per occurrence, combined single limit coverage for risks associated with the work contemplated by this Agreement. If a commercial general liability insurance or an automobile liability form or other form with a general

aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this Agreement, including the use of owned and non-owned automobiles.

2.2 Minimum scope of coverage. Commercial general liability coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (most recent edition) covering comprehensive General Liability on an "occurrence" basis. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (most recent edition), Code 1 (any auto). No endorsement shall be attached limiting the coverage.

2.3 Additional requirements. Each of the following shall be included in the insurance coverage or added as an endorsement to the policy:

- a. City and its officers, employees, agents, and volunteers shall be covered as additional insureds with respect to each of the following: liability arising out of activities performed by or on behalf of Contractor, including the insured's general supervision of Contractor; products and completed operations of Contractor; premises owned, occupied, or used by Contractor; and automobiles owned, leased, or used by the Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City or its officers, employees, agents, or volunteers.
- b. The insurance shall cover on an occurrence or an accident basis, and not on a claims-made basis.
- c. An endorsement must state that coverage is primary insurance with respect to the City and its officers, officials, employees and volunteers, and that no insurance or self-insurance maintained by the City shall be called upon to contribute to a loss under the coverage.
- d. Any failure of Contractor to comply with reporting provisions of the policy shall not affect coverage provided to City and its officers, employees, agents, and volunteers.
- e. An endorsement shall state that coverage shall not be canceled except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. Contractor shall notify City within fourteen (14) days of notification from Contractor's insurer if such coverage is suspended, voided or reduced in coverage or in limits.

3. All Policies Requirements.

- 3.1 Acceptability of insurers.** All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.
- 3.2 Verification of coverage.** Prior to beginning any work under this Agreement, Contractor shall furnish City with certificates of insurance and with original endorsements effecting coverage required herein. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.
- 3.3 Subcontractors.** Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.
- 3.4 Deductibles and Self-Insured Retentions.** Contractor shall disclose to and obtain the approval of City for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement.
- During the period covered by this Agreement, only upon the prior express written authorization of Contract Administrator, Contractor may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers. The Contract Administrator may condition approval of an increase in deductible or self-insured retention levels with a requirement that Contractor procure a bond, guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.
- 3.5 Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer or contractor may require from vendor by virtue of the payment of any loss. Consultant agrees to obtain any endorsements that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the entity for all work performed by the Contractor, its employees, agents, and subcontractors.
- 3.6 Notice of Reduction in Coverage.** In the event that any coverage required by this section is reduced, limited, or materially affected in any other manner, Contractor shall provide written notice to City at Contractor's earliest possible opportunity and in no case later than five (5) days after Contractor is notified of the change in coverage.

4. **Remedies.** In addition to any other remedies City may have if Contractor fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Contractor's breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Contractor to stop work under this Agreement or withhold any payment that becomes due to Contractor hereunder, or both stop work and withhold any payment, until Contractor demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

Section references are to the Internal Revenue Code unless otherwise noted. Purpose of Form A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to: - Certify that the TIN you are giving is correct (or you are waiting for a number to be issued), - Certify that you are not subject to backup withholding, or - Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income. Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.					
Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are: • An individual who is a U.S. citizen or U.S. resident alien, • A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, • An estate (other than a foreign estate), or • A domestic trust (as defined in Regulations section 301.7701-7). Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income. The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases: • The U.S. owner of a disregarded entity and not the entity,					
Cat. No. 10231X Form W-9 (Rev. 9-2007)					

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

Form W-9 (Rev. 9-2007)

Page 3

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

Exempt payees. Backup withholding is not required on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
2. The United States or any of its agencies or instrumentalities,
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

Other payees that may be exempt from backup withholding include:

6. A corporation,
7. A foreign central bank of issue,
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
9. A futures commission merchant registered with the Commodity Futures Trading Commission,
10. A real estate investment trust,
11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
12. A common trust fund operated by a bank under section 584(a),
13. A financial institution,
14. A middleman known in the investment community as a nominee or custodian, or
15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt recipients listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt recipients except for 9
Broker transactions	Exempt recipients 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt recipients 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt recipients 1 through 7

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

² However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see *Exempt From Backup Withholding* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.consumer.gov/idtheft or 1-877-IDTHEFT(438-4338).

Visit the IRS website at www.irs.gov to learn more about identity theft and how to reduce your risk.

Instructions for Form 590**Withholding Exemption Certificate**

References in these instructions are to the California Revenue and Taxation Code (R&TC).

What's New

Backup Withholding – For taxable years beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions release of loan funds made in the normal course of business are exempt from backup withholding. For additional information on California backup withholding, go to ftb.ca.gov and search for backup withholding.

Military Spouse Residency Relief Act (MSRRA) – The MSRRA amended the federal Servicemembers Civil Relief Act. For taxable years beginning on or after January 1, 2009, a nonmilitary spouse of a military servicemember shall neither lose nor acquire a residence or domicile for purposes of taxation by reason of being absent from or present in California to be with the servicemember serving in compliance with the servicemember's military orders if the servicemember and spouse have the same domicile. Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California. For additional information, get FTB Pub. 1032, Tax Information for Military Personnel.

General Information

For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Private Mail Box – Include the Private Mail Box (PMB) in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. Do not abbreviate the country's name.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding. California residents or entities should complete and present Form 590 to the withholding agent. The withholding agent is then relieved of the withholding

requirements if the agent relies in good faith on a completed and signed Form 590 unless told by the Franchise Tax Board (FTB) that the form should not be relied upon.

Important – This form cannot be used for exemption from wage withholding. If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should direct their calls to the California Employment Development Department (EDD) at 888.745.3886 or go to www.edd.ca.gov.

Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, not Form 590.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties for the right to use natural resources located in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are \$1,500 or less during the calendar year.

For more information on withholding and waiver requests, get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

C Who can Execute this Form

Form 590 can be executed by the entity or individual listed on this form.

If an entertainer (a person or a business entity) is paid for a performance, the entertainer's information must be provided. Do not submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the vendor/payee for withholding purposes. Therefore, if the vendor/payee is a grantor

trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of \$200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. However, under newly enacted MSRRA, if a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders

- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders

Domicile is defined as the one place:

- Where you maintain a true, fixed and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders (Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRRA).

For assistance in determining whether the applicant meets the MSRRRA requirements, get FTB Pub. 1032, Tax Information for Military Personnel.

F What Is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the California SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT AMENDMENT NO. 56-2019-2 WITH HARRIS & ASSOCIATES TO EXTEND THE CONTRACT TERM FROM JUNE 30, 2024, TO JUNE 30, 2026, WHICH WOULD RESULT IN AN INCREASE TO THE CONTRACT AMOUNT FROM \$200,000 TO AN AMOUNT NOT TO EXCEED \$300,000 FOR ON-CALL STORMWATER FINANCE SUPPORT SERVICES**

RECOMMENDATION

Adopt the Resolution

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Contract Amendment No. 56-2019-2 to extend the contract term from June 30, 2024, to June 30, 2026, which results in an increase to the contract amount from \$200,000 to \$300,000 for the provision of on-call stormwater finance support services by Harris & Associates.

BACKGROUND

The work conducted under this contract includes special tax consulting, Drainage Impact Fee Program studies and implementation support, technical analysis, and other stormwater finance support services.

In July 2019, City Council approved Contract No. 56-2019 in the amount of \$100,000 with Harris & Associates for on-call stormwater finance support services over a three-year contract term. In June 2022, City Council approved Contract Amendment No. 56-2019-1, which increased the total contract amount to \$200,000 and extended the contract term from June 30, 2022, to June 30, 2024. Harris & Associates has provided an excellent performance record and an effective understanding of the City's desired level of service. The City is seeking to execute a second contract amendment with Harris & Associates to extend the contract term from June 30, 2024, to June 30, 2026, which results in an increase to the contract amount from \$200,000 to an amount not to exceed \$300,000. The time extension and cost increase are necessary to provide ongoing stormwater finance support services and assistance with the implementation of the Drainage Impact Fee Program.

FISCAL IMPACT AND FUNDING SOURCE

Funding for the contract will be from the City's Stormwater Utility Fund. There is no impact on the City's General Fund.

Dalia Fadl, Principal Engineer
SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT NO. 2024-58 WITH WEST YOST IN AN AMOUNT NOT TO EXCEED \$600,000 FOR STORMWATER PROFESSIONAL SERVICES**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Contract No. 2024-58 with West Yost in an amount not to exceed \$600,000.

BACKGROUND

In order to provide flexibility to adapt to a variable development, design, and construction market, the Public Works Department employs the assistance of qualified consultants to provide engineering services for the City of Rancho Cordova. This is an on-call contract that allows the City to draw upon greater resources on projects, thus increasing the ability to handle workload peaks and maintain efficient response times. The work conducted under this contract includes drainage master planning, technical review of drainage plans and reports, preparation of floodplain mapping, and assistance with the implementation of the City's Drainage Impact Fee Program.

In April 2019, a Request for Qualifications was advertised with the intent of preparing a pre-qualified list of consultant firms from which the Public Works Department may select consultants on an as-needed basis for Civil Design Services, Professional Land Surveying, Environmental and Stormwater Services in the City of Rancho Cordova. West Yost was selected as one of the six (6) firms on the pre-qualified list.

The City is seeking to execute Contract No. 2024-58 with West Yost in an amount not to exceed \$600,000 to perform technical review of drainage studies and improvement plans for development projects and provide assistance with Federal Emergency Management Agency (FEMA) compliance, drainage modeling support, and pump station technical support. The contract term will start on July 1, 2024, and end on June 30, 2026.

FISCAL IMPACT AND FUNDING SOURCE

There is no impact to the City's General Fund. Funding for this contract will be from the City's Stormwater Utility Fee and from fees charged to developers for drainage study and plan review work.

- 2.8 **Payment upon Termination.** In the event that the City or Professional terminates this Agreement pursuant to Section 8, the City shall compensate the Professional for all outstanding costs and reimbursable expenses incurred for work satisfactorily completed as of the date of written notice of termination. Professional shall maintain adequate logs and timesheets in order to verify costs incurred to that date.
- 2.9 **Authorization to Perform Services.** The Professional is not authorized to perform any services or incur any costs whatsoever under the terms of this Agreement until receipt of authorization from the Contract Administrator.

Section 3. FACILITIES AND EQUIPMENT. Except as set forth herein, Professional shall, at its sole cost and expense, provide all facilities and equipment that may be necessary to perform the services required by this Agreement. City shall make available to Professional only the facilities and equipment listed in this section, and only under the terms and conditions set forth herein.

City shall furnish physical facilities such as desks, filing cabinets, and conference space, as may be reasonably necessary for Professional's use while consulting with City employees and reviewing records and the information in possession of the City. The location, quantity, and time of furnishing those facilities shall be in the sole discretion of City. In no event shall City be obligated to furnish any facility that may involve incurring any direct expense, including but not limited to computer, long-distance telephone or other communication charges, vehicles, and reproduction facilities.

Section 4. INSURANCE REQUIREMENTS. Before beginning any work under this Agreement, Professional, at its own cost and expense, shall procure "occurrence coverage" insurance against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Professional and its agents, representatives, employees, and subcontractors. Professional shall provide proof satisfactory to City of such insurance that meets the requirements of this section and under forms of insurance satisfactory in all respects to the City. Professional shall maintain the insurance policies required by this section throughout the term of this Agreement. The cost of such insurance shall be included in the Professional's bid. Professional shall not allow any subcontractor to commence work on any subcontract until Professional has obtained all insurance required herein for the subcontractor(s) and provided evidence thereof to City. Verification of the required insurance shall be submitted and made part of this Agreement prior to execution. Professional shall maintain all required insurance listed herein for the duration of this Agreement.

- 4.1 Workers' Compensation.** Professional shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Professional. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than ONE MILLION DOLLARS (\$1,000,000.00) per accident. In the alternative, Professional may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the Labor Code shall be solely in the discretion of the Contract Administrator. The insurer, if insurance is provided, or the Professional, if a program of self-insurance is provided, shall waive all rights of subrogation against the City and its officers, officials, employees, and volunteers for loss arising from work performed under this Agreement.

An endorsement shall state that coverage shall not be canceled except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. Professional shall notify City within fourteen (14) days of notification from Professional's insurer if such coverage is suspended, voided or reduced in coverage or in limits.

The requirement to maintain Statutory Worker's Compensation and Employer's Liability Insurance may be waived by the City upon written verification that Professional does not have any employees.

4.2 Commercial General and Automobile Liability Insurance.

- 4.2.1 General requirements.** Professional, at its own cost and expense, shall maintain commercial general liability insurance for the term of this Agreement in an amount not less than TWO MILLION DOLLARS (\$2,000,000.00) and automobile liability insurance for the term of this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000.00). The commercial general liability and automobile

liability insurance shall be per occurrence, combined single limit coverage for risks associated with the work contemplated by this Agreement. If a commercial general liability insurance or an automobile liability form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this Agreement, including the use of owned and non-owned automobiles.

4.2.2 Minimum scope of coverage. Commercial general liability coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (most recent edition) covering comprehensive General Liability on an "occurrence" basis. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (most recent edition), Code 1 (any auto). No endorsement shall be attached limiting the coverage.

4.2.3 Additional requirements. Each of the following shall be included in the insurance coverage or added as an endorsement to the policy:

- a. City and its officers, employees, agents, and volunteers shall be covered as additional insureds with respect to each of the following: liability arising out of activities performed by or on behalf of Professional, including the insured's general supervision of Professional; products and completed operations of Professional; premises owned, occupied, or used by Professional; and automobiles owned, leased, or used by the Professional. The coverage shall contain no special limitations on the scope of protection afforded to City or its officers, employees, agents, or volunteers.
- b. The insurance shall cover on an occurrence or an accident basis, and not on a claims-made basis.
- c. An endorsement must state that coverage is primary insurance with respect to the City and its officers, officials, employees and volunteers, and that no insurance or self-insurance maintained by the City shall be called upon to contribute to a loss under the coverage.
- d. Any failure of Professional to comply with reporting provisions of the policy shall not affect coverage provided to City and its officers, employees, agents, and volunteers.

- e. An endorsement shall state that coverage shall not be canceled except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. Professional shall notify City within fourteen (14) days of notification from Professional's insurer if such coverage is suspended, voided or reduced in coverage or in limits.

4.3 Professional Liability Insurance. Professional, at its own cost and expense, shall maintain for the period covered by this Agreement professional liability insurance for licensed professionals performing work pursuant to this Agreement in an amount not less than TWO MILLION DOLLARS (\$2,000,000) covering the licensed professionals' errors and omissions.

4.3.1 Any deductible or self-insured retention shall not exceed \$150,000 per claim.

4.3.2 An endorsement shall state that coverage shall not be suspended, voided, canceled by either party, or reduced in coverage or in limits, except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City.

4.3.3 The following provisions shall apply if the professional liability coverages are written on a claims-made form:

- a. The retroactive date of the policy must be shown and must be before the date of the Agreement.
- b. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement or the work, so long as commercially available at reasonable rates.
- c. If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the date of this Agreement, Professional must provide extended reporting coverage for a minimum of five (5) years after completion of the Agreement or the work. The City shall have the right to exercise, at the Professional's sole cost and expense, any extended reporting provisions of the policy, if the Professional cancels or does not renew the coverage.
- d. A copy of the claim reporting requirements must be submitted to the City prior to the commencement of any work under this Agreement.

4.4 All Policies Requirements.

4.4.1 Acceptability of insurers. All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.

4.4.2 Verification of coverage. Prior to beginning any work under this Agreement, Professional shall furnish City with certificates of insurance and with original endorsements effecting coverage required herein. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

4.4.3 Subcontractors. Professional shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

4.4.4 Deductibles and Self-Insured Retentions. Professional shall disclose to and obtain the approval of City for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement.

During the period covered by this Agreement, only upon the prior express written authorization of Contract Administrator, Professional may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers.

4.4.5 Waiver of Subrogation. Professional hereby agrees to waive subrogation which any insurer or contractor may require from vendor by virtue of the payment of any loss. Consultant agrees to obtain any endorsements that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the entity for all work performed by the Professional, its employees, agents, and subcontractors.

4.4.6 Notice of Reduction in Coverage. In the event that any coverage required by this section is reduced, limited, or materially affected in any other manner, Professional shall provide written notice to City at Professional's earliest possible opportunity and in no case later than five (5) days after Professional is notified of the change in coverage.

4.5 Remedies. In addition to any other remedies City may have if Professional fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Professional's breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;

- Order Professional to stop work under this Agreement or withhold any payment that becomes due to Professional hereunder, or both stop work and withhold any payment, until Professional demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

Section 5. INDEMNIFICATION AND PROFESSIONAL'S RESPONSIBILITIES.

- 5.1 General Requirement.** Professional shall indemnify, defend with counsel selected by the City, and hold harmless the City and its officials, officers, employees, agents, and volunteers from and against any and all losses, liability, claims, suits, actions, damages, and causes of action arising out of any personal injury, bodily injury, loss of life, or damage to property, or any violation of any federal, state, or municipal law or ordinance, to the extent caused, in whole or in part, by the willful misconduct or negligent acts or omissions of Professional or its employees, subcontractors, or agents, by acts for which they could be held strictly liable, or by the quality or character of their work. The foregoing obligation of Professional shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Professional or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Professional to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Professional from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Professional acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.
- 5.2 PERS Indemnification.** In the event that Professional or any employee, agent, or subcontractor of Professional providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System ("PERS") to be eligible for enrollment in PERS as an employee of City, Professional shall indemnify, defend, and hold harmless City for the payment of any and all employee and/or employer contributions for PERS benefits on behalf of Professional or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City, and any attorneys' fees and costs incurred by the City to enforce this Section.
- 5.3 Design Professionals.** To the extent that the services under this Agreement include design professional services subject to California Civil Code Section 2782.8, as may be amended from time to time, Professional's duty to indemnify

under Sections 5.1 and 5.2 shall only be to the maximum extent permitted by California Civil Code Section 2782.8.

Section 6. STATUS OF PROFESSIONAL.

- 6.1 Independent Contractor.** At all times during the term of this Agreement, Professional shall be an independent contractor as defined in Labor Code Section 3353, and shall not be an employee of City. Nothing contained in this Agreement shall be construed to be inconsistent with the foregoing relationship or status. City shall have the right to control Professional only insofar as the results of Professional's services rendered pursuant to this Agreement and assignment of personnel pursuant to Subparagraph 1.3; however, otherwise City shall not have the right to control the means and methods by which Professional accomplishes services rendered pursuant to this Agreement. Professional shall have no power or authority by this Agreement to bind the City in any respect. All employees and agents hired or retained by Professional are employees and agents of Professional and not of the City. The City shall not be obligated in any way to pay any wage claims or other claims made against Professional by any such employees or agents, or any other person resulting from performance of this Agreement.

Notwithstanding any other City, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Professional and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in PERS as an employee of City and entitlement to any contribution to be paid by City for employer contributions and/or employee contributions for PERS benefits. Professional shall not allow any employee, agent or subcontractor to become eligible for a claim for PERS benefits.

- 6.2 Professional Not an Agent.** Except as City may specify in writing, Professional shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Professional shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.

Section 7. LEGAL REQUIREMENTS.

- 7.1 Governing Law.** The laws of the State of California shall govern this Agreement.
- 7.2 Compliance with Applicable Laws.** Professional and any subcontractors shall comply with all laws and regulations applicable to the performance of the work hereunder, including but not limited to, the California Building Code, the Americans with Disabilities Act, and any copyright, patent or trademark law. Professional's failure to comply with any law(s) or regulation(s) applicable to the performance of the work hereunder shall constitute a breach of contract.

- 7.3 **Other Governmental Regulations.** To the extent that this Agreement may be funded by fiscal assistance from another governmental entity, Professional and any subcontractors shall comply with all applicable rules and regulations to which City is bound by the terms of such fiscal assistance program.
- 7.4 **Licenses and Permits.** Professional represents and warrants to City that Professional and its employees, agents, and any subcontractors have all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required to practice their respective professions. Professional represents and warrants to City that Professional and its employees, agents, any subcontractors shall, at their sole cost and expense, keep in effect at all times during the term of this Agreement any licenses, permits, and approvals that are legally required to practice their respective professions. In addition to the foregoing, Professional and any subcontractors shall obtain and maintain valid Business Licenses from City during the term of this Agreement.
- 7.5 **Nondiscrimination and Equal Opportunity.** Professional shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by Professional under this Agreement. Professional shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Professional thereby.

Professional shall include the provisions of this Subsection in any subcontract approved by the Contract Administrator or this Agreement.

Section 8. TERMINATION AND MODIFICATION.

- 8.1 **Termination.** City may cancel this Agreement at any time and without cause upon written notification to Professional.

Professional may cancel this Agreement upon 30 days' written notice to City and shall include in such notice the reasons for cancellation.

In the event of termination, Professional shall be entitled to compensation for services performed to the effective date of termination; City, however, may condition payment of such compensation upon Professional delivering to City any or all documents, photographs, computer software, video and audio tapes, and other materials provided to Professional or prepared by or for Professional or the City in connection with this Agreement.

- 8.2 Extension.** City may, in its sole and exclusive discretion, extend the end date of this Agreement beyond that provided for in Subsection 1.1. Any such extension shall require a written amendment to this Agreement, as provided for herein. Professional understands and agrees that, if City grants such an extension, City shall have no obligation to provide Professional with compensation beyond the maximum amount provided for in this Agreement. Similarly, unless authorized by the Contract Administrator, City shall have no obligation to reimburse Professional for any otherwise reimbursable expenses incurred during the extension period.
- 8.3 Amendments.** The Parties may amend this Agreement only by a writing signed by all the Parties.
- 8.4 Assignment and Subcontracting.** City and Professional recognize and agree that this Agreement contemplates personal performance by Professional and is based upon a determination of Professional's unique personal competence, experience, and specialized personal knowledge. Moreover, a substantial inducement to City for entering into this Agreement was and is the professional reputation and competence of Professional. Professional may not assign this Agreement or any interest therein without the prior written approval of the Contract Administrator. Professional shall not subcontract any portion of the performance contemplated and provided for herein, other than to the subcontractors noted in the proposal, without prior written approval of the Contract Administrator.
- 8.5 Survival.** All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between City and Professional shall survive the termination of this Agreement.
- 8.6 Options upon Breach by Professional.** If Professional materially breaches any of the terms of this Agreement, City's remedies shall include, but not be limited to, the following:
- 8.6.1** Immediately terminate the Agreement;
 - 8.6.2** Retain the plans, specifications, drawings, reports, design documents, and any other work product prepared by Professional pursuant to this Agreement;
 - 8.6.3** Retain a different Professional to complete the work described in Exhibit A not finished by Professional; or
 - 8.6.4** Charge Professional the difference between the cost to complete the work described in Exhibit A that is unfinished at the time of breach and the amount that City would have paid Professional pursuant to Section 2 if Professional had completed the work.

Section 9. KEEPING AND STATUS OF RECORDS.

- 9.1 Records Created as Part of Professional's Performance.** All reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form, that Professional prepares or obtains pursuant to this Agreement and that relate to the matters covered hereunder shall be the property of the City. Professional hereby agrees to deliver those documents to the City upon termination of the Agreement. It is understood and agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for the City and are not necessarily suitable for any future or other use. City and Professional agree that, until final approval by City, all data, plans, specifications, reports and other documents are confidential and will not be released to third parties without prior written consent of both parties.
- 9.2 Professional's Books and Records.** Professional shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, and other records or documents evidencing or relating to charges for services or expenditures and disbursements charged to the City under this Agreement for a minimum of three (3) years, or for any longer period required by law, from the date of final payment to the Professional pursuant to this Agreement.
- 9.3 Inspection and Audit of Records.** Any records or documents that Section 9.2 of this Agreement requires Professional to maintain shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of the City. Under California Government Code Section 8546.7, if the amount of public funds expended under this Agreement exceeds TEN THOUSAND DOLLARS (\$10,000.00), the Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

Section 10 MISCELLANEOUS PROVISIONS.

