Public Comment

Members of the public who wish to address the City Council may do so in person during the meeting by completing and submitting a Speaker Card to the City Clerk.

Members of the public who wish to provide public comment via email will need to submit comments to CityClerk@cityofranchocordova.org no later than 2:00 p.m. on Monday, June 2, 2025. Written comments received no later than 2:00 p.m. will be distributed to the Council, filed in the record, and will not be read aloud. All comments submitted later than 2:00 p.m. will be distributed to the Council.

If you have questions related to the City Council Meeting, please contact the City Clerk's Office at (916) 851-8720 before Monday, June 2, 2025, at 2:00 p.m.

AGENDA

1. REGULAR MEETING - CALL TO ORDER/ROLL CALL

Council Members Linda Budge, Garrett Gatewood, Joe Little, David Sander, and Mayor Siri Pulipati

2. METRO CABLE TV TELEVISION ANNOUNCEMENT

The Clerk will announce the meetings video recording and playback schedules.

3. PLEDGE OF ALLEGIANCE

The Mayor will call on someone in attendance to lead the Pledge.

4. INVOCATION

Dr. Dan DeShong with River City Christian Church will give the invocation.

5. PRESENTATIONS

5.1. Presentation from 5th Grade Class at Rancho Cordova Elementary School.

6. PUBLIC COMMENT

Members of the public wishing to address the Council for any matter not on the agenda may do so at this time by completing and submitting a Speaker Card to the City Clerk.

For items on the agenda, speakers will be called by the Mayor at the point on the agenda when the item will be heard. Speakers are encouraged to keep comments to three minutes or less and to state name and community of residence.

Under the provisions of the California Government Code, the City Council is prohibited from discussing or taking immediate action on any item not on the agenda unless it can be demonstrated to be of an emergency nature or the need to take immediate action arose after the posting of the agenda.

7. COUNCIL REPORTS

8. CITY MANAGER'S REPORT

9. CONSENT CALENDAR ITEMS - ROLL CALL VOTE

9.1. **Subject:** Meeting Minutes from the Regular City Council Meeting of May 19, 2025, and the Special Meeting of May 27, 2025.
Recommendation: Adopt the minutes.

9.2. **Subject:** Second Reading of an Ordinance Amending Title 23, Chapter 23.313 Mixed-Use Zoning District, Chapter 23.316 General Commercial and Industrial Zones, Chapter 23.325 Overlay Zoning Districts, Chapter 23.734 Accessory Structures, Chapter 23.919 Special Regulated Uses, Chapter 23.1104 Definitions, and The Folsom Boulevard Specific Plan.
Recommendation: Waive the second reading and adopt the Ordinance.

9.3. **Subject:** A Resolution Authorizing the City Manager to Execute Contract No. 2021-270-4 with the Sacramento County District Attorney's Office in an Amount not to Exceed $194,097 for Community Prosecution Program Services through June 30, 2026.
Recommendation: Adopt the Resolution.

9.4. **Subject:** A Resolution of the City Council of the City of Rancho Cordova Declaring Its Intention to Transfer Delinquent Refuse Service Charges to the Property Tax Rolls and to Set

a Public Hearing for the Same.
Recommendation: Adopt the Resolution.

9.5. **Subject:** A Resolution Adopting a List of Projects for the Fiscal Year 2025-26 Funding by Senate Bill No. 1: The Road Repair and Accountability Act of 2017.
Recommendation: Adopt the Resolution.

Recommendation: 1) Adopt the Resolution Approving the Fiscal Year 2025-27 Operating Budget.
2) Adopt the Resolution Approving the Fiscal Year 2025-30 Capital Improvement Plan.
3) Adopt the Resolution Approving the Fiscal Year 2025-26 Community Enhancement & Investment Fund Community Grants.
4) Adopt the Resolution Approving Appropriations Limit for Fiscal Year 2025-26.
5) Adopt the Resolution Approving Fiscal Year 2025-26 Full Time Employee Salary Schedule.

9.8. **Subject:** Treasurer's Report - March 31, 2025.
Recommendation: This report is informational only. It is recommended that the City Council receive and file the March 31, 2025, Treasurer’s Report.

10. CONSENT PUBLIC HEARING ITEMS - ROLL CALL VOTE

10.1. **Subject:** A Resolution Approving Proceedings for the Annual Levy and Collection of Assessments for Landscaping and Lighting District No. 2005-1 for Fiscal Year 2025-2026.
Recommendation: Adopt the Resolution.

10.2. **Subject:** Resolutions Approving Proceedings for the Annual Levy and Collection of Charges, and Amending and/or Confirming the Engineer’s Report, Establishing the Fiscal Year 2025-2026 Service Charge for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1.
Recommendation: Adopt the Resolution initiating proceedings for the Annual Levy and Collection of Charges, preliminarily approving the Engineer’s Report and declaring its intention to levy the annual charges for Fiscal Year 2025-2026 for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1; and adopt the Resolution mending and/or confirming the Engineer’s Report and establishing the Fiscal Year 2025-2026 service charge for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1.

10.3. **Subject:** Resolutions Approving Proceedings for the Annual Levy and Collection of Charges, and Amending and/or Confirming the Engineer’s Report, Establishing the Fiscal Year 2025-2026 Service Charge for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2.
Recommendation: Adopt the Resolution initiating proceedings for the Annual Levy and Collection of Charges, preliminarily approving the Engineer’s Report, and Declaring its Intention to Levy the Annual Charges for Fiscal Year 2025-2026 for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2; and adopt the Resolution Amending

and/or Confirming the Engineer's Report and establishing the Fiscal Year 2025-2026 Service Charges for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2.

10.4. **Subject:** A Resolution Approving Proceedings for the Annual Levy and Collection of Assessments for the Rancho Cordova Lighting District No. 2012-1 for Fiscal Year 2025-2026.
Recommendation: Adopt the Resolution.

10.5. **Subject:** Resolutions Approving Proceedings for the Annual Levy and Collection of Assessments for the Rancho Cordova Road Maintenance District for Fiscal Year 2025-2026.
Recommendation: Adopt the Resolution initiating proceedings for the annual levy and collection of assessments, declaring its intention to levy the annual assessments and preliminarily approving the Engineer's Report for the Rancho Cordova Road Maintenance Assessment District for Fiscal Year 2025-2026; and adopt the Resolution amending and/or approving the annual Engineer's Report and ordering the levy and collection of assessments within the Rancho Cordova Road Maintenance Assessment District for Fiscal Year 2025-2026.

11. PUBLIC HEARING ITEMS

11.1. **Subject:** Mills Crossing - Specific Plan Amendment, Major Design Review, and Tentative Subdivision Map (Environmental Impact Report (SCH #2023010102)) Prepared Pursuant to the California Environmental Quality Act) - Project No. PLND-0524-0098 - Located at 10153 Folsom Boulevard; APN: 076-0020-019, -020, -021, and -022.
Recommendation: 1. Adopt a Resolution certifying the Mills Crossing Environmental Impact Report and adopt the Mitigation Monitoring Report Program and CEQA Findings; and
2. Introduce and waive the first reading of an Ordinance adopting the Specific Plan Amendment with associated exhibit and track changes, subject to the findings contained in the Ordinance; and
3. Adopt a Resolution approving a Tentative Subdivision Map and a Major Design Review with associated exhibits, subject to the findings contained in the Resolution.

12. REGULAR CALENDAR ITEMS

13. COUNCIL REQUESTS FOR FUTURE AGENDA ITEMS

14. ADJOURN TO CLOSED SESSION

Mayor Pulipati will adjourn the meeting to closed session.

15. CLOSED SESSION - CALL TO ORDER/ROLL CALL

Council Members Linda Budge, Garrett Gatewood, Joe Little, David Sander, and Mayor Siri Pulipati

16. CLOSED SESSION

MEMORANDUM

ITEM 9.2.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Arlene Granadosin-Jones, Planning Manager

SUBJECT: **SECOND READING OF AN ORDINANCE AMENDING TITLE 23, CHAPTER 23.313 MIXED-USE ZONING DISTRICT, CHAPTER 23.316 GENERAL COMMERCIAL AND INDUSTRIAL ZONES, CHAPTER 23.325 OVERLAY ZONING DISTRICTS, CHAPTER 23.734 ACCESSORY STRUCTURES, CHAPTER 23.919 SPECIAL REGULATED USES, CHAPTER 23.1104 DEFINITIONS, AND THE FOLSOM BOULEVARD SPECIFIC PLAN**

RECOMMENDATION

Waive the second reading and adopt the Ordinance.

RESULT OF RECOMMENDED ACTION

Adoption of the Ordinance would result in amendments to Title 23 Zoning Code and the Folsom Boulevard Specific Plan, as further described in Attachment 2.

BACKGROUND

On May 19, 2025, the City Council waived the first reading and passed to a second reading of the Ordinance.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact.

ATTACHMENT(S)

1. Ordinance
2. Exhibit A to the Ordinance

CITY OF RANCHO CORDOVA

ORDINANCE NO. XX-2025

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA AMENDING TITLE 23, CHAPTER 23.313 MIXED-USE ZONING DISTRICT, CHAPTER 23.316 GENERAL COMMERCIAL AND INDUSTRIAL ZONES, CHAPTER 23.325 OVERLAY ZONING DISTRICTS, CHAPTER 23.734 ACCESSORY STRUCTURES, CHAPTER 23.919 SPECIAL REGULATED USES, CHAPTER 23.1104 GENERAL DEFINITIONS, AND FOLSOM BOULEVARD SPECIFIC PLAN CHAPTER 2 LAND USE PLAN AND ALLOWED USES

THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DOES ORDAIN AS FOLLOWS:

Section 1. Purpose and Declarations.

WHEREAS, the city conducts periodic updates of the provisions of the Rancho Cordova Municipal Code (RCMC) to ensure compliance with current laws, changes in local policy, consistency with adopted plans and programs, clarify ambiguities, address changing market conditions, reflect best practices, and to address issues or concerns with current regulations; and

WHEREAS, Chapter 23.313 Mixed-Use Zoning District, establishes mixed-use zoning districts in the city:

A. The Ordinance would revise Section 23.313.030 to allow “thrift stores” in the same zoning districts as “Retail, General” to be consistent with state law AB 2632; and

WHEREAS, Chapter 23.316 General Commercial and Industrial Zones, establishes commercial and industrial zoning districts in the city:

B. The Ordinance would revise Section 23.316.030 to allow “thrift stores” in the same zoning districts as “Retail, General” to be consistent with state law AB 2632; and

WHEREAS, Chapter 23.325 Overlay Zoning Districts, establishes overlay zoning districts in the city:

C. The Ordinance would revise Section 23.325.020 to allow “thrift stores” in the same zoning districts as “Retail, General” to be consistent with state law AB 2632; and

WHEREAS, Chapter 23.734 Accessory Structures, establishes standards and regulations for accessory structures in the city:

D. The Ordinance would revise Section 23.734.050 to provide clarity on the term “architecturally compatible” and clarify the location standard for accessory structures; and

WHEREAS, Chapter 23.919 Special Regulated Uses, establishes additional regulations for specific types of uses in the city:

E. The Ordinance would revise Section 23.919.090 to remove the location requirement for "thrift stores" to be consistent with state law AB 2632; and

WHEREAS, Chapter 23.1104 General Definitions of the Municipal Code provides all definitions used throughout the Zoning Code:

A. The Ordinance would revise the definition for "Home Occupation," "Vehicle Services-Major," and "Recreational Vehicle;" and

WHEREAS, the Folsom Boulevard Specific Plan provides the goals, policies, development standards, and design guidelines for future development in the Folsom Boulevard Specific Plan area:

The Ordinance would revise Chapter 2 Land Use Plan and Allowed Uses to allow "thrift stores" in the same zoning districts as "Retail, General" to be consistent with state law AB 2632; and

WHEREAS, on DATE XX,, 2025, the City Council held a properly noticed public hearing for this Ordinance and considered all oral and written testimony.

Section 2: Findings. This Ordinance is adopted pursuant to the following findings:

A. **CEQA Compliance.** CEQA requires analysis of agency approvals of discretionary "projects." A "project," under CEQA, is defined as "the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment." (CEQA Guidelines, § 15378.) As reflected in State CEQA Guideline 15061 (b) (3), an activity is not subject to CEQA, "[where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment…" The proposed amendments are not a "project" within the meaning of CEQA because the amendments seek to provide clarification of uses, standards and/or enforcement procedures, address inconsistencies between definitions, delete text that is no longer necessary. Because no expansion of uses or activities is reasonably anticipated, no possibility exists that the ordinance will result in a significant effect on the environment. Thus, the proposed ordinance is not subject to the requirements of CEQA. However, in the event that adoption of the ordinance is considered a CEQA project, it would nonetheless qualify for categorical exemptions as set forth below.

   CEQA Guidelines Section 15061(b)(3) states that a project is exempt from CEQA "where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment." The approval of the code amendments set forth in the proposed ordinance does not approve any physical development and it would not result in a direct or indirect physical changes in the environment. Any specific development projects that may result from these changes will be subject to environmental review. The proposed amendments are consistent with the city's General Plan. For these reasons, the proposed amendments would not have the potential to result in individually or cumulatively significant effects on the environment and these

Municipal Code amendments are exempt from review under CEQA and no further environmental review is necessary.

B. **The proposed amendment is consistent with the General Plan.** The attached Municipal Code Amendments and Folsom Boulevard Specific Plan Amendment ("Amendments") are consistent with the General Plan. The amendments would address inconsistencies, delete text and graphics that are no longer necessary, and provide clarifying language for implementation.

C. **The proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the city.** The amendments would address inconsistencies, delete text and graphics that are no longer necessary, and provide clarifying language for implementation. None of these proposed amendments will be detrimental to the public interest, health, safety, convenience, or welfare of the city.

D. The proposed amendments are internally consistent with other applicable provisions in this Zoning Code. The Amendments have been reviewed for consistency with the entirety of the Municipal Code and are consistent with other applicable provisions of the Municipal Code.

Section 3. Amendments to Title 23 Zoning Code

The City Council hereby adopts the amendments to Title 23 Zoning Code of the Rancho Cordova Municipal Code, as shown and incorporated in Exhibit A to this Ordinance.

Section 4. Amendments to the Folsom Boulevard Specific Plan

The City Council hereby adopts the amendment to the Folsom Boulevard Specific Plan, as shown and incorporated in Exhibit A to this Ordinance.

Section 5. Severability

If any provision of this Ordinance or the application thereof to any person or circumstance, is held invalid, the remainder of the Ordinance, including the application of such part or provision to other persons or circumstances shall not be affected thereby and shall continue in full force and effect. To this end, provisions of this Ordinance are severable. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase hereof irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses, or phrases be held unconstitutional, invalid or unenforceable.

Section 6. Effective Date

Within fifteen (15) days after adoption, a Summary of this Ordinance shall be published once in the Grapevine Independent, or the Sacramento Bee, a newspaper of general circulation printed and published in Sacramento County and circulated in the City of Rancho Cordova, in accordance with Government Code Section 36933. This Ordinance shall take effect and be enforced thirty (30) days after its adoption.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova on the 2nd day of June 2025 by the following vote:

Municipal Code Amendments

Note to Reader: Only those sections and/or subsections listed within this document are being amended. Unless otherwise indicated, all sections and subsections prior to and after the amended section and/or subsection shall remain, unchanged.

23.313.030 Allowed land uses and permit requirements.

Table 23.313-1 identifies allowed uses and corresponding permit requirements for the mixed-use districts subject to compliance with Chapter 23.304 RCMC (Land Use Classification) and all other provisions of this title. Descriptions/definitions of the land uses can be found in Article 11 of this title (Definitions). The specific use regulations column in the table identifies the specific chapter or section where additional regulations for that use type are located within this title.

Use regulations in the table are shown with a representative symbol by use classification listing: "P" symbolizes uses allowed by right, "AUP" symbolizes uses that require approval of an administrative use permit, "C" symbolizes uses that require approval of a conditional use permit, and "N" symbolizes uses that are not permitted.

Table 23.313-1: Allowed Use and Permit Requirements for Mixed-Use Districts

Notes:
1. See the density restrictions in the underlying zoning district.
2. This use is permitted or permitted with a use permit as specified only in conjunction with the predominant use of the mixed-use district. In other words, this use is only allowed as part of an integrated development and not as a standalone use. Other uses in the table are allowed as standalone uses.

3. All forms of speaker amplification exterior to the building shall be prohibited unless authorized in combination with project approval or amendment thereto.
4. All activities shall occur within a completely enclosed building or shall be located behind a solid/screened enclosure directly adjacent to the building.
5. Maximum gross floor area is less than 5,000 square feet.
6. Limited to a maximum of 25 percent of the gross floor area of the integrated development.
7. Maximum tenant space shall be 25,000 square feet.
8. Maximum tenant space shall be 50,000 square feet.
9. Uses 25,000 square feet and over require a conditional use permit.
10. Limited to less than 50 percent of the gross floor area of the integrated development.
11. Maximum tenant space shall be 15,000 square feet.
12. All activity and storage must be located within an enclosed structure.
13. No portion of the use shall be located within 500 feet of an intersection.
14. All activity must be entirely screened from public view and not within 500 feet of a residential use. The 500-foot separation from residential uses may be waived if the storage yard adheres to the standards in RCMC 23.728.030(C)(1).
15. A crematory is prohibited in all zones with the exception of LIBP, where it is permitted in association with a mortuary or funeral home.
16. Only establishments that sell alcoholic beverages for off-site consumption require a conditional use permit.
17. See additional provisions in RCMC 23.901.080, Family day care (large).
18. See additional provisions in RCMC 23.901.090, Residential care home (large).
19. This use is not permitted if incidental to and not a primary part of the operation of the primary use. Rentals that are an integral part of a primary use are subject to the additional provisions of RCMC 23.913.040.
20. Drive-throughs that are added to existing buildings may be processed with an AUP.
21. Conditional use permit required if any portion of proposed facility is within 500 feet of a residential zoning district or existing residential use.
22. All commercial activity, display and storage shall occur within a building or within a screen enclosure. A temporary use permit, administrative use permit, or conditional use permit may be obtained to deviate from this requirement.
23. Uses which serve alcohol for on-site consumption and which have an “on-sale” license from the California Department of Alcoholic Beverage Control must be located at least 250 feet from any adult live theater at which live nude dancing is performed and which is subject to Section 143.3 of the California Code of Regulations.
24. Private community gardens and market gardens are allowed in the city’s mixed-use districts up to a maximum three acres in size and pursuant to applicable regulations in RCMC 23.904.030. Approval of an administrative use permit is required for said uses greater than three acres in size.
25. On-site urban agriculture stands are allowed up to 120 square feet, on the site of an urban agricultural use consistent with applicable regulations in RCMC 23.904.030.
26. See RCMC 23.910.020 (Convenience stores).
27. See Chapter 23.915 RCMC (Storage, Personal Storage Facility Development Standards).
28. Massage parlors and massage establishments must be located at least 1,000 feet from other massage parlors and massage establishments, as measured from the entrance of each establishment. This shall not apply to any home occupation massage business that is in full compliance with home occupation requirements in Chapter 23.901 RCMC.
29. Over 20,000 square feet requires an administrative use permit.
30. Bingo games and parlors are regulated by Chapter 4.26 RCMC. The city has a limit of no more than two bingo parlors in the city limits at any given time.
31. Dormitories on any parcel that is part of a contiguous campus are permitted as an accessory use to a public or private school.
32. On-site consumption of food is considered a permitted use if the related primary use is a permitted use.
33. On-site consumption of alcohol, as an accessory use to a permitted use, requires approval of an administrative use permit.
34. All storage yards proposed in the OIMU zoning district require a conditional use permit and not subject to RCMC 23.728.020 (Permit requirements and exemptions).
[Ord. 4-2024 § 3 (Exh. A); Ord. 12-2022 § 3 (Exh. A); Ord. 1-2022 § 3 (Exh. A); Ord. 11-2021 § 3 (Exh. A); Ord. 1-2021 § 3 (Exh. A); Ord. 1-2020 § 3 (Exh. A); Ord. 5-2019 § 3 (Exh. A); Ord. 1-2016 § 4; Ord. 15-2015 §§ 2, 3; Ord. 8-2015 § 4 (Exh. B); Ord. 12-2011 § 3 (Exh. A); Ord. 27-2008 § 1 (Exh. A § 2.5.030)].

23.316.030 Allowed land uses and permit requirements.

Table 23.316-1 identifies allowed uses and corresponding requirements for the general commercial and industrial zoning districts subject to compliance with Chapter 23.304 RCMC (Land Use Classification) and all other provisions of this title. Descriptions/definitions of the land uses can be found in Article 11 of this title (Definitions). The specific use regulations column in the table identifies the specific chapter or section where additional regulations for that use type are located within this title.

This zoning code relies upon a generalized list of allowed and conditionally allowed uses. Some interpretation is required to determine whether or not a specific use falls into a particular use category. Typically a use clearly falls into a particular category, but three additional tools are provided in this title to identify the appropriate use category when necessary:

A. RCMC 23.1104.040 (Land use definitions) includes land use descriptions.

B. Similar Use Determinations. For uses that are not listed in Table 23.316-1 or where it is not clear whether a use would be permitted, a similar use determination can be processed according to Chapter 23.122 RCMC (Similar Use Determinations). All of the definitions, tables and other provisions of this title, in addition to the operational characteristics of the intended use, can be used to make a similar use determination.

Use regulations in the table are shown with a representative symbol by use classification listing: “P” symbolizes uses allowed by right, “AUP” symbolizes uses that require approval of an administrative use permit, “C” symbolizes uses that require approval of a conditional use permit, and “N” symbolizes uses that are not permitted.

Notes:
1. Trade schools permitted by right; all other schools require an AUP.
2. Permitted if the entire operation is conducted within a completely enclosed building or screened from view behind a fence or wall.
3. Off-site sales of alcohol permitted as an allowed use if incidental to a permitted use (e.g., breweries, wineries). Only retail sale of alcohol is permitted as part of the primary use. All other types of off-site sales (e.g., convenience store) require a conditional use permit. See Wholesaling and Distribution for nonretail sales.
4. On-site sales permitted with limited use permit. Off-site requires a conditional use permit.
5. Incidental sales up to 15 percent of developed portion of site are permitted as a by-right use and must be fully screened from view or enclosed within a building. Automotive sales that exceed 15 percent of the developed portion of the site or outdoor display areas that are not screened from view may be permitted with the issuance of an administrative use permit.
6. All retail, accessory and office, accessory uses are permitted up to a combined 50 percent of total building square footage.
7. The following limitations apply to retail, accessory and office, accessory in the M-2 district:
a. Sales are allowed when incidental to a permitted use and sales and stock room area does not exceed 25 percent of total floor area;
b. Offices are allowed when incidental to a permitted use and do not exceed 25 percent of total floor area;
c. Cafes/restaurants are allowed up to 15 percent of building square footage (freestanding restaurants require the issuance of a conditional use permit).
8. Up to 50 percent of total building area may be used for storage, warehousing, distribution or similar use as a permitted use. A conditional use permit is required to exceed this percentage.
9. This use is permitted if an integral part of the primary use (unrelated, incidental rental operations are not permitted). Additional provisions in RCMC 23.913.040 (Accessory automobile sales and rental uses) apply.
10. Uses which serve alcohol for on-site consumption and which have an “on-sale” license from the California Department of Alcoholic Beverage Control must be located at least 250 feet from any adult live theater in which live nude dancing is performed and which is subject to Section 143.3 of the California Code of Regulations.
11. On-site urban agriculture stands are allowed up to 120 square feet, on the site of an urban agriculture use consistent with applicable regulations in RCMC 23.904.030.
12. See RCMC 23.910.020 (Convenience stores).
13. See Chapter 23.915 RCMC (Storage, Personal Storage Facility Development Standards).
14. Massage parlors and massage establishments must be located at least 1,000 feet from other massage parlors and massage establishments, as measured from the entrance of each establishment. This shall not apply to any home occupation massage business that is in full compliance with home occupation requirements in Chapter 23.901 RCMC.
15. Over 20,000 square feet requires an administrative use permit.
16. On-site consumption of food is considered a permitted use if the related primary use is a permitted use.
17. On-site consumption of alcohol, as an accessory use to a permitted use, requires approval of an administrative use permit.
[Ord. 1-2022 § 3 (Exh. A); Ord. 8-2021 § 3 (Exh. A); Ord. 11-2020 § 3 (Exh. A); Ord. 5-2019 § 3 (Exh. A); Ord. 3-2019 § 5 (Exh. A); Ord. 15-2018 § 4 (Exh. A); Ord. 4-2018 § 3 (Exh. A); Ord. 5-2017 § 3 (Exh. A); Ord. 4-2017 § 3 (Exh. B); Ord. 1-2016 § 3; Ord. 15-2015 §§ 4, 5; Ord. 8-2015 § 4 (Exh. B); Ord. 12-2011 § 3 (Exh. A); Ord. 20-2010 § 3 (Exh. B); Ord. 7-2010 § 3 (Exh. A); Ord. 27-2008 § 1 (Exh. A § 2.6.030)].

23.325.020 Convention (CO) overlay zoning district.

A. Purpose and Intent. The purpose of the convention (CO) overlay zoning district is to establish an area in the city specifically for the development of a convention center with related and supporting uses. The convention district is intended to be a special place in the city that is entertaining, vibrant, and inviting to tourists, visitors, and residents alike. This overlay district supplements the provisions of the underlying zoning districts for the special purposes identified herein. Where there is conflict between this overlay district and the underlying base district, the overlay district regulations prevail.

B. Convention Overlay District Area. The convention overlay zoning district is applied to those parcels described in Figure 23.325-1 (Convention Overlay District Area), consistent with the General Plan's convention overlay. The convention overlay district is generally defined as that area south of Highway 50, east of Kilgore Road, north of Sun Center Drive, and west of Citrus Road.

Figure 23.325-1: Convention Overlay District Area

C. Allowed Uses. Table 23.325-1 identifies the allowed use provisions specific to the convention overlay zoning district. The allowed use provisions of Table 23.325-1 supersede and replace the allowed use provisions of the underlying base zoning district of the applicable property. Similar uses may be determined as identified in this title. The allowed use provisions are listed in compliance with Chapter 23.304 RCMC (Land Use Classification).

Use regulations in the table are shown with a representative symbol by use classification listing: "P" symbolizes uses allowed by right, "AUP" symbolizes uses that require approval of an administrative use permit, "C" symbolizes uses that require approval of a conditional use permit, and "N" symbolizes uses that are not permitted.

Notes:

1. For mixed-use zones, the use is permitted in conjunction with the predominant use of the underlying base zoning district. In other words, this use is only allowed as part of an integrated development.
2. Off-premises sale of alcohol is an allowed use where such sales are incidental to an allowed use that provides on-site alcohol consumption (restaurant, brew pub, tasting room, etc.).
3. Dormitories on any parcel that is part of a contiguous campus are permitted as an accessory use to the public or private school.

D. Development Standards. The following development standards are applicable to the convention overlay zoning district. These standards, along with other development standards (e.g., landscaping requirements, parking standards) in this title and citywide design guidelines, are intended to assist property owners and project designers in understanding the city's minimum requirements and expectations for high quality development. Where site development standards listed herein are in conflict with the site development standards in other chapters of this code or the underlying zoning district, these standards shall apply. The designated approval authority will review development applications against these standards to determine compliance with applicable zoning regulations.

Table 23.325-2: Development Standards in the Convention Overlay District

Development Standard	Convention Overlay District
Density[1]	
Minimum	10 du/ac
Maximum	40.0 du/ac
Floor Area Ratio[2]	
Minimum	0.25
Maximum	3.0
Setbacks	
Front and Street-Side	0 ft.
Rear	10 ft.
Between Structures	10 ft.[3]
Interior	0 ft.
Residential, Standalone Structure[4]	Refer to setbacks for the MDR zone
Height Limit	
Primary Structures	No maximum[5]

Notes:

1. The minimum and maximum density standards are only applicable to mixed-use and integrated developments that include residential uses. Residential projects shall include a minimum of four units.

2. Includes residential uses and square footage. See Article 11 of this title for definition of floor area ratio (FAR).

3. The distance between structures may be modified as part of design review; however, any modifications must be consistent with the Uniform Building Code.

4. For residential units developed as part of an integrated development but not in the same building as the primary use(s), refer to the MDR zone for all setbacks. In all other instances, the setbacks shall be the same as the primary structure(s).

5. While there is no height maximum, the regulations of the Federal Aviation Administration (FAA) limit the height of structures to between 150 and 350 feet based on location. See the safety element of the General Plan for more information. FAA approval is required for all structures over 150 feet in height.

E. Parking Standards. Parking standards for uses in the convention overlay zoning district shall be consistent with Chapter 23.719 RCMC (Parking and Loading). Required off-street loading/unloading and passenger loading areas shall also be consistent with applicable provisions of Chapter 23.719 RCMC (Parking and Loading).

F. Exceptions. The council desires to provide flexibility for projects within the convention overlay district that will benefit the community in specific, identified ways. In conjunction with a major design review, project-level CEQA review, and any other required entitlements, an applicant may request that the council approve an exception to allow a development project that does not strictly adhere to the convention overlay development standards identified in

Table 23.325-2. The council may grant an exception for any development standard in Table 23.325-2 for projects that are uses allowed in Table 23.325-1, and meet at least four of the following six conditions:

1. Will fulfill a compelling community need, as indicated by an existing city goal, General Plan policy, budget priority, or other council adopted policy document.

2. Will improve an existing blighted situation by removing 100 percent of the blight located upon the subject property.

3. Will provide unmet services to a currently underserved community.

4. Will create at least 15 new permanent full-time jobs (or new jobs equivalent to at least 15 full-time jobs) or a minimum of one job per 500 square feet.

5. Will generate annual sales tax contributions to the city in excess of $25,000.

6. Investments in the property will increase the property tax revenue for the subject parcel(s) by at least 250 percent.

To the extent practical, development projects should comply with the development standards in Table 23.325-2. All projects remain subject to design review as established in Chapter 23.140 RCMC (Minor Design Review) and Chapter 23.141 RCMC (Major Design Review). An exception request must be included and will be reviewed in conjunction with the project's design review application. It is the applicant's responsibility to request relief from the development standards in Table 23.325-2 and provide justifications for why standards cannot be met. It is also the applicant's responsibility to provide evidence of compliance with at least four of the conditions listed in this section to support the exception request. The council is the approval authority for all exception requests.

Under no circumstance shall an exception result in any of the following:

1. Allow a land use not otherwise permitted or conditionally permitted in the zone;

2. Allow a detrimental environmental impact not adequately analyzed;

3. Waive a specific prohibition; or

4. Waive or modify a procedural requirement.

The procedure for granting exceptions allowed under this provision is provided in RCMC 23.110.130. In granting the exception, the council shall make the following findings:

1. The proposed project qualifies for an exception by meeting at least four of the six conditions required for granting an exception as defined in this subsection (F).

2. The council has determined that the proposed project has adhered to the development standards in Table 23.325-2 to the fullest extent practicable.

3. The applicant has provided substantial evidence that the conditions for the exception will be met following construction and operation of the project. Further, the applicant has agreed to conditions of approval that provide assurances that these requirements will likely be met or exceeded throughout the life of the project.

4. Granting the exception will not adversely affect the interests of the public or the interests of the residents and property owners in the vicinity of the premises in question, and shall not establish a precedence for other project requests.

5. Granting the exception will not endanger the public health and safety. [Ord. 15-2023 § 3 (Exh. A); Ord. 11-2021 § 3 (Exh. A); Ord. 4-2018 § 3 (Exh. A); Ord. 4-2017 § 3 (Exh. B); Ord. 1-2017 § 3; Ord. 11-2015 § 3; Ord. 19-2013 § 3 (Exh. A); Ord. 18-2013 § 3 (Exh. A); Ord. 12-2011 § 3 (Exh. A); Ord. 27-2008 § 1 (Exh. A § 2.9.020)].

23.919.090 Thrift store.

A. Purpose and Applicability. The regulations contained in this section shall apply to new and qualifying expansion of existing thrift stores as defined in RCMC 23.1104.040 (Land use definitions). The establishment of new thrift stores shall be consistent with the allowed use provisions of Article 3 of this title (Zoning Districts, Allowable Uses, and General Development Standards) and the standards contained in this section, as well as other development standards as required in the underlying zoning district. Where the standards of the underlying district conflict with the standards herein, these standards shall apply. The purpose of these regulations is to limit the overconcentration of thrift stores in the city by applying minimum distance standards between thrift stores and ensuring compatibility with surrounding uses by requiring special standards for collection/receiving and refuge areas and requiring additional property maintenance.

B. Development Standards. All new thrift stores shall observe all development standards of the underlying zoning district, except that they shall also comply with the following additional standards:

1. Enclosed Activities. All activities shall be completely enclosed within the building for the use.

2. Collection/Receiving Area. The collection area shall be located on the side or rear of the building. Adequate directional signage shall be provided from the main entrance to the use to direct individuals to the collection area. The collection area shall be noticed to prohibit depositing goods when the store is closed.

3. Property Maintenance. Management shall be responsible for the removal of litter from the subject property, adjacent property, and streets that results from the thrift store (with adjacent property owner consent). [Ord. 4-2017 § 3 (Exh. B); Ord. 12-2011 § 3 (Exh. A); Ord. 27-2008 § 1 (Exh. A § 5.7.090)].

