MEMORANDUM

ITEM 9.2.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Stacy Leitner, City Clerk
SUBJECT: **A RESOLUTION CALLING THE NOVEMBER 3, 2026, GENERAL MUNICIPAL ELECTION TO ELECT COUNCIL MEMBERS BY-DISTRICT FOR DISTRICTS 2 AND 5 AND REQUESTING THE SACRAMENTO COUNTY BOARD OF SUPERVISORS TO CONSOLIDATE THE GENERAL MUNICIPAL ELECTION WITH THE STATEWIDE GENERAL ELECTION, AND A RESOLUTION ESTABLISHING REGULATIONS PERTAINING TO CANDIDATE STATEMENTS**

RECOMMENDATION

Adopt the Resolutions.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolutions would call and give notice of a general municipal election to be held on Tuesday, November 3, 2026, to elect Council Members for Districts 2 and 5, request the Sacramento County Board of Supervisors to consolidate the general municipal election with the statewide general election, authorize the city to obtain election services from the Sacramento County Voter Registration and Elections Department (VRE), and establish regulations pertaining to candidate statements for elective office.

BACKGROUND

Rancho Cordova Municipal Code Chapter 2.42 regarding elections states the general municipal election shall be held on the same date as the date of the statewide general election.

At the November 3, 2026, general municipal election, by-district elections will be held for Council Members in Districts 2 and 5 to serve full four-year terms. Consistent with state law for general municipal elections consolidated with statewide general elections (Elections Code Section 10220), the filing period for candidate nomination documents and candidate statements will be during the nomination period of July 13, 2026, through August 7, 2026.

In 2023, the city transitioned from at-large Council elections to a by-district election system, with the creation of five City Council districts. In order to continue the staggered terms, a two-phase implementation was created for 2024 and 2026. In 2024, voters elected Council Members in Districts 1, 3, and 4. In 2026, voters will elect Council Members in Districts 2 and 5. Pursuant to California Elections Code Section 10407(b), the nomination period is not extended where there

is no incumbent eligible to be elected. Because the City transitioned from at-large to by-district elections, there are no incumbents for the district-based offices subject to election in 2026; therefore, the nomination period will not be extended.

The seats for two City Council Members (Linda Budge and Garrett Gatewood) elected at-large in 2022 are up for election in November 2026, while the seats for three City Council Members elected in 2024 (Joe Little, Siri Pulipati, and David Sander) will continue through November 2028.

Election Consolidation

In accordance with Elections Code Section 10403, it is necessary for the City Council to adopt a Resolution calling and giving notice of the holding of a general municipal election in the City of Rancho Cordova on November 3, 2026, and requesting the Board of Supervisors of the County of Sacramento consolidate the general municipal election with the statewide general election ([Attachment 1](#)).

By adoption of the proposed Resolution, the Sacramento County Voter Registration and Elections Department is authorized to canvass the returns of the election and the City agrees to reimburse the Sacramento County Voter Registration and Elections Department for actual costs accrued for the election. The Sacramento County Voter Registration and Elections Department has requested the consolidation Resolution address procedures in the event of a tie vote for any contest. The options to resolve a tie vote shall be either by lot or to hold a special runoff election. Staff recommends the City Council address tie votes by lot to save the cost of holding a special election, as provided in Elections Code Section 15651. Procedures for resolving a tie vote by lot would be presented for City Council consideration at a meeting prior to the date, time, and place if a drawing by lot is determined to be necessary.

The City will file a copy of the attached Resolution with the Sacramento County Board of Supervisors and the Sacramento County Voter Registration and Elections Department.

Candidate Statements

Also, presented to the City Council for adoption is a Resolution adopting regulations for candidates for elective office pertaining to candidate statements submitted to the voters for the November 3, 2026 general municipal election ([Attachment 3](#)). Candidate statements are made available to voters and serve as a critical tool for voters to make informed decisions about candidates during elections. The resolution recommends candidate statements be limited to 200 words in accordance with the recommendation of the VRE.

FISCAL IMPACT AND FUNDING SOURCE

Election costs are calculated by the VRE utilizing registered voter information. The estimated cost for the election of Council Member by-district elections for two council district seats is \$30,000.

MEMORANDUM

ITEM 9.3.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Michelle Mingay, Assistant Director of Administrative Services - Finance
SUBJECT: **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA DECLARING ITS INTENTION TO TRANSFER DELINQUENT REFUSE SERVICE CHARGES TO THE PROPERTY TAX ROLLS AND TO SET A PUBLIC HEARING FOR THE SAME**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would begin the process to allow delinquent refuse service charges to be collected on the property tax roll and set a public hearing for July 6, 2026, at 5:30 p.m. in the City Council Chambers.

BACKGROUND

The Collection Services Contract ("Contract"), between the City of Rancho Cordova and Atlas Disposal, ("Atlas"), for residential garbage collection and recycling, allows Atlas to take any action legally available to collect past due amounts. Pursuant to Government Code Sections 38790.1 and 25831, one such action is for the city to assist Atlas by placing the delinquent accounts on the property tax roll.

The city's Municipal Code allows for the property tax rolls to be utilized for collecting delinquent charges, but in order for the city to assist Atlas, the City Council must approve two separate resolutions prior to recording a tax levy for delinquent residential solid waste accounts. The first Resolution, which is the subject of tonight's meeting, establishes the intent of the City Council to transfer delinquent residential solid waste accounts to the tax rolls, and sets a public hearing for July 6, 2026, at 5:30 p.m. to take comments and objections from the public regarding the transfer of delinquent residential solid waste accounts to the tax roll. At the conclusion of the public hearing, the City Council will be asked to adopt the second Resolution titled "A Resolution of the City Council of the City of Rancho Cordova Authorizing Delinquent Residential Solid Waste Service Charges to be collected on the Property Tax Roll."

As of May 20, 2026, there are a total of 1,041 delinquent accounts eligible to be transferred to the tax roll, with a total balance due of \$464,090.62. This amount includes a ten percent (10%) penalty which will be added to the tax roll to cover the cost for the city to administer the program.

In order to proceed with the levy of assessments, it is requested that Council adopt a "Resolution of Intention of the City Council of the City of Rancho Cordova to Transfer Delinquent Refuse Service Charges to the Tax Roll." Approval of the Resolution also sets July 6, 2026, at 5:30 p.m. as the date and time for a public hearing on the issue. Notice of the public hearing will be given by publication at least 10 days prior.

FISCAL IMPACT AND FUNDING SOURCE

The city would receive a 10% administrative fee, based on the final balance transferred to the property tax roll, to cover the cost of administering the program.

RESOLUTION NO. XX-2026

A RESOLUTION OF INTENTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, TO TRANSFER DELINQUENT REFUSE SERVICE CHARGES TO THE 2026-2027 PROPERTY TAX ROLL

WHEREAS, in 2024, the City of Rancho Cordova executed the Collection Services Contract with Atlas Disposal (“Atlas”) for the provision of residential solid waste collection and recycling services; and

WHEREAS, the Collection Services Contract requires Atlas to bill residential solid waste accounts for garbage and recycling services; and

WHEREAS, pursuant to Government Code sections 38790.1 and 25831, the city may assist Atlas in collection of past-due accounts; and

WHEREAS, the property tax collection process has been used for many years, by both the City of Rancho Cordova and the County of Sacramento, to collect delinquent utility charges.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. That it is the opinion of the City Council that the public interest and convenience require and that it is the intention of this Council to order delinquent refuse charges and late penalties collected on the tax roll at the time and in the manner as the general tax levy for County purposes; and
2. 3. That the City Council hereby gives notice that any owner of property liable to be assessed for a delinquent refuse charge may, at any time not later than the hour set for hearing objections to the proposed collection of such delinquent charges on the tax roll, make and file with the City Clerk a written protest against the proposed action herein described and/or against the amount of such charges; and
4. That the City Clerk shall cause a summary of this Resolution to be published in the Grapevine Independent, a newspaper published and circulated in the City of Rancho Cordova, which said newspaper is hereby designated for that purpose.

**ON-CALL GENERAL SERVICES AGREEMENT BETWEEN
THE CITY OF RANCHO CORDOVA AND BIO-ONE**

THIS AGREEMENT (hereinafter referred to as "Agreement") is made by and between the City of Rancho Cordova, a California municipal corporation, (herein "City") and Bio-One, (herein "Contractor"), as of July 01, 2026.

Section 1. SERVICES. Subject to the terms and conditions set forth in this Agreement, Contractor shall provide to City the services described in the Scope of Work attached as Exhibit A ("Services") at the time and place and in the manner as specified therein. In the event of a conflict or inconsistency between the terms of this Agreement and Exhibit A, the Agreement shall prevail.

Section 2. TERM. The term of this Agreement shall begin on the date first noted above and shall end on June 30, 2029, unless the term of this Agreement is otherwise terminated as provided for in Section 10. The time provided to Contractor to complete the services required by this Agreement shall not affect the City's right to terminate the Agreement, as provided for in Section 10.

Section 3. CONTRACT ADMINISTRATOR. This Agreement shall be administered by Russ Ducharme ("Contract Administrator"). All correspondence shall be directed to or through the Contract Administrator or his or her designee.

Section 4. COMPENSATION OF CONTRACTOR. The Contractor shall be paid not to exceed One Million, Three Hundred and Fifty Thousand Dollars (\$1,350,000) for performance of the Services pursuant to this Agreement. The Contractor shall submit invoices to the City Finance Director monthly detailing the Services performed. In the event of a conflict between this Agreement and Contractor's Exhibit A regarding the amount of compensation, the Agreement shall prevail. Upon receipt and approval of the Contractor's invoices, the City shall remit payment to the Contractor for Services provided within thirty (30) days. Payment to Contractor shall be considered as full compensation for performing the Services.

City's failure to discover or object to any unsatisfactory work or billing prior to payment will not constitute a waiver of City's right to request Contractor to correct such work or billings or seek any other legal remedy.

Section 5. PERFORMANCE STANDARDS.

A. Contractor shall comply with all applicable laws now in force or which may hereafter be in force with regard to the provision of Services and this Agreement.

B. Contractor represents that it has the skills, expertise, licenses and permits necessary to perform the Services. Contractor shall perform all such Services in the manner and according to the standards observed by a competent practitioner of the same profession in which Contractor is engaged and in accordance with applicable industry standards. Permits and/or licenses shall be obtained and maintained by Contractor without additional compensation throughout the term of this Agreement.

Section 6. STATUS OF CONTRACTOR

6.1 INDEPENDENT CONTRACTOR. At all times during the term of this Agreement, Contractor shall be an independent contractor as defined in Labor Code Section 3353, and shall not be an employee of City. Nothing contained in this Agreement shall be construed

to be inconsistent with the foregoing relationship or status. City shall have the right to control Contractor only insofar as the results of Contractor's services rendered pursuant to this Agreement and assignment of personnel; however, otherwise City shall not have the right to control the means and methods by which Contractor accomplishes services rendered pursuant to this Agreement. Contractor shall have no power or authority by this Agreement to bind the City in any respect. All employees and agents hired or retained by Contractor are employees and agents of Contractor and not of the City. The City shall not be obligated in any way to pay any wage claims or other claims made against Contractor by any such employees or agents, or any other person resulting from performance of this Agreement.

Notwithstanding any other City, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Contractor and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in PERS as an employee of City and entitlement to any contribution to be paid by City for employer contributions and/or employee contributions for PERS benefits. Contractor shall not allow any employee, agent or subcontractor to become eligible for a claim for PERS benefits.

- 6.2 **Contractor Not an Agent.** Except as City may specify in writing, Contractor shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Contractor shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.

Section 7. INSURANCE REQUIREMENTS. Prior to beginning any Service under this Agreement, Contractor, at its own cost and expense, shall procure insurance coverage at such levels of coverage, scope, limits, and/or forms as set forth in Exhibit B ("Insurance Requirements") hereto. Contractor shall provide proof satisfactory to City of such insurance and maintain the insurance throughout the term of this Agreement.

Section 8. INDEMNIFICATION AND CONTRACTOR'S RESPONSIBILITIES.

- 8.1 **General Requirement.** Contractor shall indemnify, defend with counsel selected by the City, and hold harmless City, its officers, agents, employees and representatives from and against any and all claims, losses, liabilities or damages, demands and actions, including payment of reasonable attorney's fees, arising out of or resulting from Services performed pursuant to this Agreement caused in whole or in part by any negligent or willful act or omission of Contractor, its officers, agents, employees, or anyone directly or indirectly acting on behalf of Contractor. The foregoing obligation of Contractor shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Contractor or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Contractor to indemnify and hold harmless includes the duty to

defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Contractor from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Contractor acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

- 8.2** **PERS Indemnification.** In the event that Contractor or any employee, agent, or subcontractor of Contractor providing Services under this Agreement is determined by a court of competent jurisdiction of the California Public Employees Retirement System ("PERS") to be eligible for enrollment in PERS as an employee of City, Contractor shall indemnify, defend, and hold harmless City for the payment of any and all employee and/or employer contributions for PERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City, and any attorneys' fees and costs incurred by the City to enforce this Section.

Section 9. NONDISCRIMINATION AND EQUAL OPPORTUNITY. Contractor shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by Contractor under this Agreement. Contractor shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Contractor thereby. Contractor shall include the provisions of this section in any subcontract approved by the City.

Section 10. AMENDMENTS. No modification or amendment of this Agreement is effective unless made in writing and signed by both the City and Contractor.

Section 11. ASSIGNMENT AND SUBCONTRACTING. Contractor shall not assign or transfer any interest in this Agreement without the prior written consent of the City.

Section 12. TERMINATION. Either party may terminate this Agreement without cause, upon 60 days written notice to the other party. In the event of termination, Contractor shall be entitled to payment for Services then satisfactorily completed. Contractor shall not be entitled to any claim against City for any additional compensation or damages in the event of such termination.

Section 13. NOTICES. All notices that are regarding this Agreement shall be in writing and shall be deemed to have been given if delivered personally or enclosed in a properly addressed envelope and deposited in a United States Post Office for delivery by registered or certified mail addressed to the parties at the following addresses:

City: City of Rancho Cordova
2729 Prospect Park Drive
Rancho Cordova, CA 95670

Section 14. GOVERNING LAW AND VENUE. The laws of the State of California shall govern this Agreement. Venue for any action regarding this Agreement shall be in the Superior Court of the County of Sacramento or in the United States District Court for the Eastern District of California.

Section 15. ATTORNEYS' FEES. If a Party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provisions of this Agreement, the prevailing Party shall be entitled to reasonable attorneys' fees in addition to any other relief to which that Party may be entitled. The court may set such fees in the same action or in a separate action brought for that purpose.

Section 16. SEVERABILITY. If a court of competent jurisdiction finds or rules that any provision of this Agreement is invalid, void, or unenforceable, the provisions of this Agreement not so adjudged shall remain in full force and effect. The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.

Section 17. NO IMPLIED WAIVER OF BREACH. The waiver of any breach of a specific provision of this Agreement does not constitute a waiver of any other breach of that term or any other term of this Agreement.

Section 18. SURVIVAL. The obligations of this Agreement, which by their nature would continue beyond the term or expiration of the Agreement, including without limitation obligations regarding indemnification shall survive the term or expiration of this Agreement.

Section 19. IRS Form W-9. Contractor shall complete and submit Internal Revenue Service Form W-9 to the City before execution of this Agreement. The City's Finance Director shall have authority to waive this requirement.

Section 20. ENTIRE AGREEMENT. EXHIBIT B
INSURANCE REQUIREMENTS

Before beginning any work under this Agreement, Contractor, at its own cost and expense, shall procure "occurrence coverage" insurance against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Professional and its agents, representatives, employees, and subcontractors. Contractor shall provide proof satisfactory to City of such insurance that meets the requirements of this section and under forms of insurance satisfactory in all respects to the City. Professional shall maintain the insurance policies required by this section throughout the term of this Agreement. The cost of such insurance shall be included in the Contractor's bid. Contractor shall not allow any subcontractor to commence work on any subcontract until Contractor has obtained all insurance required herein for the subcontractor(s) and provided evidence thereof to City. Verification of the required insurance shall be submitted and made part of this Agreement prior to execution. Contractor shall maintain all required insurance listed herein for the duration of this Agreement.

1. **Workers' Compensation.** Contractor shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Contractor. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than ONE MILLION DOLLARS (\$1,000,000.00) per accident. In the alternative, Contractor may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the Labor Code shall be solely in the discretion of the Contract Administrator. The insurer, if insurance is provided, or the Contractor, if a program of self-insurance is provided, shall waive all rights of subrogation against the City and its officers, officials, employees, and volunteers for loss arising from work performed under this Agreement.

An endorsement shall state that coverage shall not be canceled except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. Contractor shall notify City within fourteen (14) days of notification from Contractor's insurer if such coverage is suspended, voided or reduced in coverage or in limits.

The requirement to maintain Statutory Worker's Compensation and Employer's Liability Insurance insurance may be waived by the City upon written verification that Contractor does not have any employees.

2. **Commercial General and Automobile Liability Insurance.**

- 2.1 **General requirements.** Contractor, at its own cost and expense, shall maintain commercial general liability insurance for the term of this Agreement in an amount not less than TWO MILLION DOLLARS (\$2,000,000.00) and automobile liability insurance for the term of this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000.00). The commercial general liability and automobile liability insurance shall be per occurrence, combined single limit coverage for risks associated with the work contemplated by this Agreement. If a commercial general liability insurance or an automobile liability form or other form with a general

aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this Agreement, including the use of owned and non-owned automobiles.

2.2 Minimum scope of coverage. Commercial general liability coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (most recent edition) covering comprehensive General Liability on an "occurrence" basis. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (most recent edition), Code 1 (any auto). No endorsement shall be attached limiting the coverage.

2.3 Additional requirements. Each of the following shall be included in the insurance coverage or added as an endorsement to the policy:

- a. City and its officers, employees, agents, and volunteers shall be covered as additional insureds with respect to each of the following: liability arising out of activities performed by or on behalf of Contractor, including the insured's general supervision of Contractor; products and completed operations of Contractor; premises owned, occupied, or used by Contractor; and automobiles owned, leased, or used by the Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City or its officers, employees, agents, or volunteers.
- b. The insurance shall cover on an occurrence or an accident basis, and not on a claims-made basis.
- c. An endorsement must state that coverage is primary insurance with respect to the City and its officers, officials, employees and volunteers, and that no insurance or self-insurance maintained by the City shall be called upon to contribute to a loss under the coverage.
- d. Any failure of Contractor to comply with reporting provisions of the policy shall not affect coverage provided to City and its officers, employees, agents, and volunteers.
- e. An endorsement shall state that coverage shall not be canceled except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. Contractor shall notify City within fourteen (14) days of notification from Contractor's insurer if such coverage is suspended, voided or reduced in coverage or in limits.

3. All Policies Requirements.

- 3.1 Acceptability of insurers.** All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.
- 3.2 Verification of coverage.** Prior to beginning any work under this Agreement, Contractor shall furnish City with certificates of insurance and with original endorsements effecting coverage required herein. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.
- 3.3 Subcontractors.** Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.
- 3.4 Deductibles and Self-Insured Retentions.** Contractor shall disclose to and obtain the approval of City for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement.
- During the period covered by this Agreement, only upon the prior express written authorization of Contract Administrator, Contractor may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers. The Contract Administrator may condition approval of an increase in deductible or self-insured retention levels with a requirement that Contractor procure a bond, guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.
- 3.5 Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer or contractor may require from vendor by virtue of the payment of any loss. Consultant agrees to obtain any endorsements that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the entity for all work performed by the Contractor, its employees, agents, and subcontractors.
- 3.6 Notice of Reduction in Coverage.** In the event that any coverage required by this section is reduced, limited, or materially affected in any other manner, Contractor shall provide written notice to City at Contractor's earliest possible opportunity and in no case later than five (5) days after Contractor is notified of the change in coverage.

4. **Remedies.** In addition to any other remedies City may have if Contractor fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Contractor's breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Contractor to stop work under this Agreement or withhold any payment that becomes due to Contractor hereunder, or both stop work and withhold any payment, until Contractor demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

11. Improvement Security. (a) Principal shall obtain and furnish to City an improvement security consisting of a surety bond in favor of City, issued by a corporate surety authorized to do business in the State of California, and in form approved by City, securing the faithful performance by Principal of the work of improvement required, and also securing the payment of the costs and interest, if any, due under Sections 22.80.005 et seq. of the Rancho Cordova Municipal Code, as provided in Paragraph 5 herein and an additional bond issued by a corporate surety authorized to do business in the State of California, in the amount of not less than 50 percent of the total estimated cost of the improvement, securing payment to contractor, his subcontractors, and to persons renting equipment or furnishing labor or materials for the improvement.

(b) In lieu of said corporate surety bonds, Principal may furnish an improvement security consisting of a letter of credit, certificate of deposit, or similar instrument of credit, in form satisfactory to City, issued by a financial institution subject to regulation by the State or Federal government, pledging that the funds necessary to meet the performance required herein are on deposit, and guaranteed for payment on demand. Said letter of credit, certificate of deposit, or similar instrument of credit shall provide that the funds designated therein shall become trust funds for the purposes set forth in said instrument.

The amount of the surety bond for faithful performance shall be in the sum of \$5,443,000.00. The amount of the surety bond for the payment of the claims of the contractor, his subcontractors, and to persons renting equipment or furnishing labor or materials for the improvement shall be at least 50 percent of the above amount. 13. Inspection of Work In Progress. (a) Principal may request The City Engineer to inspect the work as it progresses. If the work performed is found to be in accordance with the requirements of City, it may be accepted as it progresses and a partial refund of the cash deposit, or a release pro tanto of the faithful performance bond, letter of credit, certificate of deposit or similar instrument of credit shall be made in a sum in the same ratio to the total

deposit as the work accepted bears to the total work to be done. No refund in excess of 85 percent of the total amount of the improvement security for faithful performance shall be made until all the work has been completed and accepted.

17. Interest. Interest shall accrue at the highest rate permitted by law on all sums from the date payment is due under the terms of this Agreement and the sum due is certain or reasonably capable of being made certain.

19. Amendments. This Agreement may be modified or amended, or any of its

provisions waived, only by a subsequent written agreement executed by the parties hereto.

The amount of the surety bond for faithful performance shall be in the sum of \$4,440,000.00. The amount of the surety bond for the payment of the claims of the contractor, his subcontractors, and to persons renting equipment or furnishing labor or materials for the improvement shall be at least 50 percent of the above amount. 13. Inspection of Work In Progress. (a) Principal may request The City Engineer to inspect the work as it progresses. If the work performed is found to be in accordance with the requirements of City, it may be accepted as it progresses and a partial refund of the cash deposit, or a release pro tanto of the faithful performance bond, letter of credit, certificate of deposit or similar instrument of credit shall be made in a sum in the same ratio to the total

deposit as the work accepted bears to the total work to be done. No refund in excess of 85 percent of the total amount of the improvement security for faithful performance shall be made until all the work has been completed and accepted.

(b) The determination of the Administrator of Public Works of City as to the amount of work done, and the amount of refund or partial release pro tanto, shall be final and conclusive. When the work of improvement is accepted, 10 percent of the improvement security shall be retained to guarantee faithful performance of the provisions of paragraph 8 of this Agreement.

17. Interest. Interest shall accrue at the highest rate permitted by law on all sums from the date payment is due under the terms of this Agreement and the sum due is certain or reasonably capable of being made certain.

MEMORANDUM

ITEM 9.7.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Quoc Nham, Principal Civil Engineer
SUBJECT: **A RESOLUTION DECLARING THE RESULTS OF THE MAIL BALLOT ELECTION FOR RANCHO CORDOVA TRANSIT-RELATED SERVICES SPECIAL TAX AREA ZONE 35 FOR THE BIG BALLER STORAGE RV PROJECT**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would declare the results of the mail ballot election concerning Transit-Related Services Special Tax Area Zone 35 establishing a special tax for transit services for the Big Baller Storage RV project.

BACKGROUND

On March 16, 2026, the City Council approved a Resolution that established Special Tax Zone No. 35, the boundaries of which will be contiguous to the boundaries of the Big Baller Storage RV project. On April 6, 2026, the Council adopted Ordinance 5-2026 that established the special tax for transit-related services subject to land-owner voter confirmation.

For the transit-related services special tax to go into effect, the ordinance must be approved by two-thirds of the affected property owners voting in a mail-ballot election to be held by the city. If the tax in Zone 35 is approved by at least two-thirds of the property owners voting, the tax will first be collected hereunder for the tax year beginning July 1, 2026.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the city's general fund. Funds collected by this tax will be used to fund transit-related services.

WHEREAS, the owner of the real property subject to the Transit-Related Services Special Tax Area Zone 35 has voted on the issue of whether to approve Ordinance No. 5-2026 and the city now wishes to declare the results of this transit-related services tax election for Zone 35.