- 10.1 Attorneys' Fees.** If a Party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provision of this Agreement, the Prevailing Party shall be entitled to reasonable attorneys' fees in addition to any other relief to which that Party may be entitled. The court may set such fees in the same action or in a separate action brought for that purpose.

"Prevailing Party" shall be defined (1) as a claimant that is awarded net 51 percent of its affirmative claim, after any offsets for claims or counterclaims by the other party, and (2) as a defendant/respondent against whom a net award of 50 percent or less of a claimant's claim is granted. In claims for money damages, the total amount of recoverable attorney's fees and costs shall not exceed the net monetary award of the Prevailing Party.

- 10.2 **Venue.** In the event that either Party brings any action against the other under this Agreement, the Parties agree that trial of such action shall be vested exclusively in the state courts of California in the County of Sacramento or in the United States District Court for the Eastern District of California.
- 10.3 **Severability.** If a court of competent jurisdiction finds or rules that any provision of this Agreement is invalid, void, or unenforceable, the provisions of this Agreement not so adjudged shall remain in full force and effect. The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.
- 10.4 **No Implied Waiver of Breach.** The waiver of any breach of a specific provision of this Agreement does not constitute a waiver of any other breach of that term or any other term of this Agreement.
- 10.5 **Successors and Assigns.** The provisions of this Agreement shall inure to the benefit of and shall apply to and bind the successors and assigns of the Parties.
- 10.6 **Use of Recycled Products.** Professional shall prepare and submit all reports, written studies and other printed material on recycled paper to the extent it is available at equal or less cost than virgin paper.
- 10.7 **Conflict of Interest.** Professional may serve other clients, but none whose activities within the corporate limits of City or whose business, regardless of location, would place Professional in a "conflict of interest," as that term is defined in the Political Reform Act, codified at California Government Code Section 81000 *et seq.*

Professional shall not employ any City official in the work performed pursuant to this Agreement. No officer or employee of City shall have any financial interest in this Agreement that would violate California Government Code Sections 1090 *et seq.*

Professional hereby warrants that it is not now, nor has it been in the previous twelve (12) months, an employee, agent, appointee, or official of the City. If Professional was an employee, agent, appointee, or official of the City in the previous twelve months, Professional warrants that it did not participate in any manner in the forming of this Agreement. Professional understands that, if this Agreement is made in violation of Government Code §1090 *et seq.*, the entire Agreement is void and Professional will not be entitled to any compensation for services performed pursuant to this Agreement, including reimbursement of expenses, and Professional will be required to reimburse the City for any sums paid to the Professional. Professional understands that, in addition to the foregoing, it may be subject to criminal prosecution for a violation of Government Code § 1090 and, if applicable, will be disqualified from holding public office in the State of California.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amounts reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Form W-9 (Rev. 10-2018)

Page **3**

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

MEMORANDUM

ITEM 9.8.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Kristine Courdy, Senior Civil Engineer
SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT NO. 2024-68 WITH MARTIN GENERAL ENGINEERING, INC. IN AN AMOUNT NOT TO EXCEED \$2,156,838.35 FOR THE CHASE DRIVE AMERICAN RIVER PARKWAY CONNECTION PROJECT CONSTRUCTION**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Construction Contract No. 2024-68 in an amount not to exceed \$2,156,838.35 with Martin General Engineering, Inc. to complete the Chase Drive American River Parkway Connection Project.

BACKGROUND

The Chase Drive American River Parkway Connection Project (Project) proposes a multi-use path along the east side of the roadway from the Chase/Coloma Plaza to the spur trail connecting to the American River Parkway (see Attachment 1 for the Project Area Map). In addition, the Project includes high-visibility crosswalks, pedestrian-scale lighting, and landscape restoration. The City applied for and successfully received \$2.4 million from a Sacramento Area Council of Governments (SACOG) Maintenance and Modernization Grant for this important project.

The Project will provide residents within the community with a critical, high-quality active transportation connection along Chase Drive, a safe path for students to school and access to the American River Parkway, Soils Born Farms and Hagan Park. The Project will provide a regional non-motorized route, support housing, education, recreation, and park and agricultural land uses along the corridor.

As part of the Project, an online survey was conducted in November 2022 with over 50 respondents, and City staff held a community meeting on April 18, 2023, at Mills Middle School where about 10 residents attended and shared feedback. Staff made a presentation to City Council on December 18, 2023.

Bids for the Project were solicited on the City's Website, CIPList.com, and the Open Gov website on April 9, 2024. Bids for the project were publicly opened on Thursday, May 2, 2024. Four bids were received and the lowest responsible and responsive bid was \$2,156,838.35 from Martin General Engineering, Inc. The contract award is based on the lowest bid, and there are no Project bid alternates.

The project is expected to be under construction starting in Summer 2024 and completed in Summer 2025.

FISCAL IMPACT AND FUNDING SOURCE

Funding for this project is captured in the Fiscal Year 2023-24 Capital Improvement Plan budget, funded by a \$2.4 million SACOG Maintenance and Modernization Grant, Measure A Construction Fund, and Transportation Development Act Fund. There is no financial impact on the City's General Fund.

With respect to that portion of the above sum as is based upon the estimated quantities specified for the general scope of the work to be performed herein, actual payment will be based upon the quantities as measured upon completion. No payment made under this Agreement shall be construed to be an acceptance of defective work or improper materials.

Section 6. PREVAILING WAGES. To the extent required by law, Contractor and all of the Contractor's subcontractors shall comply with California Health and Safety Code Section 33422.1, and shall comply with California Labor Code Section 1770 et seq. and all regulations adopted pursuant thereto (referred to herein as, "**Prevailing Wage Laws**"), and be responsible for carrying out the requirements of such provisions. Pursuant to the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II, of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages, and not less than the general prevailing rate of per diem wages for holidays and overtime work, for each craft, classification or type of worker needed to execute the Project contemplated under this Agreement shall be paid to all workers, laborers and mechanics employed in the execution of said Project by Contractor, or by any subcontractor doing or contracting to do any part of said Project. The appropriate determination of the Director of the California Department of Industrial Relations is filed with, and available for inspection at 2729 Prospect Park Drive, Rancho Cordova, CA 95670, the office of the Clerk of the City. Contractor shall post, at each job site, a copy of such prevailing rate of per diem wages as determined by the Director for the California Department of Industrial Relations. The Contractor shall, and hereby agrees to, unconditionally indemnify, reimburse, defend, protect and hold harmless the City and its elective and appointive boards, commissions, officers, agents, attorneys, consultants and employees, and all of their respective successors and assigns, from and against any and all claims, demands, suits and actions at law or in equity, and losses, liabilities, expenses, penalties, fines, orders, judgments, injunctive or other relief, and costs and damages of every kind, nature and description (including but not limited to attorneys' fees and court costs; with counsel reasonably acceptable to the City), and administrative, enforcement or judicial proceedings, whether known or unknown, and which directly or indirectly, in whole or in part, are caused by, arise from, or relate to, or are alleged to be caused by, arise from, or relate to, the payment or requirement of payment of prevailing wages or the requirement of competitive bidding in the construction of the Project, the failure to comply with any state or federal labor laws, regulations or standards in connection with this Agreement, including but not limited to California Labor Code Section 1770 et seq. and the

Prevailing Wage Laws, or any act or omission of the City or the Contractor related to this Agreement with respect to the payment or requirement of payment of prevailing wages or the requirement of competitive bidding, whether or not any insurance policies shall have been determined to be applicable to any such claims, demands, suits, actions, losses, liabilities, expenses, penalties, fines, orders, judgments, injunctive or other relief, costs, damages, or administrative, enforcement or judicial proceedings. It is further agreed that the City does not, and shall not, waive any rights against the Contractor which they may have by reason of this indemnity and hold harmless agreement because of the acceptance by the City, or the deposit with the City by the Contractor, of any of the insurance policies described in this Agreement.

Section 7. INSURANCE. The Contractor shall carry and maintain for the duration of the term of this Agreement, such public liability, property damage and contractual liability, auto, worker's compensation and builders' risk insurance as required by the specifications.

Section 8. WORKERS' COMPENSATION CERTIFICATION. By execution of this Agreement, the Contractor certifies as follows:

"I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract."

Section 9. PERFORMANCE AND PAYMENT BONDS. The Contractor shall, before beginning said work for the Project, file two (2) bonds with the City, each made payable to the City. These bonds shall be issued by a surety company authorized to do business in the State of California, and shall be maintained during the entire life of the Agreement at the expense of the Contractor. One bond shall be in the amount of one hundred percent (100%) of the Agreement and shall guarantee the faithful performance of the Agreement. The second bond shall be the payment bond required by California Civil Code Section 3247 et seq., and shall be in the amount of one hundred percent (100%) of the Agreement. Any alterations made in the specifications which are a part of this Agreement or in any provision of this Agreement shall not operate to release any surety from liability on any bond required hereunder and the consent to make such alterations is hereby given, and any surety on said bonds hereby waives the provisions of California Civil Code Sections 2819 and 2845.

Section 10. INDEMNIFICATION.

10.1 Contractor's Performance. Contractor shall indemnify, defend with counsel selected by the City, and hold harmless City, its officers, agents, employees and representatives from and against any and all claims, losses, liabilities or damages, demands and actions, including payment of reasonable attorney's fees, arising out of or resulting from Services performed pursuant to this Agreement caused in whole or in part by any negligent or willful act or omission of Contractor, its officers, agents, employees, or anyone directly or indirectly acting on behalf of Contractor. The foregoing obligation of Contractor shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Contractor or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Contractor to indemnify and hold harmless includes the duty to defend as set

forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Contractor from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Contractor acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

- 10.2 PERS Indemnification.** In the event that Contractor or any employee, agent, or subcontractor of Contractor providing Services under this Agreement is determined by a court of competent jurisdiction of the California Public Employees Retirement System ("PERS") to be eligible for enrollment in PERS as an employee of City, Contractor shall indemnify, defend, and hold harmless City for the payment of any and all employee and/or employer contributions for PERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City, and any attorneys' fees and costs incurred by the City to enforce this Section.

- 10.3 No Limitation of Liability for Indemnification.** The indemnities set forth in this Section shall not be limited by the insurance requirements set forth in the Contract.

Section 11. Nondiscrimination and Equal Opportunity. Contractor shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by Contractor under this Agreement. Contractor shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Contractor thereby. Contractor shall include the provisions of this section in any subcontract approved by the City.

Section 12. AMENDMENTS. No modification or amendment of this Agreement is effective unless made in writing and signed by both the City and Contractor.

Section 13. ASSIGNMENT AND SUBCONTRACTING. Contractor shall not assign or transfer any interest in this Agreement without the prior written consent of the City.

Section 14. MISCELLANEOUS PROVISIONS.

All times stated herein or in the contract documents are of the essence hereof. As used in this instrument the singular includes the plural, and the masculine includes the feminine and the neuter. This Agreement may create a possessory interest subject to property taxation, and Contractor may be subject to the payment of property taxes levied on such interest.

14.6 Attorneys' Fees. If a Party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provisions of this Agreement, the prevailing Party shall be entitled to reasonable attorneys' fees in addition to any other relief to which that Party may be entitled. The court may set such fees in the same action or in a separate action brought for that purpose.

IRAN CONTRACTING ACT OF 2010 COMPLIANCE AFFIDAVIT

(California Public Contract Code Sections 2200-2208)

The California Legislature adopted the Iran Contracting Act of 2010 to respond to policies of Iran in a uniform fashion (PCC § 2201(q)). The Iran Contracting Act prohibits bidders engaged in investment activities in Iran from bidding on, submitting proposals for, or entering into or renewing contracts with public entities for goods and services of one million dollars (\$1,000,000) or more (PCC § 2203(a)). A bidder who "engages in investment activities in Iran" is defined as either:

1. A bidder providing goods or services of twenty million dollars (\$20,000,000) or more in the energy sector of Iran, including provision of oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or
2. A bidder that is a financial institution (as that term is defined in 50 U.S.C. § 1701) that extends twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created by the California Department of General Services (DGS) pursuant to PCC § 2203(b) as a person engaging in the investment activities in Iran.

The bidder shall certify that at the time of submitting a bid for new contract or renewal of an existing contract, the bidder is **not** identified on the DGS list of ineligible businesses or persons and that the bidder is **not** engaged in investment activities in Iran in violation of the Iran Contracting Act of 2010.

California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts (PCC § 2205).

To comply with the Iran Contracting Act of 2010, the bidder shall provide its vendor or financial institution name, and City Business Tax Registration Certificate (BTRC) if available, in completing **ONE** of the options shown below.

OPTION #1: CERTIFICATION

I, the official named below, certify that I am duly authorized to execute this certification on behalf of the bidder or financial institution identified below, and that the bidder or financial institution identified below is **not** on the current DGS list of persons engaged in investment activities in Iran and is **not** a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person or vendor, for 45 days or more, if that other person or vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current DGS list of persons engaged in investment activities in Iran.

MEMORANDUM

ITEM 9.9.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Elizabeth Sparkman, Community Development Director
Dalia Fadl, Principal Engineer
SUBJECT: **RESOLUTIONS INITIATING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE LANDSCAPE AND LIGHTING DISTRICT NO. 2005-1 FOR FISCAL YEAR 2024-25**

RECOMMENDATION

Adopt the Resolution initiating proceedings for the annual levy and collection of assessments for the Landscaping and Lighting District No. 2005-1 (LLD 2005-1) for Fiscal Year 2024-25, and adopt the Resolution preliminarily approving the Engineer's Annual Levy Report and declaring its intention to levy and collect Annual Assessments for the Landscaping and Lighting District No. 2005-1 for Fiscal Year 2024-25.

RESULT OF RECOMMENDED ACTION

The recommended actions are required as part of the process to continue the annual levy and collection of assessments in the District. The assessments fund landscape maintenance in the District. No assessments shall increase as a result of this action.

BACKGROUND

City Council formed the Landscaping and Lighting District No. 2005-1 (LLD 2005-1) in June 2005 to continue a financial mechanism to provide landscape maintenance services previously funded since 1994 in Zone 4 and Zone 5 of the Sacramento County Landscape Maintenance District (SLMD). The maximum assessment rates authorized under LLD 2005-1 are equal to the maximum rates previously authorized in Zones 4 and 5 of the County's District.

State law requires the City Council direct an Engineer's Report to be prepared each year and to hold a public hearing on the report and the levy of the annual assessment. The Resolution, Attachment 1, directs Francisco & Associates, Inc. to prepare and file the Engineer's Report.

In anticipation of this resolution, the Engineer's Report has been prepared and is on file with the City Clerk. The Engineer's Report, Exhibit A to the Resolution, Attachment 3, includes a diagram of the assessment area, a description of the maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by LLD 2005-1 include ongoing

maintenance, operation, and servicing of landscaping within the right-of-ways and other public areas within the District at the locations described in the Engineer's Report.

The proposed Fiscal Year 2024-25 assessment rates do not exceed the rates previously levied by the County since 1994 and are equal to the rates levied by the City in Fiscal Year 2023-24. The boundaries of each Zone are shown in the district diagram in Part IV of the Engineer's Report and the details for each Zone are listed below:

- Zone 1 of the District is comprised of ninety-seven (97) residential parcels in the Ellenwood subdivision. These parcels are assessed on per Parcel basis at the maximum rate of \$42.50 per parcel.
- Zone 2 of the District is comprised of one hundred fifty-four (154) residential parcels known as California Jazz Unit No. 1 and Unit No. 2. These parcels are assessed on an acreage basis at the maximum rate of \$30.48 per acre for the median landscape and parkway landscape improvements associated with these parcels.
- Zone 3 of the District is comprised of eighteen (18) parcels along Zinfandel Drive between Data Drive and south of International Drive. These parcels are assessed on an acreage basis at the rate of \$1,413.24 per acre for the median landscape improvements within the District.
- Zone 4 is comprised of fifty-two (52) parcels, including a portion of Capital Village, generally bounded by White Rock Road to the west, White Rock Road and Disk Drive to the north, fronting Kilgore Drive to the East, and fronting International Drive to the south. These parcels are assessed at the maximum rate of \$30.48 per gross acre.
- Zone 4A is comprised of a portion of Zone 4. Properties within Zone 4A were re-designated as Zone 4A commencing with the Fiscal Year 2007/08 to account for the Zone 4A parcels lying within a portion of CFD 2005-2, while the remaining Zone 4 parcels are outside of the CFD 2005-2 boundaries. Since the CFD 2005-2 Zone 1, special taxes are to be levied upon Zone 4A parcels, these special taxes are contributed in part to the District for the benefit of Zone 4A. Zone 1 of the CFD provides funding for landscape improvements within and adjacent to the development, including the median landscaping identified herein. Although the CFD may fund median landscaping, the special taxes levied within Capital Village may not provide sufficient funds to maintain both the landscape improvements within the Capital Village development and the median landscape improvements within the District that specially benefit the parcels within Zone 4A. Therefore, Zone 4A is comprised of seven hundred eighty-three (783) assessable properties, each of which were assessed \$30.48 per gross acre until such time that the CFD generates sufficient revenue to fund the median landscape improvements. Any funds generated by the CFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

The Fiscal Year 2024-2025 total assessment is estimated at \$89,038. The District has an established Operating Reserve which provides funding for the operations and maintenance of the District, as well as providing financing for emergency expenditures. A second reserve fund finances special projects such as a central irrigation system, revegetation projects, and other rehabilitation projects or replacements of District improvements.

In July 2006, the County transferred funds previously collected in the County's Zone 4 and 5 to the City, which was deposited to the LLD 2005-1. The City had previously deemed that these transferred funds are to be used exclusively by the District and shall be considered as

undesignated reserves within the Zones of the District. Funds from the undesignated reserve can be used to fund costs of any zone(s) that are unable to be funded by the annual assessments.

In order to proceed with the levy of assessments after consideration and approval of the Engineer's Report, it is appropriate for the Council to adopt the Resolution, Attachment 2, which declares the Council's intention to levy assessments for Fiscal Year 2024-25. It also sets June 3, 2024, at 5:30 p.m. or as soon thereafter as possible, as the date and time for a public hearing on the issue of the levy of Fiscal Year 2024-25 assessments. Notice of the public hearing will be given by publication.

FISCAL IMPACT AND FUNDING SOURCE

Approval of this item does not impact the City's General Fund. Funds collected by this District pay for the maintenance and services of landscaping, lighting and all appurtenant facilities.

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the “1972 Act”), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIID (hereafter referred to as the “California Constitution”), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as “City”), has by resolution initiated proceedings in connection with the ongoing maintenance of the special assessment district designated as:

Landscape and Lighting District No. 2005-1

(hereafter referred to as “District”), for the purpose of continuing and providing for the ongoing maintenance and operation of landscaping and lighting improvements within the District.

In Fiscal Year 2005-06, as part of the District formation to continue the assessments previously levied by the County as part of the Sacramento Landscape Maintenance District (“SLMD”) Zone 4 and Zone 5 for properties within the boundary of the City, the City conducted a Property Owner Protest Ballot proceeding for the District assessments pursuant to the provisions of the *California Constitution, Article XIID Section 4*. In conjunction with this ballot proceeding, the City Council also conducted a noticed public hearing to consider public testimonies, comments, and written protests regarding the formation of the District and levy of maximum assessments. Upon conclusion of the public hearing, property owner protest ballots received were opened and tabulated to determine whether a majority protest existed (ballots were weighted based upon the assessment amounts), and by resolution the City Council confirmed the results of the ballot tabulation. Tabulation of the ballots indicated that a majority protest did not exist for the continuation and transfer of assessments as presented and described in the Fiscal Year 2005-06 Engineer’s Report. The City Council approved the report, ordered the formation of the District, and approved the levy and collection of Fiscal Year 2005-06 assessments. The Fiscal Year 2005-06 assessments were then submitted to the Sacramento County Auditor/Controller for inclusion on the property tax roll for each parcel.

The improvements and assessments described in this Report are based on the improvements and assessments previously established by the County for SLMD Zone 4 and Zone 5, and represent an estimate of the direct expenditures, incidental expenses, and fund balances associated with the maintenance and servicing of those improvements. The structure of the District (organization), the improvements, the method of apportionment, and assessments described herein have been established to continue the maintenance of the existing improvements and assessments previously established by the County as outlined in the District’s Fiscal Year 2005-06 Engineer’s Report.

FISCAL YEAR 2024-25
INTRODUCTION**

For Fiscal Year 2024-25, this Report has been prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed cost estimate and assessments for this fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments. Should the proposed annual assessments for the District or portion thereof, exceed the maximum assessments described herein (as approved by the property owners), the new or increased assessment must be confirmed through another property owner protest ballot proceeding before the new or increased assessment may be imposed. It should be noted that an increased assessment of an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (APN) by the County Assessor’s Office. The County Auditor/Controller uses Assessor’s Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, adopted by the City Council of the City of Rancho Cordova on May 20, 2024, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Landscape and Lighting Assessment District No. 2005-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District was formed with four (4) benefit zones encompassing all lots and parcels of land within the boundaries of the City. The territory within the District had previously been assessed through Zone 4 and Zone 5 of the SLMD in Fiscal Year 2004-05. The District was first assessed in Fiscal Year 2005-06. Plans and specifications for the improvements are on file at the City of Rancho Cordova, and are incorporated herein by reference.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's landscaping and lighting improvements and facilities. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E – ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of the lots and parcels of land that in Fiscal Year 2004-05 were both within the City and within a portion of Zone 4 and all of Zone 5 of the Sacramento Landscape Maintenance District ("SLMD"). Said territory encompasses an area of land totaling approximately five hundred twelve acres (512 acres) that is centrally located within the City, generally south of Highway 50 and north of the southern City limits.

Zone 1: That portion of the previous SLMD Zone 4, which at the time of the formation of the District included a total of ninety-seven (97) assessable parcels within the residential subdivision known as Ellenwood Court located south of Ellenwood Avenue. Upon formation of the District, this area was designated as Zone 1 to reflect the special benefit these parcels receive from the District improvements associated with the development located on the south side of Ellenwood Avenue.

Zones 2, 3 and 4: The parcels within previous SLMD Zone 5, which at the time of the formation of the District included a total of six hundred eighty-six (686) assessable parcels generally located south of the American River, east of Mather Field Road, and near Zinfandel Drive and International Drive. Upon formation of the District, this area was designated as Zones 2, 3, 4, and 4A and are further described as follows:

Zone 2 included the one hundred fifty-four (154) assessable parcels within the residential subdivision known as California Jazz Units 1 & 2, generally located east of Data Drive, north of Reserve Drive, south of Capital Center Drive and west of International Drive.

Zone 3 included the eight (8) assessable parcels located on either side of Zinfandel Drive from Data Drive to the southern boundary of the District (approximately 700 feet south of International Drive).

Zone 4 included the remaining parcels that were previously included in SLMD Zone 5 that were not designated as either Zone 2 or Zone 3 of the District. This Zone includes parcels along Data Drive, International Drive, Capital Center Drive, White Rock Road, Quality Drive, Disk Drive, Prospect Park Drive and Kilgore Road.