Notes:

1. *See the density allowance in the development standards for the corresponding land use designation as listed in Chapters 4 (Development Standards) and 5 (Opportunity Sites).*
2. *Limited to less than 50 percent of the gross floor area of the integrated development as a secondary use only. See exception for vertical mixed use in the FB-CMU as outlined in Chapter 5 (Development Standards).*

3. *Subject to the provisions of the Telecommunications Facility section of the City's Zoning Code (23.907.020).*
4. *Subject to the provisions of the Utility, Facilities, and Infrastructure section of the City's Zoning Code (23.907.030).*
5. *In an effort to add retail vibrancy, formalize display opportunities, and create a free flow of sales interaction along Folsom Boulevard, the minimum amount of interior sales and display space shall be 25% located to maximize public accessibility.*
6. *All forms of speaker amplification exterior to the building shall be prohibited unless authorized in project approval.*
7. *All activities shall occur within a completely enclosed building or screened from view behind a fence or wall.*
8. *Maximum gross floor area is less than 5,000 square feet.*
9. *All activity and storage must be located within an enclosed structure.*
10. *No portion of the use shall be located within 500 feet of an intersection within the FB-CMU district.*
11. *Bingo Parlors are regulated by RCMC Chapter 4.28. The City has a limit of no more than two (2) Bingo Parlors in the City limits at any given time.*
12. *Subject to provisions in RCMC Section 23.919.090.*

23.734.050 Architecture standards.
A. Accessory structures less than 120 square feet shall be constructed of appropriate materials and colors of the residential neighborhood. Premanufactured kits that require assembly are exempt from this requirement.

B. Accessory structures 120 square feet and over shall be architecturally compatible (e.g., similar in materials, colors, architectural details, façade treatments, etc.) and constructed of appropriate materials and colors of the residential neighborhood. Walls that are longer than 15 feet in length shall include doors, window, or architecture features that break up the wall. [Ord. 4-2017 § 3 (Exh. B)].

23.734.060 Percentage of required yard occupied and required setbacks.
A. Proposed structures must meet the development standards outlined in Table 23.734-1 (Development Standards for Accessory Structures); also see Figure 23.734-1 (Development Standards for Accessory Structures). Unless otherwise described in the table, all accessory structures must meet the setbacks in the General Accessory Structure category.

B. Lots less than one-half acre in size: the total square footage of all accessory structures on a single parcel, except swimming pools, shall not exceed 30 percent of the habitable floor area of the primary residential dwelling on the same parcel. Landscape features are exempt from the total square footage of accessory structures.

C. Lots one-half acre and greater in size: The total square footage of all accessory structures on a single parcel, except swimming pools, shall not exceed 50 percent of the habitable floor area of the primary residential dwelling on the same parcel. Landscape features are exempt from the total square footage of accessory structures.

D. Not more than 30 percent of the required rear yard shall be occupied by all permitted structures. Landscape features are exempt from the 30 percent calculation.

E. Accessory structures and swimming pools, spas, and pool equipment shall not be located within recorded public utility easement or public easement.

Front Yard

F. On all lots, the accessory structures shall not be placed in front of the living area of the principal building.

G. Swimming pools, spas, and pool equipment may not be located within the required front yard.

Street Side Setback/Corner Lots

H. The minimum setback distance shall be consistent with the primary structure underlying zoning district.

I. Swimming pools, spas, and pool equipment may not be located within the required street side yard.

Height of Accessory Structures

J. Maximum structure height is 16 feet as indicated in Table 23.310-2 (Residential Zoning Districts Development Standards).

Building Separation

K. Detached accessory structures shall not be located closer than six feet from any structure.

L. Any accessory structure located less than six feet from a primary building shall be considered attached to (and part of) the primary building (RCMC 23.704.030(D)).

M. Swimming pools and spas shall not be located closer than three feet from the principal building and detached structure. The building official may approve setbacks of less than three feet with submitted structured engineered plans.

Table 23.734-1: Development Standards for Accessory Structures

Accessory Use	Type	Interior Property Line	Rear Property Line	Zoning Certification
General Accessory Structure	Square footage less than 120 and less than 8 feet in height overall	3 feet The structure shall not be placed closer to the front lot line than the farthest back front wall of the principal building.	3 feet	No
	Square footage 120 and more and/or more than 8 feet in height overall	For structures 8 feet in height, the minimum setback from the rear and side property lines is 5 feet. Up to every 1/2-foot increase in height over 8 feet, the setback shall increase by another 1/2 foot. (For example: 8 feet tall = 5-foot setback; 8.5 feet tall = 5.5-foot setback; 8.75 feet tall = 6-foot setback…).	For structures 8 feet in height, the minimum setback from the rear and side property lines is 5 feet. Up to every 1/2-foot increase in height over 8 feet, the setback shall increase by another 1/2 foot. (For example: 8 feet tall = 5-foot setback; 8.5 feet tall = 5.5-foot setback; 8.75 feet tall = 6-foot setback…).	Yes
Swimming Pools, Spas, and Pool Equipment (Setbacks shall be from the right-of-way or property line to the water line or pool equipment)		3 feet	3 feet	Yes
Landscape Features	Square footage less than 120 and less than 8 feet in height	3 feet	3 feet	No
Pad, Less Than 8 Inches Tall		None	None	No
Pad, Driveway		5 feet from the property line	None	No

23.1104.020 General definitions.

"Recreational vehicle (RV)" means an enclosed piece of equipment designed for dual use as both a vehicle and a temporary travel home. This includes travel trailers and motorhomes primarily intended for personal, non-commercial use, such as vacations, camping, or full-time residential living. RVs are typically registered and designated as recreational vehicles by the Department of Motor Vehicles (DMV). Vehicles originally manufactured or used as commercial vehicles—such as buses or trucks—that have been converted for recreational use must be reclassified and registered as an RV with the DMV to fall under this definition. Unlike "Commercial vehicles", which include those used for business purposes—such as large trucks, trailers, buses, and heavy equipment—RVs are not designed for the transport of goods, commercial passenger services, or industrial applications.

23.1104.040 Land use definitions.

"Home occupation" means the conduct of a business within a dwelling unit or residential site, employing occupants of the dwelling, with the business activity being subordinate to the residential use of the property. Examples include, but are not limited to, accountants and financial advisors, architects, artists, attorneys, offices for construction businesses (no equipment or material storage), internet sales, and real estate sales.

"Vehicle services – major" means the repair, alteration, restoration, towing, painting, or finishing of automobiles, trucks, recreational vehicles, boats, and other vehicles as a primary use, including the incidental wholesale and retail sale of vehicle parts as an accessory use. This use includes major repair and body work repair facilities dealing with entire vehicles; such establishments typically provide towing, collision repair, other body work, and painting services and may also include tire recapping establishments.

MEMORANDUM

ITEM 9.3.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Erin Naderi, Management Analyst

SUBJECT: **A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT NO. 2021-270-4 WITH THE SACRAMENTO COUNTY DISTRICT ATTORNEY'S OFFICE IN AN AMOUNT NOT TO EXCEED $194,097 FOR COMMUNITY PROSECUTION PROGRAM SERVICES THROUGH JUNE 30, 2026**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute the fourth amendment to the City's Memorandum of Understanding with the Sacramento County District Attorney's Office in an amount not to exceed $194,097 for Community Prosecution Program Services through June 30, 2026.

BACKGROUND

The city has contracted with the Sacramento County District Attorney's Office since 2008 to work collaboratively with the Rancho Cordova Police Department, Neighborhood Services, and other local agencies to reduce the number of major nuisance properties, reduce crime, and other quality of life issues. As part of this agreement, a full-time Community Prosecutor is shared between the city and the Sacramento County Sheriff's East Division and is assigned to work out of the Rancho Cordova Police Department office. The assigned Community Prosecutor works with members of the city team and community to craft solutions and help solve the most significant and pressing problems facing the city including, but not limited to, chronic nuisance offenders, theft, trespassing, and other quality of life violations. The attached amendment to the city's Memorandum of Understanding with the Sacramento County District Attorney's Office extends the term of service through June 30, 2026. The city pays 50% of the cost of the assigned Community Prosecutor, totaling $194,097 for Fiscal Year 2025-2026.

FISCAL IMPACT AND FUNDING SOURCE

The Fiscal Year 2025-26 proposed budget includes $188,000 in the city's General Fund for the continuation of this program. While there is a slight increase to the budgeted amount, there are sufficient funds in the General Fund to cover the total requested amount of $194,097.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT NO. 2021-270-4 WITH THE SACRAMENTO COUNTY DISTRICT ATTORNEY'S OFFICE IN AN AMOUNT NOT TO EXCEED $194,097 FOR COMMUNITY PROSECUTION PROGRAM SERVICES THROUGH JUNE 30, 2026.

WHEREAS, the Sacramento County District Attorney's Office ("District Attorney") operates a Community Prosecution Program to solve problems, ensure public safety, and enhance the quality of life; and

WHEREAS, the District Attorney Community Prosecution Program focuses on targeted areas and involves a long-term proactive partnership between prosecutors, law enforcement, the community, and public and private organizations; and

WHEREAS, the City of Rancho Cordova ("Rancho Cordova") desires to obtain said Community Prosecution Program services for the improvement of Rancho Cordova; and

WHEREAS, the District Attorney and Rancho Cordova have previously entered into a Memorandum of Understanding (MOU) on July 1, 2021, to provide reimbursement for services for the Community Prosecution Program; and

WHEREAS, the District Attorney and Rancho Cordova desire to formally amend said MOU to modify the term and reimbursement amount for services by the Community Prosecution Program.

NOW, THEREFORE, BE IT HEREBY RESOLVED THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA authorizes the City Manager to execute Contract No. 2021-270-4 with the Sacramento County District Attorney's Office in an amount not to exceed $194,097 for Community Prosecution Services through June 30, 2026, in a form approved by the City Attorney.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova on the 2nd day of June 2025 by the following vote:

FOURTH AMENDMENT TO MEMORANDUM OF UNDERSTANDING BETWEEN SACRAMENTO COUNTY DISTRICT ATTORNEY'S OFFICE AND CITY OF RANCHO CORDOVA FOR COMMUNITY PROSECUTION PROGRAM SERVICES

THIS FOURTH AMENDMENT TO MEMORANDUM OF UNDERSTANDING (MOU) is made and entered into this **1st** day of **July 2025** by and between the City of Rancho Cordova, California, a California municipal corporation, hereinafter called "RANCHO CORDOVA," and the County of Sacramento, California, District Attorney's Office hereinafter called "DISTRICT ATTORNEY."

WHEREAS, DISTRICT ATTORNEY and RANCHO CORDOVA have previously entered into a MOU on July 1, 2021 to provide reimbursement for services provided by DISTRICT ATTORNEY for Community Prosecution Program activities for RANCHO CORDOVA; and

WHEREAS, DISTRICT ATTORNEY and RANCHO CORDOVA last formally amended said MOU on July 1, 2024, to continue to provide reimbursement for services by the Community Prosecution Program for RANCHO CORDOVA through June 30, 2025; and

WHEREAS, DISTRICT ATTORNEY and RANCHO CORDOVA desire to formally amend said MOU to modify the term, add Exhibit A outlining the Program Objectives, and to revise the reimbursement amount for services by the Community Prosecution Program for RANCHO CORDOVA.

NOW, THEREFORE, the MOU is amended as follows:

A. Term

The term of the MOU shall be amended to extend for the twelve-month period of July 1, 2025 through June 30, 2026.

B. Exhibit A, attached to this Amendment, is added and incorporated into the Agreement to reflect the Program Objectives for Community Prosecution Services provided under the Agreement.

C. Reimbursement Rate

The current reimbursement rate for **50%** of a full time Community Prosecutor is set to $194,097. This amount reflects the current salary schedule, including benefits, vehicle, and fuel costs from July 1, 2025, through June 30, 2026.

In consideration of the work to be performed herein and the terms of this MOU, RANCHO CORDOVA shall reimburse DISTRICT ATTORNEY for 50% of the actual salary and benefits, including vehicle and fuel costs ("Employment Cost") for the full time Community Prosecutor assigned to provide services under this MOU. Reimbursement shall include salary increases due to cost-of-living adjustments (COLA) and other negotiated salary increases for the assigned Community Prosecutor. This reimbursement structure is intended to provide for full reimbursement of actual Employment Costs for the assigned Community Prosecutor.

The current reimbursement rate for **50%** of a full time Community Prosecutor will be set at the current salary schedule, including benefits, vehicle, and fuel costs from July 1, 2025, through June 30, 2026.

D. <u>Reaffirmation</u>

In all other respects, the above-referenced MOU, as amended, remains in full force and effect.

IN WITNESS WHEREOF, this FOURTH AMENDMENT to the MOU has been executed by and on behalf of the parties here, the day and year first above written.

Program Objectives for Community Prosecution Services

As part of the ongoing partnership between the Sacramento County District Attorney's Office and the City of Rancho Cordova under the Community Prosecution Program, the following objectives have been identified to enhance coordination, public safety, and quality of life in the City of Rancho Cordova:

Enhance Business and Hospitality Engagement
Identify additional commercial areas within the city that would benefit from participation in Business Watch meetings. In partnership with the Rancho Cordova Chamber of Commerce and allied agencies, assist in the development and implementation of a Hotel Watch initiative to support crime prevention and increase situational awareness in the hospitality sector.

Support Municipal Code Refinement
In collaboration with Rancho Cordova Code Enforcement and the City Attorney's Office, assist in evaluating and recommending amendments to the Rancho Cordova Municipal Code to strengthen the City's ability to enforce crime-related ordinances and respond to emerging public safety challenges.

Target Nuisance Properties
Continue to work with City departments to identify and address nuisance properties, with the goal of reducing blight, enhancing neighborhood livability, and promoting voluntary compliance where feasible.

Partner with the Growing Strong Neighborhoods Initiative
Collaborate with the City of Rancho Cordova's Growing Strong Neighborhoods program to support efforts that empower residents to connect, collaborate, and take action in addressing crime, nuisance conditions, and other public safety concerns that affect quality of life at the neighborhood level.

Reduce Chronic Offender Recidivism
Collaborate with the City and community partners to reduce the presence and impact of unhoused chronic reoffenders through continued support of the District Attorney's Chronic Offender Rehabilitation Effort (CORE).The objectives outlined in this exhibit are intended to supplement, not replace, the scope of services defined in the Third Amendment of the Memorandum of Understanding (Contract No. 16-2009) between the City of Rancho Cordova and the Sacramento County District Attorney's Office. The scope of services remains unchanged. This exhibit serves solely to prioritize specific areas of focus mutually agreed upon by both parties for the term of July 1, 2025 through June 30, 2026, in order to enhance coordination, ensure effective resource allocation, and address evolving community needs through the Community Prosecution Program.

MEMORANDUM

ITEM 9.4.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Michelle Mingay, Finance Manager

SUBJECT: **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DECLARING ITS INTENTION TO TRANSFER DELINQUENT REFUSE SERVICE CHARGES TO THE PROPERTY TAX ROLLS AND TO SET A PUBLIC HEARING FOR THE SAME**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would begin the process to allow delinquent refuse service charges to be collected on the property tax roll and set a public hearing for July 7, 2025, at 5:30 p.m. in the City Council Chambers.

BACKGROUND

The Collection Services Contract ("Contract"), between the City of Rancho Cordova and Republic Services, formerly Allied Waste Services, ("Republic"), for residential garbage collection and recycling, allows Republic to take any action legally available to collect past due amounts. Pursuant to Government Code Sections 38790.1 and 25831, one such action is for the city to assist Republic by placing the delinquent accounts on the property tax roll.

The city's Municipal Code allows for the property tax rolls to be utilized for collecting delinquent charges, but in order for the city to assist Republic, the City Council must approve two separate resolutions prior to recording a tax levy for delinquent residential solid waste accounts. The first Resolution, which is the subject of tonight's meeting, establishes the intent of the City Council to transfer delinquent residential solid waste accounts to the tax rolls, and sets a public hearing for July 7, 2025, at 5:30 p.m. to take comments and objections from the public regarding the transfer of delinquent residential solid waste accounts to the tax roll. At the conclusion of the public hearing, the City Council will be asked to adopt the second Resolution titled "A Resolution of the City Council of the City of Rancho Cordova Authorizing Delinquent Residential Solid Waste Service Charges to be collected on the Property Tax Roll."

As of May 2, 2025, there are a total of 1,002 delinquent accounts eligible to be transferred to the tax roll, with a total balance due of $515,572.24. This amount includes a ten percent (10%) penalty which will be added to the tax roll to cover the cost for the city to administer the program.

In order to proceed with the levy of assessments, it is requested that Council adopt a "Resolution of Intention of the City Council of the City of Rancho Cordova to Transfer Delinquent Refuse Service Charges to the Tax Roll." Approval of the Resolution also sets July 7, 2025, at 5:30 p.m. as the date and time for a public hearing on the issue. Notice of the public hearing will be given by publication at least 10 days prior.

FISCAL IMPACT AND FUNDING SOURCE

The city would receive a 10% administrative fee, based on the final balance transferred to the property tax roll, to cover the cost of administering the program.

ATTACHMENT(S)

1. Resolution
2. Exhibit A to the Resolution

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF INTENTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, TO TRANSFER DELINQUENT REFUSE SERVICE CHARGES TO THE 2025-2026 PROPERTY TAX ROLL

WHEREAS, in 2017, the City of Rancho Cordova executed the Collection Services Contract with Allied Waste Services of North America, LLC, a subsidiary of Republic Services ("Republic") for the provision of residential solid waste collection and recycling services; and

WHEREAS, the Collection Services Contract requires Republic to bill residential solid waste accounts for garbage and recycling services; and

WHEREAS, pursuant to Government Code sections 38790.1 and 25831, the city may assist Republic in collection of past-due accounts; and

WHEREAS, the property tax collection process has been used for many years, by both the City of Rancho Cordova and the County of Sacramento, to collect delinquent utility charges.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. That it is the opinion of the City Council that the public interest and convenience require, and that it is the intention of this Council to order delinquent refuse charges and late penalties collected on the tax roll at the time and in the manner as the general tax levy for County purposes; and
2. That City Council hereby gives notice that it sets July 7, 2025, at the hour of 5:30 p.m. in the Council Chambers located at 2729 Prospect Park Drive in the City of Rancho Cordova, California as the time and place for any and all persons having objections to the proposed collection of delinquent refuse charges and late penalty on the tax roll to appear before the City Council and show cause as to why the proposed action herein described should not be carried out in accordance with this Resolution; and
3. That the City Council hereby gives notice that any owner of property liable to be assessed for a delinquent refuse charge may, at any time not later than the hour set for hearing objections to the proposed collection of such delinquent charges on the tax roll, make and file with the City Clerk a written protest against the proposed action herein described and/or against the amount of such charges; and
4. That the City Clerk shall cause a summary of this Resolution to be published in the Grapevine Independent, a newspaper published and circulated in the City of Rancho Cordova, which said newspaper is hereby designated for that purpose.

MEMORANDUM

ITEM 9.5.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Kristine Courdy, Senior Civil Engineer

SUBJECT: **A RESOLUTION ADOPTING A LIST OF PROJECTS FOR THE FISCAL YEAR 2025-26 FUNDING BY SENATE BILL NO. 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would allow the city to receive Senate Bill No. 1 Road Maintenance and Rehabilitation Account funding to fund the Citywide Street Rehabilitation Program that addresses deferred maintenance, increases safety and beautifies the corridors.

BACKGROUND

On April 28, 2017, the Governor signed Senate Bill No. 1 (SB 1), also known as the Road Repair and Accountability Act of 2017. SB 1 was enacted to address road maintenance, rehabilitation, and critical safety needs on both the state highway and local street and roads systems. The source of revenue is generally state taxes and fees on fuel and vehicle licensing.

Beginning November 1, 2017, the State Controller started collecting the new funds generated from the increased fuel taxes and vehicle registration fees into the newly created Road Maintenance and Rehabilitation Account (RMRA). A portion of the RMRA funds will be distributed annually to eligible cities and counties for basic road maintenance, rehabilitation, and critical safety projects on the local streets and roads systems. The city's allocation for Fiscal Year 2025-26 is estimated to be $2,223,791.

In order to be considered for funding, agencies must provide a proposed list of projects to the California Transportation Commission by July 1, 2025. The projects that are proposed for the RMRA funds in Fiscal Year 2025-26 are the following:

- Sunrise Boulevard White Rock Road to Jackson Highway Improvement Project
- Citywide Street Rehabilitation Project – RC10: Countryside Neighborhood that lies within the boundaries of Mather Field Road, Rockingham Drive, Old Placerville Road, Routier Road and Mills Station Road

- Citywide Street Rehabilitation Project – RC11/14: Lincoln Village Neighborhood that lies within the boundaries of US 50, Bradshaw Road, Old Placerville Road, and Routier Road
- Citywide Pavement Surface Treatment Project – RC15: The Stone Creek Neighborhood that lies within the boundaries of Femoyer Street, Mather Boulevard, International Drive, and the Folsom South Canal

All of these projects address deferred maintenance, increased safety and beautifying the corridors.

RMRA guidelines require that listed projects shall be adopted by resolution of the City Council and include the infrastructure service life, project description, project location, and proposed schedule.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact of approving the SB 1 Project List, as the funds were anticipated in the adopted budget. The adoption of the SB 1 Project List would ensure the city is eligible for the SB 1 RMRA funding.

As a stipulation for accepting the RMRA funding, SB 1 requires that the city maintain a level of effort annually from the city's General Fund equivalent to the average expenditures from its General Fund in 2009-10, 2010-11, and 2011-12 fiscal years that were spent on roads. The city's annual maintenance of effort from the General Fund has been established as $776,604.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, ADOPTING A LIST OF PROJECTS FOR FISCAL YEAR 2025-26 FUNDED BY SENATE BILL 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the State Legislature and signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of our city are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City of Rancho Cordova must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City of Rancho Cordova, will receive an estimated $2,223,791 in RMRA funding in Fiscal Year 2025-26 from SB 1; and

WHEREAS, this is the eighth year in which the City of Rancho Cordova is receiving SB 1 funding and will enable the City of Rancho Cordova to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City of Rancho Cordova has undergone a robust public process to ensure public input into our community's transportation priorities and the proposed project list; and

WHEREAS, the City of Rancho Cordova used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City of Rancho Cordova maintain and rehabilitate main arterials and local roads throughout the city of Rancho Cordova this year and similar projects into the future; and

WHEREAS, the 2023 California Statewide Local Streets and Roads Needs Assessment found that the City of Rancho Cordova's streets and roads are in a good condition and this revenue will help us increase the overall quality of our road system and over the next decade will bring our streets and roads into excellent condition; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive benefits for the City of Rancho Cordova.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. The foregoing recitals are true and correct.

2. The following list of newly proposed projects will be funded in-part or solely with Fiscal Year 2025-26 Road Maintenance and Rehabilitation Account revenues:

Project Title: Citywide Street Rehabilitation Project – RC11/14
Project Description: Streets identified for pavement rehabilitation in FY2025-26 funds are located within the Lincoln Village Neighborhood. This project also includes sidewalk upgrades/repairs, striping and storm drain upgrades as necessary. The scope includes design, environmental and construction of the project.
Project Location: Lincoln Village Neighborhood that lies within the boundaries of US 50, Bradshaw Road, Old Placerville Road, and Routier Road.
Estimated Project Schedule:
• Design/Environmental: Summer 2025 to Spring 2027
• Construction: Summer 2027 to Fall 2028
Estimated Project Useful Life: 15-20 years

And;

Project Title: Citywide Pavement Surface Treatment Project – RC15
Project Description: Streets identified for surface treatment in FY2025-26 funds are located within the Stone Creek Neighborhood. This project also includes crack sealing and striping improvements as necessary.
Project Location: The Stone Creek Neighborhood that lies within the boundaries of Femoyer Street, Mather Boulevard, International Drive, and the Folsom South Canal.
Estimated Project Schedule:
• Construction: Spring 2026 to Summer 2027
Estimated Project Useful Life: 15-20 years

3. The following previously proposed and adopted projects may also utilize Fiscal Year 2025-26 Road Maintenance and Rehabilitation Account revenues in their delivery. With the relisting of these projects in the adopted fiscal year resolution, the City of Rancho Cordova is reaffirming to the public and the state our intent to fund these projects with Road Maintenance and Rehabilitation Account revenues:

Project Title: Sunrise Boulevard White Rock Road to Jackson Highway
Project Description: Street rehabilitation and improvement of Sunrise Boulevard from White Rock Road to Jackson Highway. This project also includes sidewalk upgrades/repairs, median and landscaping improvements and storm drain upgrades as necessary. The scope includes design, environmental and construction of the project.
Project Location: Sunrise Boulevard White Rock Road to Jackson Highway
Estimated Project Schedule:
• Design/Environmental: Summer 2023 to Spring 2025

• Construction: Summer 2024 to Summer 2026
Estimated Project Useful Life: 15-20 Years

And;

Project Title: Citywide Street Rehabilitation Project – RC10
Project Description: Streets identified are located within the Countryside Neighborhood. This project also includes sidewalk upgrades/repairs and storm drain upgrades as necessary. The scope includes design, environmental and construction of the project.
Project Location: Countryside Neighborhood that lies within the boundaries of Mather Field Road, Rockingham Drive, Old Placerville Road, Routier Road and Mills Station Road.
Estimated Project Schedule:
• Design/Environmental: Summer 2022 to Fall 2024
• Construction: Summer 2024 to Summer 2026
Estimated Project Useful Life: 15-20 Years

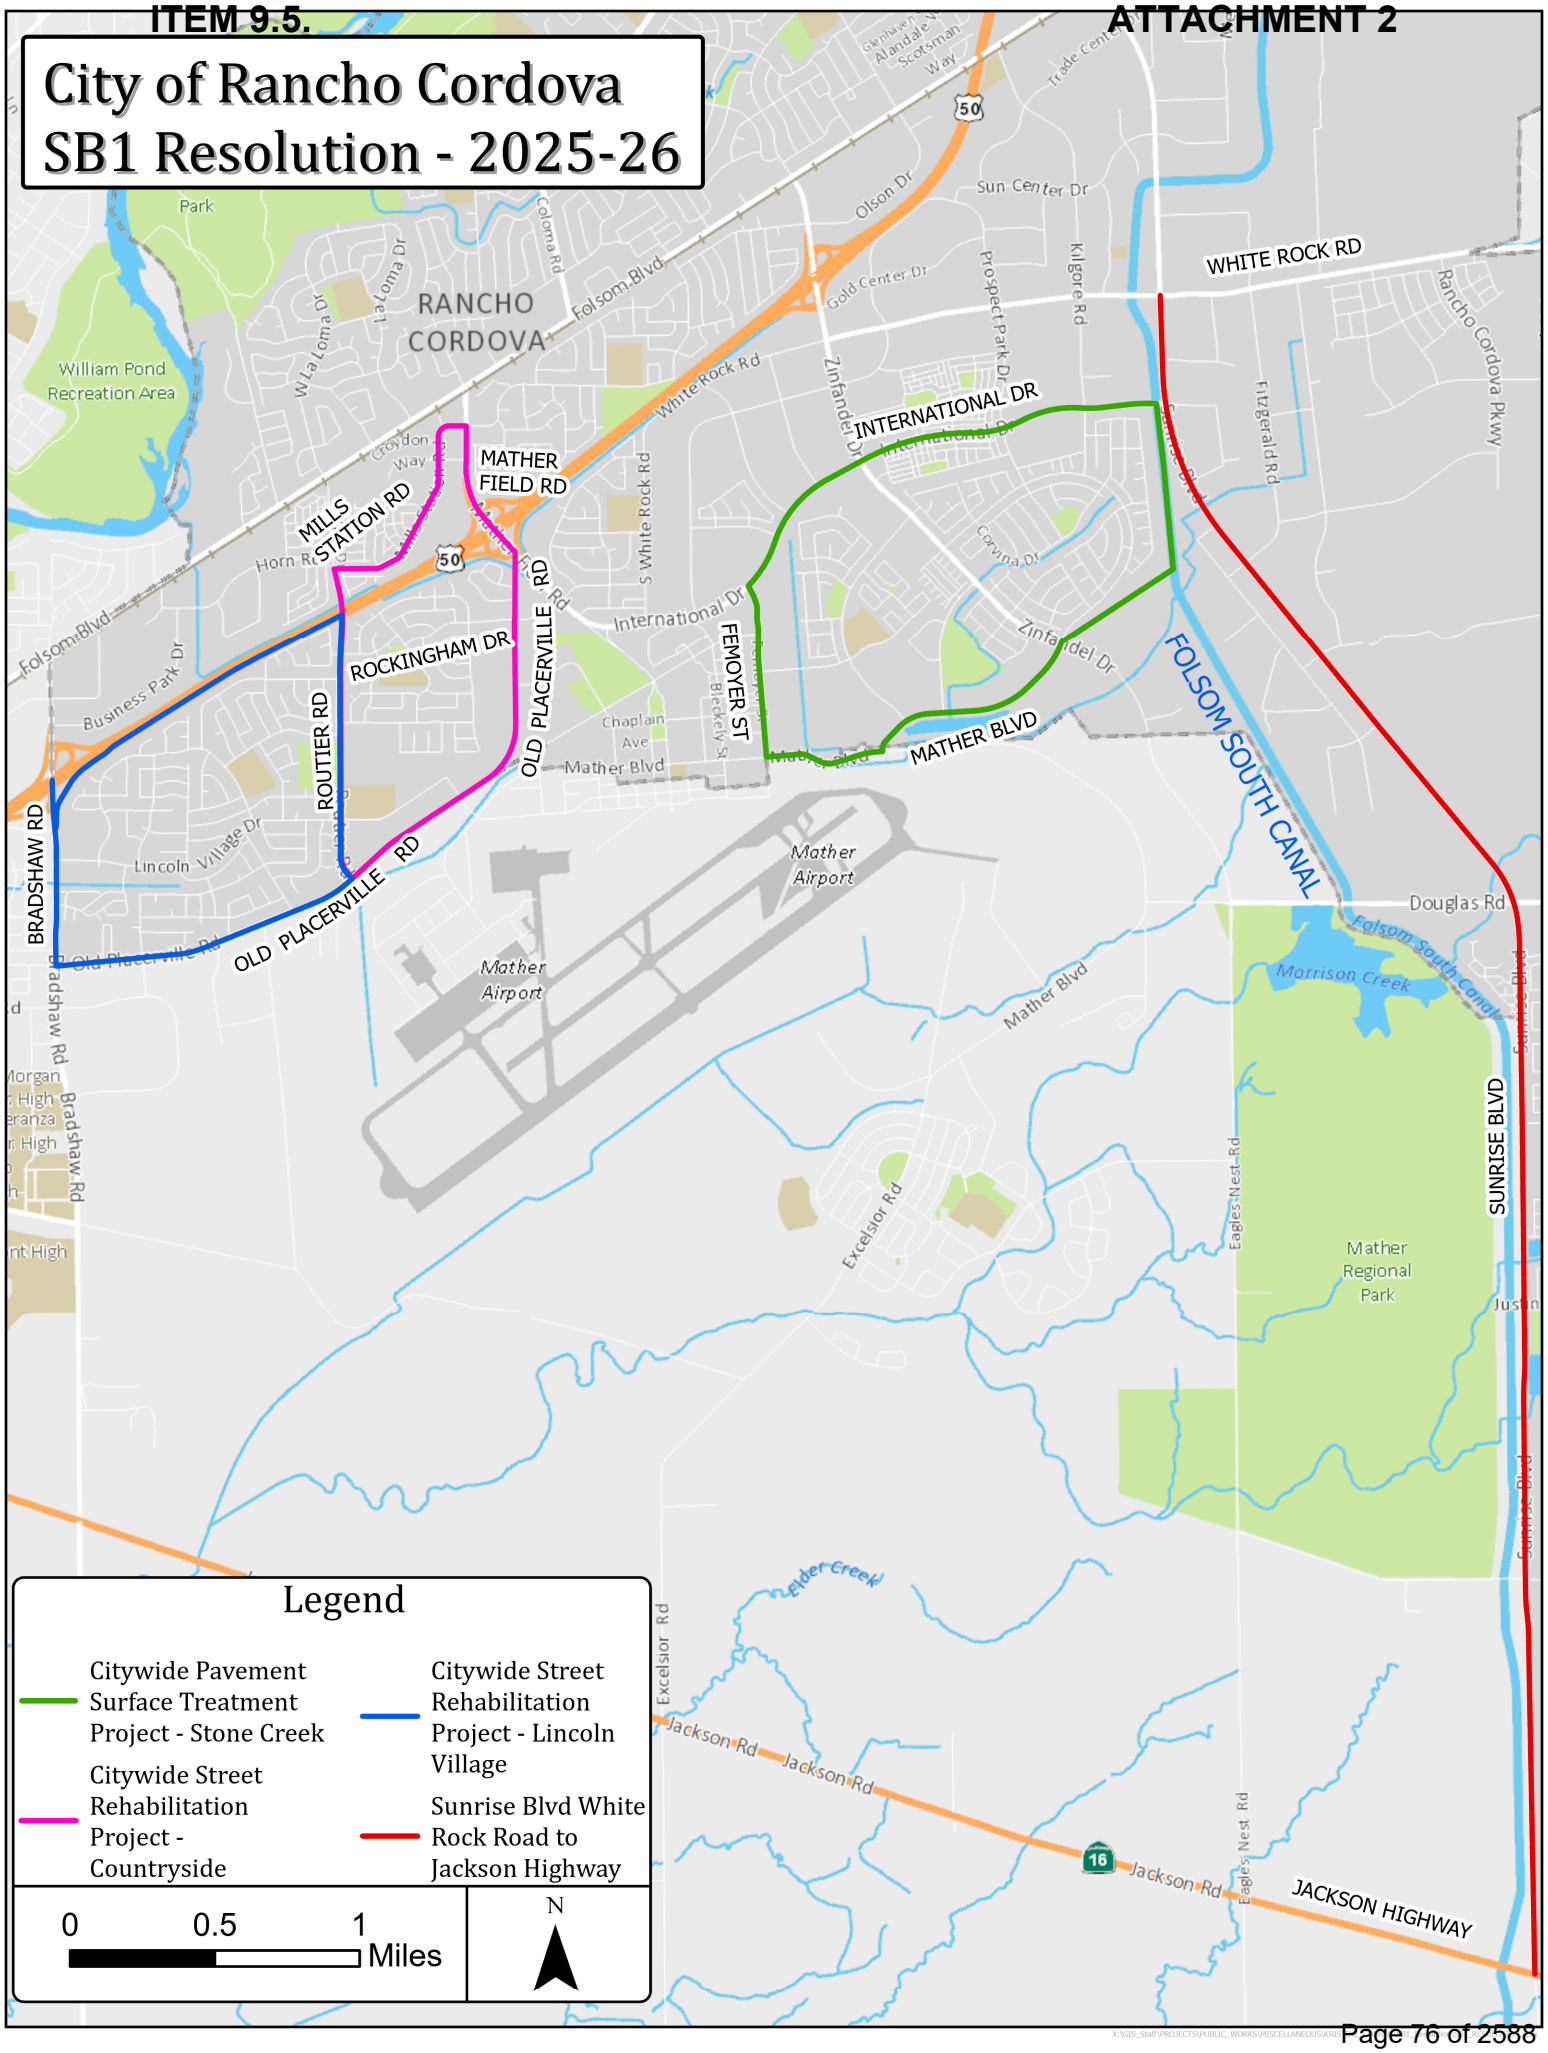
City of Rancho Cordova SB1 Resolution - 2025-26



MEMORANDUM

ITEM 9.6.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Dalia Fadl, Assistant Public Works Director

SUBJECT: **A RESOLUTION OF THE CITY COUNCIL AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT AMENDMENT NO. 2024-58-1 WITH WEST YOST ASSOCIATES TO INCREASE THE CONTRACT AMOUNT FROM $600,000 TO AN AMOUNT NOT TO EXCEED $950,000 FOR STORMWATER ENGINEERING SERVICES**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the City Manager to execute a professional services amendment with West Yost Associates to increase the contract amount from $600,000 to an amount not to exceed $950,000 for on-call stormwater engineering services to build robust infrastructure in the city.