SUBJECT: **A RESOLUTION APPROVING FISCAL YEAR 2026-27 COMMUNITY GRANTS, LEGACY FUND, AND PROGRAMS AND INITIATIVES TO BE FUNDED FROM THE MEASURE H/COMMUNITY ENHANCEMENT & INVESTMENT FUND**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would approve fiscal year 2026-27 community grants, legacy fund, and programs and initiatives to be funded from the Measure H/Community Enhancement & Investment Fund

BACKGROUND

The application period for the Fiscal Year 2026-27 Community Enhancement & Investment Fund (CEIF) opened on February 9, 2026, and closed on March 13, 2026. This year's open call for applications resulted in more than \$4.2 million in requests for funding from 71 applicants. The council typically grants about 25% of the anticipated Measure H revenues for the community grants.

On April 6, 2026, the Council received access to all applications along with a summary update of all the grant applications received for the Fiscal Year 2026-27 CEIF cycle. At the April 28, 2026, City Council Special Meeting, staff presented its funding recommendations, which included \$2.4 million of previously allocated grant funds and designated funding items for Fiscal Year 2026-27. Therefore, out of the new grant requests, staff could only recommend approximately \$1 million. As a result, this meant that not all grant requests received a recommendation to fund, or a recommendation to fund at the full funding level requested by applicants.

During the April 28, 2026, workshop, Council discussed the summary of grant applications with staff recommendations. The Council made its final funding recommendations and provided direction to staff to bring back the community grant budget for adoption in June.

Exhibit A to the Resolution (Attachment 2) contains the CEIF grant projects selected for funding during Fiscal Year 2026-27. The Exhibit includes categories that describe contract development. Category 1 is for standard contracts that may be executed expeditiously and Category 2 is for contracts that require additional staff support if there are policy concerns such as prevailing wage or bidding requirements. Category 3 is reserved for complex projects that require staff, legal and other stakeholders to complete additional steps before an agreement may be prepared.

FISCAL IMPACT AND FUNDING SOURCE

The projected fiscal year 2026–27 revenues for the Community Enhancement & Investment Fund, focusing on Measure H, are estimated to be \$11.8 million, of which \$3.37 million is anticipated to go towards community grants. Any amounts approved above this amount will require a reduction in allocation from another category of funding.

CITY OF RANCHO CORDOVA

RESOLUTION NO. XX-2026

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA, STATE OF CALIFORNIA, APPROVING THE FISCAL YEAR 2026-27 AMOUNTS FOR THE COMMUNITY GRANTS, LEGACY FUND, AND PROGRAMS AND INITIATIVES TO BE FUNDED FROM THE MEASURE H/COMMUNITY ENHANCEMENT & INVESTMENT FUND

WHEREAS, in November 2014, Rancho Cordova voters approved Measure H, a ½ cent sales tax measure, which now generates approximately \$11.8 million of annual revenue for the city's general fund; and

WHEREAS, the revenues from the Measure H/Community Enhancement & Investment Fund are locally controlled by the city; and

WHEREAS, the City Council and staff invited the community to submit applications to receive funding from the Measure H/ Community Enhancement & Investment Fund and more than 71 such applications were received and considered by the City Council; and

WHEREAS, the City Council also considered recommendations from City staff and Council Members regarding projects to be funded from the Measure H/Community Enhancement & Investment Fund; and

WHEREAS, the City Council, at public meetings, has considered all grant applications, Legacy Fund projects, public comments, staff recommendations, and City Council proposals regarding the Measure H/Community Enhancement & Investment Fund; and

WHEREAS, the City Council now desires to approve final funding recommendations for projects to receive funding for the 2026-27 Fiscal Year from the Measure H/Community Enhancement & Investment Fund, while recognizing that some projects may require subsequent discretionary approvals by the City Council to meet certain legal requirements.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. The Fiscal Year 2026-27 Measure H/Community Enhancement & Investment Fund Community Grant list is attached as Exhibit A.
2. That the amounts stated in the Fiscal Year 2026-27 Measure H/Community Enhancement & Investment Fund Community Grants shall receive appropriations.
3. The City Manager is authorized to approve expenditure adjustments within individual funds so long as the total appropriated within each major fund is not exceeded.
4. City staff is authorized to and shall expeditiously process all projects receiving a "Category 1" assignment in Exhibit A, including the execution of funding agreements related to such projects, so that the grant funds are distributed as soon as possible.
5. City staff shall ensure that all projects receiving a "Category 2" assignment will move forward as soon as all outstanding issues are resolved, including those related to public bidding and/or prevailing wage requirements; and city staff is authorized to execute required funding agreements and coordinate with necessary outside agencies and parties regarding these projects.

ITEM 9.8.

- 6. Recognizing that the group of projects receiving a "Category 3" assignment in Exhibit A require more extensive staff time to create specifications and meet legal requirements (including public bidding requirements, prevailing wage rules, property entitlements, and /or requirements under the California Environmental Quality Act), city staff shall ensure that planning for these projects makes timely progress and staff shall submit any items requiring additional City Council approval to the Council in a timely fashion.
- 7. All funding agreements related to the Measure H/Community Enhancement & Investment Fund grants shall be executed by the City Manager, approved by the City Attorney, and shall include requirements to ensure that grant recipients utilize grant monies for the purposes outlined in the approved grant applications. To ensure timely issuance of grant funding, grantees will have 60 days following the receipt of their grant fungin agreement to provide the required documentation back to the City needed to execute the agreement. This is being done to help mitigate projects being delayed and/or not finishing during the fiscal year and ensure projects move forward in a timely manner. The Measure H/Community Enhancement & Investment Fund estimated budget is based on the latest available sales tax data at the time the grant applications were approved by the City Council.

MEMORANDUM

ITEM 10.1.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Edgar Medina, Assistant Public Works Director
SUBJECT: RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES, AND AMENDING AND/OR CONFIRMING THE ENGINEER'S REPORT, ESTABLISHING THE FISCAL YEAR 2026-2027 SERVICE CHARGE FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 1

RECOMMENDATION

Adopt the Resolutions.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolutions would authorize the continuance of the annual levy and collection of service charges in the Transit Related Services Benefit District, Zone No. 1 to provide for a broad range of miscellaneous transportation services within the district identified in the Engineer's Report.

BACKGROUND

The purpose of the district is to provide an ongoing financial mechanism to fund a broad range of transportation services intended to benefit property within the district.

In May 2003, the Board of Supervisors of the County of Sacramento formed Benefit Zone No. 1 of County Services Area (CSA) No. 10, to collect annual charges for extended transportation-related services within Benefit Zone No. 1 for the Villages of Zinfandel.

Following the city's incorporation, procedures to detach the district from the county were initiated. On February 15, 2008, LAFCO issued a Certificate of Completion to the city for the detachment from CSA No. 10, formally detaching the district from the county and transferring service responsibility and funding of the CSA to the city.

The city redesignated the name of County Services Area No. 10 Benefit Zone No. 1 to "Transit Related Services Benefit District, Zone No. 1" (hereafter referred to as the "Transit Benefit Zone No. 1" or the "district"). Services include transit shuttle services, transportation planning, educational programs at Navigator Elementary School, a Guaranteed Ride Home Program, vanpools, and infrastructure support.

Transit shuttle services commenced on June 15, 2009, with the implementation of a 3-year demonstration route called the “Rancho CordoVan” which was primarily funded through a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from Transit Zone 1. The CMAQ funding and demonstration period ended on June 30, 2012. The city continued to operate the shuttle serving Zone 1 by modifying the previous CordoVan route to focus service to the benefit areas, increasing the contribution from the special benefit areas, and expanding service to include Zone 2. The Rancho CordoVan service was rerouted in Stone Creek and Capital Village and in September 2012, was expanded to the Anatolia neighborhood. As part of the service upgrade, the pickup point along RT’s Gold Line was changed to the Zinfandel Station in the Zinfandel Plaza parking field. The city and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback, a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The city added a CordoVan vehicle to the service fleet in October 2015. This resulted in the route serving Zone 1 being improved through a concept called “interlining,” which takes advantage of switching vehicles between the three. The result added one loop at the end of the morning period and at the end of the evening period. In April 2016, two of the morning routes were adjusted earlier by 25 minutes to better accommodate work arrival times in the business park and the riders heading to Light Rail.

In addition, the city has initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provides a subsidy for rides that are destined to a transit stop in Rancho Cordova. This demonstration project, initiated in April of 2019, was funded by the Sacramento Council of Governments, and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic. Beginning August 29, 2021, the existing CordoVan Route 177 increased service to provide midday service through June 30, 2022. That midday service is anticipated to continue in Fiscal Year 2026-2027.

State law requires that the City Council hold a public hearing prior to approval and levy of the proposed charges. An Engineer’s Report showing the proposed rates has been prepared, placed on file with the City Clerk, a copy of which is attached as Attachment 3.

Through adoption of the Resolution, Attachment 1, the city is initiating proceedings for the annual levy and collection of charges for certain miscellaneous extended services and preliminarily approves such written report and declares its intention to levy the annual charges for Fiscal Year 2026-2027. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer’s Report prepared by Francisco & Associates includes a description of the district boundaries, a description and cost estimates of the services to be provided, the method and apportionment of charges, a district budget based on the city cost estimates, a description of the property to be benefited, and the amount of the charge to each individual property. The proposed fiscal year 2026-2027 charge for each land use category is shown in Table 1.

Total	1,797		2,594.04			\$238,963

*Numbers have been rounded for presentation purposes, so totals may not foot due to rounding.

In order to proceed with the levy of charges, it is appropriate for the Council to conduct the public hearing and adopt the Resolution, Attachment 1, which initiates the proceedings for the district, preliminarily approves the Engineer’s Report, and declares its intention to levy and collect service charges for Fiscal Year 2026-2027 and adopt the Resolution, Attachment 2, which amends and/or confirms the Engineer’s Report and authorizes the levy and collection of service charges for Fiscal Year 2026-2027.

**ANNUAL REPORT
CITY OF RANCHO CORDOVA
TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE NO. 1
FISCAL YEAR 2026-27**

The undersigned, acting on behalf of Francisco & Associates respectfully submits the enclosed Annual Report pursuant to the provisions of Article XIID, Section 4 of the California Constitution, and provisions of the County Service Area law of California Government Code (§25210 et seq.). The undersigned certifies that he is a Professional Engineer, registered in the State of California.

R.C.E No. 83709

SECTION I INTRODUCTION

In May of 2003, the Board of Supervisors of the County of Sacramento, State of California (hereafter referred to as the "County"), pursuant to the provisions of the County Service Area law of California Government Code (§25210 et seq.) (hereafter referred to as "County Service Area Law"), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIID (hereafter referred to as the "Constitution") formed a County Service Area designated as: County Service Area No. 10 (hereafter referred to as "the CSA" or "CSA 10"), to provide miscellaneous extended transportation services for trip reduction in the following areas: *Villages of Zinfandel, Sunridge Specific Plan, and Mather Field*. On May 21, 2003, the County formed a benefit zone within a portion of the CSA to be known as: *Benefit Zone No. 1*, to impose an annual charge, commencing Fiscal Year 2003-04, upon all the parcels of land within the subdivision known as: *The Villages of Zinfandel*.

An Engineer's Report dated February 27, 2003, (hereafter referred to as the "CSA Formation Report") was prepared in connection with the formation proceedings of the CSA and the concurrent proceedings to form and levy annual charges in Benefit Zone No. 1. Reference is hereby made to the CSA Formation Report concerning the formation of CSA 10 Benefit Zone No. 1, including its structure (organization), proposed services, initial rates, escalation formula, and method of apportionment, as well as the projections of development activity and costs associated with the extended services, all of which have been presented in the CSA Formation Report, and approved by the County of Sacramento. (For reference purposes, the CSA Formation Report was incorporated into the District's Fiscal Year 2008-09 Engineer's Report, which was approved through City Council Resolution 81-2008.)

Upon the Incorporation of the City of Rancho Cordova on July 1, 2003, a portion of the territory within CSA No. 10, including all parcels within Benefit Zone Nos. 1 and 2, were then located within the new City limits. Pursuant to County Service Area Law and after meeting all requirements to detach these portions of the CSA from County control and transfer control to the City of Rancho Cordova (hereafter referred to as the "City"), LAFCO issued a Certificate of Completion to the City for the Detachment from County Service Area No. 10, subject to the conditions within LAFCO Resolution 1342. The detaching territory was comprised of the areas known as Benefit Zone No. 1, Benefit Zone No. 2, and a portion of Mather Field.

Upon the recordation of the Certificate of Completion on February 15, 2008, the detachment of those portions of CSA No. 10 lying within the City limits was approved, resulting in the transfer of service responsibility and funding of the CSA to the City, pursuant to Government Code section 56886(m) and 56886(t).

In connection with the above-described detachment proceedings and the resulting transfer and reorganization of CSA 10 Benefit Zone No. 1, the City approved the District's Fiscal Year 2008-09 Engineer's Report to continue the annual levy of charges previously authorized for CSA No. 10 and to re-designate the name of CSA 10 Benefit Zone No. 1 as the:

Transit Related Services Benefit District Zone No. 1

(hereafter referred to as the "Transit Zone No. 1" or the "District"). It is the City's intention to hold a public hearing and consider an annual resolution to levy annual charges for Fiscal Year 2026-27 in order to provide certain miscellaneous extended transportation services within the District.

Purpose of Transit Zone No. 1

The purpose of Transit Zone No. 1 is to enable the extension of a broad range of miscellaneous transportation services to developing areas within the District boundaries. These extended services are funded by a charge validated pursuant to the California Constitution Article XIID, Section 4. The formation of the former CSA 10 Benefit Zone No. 1 fulfilled certain conditions of development required by the Zinfandel Special Planning Area and related planning documents.

Annual charges through Transit Zone No. 1 for residential and nonresidential development will fund transit shuttle services and/or other supplemental transportation services as determined appropriate by the City Council.

Adoption Proceedings of CSA No. 10 Benefit Zone No. 1

Pursuant to California Constitution Article XIID, Section 4, the County conducted a mailed ballot election for the territory known as CSA 10 Benefit Zone No. 1. Each ballot, which was weighted by the amount of the charge for each parcel, was mailed to each owner of record.

The results of the returned ballots determined that a majority protest of the charge and inflator formula did not exist. The County then approved the CSA Zone 1 Formation Report, imposed the maximum allowable charge in Benefit Zone No. 1 for Fiscal Year 2003-04, authorized annual increases in the charge for all subsequent fiscal years up to the amount allowed by the inflator formula and ordered the charge to be placed onto the property tax roll.

Authority for the City to Continue the Charges of CSA 10 Benefit Zone No. 1

According to Government Code section 56886, "Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions: (m) the designation of a city, county, or district, as the successor to any local agency that is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance or other contracts and obligations of

the extinguished local agency; and (t) the extension or continuation of any previously authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory.”

Pursuant to the foregoing, the City is duly authorized to continue to levy the charges previously authorized for detached zones within CSA 10, utilizing the procedures prescribed for Counties under County Service Area Law to fix and collect charges for particular extended services. For the remainder of this report, any references to County Service Area Law and the City’s authorized capacity to apply the same, the term “City” shall be used in the place of “County”.

The word “parcel,” for the purposes of this report, refers to an individual property assigned its own number by the Sacramento County Assessor’s Office. The Sacramento County Auditor/Controller uses these numbers to identify properties to be charged on the tax roll for district charges, including the charges described in this report.

Compliance with Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment is one of a series of initiatives altering the revenue-raising discretion of California local agencies. The provisions of the Proposition are set forth in the California Constitution Articles XIII C and XIII D.

As relevant to the District, California Constitution Article XIII D, Sections 1 through 5, provides for additional substantive and procedural requirements, as outlined below.

In Proposition 218, “Assessments” are defined as:

“... any levy or charge upon real property by an agency for a special benefit conferred upon the real property. ‘Assessment’ includes, but is not limited to, ‘special assessment,’ ‘benefit assessment,’ ‘maintenance assessment’ and ‘special assessment tax.’” Article XIII D Section 2b.

Although the District’s annual service charges are generally collected on the property tax rolls, the District’s service charges are not “taxes.” Service charges are distinct from the regular one percent (1%) property tax and property tax debt overrides in that the rates are not levied on an ad valorem basis. The service charges contained in this report are considered assessments under Proposition 218.

Proposition 218 requires that beginning July 1, 1997, all new and existing assessments (with some exceptions) conform to new substantive and procedural requirements. However, certain assessments are exempted from the conformity requirement until they are increased. Generally, these exemptions include:

- Assessments used exclusively to fund sidewalks, streets, sewers, water, flood control, drainage systems, or vector control.

- Assessments used exclusively for bond repayments, the cessation of which would violate the Contract Impairment Clause of the U.S. Constitution.
- Assessments previously approved by a majority of voters.
- Assessments approved by the persons owning all the property at the time the assessment was initially imposed.

Transit Zone No. 1 was formed after the passage of Proposition 218. As such, Transit Zone No. 1 was formed in accordance with the substantive and procedural requirements and the property owners were balloted for the annual service charges and this successful balloting included an annual Consumer Price Index inflator.

SECTION II
CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE No. 1
FISCAL YEAR 2026-27
ANNUAL REPORT

Pursuant to the County Service Area Law, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, for the City of Rancho Cordova Transit Related Services Benefit District, Zone No. 1 (the “District”) submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District includes those lots and parcels of land within the District that are associated and benefit from the transit related services and associated improvements.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District’s transit related services and associated improvements. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – TRANSIT ZONE No. 1 BOUNDARIES

This part incorporates a diagram of the District showing the exterior boundaries of the District, and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor’s maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment used to calculate each property’s proportional special benefit and annual charge.

Part E –CHARGE ROLL

This part contains a listing of the proposed levy amount for each parcel within the District. The proposed amount for each parcel is based on the parcel’s proportional special benefit as outlined in the method of apportionment. The Charge Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

This part of the report describes the properties included in the boundaries of the District and the proposed extended services to be provided by Transit Zone No. 1 to properties within the boundaries of the District.

Transit Zone No. 1 Boundaries

The boundaries of Transit Zone No. 1 and the former CSA 10 Benefit Zone No. 1 are congruent. Transit Zone No. 1 is an irregular shape that covers the Villages of Zinfandel. The Villages of Zinfandel is generally located:

- ◆ South of International Boulevard;
- ◆ North of Mather Boulevard;
- ◆ East of Femoyer Street; and
- ◆ West of the Folsom South Canal.

Reference is made to the diagram shown in Part C of the report.

General Description of Services

Transit Zone No. 1 provides the funding mechanism (annual charges) for transit shuttles and other supplemental transportation services as described in the CSA Formation Report. Transit Zone No. 1 will provide transportation services to both residential and non-residential development within the Zinfandel Special Planning Area. The formation of CSA 10 Benefit Zone No. 1 fulfilled certain conditions of development included in County Ordinance No SCZ 2000-018 for the Zinfandel Special Planning Area and related planning documents, as well as the related Transportation System Management Plan and AQ-15 Plan, for funding shuttle services and provisions of supplemental transportation services.

The charges for residential and non-residential development will fund these specified transportation services as determined appropriate on an annual basis by the City Council. The City Council, in its sole discretion, may discontinue the portion of the service charge used for shuttle service once the City Council determines that Sacramento Regional Transit has provided appropriate service. Alternately, the City Council may maintain such service charges and increase other supplemental transportation services. Supplemental transportation services may include, but are not limited to, the following:

- ◆ Transit Shuttle – shuttle for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations and/or other public transit options;
- ◆ Guaranteed Ride Home – free taxi rides and rental cars for ride sharers in case of an emergency;

- ◆ Transit Subsidies – financial assistance to encourage residents and employees to use transit or other alternative transportation measures;
- ◆ Transportation Planning for Employers and/or Resident Groups – plans which guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs;
- ◆ Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities;
- ◆ Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities;
- ◆ Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and work site coordinators;
- ◆ Bicycle and Alternative Fuel Vehicle Incentives – incentives for purchasing new bicycles or alternative fuel vehicles.

Part B
ESTIMATE OF COSTS

The maximum rate per Equivalent Dwelling Unit (“EDU”) shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within Transit Zone No. 1.

The District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Capital Outlay/Contingency Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof. In addition, Government Code Section 25210.6 allows the City to levy and collect charges to fund capital outlays in the current year or to levy and collect charges to accumulate funds for capital outlay purposes, and Government Code Section 25210.7 allows the City to levy and collect charges for any appropriation for contingencies to be used for expenses for maintenance and operation of any services within the Transit Zone. The Capital Outlay/Contingency Reserve is used to fund capital outlay and any contingency purposes that may be necessary to properly provide services to properties within District.

The cost estimate for the District prepared by the City for Fiscal Year 2026-27 follows on the next page, along with details about additional funding requirements and a brief description of each line item included in the cost estimate.

Additional Funding Requirements

The City of Rancho Cordova and Sacramento Regional Transit (“RT”) conducted a joint planning effort in 2008 to identify the operational characteristics of a pilot neighborhood shuttle service. The planning effort resulted in the implementation of a demonstration route (called the “Rancho CordoVan”) on June 15, 2009. A primary benefit of and for the demonstration shuttle service is mitigating the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and providing better connectivity with Regional Transit’s light rail system. The Rancho CordoVan demonstration shuttle was limited to the area between the Cordova Town Center Light Rail station and the businesses and residents just south of Highway 50, along Zinfandel Boulevard.

The primary funding source for the planning effort and the pilot shuttle service was a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from Transit Zone 1. The CMAQ funding and demonstration period ended on June 30, 2012.

The City has continued to operate the shuttle serving the District by modifying the previous CordoVan route to focus service to the benefit areas, increase the contribution from the special benefit areas, and expanding service to include Zone 2. The Rancho CordoVan service was rerouted in Stone Creek and Capital Village in September 2012 and was expanded to the Anatolia neighborhood. As part of the service upgrade, the pickup point along RT’s Gold Line was changed to the Zinfandel Station in the Zinfandel parking field. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback, a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. The City added a CordoVan vehicle to the service fleet in October 2015. This resulted in the route serving Zone 1 being improved through a concept called “interlining”, which takes advantage of switching vehicles. The result added one loop at the end of the morning period and at the end of the evening period. In April 2016, two of the morning routes were adjusted earlier by 25 minutes to better accommodate work arrival times in the business park and the riders heading to light rail.

In addition, the City initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provided a subsidy for rides that are destined to transit stops in Rancho Cordova. The demonstration project initiated in April of 2019 was funded by the Sacramento Council of Governments and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic. Beginning August 29th, 2021, the existing CordoVan Route 177 increased service to provide midday service. That midday service is anticipated to continue in Fiscal Year 2026-27.

The Fiscal Year 2026-27 cost estimate for Transit Zone No. 1 includes:

- ◆ Shuttle Services Operations & Planning – \$160,200 towards the operations and maintenance of the CordoVan shuttle service.
- ◆ Transportation Planning and Coordination – \$9,500 is allocated for the 50 Corridor TMA to provide outreach and coordination services to continue ridesharing, van pool, and shuttle programs.
- ◆ Outreach and Educational Programs – \$5,300 is allocated to continue safe routes to school education at Navigator Elementary School on alternative mode transportation and encourage students and parents to walk or bicycle to school.
- ◆ Guaranteed Ride Home – \$1,200 is allocated for free taxi rides and rental cars for ride sharers or shuttle riders in case of an emergency.
- ◆ Infrastructure Support – transit facilities (bus stop signs, shelters, etc.). An allocation of at least \$10,000 is needed for new infrastructure and on-going maintenance of bus stops, shelters, and signs.
- ◆ Transit Subsidies and Incentives – \$18,300 of financial assistance in the form of subsidies is provided to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Descriptions of Cost Estimate Items

A description of the terms associated with the services funded through Transit Zone No. 1 in the preceding Cost Estimate table are listed below:

Direct Costs (Services and Operating Costs)

Shuttle Services Operations & Planning - Includes costs to provide transit shuttle services for residents and/or employees between residential areas, employment centers, shopping and service centers and light rail stations, as well as other public transit options.

Transportation Planning and Coordination - Includes the cost of transportation plans for employers and/or resident groups, which can guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs, as well as instruction in mobility (transportation alternatives) for residential groups and work site coordinators. If zero, this line item may not be shown in the cost estimate.

Outreach and Educational Programs - Includes the cost of various programs, such as education of elementary students at Navigator Elementary School on the alternative modes of transportation available and encourages students and parents to walk or bicycle to school. If zero, this line item may not be shown in the cost estimate.

Guaranteed Ride Home - Includes the cost to provide free taxi rides and rental cars for ride sharers in case of an emergency.

Infrastructure Support - Includes the cost of facilities, such as additional bike racks and lockers, transportation alternatives and ride share informational boards and kiosks, and transit facilities.

Transit Subsidies, Incentives, and Staff Costs - includes the cost for financial assistance in the form of subsidies to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Administration Costs

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the service charges and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the service charges, preparation of the annual report, and placing the service charges on the property tax bills.