Zone 4A is the portion of Zone 4 that also lies within the City's Community Facilities District No. 2005-2 ("CFD 2005-2"). Tax Zone 1 of CFD 2005-2 was established to fund, to the extent that funds from CFD 2005-2 are available, maintenance of landscape improvements of the residential subdivision development known as Capital Village. These landscape improvements were installed along the subdivision's rights-of-way and within the median(s) adjacent to

the development. The funds from Tax Zone 1 of CFD 2005-2, to the extent available, shall offset all or a portion of the costs within Zone 4A.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation and servicing of local landscaping and street lighting improvements within the District (improvements that had been previously funded through annual assessments from the SLMD). The improvements may consist of all or a portion of the public landscaped areas, street lighting and appurtenant facilities within and adjacent to the District. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Landscape Improvements

The landscape improvements for the District may include, but are not limited to turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public rights-of-way. Zone specific landscape improvements are described generally as follows:

Zone 1: Streetscape (parkway) landscaping along the South side of Ellenwood Avenue east of Routier Road that is within the public rights-of-way or easements dedicated to the City for maintenance. The costs and special benefits of these improvements are shared equally by only the assessable properties within Zone 1 of the District.

Zone 2: Streetscape (parkway) landscaping surrounding and adjacent to the California Jazz subdivision on the north side of Reserve Drive from Data Drive to International Drive; the east side of Data Drive from Reserve Drive north to the end of the subdivision; the west side of Capital Center Drive from International Drive north to the end of the subdivision; and the north side of International Drive from Reserve Drive to Capital Center Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 2 of the District.

Zone 3: Streetscape (parkway) landscaping on both sides of Zinfandel Drive between International Drive and Data Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 3 of the District.

Zones 2, 3, 4 and 4A: All median landscape improvements within the District located on International Drive from approximately 570 feet westerly of Data Drive to Kilgore Road and on Zinfandel Drive from Data Drive to International Drive. The costs and special benefits of these improvements are proportionately shared by all the properties within Zone 2, 3, 4 and 4A of the District.

Specifically, the landscape improvement areas for this District generally consist of the following:

- Approximately 9,600 square feet of streetscape (parkway) landscaping and 34 trees within the public rights-of-way located on the south side of Ellenwood Avenue.
- Approximately 11,000 square feet of turf, 28,455 square feet of streetscape (parkway) landscaping including 110 trees, located on the north side of Reserve Drive from Data Drive to International Drive; east side of Data Drive, from Reserve Drive north to end of California Jazz tract Unit No. 1; west side of Capital Center Drive, from International Drive north to the end of California Jazz Tract Unit No. 2; and north side of International Drive, from Reserve Drive to Capital Center Drive.

ITEM 9.9.**CITY OF RANCHO CORDOVA
LANDSCAPE AND LIGHTING DISTRICT No. 2005-1****ATTACHMENT 3
Exhibit A to the Resolution
FISCAL YEAR 2024-25
PART A**

- Approximately 19,400 square feet of turf, 11,500 square feet of streetscape (parkway) landscaping including 57 trees, located on the west side of Zinfandel Drive, south of International Drive.
- Approximately 152,340 square feet of turf, 55,600 square feet of streetscape and median landscaping including 392 trees along International Drive; and medians on International Drive, west of Data Drive to Kilgore Road.

Specifically, not included as District improvements, are those improvements located on private property, improvements and facilities that may be provided or maintained by an agency other than the City; improvements and facilities that may be provided by another assessment or tax levied by the City or County and any improvement provided and maintained by a Homeowner's Association or similar entity.

Detailed descriptions of the location and extent of the specific improvements to be maintained by the District are on file with the City and by reference are made part of this Report. The net annual cost to provide and maintain the improvements determined to be of special benefit shall be allocated to each property in proportion to the special benefits received.

Public Lighting Improvements

Lighting facilities that may be located within the landscaped areas including safety lights, security lights or ornamental lights installed as part of the landscape improvements are included as part of the landscape maintenance costs.

The lighting improvements may include but shall not be limited to the cost of providing electrical energy and servicing of lighting fixtures, poles, meters, conduits, electrical cable and associated appurtenant facilities associated with the street lighting, safety lighting and/or traffic signals within the District including public lighting facilities on designated arterial and collector streets as well as lighting facilities within residential subdivisions or public areas such as parks. The cost of such improvements shall be allocated based on the proportional special benefits properties receive from these improvements.

**Part B
ESTIMATE OF COSTS**

The maximum assessment per parcel or acre shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified zone of the District.

Each zone within the District maintains two separate reserves, one is utilized for working capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Special Projects Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve for each zone is limited by Streets and Highways Code 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the agency expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code 22569.

The Special Projects Reserve can be used to finance the Central Irrigation System (CIS) project and re-vegetation projects, as well as other rehabilitation projects, repairs or replacements of District improvements.

The Cost Estimate for the District prepared by the City for Fiscal Year 2024-25 follows on the next page.

ITEM 9.9.

**CITY OF RANCHO CORDOVA
LANDSCAPE AND LIGHTING DISTRICT No. 2005-1**

Direct Costs (Maintenance and Operation)

Contract Maintenance – Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

Utilities (Water/Electricity) – Landscaping - The furnishing of water and electricity required for the operation and maintenance of the landscaping related improvements.

Utilities (Electricity) – Lighting - The furnishing of electricity required for the operation of the lighting improvements.

Periodic Repair/Rehabilitation – Landscaping – Expected costs for repair, replacement, installation, or planned upgrades of District landscaping improvements.

Periodic Repair/Rehabilitation – Lighting – Expected costs for repair, replacement, installation or planned upgrades of District lighting improvements. If zero, this line item may not be shown in the cost estimate.

Special Project Expenditures – Expected costs for installation, replacement or planned upgrades of District landscaping or lighting improvements for the current year that were previously funded or accumulated in the Special Projects Reserve. The Special Projects Reserve is used to accumulate funds for costs associated with the future rehabilitation, repair or replacement of these District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the cost estimate.

Administration Costs

District Administration – Estimated costs incurred by the City in preparation of the annual cost estimate and the preparation, review, posting and/or publishing of documents and notices required for City Council action to approve the annual assessments. These costs also include contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer’s Report.

Contract Administration – Estimated costs to coordinate and oversee the maintenance contracts and overall repair, maintenance and replacements of the District Improvements.

County Collection Fees – The fee charged to the District by the County for placing assessments on property tax bills.

ITEM 9.9.

**CITY OF RANCHO CORDOVA
LANDSCAPE AND LIGHTING DISTRICT No. 2005-1**

Other Administration Expenses – Administration expenses not included above, including the cost to publish public notices required for City Council action relating to the District. If zero, this line item may not be shown in the cost estimate.

Total Direct and Administration Costs – The total expected costs of the District.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution to/(use of) Special Projects Reserve — A “Contribution” increases the levy in order to generate funding for the Special Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a “Use of” the Special Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Special Projects Reserve. If the expenditure of a current year special project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Undesignated Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Special Projects Reserve is provided in the following pages of this section.

Revenues from Other Sources – These amounts represent contributions from CFD No. 2005-2; which only affects Zone 4A. This relationship is more fully described in the previous sections of this report.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Number of Assessable Parcels - The total number of parcels within each zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements, due possibly to development restrictions.

ITEM 9.9.**CITY OF RANCHO CORDOVA
LANDSCAPE AND LIGHTING DISTRICT No. 2005-1****ATTACHMENT 3
Exhibit A to the Resolution
FISCAL YEAR 2024-25
PART B**

Assessable Acreage - The total assessable acreage within each zone that are expected to be assessed on an acreage basis for the current fiscal year.

Maximum Rate per Parcel - The maximum assessment rate that can be assessed to each non-exempt parcel within the respective zone for the current fiscal year.

Maximum Rate per Acre - The maximum assessment rate per acre that can be assessed to each non-exempt parcel within the respective zone for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each zone for the current fiscal year based upon the expected number of assessable units and acres using the maximum assessment rates.

Operating Reserve Fund Balances

Beginning Reserve Fund Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations for each zone. These beginning balances shall be used to fund each zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Add: Collect from Fiscal Year 2024-25 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the fiscal year) through December 31, 2024. If zero, this line item may not be shown in the cost estimate.

Less: Use for Fiscal Year 2024-25 Expenses – The amount of the Operating Reserve to be used to fund Fiscal Year 2024-25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Fund Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the fiscal year) through December 31, 2024. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Special Projects Reserve - The amount of Operating Reserve monies to be transferred to or from the Special Projects Reserve. Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each zone as of June 30, 2025. The size of each zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. Any deficit fund balances will be contributed or loaned to the District from a source outside of the District. All Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Special Projects Reserve Fund Balance

Beginning Special Projects Reserve Fund Balance 7-1-2024 (est.) — The projected balance of funds in the Special Projects Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Add: Collect from Fiscal Year 2024-25 Levy — This amount is added to the levy to accumulate funding for future year rehabilitation projects, replacements, repairs, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the cost estimate.

Less: Use for Fiscal Year 2024-25 Special Projects – The amount of Special Project Reserve monies expected to be expended for special projects to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve — The amount of Special Projects Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Special Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Project Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Special Projects Reserve Fund Balance 6-30-2025 (est.) – The projected balance of funds in the Special Projects Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Special Project Reserve or related activity, the Special Project Reserve information may not be presented in the report.

Part C**ASSESSMENT DISTRICT DIAGRAM**

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as "Assessment Diagram of Landscape and Lighting District No. 2005-1." The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this Report was prepared and are incorporated herein and made part of this Report.

Part D

METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, and appurtenant facilities.

The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and has been established pursuant to the 1972 Act and the provisions of the California Constitution. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

Benefit Analysis

Each of the proposed improvements and the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the California Constitution and 1972 Act.

The improvements provided by the District and for which properties will be assessed have been identified as necessary, required and/or desired for the development of properties within the District and as such, the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of the parcels within the District. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are a distinct and special benefit to the properties within the District. Any improvement or portion thereof that is considered to be of general benefit shall be funded by other revenue sources and not included as part of the special benefit assessments allocated to properties within the District.

Special Benefit

The method of apportionment (method of assessment) established herein is based on the premise that each assessed parcel within the District receives special benefits from specific improvements and the desirability and security of those properties is enhanced by the presence of well-maintained improvements in close proximity to those properties. The special benefits associated with landscape improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green space and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

The special benefits of street lighting and other public lighting facilities are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads, streets, and public areas.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.

- Reduced vandalism and other criminal acts and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.

All the preceding factors contribute to a specific enhancement and desirability of each of the assessed parcels within the District and thereby provide special benefits to the properties. Furthermore, it has been determined that the lack of funding to properly service and maintain the District improvements could have a negative impact on the properties within the District.

General Benefit

In reviewing each of the District improvements, the proximity of those improvements to both properties within the District and those outside the District as well as the reasons for installing and constructing such improvements, it is evident that the improvements are solely for the benefit of properties within the District and the ongoing maintenance and operation of the improvements will directly affect the properties within the District. Although the improvements include public areas, easements, rights-of-way and other amenities available or visible to the public at large, the construction and installation of these improvements were only a direct benefit to the properties within the District and were not required nor necessarily desired by any properties or developments outside the District boundary and any public access or use of the improvements by others is incidental. Therefore, it has been determined that the improvements and the ongoing maintenance, servicing and operation of those improvements provide no measurable general benefit to properties outside the District or to the public at large, but clearly provide distinct and special benefits to properties within the District.

Assessment Methodology

The method of apportionment for the District calculates the receipt of special benefit from the respective improvements based on the actual or proposed land use of the parcels within the District. The special benefit received by each lot or parcel is equated to the overall land use of parcels within the District based on the parcel's actual land use or proposed development.

All costs associated with the improvements shall be fairly distributed among the parcels based upon the special benefit received by each parcel. Additionally, in compliance with the California Constitution, each parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred to that parcel. The benefit formula used to determine the assessment obligation is therefore based upon both the improvements that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific improvements.

At the time that the District was being formed and to identify and determine the special benefit to be received by each parcel and their proportionate share of the improvement costs, it was necessary to consider the entire scope of improvements to be maintained by the District, as well as individual property development within the District. Upon review of

PART D**

the improvements to be maintained, it was determined that four (4) distinct areas benefit differently from the improvements within the District and therefore the landscape maintenance and assessments were established as four (4) benefit zones for the allocation of the assessments and proportional special benefit, as described below. Although a portion of Zone 4 was designated as Zone 4A in Fiscal Year 2007-08, as discussed below, Zones 4 and 4A remain as one benefit zone and are assessed at the same maximum rate.

Zones and Assessments:

Zone 1 is comprised of ninety-six (96) assessable residential properties, each of which were assessed on a per parcel basis at the pre-existing rate of \$42.50 per parcel.

Zone 2 is comprised of one hundred fifty-four (154) assessable residential properties within the developments known as California Jazz Unit No.1 and Unit No. 2. Each of the one hundred fifty-four (154) assessable parcels were assessed as residential properties on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements and parkway landscape improvements associated with these parcels.

Zone 3 is comprised of eighteen (18) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscaping and \$1,382.76 per acre for the landscaping along the parkways of Zinfandel Drive, totaling \$1,413.24 per acre.

Zone 4 is comprised of fifty-two (52) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements within the District.

Zone 4A is comprised of a portion of Zone 4. Properties within Zone 4A were re-designated as Zone 4A commencing with the Fiscal Year 2007-08 to account for the Zone 4A parcels lying within a portion of CFD 2005-2, while the remaining Zone 4 parcels are outside of the CFD 2005-2 boundaries. Since the CFD 2005-2 Zone 1, special taxes are to be levied upon Zone 4A parcels, these special taxes are contributed in part to the District for the benefit of Zone 4A. Zone 1 of the CFD provides funding for landscape improvements within and adjacent to the development, including the median landscaping identified herein. Although the CFD may fund median landscaping, the special taxes levied within Capital Village may not provide sufficient funds to maintain both the landscape improvements within the Capital Village development and the median landscape improvements within the District that specially benefit the parcels within Zone 4A. Therefore, Zone 4A is comprised of seven hundred eighty-three (783) assessable properties, each of which were assessed \$30.48 per gross acre until such time that the CFD generates sufficient revenue to fund the median landscape improvements. Any funds generated by the CFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

Exempt Parcels — Properties within the District that are not assessed for special benefit include but are not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts, parkways, parks, or other publicly owned properties that are part of the District improvements or may provide other benefits to private properties within the District;
- Private properties that cannot be developed independently from an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very restrictive development use.

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment, but shall be reviewed annually by the assessment engineer to confirm the parcels current development status. Government owned properties or public properties are not necessarily exempt properties and shall be subject to special benefit assessment unless it qualifies for an exempt classification.

Special Cases – In many districts where multiple land uses, and zones exist, the typical property classification and assessment methodology does not accurately identify the special benefits received from the improvements for each and every parcel. For example, in some cases, only a small percentage of the parcel's total acreage can actually be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. These special circumstances will be reviewed annually by the assessment engineer.

**Part E
ASSESSMENT ROLL**

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

Non-assessable lots or parcels may include, but are not limited to public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, rights-of-way, common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has little or no value. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this Report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

MEMORANDUM

ITEM 9.10.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Kristine Courdy, Senior Civil Engineer
SUBJECT: **A RESOLUTION ADOPTING A LIST OF PROJECTS FOR THE FISCAL YEAR 2024-25 FUNDING BY SENATE BILL NO. 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would allow the City to receive Senate Bill No. 1 Road Maintenance and Rehabilitation Account funding for the Citywide Street Rehabilitation Program.

BACKGROUND

On April 28, 2017, the Governor signed Senate Bill No. 1 (SB 1), also known as the Road Repair and Accountability Act of 2017. SB 1 was enacted to address road maintenance, rehabilitation, and critical safety needs on both the state highway and local street and roads systems. The source of revenue is generally State taxes and fees on fuel and vehicle licensing.

Beginning November 1, 2017, the State Controller started collecting the new funds generated from the increased fuel taxes and vehicle registration fees into the newly created Road Maintenance and Rehabilitation Account (RMRA). A portion of the RMRA funds will be distributed annually to eligible cities and counties for basic road maintenance, rehabilitation, and critical safety projects on the local streets and roads systems. The City's allocation for Fiscal Year 2024-25 is estimated to be \$2,075,975.

In order to be considered for funding, agencies must annually provide a proposed list of projects to the California Transportation Commission by July 1, 2024. The project that is proposed for the RMRA funds in Fiscal Year 2024-25 is repairs to Sunrise Boulevard Improvement Project. The project addresses deferred maintenance, increased safety and beautifying the corridors.

RMRA guidelines require that listed projects shall be adopted by resolution of the City Council and include the infrastructure service life, project description, project location, and proposed schedule.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact of approving the SB 1 Project List, as the funds were anticipated in the adopted budget. The adoption of the SB 1 Project List would ensure the City is eligible for the SB 1 RMRA funding.

As a stipulation for accepting the RMRA funding, SB 1 requires that the City maintain a level of effort annually from the City's General Fund equivalent to the average expenditures from its General Fund in 2009-10, 2010-11, and 2011-12 fiscal years that were spent on roads. The City's annual maintenance of effort from the General Fund has been established as \$776,604.

MEMORANDUM

ITEM 9.11.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Elizabeth Sparkman, Community Development Director
Dalia Fadl, Principal Engineer
SUBJECT: **RESOLUTIONS INITIATING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA LIGHTING DISTRICT NO. 2012-1 FOR FISCAL YEAR 2024-25**

RECOMMENDATION

Adopt the Resolution initiating proceedings for the Annual Levy and Collection of Assessments for the Rancho Cordova Lighting District No. 2012-1 for Fiscal Year 2024-25, and adopt the Resolution preliminarily approving the Engineer's Annual Levy Report and declaring its intention to Levy and Collect Annual Assessments for the Rancho Cordova Lighting District No. 2012-1 for Fiscal Year 2024-25.

RESULT OF RECOMMENDED ACTION

The recommended actions are required as part of the process to continue the annual levy and collection of assessments in Rancho Cordova Lighting District No. 2012-1 (the District). The assessments fund the maintenance of streetlights and safety lights in the District. There are no new impacts on existing or new residents. No assessments shall increase as a result of this action.

BACKGROUND

State law requires the City Council to direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessment. The Resolution, Attachment 1, directs Francisco and Associates, Inc. to prepare and file the Engineer's Report.

In anticipation of this Resolution, the Engineer's Report has been prepared and is on file with the City Clerk. The Engineer's Report, Exhibit A to the Resolution, Attachment 3, includes a diagram of the assessment area, a description of the improvements and the operation and maintenance to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by the District include ongoing maintenance, operation and servicing of streetlights and safety lights within the right-of-ways and other public areas within the District as described in the Engineer's Report.

The proposed Fiscal Year 2024-25 assessment rates are equal to the rates previously levied by the City in Fiscal Year 2023-24.

The Fiscal Year 2024-25 total assessment is estimated at \$361,137. The District has established an Operating Reserve which provides funding for the operations and maintenance of the District Improvements, as well as providing financing for emergency expenditures. A Capital Projects Reserve has been established to fund replacements and upgrades of the District Improvements.

In September 2014, the City of Rancho Cordova completed the retrofit of all existing streetlights located within the Rancho Cordova Lighting District (RCLD) with new LED streetlights. The project was funded from a 1% interest loan from the California Energy Commission (CEC). This project has significantly reduced electricity and maintenance needs. The electrical and maintenance savings will be used to pay back the loan from the energy commission. Once the CEC loan is paid off in Fiscal Year 2028, the District is projected to generate sufficient revenue to build a reserve to cover the costs of the replacement of the LED streetlight heads when they need to be replaced in 20 years.

In order to proceed with the levy of assessments after consideration and approval of the Engineer's Report, it is appropriate for the Council to adopt the Resolution, Attachment 2, which declares the Council's intention to levy assessments for Fiscal Year 2024-25. It also sets Monday, June 3, 2024, at 5:30 p.m., or as soon thereafter as possible, as the date and time for a public hearing on the issue of the levy of Fiscal Year 2024-25 assessments. Notice of the public hearing will be given by publication in the Rancho Cordova Grapevine-Independent newspaper.

FISCAL IMPACT AND FUNDING SOURCE

Approval of this item has no impact on the City's General Fund.

7. The District improvements include lighting improvements and associated appurtenant facilities, located within the public right of ways of the City of Rancho Cordova which were previously serviced through County Service Area 1 (CSA-1), Zone 2. Of the District improvements, highway safety lights are those lights located at intersections, on major streets, and along the rear of properties that abut major streets; and, street lights are all lights not designated as highway safety lights, primarily consisting of local street lighting. The Report as previously approved and on file with the City Clerk, provides a full and complete description of all services, facilities and appurtenants and any or all substantial changes to the services, facilities and appurtenants within the District.

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscape and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the “1972 Act”), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as “City”), has by resolution initiated proceedings in connection with the ongoing maintenance and operation of a special benefit assessment district designated as:

Rancho Cordova Lighting District No. 2012-1

(hereafter referred to as “District”), for the purpose of continuing and providing for the ongoing maintenance, servicing, and operation of public lighting improvements (safety lights and streetlights) within the City that had been administered by the County of Sacramento as Zone 2 of County Service Area 1 (CSA 1) until the Fiscal Year 2012-13 levy.

Prior to the formation of the District, the detachment of those portions of CSA 1 lying within the City limits was approved, resulting in the transfer of the responsibility of the servicing of CSA 1 improvements and related administration to the City. Commencing with the Fiscal Year 2012-13 levy, the City Council formed the District in order to provide ongoing funding for the costs and expenses required to service and maintain the safety light and streetlight improvements for the benefiting lots and parcels of land within the boundaries of the District. County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing streetlight maintenance districts. CSA 1 was established to provide streetlight services to those unincorporated portions of Sacramento County. Since the establishment of CSA 1, the cities of Citrus Heights, Elk Grove and Rancho Cordova have been incorporated and in July 2005, the Board of Supervisors approved the creation of zones within CSA 1. The creation of these zones allowed the incorporated cities and the County to supplement CSA 1 revenues specific to those areas. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005), Citrus Heights (June 2006), and Rancho Cordova (June 2012) from CSA 1.

This Engineer’s Report (hereafter referred to as “Report”) has been prepared in connection with the levy and collection of annual assessments related thereto for Fiscal Year 2024-25, as required pursuant to Chapter 1, Article 4 of the 1972 Act. This Report describes the District, the improvements, and the assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements. The formation of this District and the annual assessments provide a continued funding source for the City to fund, in part, the ongoing maintenance, servicing and operation, of the safety lights and streetlights that provide special benefits to the properties within the District.

The improvements and assessments described in the Fiscal Year 2012-13 Engineer's Report (hereafter referred to as the "Formation Report") were based on the improvements and assessments previously established by the County of Sacramento for CSA 1 Zone 2. Such assessment revenues will be used to fund, in part, the annual direct expenditures and incidental expenses associated with the maintenance and servicing of the District's improvements. The formation of the District, the structure of the District (organization), the improvements, the method of apportionment, and assessments described in the Formation Report have been established to continue the maintenance of the existing improvements and assessments previously established by the County of Sacramento for CSA 1 and as such are not considered to be new or increased assessments under the provisions of the California Constitution Article XIID.

As part of the District formation to continue the assessments previously levied by the County of Sacramento as part of CSA 1, in addition to the proceedings conducted by LAFCO for the detachment of the City of Rancho Cordova from CSA 1, the Rancho Cordova City Council conducted a noticed public hearing pursuant to the provisions of the 1972 Act to consider public testimonies, comments and written protests regarding the formation of the District and levy of assessments. At the close of the public hearing, the City Council adopted a Resolution approving the Formation Report and confirming and levying the assessments for Fiscal Year 2012-13.