BACKGROUND

In order to provide flexibility to adapt to a variable development, design, and construction market, the Public Works Department employs the assistance of qualified consultants to provide engineering services for the City of Rancho Cordova. This is an on-call contract that allows the city to draw upon greater resources on projects, thus increasing the ability to handle workload peaks and maintain efficient response times. The work conducted under this contract includes drainage master planning, technical review of drainage plans and reports, preparation of floodplain mapping, pump stations technical support, and assistance with the implementation of the city's Drainage Impact Fee Program.

In April 2019, a Request for Qualifications was advertised with the intent of preparing a pre-qualified list of consultant firms from which the Public Works Department may select consultants on an as-needed basis for Civil Design Services, Professional Land Surveying, Environmental and Stormwater Services in the City of Rancho Cordova. West Yost Associates (West Yost) was selected as one of the six (6) firms on the pre-qualified list.

On May 20, 2024, the City Council approved Contract No. 2024-58 with West Yost in an amount not to exceed $600,000 to perform technical review of drainage studies and improvement plans for development projects and provide assistance with FEMA compliance,

drainage modeling support, and pump stations technical support.

The pace of development and construction has been very high. West Yost has provided an excellent performance record and an effective understanding of the city's desired level of service. Therefore, the city is seeking to execute a contract amendment with West Yost to increase the contract amount from $600,000 to an amount not to exceed $950,000 with no change to the contract term. The increase in contract amount is necessary to provide ongoing drainage study and development review, stormwater engineering services, and pump stations technical support which is essential to building robust infrastructure in the city.

FISCAL IMPACT AND FUNDING SOURCE

There is no impact to the city's General Fund. Funding for this contract will be from the city's Stormwater Utility Fee and from fees charged to developers for drainage study and plan review work.

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, AUTHORIZING THE CITY MANAGER TO EXECUTE CONTRACT AMENDMENT NO. 2024-58-1 WITH WEST YOST ASSOCIATES TO INCREASE THE CONTRACT AMOUNT FROM $600,000 TO AN AMOUNT NOT TO EXCEED $950,000 FOR STORMWATER SUPPORT SERVICES

WHEREAS, stormwater engineering services are necessary for the city to perform drainage master planning, technical review of drainage plans and reports, preparation of floodplain mapping, pump stations technical support, and assistance with the implementation of the city's Drainage Impact Fee Program; and

WHEREAS, the City of Rancho Cordova selected West Yost Associates as one of six firms to be added to the city's 2019 pre-qualified list of engineering consulting firms; and

WHEREAS, the city entered into Contract 2024-58 with West Yost Associates in July 2024 in the amount of $600,000 for stormwater engineering services; and

WHEREAS, West Yost Associates has provided an excellent performance record and an effective understanding of the city's desired level of service; and

WHEREAS, the city wishes to increase the maximum compensation amount from $600,000 to an amount not to exceed $950,000; and

WHEREAS, the amount exceeds the maximum amount that the City Manager has authorization to approve; and

WHEREAS, there are sufficient funds budgeted to cover the cost of Contract Amendment No. 2024-58-1.

NOW, THEREFORE, BE IT HEREBY RESOLVED THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA does authorize the City Manager to execute Contract Amendment No. 2024-58-1 with West Yost Associates in an amount not to exceed $950,000 in a form approved by the City Attorney.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova on the 2nd day of June 2025 by the following vote:

FIRST AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT BETWEEN THE CITY OF RANCHO CORDOVA AND WEST YOST ASSOCIATES FOR STORMWATER ENGINEERING SERVICES

This First Amendment to the Agreement for Professional Services ("Amendment") is made by and between the City of Rancho Cordova ("City") and West Yost Associates ("Professional") as of June 2, 2025. City and Professional are hereinafter collectively referred to as the "Parties."

RECITALS

WHEREAS, the Parties entered into a Professional Services Agreement ("PSA") No. 2024-58 dated July 1, 2024 in the amount of $600,000 for stormwater engineering services; and

WHEREAS, Amendment No. 2024-58-1 will increase the total compensation amount by $350,000 from $600,000, to a not to exceed amount of $950,000 for stormwater engineering services; and

WHEREAS, the Parties agree that changes to the term and services provided for in the PSA are necessary in order for the City to continue receiving services by Professional.

NOW, THEREFORE, the Parties hereto agree as follows:

AGREEMENT

1. Section 2 of the PSA, "Compensation," provides for the City to pay Professional a sum not to exceed $600,000. The Parties agree to amend Section 2 of the PSA in order to increase the compensation amount to pay Professional for additional services. The first sentence of Section 2 of the PSA is amended to read as follows:

   "City hereby agrees to pay Professional a sum not to exceed $950,000 (NINE HUNDRED FIFTY THOUSAND DOLLARS) for the life of the contract, notwithstanding any contrary indication that may be contained in Professional's proposal, for services to be performed and reimbursable costs incurred under this Agreement."

2. The signatures of the Parties to this Amendment may be executed and acknowledged on separate pages or in counterparts which, when attached to this Amendment, shall constitute one complete Amendment.

3. **Contract Administration.** This Agreement shall be administered by Dalia Fadl ("Contract Administrator"). All correspondence shall be directed to or through the Contract Administrator or his or her designee.

Notices. Any written notice to Professional shall be sent to:

Melissa Duffy, Senior Engineer II
West Yost Associates
2020 Research Park Drive, Suite 100
Davis, CA 95618
mduffy@WestYost.com

Any written notice to City shall be sent to:
City of Rancho Cordova
Attn: Dalia Fadl
Public Works Department
2729 Prospect Park Drive – Suite 100
Rancho Cordova, CA 95670
Dfadl@cityofranchocordova,org

4. All other terms and conditions in the PSA shall remain in full force and effect to the extent they are not in conflict with this Amendment.

SIGNATURE PAGE FOLLOWING

IN WITNESS WHEREOF, the Parties have executed this Amendment on the day and year first above written.

MEMORANDUM

ITEM 9.7.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Micah Runner, City Manager
Kim Juran, Administrative Services Director

SUBJECT: **FISCAL YEAR 2025-27 BUDGET, OPERATING BUDGET, AND FISCAL YEAR 2025-30 CAPITAL IMPROVEMENT PLAN**

RECOMMENDATION

1) Adopt the Resolution Approving the Fiscal Year 2025-27 Operating Budget.
2) Adopt the Resolution Approving the Fiscal Year 2025-30 Capital Improvement Plan.
3) Adopt the Resolution Approving the Fiscal Year 2025-26 Community Enhancement & Investment Fund Community Grants.
4) Adopt the Resolution Approving Appropriations Limit for Fiscal Year 2025-26.
5) Adopt the Resolution Approving Fiscal Year 2025-26 Full Time Employee Salary Schedule.

RESULT OF RECOMMENDED ACTION

The proposed 2025-27 Operating Budget will serve as the financial plan for the City for the period of July 1, 2025, through June 30, 2027, and serves as the legal authority for spending. Adoption of the Five Year Capital Improvement Plan will provide a spending plan and timeline for approved projects and ensures that adequate resources are set aside to provide funding for these multiple year, large-scale projects. Adoption of the Community Enhancement & Investment Fund Community Grants resolution authorizes the City Manager to execute the community grants recommended for funding by the City Council through the Measure H grant process. Adoption of the Appropriations Limit establishes the annual appropriations limit as required by law and the Full Time Employee Salary Schedule establishes the pay schedule in accordance with CalPERS requirements.

BACKGROUND

The Fiscal Year 2025-27 Proposed Operating Budget and 2025-30 Capital Improvement Plan were made available to the public on May 19, 2025. The budget can be found on the city's website as follows: Fiscal Year 2025-27 Operating Budget and Fiscal Year 2025-30 Capital Improvement Plan.

The 2025–27 Budget totals $407 million, comprising of an Operating Budget of $135 million in planned expenditures in year one and $124 million in year two as well as a Capital Improvement Program (CIP) Budget of $274 million in year one and $119 million in year two. The planning for the next two-year budget commenced during a time of great economic uncertainty, with the threat of tariffs having a tremendous impact on global markets. For the first

time in over a decade, the city is facing downward pressure on some of its key revenue sources, most notably, sales tax, transient occupancy tax, and building permit revenues. However, the city is well positioned to continue to deliver the services, projects, and initiatives expected by the community due to the community's trust and support for Measures H and R, two 1/2 cent local sales tax measures. These locally controlled funds are used to provide enhanced services, additional infrastructure projects, and quality-of-life investments that would otherwise not be feasible without these funds. These funds, coupled with the city's strong reserve balances, enable the city to weather the predicted economic slowdown and continue to move forward with vital projects and programs.

The 2025-27 budget process began in January, with the City Council visioning session that identified key pillars to guide city priorities and inform the budget development process. Through collaborative discussion and consensus-building, the council developed an updated vision and affirmed the following strategic framework including council priorities with updated citywide goals. This strategic framework has been incorporated into the Fiscal Year 2025-27 budget through the programs, projects, and initiatives recommended for funding.

- **Growing Strong Neighborhoods** – *Foster the growth of vibrant, livable neighborhoods that prioritize safety, enhance quality of life, and strengthen community connectedness. By promoting education, investment, enforcement, and inclusive engagement, we will create environments where all residents feel secure, supported, and empowered to thrive.*

This pillar focuses on continuing to improve quality of life for all residents through investment in neighborhood beautification, housing, code enforcement, law enforcement, and community engagement initiatives. Our efforts reflect the belief that strong neighborhoods are the foundation of a strong city.

- **Building Robust Infrastructure** – *Develop and maintain a reliable, well-integrated infrastructure system that ensures access to essential services for all residents while being adaptable to future growth. By prioritizing sustainability, efficiency, and proactive maintenance, we will create a foundation for long-term resilience and support the evolving needs of the community.*

This budget accelerates key capital projects, including street maintenance, traffic signal upgrades, and enhancements to bicycle and pedestrian networks. Long-term infrastructure improvements, like those along White Rock Road and Folsom Boulevard, demonstrate our commitment to building a resilient and connected city.

- **Leading Community Growth & Innovation** – *Promote the city as a forward-thinking regional hub for creating new economic opportunities, supporting local entrepreneurs, fostering sustainable community planning, and driving long-term economic prosperity through strategic growth and development.*

We encourage responsible growth by streamlining development processes, enhancing digital tools, and planning for emerging needs. This includes facilitating new housing developments, supporting local entrepreneurship, and upgrading internal systems to increase efficiency and service responsiveness.

- **Create Vibrant Community and Cultural Places –** *Enhance community vibrancy by creating a diverse array of arts, entertainment, and cultural opportunities that bring people together. Through strategic partnerships we will strengthen the sense of place, encourage community engagement, and improve the qualify of life for all residents.*

From public art to special events, we are enriching Rancho Cordova's identity as a welcoming, culturally rich place. The city is welcoming to new ideas that promote a sense of community and offers grant funding opportunities for these ideas through the Community Enhancement & Investment Fund.

- **Promote Organizational Excellence –** *Achieve organizational excellence by cultivating a nimble, collaborative environment that embraces change and drives innovation. Through forward-thinking strategies and a commitment to continuous improvement, we will ensure that our organization remains adaptable, efficient, and prepared to meet the evolving needs of our community.*

A continued focus on building organizational capacity and investing in new technology that increases efficiency and improves customer service are cornerstones of the next two-year budget. The city organization endeavors to be a great place to work through promoting a positive workplace culture that encourages teamwork and innovation.

The City Council provided further input at the meeting on March 3, 2025, during which staff identified key projects and priorities that were proposed for the next two-year budget. The finance department then followed up with a budget kick-off meeting with staff in March to begin to incorporate this direction into the workplan for the next two years. The presented budget aligns resources to ensure that continuing focus on maintaining and achieving these identified priorities is at the forefront of all department operations.

The proposed budget was reviewed and discussed with the City Council extensively at a work session held on May 14, 2025. The council provided input and direction at this meeting that has been incorporated into the proposed budget. The approval of the proposed operating budget and capital improvement plan will provide approval for the recommended appropriations by fund and enable staff to move forward in implementing the work plan for the next fiscal year, which will begin on July 1, 2025.

FISCAL IMPACT AND FUNDING SOURCE

Approval of the proposed resolutions will provide budget authority by fund for Fiscal Year 2025-26 and 2026-27, as detailed in Attachment 1.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA ADOPTING AN OPERATING BUDGET FOR THE CITY FOR THE FISCAL YEARS JULY 1, 2025 THROUGH JUNE 30, 2027, AND PROVIDING FOR THE APPROPRIATIONS AND EXPENDITURES OF ALL SUMS SET FORTH THEREIN

WHEREAS, the City Manager has submitted to the City Council of Rancho Cordova a Fiscal Years 2025-2027 Proposed Operating Budget; and

WHEREAS, after conducting a workshop on May 14, 2025, on the proposed budget, the City Council has approved the same; and

WHEREAS, it is the intention of the Council to adopt the proposed budget as submitted by the City Manager.

DECISION

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. That certain document referred to as "The City of Rancho Cordova Proposed Budget Fiscal Years 2025-2027" and all schedules, exhibits and policies contained therein, presented by the City Manager is hereby adopted and the appropriations for the annual budget of the City of Rancho Cordova for the fiscal year beginning on July 1, 2025 and ending on June 30, 2026, and for the fiscal year beginning on July 1, 2026, and ending of June 30, 2027 are hereby adopted; and

2. That the amounts stated in the proposed budget shall become and thereafter be appropriated to the offices, departments, activities, objects, and purposes stated therein and said monies are hereby authorized to be expended for the purposes and objects specified in said budget; and

3. The City Manager is authorized to approve expenditure adjustments within individual funds so long as the total appropriated within each major fund is not exceeded.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL ADOPTING THE FIVE-YEAR CAPITAL IMPROVEMENT PLAN 2025-30 AND THE CAPITAL IMPROVEMENT PLAN EXPENDITURE BUDGET FOR THE FISCAL YEARS BEGINNING JULY 1, 2025, AND ENDING JUNE 30, 2027, AND PROVIDING FOR THE APPROPRIATIONS AND EXPENDITURES OF ALL SUMS SET FORTH THEREIN

WHEREAS, the City Manager has submitted to the City Council of Rancho Cordova a Five-Year Capital Improvement Plan for 2025-2030; and

WHEREAS, the Five-Year Capital Improvement Plan contains the Fiscal Year 2025-2027 Proposed Budget for the Capital Improvement Projects and a proposed fund allocation through Fiscal Year 2027-30; and

WHEREAS, after conducting workshops on the proposed Five-Year Capital Improvement Plan and proposed 2025-27 expenditure budget, the City Council has approved the same; and

WHEREAS, it is the intention of the Council to adopt the Five-Year Capital Improvement Plan and approve the Fiscal Years 2025-27 Capital Improvement Plan budget and allocate the funding to the Capital Improvement Projects.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. That certain document referred to as “The City of Rancho Cordova Five Year Capital Improvement Plan 2025-2030” presented by the City Manager or his designee is hereby adopted and the appropriations for the annual budget for the Capital Improvement Projects for the fiscal years beginning on July 1, 2025 and ending on June 30, 2027, is hereby adopted; and

2. That the amounts stated in the proposed budget for the Capital Improvement Projects shall become and thereafter be appropriated to the Projects and purposes stated therein and said monies are hereby allocated and authorized to be expended for the purposes and objected specified in said budget; and

3. The City Manager is authorized to approve expenditure adjustments within individual funds so long as the total appropriated within each major fund is not exceeded.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, APPROVING THE FISCAL YEAR 2025-26 AMOUNTS FOR COMMUNITY GRANTS TO BE FUNDED FROM THE MEASURE H/COMMUNITY ENHANCEMENT & INVESTMENT FUND

WHEREAS, in November 2014, Rancho Cordova voters approved Measure H, a ½ cent sales tax measure, which now generates approximately $12 million of annual revenue for the city's general fund; and

WHEREAS, the revenues from the Measure H/Community Enhancement & Investment Fund are locally controlled by the city; and

WHEREAS, the City Council allocates a portion of these funds for community grants and invites the community to submit applications to receive funding from the Measure H/Community Enhancement & Investment Fund and more than 89 such applications were received and considered by the City Council; and

WHEREAS, the City Council, at public meetings, has considered all grant applications and made recommendations on those grants approved for funding by the Measure H/Community Enhancement & Investment Fund; and

WHEREAS, the City Council now desires to approve final funding recommendations for grants to receive funding for the 2025-2026 fiscal year from the Measure H/Community Enhancement & Investment Fund, while recognizing that some projects may require subsequent discretionary approvals by the City Council to meet certain legal requirements.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. The Fiscal Year 2025-2026 Measure H/Community Enhancement & Investment Fund Community Grants listing is attached as Exhibit A.

2. That the amounts stated in the Fiscal Year 2025-2026 Measure H/Community Enhancement & Investment Fund Community Grants shall receive appropriations.

3. The City Manager is authorized to approve expenditure adjustments within individual funds so long as the total appropriated within each major fund is not exceeded.

4. City staff is authorized to and shall expeditiously process all projects receiving a "Category 1" assignment in Exhibit A, including the execution of funding agreements related to such projects, so that grant funds are distributed as soon as possible.

5. City staff shall ensure that all projects receiving a "Category 2" assignment will move forward as soon as all outstanding issues are resolved, including those related to public bidding and/or prevailing wage requirements; and city staff is authorized to execute required funding agreements and coordinate with necessary outside agencies and parties regarding these projects.

6. Recognizing that the group of projects receiving a "Category 3" assignment in Exhibit A require more extensive staff time to create specifications and meet legal requirements (including public bidding requirements, prevailing wage rules, property entitlements, and/or requirements under the California Environmental Quality Act) city staff shall ensure that planning for these projects makes timely progress and staff shall submit any items requiring additional City Council approval to the Council in a timely fashion.

7. All funding agreements related to the Measure H/Community Enhancement & Investment Fund grants shall be executed by the City Manager, approved by the City Attorney, and shall include requirements to ensure that grant recipients utilize grant monies for the purposes outlined in the approved grant applications. To ensure timely issuance of grant funding, grantees will have 60 days following the receipt of their grant funding agreement to provide the required documentation back to the City needed to execute the agreement. This is being done to help mitigate projects being delayed and/or not finishing during the fiscal year and ensure projects move forward in a timely manner. The Measure H/Community Enhancement & Investment Fund estimated budget is based on the latest available sales tax data at the time the grant applications were approved by the City Council.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA ADOPTING THE APPROPRIATIONS LIMIT FOR FISCAL YEAR 2025-26 AND MAKING THE ANNUAL ELECTION FOR ADJUSTMENT FACTORS PURSUANT TO ARTICLE XIII-B OF THE CALIFORNIA CONSTITUTION

WHEREAS, the people of California on November 6, 1979, added Article XIII-B to the State Constitution placing various limitations on the appropriations of state and local governments; and

WHEREAS, the people of California on June 5, 1990, amended Article XIII-B effective July 1, 1990; and

WHEREAS, the provisions of the amendments have been interpreted by a coalition of statewide organizations, and the organizations have issued through the League of California Cities revised guidelines to calculate the appropriations limit based on changes in the cost of living, population, and other specified factors; and

WHEREAS, pursuant to Section 7900 et seq. of the Government Code and the California Constitution, cities are required to adopt a resolution setting an annual appropriations limit at a regularly scheduled meeting or a noticed special meeting; and

WHEREAS, the City of Rancho Cordova has complied with the provisions of Article XIII-B in calculating the Appropriations Limit for Fiscal Year 2025-26; and

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DOES HEREBY adjust the city's appropriations limit by the growth in city population and the increase in the per capital personal income for the State of California to determine its appropriations limit of $117,212,755 for Fiscal Year 2025-26.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova at a regularly scheduled meeting held on the 2nd day of June, 2025 by the following vote:

May 2025

Dear Fiscal Officer:

Subject: Price Factor and Population Information

Appropriations Limit
California Revenue and Taxation Code Section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2025, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2025-26. Attachment A provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2025-26 appropriations limit. Attachment B provides the city and unincorporated county population percentage change along with the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts
Some special districts must establish an annual appropriations limit. California Revenue and Taxation Code Section 2228 provides additional information regarding the appropriations limit. Article XIII B, Section 9(C) of the California Constitution exempts certain special districts from the appropriations limit calculation mandate. The code section and the California Constitution can be accessed at the following website: http://leginfo.legislature.ca.gov/faces/codes.xhtml.

Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

Population Certification
The population certification program applies only to cities and counties. California Revenue and Taxation Code Section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2025**.

Please Note: The prior year's city population estimates may be revised. The per capita personal income change is based on historical data.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

May 2025

Attachment A

A. **Price Factor**: Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2025-26 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2025-26	6.44

B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2025-26 appropriation limit.

2025-26:

Per Capita Cost of Living Change = 6.44 percent
Population Change = 0.28 percent

Per Capita Cost of Living converted to a ratio: $\frac{6.44 + 100}{100} = 1.0644$

Population converted to a ratio: $\frac{0.28 + 100}{100} = 1.0028$

Calculation of factor for FY 2025-26: 1.0644 x 1.0028 = 1.0674

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA ADOPTING THE FULL TIME EMPLOYEE SALARY SCHEDULE

WHEREAS, the city annually reviews and may revise employee compensation and the salary schedule ranges; and

WHEREAS, the City Manager has the authority to recommend and implement adjustments to the salary schedule to ensure the city maintains a competitive compensation program; and

WHEREAS, the 2025-27 Operating Budget anticipates salary adjustments for each of the two fiscal years in accordance with the city's compensation philosophy; and

WHEREAS, California Code of Regulations Section 570.5 requires that all pay schedules be made publicly available and approved by the City Council; and

WHEREAS, increases in salary ranges are to take effect the pay period beginning on June 22, 2025.

NOW, THEREFORE, BE IT HEREBY RESOLVED THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA adopts the full-time employee salary schedule effective June 22, 2025.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova on the 2nd day of June 2025 by the following vote:

AYES:

NOES:

ABSENT:

ABSTAIN:

ATTEST:

_____
Siri Pulipati, Mayor

_____
Stacy Leitner, CMC
City Clerk

MEMORANDUM

ITEM 9.8.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Kim Juran-Karageorgiou,
Administrative Services Director

SUBJECT: **TREASURER'S REPORT – MARCH 31, 2025**

RECOMMENDATION

This report is informational only. It is recommended that the City Council receive and file the March 31, 2025, Treasurer's Report.

RESULT OF RECOMMENDED ACTION

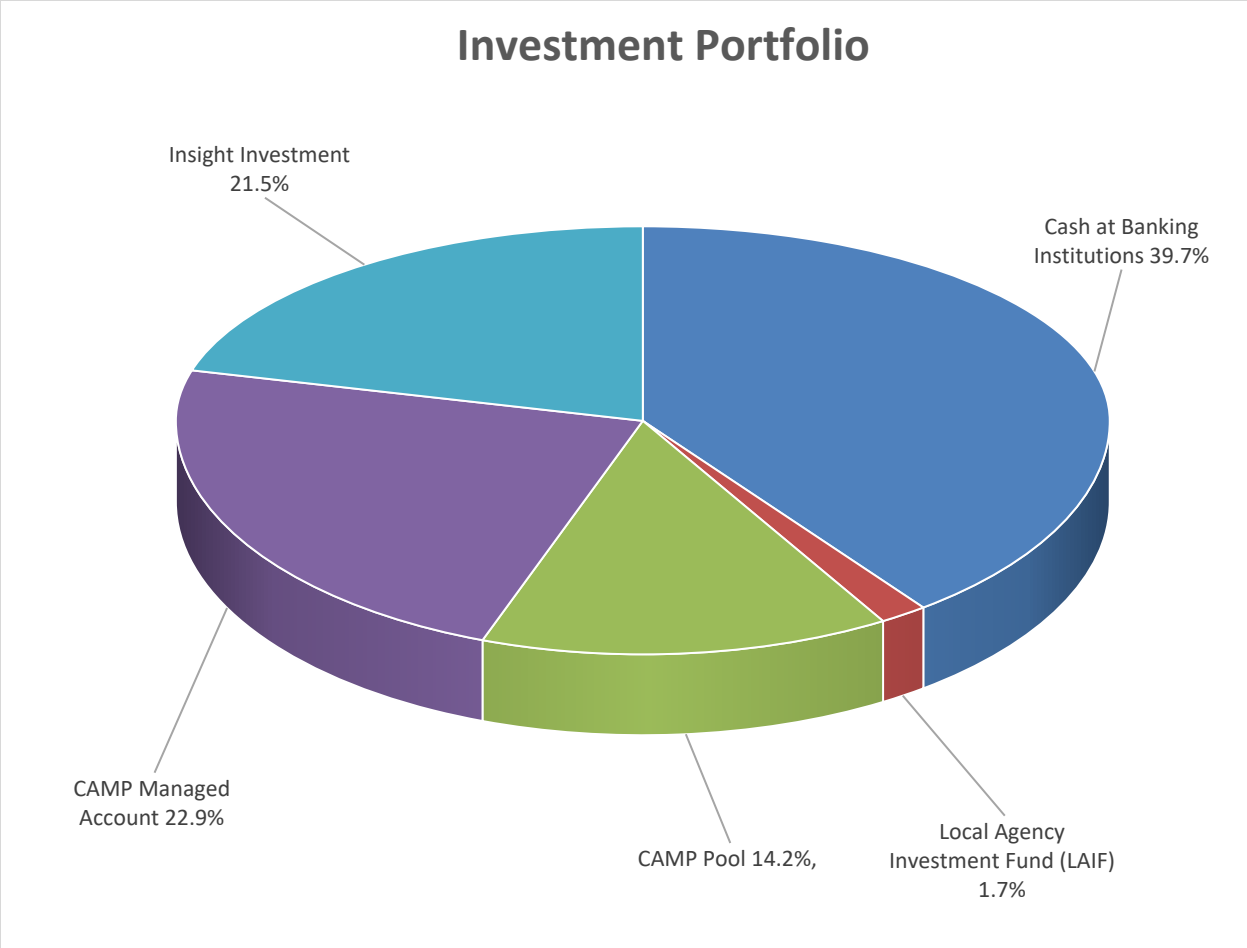
The Treasurer's Report is required to be submitted to the City Council at least quarterly in accordance with California Government Code Section 53600 et. seq. The purpose of the Treasurer's Report is to update the City Council and the public on the status of the City's cash balances and investments and highlight material changes from one period to another. The scope of this report covers the first quarter of the 2025 calendar year ending March 31, 2025, and is in compliance with the State's reporting requirements.

BACKGROUND

Attached is the quarterly Treasurer's Report for the period ending December 31, 2024. Treasurer's Reports are provided to the City Council on a quarterly basis.

At December 31, 2024, the value of the city's total portfolio was $366.9 million. Since that time, the city's cash balances increased by $42.8 million with an ending market value balance of $409.7 million as of March 31, 2025. The funds are held as follows:

Investment Distribution	Book Value	Market Value
Cash at Banking Institutions	162,814,708	162,814,708
Local Agency Investment Fund (LAIF)	6,783,311	6,783,311
CAMP Pool	58,098,937	58,098,937
CAMP Managed Account	92,910,367	93,936,509
Insight Investment	87,554,858	88,052,496
Total	**408,162,180**	**409,685,960**



The first quarter of 2025 was characterized by a great deal of economic uncertainty and worsening consumer sentiment in response to some of the proposed policy changes of the new administration. However, the bright spot in the economy continued to be the strong labor market, with both new jobless claims and unemployment at historically low levels. Interest rates remained unchanged in the first quarter of 2025, with future rate cuts of up to 50 basis points (bps) anticipated in the second half of 2025. Staff continue to work closely with the city's investment advisors to shift additional assets to a longer maturity to take advantage of the higher yields found further out on the yield curve.

The City's cash balance as of March 31, 2025, was allocated by fund type/purpose as follows:

- General Fund: $24.0 million
- Community Enhancement & Investment Fund: $25.8 million
- Sunrise Development Impact Fees (restricted for specific improvements needed as a result of development in the area): $45.1 million
- Transportation Funds: $122.6 million
- Storm Drain Fund: $20.9 million
- Capital Projects/Grant/Special Revenue Funds: $120.1 million
- Agency Funds (funds held for other entities): $49.7 million

The overall portfolio is well diversified with $180.5 million invested in marketable securities, $64.9 million is invested in short-term investments that are considered liquid (LAIF, CAMP, and money markets), and another $162.8 million is on deposit with our banks, which includes $5.8 million on deposit with one local bank as part of the city's participation in a local banking initiative. Staff, in conjunction with our financial advisors, periodically review the mix of liquid and long-term investments and adjusts the portfolio according to the market conditions and our short-term cash needs.

Staff thoroughly review investment statements and make appropriate inquiries of its investment advisors to confirm the existence and viability of the City's assets. The City invests conservatively in investment policy options in accordance with California State Government Code. The long-term assets are in securities that can be held to maturity, thus are less vulnerable to the fluctuations of the market. All securities are in compliance with the city's investment policy. There are sufficient funds to meet the city's expenditure requirements for the next six months.

The distribution of investments are displayed in the following charts:

MEMORANDUM

ITEM 10.1.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Dalia Fadl, Assistant Public Works Director

SUBJECT: **A RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING DISTRICT NO. 2005-1 FOR FISCAL YEAR 2025-2026**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the continuance of the annual levy and collection of assessments in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

BACKGROUND

On May 19, 2025, the City Council approved Resolutions ordering the preparation of the Engineer's Annual Levy Report and set the public hearing to be held prior to approving and ordering the levy of assessments for Fiscal Year 2025-2026. The assessments fund the ongoing landscape maintenance services in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

State law requires the City Council to direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On May 19, 2025, the city initiated the proceedings for the annual levy and collection of assessments by adopting a Resolution ordering the preparation of the Engineer's Report and a Resolution preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for Fiscal Year 2025-2026, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report includes a diagram of the assessment area, a description of the maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by LLD 2005-1 include ongoing maintenance, operation and servicing of landscaping and streetscape improvements within the right-of-ways and other public areas within the District at the locations described in the Engineer's Report.

The proposed Fiscal Year 2025-2026 assessment rates do not exceed the rates previously

levied by the county since 1994 and are equal to the rates levied by the city in Fiscal Year 2024-2025. The boundaries of each zone shown in the district diagram in Part IV of the Engineer's Report and the details for each zone are described in Section II, Part A of the Engineer's Report.

The Fiscal Year 2025-2026 total assessment is estimated at **$89,062**. The District has an established Operating Reserve which provides funding for the operations and maintenance of the District, as well as providing financing for emergency expenditures. A second reserve fund finances special projects such as a central irrigation system, revegetation projects, and other rehabilitation projects or replacements of District improvements.

In July 2006, the county transferred funds previously collected in the county's Zone 4 and 5 to the city, which was deposited to the LLD 2005-1. The city had previously deemed that these transferred funds are to be used exclusively by the District and shall be considered as undesignated reserves within the Zones of the District. Funds from the undesignated reserve can be used to fund costs of any zone(s) that are unable to be funded by the annual assessments.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt a Resolution which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2025-2026.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the City's General Fund.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING DISTRICT 2005-1 FOR FISCAL YEAR 2025-2026

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Report for Fiscal Year 2025-2026 for Landscaping and Lighting District 2005-1, (pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereafter referred to as the "Act"); and

WHEREAS, the Engineer's Annual Report, Exhibit A, has been presented to City Council as required by Chapter 3, Section 22623 of said Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, the city and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Rancho Cordova.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.

2. Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public

inspection, the City Council hereby finds and determines that:

a. The land within the District will be benefited by the operation, maintenance and servicing of improvements, located within the boundaries of the District, and
b. District includes all of the lands so benefited, and
c. The net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2025, and ending June 30, 2026, is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

3. The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of and the furnishing of services and materials for turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, street lighting improvements, equipment, utilities, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public right-of-ways.