Transit Shuttle Administration - Includes all or a portion of the administrative costs associated with overseeing the operation of the Transit Shuttle, developing an annual service cost estimate and coordination of the annual approval of the charges.

County Collection Fees - Includes the cost that the County charges to place the service charges onto the Sacramento County Secured Tax Roll.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve - A “replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate.

Contribution for/ (Use of) Capital Outlay/Contingency Reserve - A “contribution” increases the levy in order to generate funding for capital outlay contingency purposes. On the other hand, a “use of” of this reserve provides current year funding for capital outlays or contingency purposes from available funds within the Capital Outlay / Contingency Reserve.

If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Capital Outlay / Contingency Reserve is provided under "Reserve Balance Information" below.

Balance to Levy - This is the total amount to be levied and collected through charges for the current fiscal year. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

Zone 1 Statistics and Rates

Parcels to be Levied - The total number of parcels that are expected to be charged for the current fiscal year.

Developed Equivalent Dwelling Units (EDU's) – The total number of developed EDU's that are expected to be charged for the current fiscal year.

Maximum Rate per EDU – The maximum rate to be charged to each EDU for the current fiscal year.

Estimated Maximum Revenue – The total amount that can be charged against all parcels within the Transit Zone for the current fiscal year based upon the expected number of EDU's to be charged.

Operating Reserve Fund Balance

Beginning Operating Reserve Fund Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances are expected to be used to fund expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is used to compensate for the approximate six-month delay between the start of the Transit Zone's fiscal year and the receipt of the collections from the County. All Capital Outlay / Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately.

Collect from FY 2026-27 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the Transit Zone's receipt of charge collections, the Operating Reserve balance should be sufficiently funded to provide for expenditures from the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If zero, this line item may not be shown in the cost estimate.

Use for FY 2026-27 Expenses - The amount of the Operating Reserve to be used to fund Fiscal Year 2026-27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected Transit Zone costs for the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Outlay/Contingency Reserve - The amount of Operating Reserve monies to be transferred to or from the Capital Outlay/Contingency Reserve. Periodically, funds held in a Capital Outlay / Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2027. This balance should be sufficiently funded to provide for the first six- months of budgeted expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Outlay / Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Capital Outlay/Contingency Reserve Fund Balance

Beginning Capital Outlay / Contingency Reserve Fund Balance 7-1-2026 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of July 1, 2026. County Service Area Law allows the levy and accumulation of funds in excess of the Transit Zone's operating reserve to fund capital outlays within the current year or to accumulate funds for these purposes. In addition, these funds may be used for any appropriation for contingencies to fund the services or other expenses of the Transit Zone.

Collect from Fiscal Year 2026-27 Levy - This amount is added to the levy to accumulate funding for future year Capital Outlay/Contingency purposes. If zero, this line item may not be shown in the cost estimate.

Use for Fiscal Year 2026-27 Capital Outlay/Contingency Purposes - The amount of Capital Outlay/Contingency Reserve monies expected to be transferred out of the Capital Outlay/Contingency Reserve to be used in the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve - The amount of Capital Outlay/Contingency Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2027 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of June 30, 2027. These funds shall be used for future year Capital Outlay/Contingency purposes.

Part C

TRANSIT ZONE No. 1 BOUNDARIES

The parcels to be charged consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as "Boundary Map of Transit Related Services Benefit District Zone No. 1." The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the boundary map is attached on the following page.

City of Rancho Cordova Transit Related Services Benefit District Zone No. 1 Boundaries

Part D
METHOD OF APPORTIONMENT

County Service Area Law (Government Code Section 25210 et seq), together with Local Agency Formation law (Government Code Sections 56886(m) and 56886(t)), permit a county, or a successor city, in the case of a detached CSA, to levy or collect a tax or charge in any CSA, or zone within a CSA, to fund any one or more of the services mentioned in Part A. A county or successor city may also levy and collect taxes or charges for capital outlay purposes within the respective CSA or detached CSA, for the accumulation of a reserve fund for capital outlay purposes, and for any appropriation for contingencies to be used for expenses for maintenance and operation of any services.

The method of apportionment utilized commonly accepted engineering practices that have been established pursuant to the County Service Area Law and the Constitution. The remainder of this part describes the methodology, estimated annual rates, and annual escalation formula for the charge to be levied in Transit Zone No. 1.

Benefit Analysis

The methodology established through CSA 10 Benefit Zone No. 1 and authorized for Transit Zone No. 1 is summarized below.

The Transit Zone No. 1 charges are levied to fund property-related services. These charges comply with County Service Area Law and Article XIID Section 4 of the California Constitution, as the charges are to fund property-related services.

The initial rates of CSA 10 Benefit Zone No. 1 were based on the estimated costs to fund supplemental transportation services in Fiscal Year 2003-04 for the Villages of Zinfandel Special Planning Area at build out. The costs of the District are apportioned by a formula or method which fairly distributes the net amount to be charged among the parcels in proportion to the special benefits received by each such parcel from the services provided by the District and a parcel's charge may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIID requires that only special benefits be charged, and that the City shall separate the general benefit from special benefit. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the district. The general enhancement of property value does not constitute a special benefit. Each parcel within the District receives special benefits from the services provided due to the distinct nature and proximity of these services.

Specific Benefit

The method of apportionment is based on the premise that each charged parcel receives special benefit from the District services funded by the annual service charges as these services are to be provided to individuals using, visiting, or occupying the parcels within the District.

The annual service charges outlined in this report are based on the estimated costs to provide necessary services, improvements, operation, and administration required to ensure the satisfactory condition of each improvement and quality of the services provided.

The special benefits associated with the District services, include but are not limited to:

- ◆ Transit Shuttle – shuttle for District residents and/or employees of District businesses;
- ◆ Guaranteed Ride Home – free taxi rides and rental cars for ride sharers, in case of an emergency, for those residing and/or employed within the District;
- ◆ Transit Subsidies – financial assistance to encourage residents and employees working within the District to use transit or other alternative transportation measures;
- ◆ Transportation Planning for employers and/or resident groups working or residing within the District;
- ◆ Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities for employers and/or resident groups working or residing within the District;
- ◆ Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities within the District;
- ◆ Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and employers located in the District;
- ◆ Bicycle and Alternative Fuel Vehicle Incentives – incentives for District residents and/or employees of businesses within the District to purchase new bicycles or alternative fuel vehicles;
- ◆ A reduction of close-proximity car and diesel truck emissions, at ground level, onto District properties.

The preceding special benefits contribute to a special enhancement and desirability of each of the charged parcels within the District.

General Benefit

In addition to the special benefits received by the parcels within the District, there are incidental general benefits conferred by the District services and improvements. These incidental general benefits conferred by the District improvements include:

- ◆ A general reduction in vehicle traffic in portions of the City.
- ◆ A possible general reduction in the traffic accidents in portions of the City.

Apportionment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the service related costs, it is necessary to consider not only the services to be provided, but the relationship each parcel has to those services as compared to other parcels in the District. The benefit formula used to determine the obligation is therefore based upon both the services that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific services.

Equivalent Dwelling Unit Factors

The unit of demand used for the charge is an equivalent dwelling unit (“EDU”). One EDU is the amount of demand for services associated with one (1) low-density residential unit in a single year. The demand for all other land use types reflects a comparison of the demand for service relative to one EDU for a low-density residential unit.

Demand is assumed to be generated by developed residential and non-residential land uses. No demand is associated with undeveloped land and no charge is levied on this land use. Table 1 provides the number of EDUs assigned to each land use type for calculating the maximum charge.

Table 1: Transit Zone No. 1 - EDU's by Land Use	
Land Use	EDU Factor ¹
Developed Acreage	
Residential (per dwelling unit)	
Low Density	1.00
Medium Density	0.80
High Density	0.60
Nonresidential (per acre)	
Retail Commercial	25.64
Business Park	22.04
Light Industrial	9.20
Undeveloped Acreage	
All Land Uses	-

¹EDU Factors as approved for Sacramento County CSA 10, Benefit Zone No. 1, in FY 2003-04.

These EDU Factors were determined based upon average daily vehicle trips (“ADT”) per land use type. ADT was used to determine the charge by land use type because vehicle trips are a reasonable measure of demand for the supplemental transportation services immediately available to property owners paying the charge. Demand for services was measured by using average vehicle trip generation rates that vary by type of land use.

Each parcel’s charge was calculated by multiplying the cost per EDU by the amount of EDU’s assigned to each property according to their land use type. This methodology fairly distributes the total cost for services among all parcels based on each parcel’s proportional

demand for the services immediately available to that parcel. In this manner, each parcel's charge does not exceed the reasonable cost of services to that parcel.

Land Use Definitions

Definition of the land use definitions are as follows:

- Developed Parcels -** All single-family detached residential parcels for which a final map has been recorded, and all other parcels for which a building permit has been issued, on or prior to June 30 of the fiscal year preceding the year in which the charge is levied.
- Undeveloped Parcels -** All parcels that are not Developed Parcels or Exempt Parcels.
- Low Density -** This category includes densities of up to five (5.0) dwelling units per residential acre. Permitted uses in the LD Area as shown in Section 512-215 of the Zoning Code include those uses allowed in the RD-5, RD-4, and RD-3 Land Use Zones.
- Low Density Cluster -** This category includes densities of more than five (5.1 and greater) dwelling units per acre and up to 15.0 units per acre. Permitted uses in the Low-Density Cluster area are as shown in Section 512-215, which includes those uses allowed in the RD-7, RD-10, and RD-15 Land Use Zones.
- Medium Density -** This category includes densities of more than 15.0 (15.1 and greater) and no more than 20.0 dwelling units per acre. Permitted uses in the Medium Density area are as shown in Section 512-215 of the Zoning Code and include those uses allowed in the RD-15 and RD-20 Land Use Zones.
- High Density -** The category includes densities of more than 20.0 (20.1 and greater) units per net residential acre. The uses permitted in a high-density area are as shown and include those uses allowed in the RD-25, RD-30, and RD-40 Land Use Zones.
- Retail Commercial -** Permitted uses within the retail commercial areas are as shown in Section 512-215 of the Zoning Code, and are those uses permitted in the Shopping Center, Business and Professional Office Zone, and Residential (RD-10, RD-15, and RD-20) or any other retail category.

This land use designation further includes all other uses that would generate a high number of average daily trips.

Business Park -

Permitted uses within the Business Park areas as shown in Section 512-215 of the Zoning Code and are those permitted in Business and Professional Office (BP), as listed in Zoning Code Section 225, and Industrial – Office Park (MP) Zone, as listed in Zoning Code Section 230 or any other business park-related land use category.

This land use designation further includes all other uses that would generate a medium number of average daily trips.

Light Industrial -

Permitted uses within the Light Industrial areas as shown in Section 512-215 of the Zoning Code and are those uses permitted in the Light Industrial (M-1) Land Use Zone and the Industrial – Office Park (MP) Zone, as listed in Zoning Code Section 230 or any other industrial-related land use category.

This land use designation further includes all other uses that would generate a low number of average daily trips.

Exempt -

Public parcels including parks, schools, utility parcels, and designated open space parcels are exempt from the service charge because no services funded by Transit Zone No. 1 are provided to these parcels.

Formula for Inflating the Annual Maximum Charge

The formula for inflating the annual maximum charge established through CSA 10 Benefit Zone No. 1, and to be used for Transit Zone No. 1, is summarized as follows.

The property owner balloting that established the maximum charges to CSA 10 Benefit Zone No. 1 included an annual inflator formula. The purpose of establishing an inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add administrative costs to Transit Zone No. 1. The law implementing Article XIIID (Senate Bill 919) of the Constitution, clarifies that an increase in a maximum charge to implement a voter-approved inflator formula is not an increase subject to additional property owner consideration.

This inflator formula allows for annual increases to the maximum allowable charges by the increase in the Consumer Price Index (All Urban Consumers) published for the Sacramento Region by the U.S. Department of Labor (CPI), or six percent (6%), whichever is less. The CPI increase to be used in the inflator formula will be the change in the CPI index from the January two years before the adjustment of the charge to the January in the year preceding adjustment of the charge; beginning in the second fiscal year (Fiscal Year 2004-05), and

each fiscal year thereafter, the maximum allowable charge will be recalculated, and a new maximum charge established.

The City may choose to impose less than the maximum allowable charge in any year if service costs warrant a reduction. If the City, or previously the County, has imposed an amount less than the maximum charge, the City may also choose to increase the charge in any year to fully fund services up to the level of the maximum allowable charge for that fiscal year. In this way, the maximum allowable charge is adjusted annually and is calculated independent of the Transit Zone’s annual cost estimate.

The U.S. Department of Labor’s Bureau of Labor Statistics no longer provides CPI factors for January for the San Francisco-Oakland-San Jose area. The CPI factors are now published bi-monthly on even months only (February, April, June, etc.). Since the February CPI factors include, in part, the data that would have been used to determine the January CPI factors, the City has determined that Transit Zone No. 1 shall now use the CPI data for the month of February.

The percentage increase from the February 2025 CPI to the February 2026 CPI was 2.47692%.

Table 2 provides the Fiscal Year 2026-27 maximum charge per EDU together with the maximum charge by land use.

CHARGE ROLL

Parcel identification for each lot or parcel within the District is based on the diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be charged within this District along with the amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and rate rather than a proportionate share of the original amount.

The following is a list of the parcels and proposed amounts for each of the parcels within the District as determined by the rates and method of apportionment described herein.

MEMORANDUM

ITEM 10.2.

DATE: June 1, 2026

TO: Honorable Mayor and Council Members

FROM: Albert Stricker, Public Works Director
Edgar Medina, Assistant Public Works Director

SUBJECT: **RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF CHARGES, AND AMENDING AND/OR CONFIRMING THE ENGINEER'S REPORT, ESTABLISHING THE FISCAL YEAR 2026-2027 SERVICE CHARGE FOR THE RANCHO CORDOVA TRANSIT RELATED SERVICES BENEFIT DISTRICT, ZONE NO. 2**

RECOMMENDATION

Adopt the Resolutions.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolutions would authorize the continuance of the annual levy and collection of service charges in the Transit Related Services Benefit District, Zone No. 2 to provide for a broad range of transportation services within the District as identified in the engineer's report.

BACKGROUND

The purpose of the district is to provide an ongoing financial mechanism to fund a broad range of transportation services intended to benefit the property within the district.

In January 2005, the Board of Supervisors of the County of Sacramento formed Benefit Zone No. 2 of County Services Area (CSA) No. 10, to collect annual charges for extended transportation-related services within Benefit Zone No. 2 for the Sunridge Specific Plan Area.

Following the city's incorporation, procedures to detach the district from the county were initiated. On February 15, 2008, LAFCO issued a Certificate of Completion to the city for the detachment from the County Service Area No. 10 formally detaching the district from the county and transferring service responsibility and funding of the CSA to the city.

The city re-designated the name of County Services Area No. 10 Benefit Zone No. 2 to "Transit Related Services Benefit District, Zone No. 2" (hereafter referred to as the "Transit Benefit Zone No. 2" or the "district"). Services include transit shuttle services, transportation planning, educational programs at Sunrise and Robert J. McGarvey Elementary schools, a guaranteed ride home program, vanpools, and infrastructure support.

The construction of the International Drive extension to Sunrise Boulevard and the completion of the extension of Zinfandel Drive to Douglas Road provided the opportunity to effectively service the area

with shuttle service. The CordoVan shuttle commenced new routing in September 2012 with a service between the Anatolia Club House and the Zinfandel Light Rail Station. The city and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train.

The city added a CordoVan vehicle to the service fleet in October of 2015. The new vehicle connects to the Anatolia Clubhouse and proceeds on to Sunridge Park. The CordoVan that serves the Anatolia Clubhouse was extended to serve Kavala Ranch. The resulting service to the Anatolia Clubhouse has improved services by reducing headways (intervals between busses) from 45 to 30 minutes. In April 2016, the morning routes were adjusted earlier by 25 minutes to better accommodate work times in the business park and the riders heading to Light Rail.

In 2018, the Sunridge CordoVan route was adjusted to avoid small local residential streets. With the extension of Chrysanthy Boulevard and Rancho Cordova Parkway, the CordoVan Route 176 was extended to provide service to the Sunridge Park, North Douglas, and Douglas 98 subdivision areas with three new stops added. The new service began in August 2021. Unused funds from the FY 2026-2027 levy will be retained in reserves for future additional service to the area. In addition, the city initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provides a subsidy for rides that are destined to transit stop in Rancho Cordova. The demonstration project initiated in April of 2019 is funded by the Sacramento Council of Governments, and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic.

State law requires that the City Council hold a public hearing prior to approval and levy of the proposed charges. An Engineer's Report showing the proposed rates has been prepared, placed on file with the City Clerk, a copy of which is attached as Attachment 3.

Through adoption of the Resolution, Attachment 1, the city is initiating proceedings for the annual levy and collection of charges for certain miscellaneous extended services and preliminarily approves such written report, and declares its intention to levy the annual charges for Fiscal Year 2026-2027. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report prepared by Francisco & Associates includes a description of the district boundaries, a description and cost estimates of the services to be provided, the method and apportionment of charges, a district budget based on the city's cost estimates, a description of the property to be benefited, and the amount of the charge to each individual property. The proposed Fiscal Year 2026-2027 charges for each land use category are shown in Table 1.

Table 1 - Transit Zone No. 2

Land Use Category	Parcels Levied	Residential Units/Acres	Equivalent Dwelling Units	Proposed Rate per Unit/Acre	Per Unit / Acre	Fiscal Year 2026/2027 Charges*

Low Density Residential	4,110	4,110 units	4,110.00	\$106.50	per unit	\$437,715
Medium Density	3,415	3,415 units	2,732.00	\$85.20	per unit	\$290,958
Retail	10	16.087 acres	412.47	\$2,730.66	per acre	\$43,928
Total	7,541		7,490.59			\$797,747

*Numbers have been rounded for presentation purposes, so totals may not foot due to rounding.

In order to proceed with the levy of charges, it is appropriate for the Council to conduct the public hearing and adopt the Resolution, Attachment 1, which initiates the proceedings for the district, preliminary approves the Engineer’s Report, and declares its intention to levy and collect service charges for Fiscal Year 2026-2027. The Resolution, Attachment 2, amends and/or confirms the Engineer’s Report and authorizes the levy and collection of service charges for Fiscal Year 2026-2027.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the city’s general fund.

SECTION I

INTRODUCTION

In May of 2003, the Board of Supervisors of the County of Sacramento, State of California (hereafter referred to as the “County”), pursuant to the provisions of the County Service Area law of California Government Code (§25210 et seq.) (hereafter referred to as “County Service Area Law”), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIID (hereafter referred to as the “Constitution”) formed a County Service Area designated as: County Service Area No. 10 (hereafter referred to as “the CSA” or “CSA 10”) to provide miscellaneous extended transportation services for trip reduction in the following areas: *Villages of Zinfandel, Sunridge Specific Plan, and Mather Field*. On January 11, 2005, the County, in coordination with the City of Rancho Cordova (hereafter referred to as the “City”), formed a benefit zone within a portion of the CSA to be known as: *Benefit Zone No. 2*, to impose an annual charge, commencing Fiscal Year 2005-06, upon all the parcels of land within the subdivision known as the: *Sunridge Specific Plan*.

An Engineer’s Report dated November 18, 2004 and noted as “Final (Revised)”, together with the one-page memorandum, dated January 10, 2005, regarding an amendment thereto (hereafter referred to as the “CSA Zone 2 Formation Report”) was prepared in connection with the proceedings to form and levy annual charges in Benefit Zone No. 2. Reference is hereby made to the CSA Formation Report concerning the formation of CSA 10 Benefit Zone No. 2, including its structure (organization), proposed services, initial rates, inflator formula, and method of apportionment and charges, as well as the projections of development activity and cost associated with the extended services, all of which have been presented in the CSA Formation Report, and approved by the County of Sacramento. (For reference purposes, the CSA Formation Report was incorporated into the District’s Fiscal Year 2008-09 Engineer’s Report, which was approved through City Council Resolution 82-2008.)

Upon the Incorporation of the City of Rancho Cordova on July 1, 2003, a portion of the territory within CSA No. 10, including all parcels within the Sunridge Specific Plan, was then located within the new City limits. Pursuant to County Service Area Law and after all requirements to detach the portion of CSA 10 from County control and transfer to the City, LAFCO issued a Certificate of Completion to the City for the Detachment from County Service Area No. 10, subject to the conditions within LAFCO Resolution 1342. The detaching territory was comprised of the areas known as Benefit Zone No. 1, Benefit Zone No. 2, and a portion of Mather Field.

Upon the recordation of the Certificate of Completion on February 15, 2008, the detachment of these portions of CSA No. 10 within the City’s boundary was approved, resulting in the transfer of service responsibility and funding of the CSA to the City, pursuant to Government Code Sections 56886(m) and 56886(t).

In connection with the above-described detachment proceedings and the resulting transfer and reorganization of CSA 10 Benefit Zone No. 2, the City approved the District's Fiscal Year 2008-09 Engineer's Report to continue the annual levy of charges previously authorized for CSA No. 10 and to re-designate the name of CSA 10 Benefit Zone No. 2 as the:

Transit Related Services Benefit District Zone No. 2

(hereafter referred to as the "Transit Zone No. 2" or the "District"). It is the City's intention to hold a public hearing and consider an annual resolution to levy annual charges for Fiscal Year 2026-27 in order to provide certain miscellaneous extended transportation services within the District.

Purpose of Transit Zone No. 2

The purpose of Transit Zone No. 2 is to extend certain transportation-related services to developing areas, as described below. These extended services are funded by a charge validated pursuant to the Constitution Article XIID, Section 4. The formation of CSA 10 Benefit Zone No. 2 fulfills certain conditions of development for the Sunridge Specific Plan and related planning documents.

Annual charges through Transit Zone No. 2 for residential and non-residential development will fund transit shuttle services and/or other supplemental transportation services as determined appropriate by the City Council.

Adoption Proceedings of CSA No. 10 Benefit Zone No. 2

Pursuant to California Constitution Article XIID, Section 4, the County conducted a mailed ballot election for the territory known as CSA 10 Benefit Zone No. 2. Each ballot, which was weighted by the amount of the charge for each parcel, was mailed to each owner of record.

The results of the returned ballots determined that a majority protest of the charge and inflator formula did not exist. The County then approved the CSA Zone 2 Formation Report, imposed the maximum allowable charge in Benefit Zone No. 2 for Fiscal Year 2005-06, authorized annual increases in the charge for all subsequent fiscal years up to the amount allowed by the inflator formula and ordered the charge to be placed onto the property tax roll.

Authority for the City to Continue the Charges of CSA 10 Benefit Zone No. 2

According to Government Code section 56886, "Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions: (m) the designation of a city, county, or district, as the successor to any local agency that is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations

of the extinguished local agency with respect to enforcement, performance or other contracts and obligations of the extinguished local agency; and (t) the extension or continuation of any previously authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory.”

Pursuant to the foregoing, the City is duly authorized to continue to levy the charges previously authorized for the detached zones within CSA 10, utilizing the procedures prescribed for Counties under County Service Area Law to fix and collect charges for particular extended services. For the remainder of this report, any references to County Service Area Law and the City’s authorized capacity to apply the same, the term “City” shall be used in the place of “County”.

The word “parcel,” for the purposes of this report, refers to an individual property assigned its own number by the Sacramento County Assessor’s Office. The Sacramento County Auditor/Controller uses these numbers to identify properties to be charged on the tax roll for district charges, including the charges described in this report.

Compliance with Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment was the latest in a series of initiatives altering the revenue-raising discretion of California local agencies. The provisions of the Proposition are set forth in the California Constitution Articles XIIC and XIID.

As relevant to the District, California Constitution Article XIII D, Sections 1 through 5, provides for additional substantive and procedural requirements, as outlined below.

In Proposition 218, “Assessments” are defined as:

“... any levy or charge upon real property by an agency for a special benefit conferred upon the real property. ‘Assessment’ includes, but is not limited to, ‘special assessment,’ ‘benefit assessment,’ ‘maintenance assessment’ and ‘special assessment tax.’” Article XIII D Section 2b.

Although the District’s annual service charges are generally collected on the property tax rolls, the District’s service charges are not “taxes.” Service charges are distinct from the regular one percent (1%) property tax and property tax debt overrides in that the rates are not levied on an ad valorem basis. The service charges contained in this report are considered assessments under Proposition 218.

Proposition 218 requires that beginning July 1, 1997, all new and existing assessments (with some exceptions) conform to new substantive and procedural requirements. However, certain assessments are exempted from the conformity requirement until they are increased. Generally, these exemptions include:

- Assessments used exclusively to fund sidewalks, streets, sewers, water, flood control, drainage systems, or vector control.
- Assessments used exclusively for bond repayments, the cessation of which would violate the Contract Impairment Clause of the U.S. Constitution.
- Assessments previously approved by a majority of voters.
- Assessments approved by the persons owning all the property at the time the assessment was initially imposed.