Each subsequent fiscal year, an Engineer's Report shall be prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed cost estimate and assessments for that fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments for that fiscal year. If in any year, the proposed annual assessments for the District exceed the assessments described herein, such an assessment would be considered a new or increased assessment and must be confirmed through property owner protest ballot proceeding before that new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

CITY OF RANCHO CORDOVA

LIGHTING DISTRICT NO. 2012-1 FISCAL YEAR 2024-25

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, adopted by the City Council of the City of Rancho Cordova on May 20, 2024, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Lighting District No. 2012-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District has two (2) designated benefit zones that collectively encompass all lots and parcels of land within the boundaries of the District. The two benefit zones are designated as "Safety Light Only" Zone, which includes those lots and parcels of land within the District that are associated and benefit from only safety light improvements; and the "Safety Light and Street Light" Zone, which includes those lots and parcels of land within the District that are associated and benefit from both safety light improvements and local streetlight improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's lighting improvements and facilities. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E –ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of all lots and parcels of land within the boundaries of the City of Rancho Cordova that in Fiscal Year 2011-12, were considered to lie within CSA 1 Zone 2. Within these boundaries, parcels are identified and grouped into one of two designated benefit zones based on the special benefits properties receive from the District improvements, namely "Safety Lights Only" or "Safety Lights and Street Lights". The two zones within the District and the benefits associated with the properties therein are described in more detail in Part D (Method of Apportionment of Assessments) of this Report. In addition, the Assessment District Diagram in Part C of the report provides a visual representation of the District showing the exterior boundaries of the District.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation, and servicing of street lighting improvements within the District (improvements that had been previously funded through annual assessments from the CSA 1). The improvements may consist of all or a portion of the public street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities, and expenses necessary for the ongoing maintenance and operation of public street lighting improvements. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Improvements and Services Authorized by the 1972 Act

As generally defined by the 1972 Act, the improvements and associated assessments for this District may include now or in the future one or more of the following:

- The installation or construction of public lighting facilities including, but not limited to streetlights, safety lights and traffic signals;
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof;
- The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - Repair, removal, or replacement of all or any part of any improvements;
 - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;

Incidental expenses associated with the improvements including, but not limited to:

- The costs of the report preparation, including plans, specifications, cost estimates, diagrams, and assessment;
- The costs of printing and advertising, and publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Costs associated with any elections held for the approval of new or increased assessments.

Public Lighting Improvements

The District's annual assessments will finance in part the maintenance, operation and servicing of the District's lighting improvements (safety lights and streetlights) which generally includes the furnishing of labor, materials, equipment and electricity for the ordinary and usual maintenance, operation, and servicing of streetlights within the public rights-of-way and easements dedicated to the City, incidental expenses including administrative costs as well as the performance of periodic repairs, replacement and expanded maintenance resulting from damage or vandalism. These services and activities more specifically may include, but are not limited to:

- Payment of the electrical bill for the safety lights and streetlights.
- Maintenance, repair and replacement of light poles and fixtures, including changing light bulbs, painting, photoelectric cell repair or replacement, and repairing damage caused by automobile accidents, vandalism, time, and weather, including principal and interest related to funding of the replacement of the improvements.
- Electrical conduit and pull box repair and replacement due to damage by construction and weather.
- Monitoring of the Underground Service Alert (USA) network, identification of proposed excavation in the vicinity of lighting electrical conduits and marking the location of those underground conduits in the field to prevent damage by excavation.
- Services and maintenance repair and replacement including painting, replacing worn out electrical components and repairing damage due to accidents, vandalism, and weather.
- Remedial projects for major repairs or upgrading of facilities. Construction for such projects is usually performed by contract, however City maintenance workers may execute small projects.

- Streetlight inventory database, pole numbering and mapping to establish the number of streetlights that must be maintained, as well as the condition and location of these streetlights as part of an effective maintenance program.
- Acquisition of land, easements, and rights-of-way necessary to maintain the street and safety lighting system.
- Responding to citizens and Council member inquiries and complaints regarding street lighting. Resolving complaints may require an engineering study and possible project.

For the purpose of determining benefit and the proportional assessment of special benefit, the light fixtures to be maintained by the District are defined as either “Street Lights” or “Safety Lights”. Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. All other lights are designated as Street Lights. The following table provides a summary of the safety light and streetlight inventory within the City upon formation of the District. Detailed maps identifying the location and extent of the District’s Safety Lights and Street Lights at that time are on file in the Public Works Department of the City.

Type of Light	Number of Lights
Safety Lights	428
Street Lights	4,240
Total District Lights	4,668
Decorative Lights ⁽¹⁾	92
Total City Lights	4,760

(1) The 92 decorative lights shown above were contained within a single residential development and these lights are funded by a separate revenue source levied on those parcels. Therefore, these lights are not included as part of the District’s improvements, budget or assessments. Parcels within this residential development are included in the “Safety Light Only” zone.

Part B

ESTIMATE OF COSTS

The maximum assessment revenue shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified zone of the District.

The District maintains two separate reserves, one is utilized for working capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Capital Projects Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code Section 22569. In addition, the Capital Projects Reserve can be used to finance rehabilitation projects, repairs, or replacement of District improvements.

The cost estimate for the District prepared by the City for Fiscal Year 2024-25 follows on the next page.

- (1) The General Benefit Contribution was calculated at 25% of the annual Electrical and Maintenance costs associated with Safety Lighting.
- (2) The annual levy may differ slightly from the maximum revenue shown due to rounding because of rounding limitations imposed by the County of Sacramento.
- (3) Negative fund balances represent funds that will need to be contributed or loaned from an appropriate funding source outside the assessment district.

A description of the terms used in the preceding Cost Estimate table are listed on the following pages.

Direct Costs (Maintenance and Operation)

Direct Costs include the regular annual costs of maintaining and servicing lighting improvements. This may include, but is not limited to, the costs for labor, utilities, equipment, and supplies that are required to properly maintain the items that provide a direct benefit to the properties within the District. Specific Direct Costs may include, but are not limited to:

Electrical Costs — Includes the cost of providing electricity to the lights. Additionally, some lights may be maintained by the Sacramento Municipal Utility District (“SMUD”) and the cost for maintenance of these lights is included as part of the utility bill for those lights.

Maintenance Costs — Includes the contract labor associated with the maintenance of the lights and the cost of the preparing and maintaining the light inventory.

Repairs/Replacements & Capital Expenditures — Includes but is not limited to activities needed to support the improvements that are not included or considered to be costs associated with the regular annual maintenance, servicing, and operation of the District improvements. Additionally, this item may include repairs that are only required periodically, repairs and replacements resulting from damage or vandalism, capital improvement expenditures to rehabilitate or upgrade the improvements, and collection of funding (installments) for future capital improvement projects. The amount collected each fiscal year is based on an estimate of current and future needs but may be limited by available funding (assessment revenues and City contributions).

USA Markings – includes costs associated with marking the location of underground utilities related to the above.

RCLD Loan Principal - Amounts of principal due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing streetlights located within the District with new LED streetlights which will reduce energy costs.

RCLD Loan Interest - Amounts of interest due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing streetlights located within the District with new LED streetlights which will reduce energy costs.

Special Projects - Includes costs for minor special project(s) related to annual maintenance and or operation of the improvements not described in the above categories.

Special Capital Projects - Includes costs expected to be incurred in any specific fiscal year for special capital projects shown in the District’s Capital Improvement Plan. Costs in this category do not increase the annual levy as the Capital Improvement Reserve is used to fund these costs. For this reason, these costs may not be shown in the annual cost estimate.

Administration Costs

Annual Administration Costs include incidental District costs not included above that are required on an annual basis. Specific Administration Costs may include, but are not limited to:

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the assessments and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the assessments, preparation of the annual report, and placing the assessment on the property tax bills.

Contract Administration - Estimated costs to coordinate and oversee the applicable maintenance and operation contracts and overall repair, maintenance, operation, and replacements of the District Improvements.

County Collection Fees - Includes the cost that the County charges to place the assessments onto the Sacramento County Secured Tax Roll.

Miscellaneous Administration Expenses - Includes other minor administrative costs such as telephone, copying, noticing, mailing, office supplies and fees related to District Administration.

Total Direct and Administration Costs - This is the total of the Direct and Administration Costs, which are the direct and incidental costs for the regular annual maintenance, servicing, and operation of the District improvements.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Miscellaneous Cost and Collections/(Credits) Applied to the Levy represent the expected contributions and funding from sources other than the current year assessments to support the annual costs included for the maintenance, servicing, and operation of the District improvements.

Replenishment/(Use) of Operating Reserve - A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution/(Use) of Capital Projects Reserve - A "Contribution" increases the levy in order to generate funding for the Capital Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a "Use of" the Capital Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Capital Projects Reserve. If the expenditure of a current year capital project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Operating Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the cost

estimate. Further information regarding the function of the Capital Projects Reserve is provided in the following pages of this section.

General Benefit Contribution – This amount represents funding from the City or other, utilizing revenue sources other than assessment revenues to pay the proportional costs for the regular annual maintenance, servicing and operation of the District improvements that have been determined to be of General Benefit and which cannot be assessed to property owners. This funding may be from the City's General Fund or any other funding source available.

Other Revenue Contributions - Additional funds designated for use by the District that are not District assessments. Often referred to as a City Contribution, these funds may be from any source available to the City to support the District and reduce the amount to be collected by the District assessments. If the Total Direct and Administration Costs minus any Reserve Fund Transfer and General Benefit Contribution results in an amount greater than the amount that can be collected through the assessments, the City either must reduce expenses or contribute funds to balance the cost estimate.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Parcels Levied - The total number of parcels within each zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements.

Front Footage - The total assessable front footage for non-residential property that are expected to be assessed on a front footage basis for the current fiscal year.

Residential Parcels – The total number of assessable residential parcels subject to the street lighting assessment.

Per Parcel Rate – Safety Lights - The maximum assessment rate that can be assessed to each assessable parcel within the respective zone for the current fiscal year.

Per Parcel Rate – Streetlights (Residential) - The maximum assessment rate that can be assessed to each assessable residential parcel for streetlights for the current fiscal year.

Per Front Foot Rate – Streetlights (Non-Residential) - The maximum assessment rate that can be assessed to each front foot of non-residential property for streetlights for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each zone for the current fiscal year based upon the expected number of assessable parcels and front footage using the maximum assessment rates.

Operating Reserve Fund Balance

Beginning Reserve Fund Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations. These beginning balances shall be used to fund expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Capital Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Replenishment/(Use) of Operating Reserve – Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve is intended to fund expenditures from the period of July 1, 2024 (the beginning of the fiscal year) through December 31, 2024. If positive, this amount is added to the levy in order to replenish the Operating Reserve. On the other hand, if negative, this portion of the Operating Reserve is used to fund Fiscal Year 2024-25 expenses and therefore reduces the levy amount. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Project Reserve — The amount of Operating Reserve monies to be transferred to or from the Capital Projects Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer to the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2025. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, the District may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Project Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Capital Project Reserve Fund Balance

Beginning Capital Project Reserve Fund Balance 7-1-2024 (est.) — The projected balance of funds in the Capital Project Reserve as of July 1, 2024. Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Use for Fiscal Year 2024-25 Capital Projects – The amount expected to be incurred for Capital Projects in Fiscal Year 2024-25 and funded from the Capital Projects Reserve rather than the Fiscal Year 2024-25 levy. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve — The amount of Capital Project Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2025 (est.) - The projected balance of funds in the Capital Projects Reserve as of June 30, 2025. These funds shall be used to fund the costs of installation, replacement, repair or upgrading of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Capital Projects Reserve or related activity for the current fiscal year, the Capital Projects Reserve information will not be presented in the report.

Capital Projects Reserve - Capital Improvement Plan

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment. The projected fiscal year ending Capital Project Reserve Fund balance will fund the multi-year Capital Improvement Plan, as shown below, in order to fund the installation, replacement, repair or upgrading of District improvements and other allowable costs:

The District expects expenditures for street light numbering replacement: \$5,000 in Fiscal Year 2024-25.

Periodically, funds held in a Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Projects Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements.

ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as "Assessment Diagram of Rancho Cordova Lighting District No. 2012-1." The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

Part D

METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include but are not limited to the construction, maintenance, operation, and servicing of public street lighting improvements and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”.

Article XIID Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment established herein is based on the premise that each assessed property receives special benefits from the maintenance, servicing and operation of either safety lights located throughout the District or both safety lights and local streetlights, and these improvements will be funded in part by such assessments, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive such special benefits as outlined in the preceding definitions established in the 1972 Act and the California Constitution.

Benefit Analysis

To identify and determine the proportional special benefit to each parcel within the District, as well as any general benefit associated with the improvements, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The District's improvements and the associated costs described in this report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District, and is consistent with the method of apportionment previously established for the assessments as part of CSA 1.

While the California Constitution requires that *"The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement..."*; it is reasonable to conclude that the reasons for installing local streetlights are often similar, but somewhat different than the reasons for installing safety lights. Therefore, the overall benefits associated with streetlights and safety lights are different, which also suggests that the apportionment of the cost to provide those improvements would be different.

In reviewing the location and extent of the City's Street Light improvements to be funded by District assessments and the relationship these improvements have to properties within the District, it was determined that these lights are entirely local lighting improvements that were installed specifically in connection with the development of nearby properties or were necessary as a precursor to property development and would otherwise not have been necessary or required without the development of the properties near those improvements. As such, these Street Light improvements have a direct and particular relationship to, and provide special benefit to, the properties located in close proximity to those lighting improvements and serve as extension of those properties and developments into the public areas (streets) that serve those properties. These lights clearly provide special benefits that affect these properties in a way that is particular and distinct from its effect on other parcels, and that of real property in general and the public at large do not share. This is most evident in the fact that the District's Street Light improvements are concentrated within the City's various residential developments and developed non-residential areas and the absence of such lights within many portions of the undeveloped areas of the District. The fact that these lights are a direct result of property development and many areas of the City forgo the need of local street lighting, the maintenance and operation costs associated with the Street Light improvements are considered to be solely a special benefit to those properties and developments in close proximity to those lights and have no measurable general benefit to the public at large or to the District as a whole. However, it is also recognized that these lights are not exclusive or typically isolated to a particular parcel but are rather shared and directly affect entire neighborhoods or groups of parcels. In this District, it has been determined that each parcel that is assessed for Street Lights is at least within approximately two-hundred feet (200 feet) of a streetlight although that light may be located across the street from the parcel.

As previously noted, Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. Although the location and extent of these lights are most certainly driven by development of properties in the area (concentrated largely in developed areas of the City), unlike the Street Light improvements which are directly correlated to specific developments and parcels, the District's Safety Lights are not entirely the result of specific property development, but more the result of overall development throughout the City and in addition to directly benefiting the properties in the District, these Safety Lights provide nighttime traffic illumination to enhance traffic circulation and safety.

Therefore, while the need for such lights is most often facilitated by development in the area and certainly a special benefit to properties within the District because safety lights promote nighttime traffic illumination and circulation for the general public as well as for properties in the District, these lights obviously provide some measure of benefit to the community as a whole and to the public at large (general benefit). In order to separate general benefits from special benefits, an evaluation of the overall extent and location of the Safety Light in the City, revealed that less than half (approximately 47%) of the Safety Lights within the District are located on major streets that are considered through-traffic corridors, namely Bradshaw Road, Folsom Boulevard and Sunrise Boulevard. The remaining Safety Lights within the City were located on streets and intersections considered internal City traffic routes that provide direct access to the parcels in the District. Therefore, it would be reasonable to conclude that like the local Street Light improvements, the Safety Light improvements located on these internal City traffic routes (approximately 53% of the Safety Lights at the time of formation of the District) are entirely for the special benefit of the properties they serve, while the Safety Lights on the through-traffic corridors provide comparable (proportionately equal) special benefit to properties in the District and general benefit to real property in general and the public at large. Therefore, collectively, it has been determined that no more than 25% of the total direct costs (maintenance and operation costs) of providing Safety Lights would be considered general benefit.

Zones of Benefit

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Article XIIID Section 4a reads in part:

"...The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

In an effort to ensure an appropriate allocation of the estimated annual cost to provide the District improvements based on proportional special benefits, this District has established benefit zones ("Zones") as authorized pursuant to Chapter 1 Article 4, Section 22574 of the 1972 Act:

"The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

Therefore, in order to separate general benefits from special benefits and to ensure each parcel is assessed for only the special benefits received from the improvements, two benefit zones have been established and every parcel in the City is grouped into one of these two Zones:

- "Safety Lights Only" Zone: Includes all parcels that receive special benefits from the maintenance of Safety Lights only, which includes lights located at intersections on major streets and along the rear of properties that abut major streets.
- "Streetlights and Safety Lights" Zone: Includes all remaining parcels within the City that specially benefit from maintenance of Street Lighting (local lights) as well as Safety Lights.

The District cost estimate incorporated herein under Part B of this report provides a summary of the total estimated cost of providing the streetlight improvements and the allocation of those costs that are considered general benefit. Details regarding the location and extent of the street lighting improvements within the District and the Zones therein upon formation of the District are on file in the Public Works Department of the City. A diagram showing the exterior boundaries of the District and the location of the two zones therein at the time of formation is attached and incorporated herein under Part C of this report.

Assessment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs, it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Safety Lights and Street Lights, like most public improvements, provides varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the improvements in relationship to the properties, the specific use of each property, and the reason or need for such improvements as it relates to individual properties. In this District, these issues were each considered in determining the proportional special benefit to each parcel by the use of benefit zones, the separation of general benefit and special benefit, and County land use designations.

Safety Lights

Safety Lights are located throughout the District and properties throughout the City are considered to benefit proportionally from Safety Lights and are therefore levied a flat rate calculated by the following formula.

$$\text{Net Safety Light Cost} / \text{Total Assessable Parcels} = \text{Levy per Parcel}$$

Streetlights

Only properties that benefit from Street Lights are charged for Street Lights. Parcels are classified based on land use into two categories: Residential and Non-Residential. Residential parcels that have streetlights are levied equally. Non-Residential are levied on a front footage basis. Formulas for both Non-Residential and Residential parcels are illustrated below.

Residential Parcels

$$\text{Net Residential Street Light Cost} / \text{Residential Parcels} = \text{Levy per Residential Parcel}$$

Non-Residential Parcels

$$\text{Net Non-Residential Street Light Cost} / \text{Non-Residential Front Footage} = \text{Levy per Non-Residential Front Foot}$$

$$\text{Levy per Non-Residential Front Foot} \times \text{Non-Residential Parcel Front Footage} = \text{Levy per Parcel}$$

In addition, each Fiscal Year, the City provides annexation documents showing the list of parcels that were annexed into the City of Rancho Cordova Community Facilities District No. 2008-1 (the "CFD No. 2008-1") and the City of Rancho Cordova Community Facilities District No. 2014-1 (the "CFD No. 2014-1"). Both CFD No. 2008-1 and CFD No. 2014-1 provide services for street lighting in the City. Parcels that are annexed into CFD No. 2008-1 and CFD No. 2014-1 are not subject to the Street Light Assessment portion for the City of Rancho Cordova Lighting District No. 2012-1 and are only assessed for safety lights.

Exempt

Exempted from the assessment would be the areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of- ways including public greenbelts and parkways. Also exempted from assessment would be utility rights-of-ways, common areas (such as in condominium complexes), landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels do not benefit from the improvements.

The land use classification for each parcel has been determined and based on the Sacramento County Assessor's most recent secured roll.

Rates

The following Tables show the assessment rates proposed to be levied in Fiscal Year 2024-25 and an estimate of the revenue to be assessed. It is important to note that these rates are the same rates applied to the District parcels under CSA 1 and that these rates have not increased since the passage of Proposition 218 in 1996.

Proposed Fiscal Year 2024-25 Assessment Rates	
Improvement Type	Proposed Rates
Safety Lights	\$2.56 per parcel
Street Lights	\$15.32 per parcel
Street Lights (Non-Residential) *	\$0.2519 per front foot

* Non-Residential parcels include commercial and multi-family properties.

Part E
ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

MEMORANDUM

ITEM 9.12.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Quoc Nham, Senior Civil Engineer
SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT AMENDMENT NO. 65-2019-3 WITH WILLDAN ENGINEERING TO EXTEND THE CONTRACT TERM FROM JUNE 30, 2024, TO JUNE 30, 2026, WHICH RESULTS IN AN INCREASE TO THE CONTRACT AMOUNT FROM \$2,250,000 TO AN AMOUNT NOT TO EXCEED \$4,100,000 FOR ON-CALL PROFESSIONAL SERVICES**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Contract Amendment No. 65-2019-3 with Willdan Engineering to extend the contract term from June 30, 2024, to June 30, 2026, which results in an increase to the contract amount from \$2,250,000 to an amount not to exceed \$4,100,000 for on-call professional services.

BACKGROUND

In order to provide flexibility to adapt to a variable development, design, and construction market, the Public Works Department employs the assistance of qualified consultants to provide engineering services for the City of Rancho Cordova. This is an on-call contract that allows the City to draw upon greater resources on projects, thus increasing the ability to handle peaks in workload and maintain efficient response times.

The City previously entered into Professional Services Agreement No. 65-2019 with Willdan Engineering to provide engineering services including project management and plan review for various capital improvement and development projects. The original agreement was executed on July 1, 2019, with the term to expire on June 30, 2022, for an amount not to exceed \$750,000.

The first contract amendment was executed in June 2021 to extend the contract term from June 30, 2022, to June 30, 2024, and to increase the maximum compensation from \$750,000 to \$1,450,000 to allow Willdan Engineering to continue to provide engineering services.

The second amendment was executed in January 2023 to increase the contract amount to an

amount not to exceed \$2,250,000.

The purpose of this contract amendment is to extend the contract term from June 30, 2024, to June 30, 2026, which results in an increase to the contract amount from \$2,250,000 to an amount not to exceed \$4,100,000, to allow Willdan Engineering to continue providing engineering services.

FISCAL IMPACT AND FUNDING SOURCE

Project management of design and construction of capital improvement projects are paid through various funding sources appropriated for the projects. Engineering support and oversight related to City infrastructure and facilities are paid through City Operations budgets. Engineering support of development projects is direct billed to the development projects. These consulting services do not impact the City's General Fund.

7. **Notice of Commencement of Work.** Principal shall notify the City Engineer in writing of the commencement of the work of improvements.

8. **Correction of Defects.** Principal agrees to remedy any defects in the improvement arising from faulty or defective construction of said improvements occurring within twelve months after acceptance thereof by City.

9. **Indemnity.** Principal shall indemnify and hold harmless with counsel selected by the City, the City of Rancho Cordova, its agents, officers, consultants, and employees ("City") from any and all loss, damage or liability arising out of or resulting from Principal's performance or non-performance of his duties and obligations under this Agreement, or from the negligent act or omission of himself, his agents, servants and employees. Principal shall, at his own cost and expense, defend any and all actions, suits, or legal proceedings arising out of or resulting from the performance or nonperformance of this Agreement, that may be brought or instituted against the City, its officers and employees, on any such claim or demand, and pay or satisfy any judgment that may be rendered against the City in any such action, suit or legal proceedings, or result thereof, regardless whether caused in part by a party indemnified hereunder.

10. **Extension of Completion Date.** If the construction of the work or improvement

should be delayed without fault of Principal, the time for completion thereof may be extended by City for such period of time as City may deem reasonable.

11. Improvement Security. (a) Principal shall obtain and furnish to City an improvement security consisting of a surety bond in favor of City, issued by a corporate surety authorized to do business in the State of California, and in form approved by City, securing the faithful performance by Principal of the work of improvement required, and also securing the payment of the costs and interest, if any, due under Sections 12.030.210 et seq. of the Rancho Cordova Municipal Code, as provided in Paragraph 5 herein and an additional bond issued by a corporate surety authorized to do business in the State of California, in the amount of not less than 50 percent of the total estimated cost of the improvement, securing payment to contractor, his subcontractors, and to persons renting equipment or furnishing labor or materials for the improvement.