4. The County Auditor of the County of Sacramento shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to Chapter 4, Article 2, Section 22646 of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

5. The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the City of Rancho Cordova Landscaping and Lighting District 2005-1 and such money shall be expended only for the maintenance, operation and servicing of the improvements together with all other costs of the District as described in Section 3.

6. The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2025, and ending June 30, 2026.

7. The City Clerk, or their designate, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act.

8. Francisco and Associates, Inc. is hereby designated to file the levy with the County Auditor/Controller on behalf of the City. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Francisco and Associates, Inc. within two weeks of adoption via either e-mail ede@franciscandassociates.com or US Mail to: Francisco and Associates, Inc., 5963 La Place Court, Suite 110, Carlsbad, CA 92008 Attn: Ed Espinoza.

9. That the above recitals are all true and correct. The City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova this 2nd day of June, 2025, by the following vote:

ENGINEER'S REPORT
CITY OF RANCHO CORDOVA
LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 2005-1
FISCAL YEAR 2025-26

The undersigned, acting on behalf of Francisco & Associates respectfully submits the enclosed Engineer's Report as directed by the Rancho Cordova City Council pursuant to the provisions of Article XIIID, Section 4 of the California Constitution, provisions of the Landscaping and Lighting Act of 1972 and Section 22500 et al of the California Streets and Highways Code. The undersigned certifies that he is a Professional Engineer, registered in the State of California.

Dated: May 1, 2025

By: _____
Eduardo R. Espinoza, P.E.
R.C.E No. 83709

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the "1972 Act"), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIIID (hereafter referred to as the "California Constitution"), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as "City"), has by resolution initiated proceedings in connection with the ongoing maintenance of the special assessment district designated as:

Landscape and Lighting District No. 2005-1

(hereafter referred to as "District"), for the purpose of continuing and providing for the ongoing maintenance and operation of landscaping and lighting improvements within the District.

In Fiscal Year 2005-06, as part of the District formation to continue the assessments previously levied by the County as part of the Sacramento Landscape Maintenance District ("SLMD") Zone 4 and Zone 5 for properties within the boundary of the City, the City conducted a Property Owner Protest Ballot proceeding for the District assessments pursuant to the provisions of the *California Constitution, Article XIIID Section 4.* In conjunction with this ballot proceeding, the City Council also conducted a noticed public hearing to consider public testimonies, comments, and written protests regarding the formation of the District and levy of maximum assessments. Upon conclusion of the public hearing, property owner protest ballots received were opened and tabulated to determine whether a majority protest existed (ballots were weighted based upon the assessment amounts), and by resolution the City Council confirmed the results of the ballot tabulation. Tabulation of the ballots indicated that a majority protest did not exist for the continuation and transfer of assessments as presented and described in the Fiscal Year 2005-06 Engineer's Report. The City Council approved the report, ordered the formation of the District, and approved the levy and collection of Fiscal Year 2005-06 assessments. The Fiscal Year 2005-06 assessments were then submitted to the Sacramento County Auditor/Controller for inclusion on the property tax roll for each parcel.

The improvements and assessments described in this Report are based on the improvements and assessments previously established by the County for SLMD Zone 4 and Zone 5, and represent an estimate of the direct expenditures, incidental expenses, and fund balances associated with the maintenance and servicing of those improvements. The structure of the District (organization), the improvements, the method of apportionment, and assessments described herein have been established to continue the maintenance of the existing improvements and assessments previously established by the County as outlined in the District's Fiscal Year 2005-06 Engineer's Report.

For Fiscal Year 2025-26, this Report has been prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed cost estimate and assessments for this fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments. Should the proposed annual assessments for the District or portion thereof, exceed the maximum assessments described herein (as approved by the property owners), the new or increased assessment must be confirmed through another property owner protest ballot proceeding before the new or increased assessment may be imposed. It should be noted that an increased assessment of an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (APN) by the County Assessor’s Office. The County Auditor/Controller uses Assessor’s Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

SECTION II

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

CITY OF RANCHO CORDOVA

LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 2005-1 FISCAL YEAR 2025-26

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, adopted by the City Council of the City of Rancho Cordova on May 19, 2025, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Landscape and Lighting Assessment District No. 2005-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District was formed with four (4) benefit zones encompassing all lots and parcels of land within the boundaries of the City. The territory within the District had previously been assessed through Zone 4 and Zone 5 of the SLMD in Fiscal Year 2004-05. The District was first assessed in Fiscal Year 2005-06. Plans and specifications for the improvements are on file at the City of Rancho Cordova, and are incorporated herein by reference.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's landscaping and lighting improvements and facilities. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E – ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A

PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of the lots and parcels of land that in Fiscal Year 2004-05 were both within the City and within a portion of Zone 4 and all of Zone 5 of the Sacramento Landscape Maintenance District ("SLMD"). Said territory encompasses an area of land totaling approximately five hundred twelve acres (512 acres) that is centrally located within the City, generally south of Highway 50 and north of the southern City limits.

Zone 1: That portion of the previous SLMD Zone 4, which at the time of the formation of the District included a total of ninety-seven (97) assessable parcels within the residential subdivision known as Ellenwood Court located south of Ellenwood Avenue. Upon formation of the District, this area was designated as Zone 1 to reflect the special benefit these parcels receive from the District improvements associated with the development located on the south side of Ellenwood Avenue.

Zones 2, 3 and 4: The parcels within previous SLMD Zone 5, which at the time of the formation of the District included a total of six hundred eighty-six (686) assessable parcels generally located south of the American River, east of Mather Field Road, and near Zinfandel Drive and International Drive. Upon formation of the District, this area was designated as Zones 2, 3, 4, and 4A and are further described as follows:

> **Zone 2** included the one hundred fifty-four (154) assessable parcels within the residential subdivision known as California Jazz Units 1 & 2, generally located east of Data Drive, north of Reserve Drive, south of Capital Center Drive and west of International Drive.
>
> **Zone 3** included the eight (8) assessable parcels located on either side of Zinfandel Drive from Data Drive to the southern boundary of the District (approximately 700 feet south of International Drive).
>
> **Zone 4** included the remaining parcels that were previously included in SLMD Zone 5 that were not designated as either Zone 2 or Zone 3 of the District. This Zone includes parcels along Data Drive, International Drive, Capital Center Drive, White Rock Road, Quality Drive, Disk Drive, Prospect Park Drive and Kilgore Road.
>
> **Zone 4A** is the portion of Zone 4 that also lies within the City's Community Facilities District No. 2005-2 ("CFD 2005-2"). Tax Zone 1 of CFD 2005-2 was established to fund, to the extent that funds from CFD 2005-2 are available, maintenance of landscape improvements of the residential subdivision development known as Capital Village. These landscape improvements were installed along the subdivision's rights-of-way and within the median(s) adjacent to

the development. The funds from Tax Zone 1 of CFD 2005-2, to the extent available, shall offset all or a portion of the costs within Zone 4A.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation and servicing of local landscaping and street lighting improvements within the District (improvements that had been previously funded through annual assessments from the SLMD). The improvements may consist of all or a portion of the public landscaped areas, street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities and expenses necessary for the ongoing maintenance and operation of public street lighting and landscape improvements, including, but not limited to parkways, medians and other designated easements, rights-of-way or public areas within the District. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Improvements and Services Permitted Pursuant to the 1972 Act

As generally defined by the 1972 Act, the improvements and associated assessments for this District may include now or in the future one or more of the following:

1) The installation or planting of landscaping;

2) The installation or construction of statuary, fountains, and other ornamental structures and facilities;

3) The installation or construction of public lighting facilities including, but not limited to streetlights and traffic signals;

4) The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof;

5) The installation of park or recreational improvements, including, but not limited to, all the following:

    a) Land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage.

    b) Lights, playground equipment, play courts, and public restrooms.

6) The acquisition of land for park, recreational, or open-space purposes or any existing improvement otherwise authorized pursuant to this section.

7) The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:

   a) Repair, removal, or replacement of all or any part of any improvements;

   b) Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;

   c) Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;

   d) The removal of trimmings, rubbish, debris, and other solid waste;

   e) The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti;

   f) Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;

   g) Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

8) Incidental expenses associated with the improvements including, but not limited to:

   a) The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;

   b) The costs of printing, advertising, and the publishing, posting and mailing of notices;

   c) Compensation payable to the County for collection of assessments;

   d) Compensation of any engineer or attorney employed to render services;

   e) Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;

   f) Costs associated with any elections held for the approval of a new or increased assessment.

Landscape Improvements

The landscape improvements for the District may include, but are not limited to turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public rights-of-way. Zone specific landscape improvements are described generally as follows:

Zone 1: Streetscape (parkway) landscaping along the South side of Ellenwood Avenue east of Routier Road that is within the public rights-of-way or easements dedicated to the City for maintenance. The costs and special benefits of these improvements are shared equally by only the assessable properties within Zone 1 of the District.

Zone 2: Streetscape (parkway) landscaping surrounding and adjacent to the California Jazz subdivision on the north side of Reserve Drive from Data Drive to International Drive; the east side of Data Drive from Reserve Drive north to the end of the subdivision; the west side of Capital Center Drive from International Drive north to the end of the subdivision; and the north side of International Drive from Reserve Drive to Capital Center Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 2 of the District.

Zone 3: Streetscape (parkway) landscaping on both sides of Zinfandel Drive between International Drive and Data Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 3 of the District.

Zones 2, 3, 4 and 4A: All median landscape improvements within the District located on International Drive from approximately 570 feet westerly of Data Drive to Kilgore Road and on Zinfandel Drive from Data Drive to International Drive. The costs and special benefits of these improvements are proportionately shared by all the properties within Zone 2, 3, 4 and 4A of the District.

Specifically, the landscape improvement areas for this District generally consist of the following:

- Approximately 9,600 square feet of streetscape (parkway) landscaping and 34 trees within the public rights-of-way located on the south side of Ellenwood Avenue.

- Approximately 11,000 square feet of turf, 28,455 square feet of streetscape (parkway) landscaping including 110 trees, located on the north side of Reserve Drive from Data Drive to International Drive; east side of Data Drive, from Reserve Drive north to end of California Jazz tract Unit No. 1; west side of Capital Center Drive, from International Drive north to the end of California Jazz Tract Unit No. 2; and north side of International Drive, from Reserve Drive to Capital Center Drive.

- Approximately 19,400 square feet of turf, 11,500 square feet of streetscape (parkway) landscaping including 57 trees, located on the west side of Zinfandel Drive, south of International Drive.

- Approximately 152,340 square feet of turf, 55,600 square feet of streetscape and median landscaping including 392 trees along International Drive; and medians on International Drive, west of Data Drive to Kilgore Road.

Specifically, not included as District improvements, are those improvements located on private property, improvements and facilities that may be provided or maintained by an agency other than the City; improvements and facilities that may be provided by another assessment or tax levied by the City or County and any improvement provided and maintained by a Homeowner's Association or similar entity.

Detailed descriptions of the location and extent of the specific improvements to be maintained by the District are on file with the City and by reference are made part of this Report. The net annual cost to provide and maintain the improvements determined to be of special benefit shall be allocated to each property in proportion to the special benefits received.

Public Lighting Improvements

Lighting facilities that may be located within the landscaped areas including safety lights, security lights or ornamental lights installed as part of the landscape improvements are included as part of the landscape maintenance costs.

The lighting improvements may include but shall not be limited to the cost of providing electrical energy and servicing of lighting fixtures, poles, meters, conduits, electrical cable and associated appurtenant facilities associated with the street lighting, safety lighting and/or traffic signals within the District including public lighting facilities on designated arterial and collector streets as well as lighting facilities within residential subdivisions or public areas such as parks. The cost of such improvements shall be allocated based on the proportional special benefits properties receive from these improvements.

Part B
ESTIMATE OF COSTS

The maximum assessment per parcel or acre shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified zone of the District.

Each zone within the District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Special Projects Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve for each zone is limited by Streets and Highways Code 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the agency expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code 22569.

The Special Projects Reserve can be used to finance the Central Irrigation System (CIS) project and re-vegetation projects, as well as other rehabilitation projects, repairs or replacements of District improvements.

The Cost Estimate for the District prepared by the City for Fiscal Year 2025-26 follows on the next page.

(1) Contribution from CFD No. 2005-2; Only affects Zone 4A.

(2) The annual levy may differ slightly from the maximum revenue shown due to rounding, because of rounding limitations imposed by the County of Sacramento.

(3) Negative fund balances represent funds that will need to be contributed or loaned from an appropriate funding source outside of the assessment district.

A description of the terms used in the preceding Cost Estimate table are listed on the following pages.

Direct Costs (Maintenance and Operation)

Contract Maintenance – Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the "improvements").

Utilities (Water/Electricity) – Landscaping - The furnishing of water and electricity required for the operation and maintenance of the landscaping related improvements.

Utilities (Electricity) – Lighting - The furnishing of electricity required for the operation of the lighting improvements.

Periodic Repair/Rehabilitation – Landscaping – Expected costs for repair, replacement, installation, or planned upgrades of District landscaping improvements.

Periodic Repair/Rehabilitation – Lighting – Expected costs for repair, replacement, installation or planned upgrades of District lighting improvements. If zero, this line item may not be shown in the cost estimate.

Special Project Expenditures – Expected costs for installation, replacement or planned upgrades of District landscaping or lighting improvements for the current year that were previously funded or accumulated in the Special Projects Reserve. The Special Projects Reserve is used to accumulate funds for costs associated with the future rehabilitation, repair or replacement of these District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the cost estimate.

Administration Costs

District Administration – Estimated costs incurred by the City in preparation of the annual cost estimate and the preparation, review, posting and/or publishing of documents and notices required for City Council action to approve the annual assessments. These costs also include contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Contract Administration – Estimated costs to coordinate and oversee the maintenance contracts and overall repair, maintenance and replacements of the District Improvements.

County Collection Fees – The fee charged to the District by the County for placing assessments on property tax bills.

Other Administration Expenses – Administration expenses not included above, including the cost to publish public notices required for City Council action relating to the District. If zero, this line item may not be shown in the cost estimate.

Total Direct and Administration Costs – The total expected costs of the District.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution to/(use of) Special Projects Reserve — A "Contribution" increases the levy in order to generate funding for the Special Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a "Use of" the Special Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Special Projects Reserve. If the expenditure of a current year special project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Undesignated Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Special Projects Reserve is provided in the following pages of this section.

Revenues from Other Sources – These amounts represent contributions from CFD No. 2005-2; which only affects Zone 4A. This relationship is more fully described in the previous sections of this report.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Number of Assessable Parcels - The total number of parcels within each zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements, due possibly to development restrictions.

Assessable Acreage - The total assessable acreage within each zone that are expected to be assessed on an acreage basis for the current fiscal year.

Maximum Rate per Parcel - The maximum assessment rate that can be assessed to each non-exempt parcel within the respective zone for the current fiscal year.

Maximum Rate per Acre - The maximum assessment rate per acre that can be assessed to each non-exempt parcel within the respective zone for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each zone for the current fiscal year based upon the expected number of assessable units and acres using the maximum assessment rates.

Operating Reserve Fund Balances

Beginning Reserve Fund Balance 7-1-2025 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations for each zone. These beginning balances shall be used to fund each zone's expenditures from July 1, 2025 to December 31, 2025, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Add: Collect from Fiscal Year 2025-26 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If zero, this line item may not be shown in the cost estimate.

Less: Use for Fiscal Year 2025-26 Expenses – The amount of the Operating Reserve to be used to fund Fiscal Year 2025-26 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Fund Balance to an amount no greater than the expected District costs for the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Special Projects Reserve - The amount of Operating Reserve monies to be transferred to or from the Special Projects Reserve. Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2026 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each zone as of June 30, 2026. The size of each zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. Any deficit fund balances will be contributed or loaned to the District from a source outside of the District. All Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Special Projects Reserve Fund Balance

Beginning Special Projects Reserve Fund Balance 7-1-2025 (est.) — The projected balance of funds in the Special Projects Reserve as of July 1, 2025. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Add: Collect from Fiscal Year 2025-26 Levy — This amount is added to the levy to accumulate funding for future year rehabilitation projects, replacements, repairs, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the cost estimate.

Less: Use for Fiscal Year 2025-26 Special Projects – The amount of Special Project Reserve monies expected to be expended for special projects to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve — The amount of Special Projects Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Special Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Project Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Special Projects Reserve Fund Balance 6-30-2026 (est.) – The projected balance of funds in the Special Projects Reserve as of June 30, 2026. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Special Project Reserve or related activity, the Special Project Reserve information may not be presented in the report.

Special Projects Reserve – Capital Improvement Plan

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Part C

ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Assessment Diagram of Landscape and Lighting District No. 2005-1.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this Report was prepared and are incorporated herein and made part of this Report.

A reduced copy of the Assessment Diagram is attached on the following page.

ATTACHMENT 2

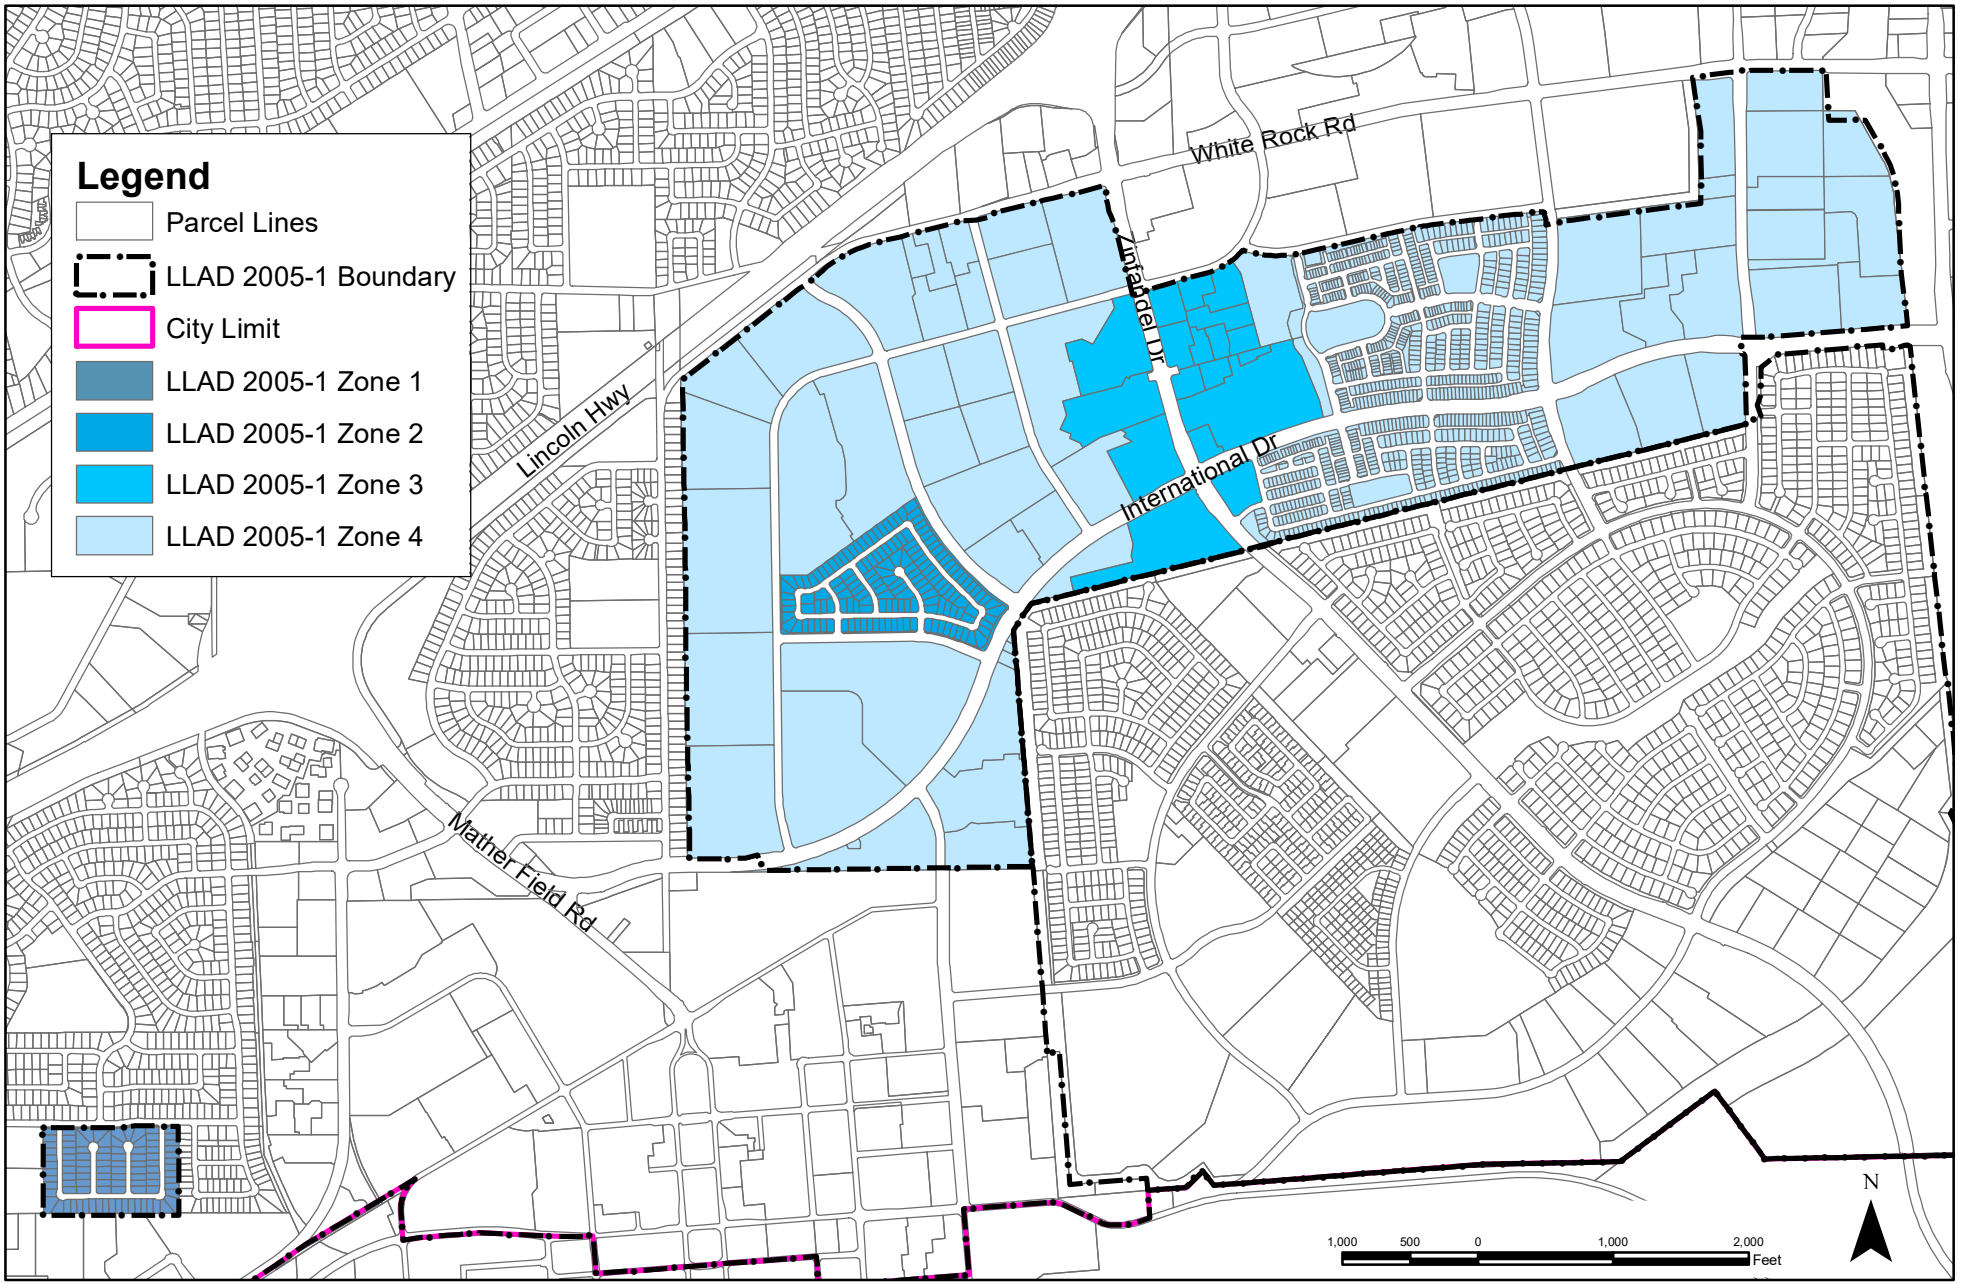
City of Rancho Cordova
Landscape and Lighting District No. 2005-1
Assessment District Diagram



Part D
METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, and appurtenant facilities.

The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as:

> *"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";*

Article XIIID Section 2i defines Special Benefit as:

> *"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."*

Article XIIID Section 4a defines proportional special benefit assessments as:

> *"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and has been established pursuant to the 1972 Act and the provisions of the California Constitution. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

Benefit Analysis

Each of the proposed improvements and the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the California Constitution and 1972 Act.

The improvements provided by the District and for which properties will be assessed have been identified as necessary, required and/or desired for the development of properties within the District and as such, the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of the parcels within the District. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are a distinct and special benefit to the properties within the District. Any improvement or portion thereof that is considered to be of general benefit shall be funded by other revenue sources and not included as part of the special benefit assessments allocated to properties within the District.

Special Benefit

The method of apportionment (method of assessment) established herein is based on the premise that each assessed parcel within the District receives special benefits from specific improvements and the desirability and security of those properties is enhanced by the presence of well-maintained improvements in close proximity to those properties. The special benefits associated with landscape improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green space and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

The special benefits of street lighting and other public lighting facilities are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads, streets, and public areas.
- Improved ability of pedestrians and motorists to see.

- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.

All the preceding factors contribute to a specific enhancement and desirability of each of the assessed parcels within the District and thereby provide special benefits to the properties. Furthermore, it has been determined that the lack of funding to properly service and maintain the District improvements could have a negative impact on the properties within the District.

General Benefit

In reviewing each of the District improvements, the proximity of those improvements to both properties within the District and those outside the District as well as the reasons for installing and constructing such improvements, it is evident that the improvements are solely for the benefit of properties within the District and the ongoing maintenance and operation of the improvements will directly affect the properties within the District. Although the improvements include public areas, easements, rights-of-way and other amenities available or visible to the public at large, the construction and installation of these improvements were only a direct benefit to the properties within the District and were not required nor necessarily desired by any properties or developments outside the District boundary and any public access or use of the improvements by others is incidental. Therefore, it has been determined that the improvements and the ongoing maintenance, servicing and operation of those improvements provide no measurable general benefit to properties outside the District or to the public at large, but clearly provide distinct and special benefits to properties within the District.

Assessment Methodology

The method of apportionment for the District calculates the receipt of special benefit from the respective improvements based on the actual or proposed land use of the parcels within the District. The special benefit received by each lot or parcel is equated to the overall land use of parcels within the District based on the parcel's actual land use or proposed development.

All costs associated with the improvements shall be fairly distributed among the parcels based upon the special benefit received by each parcel. Additionally, in compliance with the California Constitution, each parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred to that parcel. The benefit formula used to determine the assessment obligation is therefore based upon both the improvements that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific improvements.

At the time that the District was being formed and to identify and determine the special benefit to be received by each parcel and their proportionate share of the improvement

costs, it was necessary to consider the entire scope of improvements to be maintained by the District, as well as individual property development within the District. Upon review of the improvements to be maintained, it was determined that four (4) distinct areas benefit differently from the improvements within the District and therefore the landscape maintenance and assessments were established as four (4) benefit zones for the allocation of the assessments and proportional special benefit, as described below. Although a portion of Zone 4 was designated as Zone 4A in Fiscal Year 2007-08, as discussed below, Zones 4 and 4A remain as one benefit zone and are assessed at the same maximum rate.

Zones and Assessments:

Zone 1 is comprised of ninety-six (96) assessable residential properties, each of which were assessed on a per parcel basis at the pre-existing rate of $42.50 per parcel.

Zone 2 is comprised of one hundred fifty-four (154) assessable residential properties within the developments known as California Jazz Unit No.1 and Unit No. 2. Each of the one hundred fifty-four (154) assessable parcels were assessed as residential properties on an acreage basis at the pre-existing rate of $30.48 per acre for the median landscape improvements and parkway landscape improvements associated with these parcels.

Zone 3 is comprised of eighteen (18) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of $30.48 per acre for the median landscaping and $1,382.76 per acre for the landscaping along the parkways of Zinfandel Drive, totaling $1,413.24 per acre.

Zone 4 is comprised of fifty-one (51) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of $30.48 per acre for the median landscape improvements within the District.

Zone 4A is comprised of a portion of Zone 4. Properties within Zone 4A were re-designated as Zone 4A commencing with the Fiscal Year 2007-08 to account for the Zone 4A parcels lying within a portion of CFD 2005-2, while the remaining Zone 4 parcels are outside of the CFD 2005-2 boundaries. Since the CFD 2005-2 Zone 1, special taxes are to be levied upon Zone 4A parcels, these special taxes are contributed in part to the District for the benefit of Zone 4A. Zone 1 of the CFD provides funding for landscape improvements within and adjacent to the development, including the median landscaping identified herein. Although the CFD may fund median landscaping, the special taxes levied within Capital Village may not provide sufficient funds to maintain both the landscape improvements within the Capital Village development and the median landscape improvements within the District that specially benefit the parcels within Zone 4A. Therefore, Zone 4A is comprised of seven hundred eighty-three (783) assessable properties, each of which were assessed $30.48 per gross acre until such time that the CFD generates sufficient revenue to fund the median landscape improvements. Any funds generated by the CFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

Exempt Parcels — Properties within the District that are not assessed for special benefit include but are not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts, parkways, parks, or other publicly owned properties that are part of the District improvements or may provide other benefits to private properties within the District;
- Private properties that cannot be developed independently from an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very restrictive development use.

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment, but shall be reviewed annually by the assessment engineer to confirm the parcels current development status. Government owned properties or public properties are not necessarily exempt properties and shall be subject to special benefit assessment unless it qualifies for an exempt classification.

Special Cases – In many districts where multiple land uses, and zones exist, the typical property classification and assessment methodology does not accurately identify the special benefits received from the improvements for each and every parcel. For example, in some cases, only a small percentage of the parcel's total acreage can actually be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. These special circumstances will be reviewed annually by the assessment engineer.

Part E

ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

Non-assessable lots or parcels may include, but are not limited to public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, rights-of-way, common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has little or no value. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this Report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

MEMORANDUM

ITEM 10.2.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Dalia Fadl, Assistant Public Works Director

SUBJECT: **RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES, AND AMENDING AND/OR CONFIRMING THE ENGINEER'S REPORT, ESTABLISHING THE FISCAL YEAR 2025-2026 SERVICE CHARGE FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 1.**

RECOMMENDATION

Adopt the Resolution initiating proceedings for the Annual Levy and Collection of Charges, preliminarily approving the Engineer's Report and declaring its intention to levy the annual charges for Fiscal Year 2025-2026 for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1; and adopt the Resolution mending and/or confirming the Engineer's Report and establishing the Fiscal Year 2025-2026 service charge for the Rancho Cordova Transit Related Services Benefit District, Zone No. 1.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolutions would authorize the continuance of the annual levy and collection of service charges in the Transit Related Services Benefit District, Zone No. 1 to provide for a broad range of miscellaneous transportation services within the District identified in the Engineer's Report.

BACKGROUND

The purpose of the District is to provide an ongoing financial mechanism to fund a broad range of transportation services intended to benefit property within the District.

In May 2003, the Board of Supervisors of the County of Sacramento formed Benefit Zone No. 1 of County Services Area (CSA) No. 10, to collect annual charges for extended transportation-related services within Benefit Zone No. 1 for the Villages of Zinfandel.

Following the City's incorporation, procedures to detach the District from the County were initiated. On February 15, 2008, LAFCO issued a Certificate of Completion to the City for the detachment from CSA No. 10, formally detaching the District from the County and transferring service responsibility and funding of the CSA to the City.

The City redesignated the name of County Services Area No. 10 Benefit Zone No. 1 to “Transit Related Services Benefit District, Zone No. 1” (hereafter referred to as the “Transit Benefit Zone No. 1” or the “District”). Services include transit shuttle services, transportation planning, educational programs at Navigator Elementary School, a Guaranteed Ride Home Program, vanpools, and infrastructure support.

Transit shuttle services commenced on June 15, 2009, with the implementation of a 3-year demonstration route called the “Rancho CordoVan” which was primarily funded through a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from Transit Zone 1. The CMAQ funding and demonstration period ended on June 30, 2012. The City continued to operate the shuttle serving Zone 1 by modifying the previous CordoVan route to focus service to the benefit areas, increasing the contribution from the special benefit areas, and expanding service to include Zone 2. The Rancho CordoVan service was rerouted in Stone Creek and Capital Village and in September 2012, was expanded to the Anatolia neighborhood. As part of the service upgrade, the pickup point along RT’s Gold Line was changed to the Zinfandel Station in the Zinfandel Plaza parking field. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback, a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The City added a CordoVan vehicle to the service fleet in October 2015. This resulted in the route serving Zone 1 being improved through a concept called “interlining," which takes advantage of switching vehicles between the three. The result added one loop at the end of the morning period and at the end of the evening period. In April 2016, two of the morning routes were adjusted earlier by 25 minutes to better accommodate work arrival times in the business park and the riders heading to Light Rail.

In addition, The City has initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provides a subsidy for rides that are destined to a transit stop in Rancho Cordova. This demonstration project initiated in April of 2019 was funded by the Sacramento Council of Governments, and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic. Beginning August 29, 2021, the existing CordoVan Route 177 increased service to provide midday service through June 30, 2022. That midday service is anticipated to continue in Fiscal Year 2025-2026.