Transit Zone No. 2 was formed after the passage of Proposition 218. As such, Transit Zone No. 2 was formed in accordance with the substantive and procedural requirements and the property owners were balloted for the annual service charges and this successful balloting included an annual Consumer Price Index inflator.

General Description of Services

Transit Zone No. 2 provides the funding mechanism (annual charges) for transit shuttles and other supplemental transportation services as described in the CSA Zone 2 Formation Report. Transit Zone No. 2 will provide transportation services to both residential and non-residential development within the Sunridge Specific Plan. The formation of CSA 10 Benefit Zone No. 2 fulfilled certain conditions of development included in County Ordinance No SCZ 2002-0014 for the Sunridge Specific Plan and related planning documents as well as the related Transportation System Management Plan and AQ-15 Plan, for funding shuttle services and provisions of supplemental transportation services. In particular, Transit Zone No. 2 is designed to support implementation of the following zoning condition:

The Sunridge Specific Plan shall have a targeted goal of a 30% reduction in daily vehicle trips. In support of that goal, the Sunridge Specific Plan shall participate in a County Service Area (CSA), or an equivalent funding mechanism to the satisfaction of the Board of Supervisors, or successor city, for the purpose of funding a variety of transportation demand management strategies, including but not limited to a transit shuttle service, which will contribute to Sunridge's targeted 30% reduction in daily vehicle trips. The charges for residential and non-residential development will fund these transportation services as determined appropriate by the City Council. Supplemental transportation services may include, but are not limited to, the following:

ESTIMATE OF COSTS

The maximum rate per Equivalent Dwelling Unit (“EDU”) shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within Transit Zone No. 2.

The District maintains two separate reserves, one is utilized for working capital purposes (the “Operating Reserve”) and the other for longer-term projects (the “Capital Outlay/Contingency Reserve”). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof. In addition, Government Code Section 25210.6 allows the City to levy and collect charges to fund capital outlays in the current year or to levy and collect charges to accumulate funds for capital outlay purposes, and Government Code Section 25210.7 allows the City to levy and collect charges for any appropriation for contingencies to be used for expenses for maintenance and operation of any services within the Transit Zone. The Capital Outlay/Contingency Reserve is used to fund capital outlay and any contingency purposes that may be necessary to properly provide services to properties within District.

The cost estimate for the District prepared by the City for Fiscal Year 2026-27 follows on the next page, along with details about additional funding requirements and a brief description of each line item included in the cost estimate.

Additional Funding Requirements

The City of Rancho Cordova and Sacramento Regional Transit (“RT”) conducted a joint planning effort in 2008 to identify the operational characteristics of a pilot neighborhood shuttle service. The planning effort resulted in the implementation of a demonstration route (called the “Rancho CordoVan”) on June 15, 2009. A primary benefit of the demonstration shuttle service was mitigating the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and providing better connectivity with Regional Transit’s light rail system. The Rancho CordoVan demonstration shuttle was limited to the area between the Cordova Town Center Light Rail station and the businesses and residents just south of Highway 50, along Zinfandel Boulevard. The primary funding source for the planning effort and the pilot shuttle service was a grant from the federal Congestion Mitigation and Air Quality (“CMAQ”) program with supplemental funding from each benefit zone proportional to directly related services in that zone. No funds from CSA 10 Benefit Zone 2 were used to operate this service. The Grant funding and the demonstration period ended on June 30, 2012.

The construction of the International Drive extension to Sunrise Boulevard and the completion of the extension of Zinfandel Drive to Douglas Road provided the opportunity to effectively serve the Sunridge area with shuttle service. The CordoVan shuttle commenced new routing in September 2012 with a service between the Anatolia Club House and the Zinfandel Light Rail Station. The City and RT improved the Zinfandel Plaza/RT Connection CordoVan stop with a sheltered bench and solar LED light. Based on customer feedback a five-minute adjustment was implemented to the schedule in April 2013 to better synchronize with the train. New route changes commenced in September 2015 to extend service to Kavala Ranch. In addition, a third vehicle was added to connect the Anatolia Clubhouse shuttle stop and proceed onto Sunridge Park. This new vehicle provides service along Olson Drive, Folsom Boulevard, Kilgore Road, International Drive and Sunrise Boulevard. In April 2016, the morning routes were adjusted earlier by 25 minutes to better accommodate work times in the business park and the riders heading to the light rail. Then in 2018, the Sunridge Cordovan route was adjusted to avoid small local residential streets. Instead of following Iron Gate Way and Cades Cove Drive from Anatolia Drive to Douglas Road, the route now turns left onto Herodian Drive to Sunrise Boulevard and right onto Douglas Road. There were no changes in bus stops as a result of this route modification. With the extension of Chrysanthy Boulevard and Rancho Cordova Parkway, the CordoVan Route 176 was extended to provide service to the Sunridge Park, North Douglas and Douglas 98 subdivision areas with 3 new stops added. The new service began August 2021. Any unused funds from the annual levies will be retained in reserves for future additional services to the area.

In addition, the City initiated an effort to augment transit access by partnering with the transportation network company, Lyft. The demonstration project provided a subsidy for rides that are destined to transit stops in Rancho Cordova. The demonstration project initiated in April of 2019 was funded by the Sacramento Council of Governments and was extended through December 2021 due to the decrease in ridership during the stay-at-home/remote schedules of potential riders during the COVID-19 Pandemic.

ITEM 10.2.

The Fiscal Year 2026-27 expenditures for Transit Zone No. 2 include:

- ◆ Shuttle Services Operations – \$380,100 towards the operations and maintenance of the CordoVan shuttle service.
- ◆ Transportation Planning and Coordination – \$8,400 is allocated for the 50 Corridor TMA to provide outreach and coordination services to continue ride sharing, van pool and shuttle programs.
- ◆ Outreach and Educational Programs – \$1,000 is allocated to continue safe routes to school education at Sunrise Elementary School and Robert J. McGarvey in the Anatolia community on alternative mode transportation and encourage students and parents to walk or bicycle to school.
- ◆ Guaranteed Ride Home – \$11,500 is allocated for free taxi rides and rental cars for ride sharers or shuttle riders in case of an emergency.
- ◆ Infrastructure Support – transit facilities (bus stop signs, shelters, etc.). An allocation of \$22,000 is needed for new infrastructure and on-going maintenance of bus stops, shelters, and signs.
- ◆ Transit Subsidies and Incentives – \$22,000 of financial assistance in the form of subsidies is provided to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Transportation Planning and Coordination - Includes the cost of transportation plans for employers and/or resident groups, which can guide employers and resident groups on the implementation of trip reduction programs, such as ride share matching or other similar programs, as well as instruction in mobility (transportation alternatives) for residential groups and work site coordinators. If zero, this line item may not be shown in the cost estimate.

Outreach and Educational Programs - Includes the cost of various programs, such as education of elementary students at Sunrise Elementary and Robert J. McGarvey Schools on the alternative modes of transportation available and encourages students and parents to walk or bicycle to school. If zero, this line item may not be shown in the cost estimate.

ITEM 10.2.

CITY OF RANCHO CORDOVA

TRANSIT RELATED SERVICES BENEFIT DISTRICT ZONE No. 2

Guaranteed Ride Home - Includes the cost to provide free taxi rides and rental cars for ride sharers in case of an emergency.

Infrastructure Support - Includes the cost of facilities, such as additional bike racks and lockers, transportation alternatives and ride share informational boards and kiosks, and transit facilities.

Transit Subsidies, Incentives, and Staff Costs - Includes the cost for financial assistance in the form of subsidies to encourage residents and employees to use transit or other alternative transportation measures, including ride sharing, vanpool, and transit shuttle services.

Administration Costs

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the service charges and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the service charges, preparation of the annual report, and placing the service charges on the property tax bills.

Transit Shuttle Administration - Includes all or a portion of the administrative costs associated with overseeing the operation of the Transit Shuttle, developing an annual service cost estimate and coordination of the annual approval of the charges.

County Collection Fees - Includes the cost that the County charges to place the service charges onto the Sacramento County Secured Tax Roll.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve - A “replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate.

Contribution for/ (Use of) Capital Outlay/Contingency Reserve - A “contribution” increases the levy in order to generate funding for capital outlay contingency purposes. On the other hand, a “use of” of this reserve provides current year funding for capital outlays or contingency purposes from available funds within the Capital Outlay/Contingency Reserve. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Capital Outlay/Contingency Reserve is provided under “Reserve Balance Information” below.

Balance to Levy - This is the total amount to be levied and collected through charges for the current fiscal year. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

ITEM 10.2.

Zone 2 Statistics and Rates

Parcels to be Levied – The total number of parcels that are expected to be charged for the current fiscal year.

Developed Equivalent Dwelling Units (EDU's) – The total number of developed EDU's that are expected to be charged for the current fiscal year.

Maximum Rate per EDU – The maximum rate to be charged to each EDU for the current fiscal year.

Estimated Maximum Revenue – The total amount that can be charged against all parcels within the Transit Zone for the current fiscal year based upon the expected number of EDU's to be charged.

Operating Reserve Fund Balance

Beginning Operating Reserve Fund Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances are expected to be used to fund expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is used to compensate for the approximate six-month delay between the start of the Transit Zone's fiscal year and the receipt of the collections from the County. All Capital Outlay/Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately.

Collect from Fiscal Year 2026-27 Levy - This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the Transit Zone's receipt of charge collections, the Operating Reserve balance should be sufficiently funded to provide for expenditures from the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If zero, this line item may not be shown in the cost estimate.

Use for Fiscal Year 2026-27 Expenses - The amount of the Operating Reserve to be used to fund Fiscal Year 2026-27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected Transit Zone costs for the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Outlay/Contingency Reserve - The amount of Operating Reserve monies to be transferred to or from the Capital Outlay/Contingency Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2027. This balance should be sufficiently funded to provide for the first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Outlay/Contingency Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Capital Outlay/Contingency Reserve Fund Balance

Beginning Capital Outlay / Contingency Reserve Fund Balance 7-1-2026 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of July 1, 2026. County Service Area Law allows the levy and accumulation of funds in excess of the Transit Zone’s operating reserve to fund capital outlays within the current year or to accumulate funds for these purposes. In addition, these funds may be used for any appropriation for contingencies to fund the services or other expenses of the Transit Zone.

Collect from Fiscal Year 2026-27 Levy - This amount is added to the levy to accumulate funding for future year Capital Outlay/Contingency purposes. If zero, this line item may not be shown in the cost estimate.

Use for Fiscal Year 2026-27 Capital Outlay/Contingency Purposes - The amount of Capital Outlay/Contingency Reserve monies expected to be transferred out of the Capital Outlay/Contingency Reserve to be used in the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve - The amount of Capital Outlay/Contingency Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Outlay/Contingency Reserve may be needed to respond to changing operational needs or conditions within the Transit Zone. If zero, this line item may not be shown in the cost estimate.

Ending Capital Outlay/Contingency Reserve Fund Balance 6-30-2027 (est.) - The projected balance of funds in the Capital Outlay/Contingency Reserve as of June 30, 2027. These funds shall be used for future year Capital Outlay/Contingency purposes.

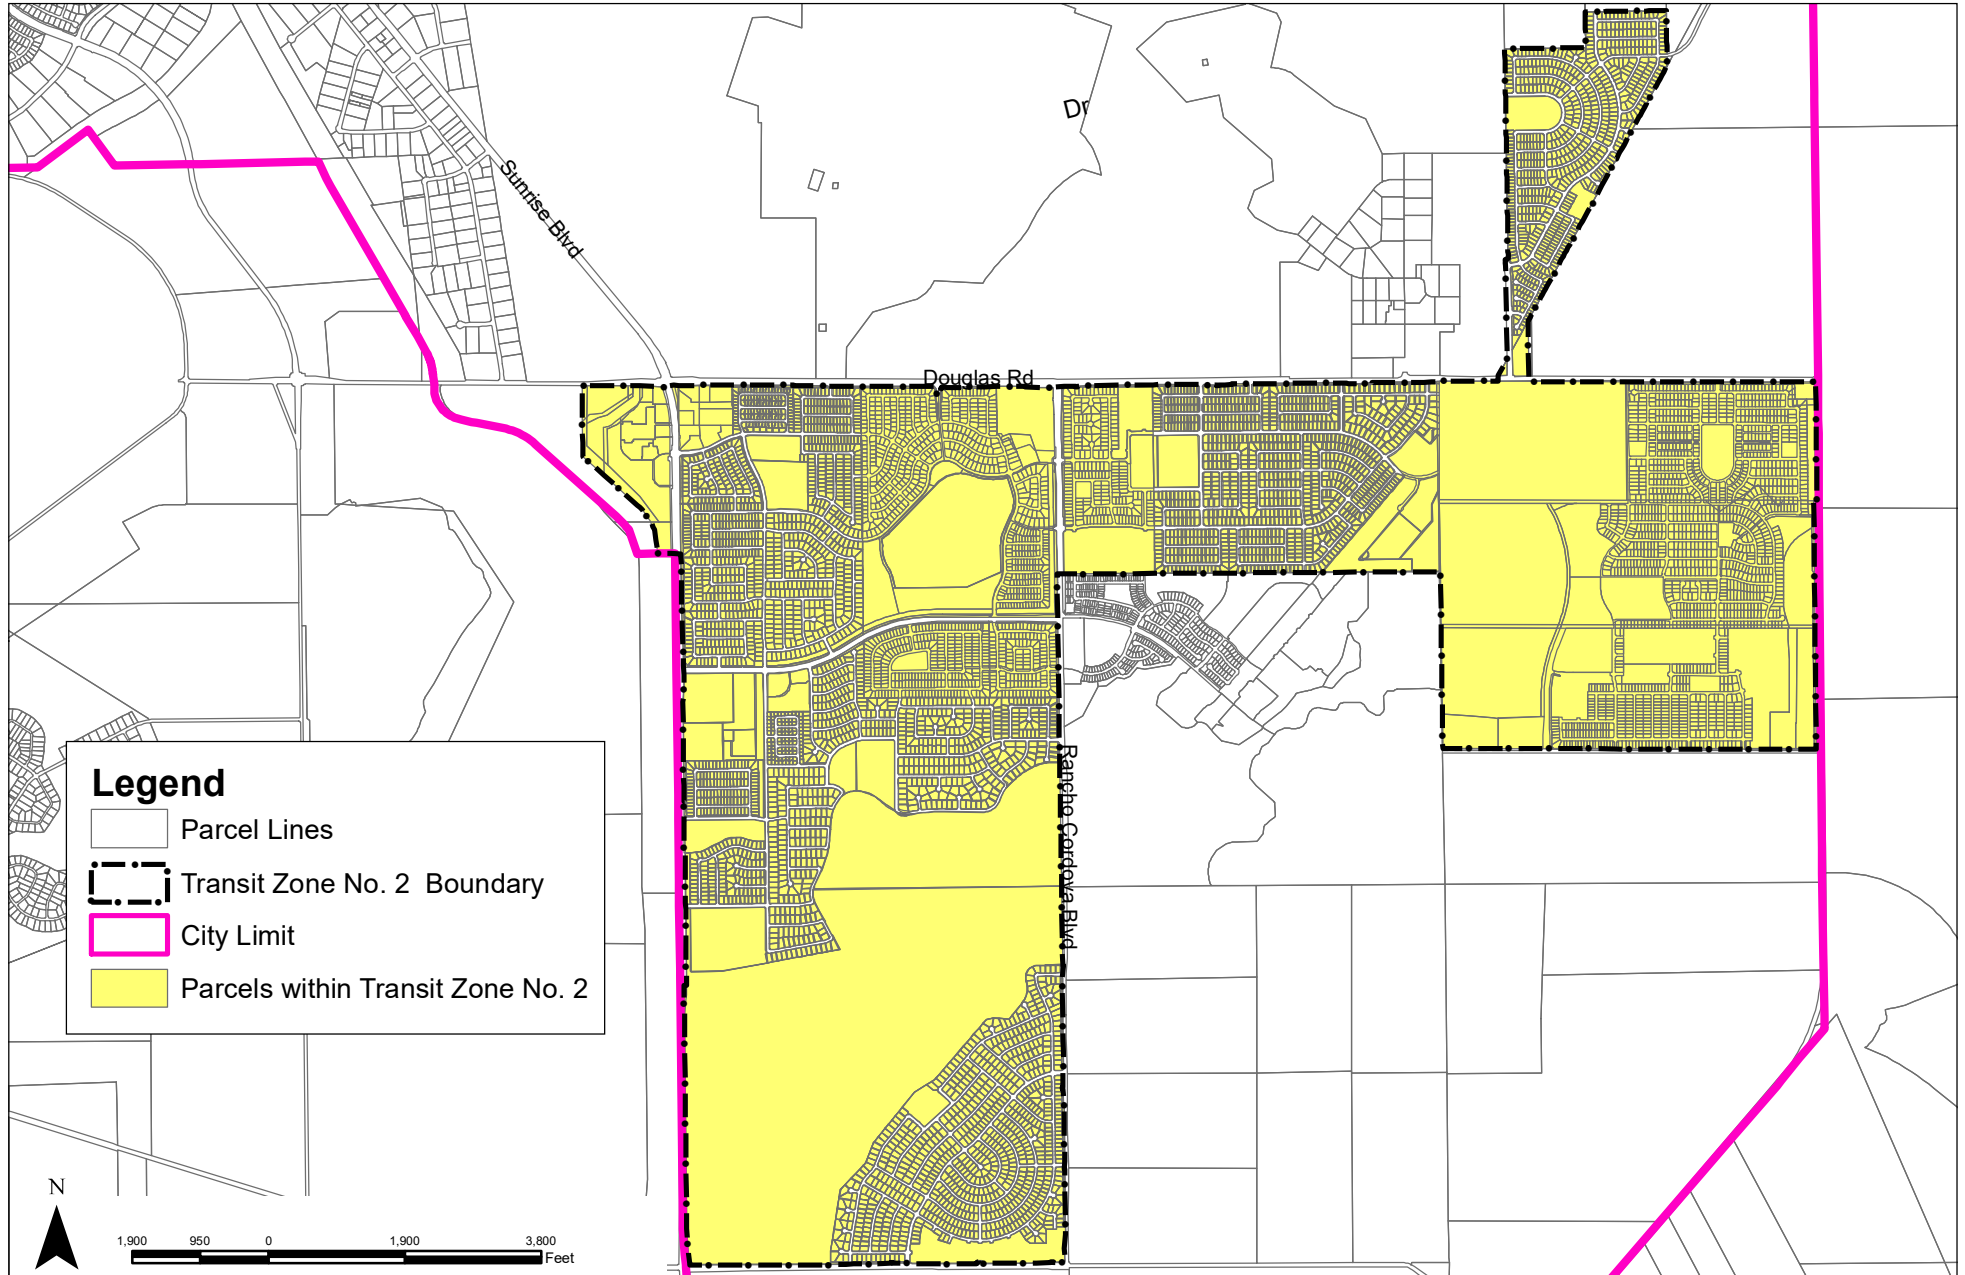

Part C

TRANSIT ZONE NO. 2 BOUNDARIES

The parcels to be charged consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as “Boundary Map of Transit Related Services Benefit District, Zone No. 2.” The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the boundary map is attached on the following page.

City of Rancho Cordova Transit Related Services Benefit District Zone No. 2 Boundaries

Part D**METHOD OF APPORTIONMENT**

County Service Area Law (Government Code Section 25210 et seq), together with Local Agency Formation law (Government Code Sections 56886(m) and 56886(t)), permit a county, or a successor city, in the case of a detached CSA, to levy or collect a tax or charge in any CSA, or zone within a CSA, to fund any one or more of the services mentioned in Part A. A county or successor city may also levy and collect taxes or charges for capital outlay purposes within the respective CSA or detached CSA, for the accumulation of a reserve fund for capital outlay purposes, and for any appropriation for contingencies to be used for expenses for maintenance and operation of any services.

The method of apportionment utilized commonly accepted engineering practices that have been established pursuant to the County Service Area Law and the Constitution. The remainder of this part describes the methodology, estimated annual rates, and annual escalation formula for the charge to be levied in Transit Zone No. 2.

Benefit Analysis

The methodology established through CSA 10 Benefit Zone No. 2 and authorized for Transit Zone No. 2 is summarized below.

The Transit Zone No. 2 charges are levied to fund property-related services. These charges comply with County Service Area Law and Article XIID Section 4 of the California Constitution, as the charges are to fund property-related services.

The initial rates of CSA 10 Benefit Zone No. 2 were based on the estimated costs to fund supplemental transportation services in Fiscal Year 2005-06 for the Sunridge Specific Plan at build out. The costs of the District are apportioned by a formula or method which fairly distributes the net amount to be charged among the parcels in proportion to the special benefits received by each such parcel from the services provided by the District and a parcel's charge may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIID requires that only special benefits be charged, and that the City shall separate the general benefit from special benefit. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the district. The general enhancement of property value does not constitute a special benefit. Each parcel within the District receives special benefits from the services provided due to the distinct nature and proximity of these services.

Specific Benefit

The method of apportionment is based on the premise that each charged parcel receives special benefit from the District services funded by the annual service charges as these services are to be provided to individuals using, visiting, or occupying the parcels within the District.

ATTACHMENT 3
Exhibit A to the Resolution
FISCAL YEAR 2026-27
PART D

The annual service charges outlined in this report are based on the estimated costs to provide necessary services, improvements, operation, and administration required to ensure the satisfactory condition of each improvement and quality of the services provided.

The special benefits associated with the District services, include but are not limited to:

- ◆ Transit Shuttle – shuttle for District residents and/or employees of District businesses;
- ◆ Guaranteed Ride Home – free taxi rides and rental cars for ride sharers, in case of an emergency, for those residing and/or employed within the District;
- ◆ Transit Subsidies – financial assistance to encourage residents and employees working within the District to use transit or other alternative transportation measures;
- ◆ Transportation Planning for employers and/or resident groups working or residing within the District;
- ◆ Education Programs – various programs such as education of transit options, home office set up, and alternative commute opportunities for employers and/or resident groups working or residing within the District;
- ◆ Infrastructure Support – additional bike racks and lockers, transportation alternatives and ride share informational boards/kiosks, and transit facilities within the District;
- ◆ Transportation Coordinator, Training and Support – instruction in mobility (transportation alternatives) for residential groups and employers located in the District;
- ◆ Bicycle and Alternative Fuel Vehicle Incentives – incentives for District residents and/or employees of businesses within the District to purchase new bicycles or alternative fuel vehicles;
- ◆ A reduction of close-proximity car and diesel truck emissions, at ground level, onto District properties.

The preceding special benefits contribute to a special enhancement and desirability of each of the charged parcels within the District.

General Benefit

In addition to the special benefits received by the parcels within the District, there are incidental general benefits conferred by the District services and improvements. These incidental general benefits conferred by the District improvements include:

- ◆ A general reduction in vehicle traffic in portions of the City.
- ◆ A possible general reduction in the traffic accidents in portions of the City.

Apportionment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the service related costs, it is necessary to consider not only the services to be provided, but the relationship each parcel has to those services

ITEM 10.2.

as compared to other parcels in the District. The benefit formula used to determine the obligation is therefore based upon both the services that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific services.

Equivalent Dwelling Unit Factors

The unit of demand used for the charge is an equivalent dwelling unit (“EDU”). One EDU is the amount of demand for services associated with one (1) low-density residential unit in a single year. The demand for all other land use types reflects a comparison of the demand for service relative to one EDU for a low-density residential unit.

The level of service identified for Benefit Zone No. 2 was based on the level of service identified in user surveys conducted by the North Natomas Transportation Management Authority (“NNTMA”). Demand for services was measured using vehicle trip generation rates adjusted for trip length and trip purpose (diverted and pass-by trips versus primary trips) by type of land use.

Demand is assumed to be generated by developed residential and non-residential land uses. No demand is associated with undeveloped land and no charge is levied on this land use. Table 1 provides the number of EDU’s assigned to each land use type for calculating the maximum charge.

Table 1: Transit Zone No. 2 - EDU's by Land Use	
Land Use	EDU Factor¹
Developed Acreage	
Residential (per dwelling unit)	
Low Density	1.00
Medium Density	0.80
High Density	0.60
Nonresidential (per acre)	
Retail and Service Commercial	25.64
Commercial Mixed Use	22.04
Undeveloped Acreage	
All Land Uses	0.00

¹EDU Factors as approved for Sacramento County CSA 10 Benefit Zone No. 2 in FY 2005-06.

The EDU factor for each land use is based upon average daily vehicle trips (ADT) per land use type. ADT is used to determine the charge by land use type because vehicle trips are a reasonable measure of demand for the supplemental transportation services immediately available to property owners paying the charge.

Each parcel’s charge is calculated by multiplying the cost per EDU by the amount of EDU’s assigned to each property according to their land use type. This methodology fairly distributes the total cost for services among all parcels based on each parcel’s proportional demand for the services immediately available to that parcel. Each parcel’s charge does not exceed the reasonable cost of services to that parcel.