(b) In lieu of said corporate surety bonds, Principal may furnish an improvement security consisting of a letter of credit, certificate of deposit, or similar instrument of credit, in form satisfactory to City, issued by a financial institution subject to regulation by the State or Federal government, pledging that the funds necessary to meet the performance required herein are on deposit, and guaranteed for payment on demand. Said letter of credit, certificate of deposit, or similar instrument of credit shall provide that the funds designated therein shall become trust funds for the purposes set forth in said instrument.

(c) The failure of Principal to commence the required work of improvements, or to complete the same within the time required after commencement thereof, shall entitle City to the full payment of the security, or so much thereof as may be necessary to complete the required work of improvement. The amount of the surety bond for faithful performance shall be in the sum of **\$1,017,548.40**. The amount of the surety bond for the payment of the claims of the contractor, his subcontractors, and to persons renting equipment or furnishing labor or materials for the improvement shall be at least 50 percent of the above amount. The letter of credit, certificate of deposit or similar instrument of credit, or cash deposit for faithful performance, shall be in the above amount plus an additional 50 percent for the purposes set forth herein.

12. Improvement Security As Condition Precedent. The furnishing of the improvement security by Principal as required by paragraph 11 hereof shall be a condition precedent to acceptance by City of the above described real property and the performance by the City of the covenants herein on its part to be performed.

13. Inspection of Work In Progress. (a) Principal may request The City Engineer to inspect the work as it progresses. If the work performed is found to be in accordance with the

requirements of City, it may be accepted as it progresses and a partial refund of the cash deposit, or a release pro tanto of the faithful performance bond, letter of credit, certificate of deposit or similar instrument of credit shall be made in a sum in the same ratio to the total deposit as the work accepted bears to the total work to be done. No refund in excess of 85 percent of the total amount of the improvement security for faithful performance shall be made until all the work has been completed and accepted.

(b) The determination of the Administrator of Public Works of City as to the amount of work done, and the amount of refund or partial release pro tanto, shall be final and conclusive. When the work of improvement is accepted, 10 percent of the improvement security shall be retained to guarantee faithful performance of the provisions of paragraph 8 of this Agreement.

(c) Improvement security given to secure payment to contractor, his subcontractors and to persons renting equipment or furnishing labor or materials for the work of improvement may, six months after completion and acceptance of the work, be reduced to an amount not less than the total of all claims on which an action has been filed, and notice thereof given in writing to City, and if there are no actions filed, such improvement security may be released in full.

14. Execution By Real Party In Interest. Where title to the subdivision property is held by the record owner thereof under a holding Agreement, this Agreement and the bond given pursuant thereto must be executed by the real party or parties in interest.

15. Waiver of Civil Code Section 2819. Any extension of time hereunder shall not operate to release the surety on the bond filed pursuant to this Agreement. In this connection the surety waives the provisions of Section 2819 of the Civil Code of the State of California.

16. City Construction of Improvements. In the event that all or any portion of the works of improvement contemplated herein are proposed to be constructed by street improvement proceedings under the control of City, the undertaking of such proceedings shall in no way relieve Principal of any duties under this Agreement, except where all of the works of improvement that are required under this Agreement have in fact been constructed and accepted by City.

17. Interest. Interest shall accrue at the highest rate permitted by law on all sums from the date payment is due under the terms of this Agreement and the sum due is certain or reasonably capable of being made certain.

18. Attorneys' Fees. In the event that it is necessary for the City to enforce the obligations secured by the improvement security furnished pursuant to Paragraph 11 hereof, the City shall be entitled to recover its costs and reasonable expenses and fees, including

reasonable attorneys' fees, as provided for in Government Code Section 66499.4.

19. Amendments. This Agreement may be modified or amended, or any of its provisions waived, only by a subsequent written agreement executed by the parties hereto.

20. Entire Agreement. This Agreement and any attachments hereto constitute the sole, final, complete, exclusive and integrated expression and statement of the terms and conditions of this Agreement among the parties hereto concerning the subject matter addressed herein, and supercedes all prior negotiations, representations or agreements, oral or written, that may be related to the subject matter of this Agreement.

21. Construction and Interpretation. It is agreed and acknowledged by the Principal that the provisions of this Agreement have been arrived at through negotiation, and that the Principal has had a full and fair opportunity to revise the provisions of this Agreement and to have such provisions reviewed by legal counsel. Therefore, the normal rule of construction that any ambiguities are to be resolved against the drafting party shall not apply in construing or interpreting this Agreement.

22. Successors and Assigns. This Agreement shall bind and inure to the benefit of the respective successors and assigns of the parties hereto.

23. Time. Time is of the essence in the performance of each and every term of this Agreement.

MEMORANDUM

ITEM 9.14.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT NO. 2024-56 WITH THE CAPITAL SOUTHEAST CONNECTOR JOINT POWERS AUTHORITY IN AN AMOUNT NOT TO EXCEED \$1,600,000 FOR DESIGN, RIGHT-OF-WAY AND CONSTRUCTION OF GRANT LINE ROAD IMPROVEMENTS BETWEEN WHITE ROCK ROAD AND CHRYSANTHY BOULEVARD**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Contract No. 2024-56 with the Capital Southeast Connector Joint Powers Authority for up to \$1,600,000 for design, right-of-way and construction of Grant Line Road improvements between White Rock Road and Chrysanthy Boulevard.

BACKGROUND

The Capital Southeast Connector Joint Powers Authority (JPA) was formed in December 2006 and includes the cities of Elk Grove, Folsom, and Rancho Cordova, and the counties of El Dorado and Sacramento. The JPA is responsible for planning, environmental clearance, engineering design, and construction of the 34-mile limited-access roadway spanning from the Interstate 5/Hood-Franklin interchange, south of Elk Grove, to U.S. 50 at the Silva Valley Parkway interchange, east of El Dorado Hills. It will generally feature four travel lanes to accommodate vehicle travel, and a separated bicycle and pedestrian pathway.

The first phase of work within the City of Rancho Cordova will include reconstruction of 3.6 miles of Grant Line Road generally between White Rock Road and Chrysanthy (the Project, [Attachment 3](#)). The project will improve safety by realigning the road and improving drainage, and connect communities with a separated bicycle and pedestrian pathway. The project has environmental approval and is currently in design and right-of-way. The cost, including construction for this first phase, is estimated at \$65 million. The JPA has identified funding in the amount of \$9.5 million to date (Measure A and SB-1 funds) and is requesting participation from the City of Rancho Cordova in the amount of \$1.6 million for design, right-of-way and construction. Additional funding may be requested based on available funding during the construction phase. The City included \$1.6 million in transportation development impact

fees in the Council-approved five-year capital improvement plan.

The construction phase is not fully funded and the JPA continues to pursue grants and other funding opportunities.

FISCAL IMPACT AND FUNDING SOURCE

Funding for this project is through transportation development impact fees. There is no impact on the City's General Fund.

MEMORANDUM

ITEM 9.15.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Edgar Medina, Principal Engineer
SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE
A COOPERATIVE AGREEMENT WITH THE COUNTY OF
SACRAMENTO FOR THE ACQUISITION OF RIGHTS-OF-WAY
WITHIN THE CITY OF RANCHO CORDOVA FOR THE HAZEL
AVENUE AT U.S. 50 INTERCHANGE PROJECT**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Cooperative Agreement No. 2024-36 with the County of Sacramento, consenting to County acquisitions of rights-of-way within the City of Rancho Cordova for the Hazel Avenue at U.S. 50 Interchange Project.

BACKGROUND

The City of Rancho Cordova is a project partner on the U.S. 50/Hazel Avenue Interchange Project (see [Attachment 2](#)). The County of Sacramento Department of Transportation (County) is the lead agency for the design, utility coordination, acquisition of rights-of-way, and construction of the Project. Project improvements consist of modifying the existing Hazel Avenue at U.S. 50 interchange, extending and grade-separating Hazel Avenue over Folsom Boulevard and the Sacramento Placerville Transportation Corridor-Joint Powers Authority rail corridor, modifying the on-ramps and off-ramps, widening the existing Hazel Avenue overcrossing and modifying the Aerojet Road off-ramp.

The Project is primarily within the unincorporated area of the County; however, a portion of the Project includes improvements within the City. Both the County and the City desire to proceed with construction of the proposed improvements for the Project. Therefore, in order for the County to acquire rights-of-way for the Project within City limits, the City and County must agree to use their broad powers to acquire easements and, if necessary, exercise eminent domain. In Cooperative Agreement No. 2024-36 (see [Attachment 3](#)), the City consents to the County's acquisition of property rights, by purchase or eminent domain, within the City for construction of the Project subject to the following conditions:

- The County shall incur all costs, payments, and expenses related to the design, acquisition of rights-of-way, construction, and inspection of the Project and the improvements.
- Prior to exercising its power of eminent domain, the County shall work diligently and as expeditiously as possible to pursue good-faith negotiations with property owners. The County shall provide the City with written notice of the County's intent to adopt a Resolution of necessity to commence eminent domain proceedings for any parcel in the City, if applicable.
- The County shall comply with all State and federal laws, guidelines, policies, and standards relating to acquisition of property rights.
- The County and its contractors shall acquire all necessary encroachment permits and right-to-enter permits for work performed within City areas to construct the Project.
- After the Project is completed, right-of-way interests within City limits will be quit-claimed to the City.

Also, the County has agreed to coordinate with the City on an aesthetic package that will enhance the look and feel of one of the entrances to the City of Rancho Cordova (see Attachment 4).

Construction is expected to begin in the summer of 2026 with completion in the fall of 2027.

The proposed Resolution would approve the Agreement and delegate to the Director of the County of Sacramento Department of Transportation and the City Manager the authority to execute the Agreement as well as future amendments that may be required to facilitate the activities contemplated in the Agreement. These activities include, for example, the County's acquisition and transfer of rights-of-way to the City, assignment and scope of maintenance obligations for those rights-of-way, and implementation of related activities and actions required by the Project.

FISCAL IMPACT AND FUNDING SOURCE

There is no impact on the City's General Fund.

WHEREAS, the Hazel Avenue At U.S. 50 Interchange Project (Project) involves the design and construction of a modified Hazel Avenue/U.S. 50 interchange that will extend and grade-separate Hazel Avenue over Folsom Boulevard and the Sacramento Placerville Transportation Corridor-Joint Powers Authority rail corridor, modify the on-ramps and off-ramps, widen the existing Hazel Avenue overcrossing, and modify the Aerojet Road off-ramp; and

WHEREAS, the County of Sacramento (County) and the City of Rancho Cordova (City) desire to execute the proposed Cooperative Agreement to establish their respective roles and obligations concerning the acquisition of rights-of-way for the Project; and

WHEREAS, the County shall incur all costs, payments, and expenses related to the design, acquisition of rights-of-way, construction, and inspection of the Project and the improvements; and

**AGREEMENT BY AND BETWEEN
CITY OF RANCHO CORDOVA AND COUNTY OF
SACRAMENTO
REGARDING COUNTY'S RIGHT-OF-WAY ACQUISITION
FOR COUNTY'S HAZEL AVENUE AT U.S. 50 INTERCHANGE
PROJECT**

THIS AGREEMENT is made and entered into on _____ ("Effective Date"), by and between the CITY OF RANCHO CORDOVA, a California municipal corporation ("CITY"), and the COUNTY OF SACRAMENTO ("COUNTY") a political subdivision of the State of California. In this Agreement, CITY and COUNTY may each be individually referred to as a "Party" or collectively referred to as the "Parties."

Recitals

- A. COUNTY has plans to design and construct its Hazel Avenue at U.S. 50 Interchange Improvement Project ("Project"), in the vicinity as depicted in Attachment 1 attached hereto and incorporated herein by this reference.
- B. The Project involves both CITY and COUNTY territory because a portion of Hazel Avenue at Folsom Boulevard forms the boundary between CITY and COUNTY jurisdiction. Accordingly, a portion of the Project will include construction of certain road improvements located within the incorporated territory of the CITY ("Improvements"). These Improvements consist of modifying eastbound on- and off-ramps of the Hazel Avenue at U.S. 50 interchange, grade-separating Hazel Avenue over Folsom Boulevard, and constructing a new jug-handle road to connect Hazel Avenue to Folsom Boulevard.
- C. COUNTY will need to acquire certain real property within the CITY limits for construction of the Project.
 - a. Some of the certain real property, located outside future State right-of-way, that will be acquired is described and depicted in the sample easement documents attached hereto as Attachments 2 and 3 and incorporated herein by this reference. COUNTY will then transfer such interests back to CITY following completion of the Project because CITY will be responsible for maintaining the Improvements pursuant to the existing Agreement for Maintenance of Transportation Facilities between CITY and COUNTY dated February 28, 2023 (City Agreement No. 2023-06 and County Agreement No. 52447).

- b. Other certain real property that will be acquired will be acquired in fee for those areas that will be located in future State right-of-way. Such interests will then be transferred to the State following completion of the Project because Caltrans will be responsible for maintaining the Improvements pursuant to the existing Cooperative Agreement between COUNTY and Caltrans dated April 13, 2015 (Caltrans Agreement No. 03-0569).
 - c. Other certain real property that will be acquired will be in the form of a Caltrans Maintenance Easement. Such interests will then be transferred to the State following completion of the Project because Caltrans will be responsible for maintaining the Improvements pursuant to the existing Cooperative Agreement between COUNTY and Caltrans dated April 13, 2015 (Caltrans Agreement No. 03-0569).
- D. COUNTY has requested CITY's consent for COUNTY's acquisition of Project rights-of-way within CITY limits and subsequent transfer of such real property interests back to CITY, and CITY agrees to provide its consent subject to the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the mutual promises and consideration contained in this Agreement, the Parties agree as follows:

1. **Recitals.** The above recitals are true and correct and are incorporated fully herein by this reference.
2. **COUNTY Solely Responsible for Project.** COUNTY will be the sole agency responsible for all aspects of the Project, including, without limitation, procurement, design, right-of-way acquisition, construction, management, and all other activities necessary for completion of the Project.
3. **COUNTY's Acquisition of Real Property Interests.**
 - A. Use of Eminent Domain. Voluntary acquisitions are the primary goal and COUNTY shall make good faith efforts to acquire needed real property interests for its Project by negotiated agreement. However, should eminent domain be necessary, CITY hereby consents to COUNTY's acquisition of real property interests within CITY limits by eminent domain provided CITY shall not be involved in the eminent domain proceedings in any way, and CITY further shall not incur any expenses associated with COUNTY's acquisition of property by eminent domain. If COUNTY must

commence eminent domain proceedings to acquire property within CITY limits, COUNTY shall provide written notice to CITY prior to commencing eminent domain procedures.

- B. Power to Exercise Eminent Domain. COUNTY has the general power to acquire property within its territorial limits by eminent domain pursuant to California Code of Civil Procedure section 1230.010 et seq. and Article I, Section 19 of the California Constitution. COUNTY further is authorized under Code of Civil Procedure section 1240.050, Streets and Highways Code sections 1680 through 1732, and Government Code section 25350.5 to acquire by eminent domain “any property necessary to carry out any of the powers or functions” of COUNTY, including rights-of-way extending through or within CITY for the construction and improvement of highways. Finally, Public Resources Code sections 5301 and 5302 allow COUNTY to acquire property by eminent domain for a “public boulevard” that is “conveniently adjacent” to its corporate limits.

4. Transfer of Certain Real Property Interests to CITY.

- A. COUNTY Quitclaim to CITY. Because CITY will maintain those Improvements within CITY limits following Project completion that are outside the Caltrans right-of-way and outside the Caltrans maintenance easement areas, CITY will ultimately hold title to those right-of-way interests within the CITY limits that COUNTY will be acquiring for its Project. Following Project completion, COUNTY shall quitclaim to CITY title to right-of-way interests within CITY limits that COUNTY acquires for the Project. CITY must sign a written certificate of acceptance pursuant to City Council Resolution No. 2024- [REDACTED] before CITY can accept title to such right-of-way interests.
- B. Requirements Regarding Transfer. Prior to issuing its offer of purchase under Government Code section 7267.2 for right-of-way interests for its Project within CITY limits, COUNTY shall obtain written approval from the CITY representative identified in Section 9 below regarding the proposed deed document, legal description, and plat maps.

5. Requirements for COUNTY’s Rights-of-way Acquisition.

- A. Compliance with Laws. COUNTY shall ensure compliance with all applicable federal, state, and local laws, regulations, and

enactments relating to its acquisition of right-of-way interests for the Project, including without limitation the following: (i) California Constitution Article I, § 19; (ii) California Eminent Domain Law (Code Civ. Proc., § 1230.010 et seq.); (iii) Uniform Relocation Assistance and Real Property Acquisition Policies for Federal and Federally Assisted Programs, as amended (42 U.S.C. § 4601 et seq.); (iv) California relocation laws and any implementing regulations (including, but not limited to, Gov. Code, § 7260 et seq.); and (v) other applicable California eminent domain statutes (including, but not limited to Gov. Code, § 40401 et seq.).

- B. Project Costs and Expenses. COUNTY shall be solely responsible for all costs, expenses, and payments necessary for its Project, including without limitation those necessary to acquire property and right-of-way for the Project and those necessary for design, construction, and inspection of the Project.
- C. Project Permits and Approvals.
- (1) COUNTY or its Project contractors shall acquire all necessary encroachment permits and right-of-entry approvals for work within existing CITY right-of-way and adjacent to CITY property. COUNTY or its Project contractors shall also obtain all necessary approvals for entry onto private property.
 - (2) Prior to commencing construction of the Project, COUNTY must submit Project plans to CITY and obtain CITY's written approval of Improvements within CITY limits. Such Project plans shall be submitted to the following CITY individual: Edgar Medina, Public Engineer, emedina@cityofranchocordova.org.
- D. Licensed and Bonded Contractors. All contractors working on the Project shall be licensed contractors under California law. COUNTY shall require its contractors to post security in the form of a performance bond and payment bond, in amounts sufficient to ensure work on the Project is completed to COUNTY standards.
- E. Warranty. All COUNTY contractors who work on the Project shall be contractually obligated to provide a warranty for their work for a period of at least one (1) year following Project completion.

- F. No Mechanics' Liens. COUNTY shall pay in full all persons who perform labor or provide materials for any work within CITY right-of-way or otherwise on CITY property. COUNTY shall not permit or suffer any mechanics' or materialmen's liens of any kind or nature to be enforced against any property of the CITY for such work performed. In accordance with the provisions of Section 7 below, COUNTY shall indemnify and hold harmless CITY from and against any and all liens, claims, demands, costs or expenses of whatsoever nature in any way connected with or growing out of such work done, labor performed, or materials furnished.
- G. Insurance. COUNTY hereby confirms that it is self-insured as authorized by Government Code Section 11007.4 et seq. COUNTY will require its contractors working on the Project, for the duration of the work, to maintain sufficient insurance to cover the contractor's responsibilities under the Project. CITY will not provide any liability insurance to COUNTY. COUNTY's liability for the Project shall not in any way be limited to or affected by the amount of insurance coverage carried by COUNTY.
- H. Hazardous Materials. COUNTY shall not use, store, release or otherwise introduce on CITY right-of-way or other CITY property any substance, chemical, waste or other material that is identified as hazardous, toxic or dangerous in any federal, state or local law or regulation. COUNTY shall be solely responsible for the complete cost of removal and/or remediation of any hazardous substance spilled or introduced by COUNTY, and COUNTY shall defend and indemnify CITY from and against all claims or other liabilities therefore in accordance with the provisions of Section 7 below.
6. **Maintenance of Improvements After Project Completion.** Following Project completion, the Improvements within CITY limits and outside of Caltrans right-of-way and Caltrans maintenance easement areas will become part of the CITY street system. CITY shall maintain the Improvements within CITY limits following Project completion pursuant to the existing Agreement for Maintenance and Operations of Shared Transportation Facilities between CITY and COUNTY dated February 28, 2023 (City Agreement No. 2023-06 and County Agreement No. 52547).
7. **Indemnity.** COUNTY shall defend, indemnify and hold harmless CITY, its City Council, officers, directors, agents, employees, subcontractors and volunteers from any and against all demands, claims, actions,

liabilities, losses, damage, and costs, including payments of reasonable attorneys' fees, arising out of, or resulting from, the performance of the Agreement, caused in whole or in part by the negligent or intentional acts or omissions of COUNTY, its Board of Supervisors, officers, directors, agents, employees, contractors, subcontractors, or volunteers. The provisions of this Section 7 shall survive any expiration or termination of this Agreement.

8. **Termination of Agreement.** This Agreement shall, unless terminated earlier by either Party pursuant to this section, automatically terminate after COUNTY provides CITY with the recorded Notice of Completion for its Project and quitclaims to CITY all applicable right-of-way interests within CITY limits. Either Party may terminate this Agreement, for cause, based on a material breach by the other Party, following written notice of such breach to the other Party and a reasonable opportunity for cure. In addition, either Party may terminate this Agreement, without cause, provided the terminating Party provides at least sixty (60) days advance written notice to the other Party and the non-terminating Party has not expended any funds in reliance on this Agreement.
9. **Party Representatives.** Any and all notices or demands by or from either Party shall be in writing and shall be served either personally or by mail. If served personally, service shall be conclusively deemed made at the time of service. If served by mail, service of notices or demands shall be conclusively deemed made as of the time of deposit in the United States mail, postage paid. Any notice or demand shall be given to:

The campaigns are managed and implemented by Ross Campbell and contribute to a clean and healthy community by educating residents on safe and responsible waste disposal and recycling practices.

MEMORANDUM

ITEM 9.17.

DATE: May 20, 2024

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Steve Harriman, Public Works Division Manager

SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT AMENDMENT NO. 2023-67-1 WITH ZERO FOOTPRINT TO EXTEND THE TERM FROM JUNE 30, 2024, THROUGH FEBRUARY 27, 2026, WHICH RESULTS IN AN INCREASE TO THE CONTRACT FROM \$113,297 TO AN AMOUNT NOT TO EXCEED \$190,934 FOR COMPOST PROCUREMENT SERVICES AS REQUIRED BY CALIFORNIA STATE LAW**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute Contract Amendment No. 2023-67-1 with Zero Foodprint (ZFP) to allow the contractor to continue to assist the City with the purchase and delivery to farming operations of compost manufactured from recycled organic materials for calendar year 2025 as required in California State law.

BACKGROUND

Organic waste like food scraps and yard clippings create methane gas emissions when disposed in landfills. Methane is a potent greenhouse gas which contributes to climate change. California's Senate Bill No. 1383 Short-lived Climate Pollutant Reduction Strategy (SB 1383) was signed into law in September 2016 and sets methane reduction targets for California in a statewide effort to address climate change. In order to accomplish the methane reduction targets, the law requires local governments to implement programs to divert organic waste away from landfills, so the materials can be used as feed stock for compost.

The SB 1383 regulations also require local jurisdictions to purchase compost annually to strengthen the markets and incentivize the development of new and expanded organics processing facilities. The purchasing requirements in SB 1383 for local governments are based on a per capita calculation. Zero Foodprint (ZFP) is a nonprofit organization that assists local governments with compost procurement requirements by acting as a liaison between compost producers and farming operations for the purchase and delivery of compost manufactured from recycled feedstock. ZFP helped the City meet the procurement targets of 1,109 tons of compost in 2023 and 2,403 tons in 2024 under the current contract. The proposed contract amendment

will allow ZFP to assist the City with the procurement of 3,697 tons of compost in 2025, as required by State law. This arrangement allows local governments to comply with State law by partially funding the compost purchase and delivery expenses, and assists farmers by reducing the cost of using compost manufactured from recycled feed stock in their operations.

FISCAL IMPACT AND FUNDING SOURCE

The City will pay ZFP \$21.00 per ton of compost delivered to farming operations on behalf of the City of Rancho Cordova for calendar year 2025. The City is required to purchase 3,697 tons in calendar year 2025, so the contract amendment is in the amount of \$77,637. The contract is funded by the City's Senate Bill No. 1383 local assistance grant managed by the California Department of Resources Recycling and Recovery and has no impact on the City's General Fund.