State law requires that the City Council hold a public hearing prior to approval and levy of the proposed charges. An Engineer’s Report showing the proposed rates has been prepared, placed on file with the City Clerk, a copy of which is attached as Attachment 3.

Through adoption of the Resolution, Attachment 1, the City is initiating proceedings for the annual levy and collection of charges for certain miscellaneous extended services and preliminarily approves such written report and declares its intention to levy the annual charges for Fiscal Year 2025-2026. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer’s Report prepared by Francisco & Associates includes a description of the District boundaries, a description and cost estimates of the services to be provided, the method and apportionment of charges, a District budget based on the City cost estimates, a description of the property to be benefited, and the amount of the charge to each individual property. The proposed Fiscal Year 2025-2026 charge for each land use category is shown in Table 1.

Table 1 - Transit Zone No. 1

Land Use Category	Parcels Levied	Residential Units/Acres	Equivalent Dwelling Units	Proposed Rate Per Unit/Acre	Per Unit/Acre	Fiscal Year 2025/2026 Charge*
Low Density Cluster Residential	487	487 units	487.00	$89.89	per unit	$43,772
Low Density Residential	1,297	1,297 units	1,297.00	$89.89	per unit	$116,574
Business Park	6	19.713 acres	422.57	$1,981.18	per acre	$37,985
Light Industrial	3	19.13 acres	176.00	$826.99	per acre	$15,820
Retail Commercial	3	4.714 acres	120.87	$2,304.78	per acre	$10,865
High Density	1	151 units	90.60	$53.93	per unit	$8,144
Total	**1,797**		**2,594.04**			**$233,160**
*Numbers have been rounded for presentation purposes.						

In order to proceed with the levy of charges, it is appropriate for the Council to conduct the public hearing and adopt the Resolution, Attachment 1, which initiates the proceedings for the District, preliminarily approves the Engineer's Report, and declares its intention to levy and collect service charges for Fiscal Year 2025-2026 and adopt the Resolution, Attachment 2, which amends and/or confirms the Engineer's Report and authorizes the levy and collection of service charges for Fiscal Year 2025-2026.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the City's General Fund.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES, PRELIMINARILY APPROVING THE ENGINEER'S REPORT AND DECLARING ITS INTENTION TO LEVY THE ANNUAL CHARGES FOR FISCAL YEAR 2025-2026 FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 1

WHEREAS, on May 21, 2003, the Board of Supervisors of the County of Sacramento, (the "Board"), pursuant to Title 3, Division 2, Part 2, Chapter 2.2 of the Government Code ("County Service Area Law"), through Resolution No. 2003-0549, ordered the formation of Benefit Zone No. 1 of County Service Area No. 10 ("CSA 10 Benefit Zone 1") during concurrent proceedings to form County Service Area No. 10; on July 16, 2003, the Board adopted Resolution No. 2003-0854, approving the Written Report ("the Formation Report"), ordering the collection of annual charges, commencing with Fiscal Year 2003-2004; and, on July 20, 2004, the Board adopted Ordinance No. 1522 (the "Ordinance") providing a procedure for collection of service charges for extended transportation-related services (the "Services") within CSA 10 Benefit Zone 1; and

WHEREAS, on July 1, 2003, the City of Rancho Cordova (the "City") was incorporated, resulting in all of the territory within CSA 10 Benefit Zone No. 1 to be located within the new City limits; and

WHEREAS, on February 15, 2008, pursuant to Government Code Sections 56886(m) and 56886(t), upon the recordation of the Certificate of Completion issued by the Sacramento Local Agency Formation Commission ("LAFCO") for the detachment of a portion of CSA 10 to the City, subject to the conditions within LAFCO Resolution 1342, the County's authority to continue the annual charges of CSA 10 Benefit Zone 1 was transferred to the City; and

WHEREAS, on August 4, 2008, the City redesignated the name of CSA 10 Benefit Zone 1 to the "Transit Related Services Benefit District, Zone No. 1" (hereafter referred to as the "Transit Benefit Zone No. 1" or the "District"); and

WHEREAS, pursuant to Government Code Section 25210.77a and the Ordinance, the governing jurisdiction shall cause to be prepared annually, a Written Report (hereinafter referred to as the "Engineer's Report" or "Report") containing a description of each parcel of real property receiving a service and the amount of the charge for each parcel, and the Services provided; and

WHEREAS, the City Council has retained Francisco & Associates, Inc. as the Engineer of Work, for the purpose of assisting with the annual levy of the District, and to prepare and file the Engineer's Report with the City Clerk; and

WHEREAS, the Engineer of Work has prepared and filed with the City Clerk said Report in connection with the District and the levy of charges for Fiscal Year 2025-2026 for the period July 1, 2025 to June 30, 2026, pursuant to Government Code Section 25210.77a; and

WHEREAS, the Report provides a description of each parcel of real property receiving a service and the amount of the Fiscal Year 2025-2026 charge for each parcel, and the Services provided, pursuant to Government Code section 25210.77a; and

WHEREAS, the City Council has carefully examined and reviewed the Engineer's Report as presented and, the City Council may approve the Report, as filed, or it may modify the Report and approve it as modified; and

WHEREAS, the City Clerk has given proper notice that a public hearing on these matters is to be held by the City Council on Monday, June 2, 2025. at 5:30 p.m., or as soon thereafter as feasible. A notice of the public hearing was published for two successive weeks, in a newspaper of general circulation, before the date of the hearing, and by posting such notice on the official bulletin board customarily used by the City Clerk for the posting of notices.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. The above recitals are true and correct.

2. The Report as presented consists of the following:

a. A description of the District.

b. A description of the District boundaries.

c. The Services to be provided by the District.

d. The proposed Annual Budget for the fiscal year (Costs and Expenses).

e. The Method of Apportionment of the District that details the method of calculating each parcel's annual charge.

f. The Formula for Inflating the Annual Maximum Charge of the District parcels.

g. A description of each parcel of real property receiving a Service.

h. A Preliminary Charge Roll containing the proposed charge for each Assessor Parcel Number within the District for Fiscal Year 2025-2026.

3. The proposed charges as outlined in the Report are in compliance with County Service Area Law and the provisions of California Constitution Article XIIID.

4. The Report is hereby approved on a preliminary basis, as presented or modified, and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

5. The City Clerk is hereby directed to enter on the minutes of the City Council any and all modifications to the Report determined and approved by the City Council, and all such changes and/or modifications by reference are incorporated into the Report.

6. The City Council hereby declares its intention to seek the annual levy of the District charges pursuant to County Service Area Law, over and including the land within the District boundaries for Fiscal Year 2025-2026.

7. The boundaries of the District are described in the Report and include the parcels within the District as identified on the Sacramento County Assessor's Secured Roll and the Assessor's Parcel Maps.

8. The proposed charges for Fiscal Year 2025-2026 do not exceed the maximum charge approved through the property owner protest proceedings upon formation of the District.

9. The City Clerk has given proper notice, pursuant to County Service Area Law and Government Code Section 6066, of the public hearing regarding these matters.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, AMENDING AND/OR CONFIRMING THE ENGINEER'S REPORT AND ESTABLISHING THE FISCAL YEAR 2025-2026 SERVICE CHARGES FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 1

WHEREAS, on May 21, 2003, the Board of Supervisors of the County of Sacramento, (the "Board"), pursuant to Title 3, Division 2, Part 2, Chapter 2.2 of the Government Code ("County Service Area Law"), through Resolution No. 2003-0549, ordered the formation of Benefit Zone No. 1 of County Service Area No. 10 ("CSA 10 Benefit Zone 1") during concurrent proceedings to form County Service Area No. 10; on July 16, 2003, the Board adopted Resolution No. 2003-0854 ordering the collection of annual charges, commencing with Fiscal Year 2003-2004; and, on July 20, 2004, the Board adopted Ordinance No. 1522 (the "Ordinance") providing a procedure for collection of service charges for extended transportation-related services (the "Services") within CSA 10 Benefit Zone 1; and

WHEREAS, on July 1, 2003, the City of Rancho Cordova (the "City") was incorporated, resulting in all of the territory within CSA 10 Benefit Zone No. 1 to be located within the new City limits; and

WHEREAS, on February 15, 2008, pursuant to Government Code Sections 56886(m) and 56886(t), upon the recordation of the Certificate of Completion issued by the Sacramento Local Agency Formation Commission ("LAFCO") for the detachment of a portion of CSA 10 to the City, subject to the conditions within LAFCO Resolution 1342, the County's authority to continue the annual charges of CSA 10 Benefit Zone 1 was transferred to the City; and

WHEREAS, on August 4, 2008, the City Council redesignated the name of CSA 10 Benefit Zone 1 as the "Transit Related Services Benefit District, Zone No. 1" (hereafter referred to as the "Transit Benefit Zone No. 1"); and

WHEREAS, pursuant to Government Code Section 25210.77a and the Ordinance, the governing jurisdiction shall cause to be prepared annually, a written report containing a description of each parcel of real property receiving a service and the amount of the charge for each parcel, and the Services provided; and

WHEREAS, Franciso and Associates, Inc., has prepared a written report for Fiscal Year 2025-2026 (the "Engineer's Report" or the "Report"), styled as an engineer's report, in connection with the District's levy of charges for the period July 1, 2025 to June 30, 2026. The Report has been filed with the City Clerk and is attached as Exhibit A; and

WHEREAS, by previous resolution, the Report has been preliminarily approved by the City Council; and

WHEREAS, the City Council has carefully examined and reviewed the Engineer's Report as presented (or amended), and is satisfied with the items and documents as set forth therein; and

WHEREAS, the public hearing on this matter is set for 5:30 p.m. (or as soon thereafter as the matter may be heard) on Monday, June 2, 2025 at City Hall, 2729 Prospect Park Drive,

Rancho Cordova, as the time, date and place for the public hearing on the Engineer's Report and the proposed charges therein; and

WHEREAS, the notice of the time, date and place for the public hearing has been published for two successive weeks in a newspaper of general circulation pursuant to Government Code section 6066; and

WHEREAS, this City and its legal counsel have reviewed Proposition 218 and found that these charges comply with applicable provisions of Article XIIID of the California State Constitution; and,

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these charges onto the County roll and tax bills for the City of Rancho Cordova; and

WHEREAS, the City Council has considered the propriety of the Engineer's Report, and has further considered the comments and evidence presented by all interested persons at the public hearing and has determined to act upon the matter.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. Confirming the Engineer's Report

a. Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of the Charges, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.

b. The public hearing was duly convened by the City Council at the time, date and place indicated in the notice and all protests received by the City Clerk were presented to the City Council and City Council heard and considered all objections and protests against the Engineer's Report.

c. The exterior boundaries of Transit Related Services Benefit District, Zone No. 1 are confirmed as those described in the Engineer's Report.

d. The submitted Engineer's Report as presented, or amended, is hereby confirmed.

2. Fixing Fiscal Year 2025-2026 Service Charges

a. Service Charges for the miscellaneous extended transportation-related services shall be apportioned to benefiting parcels only, and in proportion to the benefit received. Parcels defined as exempt in the Ordinance are not included in the calculation or collection of the Service Charges. The revenues obtained from the Service Charges shall be dedicated to financing the miscellaneous extended transportation-related services for Transit Benefit Zone No. 1.

b. The City Council finds and determines that the properties to be charged in Transit Benefit Zone No. 1 will be benefited by the services and activities to be funded by the Service Charges levied thereon.

c. The City Council hereby fixes the Fiscal Year 2025-2026 Service Charges to only parcels of property within Transit Benefit Zone No. 1 as determined by the City Public Works Director or his/her designee (the "Administrator") to be "developed" as defined in the Ordinance, the Service Charges shall be applied at the maximum charge per unit or acre, as applicable, according to Table 2 of the Engineer's Report for each parcel's corresponding land use type.

d. The Auditor of the County is hereby directed to enter on the Sacramento County Tax Roll opposite each lot or parcel of land, the Service Charge shown in the Engineer's Report subject to minor modifications as approved by the Administrator.

3. Francisco & Associates, Inc. is hereby designated to file the levy with the County Auditor/Controller on behalf of the City. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Francisco & Associates, Inc. within two weeks of adoption via either e-mail to ede@franciscoandassociates.com or US Mail to: Francisco & Associates, Inc, 5963 La Place Court, Suite 110, Carlsbad, CA 92008 Attn: Ed Espinoza.

4. That the above recitals are all true and correct. The City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final confirmation of the Report as approved or amended.

ANNUAL REPORT
CITY OF RANCHO CORDOVA
TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE NO. 1
FISCAL YEAR 2025-26

The undersigned, acting on behalf of Francisco & Associates respectfully submits the enclosed Annual Report pursuant to the provisions of Article XIIID, Section 4 of the California Constitution, and provisions of the County Service Area law of California Government Code (§25210 et seq.). The undersigned certifies that he is a Professional Engineer, registered in the State of California.

Dated: May 1, 2025

By: _____
Eduardo R. Espinoza, P.E.
R.C.E No. 83709

SECTION I
INTRODUCTION

In May of 2003, the Board of Supervisors of the County of Sacramento, State of California (hereafter referred to as the "County"), pursuant to the provisions of the County Service Area law of California Government Code (§25210 et seq.) (hereafter referred to as "County Service Area Law"), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIIID (hereafter referred to as the "Constitution") formed a County Service Area designated as: County Service Area No. 10 (hereafter referred to as "the CSA" or "CSA 10"), to provide miscellaneous extended transportation services for trip reduction in the following areas: *Villages of Zinfandel, Sunridge Specific Plan, and Mather Field.* On May 21, 2003, the County formed a benefit zone within a portion of the CSA to be known as: *Benefit Zone No. 1,* to impose an annual charge, commencing Fiscal Year 2003-04, upon all the parcels of land within the subdivision known as: *The Villages of Zinfandel.*

An Engineer's Report dated February 27, 2003, (hereafter referred to as the "CSA Formation Report") was prepared in connection with the formation proceedings of the CSA and the concurrent proceedings to form and levy annual charges in Benefit Zone No. 1. Reference is hereby made to the CSA Formation Report concerning the formation of CSA 10 Benefit Zone No. 1, including its structure (organization), proposed services, initial rates, escalation formula, and method of apportionment, as well as the projections of development activity and costs associated with the extended services, all of which have been presented in the CSA Formation Report, and approved by the County of Sacramento. (For reference purposes, the CSA Formation Report was incorporated into the District's Fiscal Year 2008-09 Engineer's Report, which was approved through City Council Resolution 81-2008.)

Upon the Incorporation of the City of Rancho Cordova on July 1, 2003, a portion of the territory within CSA No. 10, including all parcels within Benefit Zone Nos. 1 and 2, were then located within the new City limits. Pursuant to County Service Area Law and after meeting all requirements to detach these portions of the CSA from County control and transfer control to the City of Rancho Cordova (hereafter referred to as the "City"), LAFCO issued a Certificate of Completion to the City for the Detachment from County Service Area No. 10, subject to the conditions within LAFCO Resolution 1342. The detaching territory was comprised of the areas known as Benefit Zone No. 1, Benefit Zone No. 2, and a portion of Mather Field.

Upon the recordation of the Certificate of Completion on February 15, 2008, the detachment of those portions of CSA No. 10 lying within the City limits was approved, resulting in the transfer of service responsibility and funding of the CSA to the City, pursuant to Government Code section 56886(m) and 56886(t).

In connection with the above-described detachment proceedings and the resulting transfer and reorganization of CSA 10 Benefit Zone No. 1, the City approved the District's Fiscal Year 2008-09 Engineer's Report to continue the annual levy of charges previously authorized for CSA No. 10 and to re-designate the name of CSA 10 Benefit Zone No. 1 as the:

Transit Related Services Benefit District Zone No. 1

(hereafter referred to as the "Transit Zone No. 1" or the "District"). It is the City's intention to hold a public hearing and consider an annual resolution to levy annual charges for Fiscal Year 2025-26 in order to provide certain miscellaneous extended transportation services within the District.

Purpose of Transit Zone No. 1

The purpose of Transit Zone No. 1 is to enable the extension of a broad range of miscellaneous transportation services to developing areas within the District boundaries. These extended services are funded by a charge validated pursuant to the California Constitution Article XIIID, Section 4. The formation of the former CSA 10 Benefit Zone No. 1 fulfilled certain conditions of development required by the Zinfandel Special Planning Area and related planning documents.

Annual charges through Transit Zone No. 1 for residential and nonresidential development will fund transit shuttle services and/or other supplemental transportation services as determined appropriate by the City Council.

Adoption Proceedings of CSA No. 10 Benefit Zone No. 1

Pursuant to California Constitution Article XIIID, Section 4, the County conducted a mailed ballot election for the territory known as CSA 10 Benefit Zone No. 1. Each ballot, which was weighted by the amount of the charge for each parcel, was mailed to each owner of record.

The results of the returned ballots determined that a majority protest of the charge and inflator formula did not exist. The County then approved the CSA Zone 1 Formation Report, imposed the maximum allowable charge in Benefit Zone No. 1 for Fiscal Year 2003-04, authorized annual increases in the charge for all subsequent fiscal years up to the amount allowed by the inflator formula and ordered the charge to be placed onto the property tax roll.

Authority for the City to Continue the Charges of CSA 10 Benefit Zone No. 1

According to Government Code section 56886, "Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions: (m) the designation of a city, county, or district, as the successor to any local agency that is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance or other contracts and obligations of the extinguished local agency; and (t) the extension or continuation of any previously

authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory."

Pursuant to the foregoing, the City is duly authorized to continue to levy the charges previously authorized for detached zones within CSA 10, utilizing the procedures prescribed for Counties under County Service Area Law to fix and collect charges for particular extended services. For the remainder of this report, any references to County Service Area Law and the City's authorized capacity to apply the same, the term "City" shall be used in the place of "County".

The word "parcel," for the purposes of this report, refers to an individual property assigned its own number by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses these numbers to identify properties to be charged on the tax roll for district charges, including the charges described in this report.

Compliance with Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment is one of a series of initiatives altering the revenue-raising discretion of California local agencies. The provisions of the Proposition are set forth in the California Constitution Articles XIIIC and XIIID.

As relevant to the District, California Constitution Article XIII D, Sections 1 through 5, provides for additional substantive and procedural requirements, as outlined below.

In Proposition 218, "Assessments" are defined as:

> *"... any levy or charge upon real property by an agency for a special benefit conferred upon the real property. 'Assessment' includes, but is not limited to, 'special assessment,' 'benefit assessment,' 'maintenance assessment' and 'special assessment tax.'" Article XIII D Section 2b.*

Although the District's annual service charges are generally collected on the property tax rolls, the District's service charges are not "taxes." Service charges are distinct from the regular one percent (1%) property tax and property tax debt overrides in that the rates are not levied on an ad valorem basis. The service charges contained in this report are considered assessments under Proposition 218.

Proposition 218 requires that beginning July 1, 1997, all new and existing assessments (with some exceptions) conform to new substantive and procedural requirements. However, certain assessments are exempted from the conformity requirement until they are increased. Generally, these exemptions include:

- Assessments used exclusively to fund sidewalks, streets, sewers, water, flood control, drainage systems, or vector control.
- Assessments used exclusively for bond repayments, the cessation of which would violate the Contract Impairment Clause of the U.S. Constitution.

- Assessments previously approved by a majority of voters.
- Assessments approved by the persons owning all the property at the time the assessment was initially imposed.

Transit Zone No. 1 was formed after the passage of Proposition 218. As such, Transit Zone No. 1 was formed in accordance with the substantive and procedural requirements and the property owners were balloted for the annual service charges and this successful balloting included an annual Consumer Price Index inflator.

SECTION II

CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE No. 1
FISCAL YEAR 2025-26
ANNUAL REPORT

Pursuant to the County Service Area Law, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, for the City of Rancho Cordova Transit Related Services Benefit District, Zone No. 1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District includes those lots and parcels of land within the District that are associated and benefit from the transit related services and associated improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's transit related services and associated improvements. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – TRANSIT ZONE No. 1 BOUNDARIES

This part incorporates a diagram of the District showing the exterior boundaries of the District, and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment used to calculate each property's proportional special benefit and annual charge.

Part E –CHARGE ROLL

This part contains a listing of the proposed levy amount for each parcel within the District. The proposed amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment. The Charge Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A

PLANS AND SPECIFICATIONS

This part of the report describes the properties included in the boundaries of the District and the proposed extended services to be provided by Transit Zone No. 1 to properties within the boundaries of the District.

Transit Zone No. 1 Boundaries

The boundaries of Transit Zone No. 1 and the former CSA 10 Benefit Zone No. 1 are congruent. Transit Zone No. 1 is an irregular shape that covers the Villages of Zinfandel. The Villages of Zinfandel is generally located:

- South of International Boulevard;
- North of Mather Boulevard;
- East of Femoyer Street; and
- West of the Folsom South Canal.

Reference is made to the diagram shown in Part C of the report.

General Description of Services

Transit Zone No. 1 provides the funding mechanism (annual charges) for transit shuttles and other supplemental transportation services as described in the CSA Formation Report. Transit Zone No. 1 will provide transportation services to both residential and non-residential development within the Zinfandel Special Planning Area. The formation of CSA 10 Benefit Zone No. 1 fulfilled certain conditions of development included in County Ordinance No SCZ 2000-018 for the Zinfandel Special Planning Area and related planning documents, as well as the related Transportation System Management Plan and AQ-15 Plan, for funding shuttle services and provisions of supplemental transportation services.

The charges for residential and non-residential development will fund these specified transportation services as determined appropriate on an annual basis by the City Council. The City Council, in its sole discretion, may discontinue the portion of the service charge used for shuttle service once the City Council determines that Sacramento Regional Transit has provided appropriate service. Alternately, the City Council may maintain such service charges and increase other supplemental transportation services. Supplemental transportation services may include, but are not limited to, the following:

- Transit Shuttle – shuttle for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations and/or other public transit options;

- Guaranteed Ride Home – free taxi rides and rental cars for ride sharers in case of an emergency;

- Transit Subsidies – financial assistance to encourage residents and employees to use transit or other alternative transportation measures;

- Transportation Planning for Employers and/or Resident Groups – plans which guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs;

- Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities;

- Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities;

- Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and work site coordinators;

- Bicycle and Alternative Fuel Vehicle Incentives – incentives for purchasing new bicycles or alternative fuel vehicles.

Part B
ESTIMATE OF COSTS

The maximum rate per Equivalent Dwelling Unit ("EDU") shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within Transit Zone No. 1.

The District maintains two separate reserves, one is utilized for working capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Capital Outlay/Contingency Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof. In addition, Government Code Section 25210.6 allows the City to levy and collect charges to fund capital outlays in the current year or to levy and collect charges to accumulate funds for capital outlay purposes, and Government Code Section 25210.7 allows the City to levy and collect charges for any appropriation for contingencies to be used for expenses for maintenance and operation of any services within the Transit Zone. The Capital Outlay/Contingency Reserve is used to fund capital outlay and any contingency purposes that may be necessary to properly provide services to properties within District.

The cost estimate for the District prepared by the City for Fiscal Year 2025-26 follows on the next page, along with details about additional funding requirements and a brief description of each line item included in the cost estimate.

less: Use for Fiscal Year 2025-26 Expenses	$	-
Transfer from/(to) Capital Outlay/Contingency Reserve	$	-
Ending Operating Reserve Fund Balance 6-30-2026 (est.)	**$**	**102,650**
Capital Outlay/Contingency Reserve Fund Balance		
Beginning Capital Outlay/Contingency Reserve Fund Balance 7-1-2025 (est.)	$	523,695
add: Collect from Fiscal Year 2025-26 Levy	$	27,860
less: Use for Fiscal Year 2025-26 Projects	$	-
Transfer from/(to) Operating Reserve	$	-
Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2026 (est.)	**$**	**551,554**

(1) The annual levy may differ slightly from the maximum revenue shown due to rounding because of rounding limitations imposed by the County of Sacramento.

Additional Funding Requirements

The City of Rancho Cordova and Sacramento Regional Transit ("RT") conducted a joint planning effort in 2008 to identify the operational characteristics of a pilot neighborhood shuttle service. The planning effort resulted in the implementation of a demonstration route (called the "Rancho CordoVan") on June 15, 2009. A primary benefit of and for the demonstration shuttle service is mitigating the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and providing better connectivity with Regional Transit's light rail system. The Rancho CordoVan demonstration shuttle was limited to the area between the Cordova Town Center Light Rail station and the businesses and residents just south of Highway 50, along Zinfandel Boulevard.

The primary funding source for the planning effort and the pilot shuttle service was a grant from the federal Congestion Mitigation and Air Quality ("CMAQ") program with supplemental funding from Transit Zone 1. The CMAQ funding and demonstration period ended on June 30, 2012.

The City has continued to operate the shuttle serving the District by modifying the previous CordoVan route to focus service to the benefit areas, increase the contribution from the special benefit areas, and expanding service to include Zone 2. The Rancho CordoVan service was rerouted in Stone Creek and Capital Village in September 2012 and was expanded to the Anatolia neighborhood. As part of the service upgrade, the pickup point along RT's Gold Line was changed to the Zinfandel Station in the Zinfandel parking field. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback, a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The City added a CordoVan vehicle to the service fleet in October 2015. This resulted in the route serving Zone 1 being improved through a concept called "interlining", which takes advantage of switching vehicles. The result added one loop at the end of the morning period and at the end of the evening period. In April 2016, two of the morning routes were adjusted earlier by 25 minutes to better accommodate work arrival times in the business park and the riders heading to light rail.

In addition, the City initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provided a subsidy for rides that are destined to transit stops in Rancho Cordova. The demonstration project initiated in April of 2019 was funded by the Sacramento Council of Governments and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic. Beginning August 29th, 2021, the existing CordoVan Route 177 increased service to provide midday service. That midday service is anticipated to continue in Fiscal Year 2025-26.

The Fiscal Year 2025-26 cost estimate for Transit Zone No. 1 includes:

- Shuttle Services Operations & Planning – $136,000 towards the operations and maintenance of the CordoVan shuttle service.
- Transportation Planning and Coordination – $8,100 is allocated for the 50 Corridor TMA to provide outreach and coordination services to continue ridesharing, van pool, and shuttle programs.
- Outreach and Educational Programs – $4,500 is allocated to continue safe routes to school education at Navigator Elementary School on alternative mode transportation and encourage students and parents to walk or bicycle to school.
- Guaranteed Ride Home – $1,000 is allocated for free taxi rides and rental cars for ride sharers or shuttle riders in case of an emergency.
- Infrastructure Support – transit facilities (bus stop signs, shelters, etc.). An allocation of at least $8,500 is needed for new infrastructure and on-going maintenance of bus stops, shelters, and signs.
- Transit Subsidies and Incentives – $15,500 of financial assistance in the form of subsidies is provided to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Descriptions of Cost Estimate Items

A description of the terms associated with the services funded through Transit Zone No. 1 in the preceding Cost Estimate table are listed below:

Direct Costs (Services and Operating Costs)

Shuttle Services Operations & Planning - Includes costs to provide transit shuttle services for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations, as well as other public transit options.

Transportation Planning and Coordination - Includes the cost of transportation plans for employers and/or resident groups, which can guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs, as well as instruction in mobility (transportation alternatives) for residential groups and work site coordinators. If zero, this line item may not be shown in the cost estimate.

Outreach and Educational Programs - Includes the cost of various programs, such as education of elementary students at Navigator Elementary School on the alternative modes of transportation available and encourages students and parents to walk or bicycle to school. If zero, this line item may not be shown in the cost estimate.

Guaranteed Ride Home - Includes the cost to provide free taxi rides and rental cars for ride sharers in case of an emergency.

Infrastructure Support - Includes the cost of facilities, such as additional bike racks and lockers, transportation alternatives and ride share informational boards and kiosks, and transit facilities.

Transit Subsidies, Incentives, and Staff Costs - includes the cost for financial assistance in the form of subsidies to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Administration Costs

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the service charges and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the service charges, preparation of the annual report, and placing the service charges on the property tax bills.

Transit Shuttle Administration - Includes all or a portion of the administrative costs associated with overseeing the operation of the Transit Shuttle, developing an annual service cost estimate and coordination of the annual approval of the charges.

County Collection Fees - Includes the cost that the County charges to place the service charges onto the Sacramento County Secured Tax Roll.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve - A “replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate.

Contribution for/ (Use of) Capital Outlay/Contingency Reserve - A “contribution” increases the levy in order to generate funding for capital outlay contingency purposes. On the other hand, a “use of” of this reserve provides current year funding for capital outlays or contingency purposes from available funds within the Capital Outlay / Contingency Reserve.

If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Capital Outlay / Contingency Reserve is provided under "Reserve Balance Information" below.

Balance to Levy - This is the total amount to be levied and collected through charges for the current fiscal year. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

Zone 1 Statistics and Rates

Parcels to be Levied - The total number of parcels that are expected to be charged for the current fiscal year.

Developed Equivalent Dwelling Units (EDU's) – The total number of developed EDU's that are expected to be charged for the current fiscal year.

Maximum Rate per EDU – The maximum rate to be charged to each EDU for the current fiscal year.

Estimated Maximum Revenue – The total amount that can be charged against all parcels within the Transit Zone for the current fiscal year based upon the expected number of EDU's to be charged.

Operating Reserve Fund Balance

Beginning Operating Reserve Fund Balance 7-1-2025 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances are expected to be used to fund expenditures from July 1, 2025 to December 31, 2025, as the Operating Reserve is used to compensate for the approximate six-month delay between the start of the Transit Zone's fiscal year and the receipt of the collections from the County. All Capital Outlay / Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately.

Collect from FY 2025-26 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the Transit Zone's receipt of charge collections, the Operating Reserve balance should be sufficiently funded to provide for expenditures from the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If zero, this line item may not be shown in the cost estimate.

Use for FY 2025-26 Expenses - The amount of the Operating Reserve to be used to fund Fiscal Year 2025-26 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected Transit Zone costs for the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Outlay/Contingency Reserve - The amount of Operating Reserve monies to be transferred to or from the Capital Outlay/Contingency Reserve. Periodically, funds held in a Capital Outlay / Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2026 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2026. This balance should be sufficiently funded to provide for the first six- months of budgeted expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Outlay / Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Capital Outlay/Contingency Reserve Fund Balance

Beginning Capital Outlay / Contingency Reserve Fund Balance 7-1-2025 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of July 1, 2025. County Service Area Law allows the levy and accumulation of funds in excess of the Transit Zone's operating reserve to fund capital outlays within the current year or to accumulate funds for these purposes. In addition, these funds may be used for any appropriation for contingencies to fund the services or other expenses of the Transit Zone.

Collect from Fiscal Year 2025-26 Levy - This amount is added to the levy to accumulate funding for future year Capital Outlay/Contingency purposes. If zero, this line item may not be shown in the cost estimate.

Use for Fiscal Year 2025-26 Capital Outlay/Contingency Purposes - The amount of Capital Outlay/Contingency Reserve monies expected to be transferred out of the Capital Outlay/Contingency Reserve to be used in the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve - The amount of Capital Outlay/Contingency Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2026 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of June 30, 2026. These funds shall be used for future year Capital Outlay/Contingency purposes.

Part C

TRANSIT ZONE No. 1 BOUNDARIES

The parcels to be charged consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Boundary Map of Transit Related Services Benefit District Zone No. 1.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the boundary map is attached on the following page.

City of Rancho Cordova
Transit Related Services
Benefit District Zone No. 1 Boundaries

Part D
METHOD OF APPORTIONMENT

County Service Area Law (Government Code Section 25210 et seq), together with Local Agency Formation law (Government Code Sections 56886(m) and 56886(t)), permit a county, or a successor city, in the case of a detached CSA, to levy or collect a tax or charge in any CSA, or zone within a CSA, to fund any one or more of the services mentioned in Part A. A county or successor city may also levy and collect taxes or charges for capital outlay purposes within the respective CSA or detached CSA, for the accumulation of a reserve fund for capital outlay purposes, and for any appropriation for contingencies to be used for expenses for maintenance and operation of any services.

The method of apportionment utilized commonly accepted engineering practices that have been established pursuant to the County Service Area Law and the Constitution. The remainder of this part describes the methodology, estimated annual rates, and annual escalation formula for the charge to be levied in Transit Zone No. 1.

Benefit Analysis

The methodology established through CSA 10 Benefit Zone No. 1 and authorized for Transit Zone No. 1 is summarized below.

The Transit Zone No. 1 charges are levied to fund property-related services. These charges comply with County Service Area Law and Article XIIID Section 4 of the California Constitution, as the charges are to fund property-related services.

The initial rates of CSA 10 Benefit Zone No. 1 were based on the estimated costs to fund supplemental transportation services in Fiscal Year 2003-04 for the Villages of Zinfandel Special Planning Area at build out. The costs of the District are apportioned by a formula or method which fairly distributes the net amount to be charged among the parcels in proportion to the special benefits received by each such parcel from the services provided by the District and a parcel's charge may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIIID requires that only special benefits be charged, and that the City shall separate the general benefit from special benefit. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the district. The general enhancement of property value does not constitute a special benefit. Each parcel within the District receives special benefits from the services provided due to the distinct nature and proximity of these services.

Specific Benefit

The method of apportionment is based on the premise that each charged parcel receives special benefit from the District services funded by the annual service charges as these services are to be provided to individuals using, visiting, or occupying the parcels within the District.

The annual service charges outlined in this report are based on the estimated costs to provide necessary services, improvements, operation, and administration required to ensure the satisfactory condition of each improvement and quality of the services provided.