Land Use Definitions

Definition of the land use definitions are as follows:

Developed Parcels - All single-family detached residential parcels for which a final map has been recorded, and all other parcels for which a building permit has been issued, on or prior to June 30 of the fiscal year preceding the year in which the charge is levied.

Undeveloped Parcels - All parcels that are not Developed Parcels or Exempt Parcels.

Low Density Residential - This category includes densities of up to five (5.0) dwelling units per acre. Uses consistent with the Low Density Residential category include those allowed by in the RD-5 land use zone and other residential zones of lesser maximum density as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

Medium Density Residential - This category includes densities of more than five (5.1 or greater) dwelling units per acre and up to fifteen (15.0) dwelling units per acre. Uses consistent with the Medium Density Residential category include those allowed by in the RD-7, RD-10, and RD-15 land use zones as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

High Density Residential - This category includes densities of more than fifteen (15.1 or greater) dwelling units per acre. Uses consistent with the High Density Residential category include those allowed by in the RD-20, RD-25, RD-30, and RD-40 land use zones as specified in Title II Chapter 15 of the Rancho Cordova Zoning Code. For purposes of levying the charge in Benefit Zone 2, non-

residential uses allowed in these residential zones by conditional use permit are considered to be either Retail Commercial, Commercial Mixed Use, or Exempt as determined by the Planning Director of Rancho Cordova.

Retail & Service Commercial - This category as designated in the Sunridge Specific Plan includes those non-residential land uses allowed by a use permit in the SC Shopping Center land use zone as specified in Title II Chapter 25 of the Rancho Cordova Zoning Code. This land use category further includes all other non-residential uses that would generate a high number (500 or more) of average daily trips. For purposes of levying the charge in Benefit Zone 2, residential uses allowed in the SC Shopping Center land use zone by development plan review or by conditional use permit are considered to be Low Density, Medium Density, or High Density Residential according to their density as determined by the Planning Director of Rancho Cordova and these definitions.

Commercial Mixed Use - This category as designated in the Sunridge Specific Plan includes those non-residential land uses allowed by a use permit in the LC Limited Commercial land use zone as specified in Title II Chapter 25 of the Rancho Cordova Zoning Code. This land use category further includes all other non-residential uses that would generate a low to medium number (less than 500) of average daily trips. For purposes of levying the charge in Benefit Zone 2, residential uses allowed in the LC Limited Commercial land use zone by development plan review or by conditional use permit are considered to be either Low Density, Medium Density, or High Density Residential according to their actual density in dwelling units per acre as determined by the Planning Director of Rancho Cordova and these definitions.

Exempt - Public parcels including parks, schools, utility parcels, and designated open space parcels are exempt from the service charge because no services funded by Transit Zone No. 2 are provided to these parcels.

ITEM 10.2.

Formula for Inflating the Annual Maximum Charge

The formula for inflating the maximum annual charge established through CSA 10 Benefit Zone No. 2, and to be used for Transit Zone No. 2, is summarized as follows.

The property owner balloting that established the maximum charges to CSA 10 Benefit Zone No. 2 included an annual inflator formula. The purpose of establishing an inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add administrative costs to Benefit Zone No. 2. The law implementing Article XIII D (Senate Bill 919) of the California Constitution clarifies that an increase in a maximum charge to implement a voter-approved inflator formula is not an increase subject to additional property owner consideration.

This inflator formula allows for annual increases to the maximum allowable charges by the increase in the Consumer Price Index (All Urban Consumers) published for the Sacramento Region by the U.S. Department of Labor (CPI), or six percent (6%), whichever is less. The CPI increase to be used in the inflator formula will be the change in the CPI index from the January two years before adjustment of the charge to the January in the year preceding adjustment of the charge; beginning in the second fiscal year (Fiscal Year 2006-07), and each fiscal year thereafter, the maximum allowable charge will be recalculated, and a new maximum charge established.

The City may choose to impose less than the maximum allowable charge in any year if service costs warrant a reduction. If the City, or previously the County, has imposed an amount less than the maximum charge, the City may also choose to increase the charge in any year to fully fund services up to the level of the maximum allowable charge for that fiscal year. In this way, the maximum allowable charge is adjusted annually and is calculated independent of the TransitZone’s annual cost estimate.

The U.S. Department of Labor’s Bureau of Labor Statistics no longer provides CPI factors for January for the San Francisco-Oakland-San Jose area. The CPI factors are now published bi-monthly on even months only (February, April, June, etc.). Since the February CPI factors include, in part, the data that would have been used to determine the January CPI factors, the City has determined that Transit Zone No. 2 shall now use the CPI data for the month of February.

The percentage increase from the February 2025 CPI to the February 2026 CPI was 2.47692%.

On the following page, Table 2 provides the Fiscal Year 2026-27 maximum charge per EDU together with the maximum charge by land use.

Table 2: Transit Zone No. 2 - Maximum Charge by Land Use

All Land Uses	0.00	\$143.12	\$0.00

¹EDU Factors as approved for Sacramento County CSA 10 Benefit Zone No. 2, FY 2005-06.

²The FY 2026-27 maximum charge per EDU is calculated by increasing the FY 2025-26 maximum charge per EDU of \$139.66 by 2.47692%, the percentage increase in the CPI from February 2025 to February 2026. Rates and percentages in the Report have been rounded for presentation purposes. However, in FY 2026-27, the District is levying \$106.50 per EDU, which is less than the maximum rate allowable.

Part E
CHARGE ROLL

Parcel identification for each lot or parcel within the District is based on the diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be charged within this District along with the amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and rate rather than a proportionate share of the original amount.

The following is a list of the parcels and proposed amounts for each of the parcels within the District as determined by the rates and method of apportionment described herein.

MEMORANDUM

ITEM 10.3.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Edgar Medina, Assistant Public Works Director
SUBJECT: **A RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA LIGHTING DISTRICT NO. 2012-1 FOR FISCAL YEAR 2026-2027**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the continuance of the annual levy and collection of assessments in the district. There are no new impacts to existing or new residents. No assessment rates shall increase as a result of this action.

BACKGROUND

State law requires that the City Council direct an Engineer's Report to be prepared each year and to hold a public hearing on the report and the levy of the annual assessments. On May 18, 2026, the city initiated the proceedings for the annual levy and collection of assessments through adoption of a Resolution ordering the preparation of the Engineer's Report and a Resolution preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for fiscal year 2026-2027, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report, [Attachment 2](#), includes a diagram of the assessment area, a description of the improvements and maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by the district include ongoing maintenance, operation and servicing of streetlights and safety lights within the right-of-ways and other public areas within the district as described in the Engineer's Report.

The fiscal year 2026-2027 total assessment is estimated at \$368,131. These assessment rates are the same rates applied to the district under CSA-1 and have not increased since the passage of Proposition 218 in 1996. The district has established an Operating Reserve which provides funding for the operations and maintenance of the district Improvements, as well as providing financing for emergency expenditures. A Capital Projects Reserve has been

established to fund replacements and upgrades of the district improvements.

In September 2014, the City of Rancho Cordova completed the retrofit of all existing streetlights located within the district with new LED streetlights. The project was funded from a 1% interest loan from the California Energy Commission (CEC). This project significantly reduced electricity usage and maintenance costs. The electrical and maintenance savings will be used to pay back the loan from the energy commission. The district has historically been underfunded and has been supplemented by Measure A Maintenance funds. Once the CEC loan is paid off in fiscal year 2028, the district is projected to generate sufficient revenues to build a reserve to cover the costs of the replacement of the LED streetlight heads when they need to be replaced in 20 years.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt the Resolution which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2026-2027.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the city's general fund.

WHEREAS, this city and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Article XIII D of the California State Constitution; and

WHEREAS, upon reasonable written notice by Sacramento County of any claim or challenge, the City of Rancho Cordova agrees to defend with counsel of its choice, indemnify and hold harmless Sacramento County, its Board of Supervisors, officers, officials, agents and employees (collectively "the county"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the county's own active negligence or willful misconduct, which the county may incur in the exercise and performance of its powers and duties in placing these assessments onto the county roll and tax bills for the City of Rancho Cordova.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA as follows:

1. Following notice duly given, the City Council has held a full and fair public hearing regarding the district, the levy and collection of assessments, the report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.
2. Based upon its review (and amendments, as applicable) of the report, a copy of which has been presented to the City Council, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public

inspection, the City Council hereby finds and determines that:

a. The land within the district will be benefited by the operation, maintenance and servicing of improvements, located within the boundaries of the district, and

b. District includes all of the lands so benefited, and

c. The net amount to be assessed upon the lands within the district in accordance with the assessment for the Fiscal Year commencing July 1, 2026 and ending June 30, 2027, is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

3. The maintenance, operation and servicing of the lighting improvements and appurtenant facilities shall be performed pursuant to the act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance, operation and servicing of highway safety lights and local streetlights located within the public right-of-ways that were previously serviced through CSA-1, Zone 2. Of the district improvements, highway safety lights are those lights located at intersections, on major streets, and along the rear of properties that abut major streets; and streetlights are all lights not designated as highway safety lights, primarily consisting of local street lighting.

4. The County Auditor of the County of Sacramento shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the report, and such levies shall be collected at the same time and in the same manner as the county taxes are collected, pursuant to Chapter 4, Article 2, Section 22646 of the act. After collection by the county, the net amount of the levy shall be paid to the City Treasurer.

5. The City Treasurer shall deposit all money representing assessments collected by the county for the district to the credit of a fund for the City of Rancho Cordova Lighting District 2012-1 and such money shall be expended only for the maintenance, operation and servicing of the improvements together with all other costs of the district as described in Section 3.

6. The adoption of this Resolution constitutes the district levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

7. The City Clerk, or their designee, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the act.

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscape and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the “1972 Act”), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as “City”), has by resolution initiated proceedings in connection with the ongoing maintenance and operation of a special benefit assessment district designated as:

Rancho Cordova Lighting District No. 2012-1

(hereafter referred to as “District”), for the purpose of continuing and providing for the ongoing maintenance, servicing, and operation of public lighting improvements (safety lights and streetlights) within the City that had been administered by the County of Sacramento as Zone 2 of County Service Area 1 (CSA 1) until the Fiscal Year 2012-13 levy.

Prior to the formation of the District, the detachment of those portions of CSA 1 lying within the City limits was approved, resulting in the transfer of the responsibility of the servicing of CSA 1 improvements and related administration to the City. Commencing with the Fiscal Year 2012-13 levy, the City Council formed the District in order to provide ongoing funding for the costs and expenses required to service and maintain the safety light and streetlight improvements for the benefiting lots and parcels of land within the boundaries of the District. County Service Area 1 was created in 1986 by the Sacramento County Board of Supervisors by reorganizing five existing streetlight maintenance districts. CSA 1 was established to provide streetlight services to those unincorporated portions of Sacramento County. Since the establishment of CSA 1, the cities of Citrus Heights, Elk Grove and Rancho Cordova have been incorporated and in July 2005, the Board of Supervisors approved the creation of zones within CSA 1. The creation of these zones allowed the incorporated cities and the County to supplement CSA 1 revenues specific to those areas. This action also facilitated the eventual Local Agency Formation Commission (LAFCO) approved detachment of Elk Grove (August 2005), Citrus Heights (June 2006), and Rancho Cordova (June 2012) from CSA 1.

This Engineer’s Report (hereafter referred to as “Report”) has been prepared in connection with the levy and collection of annual assessments related thereto for Fiscal Year 2026-27, as required pursuant to Chapter 1, Article 4 of the 1972 Act. This Report describes the District, the improvements, and the assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements. The formation of this District and the annual assessments provide a continued funding source for the City to fund, in part, the ongoing maintenance, servicing and operation, of the safety lights and streetlights that provide special benefits to the properties within the District.

The improvements and assessments described in the Fiscal Year 2012-13 Engineer's Report (hereafter referred to as the "Formation Report") were based on the improvements and assessments previously established by the County of Sacramento for CSA 1 Zone 2. Such assessment revenues will be used to fund, in part, the annual direct expenditures and incidental expenses associated with the maintenance and servicing of the District's improvements. The formation of the District, the structure of the District (organization), the improvements, the method of apportionment, and assessments described in the Formation Report have been established to continue the maintenance of the existing improvements and assessments previously established by the County of Sacramento for CSA 1 and as such are not considered to be new or increased assessments under the provisions of the California Constitution Article XIID.

As part of the District formation to continue the assessments previously levied by the County of Sacramento as part of CSA 1, in addition to the proceedings conducted by LAFCO for the detachment of the City of Rancho Cordova from CSA 1, the Rancho Cordova City Council conducted a noticed public hearing pursuant to the provisions of the 1972 Act to consider public testimonies, comments and written protests regarding the formation of the District and levy of assessments. At the close of the public hearing, the City Council adopted a Resolution approving the Formation Report and confirming and levying the assessments for Fiscal Year 2012-13.

Each subsequent fiscal year, an Engineer's Report shall be prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed cost estimate and assessments for that fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments for that fiscal year. If in any year, the proposed annual assessments for the District exceed the assessments described herein, such an assessment would be considered a new or increased assessment and must be confirmed through property owner protest ballot proceeding before that new or increased assessment may be imposed. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Sacramento County Assessor's Office. The Sacramento County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

**LIGHTING DISTRICT NO. 2012-1
FISCAL YEAR 2026-27**

Pursuant to the 1972 Act, and in accordance with the Resolution of Intention, adopted by the City Council of the City of Rancho Cordova on May 18, 2026, I, Eduardo R. Espinoza, the duly appointed Engineer of Work, Assessment Engineer for the City of Rancho Cordova Lighting District No. 2012-1 (the "District") submit the following Report, consisting of Section I (Introduction), and this Section II, which consists of five (5) parts as follows:

Part A – PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. The District has two (2) designated benefit zones that collectively encompass all lots and parcels of land within the boundaries of the District. The two benefit zones are designated as "Safety Light Only" Zone, which includes those lots and parcels of land within the District that are associated and benefit from only safety light improvements; and the "Safety Light and Street Light" Zone, which includes those lots and parcels of land within the District that are associated and benefit from both safety light improvements and local streetlight improvements.

Part A
PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of all lots and parcels of land within the boundaries of the City of Rancho Cordova that in Fiscal Year 2011-12, were considered to lie within CSA 1 Zone 2. Within these boundaries, parcels are identified and grouped into one of two designated benefit zones based on the special benefits properties receive from the District improvements, namely “Safety Lights Only” or “Safety Lights and Street Lights”. The two zones within the District and the benefits associated with the properties therein are described in more detail in Part D (Method of Apportionment of Assessments) of this Report. In addition, the Assessment District Diagram in Part C of the report provides a visual representation of the District showing the exterior boundaries of the District.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation, and servicing of street lighting improvements within the District (improvements that had been previously funded through annual assessments from the CSA 1). The improvements may consist of all or a portion of the public street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities, and expenses necessary for the ongoing maintenance and operation of public street lighting improvements. The improvements to be maintained and funded entirely or partially through the District assessments are generally described as:

Improvements and Services Authorized by the 1972 Act

As generally defined by the 1972 Act, the improvements and associated assessments for this District may include now or in the future one or more of the following:

- The installation or construction of public lighting facilities including, but not limited to streetlights, safety lights and traffic signals;
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof;
- The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - Repair, removal, or replacement of all or any part of any improvements;
 - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;

Incidental expenses associated with the improvements including, but not limited to:

- The costs of the report preparation, including plans, specifications, cost estimates, diagrams, and assessment;
- The costs of printing and advertising, and publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Costs associated with any elections held for the approval of new or increased assessments.

Public Lighting Improvements

The District's annual assessments will finance in part the maintenance, operation and servicing of the District's lighting improvements (safety lights and streetlights) which generally includes the furnishing of labor, materials, equipment and electricity for the ordinary and usual maintenance, operation, and servicing of streetlights within the public rights-of-way and easements dedicated to the City, incidental expenses including administrative costs as well as the performance of periodic repairs, replacement and expanded maintenance resulting from damage or vandalism. These services and activities more specifically may include, but are not limited to:

- Payment of the electrical bill for the safety lights and streetlights.
- Maintenance, repair and replacement of light poles and fixtures, including changing light bulbs, painting, photoelectric cell repair or replacement, and repairing damage caused by automobile accidents, vandalism, time, and weather, including principal and interest related to funding of the replacement of the improvements.
- Electrical conduit and pull box repair and replacement due to damage by construction and weather.
- Monitoring of the Underground Service Alert (USA) network, identification of proposed excavation in the vicinity of lighting electrical conduits and marking the location of those underground conduits in the field to prevent damage by excavation.
- Services and maintenance repair and replacement including painting, replacing worn out electrical components and repairing damage due to accidents, vandalism, and weather.
- Remedial projects for major repairs or upgrading of facilities. Construction for such projects is usually performed by contract, however City maintenance workers may execute small projects.

- Streetlight inventory database, pole numbering and mapping to establish the number of streetlights that must be maintained, as well as the condition and location of these streetlights as part of an effective maintenance program.
- Acquisition of land, easements, and rights-of-way necessary to maintain the street and safety lighting system.
- Responding to citizens and Council member inquiries and complaints regarding street lighting. Resolving complaints may require an engineering study and possible project.

For the purpose of determining benefit and the proportional assessment of special benefit, the light fixtures to be maintained by the District are defined as either “Street Lights” or “Safety Lights”. Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. All other lights are designated as Street Lights. The following table provides a summary of the safety light and streetlight inventory within the City upon formation of the District. Detailed maps identifying the location and extent of the District’s Safety Lights and Street Lights at that time are on file in the Public Works Department of the City.

Type of Light	Number of Lights
Safety Lights	428
Street Lights	4,240
Total District Lights	4,668
Decorative Lights ⁽¹⁾	92
Total City Lights	4,760

(1) The 92 decorative lights shown above were contained within a single residential development and these lights are funded by a separate revenue source levied on those parcels. Therefore, these lights are not included as part of the District’s improvements, budget or assessments. Parcels within this residential development are included in the “Safety Light Only” zone.

Part B

ESTIMATE OF COSTS

The maximum assessment revenue shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified zone of the District.

The District maintains two separate reserves, one is utilized for working capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Capital Projects Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code Section 22569. In addition, the Capital Projects Reserve can be used to finance rehabilitation projects, repairs, or replacement of District improvements.

The cost estimate for the District prepared by the City for Fiscal Year 2026-27 follows on the next page.

A description of the terms used in the preceding Cost Estimate table are listed on the following pages.

Direct Costs (Maintenance and Operation)

Direct Costs include the regular annual costs of maintaining and servicing lighting improvements. This may include, but is not limited to, the costs for labor, utilities, equipment, and supplies that are required to properly maintain the items that provide a direct benefit to the properties within the District. Specific Direct Costs may include, but are not limited to:

Electrical Costs — Includes the cost of providing electricity to the lights. Additionally, some lights may be maintained by the Sacramento Municipal Utility District (“SMUD”) and the cost for maintenance of these lights is included as part of the utility bill for those lights.

Maintenance Costs — Includes the contract labor associated with the maintenance of the lights and the cost of the preparing and maintaining the light inventory.

Repairs/Replacements & Capital Expenditures — Includes but is not limited to activities needed to support the improvements that are not included or considered to be costs associated with the regular annual maintenance, servicing, and operation of the District improvements. Additionally, this item may include repairs that are only required periodically, repairs and replacements resulting from damage or vandalism, capital improvement expenditures to rehabilitate or upgrade the improvements, and collection of funding (installments) for future capital improvement projects. The amount collected each fiscal year is based on an estimate of current and future needs but may be limited by available funding (assessment revenues and City contributions).

USA Markings – includes costs associated with marking the location of underground utilities related to the above.

RCLD Loan Principal - Amounts of principal due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing streetlights located within the District with new LED streetlights which will reduce energy costs.

RCLD Loan Interest - Amounts of interest due to repay a low interest California Energy Commission (CEC) loan to fund the retrofitting of existing streetlights located within the District with new LED streetlights which will reduce energy costs.

Special Projects - Includes costs for minor special project(s) related to annual maintenance and or operation of the improvements not described in the above categories.

Special Capital Projects - Includes costs expected to be incurred in any specific fiscal year for special capital projects shown in the District’s Capital Improvement Plan. Costs in this category do not increase the annual levy as the Capital Improvement Reserve is used to fund these costs. For this reason, these costs may not be shown in the annual cost estimate.

Administration Costs

Annual Administration Costs include incidental District costs not included above that are required on an annual basis. Specific Administration Costs may include, but are not limited to:

District Administration - Includes the estimated cost to coordinate District services including responding to property owner inquiries relating to the assessments and services and contracting with professionals to provide administration, legal, and engineering services to the District that are required on an annual basis. This also includes the costs for the City to account for the funds, the calculation of the assessments, preparation of the annual report, and placing the assessment on the property tax bills.

Contract Administration - Estimated costs to coordinate and oversee the applicable maintenance and operation contracts and overall repair, maintenance, operation, and replacements of the District Improvements.

County Collection Fees - Includes the cost that the County charges to place the assessments onto the Sacramento County Secured Tax Roll.

Miscellaneous Administration Expenses - Includes other minor administrative costs such as telephone, copying, noticing, mailing, office supplies and fees related to District Administration.

Total Direct and Administration Costs - This is the total of the Direct and Administration Costs, which are the direct and incidental costs for the regular annual maintenance, servicing, and operation of the District improvements.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Miscellaneous Cost and Collections/(Credits) Applied to the Levy represent the expected contributions and funding from sources other than the current year assessments to support the annual costs included for the maintenance, servicing, and operation of the District improvements.

Replenishment/(Use) of Operating Reserve - A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution/(Use) of Capital Projects Reserve - A “Contribution” increases the levy in order to generate funding for the Capital Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a “Use of” the Capital Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Capital Projects Reserve. If the expenditure of a current year capital project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Operating Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the cost

estimate. Further information regarding the function of the Capital Projects Reserve is provided in the following pages of this section.

General Benefit Contribution – This amount represents funding from the City or other, utilizing revenue sources other than assessment revenues to pay the proportional costs for the regular annual maintenance, servicing and operation of the District improvements that have been determined to be of General Benefit and which cannot be assessed to property owners. This funding may be from the City’s General Fund or any other funding source available.

Other Revenue Contributions - Additional funds designated for use by the District that are not District assessments. Often referred to as a City Contribution, these funds may be from any source available to the City to support the District and reduce the amount to be collected by the District assessments. If the Total Direct and Administration Costs minus any Reserve Fund Transfer and General Benefit Contribution results in an amount greater than the amount that can be collected through the assessments, the City either must reduce expenses or contribute funds to balance the cost estimate.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Parcels Levied - The total number of parcels within each zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements.

Front Footage - The total assessable front footage for non-residential property that are expected to be assessed on a front footage basis for the current fiscal year.

Residential Parcels – The total number of assessable residential parcels subject to the street lighting assessment.

Per Parcel Rate – Safety Lights - The maximum assessment rate that can be assessed to each assessable parcel within the respective zone for the current fiscal year.

Per Parcel Rate – Streetlights (Residential) - The maximum assessment rate that can be assessed to each assessable residential parcel for streetlights for the current fiscal year.

Per Front Foot Rate – Streetlights (Non-Residential) - The maximum assessment rate that can be assessed to each front foot of non-residential property for streetlights for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each zone for the current fiscal year based upon the expected number of assessable parcels and front footage using the maximum assessment rates.

Operating Reserve Fund Balance

Beginning Reserve Fund Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations. These beginning balances shall be used to fund expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Capital Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Replenishment/(Use) of Operating Reserve – Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve is intended to fund expenditures from the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If positive, this amount is added to the levy in order to replenish the Operating Reserve. On the other hand, if negative, this portion of the Operating Reserve is used to fund Fiscal Year 2026-27 expenses and therefore reduces the levy amount. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Capital Project Reserve — The amount of Operating Reserve monies to be transferred to or from the Capital Projects Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer to the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) as of June 30, 2027. The size of the Operating Reserve is limited by Streets and Highways Code Section 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, the District may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Capital Project Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Capital Project Reserve Fund Balance

Beginning Capital Project Reserve Fund Balance 7-1-2026 (est.) — The projected balance of funds in the Capital Project Reserve as of July 1, 2026. Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Use for Fiscal Year 2026-27 Capital Projects – The amount expected to be incurred for Capital Projects in Fiscal Year 2026-27 and funded from the Capital Projects Reserve rather than the Fiscal Year 2026-27 levy. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve — The amount of Capital Project Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Capital Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Capital Project Reserve are subject to transfer into the Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2027 (est.) - The projected balance of funds in the Capital Projects Reserve as of June 30, 2027. These funds shall be used to fund the costs of installation, replacement, repair or upgrading of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Capital Projects Reserve or related activity for the current fiscal year, the Capital Projects Reserve information will not be presented in the report.