RE: Amendment to Contract # 2023-67

Dear Steve,

This letter is to officially request an amendment to contract 2023-67 between Zero Foodprint and the City of Rancho Cordova. The purpose of the amendment is to extend our contract Term through February 27, 2026 for the purposes of meeting the City's ROWP procurement for 2025. This would also include an amendment on the total contract, adding \$77,637.00.

The City's 2025 SB 1383 ROWP procurement requirement equates to 3,697 tons of compost. Zero Foodprint can broker this amount of compost and provide reporting and record keeping services for \$21 per ton of compost. Thus, the total amendment for 2025 procurement would cost \$77,637.

Zero Foodprint will continue to provide the following service for procurement:

- Reporting
- Record Keeping
- Procurement portal
- Individual compost use project records including
 - Direct Service Provider agreement signed by the farmer
 - Compost invoice
 - Location of compost use
 - Description on compost use

Sincerely,

Leo Beckerman
Director of Operations

MEMORANDUM

ITEM 9.18.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Elizabeth Sparkman, Community Development Director
SUBJECT: DEVELOPMENT AGREEMENT COMPLIANCE REVIEW

RECOMMENDATION

Receive and file.

RESULT OF RECOMMENDED ACTION

Receive and file for Development Agreement Compliance Review.

BACKGROUND

Following incorporation, the City adopted a Development Agreement entered into by the County and Elliott Homes in 2003 for the Villages of Zinfandel Special Planning Area, and between 2004 and 2006 entered into a significant amount of Development Agreements with various land owners in the Sunridge Specific Plan Area, and a Development Agreement relative to Capital Village in 2005.

More recently, the City entered into Development Agreements with 5 of the 6 landowners in the Suncreek Specific Plan in 2014, Amended and Restated Development Agreements with the 2 land owners of Rio Del Oro Specific Plan in 2017, a Development Agreement for Bradshaw Village in 2019, a Development Agreement for The Ranch in 2020, and a Development Agreement for The Preserve Project in 2022.

Many of the Development Agreements ["Agreement(s)"] have been amended with First, Second, Third and on occasion a Fourth Amendment. Amendments to Agreements have occurred for many reasons, including but not limited to, reflect change in land use, revised open space standards, changes to impact fees, addition of supplemental fees, to memorialize certain infrastructure requirements, and to extend the expiration date.

Government Code § 65865.1 requires that the City provide a periodic review of Development Agreements at least every 12 months. The Agreements are reviewed by staff at several stages including prior to recordation of a final map, prior to issuance of the first building permit, periodically to monitor timing of required infrastructure improvements, during due diligence when prospective interested parties request a fee estimate, and when an estoppel is requested by the landowner. What staff has not done is provide compliance review status to the City Council.

Attachment 1 is a summary of the Development Agreement Compliance Status. Information contained in the Status Report include the project reference, expiration date, and the Status. A status of “In Compliance” means that the project is not out of compliance with the Agreement, although there may still terms be of the Agreement that will need to be met on an ongoing or future basis. A status of “Satisfied” means that residential buildout has occurred, and all terms of Agreement has been met, although the term of the Agreement has not expired. A status of “Expired” means the term of the Agreement has expired. A status of “Terminated” means the City and Landowner have mutually agreed to terminate the Agreement.

The Agreements have been summarized in the following categories:

- **Active Development Agreements – Active Home Construction.** The projects in this category are actively pulling residential building permits. All these projects are currently in compliance with the terms of their respective Agreement.
- **Active Development Agreements – Active Grading and/or Pending Final Maps.** The projects in this category are either actively grading onsite, and/or are processing tentative or final maps and will be actively grading in the next year. All these projects are currently in compliance with the terms of their respective Agreements. Prior to recordation of the final maps and/or issuance of building permits, certain terms of the Agreement will need to be complied with.
- **Active Development Agreements – No Construction Activity.** The projects in this category have tentative maps but there is no landowner actively pursuing final maps or construction activity. All these projects are currently in compliance with the terms of their Agreements. Essentially this means they are not out of compliance since no activity has occurred with the projects.
- **Development Agreements with Residential Buildout – Not Expired.** All the projects in this category have full buildout of residential construction, all homes have sold, but the respective Agreements have not reached the expiration date. However, the Agreement does automatically terminate with respect to each single-family lot when fully constructed and transferred to a bona-fide good-faith purchaser. If all terms have been satisfied, staff may reach out to Developer to mutually terminate their respective Agreements to minimize future reporting.
- **Expired Development Agreements.** All the projects in this category either have full buildout of residential construction and/or the Development Agreements expired. The only exception is for the Development Agreement for an old project known as The Preserve at Sunridge which was terminated and subsequently a new Development Agreement was entered into for The Ranch on the same property.

In future annual compliance reports, we will remove any expired or terminated Agreements from the summary.

FISCAL IMPACT

There is no impact on the City’s General Fund relative to this compliance report.

MEMORANDUM

ITEM 9.20.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Stefan Heisler, Housing Manager
Ka Vang, Management Analyst
SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE A FORGIVABLE PREDEVELOPMENT LOAN AGREEMENT WITH MERCY HOUSING CALIFORNIA FOR THE MATHER VETERANS VILLAGE PHASE 4 PROJECT IN THE AMOUNT OF \$467,024 UTILIZING PERMANENT LOCAL HOUSING ALLOCATION (PLHA) FUNDING**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute a Forgivable Predevelopment Loan Agreement with Mercy Housing California, a nonprofit corporation in partnership with its resident services partner Nation's Finest, for the Mather Veterans Village Phase 4 project in the amount of \$467,024 to begin architectural and engineering predevelopment activities.

BACKGROUND

The City of Rancho Cordova (City) issued a Request for Proposal (RFP) for the veterans affordable housing project in July 2022. The City received three proposals and Mercy Housing California, Veterans Housing Development Corporation, and its developer partner, Nation's Finest, were selected for the Mather Veterans Village Phase 4 project. The Mather Veterans Village Phase 4 project is a 70-unit multifamily residential apartment project for homeless and/or disabled veterans or homeless households. One hundred percent of the units will be rented at an affordable monthly rent to households earning up to 50 percent of area median income for a period of 55 years. The project will have a priority for serving seniors aged 62 and over. The project will be new construction, three stories, single-loaded, and elevator-served. The unit mix includes 58 one-bedroom units and 12 two-bedroom units. Mercy Housing California, on behalf of the City, has submitted multiple applications for State and Federal funding in the past and has received tax credits for previous phases. Mercy Housing California intends to submit for competitive funding to complete this project in July 2024. Predevelopment funding for the project is vital to initiate architectural and engineering plans and align with a potential tax credit award in October 2024, which would require construction to start within 180 days following an award.

In October 2022, staff submitted a five-year plan application to the California Department of Housing and Community Development (HCD) for the Permanent Local Housing Allocation (PLHA) program funding. The program provides funding to local governments in California for housing-related projects and programs that assist in addressing unmet housing needs. On December 12, 2022, HCD awarded the City an annual allocation over the 2019-2023 five-year period totaling \$1,712,196. On October 3, 2022, the City Council adopted Resolution No. 181-2022 authorizing the City Manager to enter into a Standard Agreement with HCD for the PLHA funds. The PLHA Standard Agreement between the City and HCD was executed on June 16, 2023.

The purpose of this item is to provide direction on allocating \$467,024 of the PLHA funding to the Mather Veterans Village Phase 4 Affordable Housing project to start predevelopment activities in the form of a forgivable loan. The PLHA funding for the Mather Veterans Village Phase 4 Project will be used to start the architectural and engineering documents (building plans) needed to construct the project. Mercy Housing California, the project developer, will submit an application for federal and State credits in July 2024. If the application is successful, the project will be on a tight timeline to begin construction within six months of the award notification, by early 2025. Therefore, getting started on the architectural and engineering plans at this time will position the project to meet the required construction start deadline with a successful tax credit award. If this application is unsuccessful, Mercy Housing California will apply again in February 2025 and will similarly be well-prepared to begin construction in late 2025.

This predevelopment loan will be for a term of two (2) years. The loan will be evidenced by a promissory note and secured by an assignment of the architectural and engineering agreements. The outstanding principal balance will accrue simple interest at the rate of three percent (3%) per annum. This two-year term may be extended up to an additional two years to a total four-year initial term. If, or when, the project moves forward to construction, this loan will be rolled into a construction/permanent loan for the project and the term extended to fifty-five (55) years. In the event that Mercy Housing California is not able to secure all the financial assistance needed to acquire and construct the Mather Veterans Village Phase 4 project within the initial term, this predevelopment loan will be forgiven by the City. If the loan is forgiven, the architectural and engineering agreements will be assigned to the City, and the City will take possession of the documents and materials produced under those agreements.

There is no City General Fund financial commitment to this project. Local City and Sacramento County funding for the project utilizes American Rescue Plan Act (ARPA) and Community Project Funding. The total of these sources dedicated to this project, including this PLHA request, is \$6,467,024. The project has also received 70 Project Based Vouchers from the Sacramento Housing and Redevelopment Agency (SHRA).

FISCAL IMPACT AND FUNDING SOURCE

Permanent Local Housing Allocation (PLHA) funding will be accessible for this project once the City has acquired the project site from Sacramento County, anticipated for the end of June 2024. In the interim, there will be a limited fiscal impact on the City's General Fund Housing Trust Fund. Once PLHA funds are accessible, this impact to the City's General Fund will be reimbursed. Ultimately, there will be no fiscal impact from this action. This action will utilize and expend State affordable housing grant funding.

- 2.1 Borrower's Representations. Borrower represents and warrants to City as follows,

and Borrower covenants that until the expiration or earlier termination of this Agreement, upon learning of any fact or condition which would cause any of the warranties and representations in this Section 2.1 not to be true, Borrower shall immediately give written notice of such fact or condition to City. Borrower acknowledges that City shall rely upon Borrower's representations made herein notwithstanding any investigation made by or on behalf of City.

(i) Authority. Borrower is a nonprofit public benefit corporation duly formed and in good standing under the laws of the State of California. Borrower has the full right, power and authority to undertake all obligations of Borrower as provided herein, and Borrower's execution, performance and delivery of this Agreement and the City Documents have been duly authorized by all requisite actions.

(ii) No Conflict. Borrower's execution, delivery and performance of its obligations under this Agreement will not constitute a default or a breach under any contract, agreement or order to which Borrower is a party or by which it is bound.

(iii) No Litigation or Other Proceeding. No litigation or other proceeding (whether administrative or otherwise) is outstanding or has been threatened which would prevent, hinder or delay the ability of Borrower to perform its obligations under this Agreement.

(iv) No Borrower Bankruptcy. Borrower is not the subject of a bankruptcy or insolvency proceeding.

2.2 City Representations. City represents and warrants to Borrower as follows, and City covenants that until the expiration or earlier termination of this Agreement, upon learning of any fact or condition which would cause any of the warranties and representations in this Section 2.2 not to be true, City shall immediately give written notice of such fact or condition to Borrower. City acknowledges that Borrower shall rely upon City's representations made herein notwithstanding any investigation made by or on behalf of Borrower.

(i) Authority. City is a municipal corporation duly organized and in good standing under the laws of the State of California. 2.3 Effective Date. The representations and warranties of Borrower and City hereunder shall be effective as of the Effective Date.

ARTICLE III PREDEVELOPMENT WORK

3.1 Designs and Plans. Borrower covenants that it shall prepare all designs and plans which may be required by City and any other governmental agency having jurisdiction over the construction of the Affordable Housing Project, in accordance with the requirements of the Scope of Predevelopment Work attached hereto as Exhibit B and incorporated herein. Borrower shall be solely responsible for all direct and indirect costs and expenses incurred in connection with the foregoing.

3.2 Liens and Stop Notices. Borrower shall not allow to be placed on the Property or any part thereof any lien or stop notice on account of materials supplied to or labor performed on behalf of Borrower. If a claim of a lien or stop notice is given or recorded affecting the Property, Borrower shall within thirty (30) days of such recording or service: (a) pay and discharge (or cause to be paid and discharged) the same; or (b) effect the release thereof by recording and delivering (or causing to be recorded and delivered) to the party entitled thereto a surety bond in sufficient form and amount or provide other assurance satisfactory to City that the claim of lien or stop notice will be paid or discharged.

3.3 Right of City to Satisfy Liens on the Property. If Borrower fails to satisfy or discharge any lien or stop notice on the Property pursuant to Section 3.2 above, the City shall have the right, but not the obligation, to satisfy any such liens or stop notices at Borrower's expense and without further notice to Borrower. In such event Borrower shall be liable for and shall immediately reimburse City for such paid lien or stop notice. Alternatively, the City may require Borrower to immediately deposit with City the amount necessary to satisfy such lien or claim pending resolution thereof. The City may use such deposit to satisfy any claim or lien that is adversely determined against Borrower. The City may (but has no obligation to) record any notices of completion or cessation of labor, or any other notice that the City deems necessary or desirable to protect its interest in the Property.

ARTICLE IV CITY FINANCIAL ASSISTANCE

4.1 Predevelopment Loan. The City shall provide a loan to Borrower in the amount of Four Hundred Sixty Seven Thousand Twenty Four Dollars (\$467,024) (the "**Predevelopment Loan**"), upon the terms and conditions and for the purposes set forth in this Agreement. The Predevelopment Loan shall be evidenced by a promissory note (the "**Promissory Note**") substantially in the form attached hereto as Exhibit C, and shall be secured by an assignment of architectural and engineering agreements (the "**Assignment of Architectural and Engineering Agreements**") executed by Borrower substantially in the form attached hereto as Exhibit D. The outstanding principal balance of the Note will accrue simple interest at the rate of three percent

(3%) per annum.

Provided that Borrower has complied with all conditions precedent to disbursement of the Predevelopment Loan set forth in Section 4.3, the proceeds of the Predevelopment Loan (“**Predevelopment Loan Proceeds**”) shall be disbursed in accordance with Section 4.2 hereof, only for the purposes set forth in Section 4.2.

4.2 Use and Disbursement of Proceeds. The Predevelopment Loan Proceeds shall be used for predevelopment costs, including but not limited to architecture and design costs, legal and consultant fees, and other predevelopment related costs, all in accordance with the Scope of Predevelopment Work. Predevelopment Loan proceeds shall not be used or disbursed for developer fee, overhead or profit.

4.3 Conditions to Disbursement of Predevelopment Loan Proceeds. City’s obligation to fund the Predevelopment Loan Proceeds for the purposes of Section 4.2 above is conditioned upon the satisfaction of all of the following conditions:

(a) Borrower’s delivery to City of a certified resolution indicating that Borrower is authorized to consummate this transaction and that the persons executing this Agreement and the City Documents on Borrower’s behalf have been duly authorized to do so.

(b) Borrower’s delivery to the City of evidence of all insurance coverage required in accordance with the requirements set forth in Article 7 hereof.

(c) Borrower’s delivery of the Promissory Note and the Assignment of Architectural and Engineering Agreements, fully executed.

(d) The City has received a written draw request from the Borrower, setting forth the proposed uses of funds consistent with the Scope of Predevelopment Work, the amount of funds needed, and, where applicable, a copy of the bill or invoice covering a cost incurred or to be incurred.

(e) There exists no Event of Borrower Default nor any act, failure, omission or condition that would constitute an Event of Borrower Default under this Agreement.

(f) The proposed use of the funds is in accordance with the Scope of Predevelopment Work.

4.4 Repayment of the Predevelopment Loan.

The Parties intend that if the Borrower acquires the Property from City, the Predevelopment Loan will be rolled into a construction/permanent loan for the Project (the “**City Loan**”). In the event that Borrower and City enter into the City Loan, the Predevelopment Loan will be incorporated into such loan and the terms of the Predevelopment Loan shall be modified to: (i) extend the Term to fifty-five (55) years from the date of issuance of a certificate of occupancy for the Affordable Housing Project; (ii) modify the Loan repayment terms to have the interest

accrue and be payable annually, and to include annual residual receipt payments that shall be due and payable on a pro-rata residual receipts basis in accordance with the agreed upon formula set forth in the amended City Loan agreement; (iii) combine the Predevelopment Loan amounts already disbursed with any new funding approved by the City for Affordable Housing Project construction; and (iv) to secure the loan with a deed of trust on the Property and to terminate the Assignment of Architectural and Engineering Agreements. Notwithstanding the foregoing, however, Borrower shall pay all outstanding principal and accrued interest on the Predevelopment Loan, in full, on the earliest to occur of (i) a Borrower Event of Default for which the City exercises its right to cause the Predevelopment Loan indebtedness to become immediately due and payable, (ii) Borrower's acquisition of the Property pursuant to the Option Agreement or the earlier expiration termination of the Option Agreement, and (iii) two years from the Effective Date (the "Outside Closing Date"), provided that Borrower may request up to extend the Outside Closing Date for an additional one year period, and upon expiration of that one year extension, may request one additional one year extension thereafter (the "**Term**").

4.5 Prepayment; Acceleration. Borrower shall have the right to prepay the Predevelopment Loan at any time and from time to time, without penalty or premium, provided that any prepayment of principal must be accompanied by interest accrued but unpaid to the date of prepayment. Prepayments shall be applied first to accrued but unpaid interest and then to principal.

4.6 Nonrecourse. Except as expressly provided in this Section 4.6, Borrower and the members of the Borrower shall have no personal liability for payment of the principal of, or interest on the Promissory Note, and the sole recourse of City with respect to the payment of the principal of, and interest on the Promissory Note shall be to any collateral held by City as security for the Promissory Note. The foregoing limitation of liability is intended to apply only to the obligation for the repayment of the principal of, and payment of interest on the Promissory Note; nothing contained herein is intended to relieve the Borrower of its obligation to indemnify the City under this Agreement, or liability to the extent of any loss for fraud or intentional misrepresentation, or bad faith, waste, willful misrepresentation by the Borrower.

4.7 Forgiveness of Predevelopment Loan in Certain Circumstances. Provided that the Borrower is not in default under this Agreement, if, prior to or on expiration of the Term, Borrower does not receive commitments of all projected financial assistance or reasonable substitutions therefor, including grants and loans, necessary to acquire and construct the Affordable Housing Project despite the Borrower's commercially reasonable efforts to obtain such funding, then City shall forgive the Predevelopment Loan and terminate the City Documents, provided that Borrower take all actions reasonably necessary to implement the Assignment of Architectural and Engineering Agreements.

ARTICLE V LIMITATIONS ON CHANGE IN OWNERSHIP, MANAGEMENT AND CONTROL OF BORROWER

5.1 Change Pursuant to this Agreement. Borrower has represented that it possesses the

necessary expertise, skill and ability to carry out the Predevelopment Work as provided herein. The qualifications, experience, financial capacity and expertise of Borrower is of particular concern to the City. It is because of these qualifications, experience, financial capacity and expertise that the City has entered into this Agreement with Borrower. No voluntary or involuntary successor, assignee or transferee of Borrower shall acquire any rights or powers under this Agreement, except as expressly provided herein.

5.2 Prohibition on Transfer. Prior to the later of expiration of the term of the Predevelopment Loan and the payment in full of the Promissory Note, Borrower shall not, except as expressly permitted by this Agreement, directly or indirectly, voluntarily, involuntarily or by operation of law make or attempt any total or partial sale, transfer, conveyance, assignment or lease (collectively, “**Transfer**”) of this Agreement or any of the City Documents, without the prior written approval of City, which approval shall not be unreasonably withheld. Any such attempt to assign this Agreement without the City’s consent shall be null and void and shall confer no rights or privileges upon the purported assignee. In addition to the foregoing, prior to the later of expiration of the term of the Predevelopment Loan and the payment in full of the Promissory Note, except as expressly permitted by this Agreement, Borrower shall not undergo any significant change of ownership without the prior written approval of City. For purposes of this Agreement, a “significant change of ownership” shall mean a transfer of the beneficial interest of more than twenty-five percent (25%) in aggregate of the present ownership and/or control of Borrower, taking all transfers into account on a cumulative basis.

5.3 Permitted Transfers. Notwithstanding any contrary provision hereof, the prohibitions set forth in this Article V shall not be deemed to prevent a Transfer to an entity which is under the direct control or under common control with Borrower, or in which Borrower or one of its affiliates is the general partner or sole member of the general partner (“**Controlled Affiliate**”).

5.4 Requirements for Proposed Transfers. The City may, in the exercise of its sole discretion, consent to a proposed Transfer of this Agreement if all of the following requirements are met (provided however, the requirements of this Section 5.4 shall not apply to Transfers described in Section 5.3):

(i) The proposed transferee demonstrates to the City’s satisfaction that it has the qualifications, experience and financial resources necessary and adequate as may be reasonably determined by the City to competently complete the Predevelopment Work and to otherwise fulfill the obligations undertaken by the Borrower under this Agreement.

(ii) The Borrower and the proposed transferee shall submit for City review and approval all instruments and other legal documents proposed to effect any Transfer of this Agreement together with such documentation of the proposed transferee’s qualifications and capacity as the City may reasonably request.

(iii) The proposed transferee shall expressly assume all of the rights and obligations of the Borrower under this Agreement, all other City Documents and all obligations of Borrower arising prior to the effective date of the Transfer (unless Borrower expressly remains responsible for such obligations) and shall agree to be subject to and assume all of

Borrower's obligations set forth in this Agreement.

(iv) The Transfer shall be effectuated pursuant to a written instrument satisfactory to the City.

Consent to any proposed Transfer may be given by the City Manager unless the City Manager, in his or her discretion, refers the matter of approval to the City Council. If the City rejects a proposed Transfer, the City, as applicable, shall provide the reasons for such rejection in writing within thirty (30) days following receipt of written request by Borrower, and representatives of the City shall meet with Borrower and the proposed transferee to discuss in good faith the reasons for the rejection and Borrower's and transferee's responses thereto.

5.5 Effect of Transfer without City Consent.

5.5.1 In the absence of specific written agreement by the City, no Transfer by Borrower shall be deemed to relieve the Borrower or any other party from any obligation under this Agreement.

5.5.2 Without limiting any other remedy City may have under this Agreement, or under law or equity, this Agreement may be terminated by City if without the prior written approval of the City, Borrower assigns or Transfers this Agreement. This Section 5.5.2 shall not apply to Transfers permitted under Section 5.3.

5.6 Recovery of City Costs. Borrower shall reimburse City for all costs, including but not limited to attorneys' fees, incurred in reviewing instruments and other legal documents proposed to affect a Transfer under this Agreement and in reviewing the qualifications and financial resources of a proposed successor, assignee, or transferee within ten days following City's delivery to Borrower of an invoice detailing such costs. This Section 5.6 shall not apply to Transfers permitted under Section 5.3.