The special benefits associated with the District services, include but are not limited to:

- Transit Shuttle – shuttle for District residents and/or employees of District businesses;
- Guaranteed Ride Home – free taxi rides and rental cars for ride sharers, in case of an emergency, for those residing and/or employed within the District;
- Transit Subsidies – financial assistance to encourage residents and employees working within the District to use transit or other alternative transportation measures;
- Transportation Planning for employers and/or resident groups working or residing within the District;
- Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities for employers and/or resident groups working or residing within the District;
- Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities within the District;
- Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and employers located in the District;
- Bicycle and Alternative Fuel Vehicle Incentives – incentives for District residents and/or employees of businesses within the District to purchase new bicycles or alternative fuel vehicles;
- A reduction of close-proximity car and diesel truck emissions, at ground level, onto District properties.

The preceding special benefits contribute to a special enhancement and desirability of each of the charged parcels within the District.

General Benefit

In addition to the special benefits received by the parcels within the District, there are incidental general benefits conferred by the District services and improvements. These incidental general benefits conferred by the District improvements include:

- A general reduction in vehicle traffic in portions of the City.
- A possible general reduction in the traffic accidents in portions of the City.

Apportionment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the service related costs, it is necessary to consider not only the services to be provided, but the relationship each parcel has to those services as compared to other parcels in the District. The benefit formula used to determine the obligation is therefore based upon both the services that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific services.

Equivalent Dwelling Unit Factors

The unit of demand used for the charge is an equivalent dwelling unit ("EDU"). One EDU is the amount of demand for services associated with one (1) low-density residential unit in a single year. The demand for all other land use types reflects a comparison of the demand for service relative to one EDU for a low-density residential unit.

Demand is assumed to be generated by developed residential and non-residential land uses. No demand is associated with undeveloped land and no charge is levied on this land use. Table 1 provides the number of EDUs assigned to each land use type for calculating the maximum charge.

Table 1: Transit Zone No. 1 - EDU's by Land Use

Land Use	EDU Factor[1]
Developed Acreage	
Residential (per dwelling unit)	
Low Density	1.00
Medium Density	0.80
High Density	0.60
Nonresidential (per acre)	
Retail Commercial	25.64
Business Park	22.04
Light Industrial	9.20
Undeveloped Acreage	
All Land Uses	-

[1]EDU Factors as approved for Sacramento County CSA 10, Benefit Zone No. 1, in FY 2003-04.

These EDU Factors were determined based upon average daily vehicle trips ("ADT") per land use type. ADT was used to determine the charge by land use type because vehicle trips are a reasonable measure of demand for the supplemental transportation services immediately available to property owners paying the charge. Demand for services was measured by using average vehicle trip generation rates that vary by type of land use.

Each parcel's charge was calculated by multiplying the cost per EDU by the amount of EDU's assigned to each property according to their land use type. This methodology fairly distributes the total cost for services among all parcels based on each parcel's proportional

demand for the services immediately available to that parcel. In this manner, each parcel's charge does not exceed the reasonable cost of services to that parcel.

Land Use Definitions

Definition of the land use definitions are as follows:

Developed Parcels - All single-family detached residential parcels for which a final map has been recorded, and all other parcels for which a building permit has been issued, on or prior to June 30 of the fiscal year preceding the year in which the charge is levied.

Undeveloped Parcels - All parcels that are not Developed Parcels or Exempt Parcels.

Low Density - This category includes densities of up to five (5.0) dwelling units per residential acre. Permitted uses in the LD Area as shown in Section 512-215 of the Zoning Code include those uses allowed in the RD-5, RD-4, and RD-3 Land Use Zones.

Low Density Cluster - This category includes densities of more than five (5.1 and greater) dwelling units per acre and up to 15.0 units per acre. Permitted uses in the Low-Density Cluster area are as shown in Section 512-215, which includes those uses allowed in the RD-7, RD-10, and RD-15 Land Use Zones.

Medium Density - This category includes densities of more than 15.0 (15.1 and greater) and no more than 20.0 dwelling units per acre. Permitted uses in the Medium Density area are as shown in Section 512-215 of the Zoning Code and include those uses allowed in the RD-15 and RD-20 Land Use Zones.

High Density - The category includes densities of more than 20.0 (20.1 and greater) units per net residential acre. The uses permitted in a high-density area are as shown and include those uses allowed in the RD-25, RD-30, and RD-40 Land Use Zones.

Retail Commercial - Permitted uses within the retail commercial areas are as shown in Section 512-215 of the Zoning Code, and are those uses permitted in the Shopping Center, Business and Professional Office Zone, and Residential (RD-10, RD-15, and RD-20) or any other retail category.

This land use designation further includes all other uses that would generate a high number of average daily trips.

Business Park - Permitted uses within the Business Park areas as shown in Section 512-215 of the Zoning Code and are those permitted in Business and Professional Office (BP), as listed in Zoning Code Section 225, and Industrial – Office Park (MP) Zone, as listed in Zoning Code Section 230 or any other business park-related land use category.

This land use designation further includes all other uses that would generate a medium number of average daily trips.

Light Industrial - Permitted uses within the Light Industrial areas as shown in Section 512-215 of the Zoning Code and are those uses permitted in the Light Industrial (M-1) Land Use Zone and the Industrial – Office Park (MP) Zone, as listed in Zoning Code Section 230 or any other industrial-related land use category.

This land use designation further includes all other uses that would generate a low number of average daily trips.

Exempt - Public parcels including parks, schools, utility parcels, and designated open space parcels are exempt from the service charge because no services funded by Transit Zone No. 1 are provided to these parcels.

Formula for Inflating the Annual Maximum Charge

The formula for inflating the annual maximum charge established through CSA 10 Benefit Zone No. 1, and to be used for Transit Zone No. 1, is summarized as follows.

The property owner balloting that established the maximum charges to CSA 10 Benefit Zone No. 1 included an annual inflator formula. The purpose of establishing an inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add administrative costs to Transit Zone No. 1. The law implementing Article XIIID (Senate Bill 919) of the Constitution, clarifies that an increase in a maximum charge to implement a voter-approved inflator formula is not an increase subject to additional property owner consideration.

This inflator formula allows for annual increases to the maximum allowable charges by the increase in the Consumer Price Index (All Urban Consumers) published for the Sacramento Region by the U.S. Department of Labor (CPI), or six percent (6%), whichever is less. The CPI increase to be used in the inflator formula will be the change in the CPI index from the January two years before the adjustment of the charge to the January in the year preceding adjustment of the charge; beginning in the second fiscal year (Fiscal Year 2004-05), and

each fiscal year thereafter, the maximum allowable charge will be recalculated, and a new maximum charge established.

The City may choose to impose less than the maximum allowable charge in any year if service costs warrant a reduction. If the City, or previously the County, has imposed an amount less than the maximum charge, the City may also choose to increase the charge in any year to fully fund services up to the level of the maximum allowable charge for that fiscal year. In this way, the maximum allowable charge is adjusted annually and is calculated independent of the Transit Zone's annual cost estimate.

The U.S. Department of Labor's Bureau of Labor Statistics no longer provides CPI factors for January for the San Francisco-Oakland-San Jose area. The CPI factors are now published bi-monthly on even months only (February, April, June, etc.). Since the February CPI factors include, in part, the data that would have been used to determine the January CPI factors, the City has determined that Transit Zone No. 1 shall now use the CPI data for the month of February.

The percentage increase from the February 2024 CPI to the February 2025 CPI was 2.68897%.

Table 2 provides the Fiscal Year 2025-26 maximum charge per EDU together with the maximum charge by land use.

Table 2: Transit Zone No. 1 - Maximum Charge by Land Use

Land Use	EDU Factor[1]	Charge Per EDU[2]	Maximum Annual Charge Per Unit/Acre
Developed Acreage			
Residential (per dwelling unit)			
Low Density	1.00	$89.89	$89.89
Medium Density	0.80	$89.89	$71.91
High Density	0.60	$89.89	$53.93
Nonresidential (per acre)			
Retail Commercial	25.64	$89.89	$2,304.78
Business Park	22.04	$89.89	$1,981.18
Light Industrial	9.20	$89.89	$826.99
Undeveloped Acreage			
All Land Uses	-	$89.89	-

[1]EDU Factors as approved for Sacramento County CSA 10, Benefit Zone No. 1, in FY 2003-04

[2]The FY 2025-26 maximum charge per EDU is calculated by increasing the FY 2024-25 maximum charge per EDU of $87.53 by 2.68897%, the percentage increase in the CPI from February 2024 to February 2025. Rates and percentages in the Report have been rounded for presentation purposes.

Part E
CHARGE ROLL

Parcel identification for each lot or parcel within the District is based on the diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be charged within this District along with the amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and rate rather than a proportionate share of the original amount.

The following is a list of the parcels and proposed amounts for each of the parcels within the District as determined by the rates and method of apportionment described herein.

City of Rancho Cordova
Transit Related Services Benefit District No. 1
Fiscal Year 2025-26 Charge Roll

APN	Development Status	Land Use	EDU	Levy Amount
072-1960-001-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-002-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-003-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-004-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-005-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-006-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-007-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-008-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-009-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-010-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-011-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-012-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-013-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-014-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-015-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-016-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88
072-1960-017-0000	Developed Parcel	Low Density Residential	1.0000	$ 89.88

MEMORANDUM

ITEM 10.3.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Dalia Fadl, Assistant Public Works Director

SUBJECT: **RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES, AND AMENDING AND/OR CONFIRMING THE ENGINEER'S REPORT, ESTABLISHING THE FISCAL YEAR 2025-2026 SERVICE CHARGE FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 2.**

RECOMMENDATION

Adopt the Resolution initiating proceedings for the Annual Levy and Collection of Charges, preliminarily approving the Engineer's Report, and Declaring its Intention to Levy the Annual Charges for Fiscal Year 2025-2026 for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2; and adopt the Resolution Amending and/or Confirming the Engineer's Report and establishing the Fiscal Year 2025-2026 Service Charges for the Rancho Cordova Transit Related Services Benefit District, Zone No. 2.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolutions would authorize the continuance of the annual levy and collection of service charges in the Transit Related Services Benefit District, Zone No. 2 to provide for a broad range of transportation services within the District as identified in the engineer's report.

BACKGROUND

The purpose of the District is to provide an ongoing financial mechanism to fund a broad range of transportation services intended to benefit the property within the District.

In January 2004, the Board of Supervisors of the County of Sacramento formed Benefit Zone No. 2 of County Services Area (CSA) No. 10, to collect annual charges for extended transportation-related services within Benefit Zone No. 2 for the Sunridge Specific Plan Area.

Following the City's incorporation, procedures to detach the district from the County were initiated. On February 15, 2008, LAFCO issued a Certificate of Completion to the City for the detachment from the County Service Area No. 10 formally detaching the district from the County and transferring service responsibility and funding of the CSA to the City.

The City re-designated the name of County Services Area No. 10 Benefit Zone No. 2 to "Transit

Related Services Benefit District, Zone No. 2" (hereafter referred to as the "Transit Benefit Zone No. 2" or the "District"). Services include transit shuttle services, transportation planning, educational programs at Sunrise and Robert J. McGarvey Elementary schools, a guaranteed ride home program, vanpools, and infrastructure support.

The construction of the International Drive extension to Sunrise Boulevard and the completion of the extension of Zinfandel Drive to Douglas Road provided the opportunity to effectively service the area with shuttle service. The CordoVan shuttle commenced new routing in September 2012 with a service between the Anatolia Club House and the Zinfandel Light Rail Station. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train.

The City added a CordoVan vehicle to the service fleet in October of 2015. The new vehicle connects to the Anatolia Clubhouse and proceeds on to Sunridge Park. The CordoVan that serves the Anatolia Clubhouse was extended to serve Kavala Ranch. The resulting service to the Anatolia Clubhouse has improved services by reducing headways (intervals between busses) from 45 to 30 minutes. In April 2016, the morning routes were adjusted earlier by 25 minutes to better accommodate work times in the business park and the riders heading to Light Rail.

In 2018, the Sunridge CordoVan was adjusted to avoid small local residential streets. With the extension of Chrysanthy Boulevard and Rancho Cordova Parkway, the CordoVan Route 176 was extended to provide service to the Sunridge Park, North Douglas, and Douglas 98 subdivision areas with three new stops added. The new service began in August 2021. Unused funds from the FY 2025-2026 levy will be retained in reserves for future additional service to the area. In addition, the City initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provides a subsidy for rides that are destined to transit stop in Rancho Cordova. The demonstration project initiated in April of 2019 is funded by the Sacramento Council of Governments, and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic.

State law requires that the City Council hold a public hearing prior to approval and levy of the proposed charges. An Engineer's Report showing the proposed rates has been prepared, placed on file with the City Clerk, a copy of which is attached as Attachment 3.

Through adoption of the Resolution, Attachment 1, the City is initiating proceedings for the annual levy and collection of charges for certain miscellaneous extended services and preliminarily approves such written report, and declares its intention to levy the annual charges for Fiscal Year 2025-2026. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report prepared by Francisco & Associates includes a description of the District boundaries, a description and cost estimates of the services to be provided, the method and apportionment of charges, a District budget based on the City's cost estimates, a description of the property to be benefited, and the amount of the charge to each individual property. The proposed Fiscal Year 2025-2026 charges for each land use category are shown in Table 1.

In order to proceed with the levy of charges, it is appropriate for the Council to conduct the public hearing and adopt the Resolution, Attachment 1, which initiates the proceedings for the

District, preliminary approves the Engineer's Report, and declares its intention to levy and collect service charges for Fiscal Year 2025-2026. The Resolution, Attachment 2, amends and/or confirms the Engineer's Report and authorizes the levy and collection of service charges for Fiscal Year 2025-2026.

Table 1 - Transit Zone No. 2

Land Use Category	Parcels Levied	Residential Units/Acres	Equivalent Dwelling Units	Proposed Rate Per Unit/Acre	Per Unit/Acre	Fiscal Year 2025/2026 Charge*
Low Density Residential	3,972	3,972 units	3,972.00	$106.50	per unit	$423,018
Medium Density	3,211	3,211 units	2,568.80	$85.20	per unit	$273,577
Mixed Commercial	6	10.713 acres	236.11	$2,347.26	per acre	$25,146
Retail	10	16.017 acres	410.68		per acre	$43,737
Total	**7,199**		**7,187.59**			**$765,478**

*Numbers have been rounded for presentation purposes, so totals may not foot due to rounding.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the City's General Fund.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES, PRELIMINARILY APPROVING THE ENGINEER'S REPORT, AND DECLARING ITS INTENTION TO LEVY THE ANNUAL CHARGES FOR FISCAL YEAR 2025-2026 FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 2

WHEREAS, on July 1, 2003, the City of Rancho Cordova (the "City") was incorporated, resulting in the area known as the Sunridge Specific Plan to be located within the city boundaries; and

WHEREAS, on January 11, 2005, the Board of Supervisors of the County of Sacramento (the "Board"), in coordination with the city, pursuant to Title 3, Division 2, Part 2, Chapter 2.2 of the Government Code ("County Service Area Law"), through Resolution No. 2005-0061, ordered the formation of Benefit Zone No. 2 of County Service Area No. 10 ("CSA 10 Benefit Zone 2"); on March 15, 2005, the Board adopted Resolution No. 2005-0298, approving the Written Report (the "Formation Report"), ordering the collection of annual charges, commencing with Fiscal Year 2005-2006; and, on June 20, 2006, the Board adopted Ordinance No. 1539 (the "Ordinance") providing a procedure for collection of service charges for extended transportation-related services (the "Services") within CSA 10 Benefit Zone 2; and

WHEREAS, on February 15, 2008, pursuant to Government Code Sections 56886(m) and 56886(t), upon the recordation of the Certificate of Completion issued by the Sacramento Local Agency Formation Commission ("LAFCO") for the detachment of portions of CSA 10 to the City, subject to the conditions within LAFCO Resolution 1342, the County's authority to continue the annual charges of CSA 10 Benefit Zone 2 was transferred to the City; and

WHEREAS, on August 4, 2008, the City redesignated the name of CSA 10 Benefit Zone 2 to the "Transit Related Services Benefit District, Zone No. 2" (hereafter referred to as the "Transit Benefit Zone No. 2" or the "District"); and

WHEREAS, Government Code section 25210.77a and the Ordinance require that the governing jurisdiction cause to be prepared annually, a Written Report (hereinafter referred to as the "Engineer's Report" or "Report") containing a description of each parcel of real property receiving a service and the amount of the charge for each parcel, and the Services provided; and

WHEREAS, the City Council has retained Francisco and Associates, Inc., as the Engineer of Work, for the purpose of assisting with the annual levy of the District, and to prepare and file the Engineer's Report with the City Clerk; and

WHEREAS, the Engineer of Work has prepared and filed with the City Clerk said Report in connection with the District and the levy of Charges for Fiscal Year 2025-2026 for the period July 1, 2025, to June 30, 2026, pursuant to Government Code Section 25210.77a; and

WHEREAS, the Report provides a description of each parcel of real property receiving a service and the amount of the Fiscal Year 2025-2026 charge for each parcel, and the Services provided, pursuant to Government Code section 25210.77a; and

WHEREAS, the City Council has carefully examined and reviewed the Engineer's Report as presented and, the City Council may approve the Report, as filed, or it may modify the Report and approve it as modified; and

WHEREAS, the City Clerk has given proper notice that a public hearing on these matters is to be held by the City Council on Monday, June 2, 2025 at 5:30 pm, or as soon thereafter as feasible. A notice of the public hearing was published for two successive weeks, in a newspaper of general circulation, before the date of the hearing, and by posting such notice on the official bulletin board customarily used by the City Clerk for the posting of notices.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. The above recitals are true and correct.

2. The Report as presented consists of the following:

a. A description of the District.

b. A description of the District boundaries.

c. The Services to be provided by the District.

d. The proposed Annual Budget for the fiscal year (Costs and Expenses).

e. The Method of Apportionment of the District that details the method of calculating each parcel's annual charge.

f. The Formula for Inflating the Annual Maximum Charge of the District parcels.

g. A description of each parcel of real property receiving a Service.

h. A Preliminary Charge Roll containing the proposed charge for each Assessor Parcel Number within the District for Fiscal Year 2025-2026.

3. The proposed charges as outlined in the Report are in compliance with County Service Area Law and the provisions of California Constitution Article XIIID.

4. The Report is hereby approved on a preliminary basis, as presented or modified, and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

5. The City Clerk is hereby directed to enter on the minutes of the City Council any and all modifications to the Report determined and approved by the City Council, and all such changes and/or modifications by reference are incorporated into the Report.

6. The City Council hereby declares its intention to seek the annual levy of the District charges pursuant to County Service Area Law, over and including the land within the District boundaries for Fiscal Year 2025-2026.

7. The boundaries of the District are described in the Report and include the parcels within the District as identified on the Sacramento County Assessor's Secured Roll and the Assessor's Parcel Maps.

8. The proposed charges for Fiscal Year 2025-2026 do not exceed the maximum charge approved through the property owner protest proceedings upon formation of the District.

9. The City Clerk has given proper notice, pursuant to County Service Area Law and Government Code Section 6066, of the public hearing regarding these matters.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, AMENDING AND/OR CONFIRMING THE ENGINEER'S REPORT AND ESTABLISHING THE FISCAL YEAR 2025-2026 SERVICE CHARGES FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 2

WHEREAS, on July 1, 2003, the City of Rancho Cordova (the "City") was incorporated, resulting in the area known as the Sunridge Specific Plan to be located within the city boundaries; and

WHEREAS, on January 11, 2005, the Board of Supervisors of the County of Sacramento (the "Board"), in coordination with the City, pursuant to Title 3, Division 2, Part 2, Chapter 2.2 of the Government Code ("County Service Area Law"), through Resolution No. 2005-0061, ordered the formation of Benefit Zone No. 2 of County Service Area No. 10 ("CSA 10 Benefit Zone 2"); on March 15, 2005, the Board adopted Resolution No. 2005-0298 ordering the collection of annual charges, commencing with Fiscal Year 2005-2006; and, on June 20, 2006, the Board adopted Ordinance No. 1539 (the "Ordinance") providing a procedure for collection of service charges for extended transportation-related services (the "Services") within CSA 10 Benefit Zone 2; and

WHEREAS, on February 15, 2008, pursuant to Government Code Sections 56886(m) and 56886(t), upon the recordation of the Certificate of Completion issued by the Sacramento Local Agency Formation Commission ("LAFCO") for the detachment of portions of CSA 10 to the City, subject to the conditions within LAFCO Resolution 1342, the County's authority to continue the annual charges of CSA 10 Benefit Zone 2 was transferred to the City; and

WHEREAS, on August 4, 2008, the City Council redesignated the name of CSA 10 Benefit Zone 2 as the "Transit Related Services Benefit District, Zone No. 2" (hereafter referred to as the "Transit Benefit Zone No. 2"); and

WHEREAS, Pursuant to Government Code Section 25210.77a and the Ordinance, the governing jurisdiction shall cause to be prepared annually, a written report containing a description of each parcel of real property receiving a service and the amount of the charge for each parcel, and the Services provided; and

WHEREAS, Franciso and Associates, Inc., has prepared a written report for Fiscal Year 2025-2026 (the "Engineer's Report" or the "Report"), styled as an engineer's report, in connection with the District's levy of charges for the period July 1, 2025 to June 30, 2026. The Report has been filed with the City Clerk and is attached as Exhibit A; and

WHEREAS, by previous resolution, the Report has been preliminarily approved by the City Council; and

WHEREAS, the City Council has carefully examined and reviewed the Engineer's Report as presented (or amended), and is satisfied with the items and documents as set forth therein; and

WHEREAS, the public hearing on this matter is set for 5:30 p.m. (or as soon thereafter as the matter may be heard) on Monday, June 2, 2025, at City Hall, 2729 Prospect Park Drive, Rancho Cordova, California), as the time, date and place for the public hearing on the Engineer's Report and the proposed charges therein; and

WHEREAS, the notice of the time, date and place for the public hearing has been published for two successive weeks in a newspaper of general circulation pursuant to Government Code Section 6066; and

WHEREAS, the City and its legal counsel have reviewed Proposition 218 and found that these charges comply with applicable provisions of Article XIIID of the California State Constitution; and

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these charges onto the County roll and tax bills for the City of Rancho Cordova; and

WHEREAS, the City Council has considered the propriety of the Engineer's Report, and has further considered the comments and evidence presented by all interested persons at the public hearing and has determined to act upon the matter.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. Confirming the Engineer's Report

a. Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of the charges, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.

b. The public hearing was duly convened by the City Council at the time, date and place indicated in the notice and all protests received by the City Clerk were presented to the City Council and City Council heard and considered all objections and protests against the Written Report.

c. The exterior boundaries of Transit Related Services Benefit District, Zone No. 2 are confirmed as those described in the Engineer's Report.

d. The submitted Engineer's Report as presented, or amended, is hereby confirmed.

2. Fixing Fiscal Year 2025-2026 Service Charges

a. Service Charges for the miscellaneous extended transportation-related services shall be apportioned to benefiting parcels only, and in proportion to the benefit received. Parcels defined as exempt in the Ordinance are not included in the calculation or collection of the Service Charges. The revenues obtained from the Service Charges shall be dedicated to financing the miscellaneous extended transportation-related services for Transit Benefit Zone No. 2.

b. The City Council finds and determines that the properties to be charged in Transit Benefit Zone No. 2 will be benefited by the services and activities to be funded by the Service Charges levied thereon.

c. The City Council hereby fixes the fiscal year 2025-2026 Service Charges to only parcels of property within Transit Benefit Zone No. 2 as determined by the City Public Works Director or his/her designee (the "Administrator") to be "developed" as defined in the Ordinance, the Service Charges shall be applied at the charge per unit or acre, as applicable, according to Table 2 of the Engineer's Report for each parcel's corresponding land use type.

d. The Auditor of the County is hereby directed to enter on the Sacramento County Tax Roll opposite each lot or parcel of land, the Service Charge shown in the Engineer's Report subject to minor modifications as approved by the Administrator.

3. Francisco & Associates, Inc., is hereby designated to file the levy with the County Auditor/Controller on behalf of the City. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Francisco & Associates, Inc. within two weeks of adoption via either e-mail to ede@franciscoandassociates.com or US Mail to: Francisco & Associates, Inc., 5963 La Place Court, Suite 110, San Ramon, CA 92008 Attn: Ed Espinoza.

4. That the above recitals are all true and correct. The City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final confirmation of the Report as approved or amended.

R.C.E No. 83709

SECTION I

INTRODUCTION

In May of 2003, the Board of Supervisors of the County of Sacramento, State of California (hereafter referred to as the "County"), pursuant to the provisions of the County Service Area law of California Government Code (§25210 et seq.) (hereafter referred to as "County Service Area Law"), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIIID (hereafter referred to as the "Constitution") formed a County Service Area designated as: County Service Area No. 10 (hereafter referred to as "the CSA" or "CSA 10") to provide miscellaneous extended transportation services for trip reduction in the following areas: *Villages of Zinfandel, Sunridge Specific Plan,* and *Mather Field*. On January 11, 2005, the County, in coordination with the City of Rancho Cordova (hereafter referred to as the "City"), formed a benefit zone within a portion of the CSA to be known as: *Benefit Zone No. 2,* to impose an annual charge, commencing Fiscal Year 2005-06, upon all the parcels of land within the subdivision known as the: *Sunridge Specific Plan.*

An Engineer's Report dated November 18, 2004 and noted as "Final (Revised)", together with the one-page memorandum, dated January 10, 2005, regarding an amendment thereto (hereafter referred to as the "CSA Zone 2 Formation Report") was prepared in connection with the proceedings to form and levy annual charges in Benefit Zone No. 2. Reference is hereby made to the CSA Formation Report concerning the formation of CSA 10 Benefit Zone No. 2, including its structure (organization), proposed services, initial rates, inflator formula, and method of apportionment and charges, as well as the projections of development activity and cost associated with the extended services, all of which have been presented in the CSA Formation Report, and approved by the County of Sacramento. (For reference purposes, the CSA Formation Report was incorporated into the District's Fiscal Year 2008-09 Engineer's Report, which was approved through City Council Resolution 82-2008.)

Upon the Incorporation of the City of Rancho Cordova on July 1, 2003, a portion of the territory within CSA No. 10, including all parcels within the Sunridge Specific Plan, was then located within the new City limits. Pursuant to County Service Area Law and after all requirements to detach the portion of CSA 10 from County control and transfer to the City, LAFCO issued a Certificate of Completion to the City for the Detachment from County Service Area No. 10, subject to the conditions within LAFCO Resolution 1342. The detaching territory was comprised of the areas known as Benefit Zone No. 1, Benefit Zone No. 2, and a portion of Mather Field.

Upon the recordation of the Certificate of Completion on February 15, 2008, the detachment of these portions of CSA No. 10 within the City's boundary was approved, resulting in the transfer of service responsibility and funding of the CSA to the City, pursuant to Government Code Sections 56886(m) and 56886(t).

In connection with the above-described detachment proceedings and the resulting transfer and reorganization of CSA 10 Benefit Zone No. 2, the City approved the District's Fiscal Year 2008-09 Engineer's Report to continue the annual levy of charges previously authorized for CSA No. 10 and to re-designate the name of CSA 10 Benefit Zone No. 2 as the:

Transit Related Services Benefit District Zone No. 2

(hereafter referred to as the "Transit Zone No. 2" or the "District"). It is the City's intention to hold a public hearing and consider an annual resolution to levy annual charges for Fiscal Year 2025-26 in order to provide certain miscellaneous extended transportation services within the District.

Purpose of Transit Zone No. 2

The purpose of Transit Zone No. 2 is to extend certain transportation-related services to developing areas, as described below. These extended services are funded by a charge validated pursuant to the Constitution Article XIIID, Section 4. The formation of CSA 10 Benefit Zone No. 2 fulfills certain conditions of development for the Sunridge Specific Plan and related planning documents.

Annual charges through Transit Zone No. 2 for residential and non-residential development will fund transit shuttle services and/or other supplemental transportation services as determined appropriate by the City Council.

Adoption Proceedings of CSA No. 10 Benefit Zone No. 2

Pursuant to California Constitution Article XIIID, Section 4, the County conducted a mailed ballot election for the territory known as CSA 10 Benefit Zone No. 2. Each ballot, which was weighted by the amount of the charge for each parcel, was mailed to each owner of record.

The results of the returned ballots determined that a majority protest of the charge and inflator formula did not exist. The County then approved the CSA Zone 2 Formation Report, imposed the maximum allowable charge in Benefit Zone No. 2 for Fiscal Year 2005-06, authorized annual increases in the charge for all subsequent fiscal years up to the amount allowed by the inflator formula and ordered the charge to be placed onto the property tax roll.

Authority for the City to Continue the Charges of CSA 10 Benefit Zone No. 2

According to Government Code section 56886, "Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions: (m) the designation of a city, county, or district, as the successor to any local agency that is extinguished as a result of any change of organization or

reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance or other contracts and obligations of the extinguished local agency; and (t) the extension or continuation of any previously authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory."

Pursuant to the foregoing, the City is duly authorized to continue to levy the charges previously authorized for the detached zones within CSA 10, utilizing the procedures prescribed for Counties under County Service Area Law to fix and collect charges for particular extended services. For the remainder of this report, any references to County Service Area Law and the City's authorized capacity to apply the same, the term "City" shall be used in the place of "County".

The word "parcel," for the purposes of this report, refers to an individual property assigned its own number by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses these numbers to identify properties to be charged on the tax roll for district charges, including the charges described in this report.

Compliance with Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment was the latest in a series of initiatives altering the revenue-raising discretion of California local agencies. The provisions of the Proposition are set forth in the California Constitution Articles XIIIC and XIIID.

As relevant to the District, California Constitution Article XIII D, Sections 1 through 5, provides for additional substantive and procedural requirements, as outlined below.

In Proposition 218, "Assessments" are defined as:

> *"... any levy or charge upon real property by an agency for a special benefit conferred upon the real property. 'Assessment' includes, but is not limited to, 'special assessment,' 'benefit assessment,' 'maintenance assessment' and 'special assessment tax.'" Article XIII D Section 2b.*

Although the District's annual service charges are generally collected on the property tax rolls, the District's service charges are not "taxes." Service charges are distinct from the regular one percent (1%) property tax and property tax debt overrides in that the rates are not levied on an ad valorem basis. The service charges contained in this report are considered assessments under Proposition 218.

Proposition 218 requires that beginning July 1, 1997, all new and existing assessments (with some exceptions) conform to new substantive and procedural requirements. However, certain assessments are exempted from the conformity requirement until they are increased. Generally, these exemptions include:

- Assessments used exclusively to fund sidewalks, streets, sewers, water, flood control, drainage systems, or vector control.
- Assessments used exclusively for bond repayments, the cessation of which would violate the Contract Impairment Clause of the U.S. Constitution.
- Assessments previously approved by a majority of voters.
- Assessments approved by the persons owning all the property at the time the assessment was initially imposed.

Transit Zone No. 2 was formed after the passage of Proposition 218. As such, Transit Zone No. 2 was formed in accordance with the substantive and procedural requirements and the property owners were balloted for the annual service charges and this successful balloting included an annual Consumer Price Index inflator.

SECTION II
CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE No. 2

FISCAL YEAR 2025-26
ANNUAL REPORT

Pursuant to the County Service Area Law, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, for the City of Rancho Cordova Transit Related Services Benefit District, Zone No. 2 (the "District") submit the following report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District includes those lots and parcels of land within the District that are associated and benefit from the transit related services and associated improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's transit related services and associated improvements. The estimate included herein, is also on file at the City of Rancho Cordova.

Part C – TRANSIT ZONE NO. 2 BOUNDARIES

This part incorporates a diagram of the District showing the exterior boundaries of the District, and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment used to calculate each property's proportional special benefit and annual charge.

Part E – CHARGE ROLL

This part contains a listing of the proposed levy amount for each parcel within the District. The proposed amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment. The Charge Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

This part of the report describes the properties included in the boundaries of the District and the proposed extended services to be provided by Transit Zone No. 2 to properties within the boundaries of the District.

Transit Zone No. 2 Boundaries

The boundaries of Transit Zone No. 2 and the former CSA 10 Benefit Zone No. 2 are congruent. Benefit Zone No. 2 is an irregular shape that covers the Sunridge Specific Plan. The Sunridge Specific Plan is generally located:

- South of Douglas Boulevard (plus a small triangular section adjoining to the north);
- North of Kiefer Boulevard;
- East of Sunrise Boulevard; and
- West of Grant Line Road.

Reference is made to the diagrams shown in Part C of the report.

General Description of Services

Transit Zone No. 2 provides the funding mechanism (annual charges) for transit shuttles and other supplemental transportation services as described in the CSA Zone 2 Formation Report. Transit Zone No. 2 will provide transportation services to both residential and non-residential development within the Sunridge Specific Plan. The formation of CSA 10 Benefit Zone No. 2 fulfilled certain conditions of development included in County Ordinance No SCZ 2002-0014 for the Sunridge Specific Plan and related planning documents as well as the related Transportation System Management Plan and AQ-15 Plan, for funding shuttle services and provisions of supplemental transportation services. In particular, Transit Zone No. 2 is designed to support implementation of the following zoning condition:

> *The Sunridge Specific Plan shall have a targeted goal of a 30% reduction in daily vehicle trips. In support of that goal, the Sunridge Specific Plan shall participate in a County Service Area (CSA), or an equivalent funding mechanism to the satisfaction of the Board of Supervisors, or successor city, for the purpose of funding a variety of transportation demand management strategies, including but not limited to a transit shuttle service, which will contribute to Sunridge's targeted 30% reduction in daily vehicle trips. The charges for residential and non-residential development will fund these transportation services as determined appropriate by the City Council. Supplemental transportation services may include, but are not limited to, the following:*

- Transit Shuttle – shuttle for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations and/or other public transit options;

- Guaranteed Ride Home – free taxi rides and rental cars for ride sharers in case of an emergency;

- Transit Subsidies – financial assistance to encourage residents and employees to use transit or other alternative transportation measures;

- Transportation Planning for Employers and/or Resident Groups – plans which guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs;

- Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities;

- Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities;

- Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and work site coordinators;

- Bicycle and Alternative Fuel Vehicle Incentives – incentives for purchasing new bicycles or alternative fuel vehicles.