Capital Projects Reserve - Capital Improvement Plan

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to finance District improvements that cannot conveniently be funded through a single year's assessment. The projected fiscal year-end balance of the Capital Project Reserve Fund will be maintained to support future capital improvements, including the installation, replacement, repair, or upgrading of District improvements, and other allowable costs.

Periodically, funds held in the Capital Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in the Capital Projects Reserve may be transferred to the Operating Reserve, at the discretion of the Public Works Department, to provide for the maintenance and operation of the improvements.

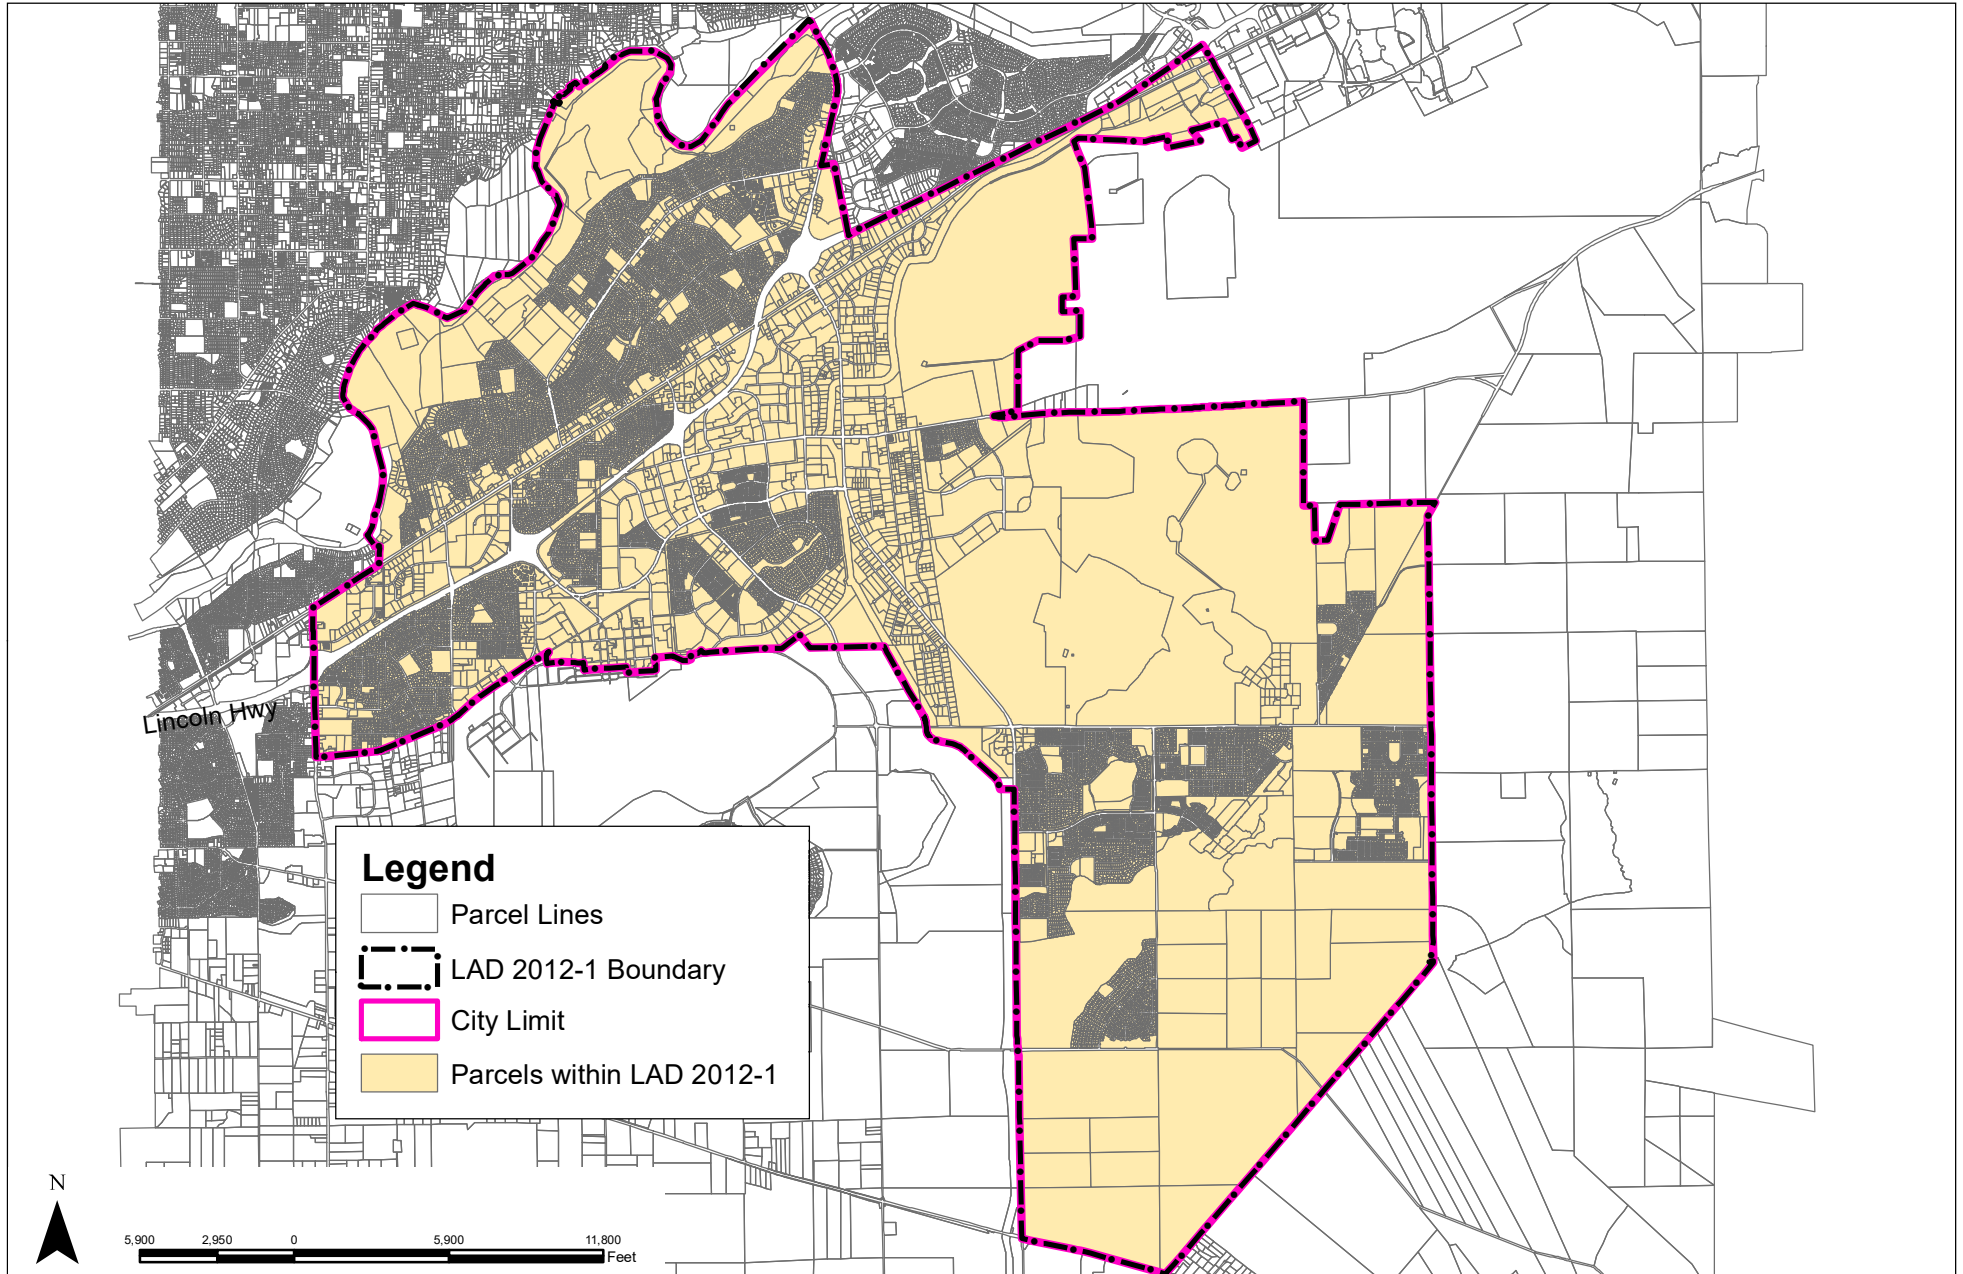

Part C

ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as "Assessment Diagram of Rancho Cordova Lighting District No. 2012-1." The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this report was prepared and are incorporated herein and made part of this report.

A reduced copy of the Assessment Diagram is attached on the following page.

City of Rancho Cordova Lighting District No. 2012-1 Assessment District Diagram

Part D
METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include but are not limited to the construction, maintenance, operation, and servicing of public street lighting improvements and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”.

Article XIID Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment established herein is based on the premise that each assessed property receives special benefits from the maintenance, servicing and operation of either safety lights located throughout the District or both safety lights and local streetlights, and these improvements will be funded in part by such assessments, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive such special benefits as outlined in the preceding definitions established in the 1972 Act and the California Constitution.

Benefit Analysis

To identify and determine the proportional special benefit to each parcel within the District, as well as any general benefit associated with the improvements, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The District's improvements and the associated costs described in this report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District, and is consistent with the method of apportionment previously established for the assessments as part of CSA 1.

While the California Constitution requires that *"The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement..."*; it is reasonable to conclude that the reasons for installing local streetlights are often similar, but somewhat different than the reasons for installing safety lights. Therefore, the overall benefits associated with streetlights and safety lights are different, which also suggests that the apportionment of the cost to provide those improvements would be different.

In reviewing the location and extent of the City's Street Light improvements to be funded by District assessments and the relationship these improvements have to properties within the District, it was determined that these lights are entirely local lighting improvements that were installed specifically in connection with the development of nearby properties or were necessary as a precursor to property development and would otherwise not have been necessary or required without the development of the properties near those improvements. As such, these Street Light improvements have a direct and particular relationship to, and provide special benefit to, the properties located in close proximity to those lighting improvements and serve as extension of those properties and developments into the public areas (streets) that serve those properties. These lights clearly provide special benefits that affect these properties in a way that is particular and distinct from its effect on other parcels, and that of real property in general and the public at large do not share. This is most evident in the fact that the District's Street Light improvements are concentrated within the City's various residential developments and developed non-residential areas and the absence of such lights within many portions of the undeveloped areas of the District. The fact that these lights are a direct result of property development and many areas of the City forgo the need of local street lighting, the maintenance and operation costs associated with the Street Light improvements are considered to be solely a special benefit to those properties and developments in close proximity to those lights and have no measurable general benefit to the public at large or to the District as a whole. However, it is also recognized that these lights are not exclusive or typically isolated to a particular parcel but are rather shared and directly affect entire neighborhoods or groups of parcels. In this District, it has been determined that each parcel that is assessed for Street Lights is at least within approximately two-hundred feet (200 feet) of a streetlight although that light may be located across the street from the parcel.

As previously noted, Safety Lights are lights located at intersections on major streets and along the rear of properties that abut major streets. Although the location and extent of these lights are most certainly driven by development of properties in the area (concentrated largely in developed areas of the City), unlike the Street Light improvements which are directly correlated to specific developments and parcels, the District's Safety Lights are not entirely the result of specific property development, but more the result of overall development throughout the City and in addition to directly benefiting the properties in the District, these Safety Lights provide nighttime traffic illumination to enhance traffic circulation and safety.

Therefore, while the need for such lights is most often facilitated by development in the area and certainly a special benefit to properties within the District because safety lights promote nighttime traffic illumination and circulation for the general public as well as for properties in the District, these lights obviously provide some measure of benefit to the community as a whole and to the public at large (general benefit). In order to separate general benefits from special benefits, an evaluation of the overall extent and location of the Safety Light in the City, revealed that less than half (approximately 47%) of the Safety Lights within the District are located on major streets that are considered through-traffic corridors, namely Bradshaw Road, Folsom Boulevard and Sunrise Boulevard. The remaining Safety Lights within the City were located on streets and intersections considered internal City traffic routes that provide direct access to the parcels in the District. Therefore, it would be reasonable to conclude that like the local Street Light improvements, the Safety Light improvements located on these internal City traffic routes (approximately 53% of the Safety Lights at the time of formation of the District) are entirely for the special benefit of the properties they serve, while the Safety Lights on the through-traffic corridors provide comparable (proportionately equal) special benefit to properties in the District and general benefit to real property in general and the public at large. Therefore, collectively, it has been determined that no more than 25% of the total direct costs (maintenance and operation costs) of providing Safety Lights would be considered general benefit.

Zones of Benefit

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Article XIIID Section 4a reads in part:

"...The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

In an effort to ensure an appropriate allocation of the estimated annual cost to provide the District improvements based on proportional special benefits, this District has established benefit zones (“Zones”) as authorized pursuant to Chapter 1 Article 4, Section 22574 of the 1972 Act:

“The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements.”

Therefore, in order to separate general benefits from special benefits and to ensure each parcel is assessed for only the special benefits received from the improvements, two benefit zones have been established and every parcel in the City is grouped into one of these two Zones:

- “Safety Lights Only” Zone: Includes all parcels that receive special benefits from the maintenance of Safety Lights only, which includes lights located at intersections on major streets and along the rear of properties that abut major streets.
- “Streetlights and Safety Lights” Zone: Includes all remaining parcels within the City that specially benefit from maintenance of Street Lighting (local lights) as well as Safety Lights.

The District cost estimate incorporated herein under Part B of this report provides a summary of the total estimated cost of providing the streetlight improvements and the allocation of those costs that are considered general benefit. Details regarding the location and extent of the street lighting improvements within the District and the Zones therein upon formation of the District are on file in the Public Works Department of the City. A diagram showing the exterior boundaries of the District and the location of the two zones therein at the time of formation is attached and incorporated herein under Part C of this report.

Assessment Methodology

In order to calculate and identify the proportional special benefit received by each parcel and their proportionate share of the improvement costs, it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Safety Lights and Street Lights, like most public improvements, provides varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the improvements in relationship to the properties, the specific use of each property, and the reason or need for such improvements as it relates to individual properties. In this District, these issues were each considered in determining the proportional special benefit to each parcel by the use of benefit zones, the separation of general benefit and special benefit, and County land use designations.

Safety Lights

Safety Lights are located throughout the District and properties throughout the City are considered to benefit proportionally from Safety Lights and are therefore levied a flat rate calculated by the following formula.

$$\text{Net Safety Light Cost} / \text{Total Assessable Parcels} = \text{Levy per Parcel}$$

Streetlights

Only properties that benefit from Street Lights are charged for Street Lights. Parcels are classified based on land use into two categories: Residential and Non-Residential. Residential parcels that have streetlights are levied equally. Non-Residential are levied on a front footage basis. Formulas for both Non-Residential and Residential parcels are illustrated below.

Residential Parcels

$$\text{Net Residential Street Light Cost} / \text{Residential Parcels} = \text{Levy per Residential Parcel}$$

Non-Residential Parcels

$$\text{Net Non-Residential Street Light Cost} / \text{Non-Residential Front Footage} = \text{Levy per Non-Residential Front Foot}$$

$$\text{Levy per Non-Residential Front Foot} \times \text{Non-Residential Parcel Front Footage} = \text{Levy per Parcel}$$

In addition, each Fiscal Year, the City provides annexation documents showing the list of parcels that were annexed into the City of Rancho Cordova Community Facilities District No. 2008-1 (the "CFD No. 2008-1") and the City of Rancho Cordova Community Facilities District No. 2014-1 (the "CFD No. 2014-1"). Both CFD No. 2008-1 and CFD No. 2014-1 provide services for street lighting in the City. Parcels that are annexed into CFD No. 2008-1 and CFD No. 2014-1 are not subject to the Street Light Assessment portion for the City of Rancho Cordova Lighting District No. 2012-1 and are only assessed for safety lights.

Exempt

Exempted from the assessment would be the areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of- ways including public greenbelts and parkways. Also exempted from assessment would be utility rights-of-ways, common areas (such as in condominium complexes), landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels do not benefit from the improvements.

The land use classification for each parcel has been determined and based on the Sacramento County Assessor's most recent secured roll.

Rates

The following Tables show the assessment rates proposed to be levied in Fiscal Year 2026-27 and an estimate of the revenue to be assessed. It is important to note that these rates are the same rates applied to the District parcels under CSA 1 and that these rates have not increased since the passage of Proposition 218 in 1996.

Proposed Fiscal Year 2026-27 Assessment Rates	
<u>Improvement Type</u>	<u>Proposed Rates</u>
Safety Lights	\$2.56 per parcel
Street Lights	\$15.32 per parcel
Street Lights (Non-Residential) *	\$0.2519 per front foot

* Non-Residential parcels include commercial and multi-family properties.

(1) The annual levy may differ slightly due to rounding because of rounding limitations imposed by the County of Sacramento.

Part E
ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

MEMORANDUM

ITEM 10.4.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Edgar Medina, Assistant Public Works Director
SUBJECT: **A RESOLUTION APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING DISTRICT NO. 2005-1 FOR FISCAL YEAR 2026-2027**

RECOMMENDATION

Adopt the Resolution.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolution would authorize the continuance of the annual levy and collection of assessments in the District. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

BACKGROUND

On May 18, 2026, the City Council approved Resolutions ordering the preparation of the Engineer's Annual Levy Report and set the public hearing to be held prior to approving and ordering the levy of assessments for fiscal year 2026-2027. The assessments fund the ongoing landscape maintenance services in the district. There are no new impacts to existing or new residents. No assessments shall increase as a result of this action.

State law requires the City Council to direct an Engineer's Report to be prepared each year and to hold a public hearing on the Report and the levy of the annual assessments. On May 18, 2026, the City initiated the proceedings for the annual levy and collection of assessments by adopting a Resolution ordering the preparation of the Engineer's Report and a Resolution preliminarily approving the Engineer's Report, declaring its intention to levy and collect annual assessments for fiscal year 2026-2027, and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report, [Attachment 2](#), includes a diagram of the assessment area, a description of the maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by LLD 2005-1 include ongoing maintenance, operation and servicing of landscaping and streetscape improvements within the right-of-ways and other public areas within the district at the locations described in the Engineer's Report.

The proposed fiscal year 2026-2027 assessment rates do not exceed the rates previously levied by the county since 1994 and are equal to the rates levied by the city in Fiscal Year 2025-2026. The boundaries of each zone shown in the district diagram in Part IV of the Engineer's Report and the details for each zone are described in Section II, Part A of the Engineer's Report.

The fiscal year 2026-2027 total assessment is estimated at \$89,062. The district has an established Operating Reserve which provides funding for the operations and maintenance of the district, as well as providing financing for emergency expenditures. A second reserve fund finances special projects such as a central irrigation system, revegetation projects, and other rehabilitation projects or replacement of district improvements.

In July 2006, the county transferred funds previously collected in the county's Zone 4 and 5 to the city, which was deposited to the LLD 2005-1. The city had previously deemed that these transferred funds are to be used exclusively by the district and shall be considered as undesignated reserves within the zones of the district. Funds from the undesignated reserve can be used to fund costs of any zone(s) that are unable to be funded by the annual assessments.

In order to proceed with the levy of assessments, it is appropriate for the Council to conduct the public hearing and adopt a Resolution which approves the Engineer's Report and authorizes the levy and collection of assessments for Fiscal Year 2026-2027.

FISCAL IMPACT AND FUNDING SOURCE

There is no fiscal impact to the city's general fund.

SECTION I

INTRODUCTION

Pursuant to the provisions of the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (hereafter referred to as the "1972 Act"), and in compliance with the substantive and procedural requirements of the California State Constitution Article XIID (hereafter referred to as the "California Constitution"), the City Council of the City of Rancho Cordova, County of Sacramento, State of California (hereafter referred to as "City"), has by resolution initiated proceedings in connection with the ongoing maintenance of the special assessment district designated as:

Landscape and Lighting District No. 2005-1

(hereafter referred to as "District"), for the purpose of continuing and providing for the ongoing maintenance and operation of landscaping and lighting improvements within the District.

In Fiscal Year 2005-06, as part of the District formation to continue the assessments previously levied by the County as part of the Sacramento Landscape Maintenance District ("SLMD") Zone 4 and Zone 5 for properties within the boundary of the City, the City conducted a Property Owner Protest Ballot proceeding for the District assessments pursuant to the provisions of the *California Constitution, Article XIID Section 4*. In conjunction with this ballot proceeding, the City Council also conducted a noticed public hearing to consider public testimonies, comments, and written protests regarding the formation of the District and levy of maximum assessments. Upon conclusion of the public hearing, property owner protest ballots received were opened and tabulated to determine whether a majority protest existed (ballots were weighted based upon the assessment amounts), and by resolution the City Council confirmed the results of the ballot tabulation. Tabulation of the ballots indicated that a majority protest did not exist for the continuation and transfer of assessments as presented and described in the Fiscal Year 2005-06 Engineer's Report. The City Council approved the report, ordered the formation of the District, and approved the levy and collection of Fiscal Year 2005-06 assessments. The Fiscal Year 2005-06 assessments were then submitted to the Sacramento County Auditor/Controller for inclusion on the property tax roll for each parcel.

The improvements and assessments described in this Report are based on the improvements and assessments previously established by the County for SLMD Zone 4 and Zone 5, and represent an estimate of the direct expenditures, incidental expenses, and fund balances associated with the maintenance and servicing of those improvements. The structure of the District (organization), the improvements, the method of apportionment, and assessments described herein have been established to continue the maintenance of the existing improvements and assessments previously established by the County as outlined in the District's Fiscal Year 2005-06 Engineer's Report.

For Fiscal Year 2026-27, this Report has been prepared and presented to the City Council describing the District, any changes to the District or improvements, and the proposed cost estimate and assessments for this fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and ordering the proposed levy of assessments. Should the proposed annual assessments for the District or portion thereof, exceed the maximum assessments described herein (as approved by the property owners), the new or increased assessment must be confirmed through another property owner protest ballot proceeding before the new or increased assessment may be imposed. It should be noted that an increased assessment of an individual property resulting from changes in development or land use does not constitute an increased assessment.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (APN) by the County Assessor’s Office. The County Auditor/Controller uses Assessor’s Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

The territory within the District had previously been assessed through Zone 4 and Zone 5 of the SLMD in Fiscal Year 2004-05. The District was first assessed in Fiscal Year 2005-06. Plans and specifications for the improvements are on file at the City of Rancho Cordova, and are incorporated herein by reference.

Part B – ESTIMATE OF COST

This part contains an estimate of the annual costs to operate, maintain, and service the District's landscaping and lighting improvements and facilities. The estimate included herein is also on file at the City of Rancho Cordova.

Part C – ASSESSMENT DISTRICT DIAGRAM

This part incorporates a diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. Reference is hereby made to the County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. This diagram has been prepared by the Engineer of Work and is on file at the City of Rancho Cordova.

Part D – METHOD OF APPORTIONMENT OF ASSESSMENTS

This part includes a discussion of benefits the improvements and services provide to properties within the District and the method of apportionment of assessments used to calculate each property's proportional special benefit and annual assessment.

Part E – ASSESSMENT ROLL

This part contains a listing of the proposed assessment amount for each parcel within the District. The proposed assessment amount for each parcel is based on the parcel's proportional special benefit as outlined in the method of apportionment of assessments. The Assessment Roll is also filed in the Office of the City Clerk of the City of Rancho Cordova and is incorporated in this report.

Part A
PLANS AND SPECIFICATIONS

Description of the District

The territory within the District consists of the lots and parcels of land that in Fiscal Year 2004-05 were both within the City and within a portion of Zone 4 and all of Zone 5 of the Sacramento Landscape Maintenance District (“SLMD”). Said territory encompasses an area of land totaling approximately five hundred twelve acres (512 acres) that is centrally located within the City, generally south of Highway 50 and north of the southern City limits.

Zone 1: That portion of the previous SLMD Zone 4, which at the time of the formation of the District included a total of ninety-seven (97) assessable parcels within the residential subdivision known as Ellenwood Court located south of Ellenwood Avenue. Upon formation of the District, this area was designated as Zone 1 to reflect the special benefit these parcels receive from the District improvements associated with the development located on the south side of Ellenwood Avenue.

Zones 2, 3 and 4: The parcels within previous SLMD Zone 5, which at the time of the formation of the District included a total of six hundred eighty-six (686) assessable parcels generally located south of the American River, east of Mather Field Road, and near Zinfandel Drive and International Drive. Upon formation of the District, this area was designated as Zones 2, 3, 4, and 4A and are further described as follows:

Zone 2 included the one hundred fifty-four (154) assessable parcels within the residential subdivision known as California Jazz Units 1 & 2, generally located east of Data Drive, north of Reserve Drive, south of Capital Center Drive and west of International Drive.

Zone 3 included the eight (8) assessable parcels located on either side of Zinfandel Drive from Data Drive to the southern boundary of the District (approximately 700 feet south of International Drive).