ARTICLE VI DEFAULTS, REMEDIES AND TERMINATION

6.1 Event of Borrower Default. The following events shall constitute an event of default on the part of Borrower ("Event of Borrower Default"):

(a) Borrower fails to pay when due the principal and interest (if any) payable under the Promissory Note and such failure continues for thirty (30) days after City notifies Borrower thereof in writing;

(b) A Transfer occurs, either voluntarily or involuntarily, in violation of Article V;

(c) Borrower fails to maintain insurance as required pursuant to this Agreement, and Borrower fails to cure such default within ten (10) days following notice

thereof from the City;

(d) Any representation or warranty contained in this Agreement or in any financial statement, certificate or report submitted to the City in connection with this Agreement or Borrower's request for the Predevelopment Loan proves to have been false in any material and adverse respect when made and continues to be materially adverse to the City;

(e) If, pursuant to or within the meaning of the United States Bankruptcy Code or any other federal or state law relating to insolvency or relief of debtors ("**Bankruptcy Law**"), Borrower (i) commences a voluntary case or proceeding; (ii) consents to the entry of an order for relief against Borrower in an involuntary case; (iii) consents to the appointment of a trustee, receiver, assignee, liquidator or similar official for Borrower; (iv) makes an assignment for the benefit of its creditors; or (v) admits in writing its inability to pay its debts as they become due;

(f) A court of competent jurisdiction shall have made or entered any decree or order:

(1) adjudging the Borrower to be bankrupt or insolvent,

(2) approving as properly filed a petition seeking reorganization of the Borrower or seeking any arrangement for Borrower under bankruptcy law or any other applicable debtor's relief law or statute of the United States or any state or other jurisdiction,

(3) appointing a receiver, trustee, liquidator, or assignee of the Borrower in bankruptcy or insolvency or for any of its properties, or

(4) directing the winding up or liquidation of the Borrower;

(g) Borrower shall have assigned its assets for the benefit of its creditors (other than pursuant to a mortgage loan) or suffered a sequestration or attachment of or execution on any substantial part of its property, unless the property so assigned, sequestered, attached or executed upon shall have been returned or released within sixty (60) days after such event (unless a lesser time period is permitted for cure under any other mortgage on the Property, in which event such lesser time period shall apply under this subsection as well) or prior to any sooner sale pursuant to such sequestration, attachment, or execution;

(h) The Borrower shall have voluntarily suspended its business or Borrower shall have been dissolved or terminated;

(i) An event of default arises under this Agreement or any City Document and remains uncured beyond any applicable cure period; or

(j) Borrower defaults in the performance of any term, provision, covenant or agreement contained in this Agreement other than an obligation enumerated in this Section 6.1 and unless a shorter cure period is specified for such default, the default continues for ten (10) days in the event of a monetary default or thirty (30) days in the event of a nonmonetary default

after the date upon which City shall have given written notice of the default to Borrower; provided however, if the default is of a nature that it cannot be cured within thirty (30) days, a Borrower Event of Default shall not arise hereunder if Borrower commences to cure the default within thirty (30) days and thereafter prosecutes the curing of such default with due diligence and in good faith to completion and in no event later than ninety (90) days after receipt of notice of the default or such longer period as the City may allow.

6.2 City Default. An event of default on the part of City (“**Event of City Default**”) shall arise hereunder if City fails to keep, observe, or perform any of its covenants, duties, or obligations under this Agreement, and the default continues for a period of thirty (30) days after written notice thereof from Borrower to City, or in the case of a default which cannot with due diligence be cured within thirty (30) days, City fails to commence to cure the default within thirty (30) days of such notice and thereafter fails to prosecute the curing of such default with due diligence and in good faith to completion.

6.3 City’s Right to Terminate Agreement. If an Event of Borrower Default shall occur and be continuing beyond any applicable cure period, then City shall, in addition to other rights available to it under law or this Agreement, have the right to terminate this Agreement. If City makes such election, City shall give written notice to Borrower and to any mortgagee entitled to such notice specifying the nature of the default and stating that this Agreement shall expire and terminate on the date specified in such notice, and upon the date specified in the notice, this Agreement and all rights of Borrower under this Agreement, shall expire and terminate.

6.4 City’s Remedies and Rights Upon an Event of Borrower Default. Upon the occurrence of an Event of Borrower Default and the expiration of any applicable cure period, City shall have all remedies available to them under law or equity, including, but not limited to the following, City may, at its election, without notice to or demand upon Borrower, except for notices or demands required by law or expressly required pursuant to this Agreement or the City Documents, exercise one or more of the following remedies:

- (a) Accelerate and declare the balance of the Promissory Note and interest accrued thereon immediately due and payable;
- (b) Seek specific performance to enforce the terms of this Agreement or City Documents;
- (c) Pursue any and all other remedies available under law to enforce the terms of the this Agreement and the City Documents and City’s rights thereunder.

6.5 Borrower’s Remedies Upon an Event of City Default. Upon the occurrence of an Event of City Default, in addition to pursuing any other remedy allowed at law or in equity or otherwise provided in this Agreement, Borrower may bring an action for equitable relief seeking the specific performance of the terms and conditions of this Agreement, and/or enjoining, abating, or preventing any violation of such terms and conditions, and/or seeking to obtain any other remedy consistent with the purpose of this Agreement.

6.6 Remedies Cumulative; No Consequential Damages. Except as otherwise expressly stated in this Agreement, the rights and remedies of the Parties are cumulative, and the exercise by any Party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different time, of any other rights or remedies for the same or any other default by the other Party. Notwithstanding anything to the contrary set forth herein, a party's right to recover damages in the event of a default shall be limited to actual damages and shall exclude consequential damages.

6.7 Inaction Not a Waiver of Default. No failure or delay by any Party in asserting any of its rights and remedies as to any default shall operate as a waiver of such default or of any such rights or remedies, nor deprive any Party of its rights to institute and maintain any action or proceeding which it may deem necessary to protect, assert or enforce any such rights or remedies in the same or any subsequent default.

ARTICLE VII INDEMNITY AND INSURANCE.

7.1 Indemnity. Borrower shall indemnify, defend (with counsel approved by City, such approval not to be unreasonably withheld) and hold Indemnitees harmless from and against any and all Claims, including without limitation, Claims arising directly or indirectly, in whole or in part, as a result of or in connection with Borrower's or Borrower's contractors, subcontractors, agents or employees in the performance of the Predevelopment Work, or any part thereof or otherwise arising out of or in connection with Borrower's performance under this Agreement. Borrower's indemnification obligations under this Section 7.1 shall not extend to Claims resulting from the gross negligence or willful misconduct of Indemnitees. The provisions of this Section 7.1 shall survive the expiration or earlier termination of this Agreement. It is further agreed that City does not and shall not waive any rights against Borrower that they have by reason of this indemnity and hold harmless agreement because of the acceptance by City, or the deposit with City by Borrower, of any of the insurance policies described in this Agreement.

7.2 Insurance.

(a) Borrower and all contractors working on behalf of Borrower on the Predevelopment Work shall maintain the insurance coverage as described in the City Insurance Requirements attached hereto Exhibit E and incorporated herein.

(b) Prior to closing of the Predevelopment Loan, Borrower shall furnish City with certificates of insurance in form acceptable to City evidencing the required insurance coverage and duly executed endorsements evidencing such additional insured status. Each certificate shall contain all provisions required in the City Insurance Requirements.

(c) If any insurance policy or coverage required hereunder is canceled or reduced, Borrower shall, within fifteen (15) days after receipt of notice of such cancellation or reduction in coverage, but in no event later than the effective date of cancellation or reduction, file with City a certificate showing that the required insurance has been reinstated or provided

through another insurance company or companies. Upon failure to so file such certificate, City may, without further notice and at its option, procure such insurance coverage at Borrower's expense, and Borrower shall promptly reimburse City for such expense upon receipt of billing from City.

ARTICLE VIII MISCELLANEOUS PROVISIONS

8.1 Enforced Delay; Extension of Times of Performance. Subject to the limitations set forth below, performance by any Party shall not be deemed to be in default, and all performance and other dates specified in this Agreement shall be extended where delays are due to: war, insurrection, strikes, lockouts, riots, floods, earthquakes, fires, casualties, acts of God, acts of the public enemy, epidemics, pandemics, quarantine restrictions, freight embargoes, governmental restrictions or priority, litigation, including court delays, unusually severe weather, acts or omissions of the other Parties, acts or failures to act of any other public or governmental agency or entity (other than the acts or failures to act of City which shall not excuse performance by City), or any other cause beyond the affected Party's reasonable control. An extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the Party claiming such extension is sent to the other Parties within thirty (30) days of the commencement of the cause and such extension is not rejected in writing by the other Parties within ten (10) days of receipt of the notice. None of the Parties shall unreasonably withhold consent to an extension of time pursuant to this Section.

Times of performance under this Agreement may also be extended in writing by the mutual agreement of Borrower and City (acting in the discretion of its City Manager unless he or she determines in his or her discretion to refer such matter to the City Council). City and Borrower acknowledge that adverse changes in economic conditions, either of the affected Party specifically or the economy generally, changes in market conditions or demand, and/or inability to obtain financing to complete the work of Improvements shall not constitute grounds of enforced delay pursuant to this Section. Each Party expressly assumes the risk of such adverse economic or market changes and/or financial inability, whether or not foreseeable as of the Effective Date.

8.2 Notices. Except as otherwise specified in this Agreement, all notices to be sent pursuant to this Agreement shall be made in writing, and sent to the Parties at their respective addresses specified below or to such other address as a Party may designate by written notice delivered to the other parties in accordance with this Section. All such notices shall be sent by:

(i) personal delivery, in which case notice is effective upon delivery; (ii) certified or registered mail, return receipt requested, in which case notice shall be deemed delivered on receipt if delivery is confirmed by a return receipt; or (iii) nationally recognized overnight courier, with charges prepaid or charged to the sender's account, in which case notice is effective on delivery if delivery is confirmed by the delivery service;

8.3 Attorneys' Fees. If any Party fails to perform any of its obligations under this Agreement, or if any dispute arises between the Parties concerning the meaning or interpretation of any provision hereof, then the prevailing party in any proceeding in connection with such dispute shall be entitled to the costs and expenses it incurs on account thereof and in enforcing or establishing its rights hereunder, including, without limitation, court costs and reasonable attorneys' fees and disbursements.

8.4 Waivers; Modification. No waiver of any breach of any covenant or provision of this Agreement shall be deemed a waiver of any other covenant or provision hereof, and no waiver shall be valid unless in writing and executed by the waiving party. An extension of time for performance of any obligation or act shall not be deemed an extension of the time for performance of any other obligation or act, and no extension shall be valid unless in writing and executed by the waiving party. This Agreement may be amended or modified only by a written instrument executed by the Parties.

8.5 Binding on Successors. Subject to the restrictions on Transfers set forth in Article V, this Agreement shall bind and inure to the benefit of the Parties and their respective permitted successors and assigns. 8.6 Construction. The section headings and captions used herein are solely for convenience and shall not be used to interpret this Agreement. The Parties acknowledge that this Agreement is the product of negotiation and compromise on the part of both Parties, and the Parties agree, that since all of the Parties have participated in the negotiation and drafting of this Agreement, this Agreement shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if all Parties had prepared it.

8.7 Action or Approval. Except as may be otherwise specifically provided in this Agreement, whenever any approval, notice, direction, finding, consent, request, waiver, or other action by the City is required or permitted under this Agreement, such action may be given, made, or taken by the City Manager, or by any person who shall have been designated in writing by the City, without further approval by the City Council. Any such action shall be in writing. The Borrower acknowledges that nothing in this Agreement (including any approval by the City Manager in accordance with this Agreement) shall limit, waive, or otherwise impair the authority and discretion of: (i) the City's Community Development Department, in connection with the review and approval of the proposed construction plans for the Development (or any change to such plans), or any use, or proposed use, of the Property, (ii) the City's issuance of a building

Any executed counterpart of this Amendment may be delivered to the other Parties by facsimile and shall be deemed as binding as if an originally signed counterpart was delivered.

8.10 Severability. If any term, provision, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall continue in full force and effect unless an essential purpose of this Agreement is defeated by such invalidity or unenforceability.

8.14 Time of the Essence; Calculation of Time Periods. Time is of the essence for each condition, term, obligation and provision of this Agreement. Unless otherwise specified, in computing any period of time described in this Agreement, the day of the act or event after which the designated period of time begins to run is not to be included and the last day of the period so computed is to be included, unless such last day is not a business day, in which event the period shall run until the next business day. PROMISSORY NOTE
(Mather Veterans Village Phase IV)

\$467,024

Rancho Cordova, California
_____, 2024

FOR VALUE RECEIVED, Mercy Housing California, a California nonprofit public benefit corporation ("Borrower"), hereby promises to pay to the order of the City of Rancho Cordova, a California municipal corporation ("Holder"), 2729 Prospect Park Drive, Rancho Cordova, California, 95670, Attn: Housing Division, the principal amount of Four Hundred Sixty Seven Thousand Twenty Four Dollars (\$467,024), plus interest thereon pursuant to Section 2 below (the "City Loan").

1. Borrower's Obligation. This promissory note (the "Note") evidences Borrower's obligation to pay Holder the principal amount of up to Four Hundred Sixty Seven Thousand Twenty Four Dollars (\$467,024) with interest for the funds loaned to Borrower by Holder pursuant to the Predevelopment Loan Agreement between Borrower and Holder, dated March 1, 2024 (the "Loan Agreement"). All capitalized terms not otherwise defined in this Note shall have the meanings set forth in the Loan Agreement.

2. Interest. The City Loan bears interest from the date of this Note at three percent (3%) simple interest, until full repayment of the outstanding balance of the City Loan.

3. Term and Repayment Requirements. All amounts currently outstanding on the Note shall be paid in full to Holder upon the first to occur of (a) the date of closing of Borrower's acquisition of the Property (as defined in the Predevelopment Loan Agreement), or (b) the expiration of the Term of the Predevelopment Loan Agreement as provided in Section 4.4 thereof, or (c) the date Holder declares this Note immediately due and payable pursuant to Section 8(b) hereof.

4. Prepayment. Borrower may prepay the City Loan, or any portion thereof, at any time without penalty or fee.

5. Assumption. This Note shall not be assumable by the successors and assigns of Borrower without the prior written consent of Holder unless the assignment complies with Section 5.3 of the Predevelopment Loan Agreement. Holder may assign its interest in the Note to any person or entity in Holder's sole discretion.

6. Security. This Note shall be secured by an Assignment of Architectural and Engineering Agreements ("Assignment"). This Note is nonrecourse to Borrower, and the sole recourse of Holder with respect to the payment of the principal of, and interest on this Note shall be to the Assignment and any other collateral held by Holder as security for this Note; provided however, nothing contained herein is intended to relieve the Borrower of liability to the extent of any loss for fraud or intentional misrepresentation by the Borrower; or be deemed in any way to limit the rights of the Holder to obtain specific performance by the Borrower of its covenants under the City Documents, other than the covenants to pay the Holder principal and

interest due under this Note. Notwithstanding the foregoing, upon acquisition of the Property, if the City Loan is modified to convert to a permanent funding source as contemplated in the Loan Agreement, this Note will be secured by a deed of trust against the Property.

7. Terms of Payment.

(a) All payments due under this Note shall be paid in currency of the United States of America, which at the time of payment is lawful for the payment of public and private debts.

(b) All payments on this Note shall be paid to Holder at the address set forth in the first paragraph of this Note, or to such other place as Holder of this Note may from time to time designate.

(c) All payments on this Note shall be without expense to Holder, and Borrower agrees to pay all costs and expenses, including re-conveyance fees and reasonable attorney's fees of Holder, incurred in connection with the payment of this Note and the release of any security hereof.

(d) Notwithstanding any other provision of this Note, or any instrument securing the obligations of Borrower under this Note, if, for any reason whatsoever, the payment of any sums by Borrower pursuant to the terms of this Note would result in the payment of interest which would exceed the amount that Holder may legally charge under the laws of the State of California, then the amount by which payments exceed the lawful interest rate shall automatically be deducted from the principal balance owing on this Note, so that in no event shall Borrower be obligated under the terms of this Note to pay any interest which would exceed the lawful rate.

8. Default.

(a) Any of the following shall constitute an event of default under this Note:

(i) Any failure to pay, in full, any payment required under this Note when due following written notice by the Holder of such failure and ten (10) days opportunity to cure;

(ii) Any failure in the performance by Borrower of any term, condition, provision or covenant set forth in this Note subject to the notice and cure period set forth in Section 6.1 of the Predevelopment Loan Agreement; and

(iii) The occurrence of any Borrower event of default under the Predevelopment Loan Agreement, the Assignment, or other instrument securing the obligations of Borrower under this Note or under any other promissory notes hereafter issued by Borrower to Holder pursuant to the Loan Agreement (the "City Loan Documents"), subject to notice and cure periods, if any, set forth therein.

(b) Upon the occurrence of one or more of the foregoing events of default, the entire unpaid principal balance, together with all interest thereon, and together with all other sums then payable under this Note shall at the option of Holder become immediately due and payable upon written notice by Holder to Borrower without further demand.

(c) Holder's failure to exercise the remedy set forth in Section 8(b) above or any other remedy provided by law upon the occurrence of one or more of the foregoing events of default shall not constitute a waiver of the right to exercise any remedy at any subsequent time in respect to the same or any other default. The acceptance by Holder hereof of any payment which is less than the total of all amounts due and payable at the time of such payment shall not constitute a waiver of the right to exercise any of the foregoing remedies or options at that time or at any subsequent time, or nullify any prior exercise of any such remedy or option, without the express consent of Holder, except as and to the extent otherwise provided by law.

(d) Notwithstanding anything herein to the contrary, Holder hereby agrees that any cure of any default made or tendered by one or more of Borrower's limited partners shall be deemed a cure by Borrower and shall be accepted or rejected on the same basis as if made or tendered by Borrower.

9. Waivers.

(a) Borrower hereby waives diligence, presentment, protest and demand, and notice of protest, notice of demand, notice of dishonor and notice of non-payment of this Note. Borrower expressly agrees that this Note or any payment hereunder may be extended from time to time, and that Holder may accept further security or release any security for this Note, all without in any way affecting the liability of Borrower.

(b) Any extension of time for payment of this Note or any installment hereof made by agreement of Holder with any person now or hereafter liable for payment of this Note shall not operate to release, discharge, modify, change or affect the original liability of Borrower under this Note, either in whole or in part.

(c) The obligations of Borrower under this Note shall be absolute and Borrower waives any and all rights to offset, deduct or withhold any payments or charges due under this Note for any reason whatsoever.

10. Miscellaneous Provisions.

(a) All notices to Holder or Borrower shall be given in the manner and at the addresses set forth in the Predevelopment Loan Agreement, or to such addresses as Holder and Borrower may therein designate.

(b) Borrower promises to pay all costs and expenses, including reasonable attorney's fees, incurred by Holder in the enforcement of the provisions of this Note, regardless of whether suit is filed to seek enforcement.

(c) This Note may not be changed orally, but only by an agreement in writing signed by the party against whom enforcement of any waiver, change, modification or discharge is sought.

(d) This Note shall be governed by and construed in accordance with the laws of the State of California.

(e) The times for the performance of any obligations hereunder shall be strictly construed, time being of the essence.

(f) This document, together with the City Loan Documents, contains the entire agreement between the parties as to the City Loan. It may not be modified except upon written consent of the parties.

IN WITNESS WHEREOF, Borrower is executing this Promissory Note as of the date first above written.

MEMORANDUM

ITEM 9.21.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Dalia Fadl, Principal Engineer
SUBJECT: **A RESOLUTION APPROVING THE ANNEXATION OF THE PRESERVE PROJECT TO THE CITY OF RANCHO CORDOVA COMMUNITY FACILITIES DISTRICT NO. 2014-2 (STREET, LIGHTING, AND LANDSCAPE MAINTENANCE)**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would approve Annexation Map. No.16 for the Preserve project to Community Facilities District No. 2014-2 (Street, Lighting, and Landscape Maintenance) and approves recording the annexation map and the Notice of Special Tax Lien.

BACKGROUND

On April 21, 2014, the City adopted a Resolution of Intention to establish a Community Facilities District (CFD) and Future Annexation Area for Citywide street, lighting, and landscape maintenance services. On June 2, 2014, the City adopted the resolution forming CFD No. 2014-2 pursuant to the Mello-Roos Community Facilities Act of 1982 (State of California Government Code Section 5311 et seq.) (the "Act"). The action defining the Future Annexation Area for the District provided for a more efficient process for the annexation of property when the property owners have provided unanimous consent. Defining the Future Annexation Area provided the resolution of intention, noticing, and public hearing for the entire Future Annexation Area, so these steps do not need to be repeated for each annexation.

The annexation process for projects within the future annexation area is streamlined by receiving a petition and waiver from the property owner(s), the City Council approving the Annexation Boundary Map by resolution, followed by the recording of the Annexation Boundary Map and Notice of Special Tax Lien by the City Clerk.

DISCUSSION

The project included in this action was conditioned to annex to CFD No. 2014-2 to provide funding for maintenance services including the maintenance, repair, replacement and lighting of public streets, roads, landscape, and appurtenant facilities in the public right of way. In April 2024, the property owner signed a unanimous approval of the annexation to CFD No. 2014-2 (see Attachment 4). Adoption of the attached Resolution approves Annexation Boundary Map

No. 16 for the Preserve project and directs the City Clerk to execute and record the Map and Notice of Special Tax Lien for the project.

FISCAL IMPACT AND FUNDING SOURCE

This annexation has no impact on the City's General Fund. Funds collected will be used for maintenance of streets, lighting, and landscape maintenance services.

“Residential Alley Parcel” means any Parcel of Residential Property that is determined by the City to have residential alleys that are part of the public roadways.

“Residential Property” means, collectively, Single Family Attached Property, Single Family Detached Property, Multi-Family Property, and Micro-Unit Property.

“Single Family Attached Property” means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued for construction of a residential structure consisting of two (2) to four (4) Units that share common walls, have separate Assessor’s Parcel numbers assigned to them (except for a duplex unit, which may share an Assessor’s Parcel with another duplex unit), and are offered as for-sale Units (which shall still be the case even if the Units are purchased and subsequently offered for rent by the owner of the Unit(s)), including such residential structures that meet the statutory definition of a condominium contained in Civil Code Section 1351.

“Single Family Detached Property” means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued for construction of a Unit that does not share a common wall with another Unit.

“Soundwall Parcel” means any Parcel of Developed Property whose tract boundary is encompassed by soundwalls maintained within the CFD.

“Special Tax Requirement” means the amount of revenue needed in any Fiscal Year to pay for the following: (i) Authorized Services, (ii) Administrative Expenses, and (iii) amounts needed to cure any delinquencies in the payment of Special Taxes which have occurred or (based on delinquency rates in prior years) may be expected to occur in the Fiscal Year in which the tax will be collected.

“Special Tax” means a special tax levied in any Fiscal Year on property within CFD No. 2014-2 to pay the Special Tax Requirement.

“Square Foot,” “Square Footage,” or “Square Feet” means the building square footage reflected on the original building permit issued for construction of a building.

“Taxable Property” means all Assessor’s Parcels within the boundaries of CFD No. 2014-2 which are not exempt from the Special Tax pursuant to law or Section E below.

“Taxable Public Property” means, in any Fiscal Year, all Assessor’s Parcels in CFD No. 2014-2

that had, in prior Fiscal Years, been taxed as Developed Property and subsequently came under the ownership of a public agency.

“Tax Zone” means a mutually exclusive tax zone identified in Attachment 1 of this Rate and Method of Apportionment of Special Tax, as may be updated to include new Parcels or new tax zones added to the CFD as a result of future annexations.

“Unit” means an individual single-family detached unit or an individual residential unit within a duplex, triplex, fourplex, townhome, condominium, or apartment structure. Unit shall also mean a rentable single hotel room or rentable unit on a Parcel of Hotel Property.

B. DATA COLLECTION FOR ANNUAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel number for all Parcels of Taxable Property within CFD No. 2014-2 and shall determine within which Tax Zone each Assessor’s Parcel is located. Upon each annexation of property into CFD No. 2014-2, the Administrator shall update Attachment 1 to include the new Assessor’s Parcel number(s). In addition, for all Parcels of Developed Property, if applicable to the Tax Zone in which the Parcels are located, the Administrator shall determine if each Parcel is an Ordinary Use Parcel, an Additional Load Parcel, a Residential Alley Parcel, a Decorative Lighting Parcel, an Additional Load and Decorative Lighting Parcel, a Residential Alley and Decorative Lighting Parcel, Private Street Parcel, 50/50 Public & Private Residential Street Parcel, or a Heavy Truck Traffic Parcel.