Part B

ESTIMATE OF COSTS

The maximum rate per Equivalent Dwelling Unit ("EDU") shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within Transit Zone No. 2.

The District maintains two separate reserves, one is utilized for working capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Capital Outlay/Contingency Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof. In addition, Government Code Section 25210.6 allows the City to levy and collect charges to fund capital outlays in the current year or to levy and collect charges to accumulate funds for capital outlay purposes, and Government Code Section 25210.7 allows the City to levy and collect charges for any appropriation for contingencies to be used for expenses for maintenance and operation of any services within the Transit Zone. The Capital Outlay/Contingency Reserve is used to fund capital outlay and any contingency purposes that may be necessary to properly provide services to properties within District.

The cost estimate for the District prepared by the City for Fiscal Year 2025-26 follows on the next page, along with details about additional funding requirements and a brief description of each line item included in the cost estimate.

City of Rancho Cordova Transit Related Services Benefit District, Zone 2 Fiscal Year 2025-26 Cost Estimate Summary		
		Cost Estimate
DIRECT COSTS		
Shuttle Services Operations	$	362,000
Transportation Planning and Coordination	$	8,000
Outreach and Educational Programs	$	1,000
Guaranteed Ride Home	$	11,000
Infrastructure Support	$	21,000
Transit Subsidies, Incentives and Staff Costs	$	21,000
Total Direct Costs	**$**	**424,000**
ADMINISTRATION COSTS		
District Administration	$	100
Transit Shuttle Administration	$	31,000
County Collection Fees	$	4,100
Total Administration Costs	**$**	**35,200**
Total Direct and Administration Costs	**$**	**459,201**
MISCELLANEOUS COSTS AND COLLECTIONS/(CREDITS) APPLIED TO LEVY		
Replenishment to/(Use of) Operating Reserve	$	-
Contribution to/(Use of) Capital Outlay/Contingency Reserve	$	306,277
Miscellaneous Costs and Collections/(Credits) Applied to Levy	**$**	**306,277**
Balance to Levy[1]	**$**	**765,478**
ZONE 2 STATISTICS & ASSESSMENT RATES		
Parcels to be Levied		7,199
Developed Equivalent Dwelling Units (EDU's)		7,188
Rate per EDU to Fully-Fund Zone[2]	$	106.50
Maximum Rate per EDU	$	139.66
Estimated Maximum Revenue	**$**	**1,003,819**
Variance above/(below) Maximum Revenue	**$**	**(238,341)**
FUND BALANCE INFORMATION		
Operating Reserve Fund Balance		
Beginning Operating Reserve Fund Balance 7-1-2025 (est.)	$	229,600
add: Collect from Fiscal Year 2025-26 Levy	$	-
less: Use for Fiscal Year 2025-26 Expenses	$	-
Transfer from/(to) Capital Outlay/Contingency Reserve	$	-
Ending Operating Reserve Fund Balance 6-30-2026 (est.)	**$**	**229,600**
Capital Outlay/Contingency Reserve Fund Balance		
Beginning Capital Outlay/Contingency Reserve Fund Balance 7-1-2025 (est.)	$	5,211,524
add: Collect from Fiscal Year 2025-26 Levy	$	306,277
less: Use for Fiscal Year 2025-26 Projects	$	-
Transfer from/(to) Operating Reserve	$	-
Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2026 (est.)	**$**	**5,517,801**

(1) The annual levy equals the amount shown for the Balance to Levy. This amount may differ from the revenue shown in the charge roll due to rounding because of rounding limitations imposed by the County of Sacramento.

(2) The rate to be levied per EDU in Fiscal Year 2025-26.

Additional Funding Requirements

The City of Rancho Cordova and Sacramento Regional Transit ("RT") conducted a joint planning effort in 2008 to identify the operational characteristics of a pilot neighborhood shuttle service. The planning effort resulted in the implementation of a demonstration route (called the "Rancho CordoVan") on June 15, 2009. A primary benefit of the demonstration shuttle service was mitigating the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and providing better connectivity with Regional Transit's light rail system. The Rancho CordoVan demonstration shuttle was limited to the area between the Cordova Town Center Light Rail station and the businesses and residents just south of Highway 50, along Zinfandel Boulevard. The primary funding source for the planning effort and the pilot shuttle service was a grant from the federal Congestion Mitigation and Air Quality ("CMAQ") program with supplemental funding from each benefit zone proportional to directly related services in that zone. No funds from CSA 10 Benefit Zone 2 were used to operate this service. The Grant funding and the demonstration period ended on June 30, 2012.

The construction of the International Drive extension to Sunrise Boulevard and the completion of the extension of Zinfandel Drive to Douglas Road provided the opportunity to effectively serve the Sunridge area with shuttle service. The CordoVan shuttle commenced new routing in September 2012 with a service between the Anatolia Club House and the Zinfandel Light Rail Station. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. New route changes commenced in September 2015 to extend service to Kavala Ranch. In addition, a third vehicle was added to connect the Anatolia Clubhouse shuttle stop and proceed onto Sunridge Park. This new vehicle provides service along Olson Drive, Folsom Boulevard, Kilgore Road, International Drive and Sunrise Boulevard. In April 2016, the morning routes were adjusted earlier by 25 minutes to better accommodate work times in the business park and the riders heading to the light rail. Then in 2018, the Sunridge Cordovan route was adjusted to avoid small local residential streets. Instead of following Iron Gate Way and Cades Cove Drive from Anatolia Drive to Douglas Road, the route now turns left onto Herodian Drive to Sunrise Boulevard and right onto Douglas Road. There were no changes in bus stops as a result of this route modification. With the extension of Chrysanthy Boulevard and Rancho Cordova Parkway, the CordoVan Route 176 was extended to provide service to the Sunridge Park, North Douglas and Douglas 98 subdivision areas with 3 new stops added. The new service began August 2021. Any unused funds from the annual levies will be retained in reserves for future additional services to the area.

In addition, the City initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provided a subsidy for rides that are destined to transit stops in Rancho Cordova. The demonstration project initiated in April of 2019 was funded by the Sacramento Council of Governments and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic.

The Fiscal Year 2025-26 expenditures for Transit Zone No. 2 include:

- Shuttle Services Operations – $362,000 towards the operations and maintenanceof the CordoVan shuttle service.

- Transportation Planning and Coordination – $8,000 is allocated for the 50 CorridorTMA to provide outreach and coordination services to continue ride sharing, van pool and shuttle programs.

- Outreach and Educational Programs – $1,000 is allocated to continue safe routes to school education at Sunrise Elementary School and Robert J. McGarvey in the Anatolia community on alternative mode transportation and encourage students and parents to walk or bicycle to school.

- Guaranteed Ride Home – $11,000 is allocated for free taxi rides and rental cars for ride sharers or shuttle riders in case of an emergency.

- Infrastructure Support – transit facilities (bus stop signs, shelters, etc.). An allocation of $21,000 is needed for new infrastructure and on-going maintenance of bus stops, shelters, and signs.

- Transit Subsidies and Incentives – $21,000 of financial assistance in the form of subsidies is provided to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Descriptions of Cost Estimate Items

A description of the terms associated with the services funded through Transit Zone No. 2 in the preceding cost estimate table are listed below:

Direct Costs (Services and Operating Costs)

Shuttle Services Operations & Planning - Includes costs to provide transit shuttle services for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations, as well as other public transit options.

Transportation Planning and Coordination - Includes the cost of transportation plans for employers and/or resident groups, which can guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs, as well as instruction in mobility (transportation alternatives) for residential groups and work site coordinators. If zero, this line item may not be shown in the cost estimate.

Outreach and Educational Programs - Includes the cost of various programs, such as education of elementary students at Sunrise Elementary and Robert J. McGarvey Schools on the alternative modes of transportation available and encourages students and parents to walk or bicycle to school. If zero, this line item may not be shown in the cost estimate.

Guaranteed Ride Home - Includes the cost to provide free taxi rides and rental cars for ride sharers in case of an emergency.

Infrastructure Support - Includes the cost of facilities, such as additional bike racks and lockers, transportation alternatives and ride share informational boards and kiosks, and transit facilities.

Transit Subsidies, Incentives, and Staff Costs - Includes the cost for financial assistance in the form of subsidies to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Administration Costs

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the service charges and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the service charges, preparation of the annual report, and placing the service charges on the property tax bills.

Transit Shuttle Administration - Includes all or a portion of the administrative costs associated with overseeing the operation of the Transit Shuttle, developing an annual service cost estimate and coordination of the annual approval of the charges.

County Collection Fees - Includes the cost that the County charges to place the service charges onto the Sacramento County Secured Tax Roll.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve - A "replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate.

Contribution for/ (Use of) Capital Outlay/Contingency Reserve - A "contribution" increases the levy in order to generate funding for capital outlay contingency purposes. On the other hand, a "use of" of this reserve provides current year funding for capital outlays or contingency purposes from available funds within the Capital Outlay/Contingency Reserve. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Capital Outlay/Contingency Reserve is provided under "Reserve Balance Information" below.

Balance to Levy - This is the total amount to be levied and collected through charges for the current fiscal year. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

Zone 2 Statistics and Rates

Parcels to be Levied – The total number of parcels that are expected to be charged for the current fiscal year.

Developed Equivalent Dwelling Units (EDU's) – The total number of developed EDU's that are expected to be charged for the current fiscal year.

Maximum Rate per EDU – The maximum rate to be charged to each EDU for the current fiscal year.

Estimated Maximum Revenue – The total amount that can be charged against all parcels within the Transit Zone for the current fiscal year based upon the expected number of EDU's to be charged.

Operating Reserve Fund Balance

Beginning Operating Reserve Fund Balance 7-1-2025 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances are expected to be used to fund expenditures from July 1, 2025 to December 31, 2025, as the Operating Reserve is used to compensate for the approximate six-month delay between the start of the Transit Zone's fiscal year and the receipt of the collections from the County. All Capital Outlay/Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately.

Collect from Fiscal Year 2025-26 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the Transit Zone's receipt of charge collections, the Operating Reserve balance should be sufficiently funded to provide for expenditures from the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If zero, this line item may not be shown in the cost estimate.

Use for Fiscal Year 2025-26 Expenses - The amount of the Operating Reserve to be used to fund Fiscal Year 2025-26 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected Transit Zone costs for the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Outlay/Contingency Reserve - The amount of Operating Reserve monies to be transferred to or from the Capital Outlay/Contingency Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2026 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2026. This balance should be sufficiently funded to provide for the first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Outlay/Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Capital Outlay/Contingency Reserve Fund Balance

Beginning Capital Outlay / Contingency Reserve Fund Balance 7-1-2025 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of July 1, 2025. County Service Area Law allows the levy and accumulation of funds in excess of the Transit Zone's operating reserve to fund capital outlays within the current year or to accumulate funds for these purposes. In addition, these funds may be used for any appropriation for contingencies to fund the services or other expenses of the Transit Zone.

Collect from Fiscal Year 2025-26 Levy - This amount is added to the levy to accumulate funding for future year Capital Outlay/Contingency purposes. If zero, this line item may not be shown in the cost estimate.

Use for Fiscal Year 2025-26 Capital Outlay/Contingency Purposes - The amount of Capital Outlay/Contingency Reserve monies expected to be transferred out of the Capital Outlay/Contingency Reserve to be used in the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve - The amount of Capital Outlay/Contingency Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2026 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of June 30, 2026. These funds shall be used for future year Capital Outlay/Contingency purposes.

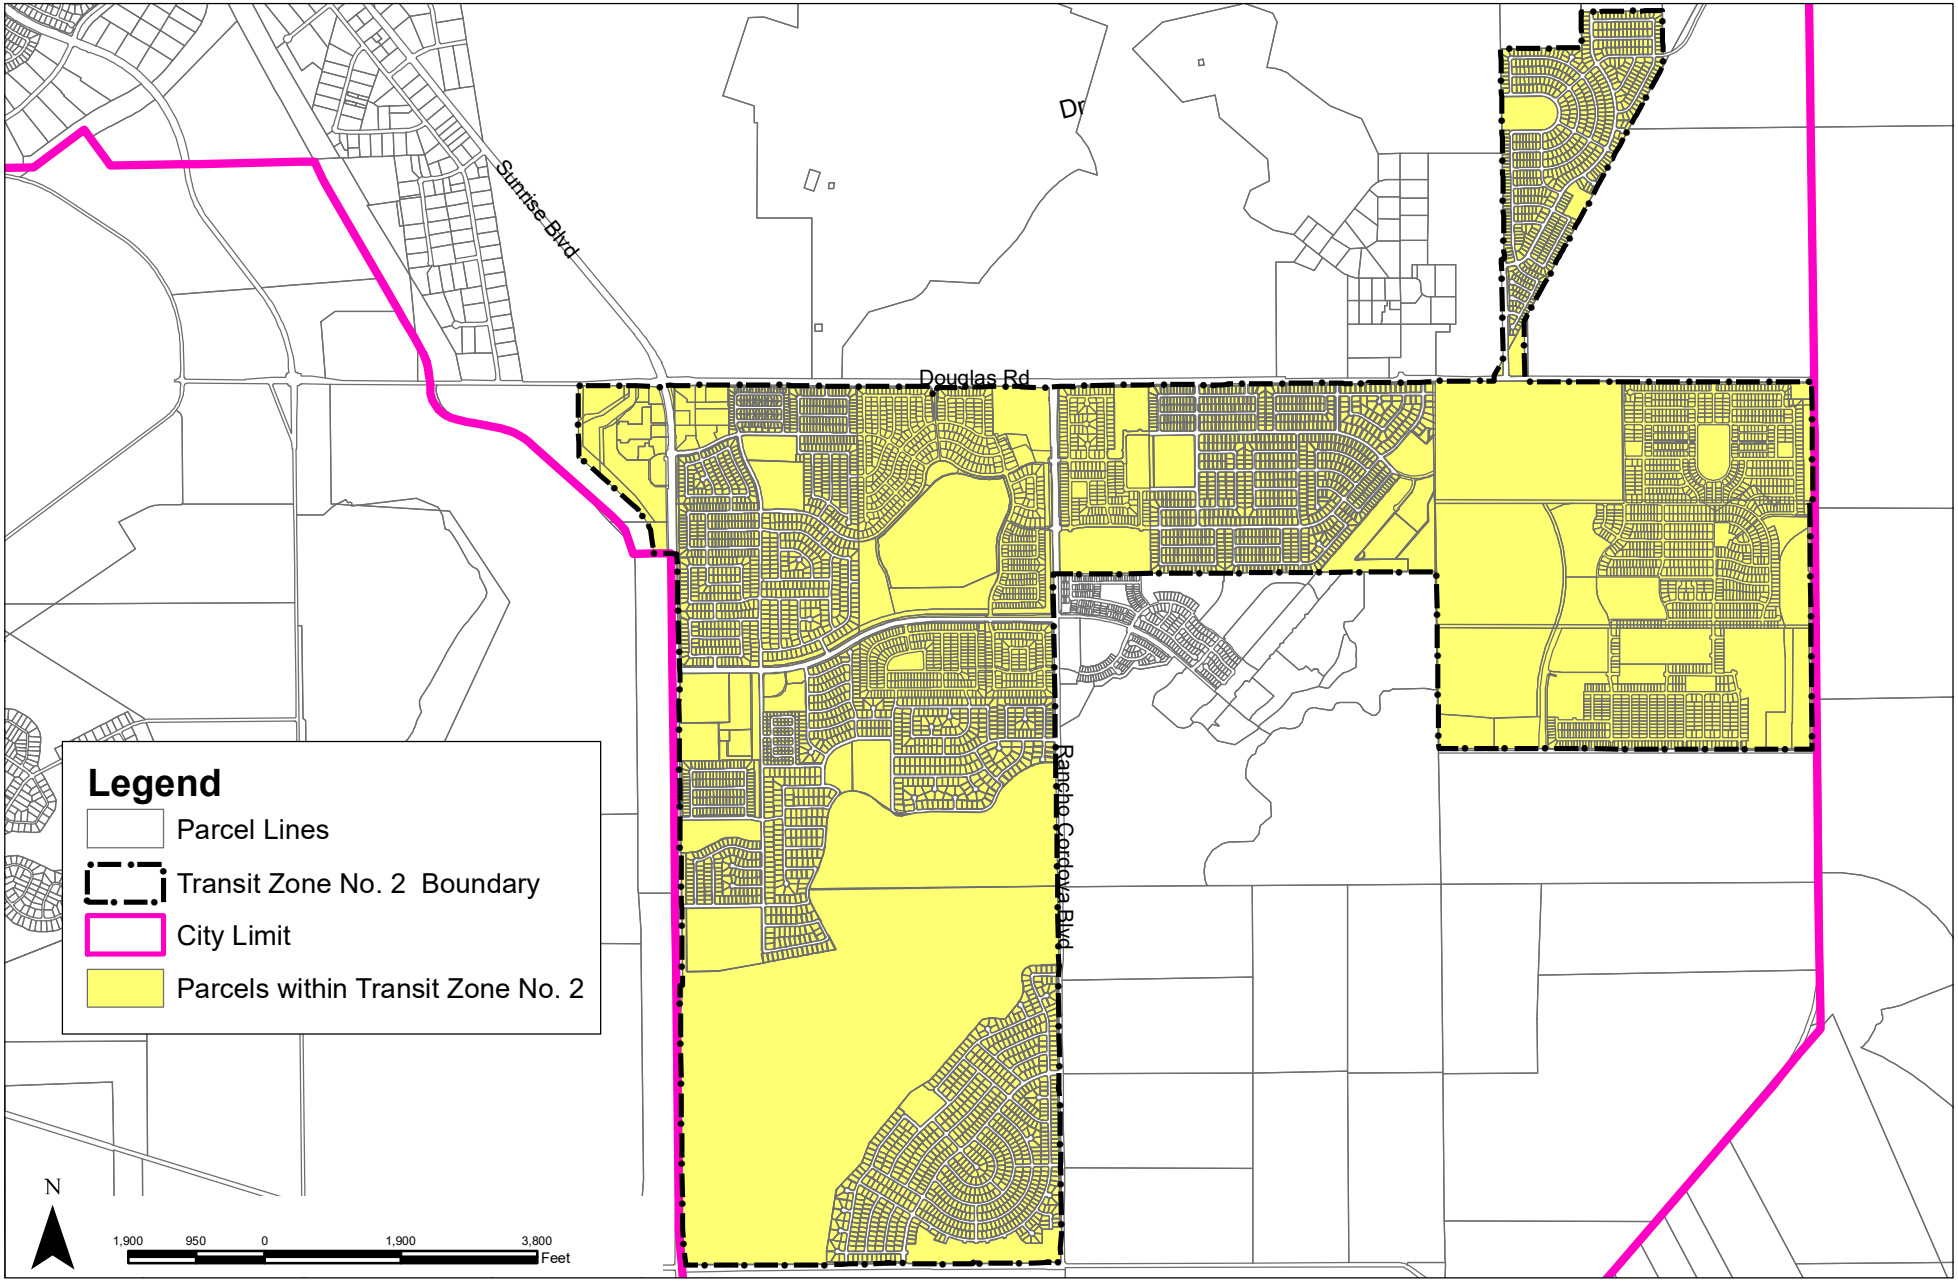
Part C

TRANSIT ZONE NO. 2 BOUNDARIES

The parcels to be charged consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Boundary Map of Transit Related Services Benefit District, Zone No. 2.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the boundary map is attached on the following page.

City of Rancho Cordova
Transit Related Services
Benefit District Zone No. 2 Boundaries



Part D
METHOD OF APPORTIONMENT

County Service Area Law (Government Code Section 25210 et seq), together with Local Agency Formation law (Government Code Sections 56886(m) and 56886(t)), permit a county, or a successor city, in the case of a detached CSA, to levy or collect a tax or charge in any CSA, or zone within a CSA, to fund any one or more of the services mentioned in Part A. A county or successor city may also levy and collect taxes or charges for capital outlay purposes within the respective CSA or detached CSA, for the accumulation of a reserve fund for capital outlay purposes, and for any appropriation for contingencies to be used for expenses for maintenance and operation of any services.

The method of apportionment utilized commonly accepted engineering practices that have been established pursuant to the County Service Area Law and the Constitution. The remainder of this part describes the methodology, estimated annual rates, and annual escalation formula for the charge to be levied in Transit Zone No. 2.

Benefit Analysis

The methodology established through CSA 10 Benefit Zone No. 2 and authorized for Transit Zone No. 2 is summarized below.

The Transit Zone No. 2 charges are levied to fund property-related services. These charges comply with County Service Area Law and Article XIIID Section 4 of the California Constitution, as the charges are to fund property-related services.

The initial rates of CSA 10 Benefit Zone No. 2 were based on the estimated costs to fund supplemental transportation services in Fiscal Year 2005-06 for the Sunridge Specific Plan at build out. The costs of the District are apportioned by a formula or method which fairly distributes the net amount to be charged among the parcels in proportion to the special benefits received by each such parcel from the services provided by the District and a parcel's charge may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIIID requires that only special benefits be charged, and that the City shall separate the general benefit from special benefit. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the district. The general enhancement of property value does not constitute a special benefit. Each parcel within the District receives special benefits from the services provided due to the distinct nature and proximity of these services.

Specific Benefit

The method of apportionment is based on the premise that each charged parcel receives special benefit from the District services funded by the annual service charges as these services are to be provided to individuals using, visiting, or occupying the parcels within the District.

The annual service charges outlined in this report are based on the estimated costs to provide necessary services, improvements, operation, and administration required to ensure the satisfactory condition of each improvement and quality of the services provided.

The special benefits associated with the District services, include but are not limited to:

- Transit Shuttle – shuttle for District residents and/or employees of District businesses;
- Guaranteed Ride Home – free taxi rides and rental cars for ride sharers, in case of an emergency, for those residing and/or employed within the District;
- Transit Subsidies – financial assistance to encourage residents and employees working within the District to use transit or other alternative transportation measures;
- Transportation Planning for employers and/or resident groups working or residing within the District;
- Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities for employers and/or resident groups working or residing within the District;
- Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities within the District;
- Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and employers located in the District;
- Bicycle and Alternative Fuel Vehicle Incentives – incentives for District residents and/or employees of businesses within the District to purchase new bicycles or alternative fuel vehicles;
- A reduction of close-proximity car and diesel truck emissions, at ground level, onto District properties.

The preceding special benefits contribute to a special enhancement and desirability of each of the charged parcels within the District.

General Benefit

In addition to the special benefits received by the parcels within the District, there are incidental general benefits conferred by the District services and improvements. These incidental general benefits conferred by the District improvements include:

- A general reduction in vehicle traffic in portions of the City.
- A possible general reduction in the traffic accidents in portions of the City.

Apportionment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the service related costs, it is necessary to consider not

only the services to be provided, but the relationship each parcel has to those services as compared to other parcels in the District. The benefit formula used to determine the obligation is therefore based upon both the services that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific services.

Equivalent Dwelling Unit Factors

The unit of demand used for the charge is an equivalent dwelling unit ("EDU"). One EDU is the amount of demand for services associated with one (1) low-density residential unit in a single year. The demand for all other land use types reflects a comparison of the demand for service relative to one EDU for a low-density residential unit.

The level of service identified for Benefit Zone No. 2 was based on the level of service identified in user surveys conducted by the North Natomas Transportation Management Authority ("NNTMA"). Demand for services was measured using vehicle trip generation rates adjusted for trip length and trip purpose (diverted and pass-by trips versus primary trips) by type of land use.

Demand is assumed to be generated by developed residential and non-residential land uses. No demand is associated with undeveloped land and no charge is levied on this land use. Table 1 provides the number of EDU's assigned to each land use type for calculating the maximum charge.

Table 1: Transit Zone No. 2 - EDU's by Land Use

Land Use	EDU Factor[1]
Developed Acreage	
Residential (per dwelling unit)	
Low Density	1.00
Medium Density	0.80
High Density	0.60
Nonresidential (per acre)	
Retail and Service Commercial	25.64
Commercial Mixed Use	22.04
Undeveloped Acreage	
All Land Uses	0.00

[1]EDU Factors as approved for Sacramento County CSA 10 Benefit Zone No. 2 in FY 2005-06.

The EDU factor for each land use is based upon average daily vehicle trips (ADT) per land use type. ADT is used to determine the charge by land use type because vehicle trips are a reasonable measure of demand for the supplemental transportation services immediately available to property owners paying the charge.

Each parcel's charge is calculated by multiplying the cost per EDU by the amount of EDU's assigned to each property according to their land use type. This methodology fairly distributes the total cost for services among all parcels based on each parcel's proportional demand for the services immediately available to that parcel. Each parcel's charge does not exceed the reasonable cost of services to that parcel.

Land Use Definitions

Definition of the land use definitions are as follows:

Developed Parcels - All single-family detached residential parcels for which a final map has been recorded, and all other parcels for which a building permit has been issued, on or prior to June 30 of the fiscal year preceding the year in which the charge is levied.

Undeveloped Parcels - All parcels that are not Developed Parcels or Exempt Parcels.

Low Density Residential - This category includes densities of up to five (5.0) dwelling units per acre. Uses consistent with the Low Density Residential category include those allowed by in the RD-5 land use zone and other residential zones of lesser maximum density as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

Medium Density Residential - This category includes densities of more than five (5.1 or greater) dwelling units per acre and up to fifteen (15.0) dwelling units per acre. Uses consistent with the Medium Density Residential category include those allowed by in the RD-7, RD-10, and RD-15 land use zones as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

High Density Residential - This category includes densities of more than fifteen (15.1 or greater) dwelling units per acre. Uses consistent with the High Density Residential category include those allowed by in the RD-20, RD-25, RD-30, and RD-40 land use zones as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-

residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

Retail & Service Commercial - This category as designated in the Sunridge Specific Plan includes those non-residential land uses allowed by a use permit in the SC Shopping Center land use zone as specified in Title II Chapter 25 of the Rancho Cordova Zoning Code. This land use category further includes all other non-residential uses that would generate a high number (500 or more) of average daily trips. For purposes of levying the charge in Benefit Zone 2, residential uses allowed in the SC Shopping Center land use zone by development plan review or by conditional use permit are considered to be Low Density, Medium Density, or High Density Residential according to their density as determined by the Planning Director of Rancho Cordova and these definitions.

Commercial Mixed Use - This category as designated in the Sunridge Specific Plan includes those non-residential land uses allowed by a use permit in the LC Limited Commercial land use zone as specified in Title II Chapter 25 of the Rancho Cordova Zoning Code. This land use category further includes all other non-residential uses that would generate a low to medium number (less than 500) of average daily trips. For purposes of levying the charge in Benefit Zone 2, residential uses allowed in the LC Limited Commercial land use zone by development plan review or by conditional use permit are considered to be either Low Density, Medium Density, or High Density Residential according to their actual density in dwelling units per acre as determined by the Planning Director of Rancho Cordova and these definitions.

Exempt - Public parcels including parks, schools, utility parcels, and designated open space parcels are exempt from the service charge because no services funded by Transit Zone No. 2 are provided to these parcels.

Formula for Inflating the Annual Maximum Charge

The formula for inflating the maximum annual charge established through CSA 10 Benefit Zone No. 2, and to be used for Transit Zone No. 2, is summarized as follows.

The property owner balloting that established the maximum charges to CSA 10 Benefit Zone No. 2 included an annual inflator formula. The purpose of establishing an inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add administrative costs to Benefit Zone No. 2. The law implementing Article XIIID (Senate Bill 919) of the California Constitution clarifies that an increase in a maximum charge to implement a voter-approved inflator formula is not an increase subject to additional property owner consideration.

This inflator formula allows for annual increases to the maximum allowable charges by the increase in the Consumer Price Index (All Urban Consumers) published for the Sacramento Region by the U.S. Department of Labor (CPI), or six percent (6%), whichever is less. The CPI increase to be used in the inflator formula will be the change in the CPI index from the January two years before adjustment of the charge to the January in the year preceding adjustment of the charge; beginning in the second fiscal year (Fiscal Year 2006-07), and each fiscal year thereafter, the maximum allowable charge will be recalculated, and a new maximum charge established.

The City may choose to impose less than the maximum allowable charge in any year if service costs warrant a reduction. If the City, or previously the County, has imposed an amount less than the maximum charge, the City may also choose to increase the charge in any year to fully fund services up to the level of the maximum allowable charge for that fiscal year. In this way, the maximum allowable charge is adjusted annually and is calculated independent of the Transit Zone's annual cost estimate.

The U.S. Department of Labor's Bureau of Labor Statistics no longer provides CPI factors for January for the San Francisco-Oakland-San Jose area. The CPI factors are now published bi-monthly on even months only (February, April, June, etc.). Since the February CPI factors include, in part, the data that would have been used to determine the January CPI factors, the City has determined that Transit Zone No. 2 shall now use the CPI data for the month of February.

The percentage increase from the February 2024 CPI to the February 2025 CPI was 2.68897%.

On the following page, Table 2 provides the Fiscal Year 2025-26 maximum charge per EDU together with the maximum charge by land use.

Table 2: Transit Zone No. 2 - Maximum Charge by Land Use			
Land Use	**EDU Factor[1]**	**Charge Per EDU[2]**	**Maximum Annual Charge Per Unit/Acre**
Developed Acreage			
Residential (per dwelling unit)			
Low Density	1.00	$139.66	$139.66
Medium Density	0.80	$139.66	$111.73
High Density	0.60	$139.66	$83.80
Nonresidential (per acre)			
Retail Commercial	25.64	$139.66	$3,580.88
Business Park	22.04	$139.66	$3,078.11
Undeveloped Acreage			
All Land Uses	0.00	$139.66	$0.00

[1]EDU Factors as approved for Sacramento County CSA 10 Benefit Zone No. 2, FY 2005-06.

[2]The FY 2025-26 maximum charge per EDU is calculated by increasing the FY 2024-25 maximum charge per EDU of $136.00 by 2.68897%, the percentage increase in the CPI from February 2024 to February 2025. Rates and percentages in the Report have been rounded for presentation purposes. However, in FY 2025-26, the District is levying $106.50 per EDU, which is less than the maximum rate allowable.

Part E

CHARGE ROLL

Parcel identification for each lot or parcel within the District is based on the diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be charged within this District along with the amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and rate rather than a proportionate share of the original amount.

The following is a list of the parcels and proposed amounts for each of the parcels within the District as determined by the rates and method of apportionment described herein.

MEMORANDUM

ITEM 10.4.

DATE: June 2, 2025

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Dalia Fadl, Assistant Public Works Director

SUBJECT: **A RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA LIGHTING DISTRICT NO. 2012-1 FOR FISCAL YEAR 2025-2026**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the continuance of the annual levy and collection of assessments in the District. There are no new impacts to existing or new residents. No assessment rates shall increase as a result of this action.

BACKGROUND

State law requires that the City Council direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On May 19, 2025, the City initiated the proceedings for the annual levy and collection of assessments through adoption of a Resolution ordering the preparation of the Engineer's Report and a Resolution preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for Fiscal Year 2025-2026, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report, Attachemnt 2, includes a diagram of the assessment area, a description of the improvements and maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by the District include ongoing maintenance, operation and servicing of street lights and safety lights within the right-of-ways and other public areas within the District as described in the Engineer's Report.

The Fiscal Year 2025-2026 total assessment is estimated at $363,832. These assessment rates are the same rates applied to the district under CSA-1 and have not increased since the passage of Proposition 218 in 1996. The District has established an Operating Reserve which provides funding for the operations and maintenance of the District Improvements, as well as providing financing for emergency expenditures. A Capital Projects Reserve has been

established to fund replacements and upgrades of the District Improvements.

In September 2014, the City of Rancho Cordova completed the retrofit of all existing street lights located within the District with new LED street lights. The project was funded from a 1% interest loan from the California Energy Commission (CEC). This project significantly reduced electricity usage and maintenance costs. The electrical and maintenance savings will be used to pay back the loan from the energy commission. The District has historically been underfunded and has been supplemented by Measure A Maintenance funds. Once the CEC loan is paid off in Fiscal Year 2028, the District is projected to generate sufficient revenues to build a reserve to cover the costs of the replacement of the LED street light heads when they need to be replaced in 20 years.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt the Resolution which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2025-2026.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the City's General Fund.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA LIGHTING DISTRICT NO. 2012-1 FOR FISCAL YEAR 2025-2026

WHEREAS, the City Council has, by previous Resolution, ordered the preparation of the Engineer's Report for Fiscal Year 2025-2026 (hereafter referred to as the "Report" or "Engineer's Report") for said district known and designated as: The Rancho Cordova Lighting District 2012-1 (hereafter referred to as the "District"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereafter referred to as the "Act"); and

WHEREAS, there has been presented to this City Council the Engineer's Annual Report, Exhibit A, as required by Chapter 3, Section 22623 of said Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, this City and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Rancho Cordova.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.

2. Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council, is hereby approved (as amended), and is ordered to

be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection, the City Council hereby finds and determines that:

a. The land within the District will be benefited by the operation, maintenance and servicing of improvements, located within the boundaries of the District, and
b. District includes all of the lands so benefited, and

c. The net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2025 and ending June 30, 2026, is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

3. The maintenance, operation and servicing of the lighting improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance, operation and servicing of highway safety lights and local street lights located within the public right-of-ways that were previously serviced through CSA-1, Zone 2. Of the District improvements, highway safety lights are those lights located at intersections, on major streets, and along the rear of properties that abut major streets; and street lights are all lights not designated as highway safety lights, primarily consisting of local street lighting.

4. The County Auditor of the County of Sacramento shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to Chapter 4, Article 2, Section 22646 of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

5. The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the City of Rancho Cordova Lighting District 2012-1 and such money shall be expended only for the maintenance, operation and servicing of the improvements together with all other costs of the District as described in Section 3.