Zone 4 included the remaining parcels that were previously included in SLMD Zone 5 that were not designated as either Zone 2 or Zone 3 of the District. This Zone includes parcels along Data Drive, International Drive, Capital Center Drive, White Rock Road, Quality Drive, Disk Drive, Prospect Park Drive and Kilgore Road.

Zone 4A is the portion of Zone 4 that also lies within the City’s Community Facilities District No. 2005-2 (“CFD 2005-2”). Tax Zone 1 of CFD 2005-2 was established to fund, to the extent that funds from CFD 2005-2 are available, maintenance of landscape improvements of the residential subdivision development known as Capital Village. These landscape improvements were installed along the subdivision’s rights-of-way and within the median(s) adjacent to

the development. The funds from Tax Zone 1 of CFD 2005-2, to the extent available, shall offset all or a portion of the costs within Zone 4A.

Description of Improvements and Services

The purpose of this District is to ensure the ongoing maintenance, operation and servicing of local landscaping and street lighting improvements within the District (improvements that had been previously funded through annual assessments from the SLMD). The improvements may consist of all or a portion of the public landscaped areas, street lighting and appurtenant facilities within and adjacent to the District. These improvements may include, but are not limited to the materials, equipment, utilities, labor, appurtenant facilities and expenses necessary for the ongoing maintenance and operation of public street lighting and landscape improvements, including, but not limited to parkways, medians and other designated easements, rights-of-way or public areas within the District. - 8) Incidental expenses associated with the improvements including, but not limited to:
 - a) The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
 - b) The costs of printing, advertising, and the publishing, posting and mailing of notices;
 - c) Compensation payable to the County for collection of assessments;

Landscape Improvements

The landscape improvements for the District may include, but are not limited to turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments, and associated appurtenant facilities located within the landscape easements or public rights-of-way. Zone specific landscape improvements are described generally as follows:

Zone 1: Streetscape (parkway) landscaping along the South side of Ellenwood Avenue east of Routier Road that is within the public rights-of-way or easements dedicated to the City for maintenance. The costs and special benefits of these improvements are shared equally by only the assessable properties within Zone 1 of the District.

Zone 2: Streetscape (parkway) landscaping surrounding and adjacent to the California Jazz subdivision on the north side of Reserve Drive from Data Drive to International Drive; the east side of Data Drive from Reserve Drive north to the end of the subdivision; the west side of Capital Center Drive from International Drive north to the end of the subdivision; and the north side of International Drive from Reserve Drive to Capital Center Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 2 of the District.

Zone 3: Streetscape (parkway) landscaping on both sides of Zinfandel Drive between International Drive and Data Drive. The costs and special benefits of these improvements are proportionately shared by only the properties within Zone 3 of the District.

Zones 2, 3, 4 and 4A: All median landscape improvements within the District located on International Drive from approximately 570 feet westerly of Data Drive to Kilgore Road and on Zinfandel Drive from Data Drive to International Drive. The costs and special benefits of these improvements are proportionately shared by all the properties within Zone 2, 3, 4 and 4A of the District.

Specifically, the landscape improvement areas for this District generally consist of the following:

- Approximately 9,600 square feet of streetscape (parkway) landscaping and 34 trees within the public rights-of-way located on the south side of Ellenwood Avenue.
- Approximately 11,000 square feet of turf, 28,455 square feet of streetscape (parkway) landscaping including 110 trees, located on the north side of Reserve Drive from Data Drive to International Drive; east side of Data Drive, from Reserve Drive north to end of California Jazz tract Unit No. 1; west side of Capital Center Drive, from International Drive north to the end of California Jazz Tract Unit No. 2; and north side of International Drive, from Reserve Drive to Capital Center Drive.

- Approximately 19,400 square feet of turf, 11,500 square feet of streetscape (parkway) landscaping including 57 trees, located on the west side of Zinfandel Drive, south of International Drive.
- Approximately 152,340 square feet of turf, 55,600 square feet of streetscape and median landscaping including 392 trees along International Drive; and medians on International Drive, west of Data Drive to Kilgore Road.

Specifically, not included as District improvements, are those improvements located on private property, improvements and facilities that may be provided or maintained by an agency other than the City; improvements and facilities that may be provided by another assessment or tax levied by the City or County and any improvement provided and maintained by a Homeowner's Association or similar entity.

Detailed descriptions of the location and extent of the specific improvements to be maintained by the District are on file with the City and by reference are made part of this Report. The net annual cost to provide and maintain the improvements determined to be of special benefit shall be allocated to each property in proportion to the special benefits received.

Public Lighting Improvements

Lighting facilities that may be located within the landscaped areas including safety lights, security lights or ornamental lights installed as part of the landscape improvements are included as part of the landscape maintenance costs.

The lighting improvements may include but shall not be limited to the cost of providing electrical energy and servicing of lighting fixtures, poles, meters, conduits, electrical cable and associated appurtenant facilities associated with the street lighting, safety lighting and/or traffic signals within the District including public lighting facilities on designated arterial and collector streets as well as lighting facilities within residential subdivisions or public areas such as parks. The cost of such improvements shall be allocated based on the proportional special benefits properties receive from these improvements.

Part B
ESTIMATE OF COSTS

The maximum assessment per parcel or acre shown herein is based on the cost of providing for the District improvements and does not include any other assessments or charges imposed on the properties. The cost estimate within this report identifies the cost to maintain the improvements within each specified zone of the District.

Each zone within the District maintains two separate reserves, one is utilized for working capital purposes (the "Operating Reserve") and the other for longer-term projects (the "Special Projects Reserve"). The Operating Reserve provides cash for the ongoing operations and maintenance of the District, as well as providing funding for unanticipated expenditures. The size of the Operating Reserve for each zone is limited by Streets and Highways Code 22569, which states that an Operating Reserve shall not exceed the estimated costs of maintenance and services from the first day of the fiscal year (July 1) to the date that the agency expects to receive the first apportionment of collections from the County. The City has determined that all cost estimates as presented in this report shall be considered as costs to maintain and service the District, or incidental expenses thereof, as to the application of the Streets and Highways Code 22569.

The Special Projects Reserve can be used to finance the Central Irrigation System (CIS) project and re-vegetation projects, as well as other rehabilitation projects, repairs or replacements of District improvements.

The Cost Estimate for the District prepared by the City for Fiscal Year 2026-27 follows on the next page.

(1) Contribution from CFD No. 2005-2; Only affects Zone 4A.

(2) The annual levy may differ slightly from the maximum revenue shown due to rounding, because of rounding limitations imposed by the County of Sacramento.

(3) Negative fund balances represent funds that will need to be contributed or loaned from an appropriate funding source outside of the assessment district.

A description of the terms used in the preceding Cost Estimate table are listed on the following pages.

Direct Costs (Maintenance and Operation)

Contract Maintenance – Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

Utilities (Water/Electricity) – Landscaping - The furnishing of water and electricity required for the operation and maintenance of the landscaping related improvements.

Utilities (Electricity) – Lighting - The furnishing of electricity required for the operation of the lighting improvements.

Periodic Repair/Rehabilitation – Landscaping – Expected costs for repair, replacement, installation, or planned upgrades of District landscaping improvements.

Periodic Repair/Rehabilitation – Lighting – Expected costs for repair, replacement, installation or planned upgrades of District lighting improvements. If zero, this line item may not be shown in the cost estimate.

Special Project Expenditures – Expected costs for installation, replacement or planned upgrades of District landscaping or lighting improvements for the current year that were previously funded or accumulated in the Special Projects Reserve. The Special Projects Reserve is used to accumulate funds for costs associated with the future rehabilitation, repair or replacement of these District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the cost estimate.

Administration Costs

District Administration – Estimated costs incurred by the City in preparation of the annual cost estimate and the preparation, review, posting and/or publishing of documents and notices required for City Council action to approve the annual assessments. These costs also include contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer’s’ Report.

Contract Administration – Estimated costs to coordinate and oversee the maintenance contracts and overall repair, maintenance and replacements of the District Improvements.

County Collection Fees – The fee charged to the District by the County for placing assessments on property tax bills.

Other Administration Expenses – Administration expenses not included above, including the cost to publish public notices required for City Council action relating to the District. If zero, this line item may not be shown in the cost estimate.

Total Direct and Administration Costs – The total expected costs of the District.

Miscellaneous Costs and Collections/(Credits) Applied to Levy

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Operating Reserve is provided in the following pages of this section.

Contribution to/(use of) Special Projects Reserve — A “Contribution” increases the levy in order to generate funding for the Special Projects Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation of projects or replacement in future years. On the other hand, a “Use of” the Special Projects Reserve provides current year funding of rehabilitation projects or replacement from available funds within the Special Projects Reserve. If the expenditure of a current year special project is funded entirely by a collection from the current fiscal year levy and/or a transfer from the Undesignated Reserve, this line item may show as zero, which is the net of the two amounts. If zero, this line item may not be shown in the cost estimate. Further information regarding the function of the Special Projects Reserve is provided in the following pages of this section.

Revenues from Other Sources – These amounts represent contributions from CFD No. 2005-2; which only affects Zone 4A. This relationship is more fully described in the previous sections of this report.

Balance to Levy - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the Total District Direct and Administration Costs together with any applicable adjustments associated with Miscellaneous Costs and Collections/(Credits) as described above.

District Statistics and Assessment Rates

Number of Assessable Parcels - The total number of parcels within each zone that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public right-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements, due possibly to development restrictions.

Assessable Acreage - The total assessable acreage within each zone that are expected to be assessed on an acreage basis for the current fiscal year.

Maximum Rate per Parcel - The maximum assessment rate that can be assessed to each non-exempt parcel within the respective zone for the current fiscal year.

Maximum Rate per Acre - The maximum assessment rate per acre that can be assessed to each non-exempt parcel within the respective zone for the current fiscal year.

Estimated Maximum Assessment Revenue – The total amount that can be assessed to all parcels within each zone for the current fiscal year based upon the expected number of assessable units and acres using the maximum assessment rates.

Operating Reserve Fund Balances

Beginning Reserve Fund Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables, net of any unpaid prior year obligations for each zone. These beginning balances shall be used to fund each zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. The Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Add: Collect from Fiscal Year 2026-27 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If zero, this line item may not be shown in the cost estimate.

Less: Use for Fiscal Year 2026-27 Expenses – The amount of the Operating Reserve to be used to fund Fiscal Year 2026-27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Fund Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the fiscal year) through December 31, 2026. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Special Projects Reserve - The amount of Operating Reserve monies to be transferred to or from the Special Projects Reserve. Periodically, funds held in a Special Projects Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Projects Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Operating Reserve Fund Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each zone as of June 30, 2027. The size of each zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance and service from the first day of the fiscal year (July 1) to the date that the City expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. Any deficit fund balances will be contributed or loaned to the District from a source outside of the District. All Special Projects Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the report.

Special Projects Reserve Fund Balance

Beginning Special Projects Reserve Fund Balance 7-1-2026 (est.) — The projected balance of funds in the Special Projects Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Add: Collect from Fiscal Year 2026-27 Levy — This amount is added to the levy to accumulate funding for future year rehabilitation projects, replacements, repairs, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the cost estimate.

Less: Use for Fiscal Year 2026-27 Special Projects – The amount of Special Project Reserve monies expected to be expended for special projects to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the cost estimate.

Transfer from/(to) the Operating Reserve — The amount of Special Projects Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Special Project Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Special Project Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Public Works Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the cost estimate.

Ending Special Projects Reserve Fund Balance 6-30-2027 (est.) – The projected balance of funds in the Special Projects Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Special Project Reserve or related activity, the Special Project Reserve information may not be presented in the report.

Special Projects Reserve – Capital Improvement Plan

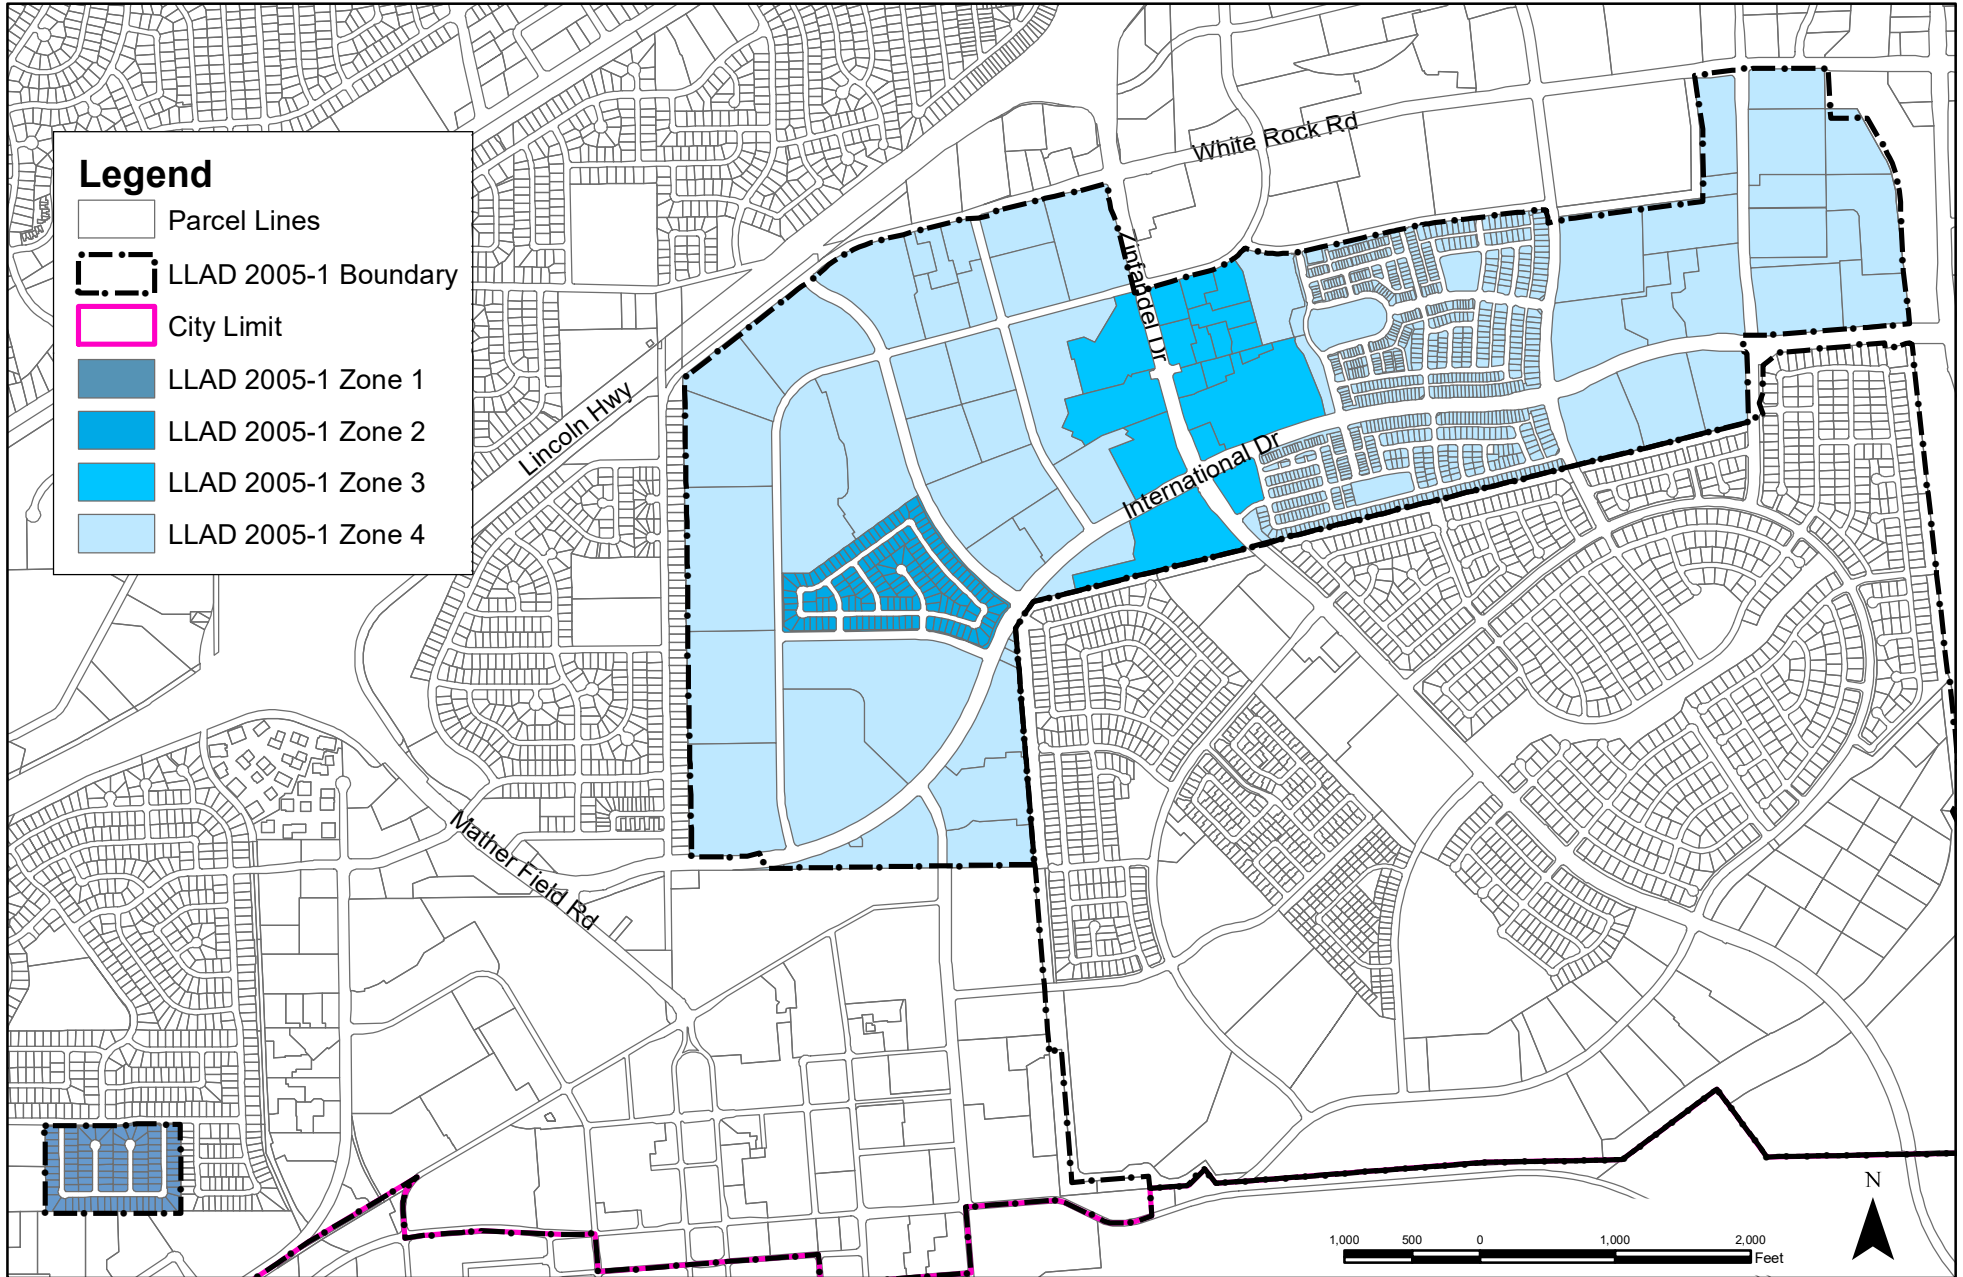

Streets and Highways Code Section 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Part C
ASSESSMENT DISTRICT DIAGRAM

The parcels to be assessed consist of all lots, parcels and subdivisions of land located within the boundaries of the map designated as "Assessment Diagram of Landscape and Lighting District No. 2005-1." The lines and dimensions of each parcel within the District are those lines and dimensions shown on the maps of the Sacramento County Assessor for the year in which this Report was prepared and are incorporated herein and made part of this Report.

A reduced copy of the Assessment Diagram is attached on the following page.

City of Rancho Cordova Landscape and Lighting District No. 2005-1 Assessment District Diagram

Part D
METHOD OF APPORTIONMENT OF ASSESSMENTS

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, and appurtenant facilities.

The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIII D addresses several key criteria for the levy of assessments, notably:

Article XIII D Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIII D Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIII D Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and has been established pursuant to the 1972 Act and the provisions of the California Constitution. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

Benefit Analysis

Each of the proposed improvements and the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the California Constitution and 1972 Act.

The improvements provided by the District and for which properties will be assessed have been identified as necessary, required and/or desired for the development of properties within the District and as such, the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of the parcels within the District. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are a distinct and special benefit to the properties within the District. Any improvement or portion thereof that is considered to be of general benefit shall be funded by other revenue sources and not included as part of the special benefit assessments allocated to properties within the District.

Special Benefit

The method of apportionment (method of assessment) established herein is based on the premise that each assessed parcel within the District receives special benefits from specific improvements and the desirability and security of those properties is enhanced by the presence of well-maintained improvements in close proximity to those properties. The special benefits associated with landscape improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green space and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

The special benefits of street lighting and other public lighting facilities are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads, streets, and public areas.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.

- Reduced vandalism and other criminal acts and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.

All the preceding factors contribute to a specific enhancement and desirability of each of the assessed parcels within the District and thereby provide special benefits to the properties. Furthermore, it has been determined that the lack of funding to properly service and maintain the District improvements could have a negative impact on the properties within the District.

General Benefit

In reviewing each of the District improvements, the proximity of those improvements to both properties within the District and those outside the District as well as the reasons for installing and constructing such improvements, it is evident that the improvements are solely for the benefit of properties within the District and the ongoing maintenance and operation of the improvements will directly affect the properties within the District. Although the improvements include public areas, easements, rights-of-way and other amenities available or visible to the public at large, the construction and installation of these improvements were only a direct benefit to the properties within the District and were not required nor necessarily desired by any properties or developments outside the District boundary and any public access or use of the improvements by others is incidental. Therefore, it has been determined that the improvements and the ongoing maintenance, servicing and operation of those improvements provide no measurable general benefit to properties outside the District or to the public at large, but clearly provide distinct and special benefits to properties within the District.

Assessment Methodology

The method of apportionment for the District calculates the receipt of special benefit from the respective improvements based on the actual or proposed land use of the parcels within the District. The special benefit received by each lot or parcel is equated to the overall land use of parcels within the District based on the parcel's actual land use or proposed development.

All costs associated with the improvements shall be fairly distributed among the parcels based upon the special benefit received by each parcel. Additionally, in compliance with the California Constitution, each parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred to that parcel. The benefit formula used to determine the assessment obligation is therefore based upon both the improvements that benefit the parcels within the District as well as the proposed land use of each property as compared to other parcels that benefit from those specific improvements.

At the time that the District was being formed and to identify and determine the special benefit to be received by each parcel and their proportionate share of the improvement costs, it was necessary to consider the entire scope of improvements to be maintained by the District, as well as individual property development within the District. Upon review of

the improvements to be maintained, it was determined that four (4) distinct areas benefit differently from the improvements within the District and therefore the landscape maintenance and assessments were established as four (4) benefit zones for the allocation of the assessments and proportional special benefit, as described below. Although a portion of Zone 4 was designated as Zone 4A in Fiscal Year 2007-08, as discussed below, Zones 4 and 4A remain as one benefit zone and are assessed at the same maximum rate.

Zones and Assessments:

Zone 1 is comprised of ninety-six (96) assessable residential properties, each of which were assessed on a per parcel basis at the pre-existing rate of \$42.50 per parcel.

Zone 2 is comprised of one hundred fifty-four (154) assessable residential properties within the developments known as California Jazz Unit No.1 and Unit No. 2. Each of the one hundred fifty-four (154) assessable parcels were assessed as residential properties on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements and parkway landscape improvements associated with these parcels.

Zone 3 is comprised of eighteen (18) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscaping and \$1,382.76 per acre for the landscaping along the parkways of Zinfandel Drive, totaling \$1,413.24 per acre.

Zone 4 is comprised of fifty-one (51) assessable properties, each of which were assessed on an acreage basis at the pre-existing rate of \$30.48 per acre for the median landscape improvements within the District.

Zone 4A is comprised of a portion of Zone 4. Properties within Zone 4A were re-designated as Zone 4A commencing with the Fiscal Year 2007-08 to account for the Zone 4A parcels lying within a portion of CFD 2005-2, while the remaining Zone 4 parcels are outside of the CFD 2005-2 boundaries. Since the CFD 2005-2 Zone 1, special taxes are to be levied upon Zone 4A parcels, these special taxes are contributed in part to the District for the benefit of Zone 4A. Zone 1 of the CFD provides funding for landscape improvements within and adjacent to the development, including the median landscaping identified herein. Although the CFD may fund median landscaping, the special taxes levied within Capital Village may not provide sufficient funds to maintain both the landscape improvements within the Capital Village development and the median landscape improvements within the District that specially benefit the parcels within Zone 4A. Therefore, Zone 4A is comprised of seven hundred eighty-three (783) assessable properties, each of which were assessed \$30.48 per gross acre until such time that the CFD generates sufficient revenue to fund the median landscape improvements. Any funds generated by the CFD that will be used to finance the median landscape improvements that benefit Zone 4A shall be transferred by the CFD to the District as a contribution to Zone 4A.