Based on review of building permit records for property within the CFD, the Administrator shall determine which Parcels in the CFD are Developed Property for purposes of levying the Special Tax pursuant to Section D below. For Single Family Attached Property, Multi-Family Property, Micro-Unit Property, and Hotel Property, the number of Units shall be determined by referencing the condominium plan, apartment plan, site plan or other development plan for the property. For Residential Property, the Administrator shall determine the Square Footage of each Unit. For Non-Residential Property, the Administrator shall determine the Acreage of, and Square Footage on, each Parcel.

If a Parcel in the CFD is rezoned prior to such Parcel becoming Developed Property, the City may in its sole discretion, move the Parcel to a different Tax Zone based on the rezone. If a Parcel rezones after the Parcel has been taxed as Developed Property in prior Fiscal Years, the City can either continue to apply the Maximum Special Tax to the Parcel that had applied prior to the rezone or, in the City’s sole discretion, allow for the Parcel to be moved to a different Tax Zone based on the rezone.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2014-2 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation

of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the parcel map.

D. METHOD OF LEVY AND COLLECTION OF SPECIAL TAX

Each Fiscal Year, the Special Tax shall be levied as follows until the amount of the levy equals the Special Tax Requirement for that Fiscal Year:

First: The Special Tax shall be levied proportionately on each Parcel of Developed Property up to 100% of the Maximum Special Tax determined for each category of Developed Property within the CFD and each Tax Zone until the amount levied is equal to the Special Tax Requirement for the Fiscal Year.

Second: If additional revenue is needed after the first step has been completed, the Special Tax shall be levied proportionately on each Parcel of Taxable Public Property up to 100% of the Maximum Special Tax that would have applied to the Parcel had the Parcel not become Public Property until the amount levied is equal to the Special Tax Requirement for the Fiscal Year.

The Special Tax for CFD No. 2014-2 shall be collected at the same time and in the same manner as ordinary ad valorem property taxes provided, however, that the City may (under the authority of Government Code Section 53340) collect Special Taxes at a different time or in a different manner if necessary to meet CFD No. 2014-2 financial obligations and the Special Tax shall be equally subject to foreclosure if delinquent.

E. LIMITATIONS Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no special Tax shall be levied on (i) any Parcel of Public Property that is not Taxable public Property, and (ii) any Parcel in CFD No. 2014-2 that is not Developed Property.

F. DURATION OF SPECIAL TAX

The Special Tax shall be levied in perpetuity to fund the Special Tax Requirement, unless no longer required as determined at the sole discretion of the City Council.

G. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Each Fiscal Year, the Administrator shall identify the current Assessor's Parcel number for all Parcels of Taxable Property within CFD No. 2014-2 and shall determine within which Tax Zone each Assessor's Parcel is located. Upon each annexation of property into CFD No. 2014-2, the Administrator shall update Attachment 1 to include the new Assessor's Parcel number(s). In addition, for all Parcels of Developed Property, if applicable to the Tax Zone in which the Parcels are located, the Administrator shall determine if each Parcel is an Ordinary Use Parcel, an Additional Load Parcel, a Residential Alley Parcel, a Decorative Lighting Parcel, an Additional Load and Decorative Lighting Parcel, a Residential Alley and Decorative Lighting Parcel, Private Street Parcel, 50/50 Public & Private Residential Street Parcel, or a Heavy Truck Traffic Parcel.

Based on review of building permit records for property within the CFD, the Administrator shall determine which Parcels in the CFD are Developed Property for purposes of levying the Special Tax pursuant to Section D below. For Single Family Attached Property, Multi-Family Property, Micro-Unit Property, and Hotel Property, the number of Units shall be determined by referencing the condominium plan, apartment plan, site plan or other development plan for the property. For Residential Property, the Administrator shall determine the Square Footage of each Unit. If a Parcel in the CFD is rezoned prior to such Parcel becoming Developed Property, the City may in its sole discretion, move the Parcel to a different Tax Zone based on the rezone. If a Parcel rezones after the Parcel has been taxed as Developed Property in prior Fiscal Years, the City can either continue to apply the Maximum Special Tax to the Parcel that had applied prior to the rezone or, in the City's sole discretion, allow for the Parcel to be moved to a different Tax Zone based on the rezone.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD

B. DATA COLLECTION FOR ANNUAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor's Parcel number for all Parcels of Taxable Property within CFD No. 2014-2 and shall determine within which Tax Zone each Assessor's Parcel is located. Upon each annexation of property into CFD No. 2014-2, the Administrator shall update Attachment 1 to include the new Assessor's Parcel number(s). In addition, for all Parcels of Developed Property, if applicable to the Tax Zone in which the Parcels are located, the Administrator shall determine if each Parcel is an Ordinary Use Parcel, an Additional Load Parcel, a Residential Alley Parcel, a Decorative Lighting Parcel, an Additional Load and Decorative Lighting Parcel, a Residential Alley and Decorative Lighting Parcel, Private Street Parcel, 50/50 Public & Private Residential Street Parcel, or a Heavy Truck Traffic Parcel.

Based on review of building permit records for property within the CFD, the Administrator shall determine which Parcels in the CFD are Developed Property for purposes of levying the Special Tax pursuant to Section D below. For Single Family Attached Property, Multi-Family Property, Micro-Unit Property, and Hotel Property, the number of Units shall be determined by referencing the condominium plan, apartment plan, site plan or other development plan for the property. For Residential Property, the Administrator shall determine the Square Footage of each Unit. For Non-Residential Property, the Administrator shall determine the Acreage of, and Square Footage on, each Parcel.

If a Parcel in the CFD is rezoned prior to such Parcel becoming Developed Property, the City may in its sole discretion, move the Parcel to a different Tax Zone based on the rezone. If a Parcel rezones after the Parcel has been taxed as Developed Property in prior Fiscal Years, the City can either continue to apply the Maximum Special Tax to the Parcel that had applied prior to the rezone or, in the City's sole discretion, allow for the Parcel to be moved to a different Tax Zone based on the rezone.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD

No. 2014-2 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the parcel map.

Each Fiscal Year, the Special Tax shall be levied as follows until the amount of the levy equals the Special Tax Requirement for that Fiscal Year:

First: The Special Tax shall be levied proportionately on each Parcel of Developed Property up to 100% of the Maximum Special Tax determined for each category of Developed Property within the CFD and each Tax Zone until the amount levied is equal to the Special Tax Requirement for the Fiscal Year.

Second: If additional revenue is needed after the first step has been completed, the Special Tax shall be levied proportionately on each Parcel of Taxable Public Property up to 100% of the Maximum Special Tax that would have applied to the Parcel had the Parcel not become Public Property until the amount levied is equal to the Special Tax Requirement for the Fiscal Year.

The Special Tax for CFD No. 2014-2 shall be collected at the same time and in the same manner as ordinary ad valorem property taxes provided, however, that the City may (under the authority of Government Code Section 53340) collect Special Taxes at a different time or in a different manner if necessary to meet CFD No. 2014-2 financial obligations and the Special Tax shall be equally subject to foreclosure if delinquent.

MEMORANDUM

ITEM 9.22.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Dalia Fadl, Principal Engineer
SUBJECT: **A RESOLUTION APPROVING THE BOUNDARY MAP FOR THE PRESERVE PROJECT ANNEXATION TO THE CITY OF RANCHO CORDOVA COMMUNITY FACILITIES DISTRICT NO. 2018-2 (COMMUNITY PLACES AND NEIGHBORHOOD GREENS)**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would approve Annexation Boundary Map No. 8 for the Preserve project to Community Facilities District No. 2018-2 (Community Places and Neighborhood Greens) and approve the recording of the Annexation Boundary Map and the Notice of Special Tax Lien.

BACKGROUND

On August 6, 2018, the City adopted a Resolution of Intention to establish a Community Facilities District (CFD) and Future Annexation Area for Citywide maintenance of community places and neighborhood greens. The special tax contributes to the cost of the operation and maintenance of public improvements, including community plazas, neighborhood greens, and regional trails. On September 17, 2018, the City adopted the Resolution forming CFD No. 2018-2 pursuant to the Mello-Roos Community Facilities Act of 1982 (State of California Government Code Section 5311 et seq.) (the "Act"). The action defining the Future Annexation Area for the District provided for a more efficient process for the annexation of property when the property owners have provided unanimous consent. Defining the Future Annexation Area provided the Resolution of Intention, noticing, and public hearing for the entire Future Annexation Area, so these steps do not need to be repeated for each annexation.

The annexation process for projects within the Future Annexation Area is streamlined to receiving a petition and waiver from the property owner(s), the City Council approving the Annexation Boundary Map by Resolution, followed by the recording of the Annexation Boundary Map and Notice of Special Tax Lien by the City Clerk.

DISCUSSION

The project included in this action was conditioned to annex to CFD No. 2018-2 to provide funding for maintenance of community places and neighborhood greens, including community

plazas and bicycle trails, and to pay for the capital replacement of said facilities. In April 2024, the property owners signed a unanimous approval of the annexation to CFD No. 2018-2 (see Attachment 4). Adoption of the attached Resolution approves Annexation Boundary Map No. 8 for the Preserve project and directs the City Clerk to execute and record the Annexation Boundary Map and Notice of Special Tax Lien for the project.

FISCAL IMPACT AND FUNDING SOURCE

This annexation has no impact on the City's General Fund. Funds collected will be used for maintenance of community places and neighborhood greens.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, APPROVING THE BOUNDARY MAP FOR THE PRESERVE PROJECT ANNEXATION TO THE CITY OF RANCHO CORDOVA COMMUNITY FACILITIES DISTRICT NO. 2018-2 (COMMUNITY PLACES AND NEIGHBORHOOD GREENS)

WHEREAS, the Conditions of Approval for the Preserve project require the property owner/applicant to participate in the provision of funding to provide fair share maintenance of Community Places and Neighborhood Greens associated with the project; and

WHEREAS, on August 6, 2018, the City adopted a Resolution of Intention to establish Community Facilities District No. 2018-2 (Community Places and Neighborhood Greens) (the "District") and Future Annexation Area for maintenance of community places and neighborhood greens. (the "Act"); and

WHEREAS, the action defining the Future Annexation Area for the District provided for a more efficient process for the annexation of property when the property owners have provided for their unanimous consent such that the annexation process for projects within the Future Annexation Area has been reduced to receiving a petition, consent and waiver from the property owner(s); and

WHEREAS, in April 2024, the property owner(s) executed a unanimous approval form which irrevocably consents to and votes in favor of the annexation of the property to the District and the levy of the special tax on the property to finance the services of the CFD in accordance with the Rate and Method of the District; and

WHEREAS, in the case of annexation proceedings, pursuant to Streets and Highways Code Section 3110.5, a separate map of the area proposed to be annexed is required to be prepared and adopted; and

WHEREAS, City staff has caused to be prepared Annexation Boundary Map No. 8 for the property known as the Preserve project, Exhibit A attached hereto, for the annexation of the property to No. 2018-2 (Community Places and Neighborhood Greens).

LIST OF FACILITIES AND SERVICES

The City of Rancho Cordova (the "City") is establishing Community Facilities District No. 2018-2 (Community Places and Neighborhood Greens) (the "CFD") to fund, in whole or in part, the following facilities and services (the terms "facilities" and "services" shall have the meaning as given in the Mello-Roos Community Facilities Act of 1982.

Community Plazas are typically located in Village and Town Centers to provide areas for congregation, socializing and community events/activities. Two Community Plazas are planned for the CFD.

Specific amenities will be determined on a site by site basis. Typical amenities may include, but are not limited to, expanded public gathering space; outdoor seating and shade structures; signage and lighting; trash and recycling receptacles; bicycle parking; features of interest such as fountains, art work, engaging landscapes and other unique structures/treatments; hardscape areas; and formal landscaping in planter boxes.

A system of Bicycle Trails, defined as the *Class I Bicycle Trails East of Sunrise Boulevard* in the City's Bicycle Trails Master Plan, is planned for the CFD. This system of trails will have an estimated 250,530 linear feet of bicycle trails (over 47 miles) that will be a part of the City's overall Bicycle Trail network.

Primary trails are 16' in overall width (12' of asphalt pavement with a 2' shoulder on each side). Primary trails are typically located within a corridor of at least 50 feet in width, with larger widths up to 100 feet encouraged. Corridors of less than 50 feet in width may be accepted based on the unique opportunities

and constraints within a given development project. Secondary trails feed into primary trails and provide connections to significant corridors and local trails. Secondary trails are 14' in overall width (10' of asphalt pavement with a 2' shoulder on each side) and are typically located within a corridor of at least 35 feet in width, with larger widths encouraged.

Typical amenities for Bicycle Trails may include, but are not limited to, native and/or draught tolerant plants; railings and edge protections; grade separated crossings; signage and lighting; shade trees; and trailheads where trails begin or connect to other trails. Neighborhood Greens are small-scale urban and suburban open spaces serving as places to meet, gather, socialize, commune with nature or otherwise participate in passive recreation activities. Neighborhood Greens are typically located in small developed and landscaped areas generally within residential neighborhoods in new development areas.

Specific amenities will be determined on a site by site basis. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax

shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

The City will then promptly review the appeal, and if necessary, meet with the applicant. If the City verifies that the Special Tax should be modified or changed, the Special Tax levy shall be corrected and, if applicable, a refund or revised tax bill shall be granted for the current Fiscal Year.

Interpretations may be made by Resolution of the City Council for purposes of clarifying any vagueness or ambiguity as it relates to the Maximum Annual Special Tax Rate, the method of apportionment, the classification of properties or any definition applicable to the CFD.

F. Manner of Collection

H. Duration of the Special Tax

Parcels in the CFD will remain subject to the Special Tax in perpetuity, unless and until such time the City determines the revenues are no longer needed, in which case the Special Tax shall cease to be levied and City shall direct the County Recorder to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

I. Appeals

Any taxpayer who believes that the amount of the Special Tax assigned to a Parcel is in error may file a notice with the City appealing the levy of the Special Tax. The City will then promptly review the appeal, and if necessary, meet with the applicant. If the City verifies that the Special Tax should be modified or changed, the Special Tax levy shall be corrected and, if applicable, a refund or revised tax bill shall be granted for the current Fiscal Year.

Interpretations may be made by Resolution of the City Council for purposes of clarifying any vagueness or ambiguity as it relates to the Maximum Annual Special Tax Rate, the method of apportionment, the classification of properties or any definition applicable to the CFD.

The Special Tax for a Taxable Parcel may not be prepaid. The Special Tax is collected to fund Authorized Facilities and Services in perpetuity, or until the City Council determines that the Special Tax should no longer be collected.

“Tax Zone B” means the Tax Zone that includes parcels located in a development that does not have local neighborhood greens within such development or has local neighborhood greens that will be maintained by an entity or agency other than the City.

“Total Annual Special Tax” means the total of the Annual Special Taxes levied against all Residential Parcels in the CFD in a Fiscal Year.

“Total Maximum Annual Special Tax” means the total of the Maximum Special Taxes that could be levied against all Residential Parcels in the CFD in a Fiscal Year.

“Undeveloped Residential Parcel” means any residential parcel for which a building permit has not been issued by the City prior to the start of the current Fiscal Year.

B. Data Collection for the Annual Special Tax Levy

On July 1 of each Fiscal Year, commencing with the Base Year, the Administrator shall classify the Parcels in the CFD using the Definitions in Section A, the Parcel records of the Assessor’s secured property tax roll as of July 1 and other City or County development approval records as follows:

- i. Each Parcel shall be assigned to either Tax Zone A or Tax Zone B;*
- ii. Each Parcel shall be classified as a Taxable Parcel or a Tax-Exempt Parcel;*

- iii. *Each Taxable Parcel shall be further classified as a Residential Parcel or an Other Land Use Parcel;*
- iv. *Each Residential Parcel for shall be classified as a Single-Family Residential Parcel or a Multi-Family Residential Parcel;*
- v. *Each Residential Parcel that meets the criteria for an Age-Qualified Residential Parcel shall be further designated as either an Age-Qualified Single Family Residential Parcel or an Age-Qualified Multi-Family Residential Parcel*

If a Tax-Exempt Parcel is converted to a Taxable Parcel as a result of the sale of a Tax-Exempt Parcel to a private owner for residential development, it shall become subject to the Special Tax.

Conversely, if a Taxable Parcel is converted to a Tax-Exempt Parcel as a result of either (i) the sale of the Taxable Parcel to a public entity, and such entity is normally exempt from the levy of general ad valorem property taxes under California law or (ii) the inability of the private owner to develop the parcel as described in the definition of "Tax-Exempt Parcel," it shall become a Tax-Exempt Parcel.

C. Maximum Special Tax Rates

The annual Maximum Special Tax Rates for Residential Parcels for Base Year 2023/24 are as follows:

Residential Land Use	Maximum Special Tax per Dwelling Unit	
	Tax Zone A	Tax Zone B
Single-Family Residential Parcel	\$115.84	\$28.49
Active Adult Single Family Residential Parcel	\$78.54	\$19.32
Multi-Family Residential Parcel	\$60.48	\$14.88
Active Adult Multi-Family Residential Parcel	\$41.01	\$10.09

For each Fiscal Year following the Base Year, each of the Maximum Annual Special Tax Rates shall be increased from the prior Fiscal Year's respective Maximum Annual Special Tax Rates by multiplying such prior Fiscal Year Maximum Special Tax Rates by the Tax Escalation Factor.

D. Determination of Multi-Family Residential Parcel's Maximum Annual Special Tax

When a building permit is issued for a Multi-Family Residential Parcel, the Maximum Annual Special Tax for the Parcel for which such building permit has been issued for each Fiscal Year shall be determined by multiplying the number of Dwelling Units assigned to the Parcel times the Maximum Special Tax Rate for the Parcel as determined in Section C.

E. Levy of the Annual Special Tax

Each year, the CFD Administrator shall levy the Annual Special Tax commencing with Fiscal Year 2018-2019, and for each Fiscal Year thereafter as follows:

- i.* Each Year on July 1, the CFD Administrator shall determine the Special Tax Requirement for the current Fiscal Year.
- ii.* The Annual Special Tax shall be levied proportionately on each Developed Residential Parcel within each Tax Zone up to 100% of the applicable Maximum Annual Special Tax, not to exceed the Special Tax Requirement for the current Fiscal Year.
- iii.* If additional revenue is required to equal the Special Tax Requirement for the current Fiscal Year, the Annual Special Tax shall be levied proportionately on Undeveloped Residential Parcels up to 100% of the Maximum Annual Special Tax, not to exceed the remainder of the Annual Special Tax Requirement for which a Final Subdivision Map has been approved and Authorized Facilities have been accepted for maintenance by the City.

Under no circumstances will the Annual Special Tax levied in any Fiscal Year against any Residential Parcel be increased as a consequence of delinquency or default by the owner or owners of any other parcel or parcels within the CFD by more than 10 percent above the amount that would have been levied in that Fiscal Year had there never been any such delinquencies or defaults.

F. Manner of Collection

The Annual Special Tax will be collected in the same manner and at the same time as ad valorem property taxes, provided, however, that the Administrator or its designee may directly bill the Annual Special Tax and may collect the Annual Special Tax at a different time, such as on a monthly or other periodic basis, or in a different manner, if necessary, to meet the City's financial obligations.

The Administrator shall prepare a listing of the amount of the of the Annual Special Tax levy for each Taxable Parcel and send it to the County Auditor-Controller requesting that it be placed on the County's secured property tax roll for that Fiscal Year.

G. Limitations

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Tax shall be levied on any Other Land Use Parcel, Public Parcel or Tax-Exempt Parcel.

H. Duration of the Special Tax

Parcels in the CFD will remain subject to the Special Tax in perpetuity, unless and until such time the City determines the revenues are no longer needed, in which case the Special Tax shall cease to be levied and City shall direct the County Recorder to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

I. Appeals

Any taxpayer who believes that the amount of the Special Tax assigned to a Parcel is in error may file a notice with the City appealing the levy of the Special Tax. The City will then promptly review the appeal, and if necessary, meet with the applicant. If the City verifies that the Special Tax should be modified or changed, the Special Tax levy shall be corrected and, if applicable, a refund or revised tax bill shall be granted for the current Fiscal Year.

Interpretations may be made by Resolution of the City Council for purposes of clarifying any vagueness or ambiguity as it relates to the Maximum Annual Special Tax Rate, the method of apportionment, the classification of properties or any definition applicable to the CFD.

J. Prepayment of the Special Tax Obligation

The Special Tax for a Taxable Parcel may not be prepaid. The Special Tax is collected to fund Authorized Facilities and Services in perpetuity, or until the City Council determines that the Special Tax should no longer be collected.

MEMORANDUM

ITEM 12.1.

DATE: May 20, 2024
TO: Honorable Mayor and Council Members
FROM: Amanda Norton, Economic Development Manager
SUBJECT: **ECONOMIC DEVELOPMENT DEPARTMENT UPDATE - COMMUNITY ENHANCEMENT AND INVESTMENT FUND PROGRAMS, WORKFORCE DEVELOPMENT PROGRAMS, AND TALENT PIPELINE MANAGEMENT**

RECOMMENDATION

Receive the Community Enhancement & Investment Fund Programs, Workforce Development Programs, and Talent Pipeline Management Update from the Economic Development Department.

RESULT OF RECOMMENDED ACTION

If directed to do so by City Council, City staff would return with additional information or discussion items at a future Council meeting.

BACKGROUND

Community Enhancement & Investment Fund Programs

The City Council held several visioning sessions to identify the key priority areas for Measure R/Community Enhancement and Investment Fund. One key priority was Economic Recovery/Community Response and Economic Development/Workforce Development. Under that umbrella, the Economic Development Department identified projects and programs that were reflective of Council's goals and expectations for this allocation of funding. One of the identified projects involves using Community Enhancement Grants with an Economic Development Focus to test pilot programs.

The presentation will provide an update on the five (5) programs that received Community Enhancement and Investment Funds through the Economic Development Department. The five (5) programs include: Beyond the Village, California Police Activities League, Fitrah, Heart Craft Studio, and Studio T Arts & Entertainment.

Workforce Development Programs

The City of Rancho Cordova received American Rescue Plan (ARPA) funds from the Federal Government. These funds are designed to provide relief from the impact of COVID-19 on the economy. As the funds were to provide one-time relief, they were approved by City Council to be used for workforce pilot programs to help increase access to career pathway programs and help residents with barriers to employment enter the workforce in skilled occupations.

The presentation will provide outcomes and updates on the ten (10) programs that received funding for Workforce Development training programs: Bay Valley Tech, Charles A Jones, Cyber Proud, DP Global Solutions, Folsom Cordova Community Partnership, General Assembly, Northern California Construction Training, North State Building Industry Association, Wellspace, and Women in Data.

Talent Pipeline Management

The U.S. Chamber of Commerce has a Talent Pipeline Management (TPM) framework that is designed to help address workforce challenges. The TPM framework is designed to create scaleable, sustainable talent supply chains that create shared value to all. The City of Rancho Cordova currently has a professional services agreement with the Rancho Cordova Area Chamber of Commerce. The agreement included a component for “Workforce Development with an employer-led focus” through Talent Pipeline Management.

This presentation will provide an overview of the Rancho Cordova Area Chamber of Commerce’s Talent Pipeline Management strategies, implementation, and progress.

Eliminated

- **Waste Management & Remediation** – Not a good TPM fit

- **Accommodation & Food Service** – Also secondary economic driver
- **Warehousing & Transportation** – Not ideal for first TPM programming

Deeper dive, then eliminated

- **Finance & Insurance** – Projected decrease in jobs
- **Construction** – Supported, impacted by other means, unions, apprenticeships, & part of existing regional TPM program
- **Healthcare & Social Services** – Already part of a regional TPM program
- **Professional, Scientific & Technical Services** – Challenge to identify companies with like skill synergy and overlap for TPM pilot