6. The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2025 and ending June 30, 2026.

7. The City Clerk, or their designee, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act.

8. Francisco & Associates, Inc. is hereby designated to file the levy with the County Auditor/Controller on behalf of the City. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Francisco & Associates, Inc within two weeks of adoption via either e-mail to ede@franciscoandassociates.com or US Mail to: Francisco & Associates, Inc., 5963 La Place Court, Suite 110, Carlsbad, CA 92008 Attn: Ed Espinoza.

9. That the above recitals are true and correct. The City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova this 2nd day of June 2025, by the following vote:

ENGINEER'S REPORT
CITY OF RANCHO CORDOVA
LIGHTING DISTRICT NO. 2012-1
FISCAL YEAR 2025-26

The undersigned, acting on behalf of Francisco & Associates respectfully submits the enclosed Engineer's Report as directed by the Rancho Cordova City Council pursuant to the provisions of Article XIIID, Section 4 of the California Constitution, provisions of the Landscaping and Lighting Act of 1972 and Section 22500 et al of the California Streets and Highways Code. The undersigned certifies that he is a Professional Engineer, registered in the State of California.

Dated: April 18, 2025

By: _____

Eduardo R. Espinoza, P.E.
R.C.E. No. 83709

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscape and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the "1972 Act"), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as "City"), has by resolution initiated proceedings in connection with the ongoing maintenance and operation of a special benefit assessment district designated as:

Rancho Cordova Lighting District No. 2012-1

(hereafter referred to as "District"), for the purpose of continuing and providing for the ongoing maintenance, servicing, and operation of public lighting improvements (safety lights and streetlights) within the City that had been administered by the County of Sacramento as Zone 2 of County Service Area 1 (CSA 1) until the Fiscal Year 2012-13 levy.

Prior to the formation of the District, the detachment of those portions of CSA 1 lying within the City limits was approved, resulting in the transfer of the responsibility of the servicing of CSA 1 improvements and related administration to the City. Commencing with the Fiscal Year 2012-13 levy, the City Council formed the District in order to provide ongoing funding for the costs and expenses required to service and maintain the safety light and streetlight improvements for the benefiting lots and parcels of land within the boundaries of the District. County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing streetlight maintenance districts. CSA 1 was established to provide streetlight services to those unincorporated portions of Sacramento County. Since the establishment of CSA 1, the cities of Citrus Heights, Elk Grove and Rancho Cordova have been incorporated and in July 2005, the Board of Supervisors approved the creation of zones within CSA 1. The creation of these zones allowed the incorporated cities and the County to supplement CSA 1 revenues specific to those areas. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005), Citrus Heights (June 2006), and Rancho Cordova (June 2012) from CSA 1.

This Engineer's Report (hereafter referred to as "Report") has been prepared in connection with the levy and collection of annual assessments related thereto for Fiscal Year 2025-26, as required pursuant to Chapter 1, Article 4 of the 1972 Act. This Report describes the District, the improvements, and the assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements. The formation of this District and the annual assessments provide a continued funding source for the City to fund, in part, the ongoing maintenance, servicing and operation, of the safety lights and streetlights that provide special benefits to the properties within the District.

The improvements and assessments described in the Fiscal Year 2012-13 Engineer's Report (hereafter referred to as the "Formation Report") were based on the improvements and assessments previously established by the County of Sacramento for CSA 1 Zone 2. Such assessment revenues will be used to fund, in part, the annual direct expenditures and incidental expenses associated with the maintenance and servicing of the District's improvements. The formation of the District, the structure of the District (organization), the improvements, the method of apportionment, and assessments described in the Formation Report have been established to continue the maintenance of the existing improvements and assessments previously established by the County of Sacramento for CSA 1 and as such are not considered to be new or increased assessments under the provisions of the California Constitution Article XIIID.

As part of the District formation to continue the assessments previously levied by the County of Sacramento as part of CSA 1, in addition to the proceedings conducted by LAFCO for the detachment of the City of Rancho Cordova from CSA 1, the Rancho Cordova City Council conducted a noticed public hearing pursuant to the provisions of the 1972 Act to consider public testimonies, comments and written protests regarding the formation of the District and levy of assessments. At the close of the public hearing, the City Council adopted a Resolution approving the Formation Report and confirming and levying the assessments for Fiscal Year 2012-13.

Each subsequent fiscal year, an Engineer's Report shall be prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed cost estimate and assessments for that fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments for that fiscal year. If in any year, the proposed annual assessments for the District exceed the assessments described herein, such an assessment would be considered a new or increased assessment and must be confirmed through property owner protest ballot proceeding before that new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

SECTION II

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

CITY OF RANCHO CORDOVA

LIGHTING DISTRICT NO. 2012-1
FISCAL YEAR 2025-26

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, adopted by the City Council of the City of Rancho Cordova on May 19, 2025, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Lighting District No. 2012-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District has two (2) designated benefit zones that collectively encompass all lots and parcels of land within the boundaries of the District. The two benefit zones are designated as "Safety Light Only" Zone, which includes those lots and parcels of land within the District that are associated and benefit from only safety light improvements; and the "Safety Light and Street Light" Zone, which includes those lots and parcels of land within the District that are associated and benefit from both safety light improvements and local streetlight improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's lighting improvements and facilities. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E –ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of all lots and parcels of land within the boundaries of the City of Rancho Cordova that in Fiscal Year 2011-12, were considered to lie within CSA 1 Zone 2. Within these boundaries, parcels are identified and grouped into one of two designated benefit zones based on the special benefits properties receive from the District improvements, namely “Safety Lights Only” or “Safety Lights and Street Lights”. The two zones within the District and the benefits associated with the properties therein are described in more detail in Part D (Method of Apportionment of Assessments) of this Report. In addition, the Assessment District Diagram in Part C of the report provides a visual representation of the District showing the exterior boundaries of the District.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation, and servicing of street lighting improvements within the District (improvements that had been previously funded through annual assessments from the CSA 1). The improvements may consist of all or a portion of the public street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities, and expenses necessary for the ongoing maintenance and operation of public street lighting improvements. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Improvements and Services Authorized by the 1972 Act

As generally defined by the 1972 Act, the improvements and associated assessments for this District may include now or in the future one or more of the following:

- The installation or construction of public lighting facilities including, but not limited to streetlights, safety lights and traffic signals;
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof;
- The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
    - Repair, removal, or replacement of all or any part of any improvements;
    - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
    - Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;

Incidental expenses associated with the improvements including, but not limited to:

- The costs of the report preparation, including plans, specifications, cost estimates, diagrams, and assessment;
- The costs of printing and advertising, and publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Costs associated with any elections held for the approval of new or increased assessments.

Public Lighting Improvements

The District's annual assessments will finance in part the maintenance, operation and servicing of the District's lighting improvements (safety lights and streetlights) which generally includes the furnishing of labor, materials, equipment and electricity for the ordinary and usual maintenance, operation, and servicing of streetlights within the public rights-of-way and easements dedicated to the City, incidental expenses including administrative costs as well as the performance of periodic repairs, replacement and expanded maintenance resulting from damage or vandalism. These services and activities more specifically may include, but are not limited to:

- Payment of the electrical bill for the safety lights and streetlights.

- Maintenance, repair and replacement of light poles and fixtures, including changing light bulbs, painting, photoelectric cell repair or replacement, and repairing damage caused by automobile accidents, vandalism, time, and weather, including principal and interest related to funding of the replacement of the improvements.

- Electrical conduit and pull box repair and replacement due to damage by construction and weather.

- Monitoring of the Underground Service Alert (USA) network, identification of proposed excavation in the vicinity of lighting electrical conduits and marking the location of those underground conduits in the field to prevent damage by excavation.

- Services and maintenance repair and replacement including painting, replacing worn out electrical components and repairing damage due to accidents, vandalism, and weather.

- Remedial projects for major repairs or upgrading of facilities. Construction for such projects is usually performed by contract, however City maintenance workers may execute small projects.

- Streetlight inventory database, pole numbering and mapping to establish the number of streetlights that must be maintained, as well as the condition and location of these streetlights as part of an effective maintenance program.

- Acquisition of land, easements, and rights-of-way necessary to maintain the street and safety lighting system.

- Responding to citizens and Council member inquiries and complaints regarding street lighting. Resolving complaints may require an engineering study and possible project.

For the purpose of determining benefit and the proportional assessment of special benefit, the light fixtures to be maintained by the District are defined as either “Street Lights” or “Safety Lights”. Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. All other lights are designated as Street Lights. The following table provides a summary of the safety light and streetlight inventory within the City upon formation of the District. Detailed maps identifying the location and extent of the District’s Safety Lights and Street Lights at that time are on file in the Public Works Department of the City.

Type of Light	Number of Lights
Safety Lights	428
Street Lights	4,240
Total District Lights	4,668
Decorative Lights (1)	92
Total City Lights	4,760

(1) The 92 decorative lights shown above were contained within a single residential development and these lights are funded by a separate revenue source levied on those parcels. Therefore, these lights are not included as part of the District’s improvements, budget or assessments. Parcels within this residential development are included in the “Safety Light Only” zone.

Part B

ESTIMATE OF COSTS

The maximum assessment revenue shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified zone of the District.

The District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Capital Projects Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code Section 22569. In addition, the Capital Projects Reserve can be used to finance rehabilitation projects, repairs, or replacement of District improvements.

The cost estimate for the District prepared by the City for Fiscal Year 2025-26 follows on the next page.

City of Rancho Cordova Lighting District No. 2012-1 Fiscal Year 2025-26 Cost Estimate Summary	Safety Lights	Street Lights	Total Cost Estimate
DIRECT COSTS			
Electrical Costs	$ 30,000	$ 170,000	**$ 200,000**

(1) The General Benefit Contribution was calculated at 25% of the annual Electrical and Maintenance costs associated with Safety Lighting.

(2) The annual levy may differ slightly from the maximum revenue shown due to rounding because of rounding limitations imposed by the County of Sacramento.

(3) Negative fund balances represent funds that will need to be contributed or loaned from an appropriate funding source outside the assessment district.

A description of the terms used in the preceding Cost Estimate table are listed on the following pages.

Direct Costs (Maintenance and Operation)

Direct Costs include the regular annual costs of maintaining and servicing lighting improvements. This may include, but is not limited to, the costs for labor, utilities, equipment, and supplies that are required to properly maintain the items that provide a direct benefit to the properties within the District. Specific Direct Costs may include, but are not limited to:

Electrical Costs — Includes the cost of providing electricity to the lights. Additionally, some lights may be maintained by the Sacramento Municipal Utility District ("SMUD") and the cost for maintenance of these lights is included as part of the utility bill for those lights.

Maintenance Costs — Includes the contract labor associated with the maintenance of the lights and the cost of the preparing and maintaining the light inventory.

Repairs/Replacements & Capital Expenditures — Includes but is not limited to activities needed to support the improvements that are not included or considered to be costs associated with the regular annual maintenance, servicing, and operation of the District improvements. Additionally, this item may include repairs that are only required periodically, repairs and replacements resulting from damage or vandalism, capital improvement expenditures to rehabilitate or upgrade the improvements, and collection of funding (installments) for future capital improvement projects. The amount collected each fiscal year is based on an estimate of current and future needs but may be limited by available funding (assessment revenues and City contributions).

USA Markings – includes costs associated with marking the location of underground utilities related to the above.

RCLD Loan Principal - Amounts of principal due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing streetlights located within the District with new LED streetlights which will reduce energy costs.

RCLD Loan Interest - Amounts of interest due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing streetlights located within the District with new LED streetlights which will reduce energy costs.

Special Projects - Includes costs for minor special project(s) related to annual maintenance and or operation of the improvements not described in the above categories.

Special Capital Projects - Includes costs expected to be incurred in any specific fiscal year for special capital projects shown in the District's Capital Improvement Plan. Costs in this category do not increase the annual levy as the Capital Improvement Reserve is used to fund these costs. For this reason, these costs may not be shown in the annual cost estimate.

Administration Costs

Annual Administration Costs include incidental District costs not included above that are required on an annual basis. Specific Administration Costs may include, but are not limited to:

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the assessments and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the assessments, preparation of the annual report, and placing the assessment on the property tax bills.

Contract Administration - Estimated costs to coordinate and oversee the applicable maintenance and operation contracts and overall repair, maintenance, operation, and replacements of the District Improvements.

County Collection Fees - Includes the cost that the County charges to place the assessments onto the Sacramento County Secured Tax Roll.

Miscellaneous Administration Expenses - Includes other minor administrative costs such as telephone, copying, noticing, mailing, office supplies and fees related to District Administration.

Total Direct and Administration Costs - This is the total of the Direct and Administration Costs, which are the direct and incidental costs for the regular annual maintenance, servicing, and operation of the District improvements.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Miscellaneous Cost and Collections/(Credits) Applied to the Levy represent the expected contributions and funding from sources other than the current year assessments to support the annual costs included for the maintenance, servicing, and operation of the District improvements.

Replenishment/(Use) of Operating Reserve - A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution/(Use) of Capital Projects Reserve - A “Contribution” increases the levy in order to generate funding for the Capital Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a “Use of” the Capital Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Capital Projects Reserve. If the expenditure of a current year capital project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Operating Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the cost

estimate. Further information regarding the function of the Capital Projects Reserve is provided in the following pages of this section.

General Benefit Contribution – This amount represents funding from the City or other, utilizing revenue sources other than assessment revenues to pay the proportional costs for the regular annual maintenance, servicing and operation of the District improvements that have been determined to be of General Benefit and which cannot be assessed to property owners. This funding may be from the City's General Fund or any other funding source available.

Other Revenue Contributions - Additional funds designated for use by the District that are not District assessments. Often referred to as a City Contribution, these funds may be from any source available to the City to support the District and reduce the amount to be collected by the District assessments. If the Total Direct and Administration Costs minus any Reserve Fund Transfer and General Benefit Contribution results in an amount greater than the amount that can be collected through the assessments, the City either must reduce expenses or contribute funds to balance the cost estimate.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Parcels Levied - The total number of parcels within each zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements.

Front Footage - The total assessable front footage for non-residential property that are expected to be assessed on a front footage basis for the current fiscal year.

Residential Parcels – The total number of assessable residential parcels subject to the street lighting assessment.

Per Parcel Rate – Safety Lights - The maximum assessment rate that can be assessed to each assessable parcel within the respective zone for the current fiscal year.

Per Parcel Rate – Streetlights (Residential) - The maximum assessment rate that can be assessed to each assessable residential parcel for streetlights for the current fiscal year.

Per Front Foot Rate – Streetlights (Non-Residential) - The maximum assessment rate that can be assessed to each front foot of non-residential property for streetlights for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each zone for the current fiscal year based upon the expected number of assessable parcels and front footage using the maximum assessment rates.

Operating Reserve Fund Balance

Beginning Reserve Fund Balance 7-1-2025 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations. These beginning balances shall be used to fund expenditures from July 1, 2025 to December 31, 2025, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Capital Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Replenishment/(Use) of Operating Reserve – Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve is intended to fund expenditures from the period of July 1, 2025 (the beginning of the fiscal year) through December 31, 2025. If positive, this amount is added to the levy in order to replenish the Operating Reserve. On the other hand, if negative, this portion of the Operating Reserve is used to fund Fiscal Year 2025-26 expenses and therefore reduces the levy amount. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Project Reserve — The amount of Operating Reserve monies to be transferred to or from the Capital Projects Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer to the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2026 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2026. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, the District may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Project Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Capital Project Reserve Fund Balance

Beginning Capital Project Reserve Fund Balance 7-1-2025 (est.) — The projected balance of funds in the Capital Project Reserve as of July 1, 2025. Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Use for Fiscal Year 2025-26 Capital Projects – The amount expected to be incurred for Capital Projects in Fiscal Year 2025-26 and funded from the Capital Projects Reserve rather than the Fiscal Year 2025-26 levy. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve — The amount of Capital Project Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2026 (est.) - The projected balance of funds in the Capital Projects Reserve as of June 30, 2026. These funds shall be used to fund the costs of installation, replacement, repair or upgrading of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Capital Projects Reserve or related activity for the current fiscal year, the Capital Projects Reserve information will not be presented in the report.

Capital Projects Reserve - Capital Improvement Plan

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment. The projected fiscal year ending Capital Project Reserve Fund balance will fund the multi-year Capital Improvement Plan, as shown below, in order to fund the installation, replacement, repair or upgrading of District improvements and other allowable costs:

> The District expects expenditures for street light numbering replacement: $5,000 in Fiscal Year 2025-26.
>
> Periodically, funds held in a Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Projects Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements.

Part C

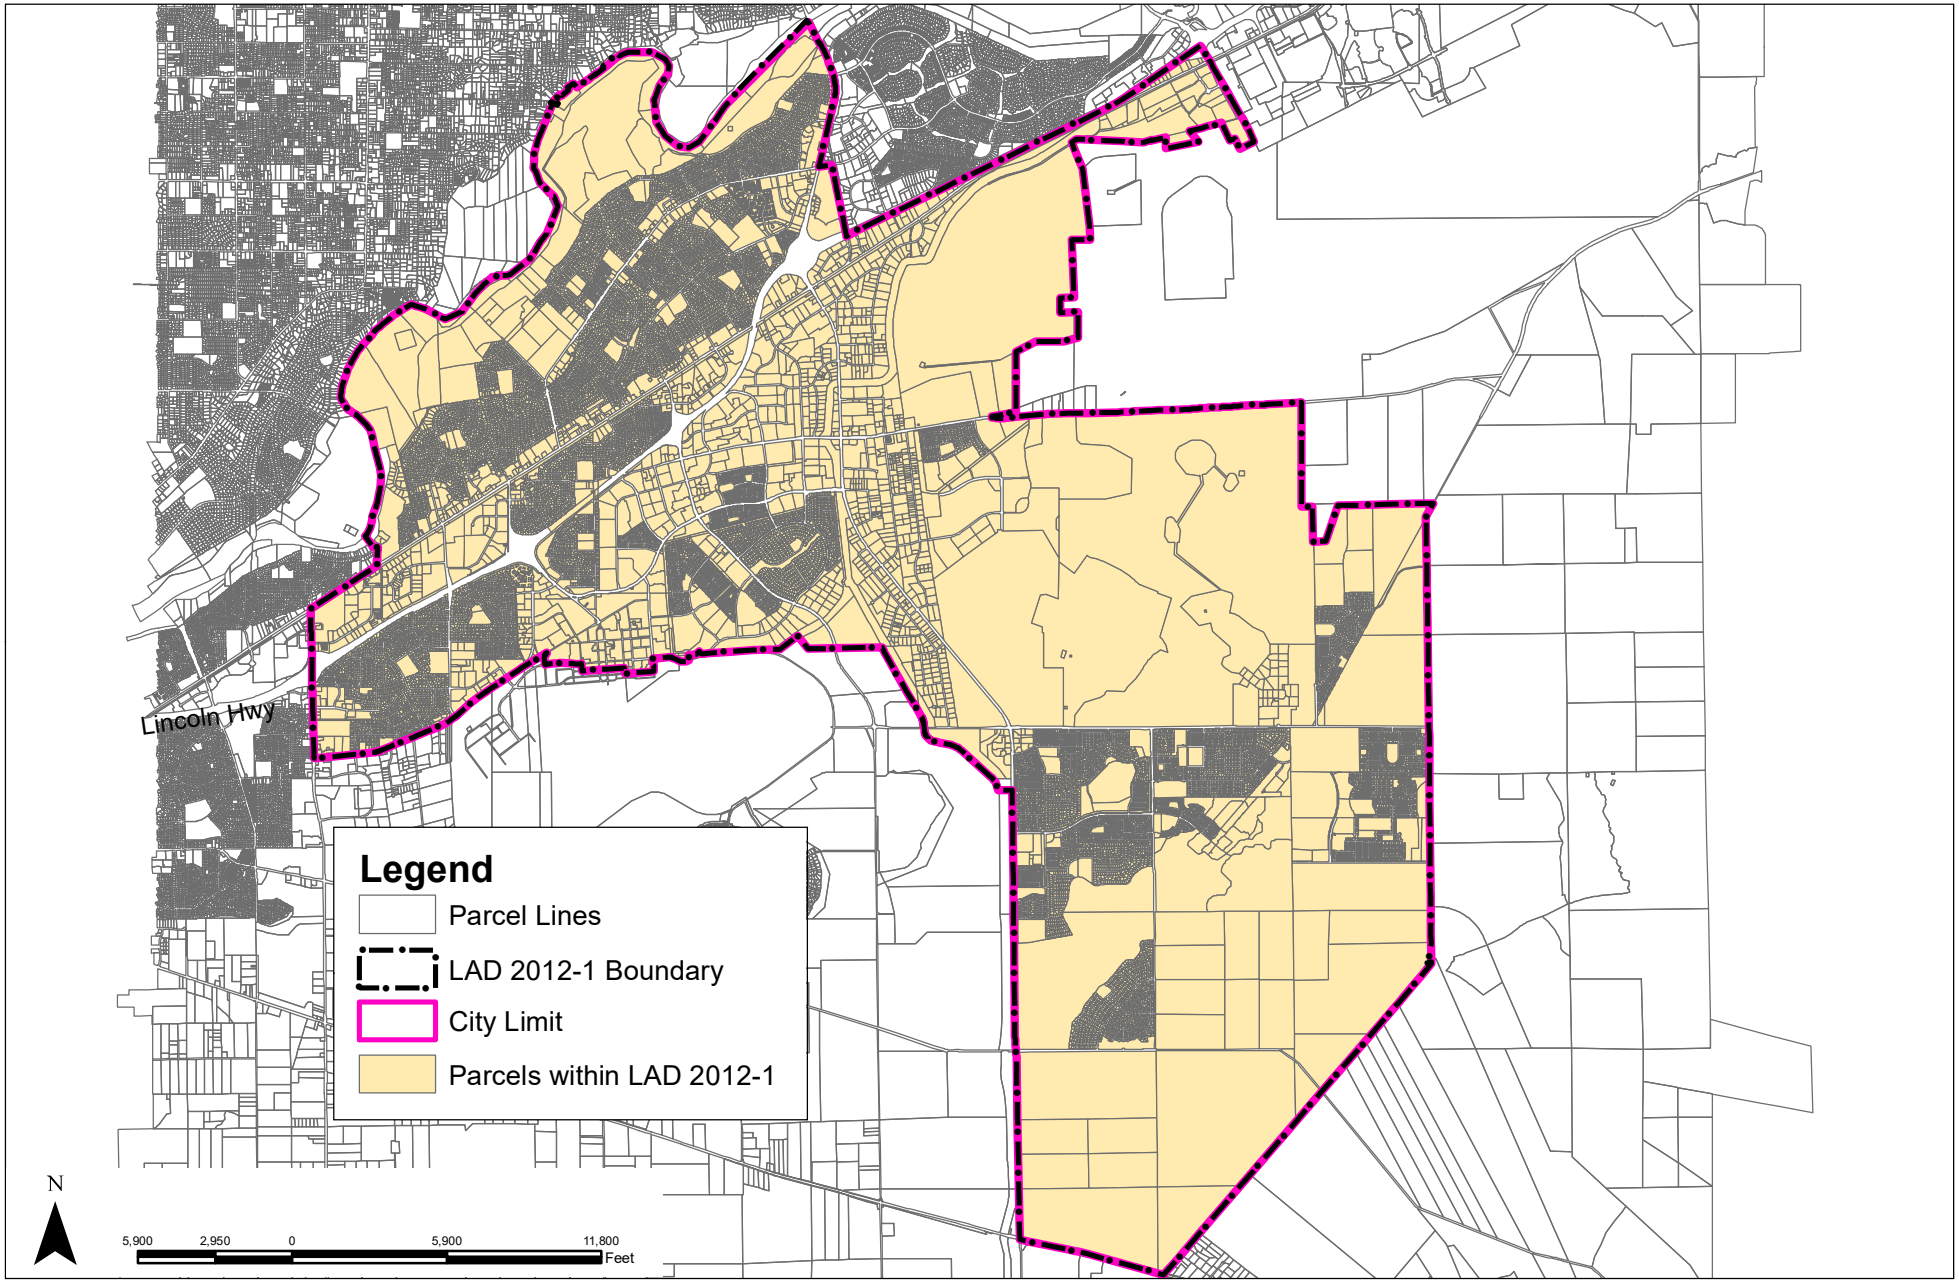
ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Assessment Diagram of Rancho Cordova Lighting District No. 2012-1.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the Assessment Diagram is attached on the following page.

City of Rancho Cordova
Lighting District No. 2012-1
Assessment District Diagram

ATTACHMENT 2
Exhibit A to the Resolution



Part D
METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include but are not limited to the construction, maintenance, operation, and servicing of public street lighting improvements and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as:

> *"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service".*

Article XIIID Section 2i defines Special Benefit as:

> *"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."*

Article XIIID Section 4a defines proportional special benefit assessments as:

> *"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

The method of apportionment established herein is based on the premise that each assessed property receives special benefits from the maintenance, servicing and operation of either safety lights located throughout the District or both safety lights and local streetlights, and these improvements will be funded in part by such assessments, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive such special benefits as outlined in the preceding definitions established in the 1972 Act and the California Constitution.

Benefit Analysis

To identify and determine the proportional special benefit to each parcel within the District, as well as any general benefit associated with the improvements, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The District's improvements and the associated costs described in this report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District, and is consistent with the method of apportionment previously established for the assessments as part of CSA 1.

While the California Constitution requires that *"The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement…";* it is reasonable to conclude that the reasons for installing local streetlights are often similar, but somewhat different than the reasons for installing safety lights. Therefore, the overall benefits associated with streetlights and safety lights are different, which also suggests that the apportionment of the cost to provide those improvements would be different.

In reviewing the location and extent of the City's Street Light improvements to be funded by District assessments and the relationship these improvements have to properties within the District, it was determined that these lights are entirely local lighting improvements that were installed specifically in connection with the development of nearby properties or were necessary as a precursor to property development and would otherwise not have been necessary or required without the development of the properties near those improvements. As such, these Street Light improvements have a direct and particular relationship to, and provide special benefit to, the properties located in close proximity to those lighting improvements and serve as extension of those properties and developments into the public areas (streets) that serve those properties. These lights clearly provide special benefits that affect these properties in a way that is particular and distinct from its effect on other parcels, and that of real property in general and the public at large do not share. This is most evident in the fact that the District's Street Light improvements are concentrated within the City's various residential developments and developed non-residential areas and the absence of such lights within many portions of the undeveloped areas of the District. The fact that these lights are a direct result of property development and many areas of the City forgo the need of local street lighting, the maintenance and operation costs associated with the Street Light improvements are considered to be solely a special benefit to those properties and developments in close proximity to those lights and have no measurable general benefit to the public at large or to the District as a whole. However, it is also recognized that these lights are not exclusive or typically isolated to a particular parcel but are rather shared and directly affect entire neighborhoods or groups of parcels. In this District, it has been determined that each parcel that is assessed for Street Lights is at least within approximately two-hundred feet (200 feet) of a streetlight although that light may be located across the street from the parcel.

As previously noted, Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. Although the location and extent of these lights are most certainly driven by development of properties in the area (concentrated largely in developed areas of the City), unlike the Street Light improvements which are directly correlated to specific developments and parcels, the District's Safety Lights are not entirely the result of specific property development, but more the result of overall development throughout the City and in addition to directly benefiting the properties in the District, these Safety Lights provide nighttime traffic illumination to enhance traffic circulation and safety.

Therefore, while the need for such lights is most often facilitated by development in the area and certainly a special benefit to properties within the District because safety lights promote nighttime traffic illumination and circulation for the general public as well as for properties in the District, these lights obviously provide some measure of benefit to the community as a whole and to the public at large (general benefit). In order to separate general benefits from special benefits, an evaluation of the overall extent and location of the Safety Light in the City, revealed that less than half (approximately 47%) of the Safety Lights within the District are located on major streets that are considered through-traffic corridors, namely Bradshaw Road, Folsom Boulevard and Sunrise Boulevard. The remaining Safety Lights within the City were located on streets and intersections considered internal City traffic routes that provide direct access to the parcels in the District. Therefore, it would be reasonable to conclude that like the local Street Light improvements, the Safety Light improvements located on these internal City traffic routes (approximately 53% of the Safety Lights at the time of formation of the District) are entirely for the special benefit of the properties they serve, while the Safety Lights on the through-traffic corridors provide comparable (proportionately equal) special benefit to properties in the District and general benefit to real property in general and the public at large. Therefore, collectively, it has been determined that no more than 25% of the total direct costs (maintenance and operation costs) of providing Safety Lights would be considered general benefit.

Zones of Benefit

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Article XIIID Section 4a reads in part:

> *"…The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

In an effort to ensure an appropriate allocation of the estimated annual cost to provide the District improvements based on proportional special benefits, this District has established benefit zones ("Zones") as authorized pursuant to Chapter 1 Article 4, Section 22574 of the 1972 Act:

> *"The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."*

Therefore, in order to separate general benefits from special benefits and to ensure each parcel is assessed for only the special benefits received from the improvements, two benefit zones have been established and every parcel in the City is grouped into one of these two Zones:

- "Safety Lights Only" Zone: Includes all parcels that receive special benefits from the maintenance of Safety Lights only, which includes lights located at intersections on major streets and along the rear of properties that abut major streets.

- "Streetlights and Safety Lights" Zone: Includes all remaining parcels within the City that specially benefit from maintenance of Street Lighting (local lights) as well as Safety Lights.

The District cost estimate incorporated herein under Part B of this report provides a summary of the total estimated cost of providing the streetlight improvements and the allocation of those costs that are considered general benefit. Details regarding the location and extent of the street lighting improvements within the District and the Zones therein upon formation of the District are on file in the Public Works Department of the City. A diagram showing the exterior boundaries of the District and the location of the two zones therein at the time of formation is attached and incorporated herein under Part C of this report.

Assessment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs, it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Safety Lights and Street Lights, like most public improvements, provides varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the improvements in relationship to the properties, the specific use of each property, and the reason or need for such improvements as it relates to individual properties. In this District, these issues were each considered in determining the proportional special benefit to each parcel by the use of benefit zones, the separation of general benefit and special benefit, and County land use designations.

Safety Lights

Safety Lights are located throughout the District and properties throughout the City are considered to benefit proportionally from Safety Lights and are therefore levied a flat rate calculated by the following formula.

Net Safety Light Cost / Total Assessable Parcels = Levy per Parcel

Streetlights

Only properties that benefit from Street Lights are charged for Street Lights. Parcels are classified based on land use into two categories: Residential and Non-Residential. Residential parcels that have streetlights are levied equally. Non-Residential are levied on a front footage basis. Formulas for both Non-Residential and Residential parcels are illustrated below.

Residential Parcels

Net Residential Street Light Cost / Residential Parcels=Levy per Residential Parcel

Non-Residential Parcels

Net Non-Residential Street Light Cost / Non-Residential Front Footage = Levy per Non-Residential Front Foot

Levy per Non-Residential Front Foot x Non-Residential Parcel Front Footage= Levy per Parcel

In addition, each Fiscal Year, the City provides annexation documents showing the list of parcels that were annexed into the City of Rancho Cordova Community Facilities District No. 2008-1 (the “CFD No. 2008-1”) and the City of Rancho Cordova Community Facilities District No. 2014-1 (the “CFD No. 2014-1”). Both CFD No. 2008-1 and CFD No. 2014-1 provide services for street lighting in the City. Parcels that are annexed into CFD No. 2008-1 and CFD No. 2014-1 are not subject to the Street Light Assessment portion for the City of Rancho Cordova Lighting District No. 2012-1 and are only assessed for safety lights.

Exempt

Exempted from the assessment would be the areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of- ways including public greenbelts and parkways. Also exempted from assessment would be utility rights-of-ways, common areas (such as in condominium complexes), landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels do not benefit from the improvements.

The land use classification for each parcel has been determined and based on the Sacramento County Assessor’s most recent secured roll.

Rates

The following Tables show the assessment rates proposed to be levied in Fiscal Year 2025-26 and an estimate of the revenue to be assessed. It is important to note that these rates are the same rates applied to the District parcels under CSA 1 and that these rates have not increased since the passage of Proposition 218 in 1996.

Proposed Fiscal Year 2025-26 Assessment Rates	
Improvement Type	**Proposed Rates**
Safety Lights	$2.56 per parcel
Street Lights	$15.32 per parcel
Street Lights (Non-Residential) *	$0.2519 per front foot

* Non-Residential parcels include commercial and multi-family properties.

Estimated Fiscal Year 2025-26 Assessment Revenues				
Benefit Classifications	**Applied Rates**	**Parcels**	**Applied Front Footage**	**Total Estimated Revenue**
Safety Light Only	$2.56 per Parcel	12,411	N/A	$ 31,772.16
Street and Safety Light (Residential)	$2.56 + $15.32 per Parcel	10,352	N/A	$ 185,093.76
Street and Safety Light (Non-Residential)	$2.56 per Parcel + 0.2519 per front foot	3,109	551,899	$ 146,966.04
Totals		**25,872**	**551,899**	**$ 363,831.96**

(1) The annual levy may differ slightly due to rounding because of rounding limitations imposed by the County of Sacramento.

Part E
ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

City of Rancho Cordova
Lighting District No. 2012-1
Fiscal Year 2025-26 Assessment Roll

APN	District Classification	Street Light Charge	Safety Light Charge	Total Assessment
056-0012-022-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0022-001-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0022-002-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0023-008-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0031-001-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0031-002-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0031-003-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0031-004-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0031-005-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0031-006-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0032-001-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0032-002-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0032-003-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0032-004-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0032-005-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-001-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-002-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-003-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-004-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-005-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-006-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0033-007-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0034-001-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0034-002-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0034-003-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0034-004-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
056-0034-005-0000	SAFETY LIGHTS ONLY	$ 0.00	$ 2.56	$ 2.56