Exempt Parcels — Properties within the District that are not assessed for special benefit include but are not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts, parkways, parks, or other publicly owned properties that are part of the District improvements or may provide other benefits to private properties within the District;
- Private properties that cannot be developed independently from an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very restrictive development use.

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment, but shall be reviewed annually by the assessment engineer to confirm the parcels current development status. Government owned properties or public properties are not necessarily exempt properties and shall be subject to special benefit assessment unless it qualifies for an exempt classification.

Special Cases – In many districts where multiple land uses, and zones exist, the typical property classification and assessment methodology does not accurately identify the special benefits received from the improvements for each and every parcel. For example, in some cases, only a small percentage of the parcel’s total acreage can actually be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. These special circumstances will be reviewed annually by the assessment engineer.

Part E
ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the County Assessor's Office at the time the Engineer's Report was prepared. A listing of the proposed lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

Non-assessable lots or parcels may include, but are not limited to public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, rights-of-way, common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has little or no value. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this Report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and proposed assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein.

MEMORANDUM

ITEM 10.5.

DATE: June 1, 2026
TO: Honorable Mayor and Council Members
FROM: Albert Stricker, Public Works Director
Edgar Medina, Assistant Public Works Director
SUBJECT: **RESOLUTIONS APPROVING PROCEEDINGS FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR THE RANCHO CORDOVA ROAD MAINTENANCE DISTRICT FOR FISCAL YEAR 2026-2027**

RECOMMENDATION

Adopt a Resolutions.

RESULT OF RECOMMENDED ACTION

Adoption of the Resolutions would authorize the continuance of the annual levy and collection of assessments in the district. The assessments provide funding for streetlight and road maintenance and only apply to specific developed areas that are part of the district as identified in the Engineer's Report.

BACKGROUND

The Rancho Cordova Road Maintenance Assessment District was formed in June 2006 by the City Council. The purpose was to create a financial mechanism to provide street and street lighting operations and maintenance services for public improvements created as a result of new development.

State law requires the city to hold a public hearing prior to the approval of the proposed assessment rates and the levy of the annual assessment. An Engineer's Report showing the proposed assessment rates has been prepared and placed on file with the City Clerk.

Through adoption of the Resolution, [Attachment 1](#), the city is initiating the proceedings for the annual levy and collection of assessments and caused the preparation of the Engineer's Report and preliminarily approves the Engineer's Report, declaring its intention to levy the annual assessments for fiscal year 2026-2027. The City Clerk has given notice and set today as the time and place to conduct a public hearing on the matter.

The Engineer's Report, [Attachment 3](#), prepared by Harris & Associates includes diagrams of the assessment areas, a description and cost estimates of the operations and maintenance services to be provided, a description of the property to be benefited, and the amount of the assessment to each individual property. The services performed within and funded by the district include the operation, servicing and maintenance of the district's streets and street lighting improvements at the

locations described in the Engineer’s Report. The proposed assessments for fiscal year 2026-2027 are detailed in the Preliminary Assessment Role, Attachment 4 and summarized per Zone in Table 1 below:

The Benefit Assessment Act of 1982 (hereinafter referred to as the "1982 Act") permits the establishment of assessment districts by cities for the purpose of levying assessments to provide certain public improvements that provide a special benefit to parcels. This includes the maintenance and operation of streets and street lighting services.

Annual assessments through the District will fund the operation, servicing and maintenance of the District's streets and street lighting improvements, as described herein, for Fiscal Year 2026-27, including incidental costs and expenses in connection therewith.

This Engineer's Report provides the formula to be used to apportion the costs of providing these services and the methodology used to levy the assessments to the parcels within the District to fund the costs.

Formation Overview

The City Council, pursuant to the 1982 Act, and in accordance with Article XIII D of the California Constitution ("Article XIII D"); and the Proposition 218 Omnibus Implementation Act, commencing with Section 53750 of the California Government Code (the "Implementation Act"), did on May 31, 2006, adopt Resolution 64-2006 initiating proceedings for the formation of the District.

On June 19, 2006, pursuant to the 1982 Act and Article XIII D, the City Council conducted a noticed public hearing to consider public testimonies, comments and written protests regarding the formation of the District and the levy of assessments. At the public hearing, property owner protest ballots received were tabulated and a majority protest did not exist for the proposed maximum assessments and the annual inflationary adjustment factor presented and described herein. The City Council adopted Resolution 93-2006, which approved the Engineer's Report, ordered the formation of the District, and approved the levy and collection of assessments.

PART II – PLANS AND SPECIFICATIONS

DESCRIPTION OF DISTRICT BOUNDARIES

The District consists of two noncontiguous zones: Zone 1 and Zone 5. Reference is made to the boundary maps shown in Appendix A of the Engineer's Report.

Zone 1

The location of Zone 1 and the "Capital Village" development is generally described as:

- Disk Drive and Data Drive as the northern boundary
- Six hundred feet south on International Drive as the southern boundary.
- Zinfandel Drive as the westerly boundary.
- Prospect Drive as the easterly boundary.

Zone 4

The location of Zone 4 and the "Sundance" development, which consist of approximately 11.44 gross acres, is generally located in the southwest corner of Douglas Road and Sunrise Boulevard.

This area was originally included in the formation of the District, however when developed it included private streets. In June 2023 this area was annexed into CFD 2014-2. Beginning in Fiscal Year 2024-25, this development will no longer be levied in the District and the servicing and maintenance costs for the "Sundance" development will be covered by CFD 2014-2.

Zone 5

The location of Zone 5 and the "Anthology at Anatolia" development is generally described as:

- Douglas Road as the northern boundary
- Herodian Drive as the southern boundary
- The extension of Anatolia Drive as the approximate westerly boundary

The property owners of the proposed Zones 2 and 3 of the District withdrew their properties prior to the formation of the District.

DESCRIPTION OF DISTRICT FACILITIES

The District facilities, which have been constructed within each zone, and those which may be subsequently constructed to be serviced and maintained by the District are generally described below.

Street and Appurtenant Facilities

Improvements include but are not limited to sidewalks, curb and gutter, curb ramps, pavement, marking and striping, street furniture, traffic signs, hardscape, street monumentation, traffic signals, traffic signal

interconnect and appurtenant facilities as required in public rights-of-way and dedicated easements within the boundaries of said District.

Maintenance means the furnishing of services and materials for the ordinary and usual operation, maintenance and servicing of the street improvements or appurtenant facilities including the replacement thereof, together with cleaning, sandblasting, and painting of the improvements to remove or cover graffiti.

Operating and servicing includes the furnishing of electric energy for the operation of traffic signals and controllers, together with the administration of all aspects of the maintenance within the District.

Lighting and Appurtenant Facilities

Improvements include but are not limited to poles and fixtures, bulbs, conductors, equipment including guys, anchors, posts and pedestals, metering devices, controllers and appurtenant facilities as required to provide lighting in public rights-of-way and dedicated easements within the boundaries of said District.

The public lighting system shall be maintained to provide adequate illumination. Electricity for streetlights shall be furnished, and it shall be adequate for the intended purpose. Rates for power shall be those authorized by the California Public Utilities Commission.

Maintenance means the furnishing of services and materials for the ordinary and usual operation, maintenance and servicing of the public lighting improvements or appurtenant facilities including replacement thereof, together with the cleaning, sandblasting, and painting of light poles and other improvements to remove or cover graffiti.

Operating and servicing means the furnishing of electric energy for the public lighting improvements or appurtenant facilities, the operation of controllers and the administration of all aspects of the maintenance and the District.

The plans and specifications for the improvements, showing the general nature, location and the extent of the improvements, are on file in the office of the City Engineer and are by reference herein made a part of this report.

PART III – COST ESTIMATE

The City's budget for the operation, maintenance and servicing of streets and street lighting details the estimated costs for Fiscal Year 2026-27 as available at the time of preparation of this report, and includes reserves, engineering fees, legal fees, printing, mailing, postage, publishing, and all other related costs identified with the district proceedings.

Funds raised by the assessment shall be used only for the purpose as stated herein. A contribution to the District by the City may be made to reduce assessments or maintenance may be deferred to reduce the overall annual cost, which in turn would reduce the assessment, as the City Council deems appropriate annually.

The budget has been developed using the unit costs shown below for Fiscal Year 2026-27. Any balance or deficit remaining on July 1 must be carried over to the next Fiscal Year once the Capital Reserve is fully funded. The budget also includes a Capital Reserve Requirement in order to cover any unexpected expenditures within the district for its facilities and improvements within the normal useful life.

PART IV - METHOD OF APPORTIONMENT

INTRODUCTION

The Benefit Assessment Act of 1982 (hereinafter referred to as the "1982 Act") permits the establishment of assessment districts by cities for the purpose of providing certain public improvements which include the maintenance and operation costs of streets and street lighting services.

"Streets" as defined herein is based on the definitions provided by the Office of the Controller for the State of California in the Guidelines Relating to Gas Tax Expenditures published by the Division of Local Government Fiscal Affairs. The state's gas tax program is administered by city agencies but audited by the Office of the State Controller. The proceeds of the gas tax are statutorily limited to expenditures for streets and roads. Because the funds are restricted to street and road costs, the State Controller has developed "Street Purpose Definitions and Guidelines" based on the Manual of Uniform Highway Accounting and Financial Management Procedures developed by the American Association of State Highway Officials. "Streets", as it relates to this District, is defined as the operation or maintenance of facilities within the right-of-way used for street or road purposes.

The 1982 Act requires that maintenance assessments be levied according to benefit. Section 54711 provides that the "amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service". Additionally, Section 54715(c) of the 1982 Act permits the designation of zones of benefit within any individual assessment district "on a parcel, class of improvement to property, or use of property basis, or a combination thereof". Thus, the 1982 Act requires the levy of a true "assessment" rather than a "special tax."

In addition, Proposition 218, which added Article XIID to the California Constitution, requires that a parcel's assessment may not exceed the reasonable cost for the proportional special benefit conferred on that parcel. Article XIID provides that only special benefits are assessable and the City must separate the general benefits from the special benefits. It also requires that publicly owned properties which benefit from the improvements be assessed.

This report establishes the formula to be used to distribute the costs of providing the services described in this report to the benefiting parcels within the City.

BENEFIT ANALYSIS

Proper maintenance and operation of the street improvements and street lights, together with other public improvements, provide special benefit to adjacent properties by providing access, security, safety, and community character and vitality.

A. Street Maintenance

1. **Special Benefit** - The operation, maintenance and servicing of improvements within the street right-of-way along local streets in close proximity to certain lots or parcels provides a special benefit to such lots or parcels by providing: 1) improved ingress and egress from such lots, 2) improved aesthetics and desirability of adjacent parcels, 3) improved local access for emergency vehicles, and 4) reducing drainage impacts adjacent to parcels.
2. **General Benefit** - The City recognizes that a portion of the maintenance, operation and servicing of those Street Improvements that are a part of the City's arterial roadways provide a general benefit to the public at large.

The arterial section of the street is seen as the two center lanes and the median of a 4-lane roadway, the portion used predominantly for through traffic. This amounts to approximately 50% of the right-of-way to be maintained. Therefore, 50% of the street maintenance for arterial roadways is considered to be of general benefit.

3. **Special Benefit Area** - All parcels within the District receive a special benefit from the proposed street maintenance and improvements.

B. Street Lighting

1. **Special Benefit** - The operation, maintenance and servicing of lighting along local streets in close proximity to certain lots or parcels provides a special benefit to such lots or parcels by providing illumination resulting in: 1) improved security of such lots or parcels through enhanced visibility, 2) improved ingress and egress from such lots or parcels by illuminating access after sunset, and 3) improved nighttime visibility for the local access of emergency vehicles. All parcels within the District receive special benefit from the street lighting improvements.
2. **General Benefit** - The City recognizes that a portion of the maintenance, operation and servicing of those Street Lighting Improvements that are a part of the City's arterial lighting improvements provide a general benefit to the public at large, which equates to the higher level of lighting required on arterial roads.

ATTACHMENT 3 Exhibit A to the Resolution

Harris & Associates

The general benefits associated with arterial lighting are attributable to the higher level of lighting required to serve through traffic on arterial roadways, including wider travel lanes and intersections. This higher level of lighting primarily benefits the traveling public rather than the adjacent parcels.

The arterial section of the street is seen as the two center lanes and the median of a 4-lane roadway, the portion used predominantly for through traffic. This amounts to approximately 50% of the right-of-way to be lit by the street lighting system. Therefore, 50% of the street lighting maintenance for arterial roadways is considered to be of general benefit.

3. Special Benefit Area

a. Zone 1 – Capital Village

Lighting Benefit Area 1 encompasses all parcels in the residential area of the development as well as the commercial property on the south side of International Drive and will be assessed for street lighting maintenance costs associated with the residential area.

Lighting Benefit Area 2 encompasses the commercial property on the north side of International Drive and will be assessed for the street lighting maintenance for those streetlights directly adjacent to the property.

b. Zones 5

There are no special benefit areas designated within Zone 5.

C. Special Benefit Methodology

To establish the benefit to the individual parcels within the District, a Benefit Unit system is proposed. Each parcel of land is assigned Benefit Units in proportion to the estimated benefit the parcel receives relative to the other parcels within the District from the improvements. Street Benefit Units (SBU) or Light Benefit Units (LBU) are established by considering both a dwelling unit equivalency of a property and the benefits provided, as discussed above.

Basic Formula:

$$(\text{Equivalent Dwelling Units}) \times (\text{SBU or LBU Benefit Factor}) = \text{Benefit Units}$$

In order to allocate benefit fairly between the parcels, an Equivalent Dwelling Unit (EDU) methodology is proposed which equates different types of land uses, thereby allowing a uniform method of assessment.

The number of EDU's to be assigned to each parcel shall be calculated as follows:

ITEM 10.5.

*Engineer's Report**Road Maintenance Assessment District**City of Rancho Cordova**Fiscal Year 2026-27*

Harris & Associates

The single-family parcel has been selected as the basic unit for calculation of the assessments and is defined as 1.00 Equivalent Dwelling Unit (EDU). Parcels with other land uses receive varying levels of benefit based on parcel usage and size. Equivalency factors have been developed to indicate the amount of benefit received relative to the single-family parcel. All land uses are converted to EDU's in the manner described below.

Benefit Factors are assigned to properties when the special benefit received differs between similar land use types.

1. Zone 1 – Capital Village EDU Methodology

Single Family Residential (SFR) - The high-density SFR (**SFR-H**) parcel been selected as the basic unit for calculation of the benefit assessments. This basic unit is set equal to one Equivalent Dwelling Unit (EDU). High-density SFR parcels have been chosen as this basic unit and are those parcels zoned as single family residential and are shown on the map on page 27 of this Report. These parcels are assessed 1.0 EDU.

Medium-density SFR (**SFR-M**) parcels are those parcels zoned as single family residential and are shown on page 27 in this Report. The average size of these buildings is 25% larger than the high-density buildings, therefore these medium-density SFR parcels are assessed 1.25 EDU's.

Low-density SFR (**SFR-L**) parcels are those parcels zoned as single family residential and are shown on page 27 of this Report. The average size of these buildings is 40% larger than the high-density buildings, therefore these low-density SFR parcels are assessed 1.40 EDU's.

Commercial (COM) - Parcels that are designated for non-residential uses, including churches, offices, and industrial uses, are assigned EDUs based on the average single family residential lot area (2,472 sq ft) within the development, which equates to 17.6 EDUs per acre.

Vacant/Parks (VAC/PARK) - Parcels that are designated for parks or parcels that are developable but do not have a finalized development map are assessed based upon the acreage of the parcel. These properties receive special benefits based on their land, as this is the basis of their value. Based upon the opinions of professional appraisers, the land value portion of a property typically ranges from 20 to 30 percent of the property's total value. Additionally, the utilization of vacant property is significantly less than improved property and vacant property has a traffic generation rate of 0. In converting vacant properties to EDU's, the factor used is the District's average single family residential lot area (2,472 sq ft) and the number of lots that could be subdivided into an acre of land. All properties that are designated as Vacant or Park are therefore assigned 4.5 EDU's per acre or any portion thereof.

Exempt (EXE) - Exempt from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways, public greenbelts, parkways and that portion of public property that is not developed and used for

business purposes similar to private commercial, industrial and institutional activities. Also exempted from assessment would be utility rights-of-way, common areas (such as condominium complexes), landlocked parcels and small parcels vacated by the City as these parcels have little or no value and therefore do not benefit from the improvements. Also exempt from assessment are public detention/drainage basins, water and sewer pump stations, and electric utility transfer stations.

2. Zone 1 – Capital Village Benefit Factors

Street Benefit Factor (SBF)

- **Local Streets** - All parcels are considered to have a local street benefit. Parcels along arterial roadways are considered to receive local street benefits the same as on local streets, as the costs of the arterial section maintenance have been reduced by the general benefit contribution. All parcels in this category will be assigned a benefit factor of 1.0.
- **Alleys/Aisles** - All parcels that have access via an alley or aisle receive an additional benefit for the maintenance of these alleys and aisles. The maintenance costs for alleys/aisles make up approximately 25% of the total street maintenance costs within the Street Area. Therefore, parcels in this category will be assigned a benefit factor of 1.345. See the following table for the calculation of this factor.

ZONE 1 - CAPITAL VILLAGE			
Street Area - SBF for Alley/Aisle Benefit			
(based on original Engineer's Report dated June 19, 2006)			
Alley/Aisle Maintenance Cost	\$53,399

Alley/Aisle EDUs	737.400		
All Local Street EDUs	807.168		
	<u>1544.568</u>		
Alley/Aisle Cost per EDU	\$53,399 / 737.4	=	\$72.42
Local Street Costs to all EDUs	\$323,821 / 1,544.6	=	<u>\$209.65</u>
			\$282.07
Alley/Aisle Cost Factor	\$282.07 / \$209.65	=	1.345
SBF - Alley/Aisle =	1.345

Street Benefit Assessment Formula:
EDU x SBF = Street Benefit Units (SBU)

Lighting Benefit Factor (LBF)

- **Local Lighting** - A parcel is considered to have a local lighting benefit if there is lighting at standard intervals along the street adjacent to it. Parcels along arterial roadways with standard lighting are considered to receive local lighting benefits the same as on local streets, as the costs of the higher wattages of lights have been reduced by the general benefit contribution. All parcels in this category will be assigned a benefit factor of 1.00.
- **Alley/Aisle Lighting** - Parcels that have standard street lighting on alleys or aisles that also have Local Lighting receive an additional benefit for the lighting in these alleys and aisles. The maintenance costs for alley/aisle lighting make up more than 50% of the total lighting costs within Lighting Benefit Area 1. (There are no alleys or aisles in Lighting Benefit Area 2, therefore those costs are not included in these calculations.) Therefore, parcels in this category will be assigned a benefit factor of 1.587. See the table below for the calculation of this factor.

ZONE 1 - CAPITAL VILLAGE			
Lighting Area 1 - LBF for Alley/Aisle Benefit ⁽¹⁾			
(based on original Engineer's Report dated June 19, 2006)			
Alley/Aisle Maintenance Cost	\$18,333		
All Other Lights	\$43,235		
			\$61,569
Alley/Aisle EDUs	733.7		
All other EDUs	281.5		
			1,015.2
Alley/Aisle Cost per EDU	\$18,333 / 733.65	=	\$24.99
Other Costs to all EDUs	\$43,235 / 1015.16	=	\$42.59
			\$67.58
Alley/Aisle Cost Factor	\$67.58 / \$42.59	=	1.587
LBF - Alley/Aisle =			1.587

(1) According to page 18 of the original Engineer's Report dated June 19,2006, there are no alleys or aisles in Lighting Area 2.

Lighting Benefit Assessment Formula:
EDU x LBF = Lighting Benefit Units (LBU)

* The maximum annual maintenance assessment rates will be increased each year by the annual change in the McGraw-Hill Engineering News Record Construction Cost Index (ENR CCI), as determined by the City Council. The actual assessments levied in any fiscal year will be as approved by the City Council and may not exceed the maximum assessment rate without receiving property owner approval for the increase. 4. Zone 5 – Anthology At Anatolia EDU Methodology

Single Family Residential (SFR) - The SFR parcel been selected as the basic unit for calculation of the benefit assessments. This basic unit is set equal to one Equivalent Dwelling Unit (EDU). These parcels are assessed 1.0 EDU.

Commercial (COM) - Parcels that are designated for non-residential uses, including churches, offices, and industrial uses, are assigned EDUs based on the average single family residential lot area within the development, which equates to 9.0 EDUs per acre.

Vacant/Parks (VAC/PARK) - Parcels that are designated for parks or parcels that are developable but do not have a finalized development map are assessed based upon the acreage of the parcel. These properties receive special benefits based on their land, as this is the basis of their value. Based upon the opinions of professional appraisers, the land value portion of a property typically ranges from 20 to 30 percent of the property's total value. Additionally, the utilization of vacant property is significantly less than improved property and vacant property has a traffic generation rate of 0. In converting vacant

properties to EDU's, the factor used is the District's average single family residential lot area (4,835 sq ft) and the number of lots that could be subdivided into an acre of land. All properties that are designated as Vacant or Park are therefore assigned 2.25 EDU's per acre or any portion thereof.

Exempt (EXE) - Exempt from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways, public greenbelts, parkways and that portion of public property that is not developed and used for business purposes similar to private commercial, industrial and institutional activities. Also exempted from assessment would be utility rights-of-way, common areas (such as in condominium complexes), landlocked parcels and small parcels vacated by the City as these parcels have little or no value and therefore do not benefit from the improvements. Also exempt from assessment are public detention/drainage basins, water and sewer pump stations, and electric utility transfer stations.

5. Zone 5 – Anthology At Anatolia Benefit Factors Methodology

Street Benefit Factor (SBF)

- **Local Streets** - All parcels are considered to have a local street benefit. Parcels along arterial roadways are considered to receive local street benefits the same as on local streets, as the costs of the arterial section maintenance have been reduced by the general benefit contribution. All parcels in this category will be assigned a benefit factor (SBF) of 1.00.

Street Benefit Assessment Formula:
EDU x SBF = Street Benefit Units (SBU)

Lighting Benefit Factor (LBF)

- **Local Lighting** - A parcel is considered to have a local lighting benefit if there is lighting at standard intervals along the street adjacent to it. Parcels along arterial roadways with standard lighting are considered to receive local lighting benefits the same as on local streets, as the costs of the higher wattages of lights have been reduced by the general benefit contribution. All parcels in this category will be assigned a benefit factor (LBF) of 1.00.

Lighting Benefit Assessment Formula:
EDU x LBF = Lighting Benefit Units (LBU)

The following table provides a summary of the land uses, EDUs and Benefit Units for the various parcels within the Zone.

PART V – COST OF LIVING ADJUSTMENTS

The property owner balloting that established the District’s maximum assessment rates included an annual inflator formula. The purpose of establishing the inflator formula was to provide for a reasonable inflationary adjustment to the annual maximum charges without requiring periodic noticing and balloting procedures that would add additional costs to the District. The law implementing Constitution Article XIID clarifies that an increase in a maximum rate, implemented through a voter-approved inflator formula, is not considered an increase that is subject to additional property owner consideration.

Each year, the District’s maximum assessment rates may be increased by the annual percentage change in the McGraw-Hill Engineering News Record Construction Cost Index (ENR CCI) as determined by the City Council. The District’s estimated maintenance costs shall also be increased annually by the same percentage increase to the maximum assessment rates.

The annual increase is calculated using the percentage difference in the ENR CCI between December and December of the previous year. The base year maximum rates and estimated costs were set at the formation of the District, these maximum rates and estimated costs shall continue to be adjusted annually. The percentage increase in the ENR CCI from December 2024 to December 2025 was 3.57%.

The ENR CCI factors and percentage increases to the District’s maximum assessment rates are shown below.

APPENDIX B – ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District shall be the parcel as shown on the Sacramento County secured property tax roll for the year in which this Report is prepared and reflective of the Assessor's parcel maps.

The total proposed assessment for Fiscal Year 2026-27 and the amount of the total proposed assessment apportioned to each lot or parcel within the District, as shown on the latest assessment roll at the Sacramento County Assessor's Office, are contained in the Assessment Roll on file in the Office of the City Clerk of the City of Rancho Cordova, which is incorporated herein by reference.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessments to be levied against each eligible parcel and thereby constitutes the approval levy and collection of assessments for Fiscal Year 2026-27. The listing of parcels and the amount of assessments to be levied shall be submitted to the County Auditor/Controller and included on the Fiscal Year 2026-27 County tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the charge amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.
